

S.A. Varsity Will Be Held on Saturday

Forefather's Fantasy Is Intermission Theme; Dance To Be Informal

"Forefather's Fantasy" is the theme of the informal all-school dance sponsored by the Independent Student's Association to be held in the men's gym at 9 p.m. Saturday.

Since February is the month of the American Indians, the intermission show will feature 25 I.S.A. members in a cavalcade of such famous characters as "Frankie Johnny," "Casey Jones," and "Dangerous Dan McGrew" told in Indian and folk dance. Willard Ash, who contrived the program, promised that it will be "the most smortin' show of the year".

Music for the dance will be considerably more modern. The Jim-Gale orchestra will furnish the music, both sweet and swing, according to Jane Mueller, chairman of the dance committee.

Tickets are for sale by I.S.A. members or may be purchased at ticket booth in the Commons.

Art Exhibit Opens Today

Annual student exhibit of the Art Department will open today in Morrison Hall and will continue through March 8. On display in main gallery of Morrison Hall in the various classrooms throughout the building are first-semester works of art students.

A wide variety of art production will be of interest to all University students, according to Jerry Kelly, president of Pi Beta Chi, art club organization.

Included in the collection are life paintings in water color and oil, bracelets, rings and pins from the jewelry department, various types of craft articles, pottery, weaving, color, design, poster advertising and technical illustrations.

Pi Beta Chi is sponsoring the exhibit. Assisting and directing members of Pi Beta Chi are Clay Staples, professor and head of the art department, Alma Eikerling, Jennie Craig, Walter Lengel and John Strange, instructors in art.

All University students and faculty members are invited to visit the gallery and see this marked exhibition, according to Kelley.

O.T.C. Will Choose New Honor Colonel; Tradition Renewed

An honorary colonel will be chosen from the various women's organizations on the campus to represent the Reserve Officers Training Corps in all social functions and drills. Capt. Samuel McAdams, professor of military sciences and tactics, has announced.

The winner will be crowned at military ball to be held in April and a uniform will be presented to her by the unit.

Qualifications for the contest are sophomore or junior standing, must be taking 12 hours or more with an average of "C" or better, must have 4th hour vacant on Wednesdays to attend drill periods.

Each organization president must register its candidate with the R. T. C. before noon March 1.

Geology Classes View Fossils Near Augusta

Advanced geology students went on a field trip near Augusta, Saturday, to investigate the oil bearing strata in that vicinity and to collect fossils for use in the laboratory.

Students made investigations of the strata to determine the control of oil accumulated underground, stated Dr. J. R. Berg, associate professor of geology.

The advanced classes will make more field trips this semester and two trips planned by the Kansas Geological Society for geology students and other interested persons.

Eastern School Devises New Plan for Physical Education

HOBOKEN, N. J.—(I. P.)—A program of physical education which Director John A. Davis, characterizes as "a la carte" has been introduced for the first time at Stevens Institute of Technology. The reorganized program is adapted to the needs of a student body, the majority of whom are veterans and considerably older than the average pre-war undergraduate.

A basic physical fitness test has been given to all undergraduates. Eighty per cent passed it, which is a smaller percentage than anticipated, considering the physical fitness program nearly every one of

these men has had in military service, Davis said. The problem of this 80 per cent is maintaining rather than attaining physical fitness. They are therefore authorized to follow self-selected forms of supervised activity such as tennis, handball, squash, etc., for the three hours a week of physical education required of each undergraduate.

The other 20 per cent who failed the tests will take a basic course of body building and strength development designed to bring them up to the required level of physical fitness.

"The aim of the new program," said Davis, "is to take the individual at the physical level at which we find him and bring him up to a higher level by meeting his individual needs." As far as he knows now, no other college is handling the veteran problem in just this way, Mr. Davis said.

"The veteran offers a problem to the physical education department which is new in quantity but not in type," Davis explained. "He has been brought to an artificial peak of physical conditioning in relation to civilian life, and must learn to relax and readjust to a less active and different type of life. This period of readjustment to civilian life may be as difficult in the physical as in the psychological field."

A number of the veterans have specialized disabilities which limit their participation in a physical education program and a small group is unable to participate at all. Bad knees and fallen arches

(Continued on Page 8)

Martin Rice Is Appointed

Will Be Chairman of University UN Chapter

According to word received here last week, Martin R. Rice, sophomore, was appointed the University of Wichita representative of the United Nations National Inter-Collegiate Association by the national chairman at University of Kansas, Jean O. Moore.

Rice will be in charge of organizing the local chapter of the UN which will send several delegates to the national convention to be held this coming November at K. U. Some 200 colleges and 1,000 representatives from every state are expected to attend this "mock session" of the UN and experiment with world government and world problems. The work will be carried on as a project of the International Relations Club, headed this semester by Leona Sowards and advised by Dr. John Rydjord and Dr. Dee Hitchner of the political science department.

Rice, a member of the International Relations Club, Men of Webster Fraternity, and several musical groups, has been very active in this type of work. In 1943, he was elected Lt. governor of the Kansas Sunflower Boys' State and served later as a counselor. While in service, he edited an army newspaper. Returning from the service, he enrolled at WU and is now completing his sophomore year.

He desires to make the University chapter one of the best and most progressive factors at the National Convention of the UNNICA of the UN which has gained nation wide fame. There are many excellent opportunities in this program, says Rice, and he hopes many students will take advantage of them. At the next regular meeting of the International Relations Club, the work will begin and the delegates chosen.

Vacancy Is Filled In Botany Department

A vacancy in the botany bacteriology department was filled at the beginning of the second semester by Miss Aileen Skaer.

Miss Skaer received her AB degree at the University of Wichita and her master's degree in science and plant biology at Cornell University.

Miss Skaer has been employed the past three years at Wesley Hospital.

Psychologists Plan Meeting

Meeting of psychologists from the University and the Wichita Guidance Center for furthering of psychological interest will take place next Thursday, in the Commons.

Participants from the University will be Dr. N. H. Pronko, head of the psychology department; Dr. Gordon Hanson, staff; Miss Evelyn Hinton, staff and William C. Johnston, staff.

Those representing the Wichita Guidance Center will be Dr. Jerry Carter, director of the Wichita Guidance Center; Dr. Joseph E. Brewer, J. W. Bowles, Miss Audell Herndon, Miss Alice Hyde and Miss Mildred Thomas.

During the meeting Bowles will talk on "the Modern Orientation Towards Use of Psychological Tests".

According to Pronko, there is a great need for psychologists in all fields and many schools offer fellowships to seniors and graduate students who wish to go into the field.

Further information can be obtained from Dr. Pronko's office.

Student Forum Audience To Hear Carl Van Doren In Auditorium Tonight

Van Doren, Author of "Benjamin Franklin", Was Recently Selected Among the Top Ten Contemporary Writers of the United States

Carl Van Doren, noted speaker and contemporary writer, will speak tonight at 8:30 in the University auditorium as the fourth in the series of speakers sponsored by the Student Forum.

Van Doren, born and educated in Illinois, traveled abroad to England, France and Germany to further his study in philosophy after receiving his doctor of philosophy degree from Columbia University.

On returning to the United States he became associate professor of English at Columbia University and later turned to journalism.

Pursuing his writing career, Van Doren wrote such historical biographies as "Benjamin Franklin," which won the Pulitzer Prize for biography in 1939, and the Franklin Medal of the American Philosophical Society, a reward equaling the Pulitzer Prize in literature.

The original manuscript of "Mutiny in January," Van Doren's famous complete story of a mutiny in the Continental Army, was donated by Van Doren to be auctioned off at a Philadelphia public school bond rally. The book brought \$8,400,000 in bonds.

In a recent poll 20,000 American writers, critics, librarians, book sellers and readers selected Carl Van Doren as one of the 10 most important contemporary writers in the United States.

Van Doren has appeared in every state, Hawaii and the Caribbean area.

Date Set For Symphony

Musical Organization To Give One Program

With a personnel of 110 high school and college students, the Youth Symphony is preparing for its first and only appearance March 23. Featured will be Esther Lee Titus, violinist from Wellington and James Wainner, vocalist from Patridge, winners of the Youth Talent Audition sponsored by the Wichita Symphony. Each of these youths receive a full scholarship here at the University.

