## ROBERT H. BARRETT ANNOUNCES 74 MEN ADVANCED IN RANK

Price, Newton, Voegeli, Kinsey, Culbertson, Shaw Are Appointed Cadet Captains; Eight Are Named First Lieutenants

Seventy-one appointments of major officers in the R. O. T. C. unit were announced today by Lieut. Col. Robert H. Barrett, head of the local army unit.

The appointments include six to rank of cadet captains, eight as first lieutenants, seven as second lieutenants, four as first sergeants, one as cadet sergeant or sergeant-major, and 45 to the rank as cadet corporals.

Appointments effective today are used on weeks of competition. But Six Captains  
New cadet captains are Richard A. Price, Lawrence W. Newton, Francis E. Voegeli, Charles Henry Kinsey, Sherman Culbertson, and Don O. Shaw.  
Cadet first lieutenants include Wendell E. Carter, Jack V. Sharp, Harold Vance Kelley, Louis H. Garritt, James Z. Zimmerman, Robert Perry, Julian W. Buser, and William O. Klingberg.  
Newly appointed cadet second lieutenants are Donald A. Small, Larson D. Myers, James T. Hamilton, Ralph Burford, Max D. Carlson, Jay H. McCune, and Charles M. Tolman.  
Those named to the rank of cadet first sergeants are Thomas A. Farr, Robert B. Mueller, Joseph E. Cowan, and Robert H. Watt.  
Morgan is Sergeant  
Charles A. Morgan received the appointment as cadet staff sergeant.  
Persons now ranking as corporals are Winton M. Bouray, Charles W. Buchman, Gene W. Setzer, Langston F. Ayres, James K. Hammond, Edwin M. Stanton, Jim Miller, Charles M. Dickey, Robert Deck, Robert G. Clark, Lewis R. Riley, James H. Rumpf, Clyde C. Crosshite, Lewis M. Beiden, Gene C. Hultholm, Walter A. Cunningham, Craig E. Wintner, Richard Clausding, George S. Hanlen, Chester C. Harbison, Wallace W. Williams, Robert V. Christian, Thomas Moulton, Jack Jackson, James Christian, John W. Behee, Ben Buck, Orland H. Krug, Robert Walling, Russell A. Nelson, Sidney A. Martin, Mike C. Windmiller, Charles H. Burr, Stan W. Woodhall, William C. Getz, Howard L. Jensen, Warren E. Nossaman, Don Alter, Hugh S. Dennis, Wilbur P. Jones, Kenneth S. Liggett, Hubert Stephens, Lester H. Brown, Charles L. Miller, and Paul W. Swender.  
All appointments are requested to be sent to Francis McCarty immediately.  
Enrollment in the R. O. T. C. unit is not compulsory.

## EXAMS ARE KEPT SAFE BY USE OF COLOR OR LOCKS

Unique Tests Answered with Water Instead of Ordinary Ink

NEW YORK.—(AP)—At the University of California examinations are graded as carefully as a gold mine. The original exam sheet is brought to the press office of the university press by the professor or representative. A copy of the sheet is printed or mimeographed which the professor personally reads the press office.  
If okayed by the professor, other copies are run off, wrapped up and sealed with sealing wax, and kept safe until the professor personally comes for them. Profits from the sheets are collected and kept for lock and key.

## EXAMINATIONS IN COLOR

Kansas State College has introduced color as the keynote of examinations. A new system known as the Chemo-Score device, turns a student's answer red if it is incorrect, and blue if it is correct. In objective tests, the answer is so treated that when they are moistened they change color. Cheating About Out  
Here's how it works: the examinee holds his choice of answers by holding with a fountain pen filled with water or with a moistened paper clip, his answer to each question. If his choice is correct, the answer spot immediately turns red; if incorrect it turns to red.

## AYA ACCOUNT IS TWENTY MILLION

Any Thousand Students to Receive Aid  
WASHINGTON.—(AP)—The National Youth Administration will dole out \$20,000,000 during this school year to help 220,000 students earn education. This is an increase over last year's allotment of \$22,000,000 for 310,000 students.  
College aid allotments now being awarded are expected to approximate \$10,700,000. Employment quotas for colleges will be about 80,000.  
This year, graduate students have an eliminated from direct student aid. A college may, however, at its discretion, allot a portion of its aid to graduate students.

## TELEPATHY CAN BE PROVED—DR. RHINE

DUNHAM, N. C.—(AP)—Support for the possibility of the survival of personality after death is found by Dr. J. B. Rhine in experiments in clairvoyance and telepathy at Duke University.  
Second sight is a scientifically provable fact Dr. Rhine says in a book "New Frontiers of the Mind," the result of seven years of tests. He calls present inexplicable facts which he has found, extra-sensory perception.  
"What we have so far found in extra-sensory perception research," he says, "would be at least favorable to the possibility of survival of personality after death. That is, such survival would naturally mean existence without bodily sense organs, nervous system and brain."  
He has been investigating the existence of something which the learned have denied, but in which the common man has always believed—the thing popularly called "sixth sense" which explains knowledge of an accident or death of a loved one who may be hundreds of miles away.  
Laboratory tests of these experiences are not possible.

## KAPPA RHOS AND MEN OF WEBSTER WIN CASH PRIZES

Homecoming Awards Are Given for Artistry and Decoration  
Epsilon Kappa Rho and Men of Webster were awarded first place in the annual Homecoming decorations contest. It was announced Saturday night at the Varsity dance. Delta Omega and Alpha Gamma Gamma were awarded honorable mention.  
Cash prizes of \$10 each and a silver loving cup were given each of the winners. The basis of the judging was the work put on the decoration, the artistry, and the originality. Judges were Albert E. Croft of the University faculty who acted as chairman, Mrs. Rene Goulander from the Board of Regents, and Louis J. Bounous of the commercial department of Wichita High School East who represented the alumni.  
A point system was worked out by which each of the judges could evaluate objectively the respective merit of the decorations on each point for judging. Although each of the judges worked independently, they all agreed in the final total scores. Careful consideration was given to each of the decorations and they were given over five different times, three times in the day and twice at night.  
Kappa Rho's winning decoration featured the word "Welcome" in a background of white crepe with a shock of wheat and a yellow tiger on it. Delta Omega, runner-up in the decorations, pictured the Gortillas and other teams and was now ready to lay the tiger in the cage. The Alpha Gammas had their frat letters cut in ice blocks with colored flames reflecting in the ice. Streamers in black and yellow were placed in back of it.  
"All of the fraternities and sororities had excellent decorations," Mr. Croft stated in behalf of the committee. "We feel that to the University campus, the surrounding neighborhood and the homecoming grads there was a real touch of University life and a real welcome."  
Santa Ana Sophomore Claims  
Title of the world's tiniest coed is now held by Catherine Cooper, Santa Ana sophomore.

## DR. CARTER WILL BE HEARD HERE BY OPEN FORUM

Third Speaker Comes to Commons on Dec. 1; Asia Is Subject  
At the third forum discussion of the year to be held Wednesday, Dec. 1, in the University Auditorium, Forum members will hear Dr. Edward C. Carter, secretary of the Institute of Pacific Relations, discuss "War Clouds in Asia."  
Dr. Carter has just returned from the Sino-Japanese battle front where he gained first-hand information of the present situation. He interviewed Chiang Kai-shek, military and governmental head of China, and talked with both Japanese and Chinese leaders.  
Dr. Carter has received honorary decorations from the British, Chinese and French governments.  
Members of the executive council of the Forum expressed satisfaction at the response of the assembly at the meeting featuring Dr. Raymond Leslie Buel. "Students asked many and varied questions," said Otho Wood, member of the executive council, "and displayed an intelligent interest in the subject. May I urge members to speak from the floor."

## INSTRUCTION IN RIFLE BEGINS NEXT MONDAY

Women's preliminary rifle instruction begins next Monday from 1 p. m. to 4 p. m. to continue every day for a period of two weeks, according to Lois Dobbin, rifle manager. An examination must be passed before starting to shoot.  
Instruction will be given in the armory in Fiske Hall by Capt. Dick Price, women's rifle instructor.  
The first postal match with other schools is scheduled for Jan. 14 with Louisiana State. Several other postal match dates have been arranged, but the schedule has not been completed.

## Authorities Announce Tentative Plans Are Being Considered for New Library

Structure Would Remain in Heart of Campus; Plans Sketched  
By Jim Armour  
Statements which have been circulating about the campus for several months, to the effect that the University was to have a new library, were somewhat crystallized by an announcement from the office of Dr. L. Hekhuis, dean of the College of Liberal Arts, who this week said, "Tentative plans for a new library are being considered at present by the library committee."  
Because a new library would do for the student life of the campus what the Commons has done for campus spirit, authorities for over a year have been checking outstanding details of other libraries over the country, for they feel that under President Jardine's guidance such an achievement may be realized.  
Library Traffic Heavy  
Because of the terrific demand on the local library, facilities are taxed to a point where they can no longer accommodate all of the students.

## Present Facilities Are Not Able to Care for Students

Library on the campus it has stood at the site of the present structure, and is as much a tradition as any other institution on the campus. To date, plans on other campuses have been studied and visits to other colleges made. Tentative sketches are being drawn and revised.  
Outline Made  
Dr. Hekhuis portrayed the prospective building as having adequate reference room, a reserve reading room, a browsing room, a room to which students could take their own books and study, and a projection room. The projection room would be for the purpose of showing slides of reproductions of rare old books and papers. The structure also would give sufficient room for government documents which are housed in the basement of the present building. In addition, the library would provide ample seminar rooms and cubicles.  
Because of the present crowded facilities, there are many students turned away from the library each day who should be able to study there if they desire. This condition is thought by authorities to be a stumbling block in the path of the general rise of the scholastic average.  
(Continued on Page 5 Column 4)

## BLUE KEY IS LEADER OF TICKET SALE

Honor Group Will Work with Organizations for New Play

Blue Key, men's national honor fraternity, took the major role this week in the student and adult ticket sale drive for "Elizabeth the Queen," forthcoming University stage production destined to be one of the most elaborate shows of its kind ever presented here.  
Issuing 800 student and adult tickets as a beginning in anticipation of record crowds for the three nights of performance, Blue Key members will launch an intensive campaign from now until Dec. 11, final night of the production, through all fraternities and the Y. W. C. A. which will deal directly with sororities.  
Ask Student Support  
"In view of past performances given by the dramatic department," declared Elder Gunter, Blue Key president, "and also their long record of skillful performances, students here should unanimously support this undertaking."  
Questioned as to the new method of handling tickets, Mr. Gunter said, "It is entirely non-political and a \$5 prize will be given the organization selling the most tickets."  
Blue Key will accept no compensation, said Mr. Gunter, for the work which will be done and will participate in no way in any prize that will be offered in keeping with the organization's policy to support projects that will better the University.  
Jack Chapman will handle the general ticket drive. Sherman Culbertson will have charge of tickets issued through the Y. W. and sororities.  
"Elizabeth the Queen" will be presented in the auditorium on Dec. 9, 10, and 11. The play, under the direction of George D. Wilner will star as queen, Mary Esle Reser.

