

Gym Project Gets Needed WPA Funds

Houston Aids School Plea for Added Appropriation

Concerted effort on the part of Democratic Representative John N. Houston at Washington, D. C., brought appropriations for finishing the improvements started on the men's gym last September, this week.

Application for further aid from W. P. A. funds was filed by the school about three months ago, but no action was taken at the national capitol until Congressman Houston prodded the appropriations committee into rushing the funds to the school.

The latest appropriation was for \$5,500 which brings the government contributions up to \$28,368.97. Besides this amount, the school has spent \$13,000 of its own money on the rebuilding and remodeling of the structure.

Work on the building was resumed early this week and will last until the building is completed. According to Roy W. Elliott, Bur- sar, the structure should be completed and ready for use within six weeks.

The enlargement of the building has already been finished but work on the interior has hardly begun. New plumbing facilities and locker rooms will be installed besides the new floor and seats.

High Court Is Topic for Big Forensic Meet

Intramural Contests To Be Held March 29 To April 1

Rules for the intramural debate tournament have been tentatively announced by the speech department, sponsors of the contest, and students are urged to make their entries known immediately in order that the brackets may be drawn up.

The meet will be held March 29 to April 1.

1. The question of the debate shall be: "Resolved: That Roosevelt's proposal to increase the size of the Supreme Court should be adopted."

2. The contest is open to all University students except varsity debaters.

3. Speakers will be judged and eliminated upon the basis of individual merit. Team decisions will also be given.

4. Contestants are guaranteed at least three debates before elimination takes place.

Contestants must be prepared to debate both sides in the final round after which suitable awards will be made to the winners.

Registrations Are Asked

All contestants have been asked to register as individuals or teams with a member of the speech department or a varsity debater.

Whether or not there will be separate brackets for men's and women's teams will depend upon the number enrolled in the tournament.

Judges for the debate have not been designated as yet. Debates are to be held in campus classrooms.

Male Glee Club Begins Practice

Lamont, Duerksen to Act As Directors

Under the direction of Harry K. Lamont, associate professor of violin, and Walter J. Duerksen, instructor of band and theory, the Men's Glee Club began rehearsals last Tuesday at 6:30 p. m.

"The aim of the organization," Mr. Duerksen said, "is to make appearances with the R. O. T. C. Band in spring concerts."

Personnel of the company includes:

Tenors: Robert Lowe, Don Small, George Griffith, Edwin Brimmer, and Francis Cook.

Second Tenors: Kenneth Marts, Glen Soderstrom, Ramond Small, Renwick Puntenney, and Kenneth Franklin.

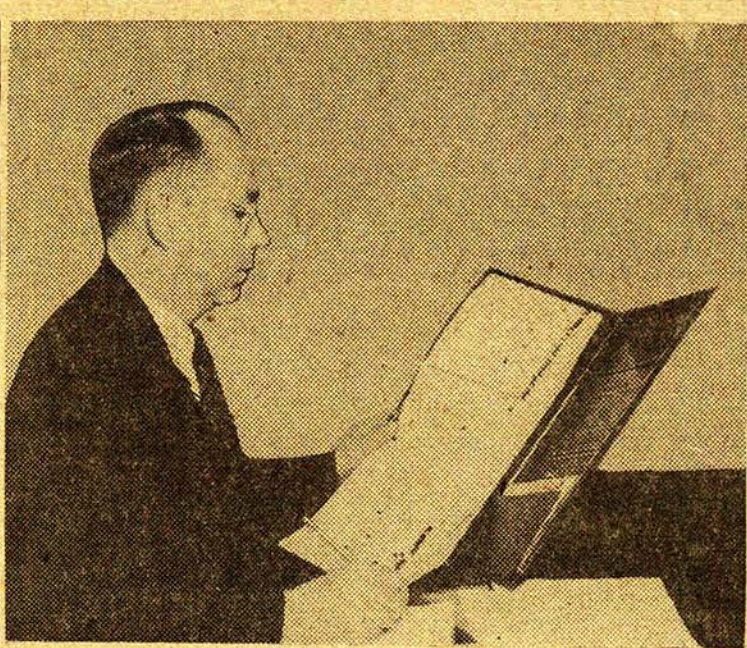

Baritone: Robley West, Ralph Burford, Sherman Culbertson, Walter Feldner, Lester Brown, and Lloyd Davis.

Basses: Robert Higgins, Julian Buser, George Batka, Warren Perea, Don Hunter, and Gerald Hayter.

Sepmeier Lectures on Wagner

Before Wichita German Club

Dr. Kurt A. Sepmeier, German composer, before the German Language Club of Wichita Tuesday evening. The head of the University's German department utilized sixty slides to illustrate his talk.

Comptroller . . .

Roy W. Elliott has devised a new method of keeping student accounts straight. He is shown here thumbing through the new filing system which permits split-second checking on students back on tuition payments. Similar pictures will be included in future statements sent out reminding delinquents that the time has come for a settlement.

Plurality Rule Comes Before Student Vote

Proposed Amendment Will Change System Of Voting

Students will vote on Friday, April 2, on a proposed amendment which came up before the Student Council at its regular Monday luncheon meeting in the Pine Room.

The amendment reads, "Upon passage of this amendment, Article 3, Section 5 of the present constitution shall be void. Instead the following shall be effective: A plurality in all cases shall be all that is necessary to elect. No voting by proxy shall be permissible at any time."

The amendment was proposed by John Glades, vice-president of the Council, and was seconded by Louis Crum. It was ratified by Miss Janet Tudhope, Miss Margaret Branson, Miss Phyllis Barber, Miss Betty Bradford, Harold Pridle, Louis Crum, and John Glades. The amendment was opposed by Miss Mary Alice Naramore, Max Hatfield and Miss Betty Bill Romigh were absent from the meeting.

If the proposed measure is accepted by the student body, the Hare system of electing which demands that the candidate have a majority to win, will be eliminated. Under the suggested system only a plurality will be needed.

Wood Ends His Hirsute Strike

Protests Razor Theft By Unshorn Whiskers

Terminating a seven-day protest strike, Otho Wood, University senior, journeyed to the barber shop Monday and had his face denuded.

Otho was protesting the theft of his electric razor from the dressing room of the Auditorium.

"I had hoped that the scoundrel who 'razor-napped' my shaving implement would return it or might get tired of seeing me in the unshaven condition," said Wood, "but he didn't."

"All was going well until I caught a glimpse of myself in the mirror—I ended the strike."

Dr. Jarline Speaks to Garden City Group Tomorrow Evening

Dr. W. M. Jarline, president of the University, will leave tomorrow for Garden City, where he will speak before the Chamber of Commerce of that city at their regular dinner meeting. His topic will be "Southwest."

'Half-Price' Offers Are Too Tempting for Profs

IN THE spring salesmen's thoughts turn to University professors who are always eager to have the popular magazines at "half price."

Reports indicate that several University faculty members have been victims of scheming subscription artists who "worked" the municipal school recently.

The solicitor's technique is thus: He approaches the unsuspecting professor and breaks the good news—his publishing company, which each year favors a different business group, is offering a year's subscription to their most popular magazines at something near half price.

No Copies Received

And that's all. Those University staff members who yielded have never received even the first copy—and they paid for many more than that.

