W. U. CELEBRATES FRIDAY

CORONATION SERVICES FOR THE MAY QUEEN will be held in the University Auditorium tomorrow at 7:30 p. m. and will be the climax of day-long campus festivities. Miss Dorothy Bruce, who is pictured above and is a senior and member of Pi Kappa Psi sorority, will be crowned the 1947 May Queen. She has chosen Bill Draut, senior and member of Men of Webster fraternity, to serve as her chancellor.

Annual May Day Celebration Dates Back to Fairmount Days

By Marge Myers

Elaborate costuming, comic and serious pageantry, box suppers, contests and unique door prizes have highlighted May Day festivities since the establishment of Fairmount College in 1895 and will be much in evidence on the University campus Friday.

Celebrations have been held on the old stadium ground, island and street in front of the Commons, Webster grove and men's gym. Formerly, the celebration was an out-of-doors affair, but uncertainty of Kansas weather disrupted plans so often that festivities were planned to utilize the men's and women's gymnasiums.

Prior to 1939, high school seniors of this vicinity were invited to participate in the day's activities and were given box suppers. Class competition in sack racing, tug-of-war and stunts added to the gaiety of the day. Admission was charged and door prizes including theater passes, dance tickets, steak dinners and bowling coupons were awarded holders of lucky numbers. Rolls of tickets allowed participation in carnival games, partaking of food from any of the many concession stands which dotted the campus and dancing.

Hippodrome had a day of its own until 1943 when it was incorporated with May Day festivities. Originally, Hippodrome was an autumn affair sponsored by Y.W.C.A. and Y.M.C.A. and featured a movie starring campus "Bogarts and Bacalls."

Crowning of a Queen of May has been the big event here since the first May Day. One of the most impressive ceremonies occurred in 1912 when Ester Lee was crowned Queen of the May on the steps of Morrison Hall, according to Dean Grace Wilkie.

University May Queens crowned since 1934 are Esther Myers, (now Mrs. John Wenzel, Wanna Anthony (Mrs. J. D. Perkins), Belva Webb (Mrs. Belva Webb Poort),

Helen Louise Williams (Mrs. Glen Soderstrom), Vivian Melcher (Mrs. F. X. Stark), Mary Elsie Reser (Mrs. J. W. Gary), Jane Schnetzler (Mrs. Wilfred Pearce), Frances Anderson (Mrs. R. C. Crow), Shirley Bishop (Mrs. Harry Beal), Betty Ely (Mrs. Lyle Sturdy), Jean Kimel (Mrs. Frances Hesse), Mary Virginia Mueller (Mrs. Dudley Williams).

Nation-Wide Coverage Given Sunflower Story

Nation-wide recognition was afforded the Sunflower feature on the recovery of sight by Dean Arthur Hoare which appeared in last week's edition on page one.

The feature, appearing in the University publication, was written by Francis Curtis, sophomore, as part of an assignment in interpretative reporting.

Besides its release to the local newspapers it was distributed over the wires of the Associated Press to other newspapers over the nation. A special request from the Chicago Tribune for another feature on Dean Hoare was received and sent out over the wires.

Life magazine has also requested pictorial material from the University publicity office for a feature on Dean Hoare.

Dean Hoare, himself, is receiving letters from all over the nation written by former students, friends, and other persons congratulating him on his recovery of 10 per cent vision.

Tickets for the semi-formal ball to be held in the men's gym tomorrow night have been reduced to 75 cents per person, the regular varsity admission, Duane Hamilton, chairman, announced last night. No corsages are to be sent, Hamilton added.

University of Wichita's annual celebration of May Day will be held tomorrow with festivities beginning in the morning, continuing throughout the afternoon, and concluding at 12 o'clock midnight.

May Day activities will officially begin with the University band marching through campus buildings at 9:30, following dismissal of second hour classes, according to Student Council president, Keith Oliver, who said that the first two periods will be shortened to 35 minutes each.

At 9:45 a. m., inter-class competition in sports, including relays, sack races, and tug-o-war, will take place at Shocker Field under the direction of Keith Fisher, who is in charge of men's sports, assisted by Fred "Tuffy" Robinson. Pat Brewster is making arrangements for women's sports.

From 11 a. m. to 1 p. m., a Kings-X concessions stand to be located on the island in front of the Commons will serve hamburgers, sandwiches, and ice cream bars and the Student Council will dispense free soft drinks to all students, according to Margaret Ann Hesse, chairman of the lunch committee.