## CORBIN REMAINS SCHOOL'S CHOICE FOR SCHOLARSHIP

Not Until Withdrawal Is Positive, Will Another Man Be Appointed  
Harry Corbin, recently tentatively withdrawn from the University because of the death of his father, may yet participate in Rhodes Scholarship candidate selections to be held at the University of Kansas in December, according to Dr. L. Hekhuis who has charge of this school choice.  
Chosen late last month, Mr. Corbin had proved a popular campus figure, and because of his widespread activity both scholastically and otherwise, was deemed the logical University of Wichita representative.  
With the death of his father, Nov. 10, he left with his mother the following Sunday to care for his father's business in Mattoon, Illinois. Until further information is received Dr. Hekhuis explained, the appointment is still intact.  
Educators' Wives Taught Not to Hinder Husbands' Careers  
Courses to teach the wives of educators how not to be a drag on their husbands' careers have been introduced at Teachers College, Columbia University.

## COLOR IS PERFECT BUT PRICE IS HIGH

Color—much sought by primitive man, perfected by the masters—has of late gained a strong foothold among Wichita amateur and professional photographers in spite of the complexity of processing.  
Such was the comment of William Smith, senior, dealer in photographer's supplies, and an experimenter in color photography.  
"Color photography," he said, "is in many instances, reversed to the black and white photography."  
All of the various processes require special equipment, chemical, film and printing paper," he said, but it is interesting to note that any camera may be used, hence, the amateur photographer may work in color with a simple box camera.  
Questioned concerning the possibility of color photography in the student yearbook, Fernandus, Mr. Smith said that it was possible, but very expensive, probably around \$300 for each page of color engravings.

## ALPHA TAU WINS SCHOLASTIC PRIZE WITH HIGH GRADE

Fraternity Group Is Lead by Alpha Gamma—Gamma at 82.3  
Alpha Tau Sigma sorority and Alpha Gamma Omega fraternity continued to lead the Greek letter organizations of the University in scholarship during the second semester of last year.  
Sorority women proved their scholarship mettle when four of the five groups reported higher averages than any of the fraternities. Alpha Tau Sigma members cooperated to reach the high of 87.06 or more than a full point ahead of their first term score; however they lacked .02 of reaching their winning average of the previous year's second semester.  
Frats Are Lower  
The leading "Greek" men tallied 82.31 on the report issued by Laura M. Cross, assistant registrar. Trailing them was Phi Upsilon Sigma with 81.59 and closely following, Pi Alpha Pi displays an average of 81.50. Men of Webster fraternity grades show a score of 80.12.  
Delta Omega sorority and Sorosis battled for second place honors with the former emerging the victor with 85.49 points to the other's 85.41. Kappa Psi though only ranking third among the women groups maintained superiority over the men with a tally 84.83. Giving the entire field a race for their money, Epsilon Kappa Rho kept in the running with a grade of 81.88.  
Trophy Given  
The silver trophy symbolic of highest interfraternity scholastic honors nor the service tea set granted to the top sorority is involved this semester, according to Mr. Cross.  
Contrary to popular belief neither of the prizes will become permanent property of any group, although it may be won three or more times in succession. The reason for this, Mrs. Cross continued, is that the expense was expected to be prohibitive.

## ALL MEN'S ATHLETIC COACHES WILL RENEW CONTRACTS NEXT YEAR IF ASKED BY COMMITTEE

Head Football Coach Al Gebert

## Gebert's Conference Win Is Important After 1936 Schedule

Prospects were this week that, if asked by the school's athletic policy committee, all men's athletic coaches will renew their contracts with the University next year.  
Although no official announcement was forthcoming from the committee, it is believed that the entire staff including Head Coach Al Gebert, William Hennigh, Harry Marr, Lawrence Rarick, head of the physical education department, and Leroy Neely will return for the 1938-39 season.  
Coach Is Target  
As in nearly all schools where the football coach is the target of so-called "quarterbacks" both on and off the campus, the position of Coach Gebert has been eyed with some concern.  
Coach Gebert, as well as the other four coaches, gave definite intention that he would return if asked.  
Unquestioned is the fact that Gebert's prestige has recently skyrocketed with last week's win of the Central Conference Championship for the fifth time.  
Work Successful  
His work and that of the team's has been successful this year and only during last season did the Shockers lose more games than they won under Gebert coaching. Numerous wins have also been recorded outside of the conference. Notable this year was the victory over the University of Kansas, a member of the Big Six.  
Coaches' contracts are said to be verbal and are valid only for one year.

## PACIFIST GROUPS HIT COMPULSORY R.O.T.C. TRAINING

Manner Mild, However, Compared to Europe at Present  
By Marvin Cox  
WASHINGTON.—(AP)—Compulsory military training in colleges—particularly land grant colleges which receive federal funds—is often the target for criticism by peace organizations.  
However, the way in which our college students are, in some instances, forced to take military training contrasts strongly with the manner in which young men are trained for war in foreign countries.  
In Switzerland, Italy, France, Rumania, Peru, Germany, Algeria and Iraq all young men are compelled to undergo a period of military training. And this is not in conjunction with college work. They have to serve a year or more in the army, just as do regular soldiers.  
Army Means Job  
Military service in Turkey is regarded as so important that it is practically impossible for a young man to get a job unless he has completed his military term.  
Co-eds are not always omitted in training for the national defense in other nations. For instance, the Woman's Home Defense Organization in Estonia trains young women for their part in war through an organization called the Home Guards.  
The Boy Scout organizations in some countries have been drafted as military training agencies. Boy Scouts in Brazil, for instance, are financed by the government and receive training for war under the Ministry of War.  
Recruits 'Drawn'  
Military training is compulsory in Argentina between the ages of 18 and 21. However, all youths are not required to undergo the training. Lots are drawn and the trainees are selected in this manner.  
So, after considering the compulsory military training service of more militaristic nations, drill two or three times a week in college R.O.T.C. units may not be so bad after all.

## JARDINE LEAVES FOR WASHINGTON FRIDAY

Pres. W. M. Jardine will leave Friday for Washington, D. C., where he will begin a two week period of extensive training in the office of the Assistant Secretary of War. Reports from Washington indicate that President Jardine heads the list of all reserve lieutenant colonels eligible for active duty.  
While in Washington Dr. Jardine will be the guest of his brother. He will renew friendships made while he was stationed in Washington as Secretary of Agriculture in Calvin Coolidge's cabinet. The president will make brief stop-overs in St. Louis and Chicago to conduct University business.

## FLORIDA INTRODUCES NEW EDUCATION PLAN

NEW YORK.—(AP)—The new undergraduate educational plan initiated at the University of Florida by Dean Walter Matherly, includes the introduction of six compulsory survey courses, of an unlimited cut system, and of a regular program for student-faculty conferences.  
The plan in its specific development makes a sharp break with present trend towards greater freedom in the choice of student courses although its general premise, according to Mr. Matherly, is the restoration of the undergraduates with a general view of human knowledge before allowing them to narrow the focus of study by specialization.

## College Slang Dictionary Explains Student 'Talk'

University Dean Defines, Among Other Things, the 'Honey-cooler' and 'Muddy Plow'

NEW YORK.—(AP)—Commonly referred to as "slanguage," the method of speaking used by modern young people has been criticized and ridiculed frequently in past years. On the other hand, some have praised it lightly as being colorful, vivid, and successful in getting its point across.  
Dean Edward C. Laurer of the University of Washington has compiled a dictionary of college slang. In it one learns that when a Washington student takes his girl to a dance in his car he escorts his "heart-hustler to a swing session in a wheeled-tub," or takes his "fever-frat to a cement mixer in a tintype." A homey girl student, according to the dictionary, is a "Popeye pansy" or a "muddy plow," and a kiss is a "honey-cooler."  
Students, Faculty Help  
At Louisiana State University students and even members of the faculty have contributed to this collegiate art. Sample definitions there are of these varieties: Mug—that in which coffee is served in the boarding club; Stooze—freshman who carries sophomore's laundry for more than the first month; Dope—national; Punster—that sort of person who always finds you wide open for his zit; Campus gangster—a frat man.  
Professor Defined  
Some more new definitions come from one who should know whereof he speaks. Jacob O. Lipman,

## TOM-TOM NEARLY COMPLETED—EARL

Literary Publication Will Appear in Fortnight  
Tom-Tom, student publication of the Creative Writing Club, has gone to press and will appear within the next two weeks, according to Marjory Earl, editor.  
Featuring a cover and cartoons drawn by Kenneth Martin, the magazine will contain short stories and articles of current interest by members of the club and any other students who contributed material.  
Orenville Darling is business manager.  
The price of the magazine will be 25 cents.

**THE SUNFLOWER**  
 Vol. XXIII No. 12 November 25, 1937  
 Published each Thursday morning during the school year by the students in the department of Journalism of the University of Wichita. Entered as second class matter, October 24, 1915, at the postoffice at Wichita, Kansas, under the act of March 3, 1879.  
 Member of the Associated Collegiate Press, publishers of the Collegiate Digest, and a member of the College News Service. The Sunflower is one of the oldest student publications in the state of Kansas, having been founded in 1868.  
 Circulation by mail in the United States is \$1.00 per school year. Advertising rates are furnished upon request. Address: The Sunflower, University of Wichita, Wichita, Kansas, or 2102 S. 22nd.

**Let's Be a Bit Realistic About Thanksgiving Day**

Tomorrow is Thanksgiving. So what? No longer does it mean an occasion for calmly taking an inventory of the past year's events and finding something to be supremely happy and thankful for.