But our professors have not been the only Wichitans to "bite" as evidenced by an article appearing in the March 11 issue of "The Wichita Magazine," weekly publication edited by Ralph S. Hinman, and published by the Wichita Chamber of Commerce.

"Wichita at this time," Mr. Hin-

Mannheimer Comes Here Next Month

Londoner Will Teach Master Class On April 7-9

For the third consecutive year, Frank Mannheimer, internationally famous pianist and teacher of London, will conduct the annual master music class to be held at the University on April 7, 8, and 9.

"This project will serve not only the local campus interests, but also that of professional musicians in the surrounding territory," said A. E. Ramquist, secretary to the College of Fine Arts.

Instruction by Master

"It gives the music teachers a chance to step out of the hum-drum of the studio and get instruction under the direction of a master. They will also have a chance to learn the newest techniques being used in music today," he concluded.

On Tuesday, April 6, at 8:00 p. m. a reception for Mr. Mannheimer will be held in the Pine Room of the Commons Building. At noon Thursday, April 8, he will hold a lecture recital before the combined music appreciation class in the Auditorium. Dean Thurlow Lieurance, who regularly holds these classes, will have charge.

Master Classes Three Days

Master classes on Wednesday, Thursday, and Friday will be held from 9:30 to 11:30 a. m. in the Auditorium of the Downtown Division.

All piano teachers in Wichita and surrounding towns will be welcome at the reception.

Kappa Delta Pi Plans Regional Meeting Here

Dr. Walters to Represent National Executive Council

Kappa Delta Pi, honorary educational fraternity, will hold its regional spring meetings in Wichita under the auspices of the local chapter, Saturday, April 17.

Invitations to the meetings have been extended to chapters of the fraternity in Missouri and Oklahoma as well as in Kansas. The representative of the National Executive Council will be Dr. W. T. Walters of Denver University.

Further details of the meet are being worked out by committees under the direction of Leslie B. Sipple, dean of the College of Education, and Miss Velda Gahan, president of the local chapter of Kappa Delta Pi.

Miss Mary Elizabeth Elder, senior, is program chairman; Miss Eleanor Martin, junior, will be in charge of the luncheon and dinner which will be held in the Commons Building. Miss Dorothy Crippen, senior, is correspondence chairman.

D. A. R. to Convene Here This Evening

Convening for the thirty-ninth Kansas spring conference, the Daughters of the American Revolution will hold their first evening session in the University Auditorium tonight.

A short salutatory address will be given by Mrs. William A. Becker, president-general of the organization; and Dr. W. M. Jarline, president of the University, will welcome the delegates on behalf of the school.

Dean Thurlow Lieurance of the College of Fine Arts will present a musical program.

At the close of the program, a reception will be held, honoring Mrs. Becker and other distinguished guests.

'Afternoon' Today

Second in a series of afternoon entertainments, the Student Council will present Prof. George D. Wilner, head of the speech and dramatic department of the University, today at 2 o'clock in the Commons in several impersonations, dramatic sketches, and readings.

The first of these afternoon entertainments was held March 4, at which Prof. Clayton Henri Staples, head of the art department, gave a lecture on color.

Klara Sepmeier Gives Concert In Auditorium

'New Dance' Will Have Premiere Here Tomorrow

Mrs. Klara Sepmeier, German dance artist, will give her premiere American dance concert tomorrow at 8:15 p. m. in the auditorium. She is being presented by the expression and dancing department of the College of Fine Arts, under the direction of Alice Campbell Wrigley.

Mrs. Sepmeier, wife of Dr. Kurt A. Sepmeier, head of the German department, has had four years of training from Araca Marokowa (Diploma Wigman), in Germany, and was a member of the Cologne Opera last year.

Is Part of Program

Her program is to be given as a part of the dance symposium that is being held at the University tomorrow and Saturday, sponsored by the Orchestral dancing society.

The "New Dance" will be introduced by Mrs. Sepmeier here. It differs from the older form of dancing in that it entertains as well as presents a deep emotional feeling, according to Mrs. Wrigley. "The dancer can develop this richness of expression only by a thorough acquaintance with all the other arts, such as painting, sculpturing and designing," said Mrs. Wrigley.

Arranges Own Choreography

Mrs. Sepmeier has arranged her own choreography for her numbers. "The Speech" is a pantomime inspired by the Hyde Park speakers in London. "At the Harbor" depicts a scene from any harbor town.

Students of the Hildegarde Lewis School of Dance will assist on the program. Dorothy Burkholder Croissant will accompany the dances. Short annotations on the numbers will be given by Mrs. Alice Campbell Wrigley.

Deadline Set For Contest

Writers Desire Material Before April 2

Closing the article contest sponsored by the Creative Writing Club of the University, the date Friday, April 2, is also the deadline for all material to be submitted for the spring issue of Tom-Tom, according to Miss Lillian Parks, editor of the magazine.

A prize of \$5 will be awarded the best article offered in the contest, and will be printed in the publication. The contest is open to club members particularly, and to anyone else who is interested in writing. The article may be humorous or serious, and includes any type of writing except poetry and short story.

Printing contracts for the spring issue of Tom-Tom are to be announced within the next two weeks, according to Floyd Snitz, business manager.

The next meeting of the club will be Wednesday evening in the Commons, at 8:00 o'clock. A dinner meeting with a guest speaker is being arranged by the program committee, of which Miss Maryann Earl is the chairman. It will be sometime in April.

Hite C. Taylor Issues Newsletter

Thru the efforts of Hite C. Taylor, publicity manager of the University of Wichita, 75 daily and weekly newspapers throughout the state will receive their ninth Newsletter from the University this week.

"We are attempting to publicize the University of Wichita throughout the entire state of Kansas through this series of Newsletters," Taylor declared.

"Each letter contains a group of rewrites from the most interesting articles that appear in the Sunflower during the week. We have added several county newspapers to our mailing list since the first of the year and have had comments from several of the papers."

Hints for Care of Arm

Contrary to popular opinion, a pus formation is indicative of a natural take and not a sign of infection. The vaccination should be left exposed so as to allow a scab to form. The scab forms as a matter of protection and should not be removed.

If the vaccination takes, the patient should refrain from exercising the portion of the body affected. It is not necessary to go to bed but it is best to become inactive for a few days.

Shaw Gives Out Facts Of Vaccine 'Mysteries'

IF YOU have been wondering whether your vaccination took, whether you are immune if it didn't take, and how it would act if it did take, perhaps your anxieties will be set at rest by the following information from Dr. J. W. Shaw, University physician.

When a vaccination begins to take, which is usually the fifth or seventh day, the person inoculated suffers from headache, backache, perhaps fever, and in extreme cases he may be nauseated.

Second Inoculation Advised

In many cases a second inoculation does not take, but if it does the effects are usually much less severe. In regard to whether one should be vaccinated again if his first inoculation does not take, it is advised that one be vaccinated whenever coming in contact with an epidemic. This is advised for the reason—the permanency of immunity is questionable. You may be immune today but in six months your immunity may be gone.

There is no proof that persons having had smallpox are naturally immune. There have been instances of second attacks. Very few cases of natural immunity are on record.

Book Dealers Out

No company dealing in used books may come to the campus this spring to make purchases, the University bookstore committee ruled this week. Plans are being made whereby those who will have texts to sell at the close of the semester may do so at a better advantage than to a used book company.