"One of the few organizations of its kind and ranking among the best in the nation, the Youth Symphony of the University of Wichita features complete instrumentation and prepares students for professional work if they so desire," stated Orien Dalley, director of Youth Symphony and professor of music.

Organized to give persons of outstanding talent a chance to play together without being held back by the less talented, the upper age limit is 22 in a definite attempt to make use of high school graduates who may not be in college and to utilize college students who are not in the regular symphony.

Members of the symphony include students from all high schools and junior high schools in Wichita, University of Wichita, Friends University and Junior College of Hutchinson. There are delegations from high schools in Winfield, Hutchinson, El Dorado, Arkansas City,

(Continued on Page 8)

Burrell Quits Parnassus

Resignation of Lois Burrell, senior, as editor of Parnassus, student yearbook, was announced yesterday by Max W. Milbourn, acting head of the journalism department.

Miss Burrell, who was appointed to the yearbook editorship last spring, has withdrawn from school because of the illness of her mother.

Milbourn said that the board of student publication will meet later in the week to name Miss Burrell's successor.

Buildings Aid to University

Three new buildings will be placed on the University of Wichita campus by summer or early fall, according to Roy W. Elloit, controller for the University.

The buildings are located at Camp Crowder, Missouri, where they will be dismantled and trucked to the campus by the Federal Works Agency.

Sites for the new buildings have not yet been selected by the Board of Regents. This step is necessary before the agency will move the buildings.

"The Federal Works Agency is allocating buildings from various closed camps to universities and colleges that have been approved for veteran training under the G.I. Bill of Rights. They dismantle, ship and erect the buildings without cost to the schools, explained Elliott. "Schools must furnish the sites, sewers and utilities for the buildings."

"It is hoped that these buildings will relieve congestion on the campus, especially in the auditorium where the band has been practicing, as one of the buildings will be used for a band room. It will have an area of 3,000 square feet. There will be an engineering laboratory with 6,500 square feet and an armory of 13,000 square feet," Elliott concluded.

Vets' Speech Contest Open

Veterans enrolled in Speech 111 or 112 and those who had the course last semester are eligible to enter a speech contest sponsored by the Will Rogers Speech Club. The contest will be held 8 p.m., March 14 before a downtown audience.

Cash prizes of \$15, \$10, and \$5 will be awarded for the best speeches. Speeches must be five minutes long and pertain to a current affair.

All eligible students interested in competing should contact C. C. Harbison, professor of speech, who will be in charge of the contest.

THE UNIVERSITY OF WICHITA A CAPPELLA CHOIR, directed by Harold A. Decker, professor and head of the vocal department, will present a concert at the University Auditorium tomorrow at 8:15 p. m. The choir has recently returned from a tour during which it gave concerts in five Kansas towns. Also appearing on the concert will be the Madrigal Singers and the University Male Quartet. No admission will be charged and the public is invited. (Story and program on Page 8.)

There's One in Every Class!

Typed on a Wednesday

By BILL MENDELL

PINBALL, Oct. 5—Athletic officials of Pinball U. announce today that "Buckets" Baxter, 6-foot 10-inch basketball star, Lowe High, had entered school and would report for practice month . . .

EMBRACEABLE, Oct. 6—Coach "Smog" Alum of Embraceable U. unleashed a vicious attack on the using of "giant" basketball players today, after hearing of P. U.'s acquisition of "Big" Baxter. "They're turning the game into a farce," he growled . . .

DEPLORABLE, Nov. 23—Among the candidates for first berths on Deplorable State's championship cage five is the colored center from Blood Pressure Normal, 6-foot, 11, George Washington Abraham Jefferson, who scored 35 per game last season for Normal. . . .

EMBRACEABLE, Nov. 30—In a blistering attack on Deplorable State athletic officials today, Smog Alum, Embraceable U. loquacious basketball coach, said, "They're trying to turn basketball into a three-ring circus by hiring the biggest men we can find." . . .

BINGO, Dec. 3—Coach Dum-Dum Daniels of the Bingo weevils announced to the press last night that his ace artist, "Fingers" Picone, had been declared ineligible for conference competition because he had played for a Sunday School basketball team while still in school. . . .

EYEDARE, Dec. 4—A ruling handed down by conference commissioners today stated that all players of the Load Mfg. Company's team, world basketball champions, will be allowed to compete in league play after they enrolled at Eyedare because they were not in school at the time they played professional. . . .

RAINWATER, Dec. 10—Faucet Tech's 7-foot cage star, Stinkowicz, has decided to stay in school after turning down numerous offers to play professional basketball, and hopes to make this city that the Drips would have another great season. . . .

EMBRACEABLE, Dec. 11—Pounding his fists on the table to emphasize his statements, Coach Smog Alum delivered a protest on "oversized" basketball players at a press conference here today. "We're going to have to move the baskets up to 20 feet else make the giants play on their knees," he screamed . . .

SLIPSHOD, Dec. 18—Underpaid Teachers College will close its cage season tonight against I.C.U., but Coach Moaner "Lite" Mullins, Underpaid coach, moaned this afternoon that his team would probably lose by a tremendous margin. He pointed out that his starting forwards have both been bothered by colds the past week, that his center is only 6 foot 9 1/2 inches tall and that his starting guards are suffering from dandruff. . . .

SLIPSHOD, Dec. 19—Underpaid Teachers College will close its cage season tonight against I.C.U. 118-84 tonight . . .

BINGO, Dec. 26—Coach Dum-Dum Daniels lost another game tonight as his basketball squad today, as Percival Algernon Swine III received three F's when six-weeks grades were released, has been declared ineligible. However, the other members of the team, starting five, Butch McGurk, Slugger Hanlon, Tiger Demme and Killer Krantz, came through with straight A's to retain eligibility. . . .

DEPLORABLE, Jan. 10—G. W. A. Jefferson, Deplorable State's gigantic center, scored 69 points tonight to lead State 70-16 win over Embraceable U. Coach Smog Alum of Embraceable was carried from the gym "raving like a maniac". Deplorable say he has a better than even chance for recovery . . .

EMBRACEABLE, Jan. 11—Speaking from his hospital bed, Smog Alum said today, "Let this be a lesson to everyone. Write to your congressman. We must have a ruling against these basketball giants." . . .

RAINWATER, Jan. 25—"Brains" Baccus, Faucet coach, announced he would start a veteran five against Bingo U. tomorrow composed of Bob Gureczenski, Bill Purzychikas, Joe "Stretch" Stinkowicz, Ed Tyksinskisic, and Stanislaus Jones. . . .

RAINWATER, Jan. 26—The Faucet Drips trounced the Bingo Boll-weevils 58-32 tonight as 7-foot Stretch Stinkowicz poured in 57 points . . .

EMBRACEABLE, Jan. 27—"There oughta be a law," declared Coach Smog Alum today when he heard how a 7-foot basketball player wrecked Bingo U. last night. "Something must be done," he said, "I have called the attention of Senator Filthy McNasty to this subject and I'm sure he will see a bill in Congress soon to bar giants from the sport." . . .

EMBRACEABLE, Jan. 28—Sampson Hercules, 10-foot basketball giant, has enrolled for the second semester at Embraceable U. where he will major in physical education. Hercules said he would "like to try out for the basketball team." . . .

EMBRACEABLE, Jan. 29—Coach Smog Alum said in an interview here today that people were trying to discriminate against tall basketball players. "After all," Alum said, "Can they help it if they are taller than the other fellows? Why should anyone discriminate against the big fellows? Basketball is just a game, and everyone should be allowed to play . . ."

Smoking Problem

Smoking on the campus is getting to be one of the worst eye sores that confronts the students. Poor marksanship, careless extinguishing and utter disregard of smoking privileges seems to be the main causes for the littered campus. It's up to the students to take pride in our campus. We are just courting official action by abusing the privileges that were accorded us.

Arrangements were made last semester for smoking privileges on the basis that smoking should be restricted to stair tower in the Administration Building, lobbies adjoining lavatories in the Science Building and certain designated areas in the Commons. Cooperation of the student body is solicited in confining to these parts. This appeal is made in terms of fairness in that smoking is offensive to many of our campus citizens.