Now it has fallen into the same kind of an affair as characterizes Jello week, cheese week, better homes week, bread week, and milk week. There would probably be other weeks if the number of weeks in the year could be increased.

Some have been expecting for some time to see Thanksgiving changed to 'National Turkey and Cranberry Week.' No doubt the scheme has its points.

University students should see more to Thanksgiving than a holiday and a big feed. Educated and mature persons usually do. Tomorrow would be a good day to start. Three minutes would be long enough. Try it and see if it doesn't make the day more enjoyable. Find something you can be sincerely thankful for.

**Washburn College Game Means Much to Players**

Climaxing a season that is punctuated only with results that are the envy of every clean-cut team in the country, the University Wheatshockers, champions of the Central Conference and unscored upon by any opponent in their league, will play their last game this year against Washburn whose record this season is a complete reverse of their own.

Unmindful of the possibility that they may win by a larger margin than any so far this year, the Shockers will again be a careful, well-trained, meticulously playing squad when they meet the Icabods.

Regardless of the season's record, there are bushels of sentiment to the last game of the year, and for Gawthrop, Cotter, Nye, Ward, Ogden, Gill, and Nash it is the last game of their college careers. No Rose Bowl classic will be more earnestly fought, more determinedly pushed, than tomorrow's game. In this, the best of each will be drawn for the glory of those who will play no more.

**Blue Key Leads School to Make Play Success**

Representing at least in theory what all high-type campus organizations should be, Blue Key is taking a noble and worthwhile step this week in promoting ticket sales for a near-super production, "Elizabeth the Queen."

Although Blue Key, composed of men of nearly every major men's organization on the campus, is throwing its weight toward the forthcoming University dramatics offering it can by no means do it alone and wishes no credit other than the personal satisfaction it will derive when for the three nights of Dec. 9, 10, and 11 the auditorium will house sizable and appreciative audiences for an evening of fine entertainment.

**Be Polite, Leave Space for Other Cars to Park**

Courtesy is the only solution to the parking problem on the University campus. E. A. Welsh, superintendent of grounds, says that sufficient parking space has been provided here, if only students will park closer together.

At the first of the year we complained about lack of parking areas, and the University replied by opening up additional space near the Administration Building a few weeks ago. They've opened up all the lots now available. It is enough room, if properly used.

It is not only courtesy, but a sign of skill in manipulating a car to park without wasting valuable space, so if you drive to school, display your courtesy

and your skill in driving by parking in the smallest possible space.

Young men are fitter to invent than to judge, fitter for execution than for counsel, and fitter for new projects than for settled business.—Francis Bacon.

**the Last Add**

By Kathleen Hite

There seems to be a mistaken idea that membership in the Student Forum is limited to a select few. Originally, only a few people started the club, but at the present time anyone who holds a ticket may attend the meetings and work actively in the organization. It is highly advisable to attend every meeting if it's possible because the exchange of ideas is very valuable.

Homecoming, on the whole, was successful this year. And the house decorations were mighty fine—better than they've been for years. The comments of the grads were particularly inspiring about the gracious queen, the new buildings and equipment, the school spirit, the recent political moves, and the general progress of the University in the past few years. This year, especially, has seen rapid advancement, they said. And of course we agree with them.

Oh yes—about that flag pole. Now that the thing's practically a reality, everyone in the staff is claiming the honor of bringing it before the school. Well, they're all wrong. It was Mr. Wittner who first made comments about "the elongated stump" as far as I know. And anyway, the fact remains that we're going to have a flag pole no matter who started the campaign. Even Dr. Wall will tell you that the nature of the decision is more important than the means of arriving at it—or words to that effect. Maybe I can start another argument, though. They say the pole is to be at the south end of the field.

For once "That Tiger" was appropriate. And, by the way, we did alright.

It is with the greatest caution that I approach this little item. But in spite of all the criticism, the walkout was just what the student body needed. The biggest trouble was that everyone didn't cooperate. The walk-out was unquestionably justified in view of the conference championship and the fact that no pep convocations had been held for some time. I'm sure that the student body will stand behind the action of the campus leaders.

Fraternities and sororities are, quite naturally, liked. Prides for dance bands and ballrooms have gone up—way up. But the price allotment for parties remain the same. It is practically impossible to give any party this year on last year's prices. An appeal to the student activity committee should bring about the needed change. The panhellenic councils should act immediately before the Christmas formal.

Basketball is but a few weeks off. What with the new gym and mighty good prospects for a bang-up team, student and faculty support need hardly be asked for.

**Collegiate World**

(By the Associated Collegiate Press)

CHAPERONES at Agnes Scott College are going streamlined. A group from the senior class have been chosen by the Student Government Association to "keep an eye on the young folks."

According to the Freshmen, the ideal chaperone will be a senior who is attractive—but not too attractive—pretty perhaps, but never beautiful, who has an abundance of sympathetic understanding but not too much enthusiasm, who talk when there's a lull in the conversation between the girl and her date, who will enter into the fun but who will never, never, under any circumstances be more witty and attractive than the bright young thing she is chaperoning.

Students are hopeful, but there's the indisputable fact that date—that is, boy plus girl—plus chaperone, equals the well-known eternal triangle.

Unless, of course, boy friend brings along another man to sort of even things up.

BECAUSE a Brown University freshman knew Hungarian, and was thrifty, the United States Navy intelligence bureau got a severe case of jitter.

The student sent a telegram, in Hungarian, about the Brown-Yale football game to a friend. (It cost 22 cents less than in English.) The only English words in the message were "Brown section"—indicating the section of the stadium in which he wanted his friend to buy the tickets.

Recently there has been a spy scare at the New London submarine base where a new torpedo chamber has been invented by a Mr. Brown—and designated "Brown section." Hence the jitter of the Navy intelligence bureau.

It seemed that words like "tizenkettoztizenegykor" made the bureau wonder. But when they read further into the telegram and came across "Brown section," they sent an agent to call on the friend.

Was he, perhaps, in the secret of some foreign power? The friend protested his innocence and to prove it, translated the message.

A POEM containing the names of several of the teachers at St. Christopher's School, which was to appear in the student bi-weekly, The Pine Needle, roused the wrath of the teachers—and indirectly the curiosity of the student body.

For in place of the poem, one entire column on the editorial page of the paper was blanked out with a bold, black "CENSORED."

The co-editor-in-chief explained that there wasn't time to fill the space with anything else before the paper went to press.

**UNIVERSITY BULLETIN**

Notices for publication in the University Bulletin should be presented at the editing desk not later than 3 p. m. on the day before publication.

**BOOK MISSING**  
 Stevenson's "Home Book of Verse" is still missing from the library. Although it is not a valuable book, the copy is very much in demand. Its return or any information as to its whereabouts will be appreciated.—Downing P. O'Harra, librarian.

**LIBRARY HOURS**  
 Library hours during the Thanksgiving vacation will be on Friday from 9 a. m. to 4 p. m. and on Saturday from 9 a. m. until noon. The library will remain closed Thursday.—Downing P. O'Harra, librarian.

**STUDENT FORUM**  
 All members of the Student Forum are asked to attend a meeting in the Pine Room at 10 a. m. next Tuesday.—Executive Council.

**COLOPHON**  
 There will be no Colophon meeting this week.—Hamble Fairleigh, president.

**STUDENT FORUM**  
 There will be an important meeting of the Student Forum Tuesday, Nov. 30, at 10 a. m. in the Pine Room. Everyone who has purchased a season ticket is a member of the forum. All are urged to attend this meeting.—Theresa Steele, executive secretary.

**32 POLICE OFFICERS STUDY AT UNIVERSITY**

Thirty-two officers of the Wichita Police Department are enrolled in the University Police science course, according to O. W. Wilson, Chief of Police.

Following are the officers enrolled: Clyde Albright, Merle Bennett, W. E. Bodwell, Maurice Byrd, J. B. Cook, Harold De Hon, Carroll Falker, Doyle Fink, Frank Fore, Theo Hall, Carroll Henderson, Harry Howard, William J. Inbau, W. K. Ingram, Bernard Johnson, M. A. Mesch, Rex Mulliken, Clifford Nash, Ralph Robbins, Don Roseberry, Cleve Smyser, Roland Smith, John Stackley, Charles Taylor, Robert Taylor, Ronald Van Weiden, R. E. West, Earl E. Williams, Rex Wittke, Joe Stone, George London, and Harry McCormick.

**WINGS OVER HONOLULU**

**'Gone With the Wind' Is Most Read Fiction Book**

Survey Covered Period from October Through May; Displays Increased Popularity

THAT Margaret Mitchell's "Gone with the Wind" was the most popular fiction book in the Morrison library was shown in a survey by Miss Harriet Nordham, former assistant librarian.

Miss Nordham based her study on the open shelf collection which includes shelves on biography, fiction, new books, and two shelves for general reading that are changed regularly. "Gone with the Wind" was the most read by students being checked out eighteen times during the last semester.

Durante Book Popular  
 Next in preference was "I Write as I Please" by Durante, which was taken from the library ten times.

Books which were checked out nine times each were "Anthony Adverse," Douglas "White Banners," "Live Alone and Like It," by Hilton, and "Human Exploitation in the United States."

Other popular books were Edmond's "Drums Along the Mohawk," Bowman's "Westward from Rio," Carlson's "Heart," Fester's "American Doctor's Odyssey," King's "You and Your Camera," Rourke's "Biography of Audubon," and Weiman's "Book of Popularity."

**FLETCHER TELLS DANGERS OF DRUG**

Federals Indicate Wichita Marihuana

Marihuana, its dangers and effects, will be the substance of a discussion by Dr. Worth A. Fletcher, of the University, chemistry department, before members of Aesculapian, pre-medical fraternity, Thursday night at 7:30 in the Science Building.

The widespread use of this drug has resulted in several publications by the state to settle the discussion overviews arising in discussions of the subject. Few people, it is declared, fully comprehend the real results of smoking this weed or using it hypodermically.

Dr. Fletcher has prepared a summary of these reports and will describe the chemical reactions of the body to the drug.

The subject has unusual interest here since federal narcotic agents have indicated that Wichita may be a center for the drug in the United States.

**CONSTITUTION GIVES NATION PROTECTION**

LAWRENCE—Charles M. Harger, chairman of the Kansas board of regents, addressing the 72nd annual opening exercises of the University of Kansas, directed most of his remarks to the lessons from the Constitution of the United States, in recognition of the sesqui-centennial anniversary.