S. W. Wright, Chairman, Bookstore Committee

School Term For Summer Opens June 7

Kansas Schools Are Notified of Session

One hundred courses are being offered in all four colleges of the University in the twenty-seventh session of summer school which will begin June 7.

Approximately 5,000 notices of the summer session were sent to teachers, superintendents and principals of the schools in Kansas from the office of Dr. Earl K. Hillbrand, dean of the College of Education.

The University maintains its summer session as an extension of its regular scholastic year. All work is offered by thoroughly competent instructors and standards of achievement are identical with those of the regular academic year. Work is offered on all levels including lower division, upper division, and graduate.

Staff for the summer session consists of members of the regular University faculty.

The credit rating of the summer school is excellent, and certificates of graduation of this school are honored in many of the better colleges. One can earn eight hours credit in the first term and four credits in the second term or a total of twelve semester hours in the twelve weeks. The total is less for graduate credit. These credits are fully accepted by the State Board of Education for certificates through transfer by the Kansas Colleges including the University of Kansas.

'Land's End' Is K. U. Play to Be Shown April 2

First Presentation Of English Drama In Auditorium

Presented for the first time in the United States, the University of Kansas Players will bring the social drama, "Land's End," to the Auditorium on Friday, April 2.

The drama, written by F. S. Lucas, a young English playwright, takes place in the far corner of southwestern England. The cast includes three members of the faculty who have appeared in professional productions. They will be supplemented by students.

This play is the second exchange performance between the University of Kansas and the University of Wichita and will be the first appearance of the K. U. players in the new auditorium.

The visiting players will bring their own scenery and costumes.

Found Articles Go on Display

Books May Be Claimed Tomorrow

Tomorrow, on display in the hall just outside the University Bookstore, there will be a large number of books that have been handed in to the lost and found department of the University.

These books have accumulated during the past few semesters with no one to claim them. If any student wishes to examine the list and claim one or more copies as his, he will have this opportunity. The books will be on display for the one day only.

Later in the semester an opportunity will be given to claim other articles, such as gloves, scarfs, pencils, etc., which have been turned in as lost.

Barbs Pull Out; Coalition Folds

Non-Fraternity-Sorority Group Will Place Own Candidates for Election

Breaking all coalition ties, the Barbs, non-Greek organization, this week determined to act as an independent unit.

Ronald Van Welden, Barb president, attacked the coalitions, as members of the organization voted unanimously for the move, charging that "for some time there has been a desire among the Barbs to work in harmony with all campus groups and not be opposed to any one faction. This move brings us a step nearer to our goal."

More Candidates

The Barbs prior to this change belonged to the Barb-Shocker party composed of the Barb organization, Pi Kappa Psi, Delta Omega, Alpha Tau Sigma, Alpha Gamma Gamma.

"One of the major results of this new move will be the placing of more candidates in the field for elective offices," said Van Welden, "thereby giving the students a greater number from which to select their officers."

Members of the Board of Control of the Shocker party, when asked for a statement, said: "Since the Shocker-Barb arrangement has been only a working agreement from election to election, it is hardly a break. It may be regarded as only another indication that the spring elections are approaching. The Shocker party having no particular candidate to push for the presidency, it can hardly be regarded as important."

More Independence

Commenting on the withdrawal from the opposing coalition, representatives of the University party said, "This move will tend to give the Barb element more independence and individuality of principle. For the first time in a number of years there will be a truly Barb organization."

Further explaining the move, the Barb president said, "We feel that in some ways we can better serve the University if we are not restricted by coalition alignments."

Barbs Independent

In the past the Barb organization has been independent and at times held membership in various coalitions. Tracing its history, records show that the organization became a recognized faction in political circles in the spring election of 1930. It operated independently from that time until the spring election of 1935, when it became a member of the Caucus party. Early in the first semester of the 1935-36 school year, the Barbs affiliated themselves with the Shocker party.

According to Barb leaders, this independence will be maintained for the remainder of the year at least.

Best Magazine Articles Posted

Magazine articles which have been chosen as being the most outstanding—for February, are posted in Morrison Library. Every month the ten best articles are selected by a council of librarians.

The ten chosen for this past month are as follows:

Save America First, written by Arthur P. Chew and published in the Atlantic Monthly; The End of Socialism in Russia, by Max Eastman, in the Atlantic Monthly; The Making of a Bulfighter, by Juan Belmonte in the Atlantic Monthly; Proposed Amendment, by K. N. Llewellyn in Survey Graphic.

Germany's Hidden Crisis, by Wilson Woodside, in Harper's Magazine; How to Make Flying Safe, by Hubert Herring in Harper's Magazine; How to Make Flying Safe, by Kennerly Brown Collings, in the American Mercury; Mr. Roosevelt and the Supreme Court, by Irving Dillard in Survey Graphic; The Biggest Thing in the World, by Richard L. Neuberger in Harper's Magazine; Japan's Road to War, by Robert Karl Reishauer, in Asia.

Oberg, Staples, Cast in Plays

University Club to Present Play March 20

Prof. Clayton Henri Staples, head of the art department, and Paul M. Oberg, assistant professor of music, will be cast in the plays to be given by the University Club in the new auditorium Saturday night, March 20.

Preceding the plays, the club will give a banquet in the Pine Room of the Commons Building beginning at 7 p. m.

Mr. Staples and Mr. Oberg will be cast in the play "The Short Cut" and Mr. Staples will appear again in the cast of "Smoke Screen." The other one-act play to be given is "Cabbages."

Crook Explains Logopedics

Before Hoisting Groups

Logopedics, or speech science, was explained to members of the Kiwanis Club and Parent Teachers Association by Mr. Virgil Crook, assistant to Dr. Martin F. Palmer, head of the speech science department, Friday, March 12, in Washington, Kansas.

Members of the Board of Control of the Shocker party, when asked for a statement, said: "Since the Shocker-Barb arrangement has been only a working agreement from election to election, it is hardly a break. It may be regarded as only another indication that the spring elections are approaching. The Shocker party having no particular candidate to push for the presidency, it can hardly be regarded as important."

Further explaining the move, the Barb president said, "We feel that in some ways we can better serve the University if we are not restricted by coalition alignments."

Show Girls Dance to Headlines, As Atom-Searchers Labor On

The student experiment who labors all energy from his young body over a cold stone slab and sink to discover something really new and constructive will not be as well advertised for his work as if his trousers dropped midst a speech at the annual W. C. T. U. convention.

That, in substance, is apparently the ultimatum of publicity-mongers and a sensational press who dote more upon flesh than accomplishment.

Anyway, it happened in the case of Heloise Martin, ex-night club entertainer, ex-show girl, and maybe ex-student of Drake University, who dominated a shower bath scene in a leading humor magazine this month.

Outclassing in space and prominence Henry Ford's first commitment on industrial reorganization in the nation's newspapers last Sunday, Miss Martin's tactful blurbs have ranked for the past week next to the weather in reader interest.

Announcements are that the pretty brunette will leave the Drake campus next month to take a front row dance spot in some New York night club.

From there? Don't worry. The fastest, most accurate press accounts that money can provide and radio will keep the public informed about her every move, even to details of a love affair that is certain to pop up soon.