For reasons of safety smoking must be omitted from the library entirely and from all areas but those specifically designated as smoking areas.

We now have ten minutes between classes which is plenty of time if smoking is desired, and it only takes a fraction of a minute to dispose of our cigarette butts in the proper containers.

Let's clean up our campus and abide by the rules so that we may retain this smoking privilege and have a neat campus at the same time.

Storrs, Conn.—(I.P.)—The cost of living for students attending the University of Connecticut is up 18% as compared with expenses in 1941-42. Many veterans returning to school under the G.I. Bill complain that they can not meet the increased costs with the subsistence furnished by the Government.

Grad Gossip

By Mickey McCoy

NANCY Henderson, '45 returned from Washington, D. C. last week where she had had an interview with Dr. Monrow at John Hopkins University. So, around March 1, Nancy will leave for Silver Springs, Md., where she will serve as junior mathematician at John Hopkins.

GEORGE Bell, '36, who is living in Kansas City, Kan., and teaching at Rosedale High, has recently been elected County Superintendent of Wyandotte County.

DARRELL, '47, and Mary Jane Mader Black, '45, are now in Topeka while Darrell is attending Washburn Law school. The Blacks are living at Benton Hall.

R. PUTNAM Haddox, also of the class of '47, is taking graduate work in geology at University of Oklahoma at Norman.

ON ONE of the local radio stations, there is a program on which songs are played and the audience must know the title. The announcer calls a phone number while the piece is being played and the person who is called receives a dollar if he knows the title. Who should win \$2.00 the other day but Harriet Porter Solter '42. Harriet said she'd never won any money before, and was quite surprised and elated over the luck.

THE new baby of Eugenia Verwiebe (Mrs. D. L.) Schwartz '38 has the very clever nickname of 'Chip'. Chip received his name because he is such a chip off the old block.

SPEAKING of 'Chips', you might be interested to know that there are 30 'Chips' enrolled in the University this semester. The 'Chips' Club consists of the men and women attending school now whose parents or parent graduated from here.

MRS. Gariand P. Ferrell (Helen Bayne Reilley) '01 of Beaumont, Kan., received the distinction of being invited to a tea at the White House on February 14. The tea given by Mrs. Truman, was for the District of Columbia Society, Daughters of Colonial Wars. Mrs. Ferrell is the national registrar of the Daughters.

JACK R. Emery, '36, has been given a commission in the regular army, it was announced last week. Jack received his commission at the University in 1935 and was called to active duty in 1942. He is now executive officer of the information section in headquarters of the army ground forces. Major and Mrs. Emery live in Arlington, Virginia.

MARGARET Walling, '45, is teaching physical education and English in the junior high school in Sterling, Colo. Margaret graduated from the University of Colorado last spring.

Veterans' News

By Dean Campbell

MAIN reasons for delays in subsistence payments are listed by the Veterans Administration as follows:

1. Veterans fail to report changes of address when they move, so checks are automatically returned to the Treasury and held there.
2. VA receives incomplete information from the school or veteran.
3. Schools may delay payments by being slow in sending necessary papers to VA.
4. Veterans transfer from a school in one regional office area to one in a different jurisdiction.

MOST delays in subsistence allowances, according to VA officials, resulted from the failure of students to report correct addresses. Change of address will not usually delay a veteran's check if he reports it promptly. Even if notice of move reaches VA just at the time checks are made out, adjustment can be made and check can be mailed to new address within a short time.

VETERANS who plan to transfer to a different school must obtain a supplemental certificate of eligibility to turn in at the new school. Application must be made to the regional office that handled their cases before transfer.

PERIODIC reports of earnings, required of students once every semester, are not expected to present a serious problem. Students need not worry about this report until their regional office sends them the form to use for it. Many regional offices are spreading reports out over the term to avoid a heavy workload at one time. When VA asks a veteran for additional information for his record, he should reply as quickly as possible. The agency does not ask for this information unless it is essential, and in most cases VA can't pay subsistence allowance until a reply is received.

REQUIREMENTS for veterans training under Public Law 16 are similar to under Public Law 346, with the following exceptions:

1. The 90-day minimum service provision is waived if the veteran was discharged for a service-incurred disability within less than that time.
2. Total income ceilings of \$200 and \$175 do not apply.
3. Maximum amount of training is for four years, and in special cases it may be extended beyond this time.

Meeting of the student affairs committee will be held at 2 p. m. today in the office of Dean Grace Wilkie, committee chairman.

THE SUNFLOWER

Volume XLXII Number 19
February 20, 1947

Published each Thursday morning during the school year by students in the department of Journalism of the University of Wichita except on holidays, during vacations and examination periods. Entered as second class matter, September 24, 1916, at the postoffice at Wichita, Kansas under the Act of March 2, 1879.

The Sunflower is one of the oldest student publications in the state of Kansas, having been founded in 1896.

New at the Library

"The Russia I Believe In", by Samuel Harper consists of memoirs of an American student of Russia, who visited and lived in the country for over 40 years. The author's father, the president of the University of Chicago, inspired his son to make Russia the center of his interest.

"Opportunities in Latin America" is an analysis of industrial and economic conditions in the twenty Latin American republics. It is written particularly to show us in the United States the opportunities for trade that we may be neglecting. Ralph Harman is the author.

"Modern Korea" by Andrew Grajdanzey is published by the Institute of Pacific Relations. It is a general political, economic and social survey of modern day Korea.

"Great Adventures and Explorations", by Stefansson is an anthology of the accounts of great discoverers and explorers. It includes important explorations from earliest times to the present as told by the explorers themselves.

"East River", by Sholem Asch, portrays life on the East Side of New York in a poor Jewish district in the early 1900's. The book in spite of a weak plot is an important philosophical and social study.

Costs Named Operettas

Costs for "La Serva Padrona" and "Bastien et Bastienne," two operettas to be presented by the dramatic departments and dramatic departments 7 and 8 have been announced. Harold A. Decker, professor of dramatic art, and George D. Wilner, professor of dramatic art.

Costs for "La Serva Padrona" and "Bastien et Bastienne" will be presented by the dramatic departments and dramatic departments 7 and 8 have been announced. Harold A. Decker, professor of dramatic art, and George D. Wilner, professor of dramatic art.

Costs for "La Serva Padrona" and "Bastien et Bastienne" will be presented by the dramatic departments and dramatic departments 7 and 8 have been announced. Harold A. Decker, professor of dramatic art, and George D. Wilner, professor of dramatic art.

College Majors Chart to Help Students Select Study Courses

Listing 49 college majors and the fields of work into which each leads, a college majors chart hangs at the north end of first floor, Administration Building. This chart was designed primarily for women. Recently, however, it has proven helpful to both men and women, according to Grace Wilkie, dean of women.

It has been noticed through vocational research that too many young men and women have slipped into their college major without much forethought, and after they have been graduated, find that they do not know what to do with their specialized training. Too often, they discover that they have not taken the right courses while in college, according to Miss Wilkie.

The aim in presenting this chart is two-fold—First, to help under-

Rosen To Broadcast College Sports News

Les Rosen, sports editor on the Sunflower, will handle a five-minute sportscast, which started this week, and will continue each Monday, Wednesday and Friday over Station WU, after the regular 12 noon broadcast, according to Don Williams, assistant speech professor and instructor in radio speaking.

The program will be devoted to sports activities of the University of Wichita and the Missouri Valley league.

In preparation is another broadcast, "Highlights of Campus News." A plan to extend time on the air is also being considered, Williams stated.

Calm Down, Prof. Urges

DENTON, Tex.—(ACP)—America should not get excited over the postwar disputes with Russia but should employ patience and fortitude until world peacetime adjustments are completed, Dr. Hans Simons, member of the commission to study the organization of peace, advised in a lecture at North Texas recently.

"The world is in a particular period of transition and the end is in sight," declared Dr. Simons. Until the transition is painstakingly completed, he maintains, no favorable agreement will be reached between America and Russia.