"The student may think that the Constitution is of importance only to his fathers and mothers; that he is not interested. He is interested. In a few years he will be one of the responsible heads of his community."

"No other document in the world ever has given such freedom of the press, freedom of speech, freedom of assembly, freedom of petition, the right to vote and the right to work out individual destinies."

**WICHITA**... Starts Thurs. Pat O'Brien, Henry Fonda, Blanche Yelton and Margaret Lindsay in "SLIM," Also Dick Foran and Jean Bryan in "CROOKER STEAK."

**Grad Gossip**

1937

With Whitewater Schools—Both Walter Wood, '35, and George Joffin, '32, are important cogs in the Whitewater, Kan., school system. Mr. Wood who is superintendent of schools was a member of Pi Alpha Pi fraternity while attending the university. Mr. Joffin earned his bachelor of arts degree here in 1932 and in 1935 completed the requirements for a bachelor of music degree.

Do You Know?—Wanted—the whereabouts of this list of "lost alumni." The registrar's office is in a quandry over the location of these "grads."

Mrs. Adolph Lovel, '09, formerly Ida Pearl Moore, '29, formerly Faye Maria LaDuc, James Blaine Martin, '15, Edwin Bruce Miller, Jr., '38, Mr. and Mrs. Elmer Arnold Miller, '12 and '18 respectively, Coubhain May Mohler, '32, Rolf Foght Moller, '32, Merle M. Mone, '13, Ralph P. Morgan, '18, Betty Morris, '31.

Grad in Japan—The Shimamoto, '35, writes from Tokyo, Japan to Grace Wikie, Dean of Women, that she receives the Sunflower regularly and thus keeps posted on the activities of old friends and teachers. Miss Shimamoto is now connected with the society for International Cultural Relations, translating Japanese manuscripts into English.

Writes Movie Story—Rachel Maddux, former student of the university, wrote the story on which "Turps Blood," a new movie production, starring Katherine Hepburn, is based. The novel was published in magazine some time ago. Miss Maddux is now employed as an interior decorator in Kansas City. She first showed her writing ambitions when writing for the East High Messenger. Later she was engaged on the editorial staff of the Wichita Beacon. After leaving the university she entered and graduated from the School of Medicine in the University of Kansas.

Miss Maddux's mother, Mrs. H. A. Maddux, resides at 1446 S. Main in the city. She was a member of Sorosis Sorority at the university.

Letter from Grad—Harry A. Lill writes from Glendale, California:

"Holding a fall reunion, alumni and former students on Fairmount and Wichita University met Oct. 17 at the home of Linn and Ruth (Hersey) Beebe in San Marino where the first of the southern California reunions was held about four years ago.

"Purely social, these meetings of the Southern California Fairmount association, held at least twice a year, enable former Fairmounters now residing in southern California to keep in touch with one another, affairs at Wichita University and Kansas in general.

"Miss Flora C. Clough, who comes to every one of the affairs, always is the center of a group eager to talk with her and to hear news of Wichita.

"Each family brought a basket for the luncheon served buffet style. While Ruth Beebe, hostess, and the women led by Eula Chamberlain Solter, Talma Thompson Miller and Gladys Wilson Burgess set out the luncheon, Linn Beebe, Elmer Miller, Jesse Solter, Bob Burgess and others of the men settled the political policies of the state and nation.

"Jesse Solter told of the erection of the new commons building and narrated events of a visit he and his wife, Eula Chamberlain Solter, made last summer to Wichita.

"Members of the association voted to hold the spring meeting May 1, 1938, on the beach at Balboa, assembling for breakfast. Linn Beebe is to cook the bacon, eggs and flapjacks outdoors.

"Attending the reunion were Dr. Elmer Beebe, Ralph P. Morgan, Mr. and Mrs. Walter Schweder, Mr. and Mrs. Harry A. Lill, Elmer and Talma Thompson Miller, Evelyn Skinner, Flora C. Clough, Walter and Fannie Overy Nossaman, Robert and Gladys Wilson Burgess, Marie Thompson Solter, Theodore and Alice Hatton Kistner and members of their families."

Alumnus Directs—Under the personal direction of Robert M. Shipley, Jr., former University student, an all-color film dealing with geology, a fascinating study of precious gems, was produced by Paramount Studios. With the aid of research and discoveries in the field by Mr. Shipley the picture concerns cooperating with the publishers of Popular Science Monthly made the interesting study at the Geological Institute of

America in Los Angeles with which he, his brother, Edward, and the father are associated. The film released this week and will be shown in one of this city's theaters. Mr. Shipley is the grandson of Mrs. Ida Shipley, 1011 Market.

Reference Librarian—Rose Sears, '08, writes from Chicago where she is reference librarian at the Presbyterian Theological Seminary. She was a member of Epsilon sorority while attending school here.

Around World Trip—Ray Poteat, '30, is now making a trip around the world, according to Mrs. May the Gottschalk. Webster's home mother, who has received word from him. He will be in the states at Christmas, she said. He is an alumnus of Webster fraternity.

G-Man—Eugene Coombs, '23, studying to be a G-man at the present time and resides with his family in Washington, D. C.

Alumnus Designs—William Vollman, '35, has resigned his position as coach and mathematics teacher at Norwich, Kan. He will enter business in Wichita.

Grad Teaches—Charles Ellis, '29, is teaching in Walton, Kan., now while attending the University. He was a member of Alpha Gamma Gamma fraternity.

### NEWS LETTER IS NEWEST FUNCTION FOR LETTER MEN

#### Alumni of 'W' Club Will Receive 'Inside Dope' on All Athletics

With the mailing of weekly letters to more than 300 former "W" club members, the present chapter of that organization launched its new program to aid in closing the gap between alumni and undergraduates.

The letters, prepared by Football Coach Al Gebert give the "inside dope" on the teams that the receivers on the mailing list, can find out not only from reading the sports pages of the daily newspapers.

Although this is the first week the letters have been circulated, Dick Price, president of the Club, declares they will continue to be circulated throughout the sport year.

"The plan is to build up alumni interest in W. U. activities and to keep them more closely organized," said Mr. Price. "In this way the alumni will feel they are still a part of the school and its athletic activities."

Work is being rushed on the "Varsity Show," an annual function of the "W" club in which only members take part. Evelyn Hinton,

### GIRLS, DON'T TRY TO JUST 'GET BY'

ITHACA, N. Y.—(ACP)—Mrs. Franklin D. Roosevelt, speaking before women students at Cornell University, told them, if they would be successful in life, they "do more than get by."

"College graduates," she said, "have during the past years gotten jobs easier than girls with grade school education, but, at that, there were many college jobs as sales girls in department stores."

Success requires more of a girl than just enough ambition to earn her weekly pay check, she implied.

Instructor in women's gym, Dr. Lawrence Rankin, of the physical education department, and George D. Wilner, head of the dramatics department, are helping in the actual production. Practice starts soon after football season.

### SCHOOLS APPROVE OF DISEASE TESTS

#### Syphilis, Tuberculin Exams Taken Voluntarily

NEW YORK (IP)—Higher educational institutions everywhere are following the examples set by the Universities of New Mexico and Oklahoma in requiring matriculating students to undergo tests for syphilis.

Wassermann test for syphilis and a tuberculin test will be given to all freshmen at the University of Oklahoma this year. For upperclassmen the tests are optional, but all students entering the infirmary will be examined.

At the University of Kansas students have demanded that the Wassermann be included in their physical examination. New students entering have asked to be given the test and now more have volunteered than can be handled by present hospital facilities.

The Men's Student Council has petitioned the Board of Regents and the Chancellor to approve this examination.

### DEPARTMENT STARTS CLINICS OVER STATE

With the aid of Social Security funds, the speech science department of the University hopes to establish several speech clinics in cities of Kansas.

Plans for the present time call for private clinics at Pratt, Wellington, Hutchinson, Salina and Argans City. The department desires to extend these clinics so that every county in the state may be represented.

### GROUPS TURN IN FIRST SNAPSHOTS

#### Initial Camera Contest Gets Good Pictures

That snapshots submitted Tuesday for the first of three contests to determine this year's Camera Man and Camera Woman were as good or better than initial groups submitted in previous years was the opinion expressed by Bob Keller, editor of Parnassus.

"The pictures submitted this fall have been quite heartening as far as quality and quantity are concerned," Keller said after having made a hasty survey of the snapshots entered by the fraternities and sororities. "Judging the contests isn't going to be an easy job if the organizations continue to make such excellent entries."

Mr. Keller stated that judging will begin immediately and that results of the first contest will be announced in an early issue of the Sunflower. Earle B. Davis, Leo W. Allman, and Mr. Keller will act as judges.

Questioned as to the results of the yearbook picture campaign which closed last Saturday, Mr. Keller announced that nearly 800 class pictures were taken during the six-week period.

### EXPERIMENTS WILL HIT WORLD TRADE

#### Synthetic Products Are Now Being Used

NOTRE DAME (ACP)—World trade during the next 20 years will be sharply influenced in its methods and its products by experiments now being conducted in university and industrial research laboratories throughout the world, in the opinion of Dr. Eugen Guth, University of Notre Dame physicist.

"Several synthetic products are now in general use and others, such as resins, asphalt, glass and rubber, are rapidly taking their place alongside silk in the list of artificial commodities accepted by consumers as a matter of course."

Development of complete human diets in the laboratory, rather than on the farm, is not beyond the range of possibility in Dr. Guth's mind, but he foresees no need for "pili" diets in the near future.

Dr. Guth draws attention to the increasing number of Nobel awards being made in America annually. The center of research activity is shifting more and more from Europe to the United States, he believes.

This he accounts for by the facilities offered here as an incentive to private initiative by university and industrial laboratories whereas in Europe the state is usually the sole sponsor of such work.

### SKATING IS POPULAR WINTER RECREATION

With the appearance of cold weather, ice skating has again taken the sports spotlight. Managers of the local ice rink report that a large number of students and faculty members have been appearing on the ice regularly.

Authorities at the Alaskan announced that the rink would hold sessions morning, afternoon and night during the holidays. The ice rink has already cooperated in inaugurating Wednesday nights as a special students night and decreasing the admission charge to 25 cents.

