Roundtable to Consider Campus Industry Question

Wall, Croft, Branson, Hitchner, and Schnugg Will Discuss Homework at Meeting

An official statement was issued today to the effect that there is to be no more home work assigned to University of Wichita students.

THE ABOVE STATEMENT would be nice if true, but unfortunately it is only what students would like to see in print.

Do University of Wichita students have too much homework? Should homework be lessened so that more time can be given to extra-curricular activities? Can one secure a better education by enrolling in a three-hour course and reading one text book than he can by spending three hours in the library reading a variety of books?

No, this is not a reprint of Professor Quir's last radio program; it is merely a preview of some of the questions that will be discussed at the next Roundtable to be held Wednesday, Nov. 20, at 8 p. m., in the Y. W. C. A. Room.

Here Is Your Homecoming Schedule

- FRIDAY, NOV. 15
6:30 p. m.—Chuck Wagon Supper for everyone.
7:15 p. m.—Big Bonfire on the campus. Homecoming Queen will light the fire.
7:30 p. m.—Judging of the beard growing contest at the chuck wagon.
8:00 p. m.—Snake Dance downtown. Meet at St. Francis and Douglas and dance to Civic Theater. A pep rally and picture will be presented. 10 cent fee will admit students with activity tickets.
SATURDAY, NOV. 16
2:00 p. m.—Wichita-Wyoming game in Shocker Stadium.
5:00 p. m.—Alumni Coffee in Common.
9-12 p. m.—Homecoming Varsity. Homecoming Queen will be presented by Blue Key honor fraternity.

DIRECTORY SALE STARTS MONDAY AT BOOKSTORE

Copies of the student directory for 1940-41 will be on sale next Monday in the University Bookstore, according to David Bearden and Curtis Winters, Jr., co-editors.

Directories may be purchased for 10 cents. "The low cost of the book is made possible by the advertising which it contains," stated Mr. Bearden.

TICKET SALE FOR BALL IS STARTED

Formal presentation of Miss Verona Layman, honorary colonel, will be made for the first time Friday, Nov. 22, in the Rose Room of the Forum when the annual military ball of the R. O. T. C. takes place.

ROBINSON GROUP HEARS W. U. DEAN

Respect for our country and its institutions is a quality which the American people must develop, declared Dr. L. H. Robinson, dean of the College of Liberal Arts, in a lecture delivered before the Parent-Teacher Association of Robinson Intermediate School this week.

HEKHUIS ADVOCATES RESPECT FOR AMERICANISM

Respect for our country and its institutions is a quality which the American people must develop, declared Dean Hekhuis, in a lecture delivered before the Parent-Teacher Association of Robinson Intermediate School this week.

FIRST NOON MIXER MEETS IN LOUNGE

At noon today the first daytime mixer of the year will be held in the Commons Lounge.

THE COUNCIL is trying to obtain latest records to play on the nickelodeon, so that the mixer will be more successful, he said.

WELLS DEMANDS 'BIG STICK' PLAN BE TRIED BY U. S.

If the United States is ever going to attain what it wants in Latin America, it will have to back up its demands with force, Linton Wells, reporter and foreign correspondent, told a Student Forum audience last night.

"We can get whatever we want if we go after it in the right way," Mr. Wells said. "The United States must go back to the old days of Theodore Roosevelt when his policy was 'Speak softly but carry a big stick; waggle it when it becomes necessary.'"

FORUM SPEAKER DECLARES LATIN-AMERICA RELATIONS WEAK

Mr. Wells asserted that the United States can never develop cultural relations and improve diplomatic, economic and other forms of relations with Latin-America because there has never been any real friendship with these countries.

HARTMANN LAUDS U. S. UNIVERSITIES

That American universities offer the advantages of education to more students than those of Europe was the opinion expressed this week by Dr. Frederick Hartmann, assistant in the department of chemistry.

EUROPEAN SCHOOLS CONDUCT ORAL EXAMINATIONS

Even before the war, fewer students attended European universities than those of this country," Dr. Hartmann explained.

A.P. GIVES STORY OF SPEECH WORK

Work done at the University's Institute of Logopedics is being featured in a syndicated story by the Associated Press.