But poor Mr. Scientist. It may be only a dozen-line box on an inside page when, and if, he cracks the atom and trisects the angle—all in one calculation.

Strikes Come in Period Of Awakening From Depression

The most unfortunate aspect of the strikes, almost prevalent among our manufacturing and retail concerns, is their occurrence during a period of hopeful recovery from the recent depression.

After years of disheartening and dismal passage through an era of abysmal "low" in economic exchange, the people of the nation were raising their spirits in accord with the rising trend of business. And then they found before them wage unrest, and the renewal of the age-old conflict between employer and employee.

In the same breath, the man of knowledge will say that striking conditions are natural in these times, because it is only during time of hopefulness and of the "wide horizon," that employees are hopeful of getting their demands.

Since workers, even as commodities, are forced to accede to the rise and fall of the economic scale, it is only fair to assume that with the rise of the commodity, the wage, also, shall rise. It is all too true that wages are first to be cut, and last to be raised.

For either the worker or the employer to assume that he holds dictatorial power in matters of deciding problems of wages is to assume his existence in the "Dark Ages." Whether it be through arbitration, or judicial, or executive decree, it is acknowledged that settlement of such problems must be settled through mutual co-operation.

Wonder Arises As to What Will Come of New Split-up

Another split in the coalition ranks comes before the University this week.

Just what this move portends can be passed upon as yet. But, whatever is intended originally, must, necessarily be of a fair and honest nature. Whether or not the move continues in that vein none can tell, but it is the earnest hope of all that the high standards set out originally will be followed assiduously after the first "spirit of discovery" and elation over the move has fallen into tired lack of interest.

the Last Add

By Kathleen Hite

Recent weeks have brought various "University of Wichita on the Air" broadcasts. They are receiving much favorable comment among the parents (tax-payers) who sit by their radios fairly hanging onto every word. They are anxious to learn of, and to appreciate the range of talent that belongs to the school. Perhaps they are somewhat relieved to find that we do engage in some fields of constructive endeavor. Too many so-called "College movies" are prone to overemphasize drinking parties, open flippers, and other "rah rah" habits and to give the impression that studies and the pursuit of a profession are only incidental to modern collegians.

Kathleen Hite

The abolishment of the present system of voting is, in effect, the purpose of the bill which will be put to a vote by an all-school election, April 2. The motives are quite obvious. The new method would call for a mere plurality, rather than a majority of the total vote. With a three-party system, as will now be the case, the largest party will obviously stand a considerably better chance at winning.

The Barbs are on their own from now on, but it must again be mentioned that they are capable (if well-organized) of defeating a united Greek coalition (if such a thing were possible, and it is not).

Both Panhellenic groups on the campus are asked to co-operate with the University of Kansas in bringing their Men's Club here on March 25. The Shocker groups have responded willingly, and are this week beginning advertising about it. Dick Price, president of men's Panhellenic, was assigned the snap word of getting some fifty male songbirds dates after the program, and is at present engaging in voluminous correspondence with the state school in regard to height, color of eyes, etc.

Collegiate World

By the Associated Collegiate Press

Counting sheep has long been a loyal method of confirmed insomniacs for dropping off to sleep. Now law students at Ohio State University count words of lecturers for the opposite reason—to stay awake.

Because they make bets on the number of times the professor will use certain common words such as "the," "or," and "however," lecture-attenders listen closely to the driest of discourses.

"Say, manager, can I get another pair of shoes?" came the query from a timid-looking rookie when track equipment was being issued at Oregon State College.

"What's wrong with the pair you have?" asked the manager, busy with his job of passing out suits to varsity and rookie track men. "Didn't you try them on? What did you take them for if they didn't fit?"

"Oh, they fit all right as far as size goes," answered the freshee, but . . .

"But what?" barked the manager. "I'm too busy to bother with you dumb rooks. What's wrong with your shoes anyway?"

The youngster fidgeted uneasily and his face reddened, but he managed to blurt: "They fit all right, but they both fit on the same foot!"

When a professor gets downright impatient, you can usually tell he has exhausted all his resources. At least that was the situation of Dr. W. D. Funkhauser, professor of zoology at the University of Kentucky.

It all happened when too many students signed up to take his course in heredity. Since this study is limited to only juniors and seniors, sophomores who had scrawled their names on the list, were scratched off. But even after all ineligible were weeded out, the enrollment was well over 100.

Something had to be done, felt Dr. Funkhauser, so he made this announcement at his first session: "I'll warn you students at the beginning that I'm a boring lecturer. This class is made up of lectures entirely. The first half of the course is very dry and technical—with many scientific names.

"The seating arrangements are very unsatisfactory. Most of you won't be able to see the board, and diagrams on the board are an important part of all my lectures. If you're nearsighted, there is little hope for you."

Interpreting cracking of seats as weakening, the professor continued much encouraged: "The grades are based entirely upon the hard examination at the end of the course. And you sink or swim. I have no mercy. Now do I see any volunteers who would be willing to drop the course?"

No one stirred from his seat.

Freshmen at the University of Michigan have been granted the permission to live in fraternity houses during the second semester.

A "No Cigarette Bumping League" has been formed on the campus of Louisiana State University. League members promised not to bum or be bumed from. Bumping of "drags" is permitted.

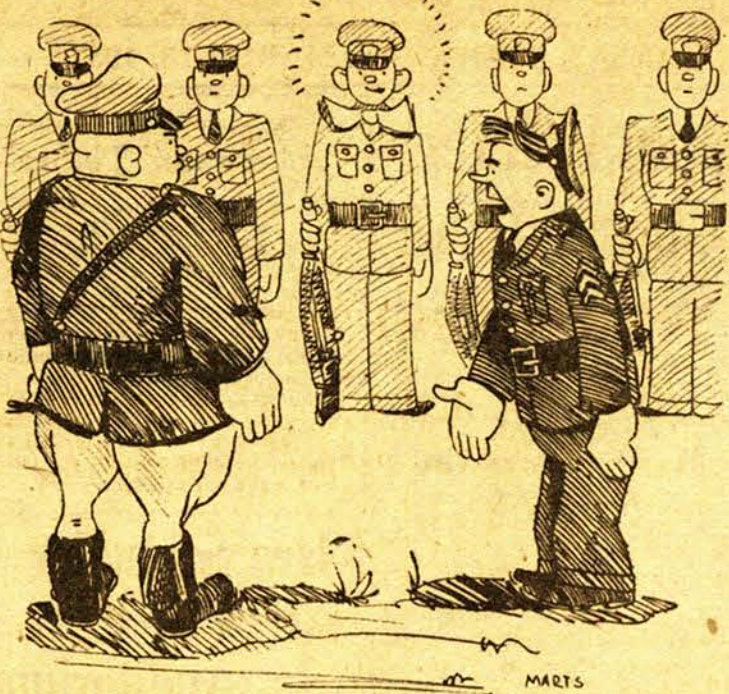

Skating is the most "body-bruising" sport at Harvard University. In the annual report of the Hygiene Department it was found that skiers suffered the most injuries. Football men had no serious injuries.

Purse Found

Alpha Phi Omega
Members of Alpha Phi Omega will meet for a luncheon meeting at the Webster house today at noon. Luncheon will be served at 12:10 and will be followed by a short business meeting.—Max Hatfield.