A street dance will be held in an area to be roped off in front of the Commons from 11 o'clock until 12:45 p. m. according to Bill Mandie, head of the committee. Records will provide the dance music.

Mock May pole winding, with two men from each social organization participating, will take place on the front lawn of Commons at 12:45 with Kenny Hedrick in charge.

Hippodrome performances will begin at 1 p. m. in the Commons Auditorium with all social organizations and one unaffiliated group each presenting a 15-minute skit. Howard Current, chairman of Hippodrome arrangements, will be

Two Groups Win Awards Petitions In Win Awards On Monday

Awards for the organizations with the highest scholastic standing for the past year will be given to Sorosis sorority and Alpha Gamma Gamma fraternity, Laura M. Cross, assistant registrar, announced.

Giving of the awards was established in 1928, by Dr. Harold W. Foght, president of the University from 1927-1933.

With the exception of the war years, when awards were given to the women organizations only, this tradition has been carried on each year, with Sorosis winning it last year, and Alpha Gamma Gamma winning the last given to the men in 1943.

Scholastic standings of the sororities for the second semester, 1946-47 and the first semester, 1946-47 are Sorosis, 1.503; Pi Kappa Psi, 1.456; Alpha Tau Sigma, 1.385; Delta Omega, 1.296; Epsilon Kappa Rho, 1.174.

Scholastic standings of the fraternities for the first semester 1946-47 are the basis of the award this year because fraternities were not activated until May 1, 1946. Alpha Gamma Gamma, 1.287; Phi Upsilon Sigma, 1.278; Webster, 1.197; Pi Alpha Pi, 0.901.

Annual election of the four Student Council officers will be held on the campus Friday, May 16, Keith Fisher, election chairman announced yesterday afternoon.

Petitions for the offices of president, vice president, secretary and treasurer must be in the office of Dean Grace Wilkie before 1 p. m. next Monday. Petitions for each office must bear 75 signatures.

Candidates for the office of president must have senior standing while the other three positions may be filled by either juniors or seniors.

A picture, suitable for use in the Sunflower, should be submitted along with the petitions, Fisher said.

Wearing Apparel Set For Women on May Day

University women may wear slacks, shorts, or other play-clothes suitable for participation in tomorrow's sports events, according to Pat Brewster, who is in charge of arrangements of women's sports. Shorts can not be worn to classes or after the athletic events.

Constitution Is Proposed

Associated Women Student's proposed constitution outlines a system whereby all women on campus work with the administration in making the rules governing University women. The organization, as set forth in the proposed constitution, offers a three body government composed of executive, legislative, and judicial, said Anita Lallement, chairman.

A.W.S. offers the first real opportunity for unaffiliated women on campus to take an active part in student government. All bodies of the organization will be composed of equal representation of affiliated and unaffiliated women. One purpose of the organization is to further friendship and understanding among University women and to do away with prejudice among groups.

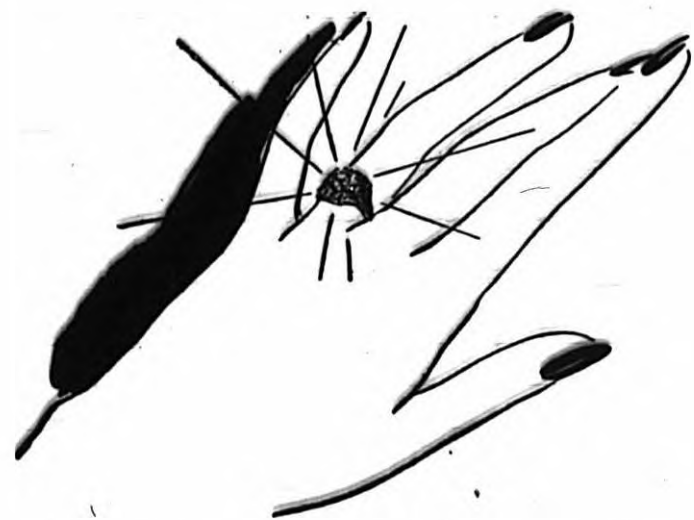

Executive board is composed of six officers, three affiliated and three unaffiliated, who act as a coordinating body. Offices will rotate from year to year with the president, second vice president, and secretary being affiliated women in the even years and the first and third vice presidents and treasurer being unaffiliated. This will be reversed in the odd years.