CAMPUS 'TICKET-TAKERS'

In an effort to reduce the number of campus traffic violators, Blue Key here presents a week-by-week summary of traffic infractions, and asks the aid of all students in reducing the totals.

HOMECOMING QUEEN TO RULE SATURDAY AS SHOCKERS FIGHT FOR FIFTH VICTORY OF YEAR

Western Regalia Gives Campus Appearance Of Klondike

If the campus resembles a Klondike mining town this week-end it will be because students and alumni of the University are taking seriously the round-up theme of Homecoming.

For with beads and boots on all sides, with hickory shirts, chaps, and sombreros in place of sport sweaters, nylon, and high heels, the campus looks different. It is Homecoming—and the western costumes are part of the atmosphere.

COATES SELECTS I.S.A. HEAD FOR FESTIVAL ESCORT

Peggy Coates, newly elected Homecoming Queen, has selected Jimmy Costello, president of Independent Students Association, as her escort.

STADIUM PLANS AWAIT APPROVAL

Seats for 7,728 people are provided in the University's plans for a new stadium, which were submitted to W.P.A. officials in Washington last week.

WYOMING COWBOYS HOPE TO END LONG STRING OF DEFEATS

Wichita's football Shockers will still be trying for that elusive fifth victory of the 1940 season when they tackle the University of Wyoming Cowboys Saturday afternoon in Shocker stadium starting at 2 o'clock.

Homecoming Queen Peggy Coates, attractive president of Delta Omega sorority, will reign over Homecoming activities Friday and Saturday.

Reports from Laramie indicate that the Cowboys are preparing a strong offense to spring at the locals. Several backfield men who have been out of recent games with injuries will be ready to go, and there is marked improvement in the entire play of the visiting squad.

LITERARY GROUP CONSIDERS TIE-UP

Suggestions that Writan, campus literary organization, begin negotiations to affiliate itself with a national organization were approved at a meeting of the group Tuesday night.

AVIS CARLSON SPEAKS TO GROWING CLUB

Mrs. Avis Carlson, Wichita professional writer whose articles have appeared in several national magazines, spoke to the group Tuesday.

INSTITUTE DIRECTORS VISIT MANY GROUPS

Dr. Martin F. Palmer, director of the Institute of Logopedics, recently interviewed speech handicapped children in Anthony, Kansas, under the auspices of the Anthony Public Schools.

HEKHUIS ADVOCATES RESPECT FOR AMERICANISM

Respect for our country and its institutions is a quality which the American people must develop, declared Dean Hekhuis, in a lecture delivered before the Parent-Teacher Association of Robinson Intermediate School this week.

Facing the Issue

Reaction:

WHAT MEASURES can be taken to make campus varieties more attractive, to and better attended by University students?

Proposition:

- 1 Arden Burkett, freshman: I think varieties would have a better attendance if the admittance price were lower.
2 Mary Alice Baker, freshman: You can't blame this problem on the girls. All they need is an invitation.
3 Francis Foyers, junior: Those varieties which are well-attended are so crowded that it is impossible to dance. I suggest more adequate facilities.
4 Bill McAfee, sophomore: I suggest that we have more attractive girl stags, coeds, or otherwise.
5 Warren Tomlinson, sophomore: I think varieties should be held in the Commons Lounge so there will be a good floor to dance on.
6 Bill Brunson, sophomore: I believe there should be more stags. Varieties are just a date affair now.
7 Donna Lou Dewees, senior: I feel that more advertising and more noon mixers would help solve the problem.
8 Yvonne Harrison, freshman: I suggest that varieties be held on school nights in order to increase the attendance.
9 Jimmie Farrow, senior: Why not have a floor show?
10 Elva Logue, freshman: I suggest that high school students be barred from admittance and that the admittance price be cut.
11 La Vetta Bolan, junior: Since Friday night is date night for most students, Varieties should be on Friday whenever possible. Fellows should bring their dates to the Varieties instead of going elsewhere. There should be more publicity about the fact that we will have no noon mixers unless the Varieties are supported.
12 Katherine Nash, freshman: If everyone went stag, they would have more fun.
13 Morton Spector, senior: The Varieties should have better publicity.
14 Mary Anderson, sophomore: What's wrong with the way they are? More people should know how much fun they are.
15 Kathleen Hitchner, junior: We should have more evening mixers with no dates. Stags ought to be charged more than those with dates.
16 Francis McAnarney, freshman: They cost too much.
17 Gaylord Smith, senior: The men's gym would be a better place to dance in than the women's gym. We need a bigger and better place to dance.
18 Darlene Jansen, sophomore: The committee should plan more novelty dances to get people acquainted. Give the Varieties more publicity.
19 Ethel Jane Meyers, junior: Varieties are held too close together. There should be a greater elapse of time in between them. Stags should be charged about 75c while other tickets should be 50c apiece.
20 Bill Bothwell, freshman: It's silly to have girls line up on one side and boys on the other for trading dances. When you come to a dance with a girl you want to dance with her.
21 Gene Setzer, senior: Make 'em dutch or lower the tariff.
22 Dorothy Thompson, junior: Fellows should be encouraged to bring their dates to the Varieties instead of going elsewhere. The Varieties should be put on a night when nothing else of importance is going on.
23 Margie Mardis, junior: More entertainment should be planned beside dancing, and more novelty dances planned.
24 Tom Slattery, freshman: More advertising is needed and more planning ahead of time. If they are all like the last one they'll be O. K.
25 Don Holler, freshman: Why not organize a school orchestra to play for them and cut down on the expense.