Colophon
Colophon members attention. Meeting in the Pine Room of the Commons tomorrow morning at 6:30.—Mark Watson, President.

Shocker Shots By Marts

He says because yesterday was St. Patrick's Day and he is Irish, can't he wear his green bow tie?

'Paradise' May Be Best Seller

May Equal 'Gone With the Wind' in Sale

Esther Forbes' book "Paradise" may be another "Gone With the Wind" or "Anthony Adverse" according to Dr. Earle R. Davis, head of the English department.

On sale for only two weeks, it is now third on the best seller list and four editions are nearly exhausted.

In the tradition of current fad for historical novels, the exciting story is set in the Massachusetts Bay colony, says Dr. Davis, and is about the devout settlers' life—the struggling against Indians, witchcraft, and the dissension among themselves.

"It is the best picture of the life, thoughts, and habits of the early times that has yet appeared," he said.

He believes that "Paradise," which he reviews this morning, will live up to its beginning and be a worthy successor to "Gone with the Wind" and "Anthony Adverse," both now off the best seller list.

Smith Will Attend Pittsburg Meeting

Miss Lolie Smith, associate professor of home economics, leaves today for Pittsburg, where she will attend the annual meeting of the Kansas State Home Economics Association. The regular sessions will be conducted tomorrow and Saturday.

Officers for the coming year will be elected at the meeting. Miss Grace Wilkie, head of the home economics department here, is a candidate for vice president of the organization for the ensuing year.

Newton and Perry To Study Warfare

Lawrence Newton and Robert Perry, junior army students of the University, will attend summer camp in the chemical warfare service R. O. T. C. camp at Edgewood, Maryland, instead of at Fort Leavenworth as is customary.

Women's Team Misses First By One Point

Barbara Engle Second In Individual Scoring

Placing second in the eighth annual Midwest Indoor Gallery Meet, held last week at Kemper Military Academy, Boonville, Mo., the University Women's Rifle team was defeated by only one point. First place was taken by the team from the Kansas State Agricultural College of Manhattan.

The five girls who represented the University were: Misses Barbara Engle, captain; Alice Jane Brown, manager; Marjorie Huey, Janet Tudhope, and Corinne Bennett. They were accompanied by Major Martin D. McAllister, Cadet Captain George Hinkle, and Miss Evelyn A. Hinton, instructor in physical education for women.

This is the second time in the seven years that the girls have entered this meet that they have placed second, all other years the local team having been awarded first place.

The score of the Kansas State team was 388; University of Wichita, 387; University of Missouri, 386; University of Kentucky, 384; University of Kansas, 374.

Second place in the individual

shoot was won by Miss Barbara Engle, who shot a score of 99 out of a possible hundred. Miss Engle was a member of the team last

year and is captain of the 1937 team. She was given a bronze medal.

Scores of the five winning teams this year were lower than any previous year. There seemed to be no apparent reason for this other than that of "hard luck."

approximately 50 persons was smaller than average."

Frank R. Hickerson, assistant professor of education, was in charge of the meeting.

Jardine Principal Speaker For Clearwater Dedication

Dr. W. M. Jardine, president of the University, was the principal speaker at the dedication of a new addition to the Clearwater high school Tuesday night.

Lloyd Bishop, Clearwater banker and member of the school board, and R. M. Crum, county superintendent of schools and the first principal of the high school in Clearwater after the four-year plan was adopted, were also on the program for the dedication.

Supple Addresses Placement Bureau

Leslie B. Supple, dean of the College of Education, addressed the meeting of the placement bureau organization Tuesday night. "Factors Involved in Getting a Teaching Position" was his subject.

Leslie Howard says Luckies are "tops" with his throat

"Years ago, as an ambitious young actor, I was impressed how well my throat liked Luckies and how well they suited my idea of a perfect cigarette. That impression still stands. In my recent tour of 'Hamlet', with its many performances each week and the attendant tax on my throat, I have been convinced anew that this light smoke is both delightful to my taste and the 'top' cigarette for an actor's throat."

Leslie Howard

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Mr. Howard verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

Orchosis Plans Dinner Meeting

Klara Sepmeier to Give Dance Concert

Orchosis members will be hostesses at a dinner in the Commons Building tomorrow evening preceding the dance concert, the first meeting of the dance symposium to be held on the campus this week-end. Women representatives to the conference will be guests at the dinner. Miss Marjorie Catlin is in charge of dinner arrangements.

Following the concert, at which she will make her first American appearance in the dance, Mrs. Klara Sepmeier will be guest of honor at a reception in the lounge of the Commons. Miss Betty Behmer is planning the affair at which symposium guests and friends of Mrs. Sepmeier will be present.

A luncheon to be held in the Pine Room Saturday noon will be the concluding social meeting of the symposium. Miss Catlin is also making the plans for the luncheon.

Wilkie in Savannah For A.A.U.W. Meet

Dean of Women Takes Part In Biennial Convention Of National Group

Miss Grace Wilkie, dean of women and head of the home economics department, is attending the tenth biennial convention of the National American Association of University Women, which is being held this week at Savannah, Ga. Mrs. Carl I. Winsor of Wichita, past state president, also is attending the convention.

They left Wichita last Thursday in order to arrive Friday at Savannah where Miss Wilkie attended a meeting of the national officers and the directors of the nine divisions, which comprise the national board. Miss Wilkie is a director of the southwest central section of the A. A. U. W., which is composed of Missouri, Kansas, Oklahoma, Arkansas, and Texas. Last Tuesday night she presided over a dinner for her section. The guest speaker was Mrs. Mary R. Beard, noted historian.

The convention began Monday and will close today. There were three regular sessions, all of which were held in the Hotel De Soto in Savannah. Miss Wilkie will return to Wichita this week-end.

French Club Members To Give Play Monday

Directed by Miss Marjorie Royer, a French play, "Qui a Ecrit 'Hamlet'?" "Who wrote 'Hamlet'?" will be presented before the French Club at 7:30 Monday evening in Delta Omega's house. Roles in the comedy are played by Ferd Evans, as Examinateur, Jack Evans, as Candidat, Miss Lenore Ash as la Dame de Droite, Miss Ruth Hinman as la Dame de Gauche, and Miss Royer as Maitresse de Maison.

French proverbs will be members' response to roll call. Miss Flora Lee will play a group of flute solos to complete the program.

Roundabout

Heard the latest song hit—"You've got me Crying for You"? . . . Wonder if the tricky little Alpha Tau about the campus knows the true identity of the man of the moment . . . living way out East of the city limits . . . two girls at Kemper worry about the fellows back home. . . . Rumor has it six D. O. alumnae are getting married this spring. . . . Pi Kap better look to its laurels.