The speaker listed three main characteristics of the period of transition which are creating basic difficulties: military bases that are no longer needed, domestic troubles and the change in meaning of wartime understandings.

Bill Before Legislature

Could Begin Plans for Student Union Building

"There is a possibility that the new student union building may be started and completed before the University can collect enough fees from the students, if a bill that has been introduced into the legislature recently is enacted. It provides for the issuance of revenue bonds for state and municipal-operated colleges and universities," according to Comptroller Roy W. Elliott.

"Under this new law, it would not be necessary for the University to wait until it had collected enough of the \$3-per-student assessments to start the construction of the new building. Bonds could be issued for the amount needed and plans could be drawn immediately.

"With the influx of new students, this would be a great help to the schools throughout the state because, like the University of Wichita, all of them greatly need such buildings," explained Elliott.

Dr. Davis Receives High Praise On Book From Carl Sandburg

Praise for "An American in Sicily", written about two years ago by Dr. Earle R. Davis, head of the University English department, came this week from one of America's outstanding authors, Carl Sandburg.

Of the book, Sandburg said, "I've read it twice as a whole and various passages more than twice. Something immemorably American about 'An American in Sicily',—epic struggle, lines that glimmer around that mystic and indefinable thing: The American Dream.

"Thank you for a brave book about men worth knowing that I know better for your book," Sandburg wrote Dr. Davis from his home, Conemara Farms, Flat Rock, N. C.

Student Passes Test To Earn C.P.A. Title

"Certified Public Accountant" will be the title of Samuel Hammand, a special student with junior standing, when he acquires 60 hours credit in the University of Wichita, according to William F. Crum, associate professor of accounting.

Hammand recently received notice that he had passed a competitive examination for C.P.A. He is the first student of this University to pass this examination since the beginning of the war.

More students will be given this examination at the end of this semester.

Symphony

(Continued from page 1)

Kingman, Pratt, Leon, Caldwell, Harper, Wellington and Newton.

Rehearsals are held on the campus every other Saturday and have been in progress since November.

This is the second year of Youth Symphony and last years winners of the Youth Talent Audition, Sally Sweeny, vocalist from Parsons, and Marjorie Riggs, violinist from Winfield, are now students here.

Psychologists

(Continued from Page 1)

are perhaps the commonest disabling factors, Davis said.

The new program has been enthusiastically received by the student body. The tests have indicated that the average high school boy has been neglected during the war and is not in particularly good physical condition. They have also shown each man where his weakness lies. Repeat tests at the end of each term will indicate how much the individual has improved.

McKinley Expects Big Class This Summer

Largest summer school chemistry class, with the total enrolled to be 10 times larger than previous years, has been predicted by Dr. Lloyd McKinley, head of the chemistry department.

"All classes combined will instruct more than 300 students," McKinley said.

This prediction is based on the large number of students now attending the beginning chemistry classes.

"So Dark the Night"

A gay young thing approached Bob Jones, Beezee Smith and Walt Strange and asked their names:

Beezee: I'm Smith.
Bob: I'm Jones.
Young thing (skeptically): That's strange!
Walt: No, no! I'm Strange!
Well, how can we do better when you gossip-managers fail to tell ALL?

FRANISLAV Djiborsky passed bits of colored paper on her announcement of tentative engagement to Pavlov Dubinsky, local campus wolf. Jo Miller, Jackie Kienzle and John Kocour, who "don't give a darn" whether their names are in the Sunflower or not, are having their names written here for just that reason.

ODD corsages seen at HYM dance include lapel bird cages complete with canaries, Juliet caps of steel wool, nosegays for noses . . . and Patti Hills' corsages for Gamma date Mayfield consisted of a pair of feminine-looking legs labeled "Alpha Gams."

PI Alphas are proudly flaunting new fraternity pins (nine pearls and six rubies) and claim them best-looking on any campus! Police investigation - proved Charlotte "Chuch" Weidman's wrist injury in women's gym "not an attempt at suicide." Charlie Banks sitting some distance from Mrs. Ferguson in Commons was telling a stranger, while sipping tea, that he didn't know Mr. Ferguson, but had heard that he was once very fat . . . at this time the "stranger" introduced himself as Mr. Ferguson.

MODERN dance specialist, Margie Morris, finds it only one spring and a leap from her porch to a limb and into Ralph Brack's car. Pittsburg's great loss - Gamma's great gain, Chuck

Burns who says he likes the village better every day. And who was the Gamma that Phi Sig, Dan Dwyer, mooched a limeade from? Northern lights were recently mistaken for sun-up by Bob Jones, Gig Gard and Beezee Smith on recent return from K. C.

DOC Davis seen sporting a red nose and hair-cut . . . what happened, bowl slip? Hear the Gammas livened up the "hang-out" on East Central after meeting Monday night. Good to see Bee Horine back here after another semester K U'ing it. Jim "Bow Tie" Tack convinced 6 they were descended from monkeys by use of quotations.

F A. D. Martin has no better sense than to sleep all night on the basement floor of Gamma house, he shouldn't gunch about his cold. Bob "Dapper" Tanner, sound effects man at KFJ, apprehended by police for firing off deadly weapons! Seems the music dept. is still saucing coffee.

BLUME and Scott present interesting side-lights over Common's cokes. And what's behind the uncontrolled temper of Burton Jones on the basketball court? Bill Smith says he's crowded living in a 3 room house with 9 other people! Pi Kaps and Alpha Taus made expensive mistakes when they footed food bill for HYM drags at airport . . . Bob Partridge and Eddy Horine forced their dates to pay way in to 3 nitespots after HYM! The "boy-talk" of dieting, price of clothes, etc., smacked of sarcasm!

PI Kap rushees were serenaded until 4 a. m. Sunday nite. Such endurance! What caused Paul Eskildsen to stop between graveyards? Student accents denote several non-Kansans: Phi Sig Bob McGrath, here from Chicago; new Sorosis Jeanne Smith, from as far east as St. Lewis; Pat Brewster, a Texan from Fo't Worth; Art Hodges, a Mississippian; and that group of athletes from Chicago. The swipewriter runneth out. . .

A musical program will be presented at the monthly meeting of the University Dames Club at the home of Mrs. J. W. Shaw at 2:00 p.m. today.

BARBARA MITCHELL, sophomore, pictured above, represented the University of Wichita at the University of Kansas Student Union Day last Saturday. Nine women represented colleges and universities of Nebraska, Missouri and Kansas.

Results of the survey conducted last Friday to determine the number of students who plan to attend Summer School have not been tabulated, according to Dean Leslie B. Sipple, director of summer sessions. Information concerning the results will be published as soon as all the questionnaires are collected and checked.

Budget-Wise Coeds Have Fancy Clothes In Their Wardrobes

DELEWARE, Ohio.— (ACP) — Budget-wise coeds at Ohio Wesleyan University are now sporting those fabulously priced hand painted blouses in their wardrobes, thanks to the ingenuity of two wide-awake coeds.

When Evelyn Long and Marjorie Smith, both Delaware students, first saw exclusively designed and painted blouses in a large department store, a bell rang. Why couldn't Marjorie, a clothing major, make the blouses, and Evelyn, an art major, paint them, and the blouses could be as original and much less expensive than those seen in the large store.

The girls soon found a ready market in the coeds who bought the blouses for both themselves and for gifts. Each of the 30 blouses designed by Evelyn and Marjorie are of a different and original design. When designing a blouse, the girls try to suit the individual personality of the person for whom the blouse is being made.

Katherine Van Keurren, assistant professor of home economics, will speak to the Delta Omega alumnae on "New Textiles and Ideas" at 8 p.m. tonight at the home of Mrs. Marjorie Meryl Baxter, 230 N. Lorraine.

Awards and Titles Presented Men at H.Y.M. Dance Saturday

Vinita Hood and Bob Simpson

Haul Your Man Dance sponsored by Y.W.C.A. acclaimed "best ever" by attending students. Awards and titles were presented to "Bill of the Ball", wearer of most original corsage, and 10 most prominent men by Betty Ensign Brush, dance committee chairman.

Bob Simpson, Men of Webster, was crowned "Bill of the Ball" by Vinita Hood, Pi Kappa Psi. Simpson was awarded a box of chocolates.