Collegiate World

Europe's war is posing a difficult problem for American college libraries. Robert Bingham Downs, director of the New York University libraries, declares it is extremely hard to keep necessary collections of foreign periodicals and books up to date.
In view of the exodus of scholars from Germany, some quarters have raised questions as to the present value of German learned publications. But it is the general feeling among educators, Mr. Downs reports, that at least the leading journals in several fields of knowledge should be continued for the present.

With the coming of the war foreign currencies have fluctuated in value, insurance and carriage have steadily increased in cost, and deliveries are slower and more uncertain, says Mr. Downs. Advance payments have been required on serial subscriptions, with no assurance that publication would not be suspended before the subscription expiration date. The workings of the British embargo have not always been predictable, though the interference has been less noticeable perhaps than during the World War.

Freshmen students of English can now reach for a magazine instead of a text book. Designed in an illustrated magazine format the Freshman Prose Annual—hailed by publishers as the first new idea in textbooks in 15 years—was edited by Drs. Mody C. Boatright, University of Texas; Robert M. Gay, Simmons college, Boston, and George S. Wykoff, Purdue, Lafayette, Indiana.
Material is grouped under five sections, college life, problems of social adjustment, democracy and war, science and literature—all illustrated with snapshots, cartoons and masterpiece reproductions.
The magazine-text, introduced this fall, is already in its second printing.

University of Utah is gaining international recognition with publication by the Oxford University press of "Shakespeare's Documents," two huge volumes consisting of 296 documents.
Work of compiling and editing the documents was done by Prof. B. Roland Lewis of the university's English department and Shakespeare laboratory.
Pre-publication carbon copies of the original volumes were sent upon request to the British museum and the Folger Shakespeare library in Washington, D. C., largest and most complete library of its kind in the world.
World critics have acclaimed the massive work as among the greatest ever published. Professor Lewis is now at work on a biography of Shakespeare based upon the two volumes.

Education with your lunch is the new vogue in the college of business administration at Kent State university.

Shocker Shots . . . by Boles

THIS new idea of chuck wagons serving the food to the students tomorrow night should convincingly increase the popularity of Homecoming. For 20 cents you will receive two hot dogs, an apple, either potato salad or potato chips, and marshmallows. You may buy tickets for this chuck wagon deal from Whopk Club members or at the Rotunda of the Ad building today and tomorrow. This plan will go on despite weather conditions, for, if the weather is too bad, it will be realistically carried out inside.

A LITTLE poetry for the intellects of the campus. I have entitled— Ain't It The Truth Our hats in silent awe we raise, As the sandman beckons from afar. And a modern mother softly plays, "Beat Me Daddy, Eight To The Bar." Tom Horton.

IT IS NOW my sad duty to publicly inform you that Bob Jones is still the god sports editor of the Sunflower, since he said Emporia would win by one touchdown, and they did. Borinously yours missed it by nine points, and thusly bows down to B. J.

COMMERCIAL for Sunflower advertisers is now coming up, and I seriously urge all the students of the University to read the ads and patronize these advertisers. These business men support the school, therefore the school should support them.