For the benefit of a certain fraternity . . . jealousy won't get you anywhere . . . and the same for several non-frat men . . . A plenty cute Pi Kap whispers something after the Alpha Gam party . . . and several other people learned where the key was too . . . Butterball and the curly haired boy get along swell . . . how are you Max? . . . What about the uninvited guests that show up at campus parties . . . even the party chairman wonders. . . . Pi Kap gets sorta rough on some of the girls . . . and they aren't the only ones . . . things have just begun to happen . . . who's next . . . they paddle their own canoes . . . Beer mugs appear on well known campus invites . . . foaming ones at that . . . tsk . . . tsk . . . Do you know the fellow who can't take a hint and tells all he knows when he knows nothing? . . . He won't catch this either . . . that's all unless the editors tack on something . . . they're funny that way.—ARB

Varsity Tomorrow

Celebrating the forthcoming holidays, an Easter varsity will be held in the Henrion Gymnasium tomorrow evening, March 19, from 8:30 until 11:30 o'clock. Music for dancing will be furnished by Butch Martin and his orchestra.

The Student Council varsity committee, headed by Dick Price, is in charge of the dance.

Femininity to Hold Sway; Slacks Add Boyish Note

MAE WEST does not enter into the springtime fashions. For clothes now feature flatteringly broad shoulders, slim waists, and flaring skirts.

Femininity definitely holds sway this season. But with all this trimness and slimmness, your clothes should not be too tight.

Slacks Flashing Return
Although you can carry the feminine note to the end, don't overdo it. Be smart. Dash out and buy yourself a pair of slacks. It's the one boyish note in a strictly feminine season. Wear them for lounging. They will give you freedom plus. Wear them at the beach. Material? Lightweight flannel or knit, that won't stretch, gets the

Graduates United In Marriage Friday

Brinnon-Murray Vows Read At Hillside Christian Church Friday

At a ceremony marked by dignity and charm, Miss Lucille Murray, alumna of the University and member of Pi Kappa Psi sorority, and Max Eldon Brinnon, former student and member of Phi Upsilon Sigma fraternity, were united in marriage at the Hillside Christian Church last Friday evening.

The bride was attended by her sister, Mrs. Donald Porter, as matron of honor. Her bridesmaids were Mrs. Robert Gaskins and Miss Edna Murray. Bill Brinnon attended his brother as best man. Ushers were: Donald Porter, Max Murray, Charles Gill, and Myron Graham of Chicago.

The bride was lovely in a gown of white satin, featuring a fitted jacket and short train. Her veil of bridal tulle was held to her head by a band of pearls, and she carried a colonial nosegay of white roses and lilies of the valley.

Following the ceremony, the parents of the bride presided at a reception in their home, after which the couple departed for a short wedding trip. Upon their return they will make their home in Wichita.

Kappa Rho Celebrates Founding of Sorority

Founders' day for Epsilon Kappa Rho sorority was observed by activities, pledges, and alumnae with an informal dinner at Innes Tea Room, Saturday evening. Miss Ruth Sharp, alumnae president, presided.

This dinner marked the ninth founders' day of the sorority. Chromium ships on large mirrors were featured in the table decorations. Small silver anchors marked the places of the guests.

Following the dinner Miss Sharp and Miss Velma Abel, active president, gave toasts. Mrs. Leo W. Allman, sponsor, was presented with a ring featuring the sorority crest.

Seniors in Fine Arts Compliment Lieurance

Complimenting Dean Thurlow Lieurance, head of the College of Fine Arts, the seniors of the Fine Arts College held a surprise party at his home, 612 N. Belmont, last Monday evening.

The dinner was arranged by Miss Jean Haire and Miss Helen Louise Williams in honor of Dean Lieurance's birthday on March 21. Those at the dinner included the twelve seniors in the college, Mrs. Thurlow Lieurance, and Thurlow Lieurance, Jr. The dean was presented with a leather case, a birthday gift from his guests.

Library Adds New Circulation Books

Several new books have been added to the stacks of Morrison Library, and are available for circulation, according to Downing P. O'Harra, librarian.

Carnival Air To Reign at Dance

Coronation Is Feature Of Mardi Gras

A royal coronation will honor the most popular male guest at the romantic Mardi Gras at which members of Alpha Tau Sigma sorority will entertain their guests Saturday evening, March 20, at the Henrion gym.

An aura of carnival spirit will lend the atmosphere for the fantastic costumes of the guests. The gym will be decorated to resemble a street scene in New Orleans at the time of their annual Mardi Gras. Colored balloons will be released and confetti and serpentine will be scattered over the dancers.

Prizes will be awarded to the person attired in the most original and outstanding costume immediately following the favor dance, and flowers will be given to each girl.

Miss Betty Copeland is being assisted by Miss Marjorie Gray, Miss Betty Hetrick, and Miss Dorothy Shawyer in planning the party.

Vows of Prominent Couple Are Repeated

Miss Roberta Brown Weds Leon Watkins at Noon, Friday, March 12

Of interest to University students is the announcement of the marriage of Miss Roberta Brown to Leon Watkins, which was solemnized at high noon Friday, March 12. The wedding vows were exchanged in the chapel of St. James Episcopal church. Reverend Samuel E. West officiated at the ceremony, which was attended by a small group of relatives and close friends.

Groom's Sister Honored
Mrs. Brant Miller of Denver, Colo., sister of the bridegroom, attended the bride as matron of honor, and Jack Thomas acted as best man.

Mrs. Watkins was graduated from the University of Wichita last year, where she was affiliated with Alpha Tau Sigma sorority and Delta Epsilon, honorary scientific society. For the past year she has been laboratory technician at the Sedgwick County clinic.

Watkins Former Blue Key
Mr. Watkins was also graduated from the University last spring. He was a member of the Men of Webster fraternity and Blue Key, national scholastic society. He now holds a position at the Union National bank.

The couple left for a southern wedding trip Friday and on their return will be at home at 615 North Pershing.

Mikesell Will Give Speech At East High Tuesday Afternoon
Dr. W. H. Mikesell, head of the department of psychology, will speak before the study group of Wichita High School East on the subject, "The Greatest Fight of the Individual" on Tuesday afternoon.

Calendar

Thursday, March 18—Auditorium, D.A.R.; Chamber of Commerce Lieutenant Colonel Stewart Roddy.
Friday, March 19—Orchosis Symposium.
Saturday, March 20—Alpha Tau Sigma Mardi Gras Party; University Club Dinner and Play; Orchosis Symposium—afternoon and evening.
Friday, March 26—Sedgwick County Musical Festival—Gym Auditorium.
Friday, March 26—No classes through Monday, March 29—Easter vacation.
Thursday, April 1—Chips Organization Tea.
Friday, April 2—University of Kansas Play; Oklahoma State Meeting of American Association of University Women.
Saturday, April 3—Beta Nu Commons Party; Oklahoma State Meeting of American Association of University Women.

University Dames Will Have Meeting at Neff's

Members of the University Dames will meet this afternoon, March 18, at 2:30 o'clock in the home of Mrs. Frank A. Neff at 1625 N. Vassar. Miss Jacquetta Downing will speak on the subject: "Education in France."

Mrs. Neff will be assisted by Mrs. Clayton Staples, Mrs. Cecil Read, and Mrs. Robert Mood.

Home Ec. Instructors Are To Speak at Regular Club meeting
There will be a regular meeting of the home economics club next Thursday afternoon at four o'clock in the department. Miss Lollie Smith, home economics instructor, will tell of plans for her trip to Pittsburg where she will attend the annual convention of the Kansas State Home Economics Association.

Miss Grace Wilkie, head of the department of home economics, will report on her trip to Savannah, Ga., and the convention of the American Association of University Women.