Ten selected as most prominent men on campus are George Angle, Mr. Personality; Kelly Sowards, Mr. Politician; David Enoch, Mr. Tall, Dark and Handsome; Neal Potts, Mr. College Humor; Charles Banks, Mr. Brunet; Bill Pierpont, Mr. Bashful; Keith Oliver, Mr. Blonde; Bill Draut, Mr. All-American; Willard Welsh, Mr. Playwrite; and Bob Fidler, Mr. Organizer.

Award to wearer of most original corsage went to Galen Christian, Alpha Gamma Gamma. Corsage was created by Charlene Parrott, Pi Kappa Psi, and featured a Jack-in-the-box. Christian was awarded a carton of cigarettes.

Radio Club Pictures To Be Taken Friday

Pictures of the "Mike Rogues", radio club, will be taken 12:50 p.m. Friday in Room 432 Administration Building, announced Don Williams, assistant professor of speech.

The pictures will include all members who attended meetings last fall and all students who are interested in affiliating themselves with the club, Williams said.

Essie Marie Graham, who has been absent several days because of a death in her family, has returned and has resumed her duties as associate professor of history.

Some folks seem to have a difference between the model and her true self. To be a model, they say, is to be artificial. The Estelle Compton Method of instruction disagrees heartily with this thinking. Experience has proved that essentials of poise and grace must come naturally! Subtracting faults is more direct than masking them with guile. And remember, you don't have to be beautiful to become a successful model... or to benefit by Compton model training.

WRESTLING TOURNEY STARTS HERE WEDNESDAY

Deadline For Entry Is Set By Coaches

Winners of Three-Day Intramural Meet Get Medals and Trophy

Plans for a University intramural wrestling tournament to be held three days starting next Wednesday and continuing on Thursday, Feb. 27 and Saturday, March 1, have been announced by intramural supervisor C. A. Bidwell and head wrestling coach, Jim Trimble.

The tournament, sponsored by the men's physical education department, will be open to all men enrolled in the University with the exception of those persons who have been awarded an athletic letter or numeral for varsity wrestling.

Matches will be held from 3 to 5 p. m. and will be in conformance with the National Collegiate Amateur Association rulings.

The following N. C. A. A. wrestling weight divisions will be used: 121 pounds, 128 pounds, 136 pounds, 145 pounds, 155 pounds, 165 pounds, 175 pounds, and the unlimited or heavy weight division.

Each person entered must complete at least seven workouts under the direction of a member of the coaching staff.

Official weighing-in will precede the beginning of the tourney and no further weight check will be made.

All prospective wrestlers should register in the intramural office in the men's gym before 12 noon next Tuesday.

Students Will Get Awards

Three Team Managers To Be Chosen Soon

Awards equivalent to those presented athletes will be given senior, junior and sophomore student athletic team managers elected next year by the University of Wichita student manager election board, Athletic Director Ralph Graham announced yesterday.

Pressed by the approaching opening date for spring football practice, Graham warned little time now remains for applicants to file bids for seven posts to be opened to students with the grid squad. Managers elected to work with the football team in spring drills starting March 3, will be carried over in their positions for the 1947 season.

Three freshmen, two sophomores and two juniors will be elected football trainers and managers for the next year. Managers also will be chosen for basketball and track.

An election board comprised of the athletic director, coaching staff, team captain and retiring manager will make the final selection from applicants whose names have been registered with the athletic department.

Six Women Entered In Archery Contest

Six University students, members of the women's Archery Club, will participate in an archery contest to be held here on the campus beginning Monday, March 3, and continuing through March 24.

SHOCKER SIDELIGHTS

By Lester Rosen

Cy Sickles, six-foot three-inch center, was probably the stand-out performer on the floor last Friday night when the Shockers played Drake. Sickles, who has also played forward and guard this season, was faced with the prospect of guarding Big John Pritchard, the scoring threat of the Bulldog team.

Pritchard, a six-foot eight-inch giant, had on the previous night scored 28 points against the University of Missouri, at that time the Big Six leader. Sickles did manage to put a harness on the lanky center's scoring game. Pritchard failed to tally a field goal in the first half, being allowed only one free throw. In the second half he scored only three buckets to complete his night's work.

The Shocker center, while holding the second-place scorer of the Missouri Valley, managed to take scoring honors for his team with nine points.

Ollrich Wins Game

Gene Ollrich, the speedy Drake forward who led the Bulldog scoring here in Wichita, won a game for his team with a bucket in the final seconds of a battle with the

Emporia State Hornets on Saturday night. The final score of the tilt played at Emporia, Kans., 57-55.

K-State Post Filled

The student body and alumni members of the University breathed a sigh of relief when Sam Francis of Nebraska was appointed football coach of the Kansas State College recently. Our own athletic director, Ralph Graham was rumored to be a likely prospect to be approached by the K-State officials. We at the U. are glad that Ralph Graham will be next year. He has the athletic department running smoothly.

Winning Freshman Cage Team Is Gaining Valuable Experience

Members of the University of Wichita freshman cage team have been gaining valuable experience in their 12 games so far this season, Charles Gibson, and are pointing toward varsity berths next year.

The yearlings started the season with five straight victories, averaging better than 63 points a contest. Their biggest win was an 81-46 trouncing of College of Emporia. They trimmed Friends University 67-24 and 57-23.

After losing 40-47 to Kansas State, they dropped games by two and three points to the Davis Skyliners of the Naismith league, and then lost their fourth straight 22-28 to Oklahoma A. & M. The Frosh have won their last three games from Tabor College, Buhler and Sterling College.

Dick Mullen, tall forward from East High, is leading the freshman scoring with 93 points in 12 contests. Charley Wells, who has topped the scoring through most of the season now rests in second place with 84 points in 11 games. Maurice Mead is the third freshman with an average of more than six points per game. The three top scorers call Wichita their home town.

Jim Barnhouse and Ira Barkman of Winfield, Walt Knocke of Great Bend, Bob Cather of Anthony, Jay Galloway of Wichita and Davey Jones of Salina round out the squad. Jones has been ineligible the second semester.

Ray McCaslin, big center from Pretty Prairie, led scoring with 46 points in the first five games until he moved up to the varsity early in the season.

Gridmen, Wrestlers Recommended for Varsity Awards

Recommendations for varsity awards for 27 men for their gridiron performances in the 1946 season and for eight men for their performances on the wrestling squad have been made by athletic director Ralph Graham to the Athletic Policy Committee of the University and will be acted upon soon, according to Dr. Earle R. Davis, chairman.

The recommendations are made annually by the athletic director to the committee.

The following men have been recommended for football awards:

Bill Gest, Tom Allen, Bill Draut, Meryl Bruner, Ed Stine, Paul Walker, Paul Houser, Kenneth Hedrick, Fred Silverthorn, Earl Hamilton, Marvin Campbell, John Stucky, Carl Creely, Linwood Sexton, Glenn Dody, Jack Hasett, Art Hodges, Anton Houlik, Frer Robinson, Vincent Gott, Charles Gibson, Harold Tjaden, Ray Morrison, George Walker, Pat Larimer, Frank Lemke and Herb Harrison.

Men recommended for wrestling awards include: Dan Dwyer, Jack Stranger, Billy Ray, Warren Ashmore, Wendell Rice, Paul MacCauley, Glenn Dody and Al Voigt.

Five Games Remain On Cage Schedule

- Feb. 21—University of Tulsa at Tulsa, Okla.
- Feb. 24—Kansas State at Manhattan, Kans.
- Feb. 28—Washington University—HERE (Forum)
- March 3—Southwestern College at Winfield, Kans.
- March 6—Creighton University HERE (Henrion Gym)

Shockers Seek Revenge For Previous Losses in Meetings With Tulsa, K-State Teams

Cagers on Last Lap of Schedule, Travel To Meet Hurricanes Tomorrow Night and Will Journey to Manhattan Monday Night

The Shocker basketball quintet, which has experienced one of the worst losing slumps in many seasons will attempt to hit winning form again tomorrow night when it travels to Tulsa, Okla., for a second engagement with the University of Tulsa Golden Hurricanes in a Missouri Valley tilt.