"DEACON" WYLIE is experiencing the cruel fates of life, as traffic violation on the campus continue to rise despite his hard work as chairman of the safety committee for Blue Key. He has done a nice job, but changing the attitude of some of our campus drivers is no lead pipe cinch as Wylie will tell you.

UNDERSTAND that the Sorosis girls are having all sorts of trouble, and a quote that I made up for B. J. Roberts goes something like this—We are seriously considering having the state put a highway through our sorority house since it would save needless wear and tear on the roof and windows." So it's Highway 15 to the Sorosis house hereafter, fellows.

Gene Setzer, senior: Make 'em dutch or lower the tariff. Dorothy Thompson, junior: Fellows should be encouraged to bring their dates to the Varieties instead of going elsewhere. The Varieties should be put on a night when nothing else of importance is going on.

Trained Dogs Guide Blind Students Through College

BLINDNESS IS NOT an impossible handicap to Celessa Blakeslee and Ruth Rigg, sophomores at the University this year, for they can accomplish practically all the things other students do.

Miss Blakeslee's constant companion is Molly, her seeing eye dog, which she obtained in August, 1939, before she entered the University. "I didn't expect to have a dog for another year," she said, "but when I received an airmail letter telling me that I could have Molly, I was certainly happy."

Miss Blakeslee carries a 16-hour course this year besides working at the Wichita Workshop for the Blind. She takes class lectures in Braille. Miss Blakeslee is majoring in sociology and has a minor in speech. "I would like to do something of social work or lecture work when I am graduated," she said.

Takes Oral Tests Her handicap does not exempt her from examinations. Some professors have her write the answers on the typewriter as an assistant reads the questions. "Learning to write the Braille alphabet means learning it backward as well as forward, because one writes Braille from the right to the left in order to read it as other people read," said Miss Blakeslee.

She attended the Kansas City School for the Blind until she was a senior in high school. The last year she took at Wichita High School East. She started to grade school at the age of nine but because of her superior grades, she was permitted to "skip" two grades.

Miss Blakeslee has two readers who help her with class preparations. They are Miss LaTrea Tyler and Miss Jeannette Reigel. Molly is also pursuing a college education. "Because people are attending every class with me, and one professor even gave her a final grade. I enjoy picture shows, too, if they are good." She also likes dancing, horse back riding, swimming, and other sports.

Required Subjects Theory Is Supported By Wichitans

BY A UNANIMOUS vote, educators, business men, and students disagreed with the view held by Lincoln Steffens, former reporter and editor, in his biography, that universities should not have required subjects.

"I found myself busy, as my classmates were, in choosing courses," Steffens wrote of his own university experiences. "The choice was limited and, within the limits, had to be determined by the degree we were candidates for. My questions were philosophical, but I could not take philosophy, which fascinates me. I had gone through a lot of higher mathematics which did not interest me at all."

In general the educators, business men, and students who were interviewed held forth two arguments in favor of the subject requirement. "The young man who enters university at a much younger age than formerly they do not know what they want to do, and required courses in at least one channel, forces them to professionalize even though they had not planned to do so."

Upholding the students' side in the question Harold Brown, president of Student Council, said that for those students who want to specialize there should be a special degree, which would not have the significance of an A. B. degree, but would show the world that the student had a college education. "Most students, especially underclassmen, do not know what they want and it is my opinion that the advice of older men in the field is very helpful to them in planning their courses," Walter Tall, executive secretary of the Student Forum, said.

On Their Way to Wichita's Homecoming

Although Homecoming at the University of Wichita this week-end is attracting all sorts of get-ups, the covered wagon here is purely a fiction of the Sunflower artist, Roger Feppard. But the girls are not. They, and hundreds of others, are a very real part of the Homecoming program. Pictured are Grace Coleman, Virginia Martin, and Lillian Roth.

W SHOCKERS MEET TOUGH WYOMING FOE

Big Seven Squad Will Furnish Homecoming Opposition

(Continued from Page 1)

...and one of the best linemen in the Big Seven, the line is big and rugged. The other tackle spot will probably be filled by Oscar Brudy, a tough 200-pounder.