### WEST VIRGINIA SCHOOL UNITES PHOTOGRAPHY AND COMPOSITION

MORGANTOWN, W. VA.—(ACP)—A new way to illustrate the structural principles of writing has been put into use at the University of West Virginia. Composition is mixed with photography.

### MAESTRO

Ralph Webster, who opens with his orchestra at the 400 Club—Next Friday evening, Webster is a favorite with collegians thru-out the East and Midwest and his crew believes that "Rhythm that Makes You Dance."

### Weather May Cause War Is Latest Theory Offered

#### Ignorance of Climatic Conditions in Moving Troops Factor in World History

CINCINNATI, OHIO—(ACP)—A professor of experimental medicine at the University of Cincinnati has a new theory for the cause of war. He is Dr. Clarence A. Mills, who has made an intensive study of the effect of weather on military forces and movements.

Mr. Mills contends that the ease or difficulty by which body heat may be thrown off dominates, "the entire existence level of man." He points out that in areas of moderate temperature, the body can more easily dissipate the heat it generates, thus stimulating bodily functions and increasing energy.

Heat Lowers Vitality

In hotter climates, where the warm moisture in the air is high, the body finds difficulty in throwing off its heat, resulting in a lowered vitality.

If 1917 had not been an unusually cool year in America, the United States might never have entered into World War I. If the period from July, 1917, to the middle of 1918 had not been unusually warm in Austria and Germany, the Kaiser's side might have won the war.

### FIELD TRIP NETS IMPORTANT FIND

#### Discovery May Determine Age of Flint Hills

Finding a rare fossil which may lead to determining the age of the Flint Hills, four members of the invertebrate paleontology geology class under the direction of Mr. Byron Cooper, professor of geology, studied fossils found east of Winfield last Sunday.

The fossils are found with ease for the shale and limestone in which the fossils are imbedded have disintegrated according to Mr. Cooper.

### EASTERN SCHOOL TRIES NEW PLAN

#### Scraps Academic Course As Biggest Change

NEW YORK, N. Y.—(ACP)—A new college curriculum to which the experience of 16 major colleges and universities has contributed, goes into effect this fall at Hofstra College, according to Provost Rufus D. Smith of New York University.

At Hofstra, which is the University's Long Island affiliate, to a greater extent, perhaps than in any other college, ordinary academic degrees will be scrapped. For example, there will be no departments of economics, sociology and politics.

Instead there will be merely a division of social science, in which six basic courses running in sequence from freshman to senior year will correlate all three of the conventional "departments."

Comprehensive examinations covering two years' work are planned for upper classes and there will be provision for independent work under tutorial guidance.

The new system, according to Provost Smith, follows the new trend toward the broad English type of training as opposed to the highly specialized German type popular in pre-war days.

Hofstra's graduates will be prepared to face life more realistically, he believes, as a result of their more integrated education.

### ILLINOIS SCHOOL TREATS INVALIDS

#### May Teach Blind, Deaf Girl To See and Hear

CHICAGO, ILL. (ACP)—By means of a newly invented three finger multiaxial, Northwestern University's department of psychology will attempt to teach an 8-year-old deaf and blind girl to walk, talk and hear.

The child has been specially selected by Dr. Robert H. Gault, professor of psychology, because every human faculty which the multiaxial is presumed to bring into being lies dormant in her person.

She cannot walk because, unlike the majority of children born deaf and blind, she has failed to grasp the idea of self-motion from the pressure of the hands of others.

The multiaxial transmits tones to the fingers through three fingers—the sense of touch taking the place of the sense of sound.

Daily charts of the child's progress will be kept at the department of psychology. She will never be able to see, but her teachers believe they will give her a voice as she grasps the ability to translate touch into sound and so bring her mind to the task of directing movements of her body.

### TELL CROWD SIZE BY PEANUT SHELLS LEFT

When the crowd files out of the stadium after the final gun, the game isn't over, not by several sacks of peanut shells, according to students employed by the grounds department.

Kansas sales tax tokens are almost the only things of value found in the stands and there is always a liberal sprinkling of them. The records show only one find more valuable than tokens and it was a dime.

Peanut shells are found in larger quantities than anything else with from two to three hundred pound sacks being filled after an average crowd has filled the stadium. The size of the crowd for the Shocker-K. U. game is indicated by the fact that more than five sacks of shells were picked up during the cleaning up process the first of the week.

Most of the tobacco users at the games prefer cigarettes with cigars a poor last. Popcorn boxes and programs make up the bulk and weight of the post-game cleanup with both stands containing a thick layer.

### OWENS' PUPILS TO PRESENT OPERETTA

Work on the operetta, "Carrie Comes to College," by Clark and Clark has been begun by Mrs. Minnie Ferguson Owens, voice teacher of the Downtown Studios. The operetta will be presented largely by Mrs. Owens' younger students.

Mrs. Carol Shelley Williamson is in charge of the stage settings and arrangements. Mrs. Aline Weiland Rhodes is preparing the dances. Paolo Conte is training the orchestra and choruses for the operetta.

### Six Public Appearances For Band in Two Weeks

#### R. O. T. C. Unit Will Play for Last Game of Season on Thanksgiving Day

PUBLIC appearances of the R. O. T. C. Band requiring concentrated study at rehearsals have caused members of the band to apply much of their time, otherwise used for recreation, in the formations of drills and tedious practice.

With 14 public appearances to look back upon and six to look forward to in the next two weeks the members of the band may be proud of their achievements.

The following schedule verifies the fact that the R. O. T. C. Band is willing to cooperate in all civic functions as well as those of the university: Thursday, Nov. 23 it will play at the last football game of the season, for which several formations have been devised. Friday the band will lead the Wichita Eagle Santa Claus Parade, an activity which it has participated in for several years. Tuesday, Nov. 30, accompanying the Minnie Orchestra and Chorus to the Southeast Kansas Music Festival at Preonia, it will present a 30 minute concert during the mat-

### DON BLUE NAMED FOR NAVY EXAMS

#### Sophomore to Take Tests in April for School

Appointment of Donald Blue, 20, sophomore in the College of Liberal Arts, as principal nominee to one of Kansas' vacancies in the United States Naval Academy at Annapolis, Md., was announced early this week by John M. Houston, congressman from the fifth district.

Blue, who was graduated from Wichita high school North in 1935 with a high scholastic and athletic record, will take final mental and physical examinations next April, entering the academy the following fall, providing he has successfully passed the exams. He has already passed preliminary physical tests.

Son of Mr. and Mrs. John Blue, he resides at 1023 Dayton, and is a member of Phi Upsilon Sigma fraternity. He intends to complete the current school semester at the University.

### HUNTER CREATES ETIQUETTE CLASS

#### First Department of Kind in Public School

NEW YORK CITY (ACP)—A department in manners—the first in a publicly supported university—has been created at Hunter College. It will be known as "the ABC of Living, or Conversation in the Amenities, Behavior and Customs."

Mrs. Katharine Bleeker Meigs who heads the course, has prepared a set of commandments for the business woman. They are:

1. Thou shalt not ever use scented powder as a substitute for soap and water.
2. Thou shalt not wear flashy clothes, or screaming colors.
3. Thou shalt not put on makeup like Tilda Bara, nor perfume thyself so strong that strong men reel when you pass.
4. Thou must not talk too freely—keep gossip for thy private life.
5. Thou must keep thy love life outside the office.
6. Thou must not leap like a fire horse at the alarm when 5 o'clock comes.
7. Thou must speak clearly and directly—accurately.
8. Thou must not be emotional or over-sensitive or get thy feelings hurt.
9. Thou must do thy work thoroughly. Fear not to say, "I don't know."
10. Thou must not think men in the office are making passes when they are only being civil; do not make passes thyself.

### WICHITA MINISTER IS AUTHOR OF NEW BOOK

#### 'Quiet Hour Talks' is Title of Recently Published Pamphlet

"Quiet Hour Talks" is the title of a recently published pamphlet by the Reverend John Wesley Hayes who received his M. A. degree from this University. The book is composed of six chapters and four divisions of "The Program of the New Testament Church," with appropriate discussion between the two sections and at the end.

Rev. Hayes explains in a preface his reason for compiling the religious pamphlet was to satisfy requests of his brethren at the Calvary Baptist church, of which he is the pastor.

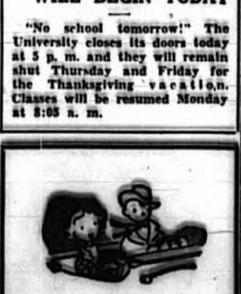

The chapter headings are as follows: "The Abundant Life, The Abundant Life Is a Life of Purity, The Abundant Life Produces Abundant Peace, The Abundant Life Is a Life of Plenty, The Abundant Life Is a Life of Power, and The Abundant Life Is a Life of Power."

"The Program of the New Testament Church" has four subdivisions, namely: "worship, benevolence, education, and evangelism." Rev. Hayes makes most of his observations in the form of notations and in outlines.

### HOLIDAY VACATION WILL BEGIN TODAY

"No school tomorrow!" The University closes its doors today at 5 p. m. and they will remain shut Thursday and Friday for the Thanksgiving vacation. Classes will be resumed Monday at 8:05 a. m.

### More Time for Pleasure When You Use

Oil

Sold by Independent Derby Dealers

### HONOR GROUP GETS FOOTBALL PENNANT

#### Conceived by Blue Key, men honor fraternity, a pennant signifying the 1937 Central Conference championship will be represented at the Washburn game here tomorrow.

The cloth will be donated by the Johnson-Larimer Co., letters will be blocked by the art department and sewing will be done by the home economics student.

The pennant is in keeping with Blue Key's program of campus betterment.

"I can think of no better way to do this than by commemorating this significant football championship," Elder G. Gunter, president, said.

### SEYMOUR ACCEPTS YALE PRESIDENCY

#### Says 'Absolute Intellectual Freedom' is Pledge

NEW HAVEN, Conn.—(ACP)—Pledging Yale "absolute intellectual freedom," Dr. Charles Seymour last week formally accepted the presidency of the university.

"We may look across the seas and take warning," the 52-year-old historian said. "The Yale atmosphere must be so completely impregnated with the sense of freedom that our students going from here will serve naturally and universally as its apostles."

"Every student at Yale should be impressed with the conviction that only through the spread of the liberal attitude in life can the nation find protection from an obscurantist reaction on the one hand or a blind revolution on the other."