The W. U. cagers will definitely be out for revenge for a defeat suffered earlier this season to the Tulsans in the Forum. The Hurricanes, in that contest, won by a lone free throw tallied after the final gun. The final score was 35-34.

Wichita has the better record in previous meetings of the two teams. The records show that of the six games played since 1930, the Shockers have won four, leaving the Hurricanes with the remaining two. In tomorrow night's contest, the two quintets will be about evenly matched in spite of Tulsa's higher standing in the Missouri Valley this season.

Beal Ranks Eighth In Valley Scoring

Lanky Ed MacCauley of St. Louis spurred far into the lead in the Missouri Valley scoring race with 26 points against Tulsa last week, while Cy Sickles of Wichita was holding John Pritchard, Drake's high-scoring center, to seven points.

Don "Pinkey" Knowles, Creighton guard, holds down third place with 12.14 point-per-game average. Gene Ollrich, diminutive Drake forward, is the fourth player in the loop to boast a 10-point or better average.

Harold Beal of the Shockers ranks eighth in conference competition.

Missouri Valley Scoring						
	G	Fg	Ft	Pf	Tp	Ave
Ed MacCauley, St. L.	10	57	33	147	14.70	
John Pritchard, Drake	8	40	18	98	12.25	
Don Knowles, Crtn.	7	36	13	85	12.14	
Gene Ollrich, Drake	8	38	10	86	10.75	
Ward Gibson, Crtn.	7	25	19	69	9.86	
Al Bennett, A & M.	7	23	21	67	9.57	
Stan London, Wash.	6	17	15	49	8.13	
Harold Beal, W. U.	7	23	6	52	7.40	
Jack Barker, Wash.	8	21	14	56	7.00	

While Wichita was losing to Drake last week, the Hurricanes were dropping a game to the Washington University Bears and on Saturday night, lost to the St. Louis University Billikens.

On Monday night, the Shockers will meet the Kansas State Wildcats in a game to be played at Manhattan, Kansas. This will also be the second meeting of the season for these two teams, with the Wildcats holding the first victory over the Shockers.

Since that first meeting in December the Aggies have won six games while losing five. The Shockers will be rated as underdogs once again in this, their next to last engagement of the season.

Cagers Drop Two Games

The University of Wichita basketball team went down to its thirteenth defeat of the season last Friday night losing to the second-place Drake University Bulldogs, 39-30, in a Missouri Valley Contest.

Cy Sickles, center, led the Wichita scoring with nine points. Sickles held John Pritchard, six-foot, eight-inch Bulldog star, to seven points. Leading scorer for Drake was Gene Ollrich, forward, with 12 points.

The Shockers appeared on the way to an upset in the first half, commanding an 18-13 lead at the intermission. In the second half the Bulldog defense stiffened and the W. U. cagers could only score two field goals, while the visitors piled up the necessary points for the victory.

Tuesday night the Shockers dropped the ninth Valley contest of the season to the Oklahoma Aggies, 57-28, at Stillwater, Okla. The Aggies led throughout the game.

Vets Offered New Course

Army Air Forces have approved and established a program for training weather officers at civilian universities, according to R.O.T.C. officers here. Former officers who are qualified for this training may request recall to active duty for the purpose of attending courses at the University of Chicago, Massachusetts Institute of Technology, New York University, California Institute of Technology and the University of California at Los Angeles. Classes will begin at these schools at the mid-term semesters with additional quotas for summer and fall.

Reserve officers in the grade of major and below who have completed at least three years of college work, including mathematics through integral calculus, one year of college physics and who are physically and otherwise qualified are eligible for recall to active duty for the purpose of attending the weather officer courses.

Former officers who are not members of the R.O.T.C. and who are qualified for weather officer training must first apply for and receive a reserve officer's commission before they may request recall to active duty for weather officer training.

Reserve officers of the other arms and services will be transferred to the air reserve upon acceptance of recall to active duty for this training.

Individuals who successfully complete the prescribed course of weather officer training at these civilian schools will serve on active duty as weather officers with the air weather service of the AAF.

Qualified individuals who desire this training should forward applications and transcripts of college credits direct to Chief, Air Weather Service, Washington 25, D. C.

For further information, contact Major Robertson of the R.O.T.C. office.

Spring Training

(Continued from Page 7)

that spring drills definitely will open on the announced date. The opening previously had been tabbed "tentative." He said Trainer Lester Needham will start checking out equipment next Monday.

Three full scrimmage games will be played by the Shocker squad before the spring session closes, Graham said. Practice, however, will be confined to week-days with the gridders working afternoons 3:30 to 5:30, Mondays through Fridays.

Graham said the announcement need not be heeded by players who were squad members at the close of last season. Some 35 players of the 1946 team are expected to be back in suit on March 3.

The University of Wichita athletic director disclosed he also will have approximately 35 more prospects reporting for a first time in the spring drills.

Dates Sold Friday to Give Aid and Relief to Foreign Students

Dates with coeds and professors will be sold to the highest bidders in the Commons Friday, climaxing the annual drive of the World Student Service Fund.

W.S.S.F. was organized worldwide to give aid and relief to students in 18 war-stricken countries in Europe and Asia. The local drive is sponsored by the Y.M.C.A. and supported on the campus by the Student Council. A convocation will be held next week in connection to the drive.

With the outbreak of war in China in 1937, the Far Eastern Student Service Fund was established to engage American students and professors in the fraternal relief of fellow students in China. The sponsorship was enlarged when war came to Europe in 1939 and the fund's activities had to be extended.

W.S.S.F. gives needed aid on an international, inter-racial, non-sectarian and non-political basis. Its staff surveys constantly the changing and growing relief needs of the international student community. The W.S.S.F. cooperates with national governments, UNRRA, United China Relief, American Joint Distribution Committee and local committees of students and professors in countries where this relief work is maintained. It operates internationally through World Students Service, Pax Romana and the World's Student Christian Federation.

Hustler Five

(Continued from Page 6)

second place honors. Phi Sig A handed the Cowpokes their only loss.

The Comets are in fourth place with a record of five wins and two defeats. Both I. S. A. teams have a record of four wins and three losses tying for fifth.

There is a four-way tie for seventh place between Webster A, Gamma A, Phi Sig B and K. K. T. with records of three wins and four losses. It is interesting to note that Webster A lost by two points to the Hustlers, Comets and I. S. A. B, and dropped the fourth to the Cowpokes by three points in an overtime game.

Both gyms will be in use tonight as all 14 intramural teams see action. Games are scheduled as follows:

Men's Gym
6 p. m. Phi Alpha-Phi Sig A
7 p. m. I. S. A. B-Phi Sig B
8 p. m. I. S. A. A-Webster A
9 p. m. Gamma A-Webster B

Women's Gym
7 p. m. Cowpokes-Gamma B
8 p. m. Comets-K. K. T.
9 p. m. G. O. P.-Hustlers

Shocker Sidelights

(Continued from Page 7)

and prospects for the coming grid season appear good.

The announcement of the appointment of Lyn Waldorf as head football coach at California University brings to mind that Ted Warren assistant Shocker basketball coach and end football coach, played at the half-back position of Waldorf's 1934 Kansas State Big Six Championship team.

Employees in School Machine Shop Have Worthwhile Hobbies

Although they are basically engaged as machinists and toolmakers, employees of the University of Wichita machine shop have hobbies that enable them to assist other departments of the school in a number of ways, according to J. S. Allen, machine shop supervisor.

For example, said Allen, Tom Cusick is a licensed pilot and expert photographer, and has taken useful pictures of the new wind tunnel. Forrest Olsen is an instrument maker and gunsmith and has made instruments for several school departments.

Gordon Branstetter is also an instrument maker and is especially proficient in the complicated uses of a rotary head tool and die-milling machine. Paul Smith is a cabinet maker, pattern maker and also makes laboratory instruments and equipment, he said.

"We will be available to help the faculty in any way we can," Allen concluded.

Dwane L. Wallace, president of the Cessna Aircraft company, has been appointed to a six-year term on the board of governors of the University of Wichita Foundation for Industrial Research, Waldo B. Burnett, director of the foundation announced. Wallace is a University of Wichita graduate.