Sorosis Has Gay Party In Commons Building

Undaunted by the sudden return of Old Man Winter, members and pledges of Sorosis sorority and their dates held a gay party in the Commons Building last Saturday night.

Honoring the patron saint of Ireland, St. Patrick, green and white crepe paper decorated the Pine Room. Green shamrocks were given to the men, and small green hair-ribbons were used for the favor dance. Confetti made the informal party the scene of a miniature snow storm.

Faculty guests and chaperons were: Mrs. Mattie Cope, house-mother, Miss Faye Ricketts, Prof. and Mrs. A. Beito, Dr. and Mrs. Worth A. Fletcher, Prof. and Mrs. Leo W. Allman, and Prof. and Mrs. Carl D. England.

Second All-School Party Is Scheduled

Next in Series of Student Entertainments to Be Held April 2

Including several features of the first all-school party sponsored by the Student Council, the second in the series will be held in the Commons Building Saturday evening, April 2.

Dancing in the Pine room and games including ping-pong will alternate with a picture show in the auditorium. The title of the film has not yet been revealed.

The first party was a marked success as shown by the attendance, and the council expects the second to be even more popular.

Bus Interview

Do you ride the buses to the shows on "Thrift Nights"?

Walt Feldner, Alpha Gamma

Gamma answers, "Yes, I have taken advantage of the free transportation offered by the transportation company several times since the first of the month. 'It's really a swell idea. You can save time and money and you don't have to worry about finding a parking space when you get downtown. It's really very simple, too. You can buy your ticket from the bus driver any time or at the offices of the transportation company at 142 North Broadway for the regular price of 40c. There are two stubs on the theater ticket and you merely deposit one of them in the box instead of your fare on any 'Thrift Night' after 7 p. m.

"I hope the citizens of Wichita co-operate with the bus company and patronize this plan so the transportation company can afford to continue this idea. It's a real bargain!"

Grid Schedule Of Ten Games Has 'Big' Foes

Alva Is Added to List Of Ultra-powerful 'Name' Elevens

With the disclosure of his complete football schedule, Coach Al J. Gebert has announced the most surprising and ambitious list of games in the school's history. Ten games have been arranged for, and three of them will pit the Shockers against opponents of "big name," proven strength.

Three new schools appear on the schedule this year, and they are

Date	THE SCHEDULE	Place
Sept. 25	Okla. A. & M.	Wichita
Oct. 1	Alva Teachers	Wichita
Oct. 5	Kansas U.	Wichita
Oct. 15	Southwestern	Winfield
Oct. 23	S. D. State	Brookings
Oct. 30	Pittsburg (KSTC)	Wichita
Nov. 6	DePaul U.	Chicago
Nov. 11	Emporia	Emporia
Nov. 19	Fort Hays	Wichita
Nov. 25	Washburn	Wichita
Nov. 25	Night Games	

all big schools with tough teams. The first is Oklahoma A. and M., with which the Shockers have their opening game on September 25. The Shockers' third game will be played in Wichita on October 9, against the University of Kansas. Coach Gebert has been trying for six years to get a game with the Jayhawkers but until now these negotiations have proven fruitless.

Go to Chicago
The third large team which is making its initial appearance on the Wichita schedule is DePaul University of Chicago. The Wichitans travel to the Windy City for a game on Nov. 6. A two-game contract was signed with DePaul and the following year they will journey to Wichita and the Wichita fans will be able to see them in action.

Wichita will play its first Central Conference game at Winfield against the Moundbuilders Oct. 15. The Shockers triumphed over the Builders last year 19 to 7. The Pittsburg Gorillas journey to Wichita October 30 to play Wichita for their second conference tilt. Pitt won last year 7 to 0. On Armistice Day, Nov. 11, the Shockers will go to Emporia to play the Hornets. The Hornets defeated the Wichitans in the last meeting in a thrilling scoring spree which ended 19 to 13. The following week-end, Nov. 19, the Fort Hays Tigers will come to Wichita. In last season's game the Wichitans outgained the Tigers yet they came out on the short end of the score. Hays won 14 to 0.

Washburn on Turkey Day
The Shockers will close their grid season with a Turkey Day game against Washburn. The game will be played in the Wichita stadium. The Ichabods were victorious in the last game by a 13 to 6 score. Coach Gebert has scheduled a game with the Alva Teachers to be played in Wichita October 1. On October 23, the Wichitans will travel to Brookings, South Dakota. Wichita defeated the Rabbits last year 20 to 0.

WOMEN'S Sport Glances

By Laura Howard
Statistics: The girls' rifle team from the University first entered the annual Kemper rifle matches in 1930. Since that time they have won first place six times, and second place twice.

Our winning score last year was 396 out of a possible 400, while we scored 387 this year, against the winning score of 388. Scores were lower this year than ever before.

Barbara Engle placed in the individual competition this year and received a bronze medal. Congratulations, Barbara.

Costumes for the Symposium are ready and they thoroughly live up to all expectations. I nominate the blue ones as costume No. 1. They are very, very nice.

W. U. Basketball teams entertained the Friends University girls after the games, and showed them around the Commons Building.

May 7 has been set as the date for the May Fete this year. The coronation services will be in the afternoon, after which there will be an old-fashioned May pole winding. Later there will be a dance program in the auditorium.

The Delta Omegas are first in the inter-society rifle competition with a score of 291. Vikings are second with 288.

Delta Omega again! They're still undefeated in the inter-society basketball competition.

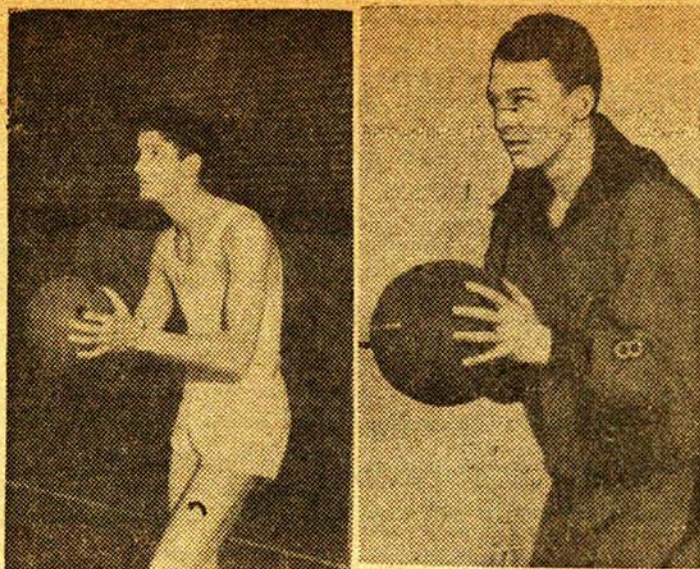

Carter Room Has New Study Hours

New hours in which the Carter room of Morrison Library will be open for use of students has been announced by Downing P. O'Hara, head librarian.

Every Monday and Friday, it will be open from 9 to 10 and from 11 to 12, in the morning; and from 2 to 4 in the afternoon. On Tuesdays and Thursdays, from 11 to 12 in the morning, and from 1 to 4 in the afternoon. On Wednesdays, it is open from 9 to 10 and 11 to 12 the morning and 1 to 4 afternoon.

Students who desire to study quietly, are privileged to use the Carter room. A student assistant is there so that some of the material in the room may be used.