At the guard positions Al Lokane, a tough, fighting sophomore, will probably start, and the other guard position goes to Kenneth Cook, Duke Durewek, Walt Umback or James Pitts. The center spot is well taken care of with 180-pound Herbert Witham in the grooves, backed up by Henry Brown and John Gunning.

Coach Blanchard has several good ends, the best of whom appear to be Nick Karpan and Joe Jeleca, both weighing around 195 pounds. Other experienced wingmen are John Patterson and Jack Amerson.

In the tailback spot is fiery little Louis Dunnigan, a 100-pound package of running dynamite. Dominick Freley is a hard-driving 185-pound fullback. A good passer is Dick Bostwick, and others who will see service in the backfield are A. O. Noel, R. C. Rogers, Joe Wilmot, Bill McNamara, Ray DeBolt and Eugene Jones.

Shockers are Ready Coach Al Gebert's crew of Shockers will be ready for the Cowboys in the best shape as far as injuries are concerned. But Hayes re-injured his leg slightly, but will definitely be ready to play against the Laramie gridders.

Wichita is working on blocking this week, something that was woefully lacking against the Emporia Hornets last week. The cold weather has put a crimp in practice sessions, but Coach Gebert has been drilling on tackling and blocking at every opportunity.

FROSH WILL TRY FOR THIRD WIN

Benefit Game With Emporia Set For Monday

Wichita's magnificent freshman footballers will try to do what the varsity failed to do, whip an Emporia eleven when they play the Hornets second team at Neodesha in a benefit game for the Iron Lung fund next Monday night.

The yearlings came out of the gruelling Tulsa fracas with no injuries, and will be at top strength for the Emporians. It will mark the fourth game of the season for the Wichita first year men, and they will put their undefeated record on the block.

Last week the Freshman tied Tulsa, 7-7 when a recovered fumble gave Tulsa an opportunity to score. Otherwise the Wichitians outplayed the Golden Gales from Oklahoma.

Wichita's big line has been the big factor in their two victories and a tie so far this season. Against Tulsa Ray Volpe, Rip DePascel, Bill Nash, Tom Slattery and John Goodman stopped the Tulsa backs cold. DePascel played a great game at end, and the Tulsians finally stopped trying to go around his flank.

Emporia, if the varsity squad is any indication, will be tough. Their trick stuff will probably give the yearlings plenty of trouble. In the Wichita backfield, Don Hollar, Gene Fleek, Dale Wallace, Kenneth Jones and Jack Dotson looked excellent against Tulsa, and should worry the Emporians no end.

Wichita starting line-up: LE—Hyndman, LT—Nash, LG—Volpe, C—Slattery, RG—Jansen, RT—Goodman, RE—DePascel, QB—Dotson, LH—Hollar, RH—Fleek, FB—Jones.

THE DOPE BUCKLE

FOR THE first time in the football history of the University of Wichita, an intersectional opponent from the Rocky Mountain Conference will tangle with the locals, when the University of Wyoming squad takes the field in Shocker Stadium Saturday.

SPEEDY HORNETS DEFEAT WICHITA

Emporia Backfield Shows Form In Game Here

An old theory that speed and deception is more effective than power was partially proved Saturday afternoon in Shocker Stadium when the Hornets of Emporia State defeated a heavier Shocker eleven on a slippery field by a strong showing by the Oebertmen. The plague of injuries which has kept the Shockers under par for much of the season has seemingly abated, and with the vastly improved showing of Stauffer and Giles in the Emporia game, Wichita's chances seem excellent.

Coach Harry Harr, who observed the Frosh-Tulsa game from a press box vantage point, became more and more chagrined as the game progressed at the showing of one Rip De Pascel, right end of the Shocker yearlings. The Ripper stifled so many attempted flanking maneuvers around his side of the frosh line, that the Tulsians avoided sending any plays his way after the third quarter. With both starting ends, Giles and Hadler, graduating this year, Marr has been particularly gratified at the showing of the big Pennsylvanian.

Doug McNulty, sophomore fullback, displayed some of the best booting seen this season by Shocker followers, against Emporia last week. Big Mac unleashed several kicks of over 50 yards, and seems to be developing the ability to angle the ball into coffin corner with increasing accuracy. Faced with the necessity of keeping all kicks away from Caywood and Goldsmith, Hornet backfield ace, McNulty did a praiseworthy job of booting for the sidelines. His defensive play has been rapidly improving, according to Coach Gebert, who believes that the former East High star will be a key number of next season's Wichita backfield.