W.U. Choir Has Concert

Concert by the A Cappella Choir of University of Wichita will be presented at 8:15 p. m. Friday in University Auditorium, announced Harold Decker, director. Program is same as given by choir on recent tour of Augusta, Winfield, Parsons, Iola, and Eureka.

The public is invited to attend. No admission will be charged. The program includes:

I. O Magnum Mysterium Vittoria
O Nata Lux Tallia
O Praise Ye God Tshcaikovsky
A Cappella Choir
II. Sing We and Chant It Thomas Morley
April Is in My Mistress' Face Thomas Morley
The Keeper English Folk Song
The Cricket Southern Folk Song
Deaf Woman's Courtship
Early American "Answer" Song
The Madrigal Singers
III. Motet Create in Me, O God, a Pure Heart Brahms
Grant Unto Me the Joy of Thy Salvation
With Thine Infinite Love A Cappella Choir
IV. Selections by the University Male Quartet
V. When God Paints the Sunset Christiansen
Two Negro Spirituals
Arranged by Harold A. Decker
"Bow Low, Elder"
"Go Down Death"
Song of the Lumberjack
Finnish Folk Song
A Cappella Choir

Students Must Take Medical Examination

Students who have not taken an entrance medical examination should apply for appointments immediately, stated Dr. C. C. McDonald, head of the botany department and chairman of the student health committee.

Appointments may be made in Room 117, Science Building. By making their own appointment students will eliminate interference with classes.

Students who have taken their examinations but have not checked for possible rejections should investigate immediately, Dr. McDonald said.

Bookstore Manager For Past 20 Years Will Resign May 1

Rose Wakefield, manager of University Bookstore for the past 20 years, has resigned, effective May 1.

The Board of Regents has accepted her resignation "with regret." In her statement asking to be released from University duties, Wakefield said, "May I take the opportunity of thanking you for expressing my appreciation of your cooperation."

"My stay has been a pleasure," she stated, "and one I always cherish."

Her successor has not been named.

Roy W. Elloitt, comptroller of University of Wichita, is the chairman of the aviation committee of Wichita Chamber of Commerce. Elloitt recently completed term on the Board of Directors of the Chamber of Commerce.

\$2,000,000 Fire Razes Syracuse University Gym

Photo by Plalzer

When fire broke out in Archbold gymnasium at Syracuse university, Tom Decker, production director of the school radio station, was on hand to get an on-the-spot-interview with Fire Chief Frank Savage. Replacement value was set at two million dollars. No one was injured in the fire.

ABOVE

Flames spurted from all sides and refused to be controlled as firemen poured water on in vain. In addition to completely destroying the building, more than \$75,000 worth of athletic equipment was burned.

BELOW

The following morning found the building gutted and covered with layers of ice. No sign of fire was reported by the watchman on his 3 a. m. round. The building was ablaze by 6:30 a. m. Photos by Niedopytalski

'Chug Buggy'

Solving the transportation problem was easy for John Wentworth, electrical engineering student at the University of

Maine. But his answer, the "Chug Buggy," brought more problems to university and state officials who did not know how to classify it for registration. Here Pauline Marcous gets ready to take off in the modern tricycle. Hewhall

ance of \$800 for an academic year, wrote J. W. Buchanan of Northwestern University.

Training is offered in general and comparative physiology, phases of experimental embryology, regeneration, endocrinology, ecology, protozoology, parasitic protozoa and in problems embracing more than one of these fields.

Date Auction To Be Friday in Commons

Students are invited to attend the W.S.S.F. auction to be held from 12 noon to 1 p.m. Friday in the Commons Lounge. Dates with coeds and professors will be sold.

Blau, who played center, was named as honorary captain of the 1946 grid team. Walker played at end and won a position on the second All-Missouri Valley team of last season.

Gibson played in the backfield and was a starter in the Missouri-Kansas All-Star game played in December at Kansas City, Mo. He is at present aiding Coach Mel Binford and Acting Coach Ted Warren with the reserve basketball squad.

play musical chairs to strains of the juke-box."

Burton Jones felt it was cramping his style, since he can't hold his girl's hand under tables now.

Jack Tetrick sanctimoniously announced, "I will not be a party to shooting craps on the barren Commons floor—unless they use my dice."

"It's a philosophical shame," was John Pruessner's utterance.

the same people who're monopolizing booths."

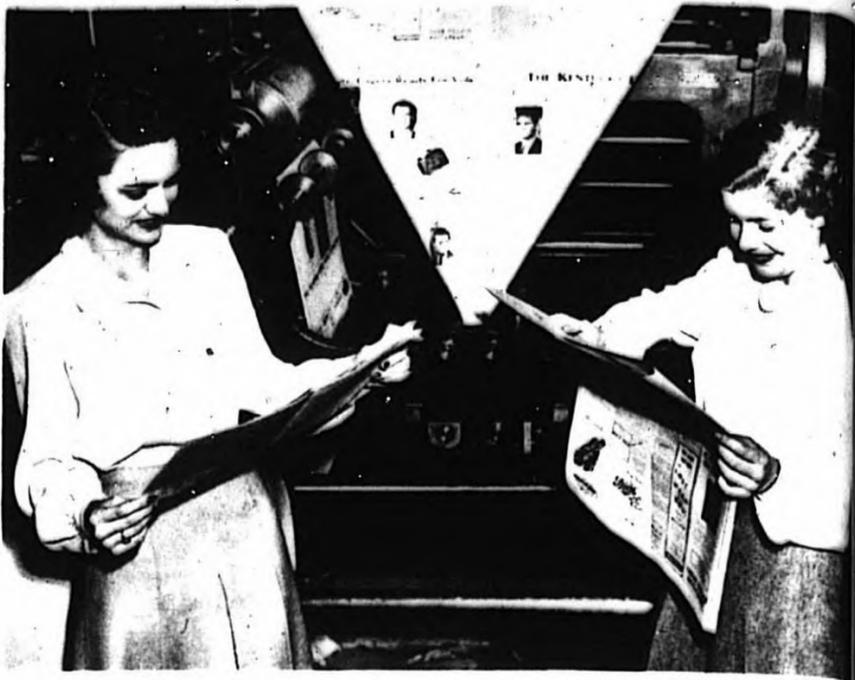

"I have more space for my soft-shoe routine!" Bo Hattan bubbled.

"We can always go to the 'Pastime Gardens' for a sandwich and a coke," was Dick Edsall's suggestion.

John Cunningham told his interviewer he didn't know what this thing's about and asked, "Who is Mrs. Hush?"

Twin daughters of Bob Savage, Colorado State college basketball star, are two of the team's best rooters. What they lack in knowledge they make up in noise. Here dad gives them a few pointers. *City*

Following in dad's footsteps, these two University of Kentucky journalism students are shown as they check the first edition as it rolls off the press. Judy Johnson, left, is the daughter of Keen Johnson, ex-governor and writer for the Kentucky Kernal. Nancy Shinnick is the daughter of William Shinnick, staff writer on the Chicago Tribune. *Photo by Harris*

This modern dance routine entitled "Nightmare" was part of the Junior Show at Mount Holyoke college, South Hadley, Mass. Costumes, songs and settings were all student work.

Unknown trap setters at Michigan State college planned a wet reception for a roommate in the men's dorm, but unknown to them Bill Ochs caught them in the act. The student that got the soaking is also unknown, but at least he will know who did it.

Photo by Barlow

Students at the California Institute of Technology did their best to present a true picture of the "sunshine state" during their annual "Mudeo." Object of the contest was to carry the tire from the middle of the mudhole over the opponents' goal. Biggest job was building the mudhole, some said. Contestants said, "The biggest job was getting the baked mud off."