Love and music combine to help coed tennis students at Westminster College develop rhythm. Miss Nandeen Love, director of the course, explains that waltz music is the best accompaniment for service strokes.

Co-Captains . . . Cal Stewart (left) and Pike Gawthrop were unanimously chosen by the members of the varsity team at a recent meeting.

Cage Captains Are Announced

Gawthrop and Stewart Will Lead Team

Pike Gawthrop and Cal Stewart have been elected co-captains of next year's basketball team. Members of the varsity squad were unanimous in their choice of these two stellar Shocker basketballers.

Both Gawthrop and Stewart are sophomores and both have displayed excellent qualities as basketball players. Stewart has held down the pivot position both seasons he has played, while Gawthrop played as a forward his first year but changed over to guard this season. Gawthrop, along with Ogden, held down the important role of signal barker on the Shocker grid team. Stewart and Barner held down wing positions on the football team.

Society Invites New Candidates

Candidates for membership in the University's chapter of Delta Epsilon, national honorary science society, have been invited to prepare original research papers which they will present before the group in the near future.

Dr. Clinton C. McDonald, president of the society, announced the names of candidates early this week. They represent each science department of the school: John Dunn, Troy Stewart and Roland Coulson, chemistry; Sherill Shannon and Glen Gordon, geology; Glen Moss, zoology, and Sister Reinolda Koybe, botany.

Net Team Will Begin Practice

Only Two Lettermen Are Back for Play

Practice for the tennis squad will begin next week if the weather clears up so the new courts can be used, according to Captain Bill Brinnon.

The squad usually begins practicing in the first or second week of March. Brinnon declared, but the inclemency of the weather has permitted only a couple of practice sessions this season.

Two Lettermen

Stanley Diamond is the only letterman besides Brinnon that is eligible to compete this year, so two first team births are automatically open. Eight men: Carpenter, Hinkle, Morgan, Gillenwater, Ahlberg, Shank, McDowell and W. Johnson, are expected to compete for the vacancies. Several of these men have had experience either in high school or in the city tournaments.

The first meet of the season will probably be on April 3 against the Alva Teachers. Other matches have been tentatively arranged against all the Central Conference teams, Kansas State, University of Kansas and the University of Oklahoma. Coach Gebert is attempting to make arrangements with either a group of schools in Iowa and Nebraska or in Texas for an extended tour of the net squad.

Travelled Far

Last year the team travelled to Saint Louis and several surrounding cities for a ten day trip and returned without losing a single match. This season's tour will probably last a week or ten days, according to Brinnon and will involve about five matches.

Wichita Wants No '13' Dates

A Friday Last Year Was 'Root of Evils'

Friday 13, ever thought to be a day of bad luck and ill fortune, proved itself to be such during spring football practice last year. It was on Friday 13, last year that Jimmy Clift, then a freshman end, received a broken leg in a scrimmage session.

He was taken to the hospital where he lay for many weeks with the entire lower half of his body encased in a cast. Finally he was released from the hospital, with one leg enough shorter than the other one to leave him with a permanent limp.

This was not the only injury that was sustained that day as two other Shocker gridmen received injuries which were so painful that they could no longer participate that season in football. One of them had his lower lip punctured by a cleat while the other one was the recipient of a serious head injury.

If unlucky days are the cause of such mishaps the Shocker gridmen should have no such mishaps during workouts this spring. They will experience no more Fridays falling on the 13, until August. By this time fall football will have started so the possibilities of some players receiving a scrimmage injury are, according to past happenings, rather slight.

Cine-Kodaks 149 N. Broadway Finishing

The Sporting Thing

By Floyd Snitz

A new bombshell has fallen amid the Shocker grid ranks, and threatens to smash Coach Gebert's high hopes for a winning team next year. It has been "unofficially announced" that a "group of the freshman football team members have failed to pass their scholastic requirements," and cannot play next year unless they attend summer school.

By "a group" this column suspects a figure somewhere between nine and fourteen. Just why these men failed we cannot conjecture, but we do know they were to be quite an important part of next year's eleven. Coach Gebert will have a sizeable group of lettermen back, but he was depending on strength from the very successful freshman team, and the possible elimination of this array of power can definitely put a crimp in his grid-iron aspirations.

At's On the Spot

Just what Gebert will do is open to question. But he's really in a spot. Of course summer school would probably save the issue, but the idea of attending would not appeal to a lot of the boys. With DePaul, Kansas U., and Oklahoma A. and M. on the schedule, besides the rest of the tough games carded, Gebert will need all of his veterans, and ALL of his newly acquired sophomores to produce a winner. With the Jayhawkers coming here, he'll be on the spot anyhow, so these freshmen will have a lot to say about just what chances the Shockers will or will not have.

Bond Bread That Men Prefer

go "box office" so well. Not only were there a quantity of empty seats, but many persons are now worried that Wichita boxing possibilities were not aided by the venture.

Wichita fans before the fight should have known they were destined to see anything but a fight. No fighter of ability would be risked by Louis' managers. So, with full knowledge of what they would get before they attended, this column can see no room for any of the fans being disgruntled. They paid to see an exhibition, and that's what they saw. The fact that a great number of the seats were empty proves that Wichita sport fans are NOT as simple and gullible as many eastern managers would have us believe.

DeCoursey Presents: Wichita Public Welfare Department

Report of Sanitation Inspection and Bacteria Counts of the 5 pasteurizing plants of the City of Wichita, for the entire year of 1936.

Plant	Bacteria Samples	Sanitation Inspection
DeCoursey	100.0	83.7
Name on file	93.7	89.7
Name on file	96.9	83.6
Name on file	92.3	78.5
Name on file	81.8	74.0

The above report is from the City Health Department, and the records are on file at the City Hall. This shows DeCoursey Plant rated second, but DeCoursey Milk rated first for the entire year of 1936; in fact, DeCoursey Milk rated 100 per cent for the entire year.

Postponed

Intramural track contests originally scheduled for tomorrow have been postponed until Friday, March 26, according to Mark A. Watson, assistant track coach. The postponement is necessary because of unfavorable weather conditions.

Building similar to those sponsored by the German and French organizations.

Stage Coach Transportation

Made Use of Oats, Corn, Hay and Crude Axle Grease

... but speed was not then a factor.
Axle grease was the perfect lubricant. Today is different. Sleek, powerful motor cars travel farther in a single hour than the stage coach did in a day — yet there are motorists who persist in the use of ordinary oils. Ordinary oils, like the stage coach, are relics of the days when speed was not a factor. Only a step or two removed from crude axle grease, they are entirely unsuited for use in the modern motors.

For Modern Motors—A Modern Oil

THEY

CHESTERFIELD
CIGARETTES
LIGGETT & MYERS TOBACCO CO.

...full measure of everything you want in a cigarette.

At every stage . . . from tobacco farm to shipping room . . . Chesterfield's job is to give you the refreshing mildness and delightful flavor that makes smoking a great pleasure.

Experienced buyers see that Chesterfield tobaccos are MILD and RIPE... careful manufacturers see that they are blended to the exact Chesterfield formula.

And they see that the cigarettes are made right . . . round, firm, just right to smoke.

... for the full measure of the good things you want in a cigarette we invite you to enjoy Chesterfields.