This is the time of year when thoughts of most people are turning to thoughts of turkey, anti-freeze, and early Christmas shopping, but the thoughts of two prominent figures are already turning to how to outwit the other in one of the most unusual feuds on the campus. "Slacker" Rarick and "Football" Marr have begun to polish up their respective games of handball in anticipation of tournament play beginning this Friday. In 1933, Rarick won the University singles championship from Marr and last season Marr turned the tables. Both contestants set their entire day's schedule around their practice sessions, and since each of them seem to dominate their respective brackets, another hard-fought final match seems assured.

In addition to being the first line of defense for Coach Ray De Hon in freshman grid season, Shocker yearling linemen seem to also be the first line of defense for the Shocker goal posts, whose security was threatened by some Emporia rooters following last Saturday's game. Since Wichita supporters failed in an attempt on the Hornet goal posts there last year, the frosh took it upon themselves to protect the local interests this year, and none who witnessed the unsuccessful quest can deny the adequacy of their efforts.

And Vernon Ross, frosh quarterback, says that he is going to demand the captaincy of next season's yearling squad because of his long experience with the outfit. "Experience will tell" is Ross' motto.

BADMINTON TOURNAMENT IS NOW UNDER WAY

First round matches in the badminton tournament will be played by tomorrow according to Betty Jane Alexander, intramural manager. There are 104 girls entered in the contest this year.

Leading contenders for the title are Ruth Marshall, last year's winner, Tommie Hartman and Marge Melton, winners of second and third places respectively in 1933.

PROTESTED GAME IN FOOTBALL IS TO BE REPLAYED

Ramblers Protest Game Because of Decision of Officials

That good sportsmanship exists in the intramural program on the campus was evidenced last Wednesday morning when the Alpha Gamma Gamma "A" touch football team agreed to replay their protested game of last Thursday with the Ramblers. The protest arose over a technicality in officiating and to insure fairness to both teams the Gammas decided in favor of replaying the game on Thursday of this week. Their game of last Thursday ended in a 13-13 tie and had the official decision been accepted, the Ramblers were squad would have gained the championship of the Black league.

As to the contest itself, the crowd present witnessed a thrilling encounter with the Ramblers scoring on the second play of the game. Their lead however was short-lived when Kirkpatrick running behind fine blocking crossed the Rambler goal line. A pass from Kirkpatrick to Jones in the closing minutes of the first half had the Gammas leading the Ramblers 13-6 at half time. In the final period, the running plays of the Ramblers were outstanding although it was a pass from Calhoun to Outforth that ended the game in a tie.

In the Gold league the flashy Alpha Gam "B" team showed the reason for their success as nearly every member of the squad was included in a touchdown play as they trounced the Privatiers 43-12. This game first gave indications of being a good one when on the very first play of the game Tankersley skirted around end for a Gamma touchdown. Later in the game Tankersley again scored on a running play when he intercepted a pass to again cross the Privatier goal. Passing plays were responsible for the remaining Gamma touchdowns with Tankersley, Greider and Genisch flipping the ball to receivers. Although defeated, the Privatiers fought gallantly with their major offense being built around their outpaw passing star, Pohlman.

The other game played in the Gold league last Thursday saw the Websters down the Phi Sig "A" team by a score of 6-0. For the Websters' victory, the center of play with Dalton leading the Phi Sig's in a hard fought contest. The Webster victory placed the Websters in second place in the Gold league below the champion Alpha Gam "B" team. A final game between the winners of the two leagues will be played some time next week for the University championship.

The next feature of the intramural sports program will be the single-wall handball tournament which begins on next Monday. Dr. Lawrence G. Rarick, head of the intramural sports program, announced that entries will not be accepted after Friday of this week.

HOCKEY TEAMS TIED AT CLOSE OF ROUND

At the end of the first round of the double round-robin intercollegiate hockey tournament, the junior-senior and sophomore teams are tied, each having won one and tied one game.

In the first game the sophs outscored the freshmen, 3-1 in a one-sided game with Hannah and Snyder doing the scoring for the winners.