Dr. Seymour warned that "unless the complete spirit of academic freedom prevailed among students and scholars, freedom from external influence and internal pressure, we commit the unforgivable sin against the first of academic principles."

He asserted that the absence of the spirit of liberty would be an offense against the principles of education.

### FIVE 'ELECTRIC' EELS BOTHER EXPRESSMEN

#### 'Danger—do not touch' was the warning marked on a circular metal container recently shipped by the Railway Express Agency from the New York Aquarium to Philadelphia.

In this instance expressmen violated one of the agency's cardinal rules, viz. never lift a package by the cord that wraps it.

The container itself could not otherwise be handled, for the shipment consisted of five electric eels capable of generating a current up to 300 volts. No matter what material was used in the container, anyone touching it would get a "jolt," although not very severe.

The hand at the University of Illinois owns nine tons of tunes arranged by Sousa. At least 2,800 hand arrangements, formerly belonging to John Philip Sousa, are in the possession of the band. They weigh more than 18,000 pounds.

### NEW FLAGPOLE IS TO BE BUILT FOR THANKSGIVING DAY

#### Funds Raised by School, Students, Merchants; Cost Is \$150

Hopes were realized this week that the school will have for the Wichita-Washburn game tomorrow a new and respectable flagpole with its cost of \$150, money for which is promised by the school, alumni association, students, and Wichita business concerns.

Kathleen Hite, Sunflower columnist, is largely responsible for student action on this matter, although she said the idea was suggested to her by George D. Wilner, head of the dramatics department. Since early fall she has agitated upon this point.

Charles Black and Eugene Brammer brought the matter to a head when they saw Dean Neff about financial arrangements.

A checkup late yesterday revealed that the following firms had contributed to the flagpole fund: Knorr-Kuhl Clothing Co., Dulany, Johnson and Priest Insurance Co., Geo. Innes Co., Henry's Clothing Co., Fourth National Bank, Western Lithograph and Office Supply Co., Eddie Zonker's Shoes, Kansas Gas and Electric Co., Metz Lumber Co., Riley Lumber Co., Houston Doughty Lumber Co., Christopher Iron Works, Montgomery Ward, and Spines Clothing Co.

The steel pole will be erected at the north end of the athletic field just to the rear of the scoreboard.

### YOUNG REPUBLICANS PLAN ORGANIZATION

Organization of a Young Republicans club on the campus will be considered at a luncheon meeting in the Commons building next Monday at 12 o'clock. Everyone interested is urged to attend. The University club will work with the Young Republicans downtown.

Several Weddings of University Interest Take Society Spotlight

Stables-Woodward, Coleman-Ballard, Graner-Lawrence, Worden-Wieland Are Among Couples

FIVE weddings of interest to University students, one scheduled for Thanksgiving Day, take the spotlight of Shocker society this week.

Fred Worden, whose marriage to Fred Wieland will be solemnized Sunday, Nov. 28, has announced the personnel of her bridal party.

Frances Tompkins will attend the bride as maid of honor, and Mrs. William Hennigh and Mrs. E. W. Detrick of Caldwell will be bridesmaids.

Mr. Wieland has chosen Clewell R. Murphy of Kansas City, Mo., to serve as best man, while William Hennigh and E. W. Detrick of Caldwell will act as groomsmen.

The bride-elect is a graduate of the University where she served as an assistant in the education classes. For the past three years she has been teaching in Caldwell.

PATRICIA CLAIRE COLEMAN, daughter of Mrs. Thomas James Coleman and bride-elect of Phillip Ault Ballard, has chosen her sister, Grace, to be her only attendant at her marriage to be solemnized Nov. 25, at 4 p. m. in the rectory of St. Mary's Cathedral.

Willard Roberts will serve the groom as best man. Both Miss Coleman and Mr. Ballard were graduated from Wichita High School North and attended the University. Miss Coleman was a member of Sorosis sorority; the prospective groom was affiliated with Phi Upsilon Sigma.

At one of the prettiest weddings of the late fall season, Ruth Graner, daughter of Mrs. Emma Clemens Graner, became the bride of Robert Edwin Lawrence, son of Mrs. Charles Smith Lawrence, Saturday noon, Nov. 20, at the United Congregational Church.

The bride was unattended. Ewing Lawrence, Charles Graner, Jr., and Ted Graner were ushers at the wedding.

Immediately following the informal reception at the church, the couple departed for a wedding trip to Chicago. They will be at home to friends after Dec. 15 at the Hillcrest Apartments. The bride attended the University where she was a member of Alpha Tau Sigma.

ANNOUNCEMENT has been made by Mrs. George Stables of the marriage of her daughter, Gladys Barbara, to Richard Davis Woodward of San Francisco, Calif., son of Mr. and Mrs. I. S. Woodward of Wichita. The wedding was solemnized Friday, Nov. 19, in San Francisco.

Mrs. Woodward attended the University where she was affiliated with Alpha Tau Sigma sorority. She is also a member of the Zea Beta Psi society.

The groom attended the University of Kansas, and was graduated from the University of Wichita, where he was a member of Phi Alpha Pi.

The couple will reside in San Francisco following a wedding trip to Lake Tahoe.

MRS. LILLIAN AITON of Kingman announces the marriage of her daughter, Marie, to Ross Gilchrist, Greensburg, son of Mr. and Mrs. Bruce Gilchrist of Kingman. The nuptial vows were repeated Thursday evening, Nov. 18, in the home of the bride's mother, Rev. C. C. Brown, pastor of the First Methodist Episcopal Church, officiated. The couple was unattended.

A wedding dinner followed the ceremony after which the young couple departed on a short trip. The bride attended the University where she was a member of Epsilon Kappa Rho. The couple will reside in Greensburg, where Mr. Gilchrist is affiliated with the Prairie State Geophysical Company.

Musical Club Tells Octette Members

Members of the Beta Nu octette are Eve Anne Hayter, LaVera Acheppohl, Alice Tomlinson, Marjorie Catlin, Barbara Jean Hendrickson, Mildred Wilson, Susan Marcellus, and Frances Redcliff, according to Miss Hayter, president. From this group a trio will be chosen later.

MISS WILSON has been elected to replace Georgia Mae Lilliston as secretary of the octette. Pledge officers, which were recently chosen, are Miss Hendrickson, president; Miss Marcellus, vice president; and Mildred Benefiel, secretary-treasurer.

Gamma Mothers Plan Book Review

"The Nile" by Emil Ludwig has been chosen by Mrs. Oliver Witterman for a book review, sponsored by the Alpha Gamma Gamma Alumni Mothers' club, to be held Nov. 29 at the fraternity house.

Greeks Welcome Homecomers at Gala Celebration

Fraternalities Feature Dinners; Sororities Have Open-house Coffees

Greek organizations had a full day last Saturday as the annual homecoming festivities got underway.

Webster began their celebration with a Founders' Day stag dinner at the Commons Building Thursday night. At the all-day open house Saturday, more than 70 old grads were entertained.

Epsilon Kappa Rho welcomed home some 20 alumnae members, including four ex-presidents, at a coffee immediately following the football game.

Climaxing the day, Pi Alpha Pi entertained 25 graduates with an informal dinner at the fraternity house with Mrs. G. H. Long, house-mother, presiding.

Sorosis honored 25 of their alumnae with a buffet luncheon Saturday noon. Virginia Marsh, Homecoming Queen, was guest of honor.

More than a dozen alumnae of Delta Omega were entertained by the active members at their annual open house following the game.

At the same time, 15 graduate members of Pi Kappa Psi were feted at a coffee and open house by actives.

Preceding the Homecoming game members of Phi Upsilon Sigma presided at an informal buffet supper in honor of 30 old grads and guests.

More than a score of their alumni were complimented by Alpha Gamma Gamma at a stag dinner Saturday at 8:30 p. m. in the fraternity house.

Coffee and doughnuts "served up" the Alpha Tau alumnae at the open house given by active members immediately following the Wichita-Fort Hays football game Saturday.

Webster's Alumni Honored at Dinner

Celebrating the forty-second anniversary of the fraternity, Men of Webster entertained a large group of alumni at their annual Founder's Day dinner, Thursday, November 18, in the Pine Room of the Commons.

Wayne Walcher, fraternity president, was toastmaster, and E. K. Edmiston, president of the Webster Alumni Association, introduced attending members of the alumni group. Mrs. Myrtle Gottschalk, housemother, presided as hostess.

Expounding the early traditions and ideals of Webster, Bert Ludlow, charter member, welcomed the pledges of the fraternity.

Kappa Rhos Compliment Faculty at Tea Sunday

Members of Epsilon Kappa Rho sorority were hostesses to some 35 faculty members at a tea last Sunday from 3 until 5 p. m. in the club house.

Brightly polished red and yellow apples carried out the decorative theme of "apple polishing." Mrs. Leo W. Allman, sorority sponsor, presided at the tea table, and Dorothy Smith, Wilda Faye Greeley, and Margaret Hull had charge of arrangements.

Sorosis Changes Date of Football Open-house

Sorosis sorority, which was to have entertained members of the freshman and varsity football teams at an "open house," Sunday, November 21, have postponed the affair until after Thanksgiving. It was decided by sorority officials that the entertainment would be more convenient after the football season has been completed.

Fraternity Housemothers

EVER popular among the fraternity men are the four housemothers, shown here chatting over their tea. They are, left to right, Mrs. Lella Wilson, Phi Upsilon Sigma; Mrs. G. H. Long, Pi Alpha Pi; Mrs. J. W. Vaniman, Alpha Gamma Gamma; and Mrs. Myrtle Gottschalk, Phi Lambda Psi—Staff photo.

Alpha Phi Omegas Plan Sport Dance

Beta Alpha of Alpha Phi Omega, national scouting fraternity, will entertain at a sport dance in Henrion Gymnasium on Friday, December 10.

Charles Morgan is chairman of the dance committee and has charge of all arrangements. Each active and pledge may invite one couple as his guests. Members of the Feature club, honorary scouting group, and all executives of the Sunflower Council of Boy Scouts of America have been invited.

Butch and Bob's orchestra will play for the dancing from 9 p. m. until 12 midnight.

A special meeting of the group will be held December 8 in the Commons Lounge. All members are urged to attend.

French Plays Are Program Feature

French plays, French music, and a dinner will be included in the annual Christmas program of Le Cercle Francais, Monday, Dec. 13, at 8:30 p. m. at the University Commons, according to Miss Jaquetta Downing, head of the French department.