British-American goodwill rose several points when Sir John Balfour, British minister to the United States, visited the University of Omaha. After speaking to the student body, he turned down an offer to pose on a soft sofa with the

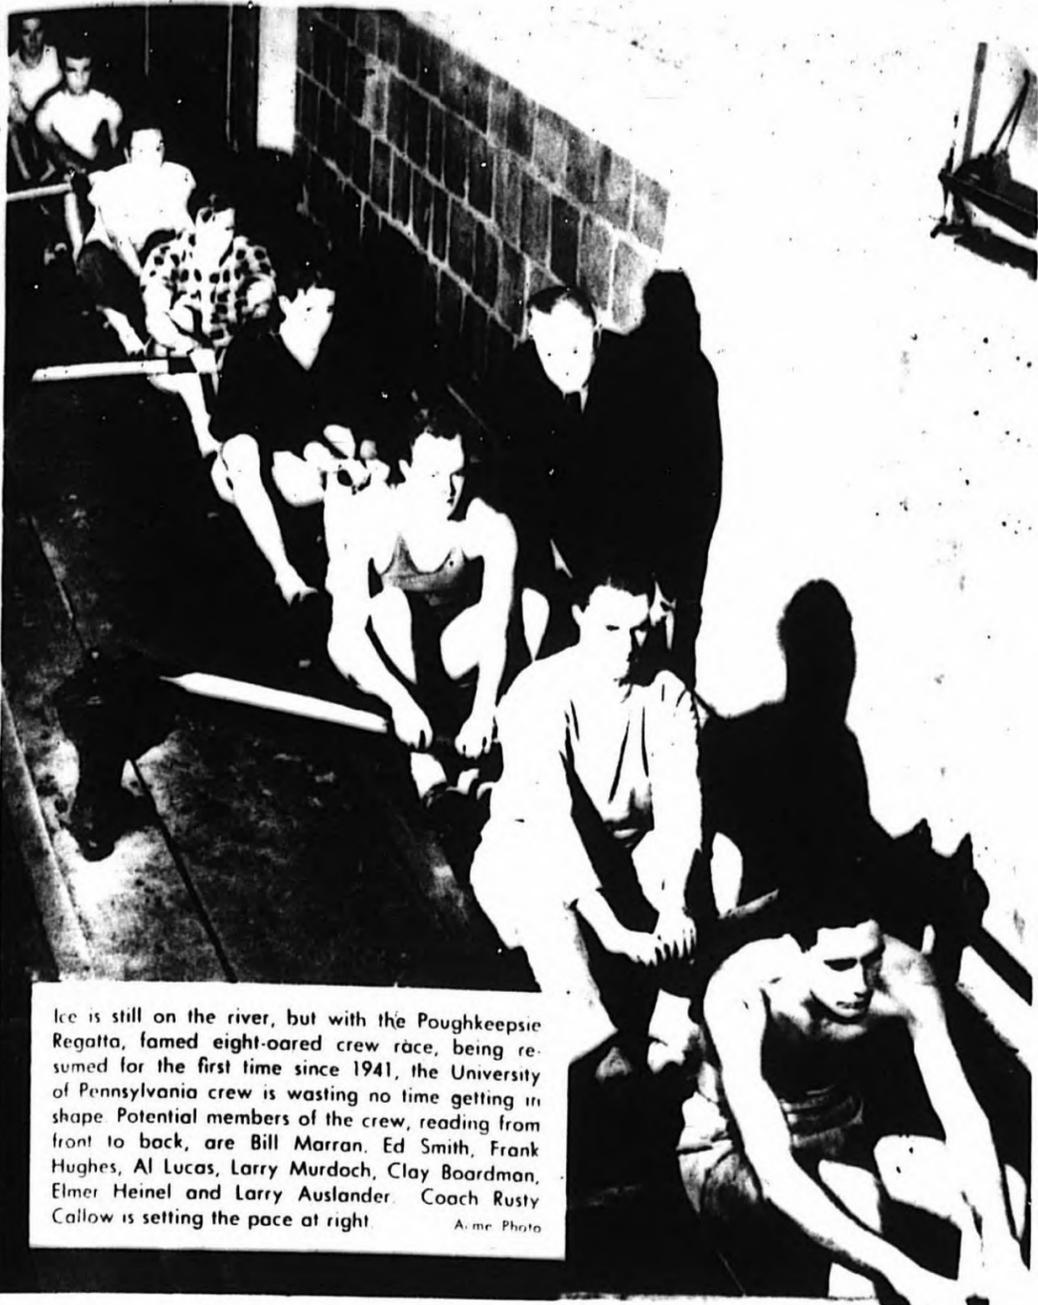

committee. Instead he squatted on the floor with Patricia Smith while Michael Korman, Beverly Wood and Gloria Parker took the more dignified seats.

BLUE MOON

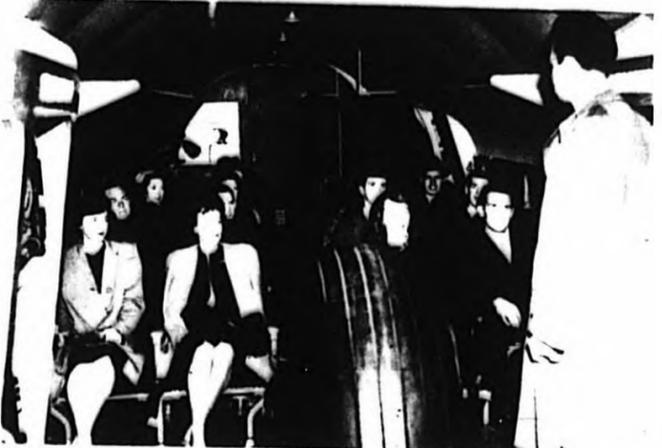

Ice is still on the river, but with the Poughkeepsie Regatta, famed eight-oared crew race, being resumed for the first time since 1941, the University of Pennsylvania crew is wasting no time getting in shape. Potential members of the crew, reading from front to back, are Bill Marran, Ed Smith, Frank Hughes, Al Lucas, Larry Murdoch, Clay Boardman, Elmer Heinel and Larry Auslander. Coach Rusty Callow is setting the pace at right. *A. me Photo*

A stock "prop" of the old neighborhood photographer came to light recently at Occidental college, Los Angeles, Calif., when a publicity man dug out a pony to publicize a school barbecue. Left to right are Nancy Beach, Louise Bohn and friend and Jean Henderson.

Aviation supplies were dramatically displayed at New York university when a manufacturer flew his DC-4 "Sky-Merchant" into town. Members of the school of retailing found this a real answer to the class room shortage. Explaining the latest selling techniques is Prof. C. B. McMath.

EXPERIENCE IS THE BEST TEACHER —

EXPERIENCE TAUGHT MILLIONS the Differences in Cigarette Quality

... and now the demand for Camels — always great — is greater than ever in history.

DURING the war shortage of cigarettes... that's when your "T-Zone" was really working overtime.

That's when millions of people found that their "T-Zone" gave a happy okay to the rich, full flavor and the cool mildness of Camel's superb blend of choice tobaccos.

And today more people are smoking Camels than ever before in history.

But, no matter how great the demand:

Camel quality is not to be tampered with. Only choice tobaccos, properly aged, and blended in the time-honored Camel way are used in Camels.

H. J. Reynolds Tobacco Co., Winston-Salem, North Carolina

According to a recent Nationwide survey:

MORE DOCTORS SMOKE CAMELS than any other cigarette

Doctors too smoke for pleasure. And when three independent research organizations asked 113,597 doctors — What cigarette do you smoke, Doctor? — the brand named most was Camel!

Your 'T-ZONE' will tell you...
T FOR TASTE...
T FOR THROAT...
That's your proving ground for any cigarette. See if Camels don't suit your 'T-ZONE' to a 'T'

Beloit College Solves Campus Housing

They Did It!

Five years ago this would have been just another picture, but today a new campus dormitory is news. Workmen are still putting the finishing touches on Beloit College's new dorm, but already 134 women students have moved in. The cornerstone was laid just 100 years after that of the first campus building. It is named Centennial Hall.

They're Doing It

While coeds move into the new dorm, student veterans and their families are busy moving into former army barracks which have been set up on campus. But Ted Miles and Hahnfeldt agree. The army was never like this! They are on the moving detail while their wives take over the top-kick duties. Lace curtains are next on the list.

They come big at Central college, Fayette, Mo., and if you don't believe it, they will show you. The huge figure, "Little Lu," represented Central athletes and was constructed as part of a victory celebration.