The fine work of Larry Melcher, junior-senior goalie, held the sophs to a 1-1 tie in their game against the upperclassmen. The sophs, although on the offensive most of the game, were able to get past Melcher only once. Snyder and Marshall took scoring honors.

In the third game of the tournament played last Friday, the upperclassmen won over the frosh, 4-0. Melton, Snyder and Neff divided scoring honors for the day.

KNOLLA LEADS 1939 RECORD FOR GAINS

Like a comet in full flight, Creighton university's Johnny Knolla has started out as if planning to run away with the nation's rushing and scoring honors for the 1940 football season.

The 185-pound halfback from Chicago gained 307 yards (net) from rushing in Creighton's first two 1940 games, placing him well ahead of his start in 1939, when the Polish youth led all ground-gainers in the midlands and finished among the nation's top 10 with 730 yards from rushing and 384 yards from passing.

Against Iowa State Teachers "Singshot Johnny," who is also the squad's ace passer and safety man, rambled for 190 rushing yards in 23 cracks at the line. On 15 attempts against Colorado School of Mines he netted 117 yards from rushing.

With all the backs running harder than a year ago, Coach "Rip" Parran's Creighton squad rolled up the amazing total of 783 yards from rushing in the Bluejays' first two games.

STUDENTS DRIVE TOO FAST, OFFICER SAYS

Speeding is the worst offense of student drivers on and near the University campus, according to Patrolman C. M. Heath of the Wichita Police Force. Officer Heath patrols the northeast part of Wichita, including the campus area.

"Students are very good drivers, but they are in too great a hurry," commented Officer Heath. "In some cases they are also anxious to show off new cars to fellow students."

Careless driving, he said, is no more prevalent around the University campus than it is in any other school area. He has not been able to see any difference between the driving of men and that of women.

FROSH PLAY 7-7 TIE WITH STRONG TULSA YEARLINGS

Wichita Outgains Tough Opponents in Third Game Of Year

Remaining undefeated after skirmishes with three outstanding teams, the freshman eleven of the University of Wichita played a strong Tulsa University yearling team to a 7-7 tie in Shocker Stadium Friday afternoon.

Head football coach Al Gebert says his future gridders in action for the first time this season and was very much impressed with their performance. The frosh wasted no time in getting away to an early lead in the ball game when Don Hollar tossed a long pass to Rip DePascel in the end zone. Although DePascel did not catch the toss, pass interference was ruled on the play and the locals were given the ball on the Tulsa two-yard line.

Bill Jones, hard-driving fullback from Mulvane, went over on the next play and Ray Velpe converted to make the score read 7-0 in favor of the Shockers.

Tulsa scored in the fourth period when Steve Stark fumbled on the Wichita 35 yard line and Judd recovered for Tulsa. The Tulsians who had been unable to penetrate the Shocker pass defense previously, then took to the air and the two successive completed passes netted them a touchdown. Francis converted to tie the score.

Although the game resulted in a tie, the Shockers obviously outplayed the Oklahomaans on paper. Wichita made six first downs to Tulsa's three and outgained them 99 yards to 54.

Again the freshmen displayed near-perfect blocking and tackling, as well as their usual brilliant offense. DePascel and Bill Nash were particularly outstanding on defense as were Velpe, Slattery, Goodman, and Hyndman.

Don Hollar, the young sensation from Marion, again was the spark of the Shocker offense, but he was ably assisted by Jack Dotson, Steve Stark, Bill Jones, and Gene Fleek.

GIRLS SKATING CLASSES FORM

Taggart Reveals Schedule For Gym Addition

Skating has been added to girls' gymnasium schedule with a new class taught by Miss G. Taggart and held Tuesday afternoon from 2:30 to 4:30 at Alaskan rink.

During the first three weeks girls used roller skates, according to Miss Taggart. In present sessions, however, they are ice-skating. A contract calling for 16 class sessions, was signed with the Al management. The remaining periods all will be devoted to skating.

Two or three more girls will be enrolled in the class, but one wishing to enroll must have permission from Miss Taggart. Class includes both beginners and advanced skaters. She said several of the girls are already figure skaters, but that ten of them could not skate at all.

The girls are being encouraged by Miss Taggart to buy ice skates, because the class will be on figure skating. They furnish their own skates, but figure skaters are difficult to find in figure skating. The course carries regular gym credit and a fee of \$4.