Jane West, chairman, will be assisted by Susan Marcellus, who will arrange the music. Everyone interested in French is urged to attend and may make reservations in the French office.

Calendar

- Thursday, Nov. 25—Washburn here (Thanksgiving).
  - Friday, Nov. 25—Varsity Thanksgiving.
  - Wednesday, Dec. 1—Student Forum.
  - Thursday, Dec. 2—"Blue Light"
  - Friday, Dec. 3—Military Ball
  - Thursday, Dec. 9—"Elizabeth, the Queen"
  - Friday, Dec. 10—"Elizabeth, the Queen"
  - Friday, Dec. 10—Alpha Phi Omega dance.
  - Saturday, Dec. 11—"Elizabeth the Queen"
  - Saturday, Dec. 11—Alpha Tau Sigma skate benefit.
  - Monday, Dec. 13—French club dinner.
  - Friday, Dec. 17—Alpha Gamma dance.
  - Saturday, Dec. 18—Phi Upsilon Sigma dance.
  - Monday, Dec. 20—Sorosis dance.
- Students in the police school at Michigan State college are taking over the direction of traffic on the campus. Town and university police are helping the boys practice their lessons.

Y.W.C.A. Will Have Initiation Service

Formal recognition services will initiate some 150 women into the University Y. W. C. A. at the next meeting Wednesday, Dec. 1, at 6 p. m.

Virginia Marsh, membership chairman, assisted by Catherine Dedrick and Margaret Branson, is planning the ceremony, which is an annual service in which all members are urged to take part.

With the money collected at the Thanksgiving convocation, a basket is being prepared by the Y. W. for some "poor and deserving family." Marjorie Royer and Eugenia Ver Wiebe, service chairman, have charge.

Freshman members present the program for the regular January meeting. Josephine Rice, secretary of the freshmen commission, has charge of arrangements.

Sports Board Has Ice Skating Party

Dorothy Strickland will entertain board members of the Federation of Women's Sports and Recreational Activities with a chile supper at her home Monday, November 29, at 6:30 p. m. The dinner will be followed by an ice skating party.

A list of guests includes: Evelyn Hinton, Lett Dobbin, Aileen Collins, Catherine Dedrick, Mary Harrison, Jane Hudson, Virginia Russell, Audine Bellford, Nellie O'Brien, Vivian Melcher, and Martha Barrett.

Barrett's Uniform Is 'Smallest'

Final alterations on the Honorary Colonel's "smallest" uniform are being completed this week.

According to military officials, Colonel Beulah Barrett wears the smallest uniform ever made for a University Honorary Colonel. The cadet-gray outfit which is of Miss Barrett's own selection, is trimmed in black piping, and includes an overseas cap, black Sam Brown belt, black boots, and a matching grey military cape.

Prior to last year the University's Honorary Colonel furnished her own uniform but now the local R. O. T. C. furnishes the entire garb with exception of her riding crop and gloves.

Beginning this week, Miss Barrett will appear on the drill field when the troops march so that she might become familiar with the military drills and formations.

Coeds Go In for Hearsay Judged Fashionable Back in Grandma's Day

SCARFS, scarfs, everywhere, but not a hat in sight—that's the campus this year.

Draped over, across, and around heads of more than half the coeds, these three-cornered affairs appear in every color, dimension, and arrangement.

Some succeed wonderfully in achieving either outlandish or clever creations. The usual result is a limphandish effect, although the peasant trend is everywhere.

This was not only grandmother's type of headgear in days gone by, but the fashionable headdress of all up-to-the-minute immigrants. Even "Aunt Jemima" favors this style of head covering.

Every day is flag day with these multicolored triangular pieces waving in the winter breezes. No possible—or even impossible—color combinations have been overlooked.

It is no longer the question of to wear, or not to wear head scarfs, but how to wear which color of them, or don't you think so?

University Players Pledge Ten Sunday

Meeting at the home of George D. Wilner, organization sponsor, the University Players held pledge services for ten dramatics students Sunday evening, November 21.

Stanley Diamond, president, had charge of the ceremony, which followed discussions of the activities and aims of the group. Hamble Fairleigh explained the University Players' association with the National Collegiate Players.

Light refreshments were served by Mrs. George D. Wilner, hostess. A list of guests includes: Mr. and Mrs. George D. Wilner, Mrs. Mary E. Rose, Ann Nichols, Virginia Marsh, Eleanor Martin, Dorothy Perry, Marie Weiland, Stanley Diamond, Katharine Landowee, Ralph Hardins, Jim Winick, Gene Spitzer, Stanley Hamilton, Hamble Fairleigh, and Merle Millham.

Members of Fine Arts Present Tea Program

Artists from the University of Wichita downtown division presented the program for the musical tea of the Young Business Women's League at the Y. W. C. A. Sunday afternoon.

Those who appeared included Floyd B. Tompkins, who sang two groups of selections; Mrs. Carol Shelly Williamson, readings; Mrs. Elizabeth Augustine, cellist; and Mary Eby, harpist.

Mrs. Rene Gouldner and officials of the University College of Fine Arts arranged for the music.

Have Ya' Heard!

Just call us the "UNSCORED-UPON CENTRAL CONFERENCE CHAMPS"—that's the only name we answer to now.

Don Tewell bites a hunk out of his glass while viewing a floor show after the variety.

Question-of-the-week: Why should the opinions of three judges decide "Buck-up-up" if you know what I mean.

Kappa Rho Williams snarls Gillenwater for Sunday night standing dates. And Jack Armour, after listening to market reports, decides he'll offer 22c per pound for Sammy and no more.

The Myers-Bodkin duo are swingin' again—don't try to keep up with that one.

With the big holiday almost upon us, Droll's will be the meetin' place for Shocker ladies and lassies.

# GRID SEASON WILL CLOSE TOMORROW

## Shockers Will Try to Annex Seventh Victory

Attempting to chalk up their seventh victory of the season, the Wheatshockers entertain the Washburn Ichabods at the University Stadium tomorrow afternoon at 2:00 p. m. in a Thanksgiving Day feature. Regardless of whether the Shockers win or lose, the season has been most successful. Winning the Central Conference without being scored upon was a feat in itself, but in addition the victory over K. U. was enough to make the season triumphant. If the Shockers win tomorrow they will have the proud record of victories over every other Kansas team played.

**Ichabod's Season Poor**  
Washburn has been having a miserable season, losing to Kansas 25-2, to Emporia 12-6 and to Oklahoma Aggies 26-0. Wichita played these same teams losing to only the Oklahoma aggregation, 14-8. Wins were thrashed out over Kansas 18-7 and over Emporia 13-0.

This year the two teams renew their Thanksgiving Day feud. Last year Wichita opened its 1937 schedule at Topeka and was soundly defeated, even after going into the game as a decided favorite, 13-6. Washburn went on to have a fair season, but this year they have shown nothing so far.

**Competition Keen**  
Coach Elmer Holm has led his Blue eleven into a mighty stiff season. Losses have been made to such schools as Drake University, Grinnell, Colorado College, Kansas State College, St. Mary's of Texas, and St. Benedict's.

As competition will be keen, an upset might be predicted. Rivalry is great between the two teams and Washburn, being the underdog will be fighting an uphill game while the Shockers will be forced to play hard in order to keep on the long end of the score.

**Shockers Injured**  
The game with Fort Hays proved disastrous to the yellow and black eleven. John Cotter suffered a badly broken nose and may not be able to play tomorrow and Barney Nash suffered an injury to his ankle. Other minor injuries were received by many of the players and if scrimmage is hard there may be several on the injury list for tomorrow's classic contest.

An interesting comparison as to relative rank in their respective conferences: Wichita finished first in the Central conference with no ties and no losses, and Washburn finished last in the Missouri Valley with no wins and no ties.

Shockers will remember little Vigolia, who last year as a substitute ran circles around the Wichita eleven. Vigolia this year is at his position of halfback and is working all the backfield members of the opponents. His running mate, Brady, is a former color guard from Hutchinson High School. Brady has been a colorful player, and is a triple threat man, the opposing team never knowing whether he will run, pass or punt.

Possible starting line-up for tomorrow afternoon:

WASHBURN	WICHITA
Brown	Stewart
Knap	Martin
Risher	Folwell
Holmberg	Tweed
Dink	Ward
Lohrey	Gawthrop
Brinkman	Smith
Vigolia	Smith
Brady	Nichols
Tark	

## GAMMA, WEBSTER TO FIGHT IT OUT

Historic Game Is Set for 9:30 a. m. Thursday

Since 1931, the annual Webster-Alpha Giam football game has been a high spot of the fraternity year. To date six games have been played with the Phi Lambda Psi's winning three, losing two, and playing to a scoreless tie in 1933.

The game will be played at 9:30 a. m. tomorrow on the practice field north of Administration Building.

**Beer Keg Is Prize**  
The coveted prize for which these Greek organizations battle is an old oaken beer keg that was donated by alumni of both chapters. Each year the winner is awarded its possession until next Thanksgiving.

Men of Webster won in 1931 and 1932, 14 to 0 and 8 to 0. The next year, 1933, they played to scoreless tie. The Alpha Gams won 25 to 0 in 1934 and 1935 saw the Alpha Gams repeat with a 9 to 6 victory. Last year's game again went to the Websters by a score of 18 to 0.

**Websters 1936 Victors**  
By virtue of their last year's victory the Websters will take the field tomorrow morning as decided favorites to repeat their last victory.

Charlie Wilson is coaching the Webster team while Harold Hurl is the Alpha Giam coach.

Probable starting lineups are:

WEBSTER'S	ALPHA GAMS
Andrew	Brown
Smith	Stewart
Wilson	Martin
Orin	Folwell
Stewart	Tweed
Stewart	Ward
Funderberg	Gawthrop
Glen	Smith
Pegaus	Nichols

**Pegasus Elects Hinman**  
Goodie, West to Offices  
Ruth E. Hinman, sophomore and member of Pi Kappa Psi sorority, was chosen president of Pegasus at the meeting Nov. 9, according to Miss Gladys Taggart, sponsor.

Other officers of the riding group are Helen Goodie, social chairman, and Jane West, representative to the P. W. R. A. Pegasus meets every Tuesday at 4:20 p. m.

## TOM MIX TO PLAY AGAINST WICHITA

Shockers must be wary of the man of the wide open spaces tomorrow afternoon. He's Tom Mix, namesake of the man of cowboy fame.

Tom Mix will trot onto the gridiron tomorrow afternoon with a leather helmet replacing his ten gallon Stetson and, cleated shoes replacing his high heeled shoes. His chaps will be absent with a pair of padded football pants replacing them.

Tom's deadly weapon will be, in the form of his ability to snag passes just like the Cowboy Tom ropes in the calves, or shoots down the villain in a western thriller.

Yosh ladies and gentlemen Tom Mix is coming to town!

## W. U. TRIMS FORT HAYS 13-0 TO WIN TITLE IN LEAGUE

### Shockers Outplay State School Throughout Entire Game

With one game left on the heaviest schedule Wichita has had in recent years the Shockers count their season already a success in view of their first Central Conference championship since 1933.

The Shockers got away to an early start and stayed in front throughout the game, blanking Fort Hays State 13-0.

Wichita let loose with all her guns in the opening period to score in six plays. The tally followed a 65-yard parade which took two minutes 19 seconds of playing time. The second touchdown came on a short pass to Gawthrop five minutes later.

**Locals Have Power**  
Fort Hays seemed dazed by Wichita's powerful drives in the first period and were outplayed in all departments.

Fort Hays threatened in the last period when they had the ball, second down, on Wichita's five-yard line. Two cracks at the line and an incomplete pass gave Wichita the ball only half a yard nearer the goal. At the game ended Wichita had another touchdown in their grasp but Neihage hit the line and was stopped on the three-yard line.

Wichita had the edge in statistics making ten first downs to six for Hays. The line threw four for Shockers on passes to one for the Shockers which makes the total ten for the Tigers and 11 for Wichita.

**Hays Pass Conscious**  
One reason for Fort Hays' apparent inability to solve the Shockers' attack was that they were obviously worried by Wichita's passes and although they completed more for greater yardage most of theirs were in mid-field while the Shockers used passes to score one of their touchdowns and another for what looked like a score to everyone but Umpire McLean who ruled that Brill, who leaped to catch Smith's pass stepped just outside the playing field.

Timeouts were frequent in the game because of injuries. Six Shockers were hurt and removed from the game but most of them will be in shape to go against Washburn Thursday.

Because of the extreme cold weather an estimated 3,200 persons, one of the smallest homecoming crowds in history, witnessed the game.

Wichitans Unscored on in League Play; Season Was a Good One

CENTRAL CONFERENCE STANDINGS	W	L	T	PTS
Wichita	6	0	0	100
Emporia Teachers	1	0	0	57
Hays State	1	0	0	20
Pittsburg Teachers	1	0	0	20
Southwestern	0	4	0	0

Fulfilling early season predictions the University of Wichita Wheatshockers won an undisputed Central Conference championship, their first since 1933, by defeating the powerful Hays Tigers 13-0 on a frozen gridiron.

Wichita was undefeated, untied, and unscored upon in conference play which establishes a record that has not been duplicated in the Central conference during the last decade.

The Shockers this year have played one of the toughest schedules in their history and have had one of the best teams that has ever been turned out here.

Undoubtedly when all-conference and all state teams are picked the Shockers will get prominent places in the listings. This year Wichita seemed to be possessed of an uncrackable line which was bulwarked by fine backs. Capt. Tromer Smith and all-state halfback Harold Brill were the sparkplugs of Wichita's scoring power and did much to help keep their conference record clean.

However, the Shockers undisputed championship does not end the Central Conference season. Emporia Teachers meet Pittsburg in a Thanksgiving Day battle that will decide second place in the conference.

An Emporia win would greatly simplify matters by giving them sole right to the second rung of the Central ladder. However, should Pitt come through with a victory the second position would be thrown into a three way tie between Hays State, Emporia and Pittsburg.

**Freshman Says 'Gig' \$7,500**  
Times for His Part in 1937  
A University of Minnesota freshman has had to say "Gig" \$7,500 times in the last few weeks. That one word is his entire speaking part in a play.

Pictured above are Bill Wylie, end; Paul Lark, fullback; Mike Rasher, guard; LeRoy Massey, center; and Tom Mix, end. These men are outstanding players on the Ichabod team and Coach Holm is depending on them to help provide an upset in tomorrow's game here which begins at 2 p. m.

## Seven Shockers To Play in Last Game Tomorrow

Gawthrop, Ogden, Nye, Ward, Cotter, Nash, and Gill Leave Behind Envied Records

**S**LOWLY lacing up their shoulder pads soberly pulling on their black jerseys, seven members of the 1937 Central Conference champions will be preparing for their last college game. Such will be the scene in the dressing room preceding the Washburn game tomorrow afternoon.

Pike Gawthrop will be picking up No. 25 jersey for the last time during his college days. Pike has been an excellent quarterback this year. Although the squad has many quarterbacks in reserve, there will not be the colorful, hard playing Pike backing up to get under a punt.

**Seniors Leave Memories**  
Jackie Ogden, who carved his name in the memory of fans with his sensational 65-yard run to score first against K. U., will wear his No. 11 for the last time. Jackie is small, but his fast stepping toes have always been a thrill to the most unmoved fan.

Paul Nye, end, will don his uniform and No. 31 jersey for his last collegiate football game. Paul played on the Pacific coast two years and so only had one year of competition left in collegiate circles.

Hard charging Orville Ward will not get to participate in his last college game due to a knee injury sustained earlier in the season. Orville hails from Holington and it was a treat to watch when he charged the line. His fullback duties have been taken care of during his absence, but even so, Orville has been missed this year.

**Injuries Are Bother**  
John Cotter will lumber out for his last game too. With his No. 42 being dirtied up on every play, Cotter has been a dependable tackle during his college career and his drive and fight will be missed.

The man who played such a bang-up game at center against Fort Hays Saturday will be playing his last college game, Barney Nash, No. 27. Barney has been a dependable center, seldom if ever making a bad pass to the backfield men.

The last of the senior seven is Carl Gill. A sport in every respect, Carl will be ready to enter his last college game. Gill is a reserve guard, but has been bothered with injuries and complications this year. His number is 34.

## BOTH CITY RADIO STATIONS TO AIR GAME BROADCAST

Officials Reverse a Rule Made at Beginning of the Season

When the opening whistle blows at this Saturday's football clash with Washburn both of Wichita's broadcasting stations will be present with their "mikes" in their respective boxes perched high above the west stadium.

At a meeting of the Board of Regents two weeks ago Tuesday the decision made at the outset of the season was reversed. As a consequence the game with Hays Teachers college was available to armchair fans in their homes.

Reportedly the decision gratified popular acclaim, which desired the radio description.

Whether it was the weather last week or the presence of the broadcast that caused the smallest crowd of the season, authorities have not yet decided.

The second largest attendance of the sport year is expected for this Thursday's tilt with the Washburn Ichabods.

## BARRETT WINNER OF CHAMPIONSHIP

Russell Defeated; Alpha Tau Gets 15 Points

Martina Barrett defeated Virginia Russell in the finals of the badminton tournament with a score of 11-3, 11-4, to retain her championship for the second successive year.

Miss Barrett's victory gives Alpha Tau Sigma Sorority 15 points in the inter-society cup race; Sorority Sorority receives ten points for runner-up. Consolation tournament winner will get five points for third place.

Pulling out of a decided slump, the consolation is once more on its way, and there are now definite hopes and signs that some day someone will win it.

Winner of the consolation will be determined by the results of the following games: Bobbie Braley vs. Martina Daniels; Audine Bedford vs. winner of Braley-Daniels match; winner of latter match plays winner of Dorothy Taylor vs. Josephine Corbett match for the championship, and the third place points.

**Liurance Speaks 'Music of America' Dec. 2 at Studios**  
Thurlow Liurance, dean of the College of Fine Arts, will give a music appreciation talk on the "Music of America," Thursday, Dec. 2, at 8 p. m. in Philharmony Hall. All students of the Downtown Studios are invited.

## Between the Halves

By Merrell Kirkpatrick

**T**O DATE this season the Topeka Ichabods have won a game. Their game with the Shockers tomorrow is their last chance to redeem themselves and are pointing plenty for a win over the Wichitans.

## CORNELL TO TRY SIMON-PURE PLAN TO AID STUDENTS

**A**thletes Will No Longer Get Special Privilege for Their Playing

ITHACA, N. Y.—(ACP)—A new athletic code which bans football subsidizing and recruiting yet does not impose arbitrary restrictions on scholarship or financial aid to undergraduates, has been adopted at Cornell University.

The code provides for unqualified university control of all student aid direct or indirect; bars so-called "transfer students" from all intercollegiate competition and forbids more prep school proselytizing.

A new board of athletic policy will not only supervise all matters of financial aid to athletes but has final authority over eligibility, apart from that involving academic standing.

The code is substantially the same as the "triple agreement" under which Harvard, Yale and Princeton operate. Its adoption is another step in the objective of eastern universities to standardize principles as well as practice.

Football schedules are specifically limited to eight games, post-season games are out, and athletic schedules are to be made, so far as possible, "only with teams representing institutions employing similar standards of eligibility training methods."

Athletic Director James Lynch said with regard to the "Big Three" code and Cornell's new rules:

"Regardless of gossip... I know that these colleges are making an honest and sincere effort to control properly the matter of financial aid to students participating in athletics... by requiring all candidates for competition in any sport to disclose full information as to the amount and source of financial aid into the open. It removes the motives for concealing of such aid on the part of students; and dignifies the position of one receiving such aid instead of demeaning it."

Wichitans Should Place Dean Neff was in the pro during the game last Saturday he was holding out for a score, and what's more he got it twice. He is one of the ardent fans I have ever seen. After the Hays game I'm to proclaim louder than ever that Wichita will be cheated if six Shockers players don't conference honors.

When Perino was taken the last game with an injury it was the first time his entire football career, high school, and two of college football, that he left a game because of injury.

*— and notice this —*

Notice the pure white cigarette paper... notice how every Chesterfield is like every other Chesterfield — the same size and every one round, firm and well-filled.

Notice when you smoke one of these Chesterfields are milder and how different they taste. That's due to the careful way Chesterfield tobaccos are aged and blended.

*Mild ripe tobaccos and pure cigarette paper... that's why they're MILDER why they TASTE BETTER*

**Chesterfield**  
.. they'll give you MORE PLEASURE