In the nominating procedure there may be no affiliated woman nominated to run against an unaffiliated woman at any time.

Council will be composed of one representative from each social sorority and I.S.A. and a corresponding number of unaffiliated women. Organized group representatives are appointed by their organization and unaffiliated representatives are voted upon at a general election which this year will be voted upon with the Student Council officer election on May.

From the Council will come chairmen of standing committees. On these committees will be used as many women on campus as is possible, said Miss Lallement. This will be done through a file system to be set up by the group listing interests and hobbies of every woman student. This file will be used throughout the year so that every woman on campus will have a chance to serve as a committee member or take part in some activity.

Court will be composed of the first vice president of the association, two senior members and two

VETERAN's chatter on campus revolving around which is the lesser of two evils (1) getting a summer job (2) attending summer school. And if one can judge from last summer it will be a festive and friendly session. Naval Reserve movement in rotunda "you too may be swabbie" . . . they'll sign you up in 5 minutes—just 4 minutes and 59 seconds slower than emergency record . . .

PHI SIG House Mother, Mrs. Armstrong, took the ribbing about the blue negligee, presented her by Alpha Taus, good naturedly. When called at the YM where he works, Doug Conrod was reported to be in conference with movie talent scout at Lassen Hotel . . . he denies it, but we hear he is trying to replace the famed English actor, James Mason!

JOHN and Ruth Snodgrass chaperoned Pi Kap lawn party Saturday night . . . patio was beautifully lighted by Japanese paper lanterns donated by entering freshman, Larry Myers. Novel favors were given guests at Sorosis dance . . . men's hankies with lovely red lips as decoration. Nervous and excited Jack McCaslin and Irene Gardner announced their engagement at spring dance. Norma Holleicke, Jim Keltner, Katy Burton, and Leonard Farris are again foot-loose and fancy-free.

CARNIVAL side show proved inviting to group of girls who were red-faced when discovered. Cowboy curb-hop mistook (?) Harlan Seeber and Bill Ayres as mere chickens. Engaged are Charlie Elliott and Marjorie Stoner . . . and Tom Hensley (fiance of Betty Jacobs) tired of pinning and unpining decided to anchor her with anchor-sized diamond.

FOLLOWING telephone conversation occurred at Gamma house:
A. Let me speak with some active.
B. This is Gamma.
A. Alpha Gamma? How are you, Alpha?
B. Fine whattaya want?
A. I'm calling from Vet's hospital and the bedpan commandos are giving a ball and I thought some of the frat boys might like invitations. . . but you said

you have a girl so you wouldn't be interested.
B. Oh! I donno. I haven't any special girl—might be fun for a change.
A. Better be careful, bub, the girl you've been going with is MY sister!

WATCH for the day—the ninth of May . . . Tomorrow is it and Hippodrome skits should be hilarious judging from laughter at practice sessions. Wonder who All-Women Student organization nominees will be . . . don't miss Monday's meeting . . . this is your big chance for a voice in campus affairs.

AS FURTHER evidence of our Puritan heritage, shorts will not be the uniform of May Day . . . they may be worn only while participating in active games . . . wonder if dressing rooms will dot the campus. Well, Joanie O'Bryant's green leotards in modern dance caused quite a sensation.

SEEN STUCK in the mud more than once was Jerry Kelly on Pi Beta Chi picnic and sketching party Sunday . . . Walt Lengel and Tennie Dyer caught one fish (length unreported) . . . saving 12 ice cream bars for Alma Eikerman's return from Ohio, the party dashed back to the village just in time to welcome the amazed teacher of talents.

Found: Two Friends

When the majority of the veterans on the campus failed to receive their monthly subsistence checks last week, because of Congress' negligence in passing a deficiency appropriation, they suddenly found they had two friends. One was Dr. W. M. Jardine, president of the school, and the other, the University of Wichita itself.

After a mass meeting held on the campus when the emergency arose, it was decided to seek the president's advice. A committee of five veterans saw Dr. Jardine, it took only 20 minutes and the group had not only received satisfactory advice from the head of the University, but they got something they didn't expect.

Under Dr. Jardine's direction, the University of Wichita set a national precedent in granting interest free loans to all veterans attending the school. Dr. Hugo Wall, chairman of the student aid committee, was prepared to give 24-hour service in the process of the loan. The business office under comptroller Roy W. Elliott, was prepared to give the veteran his cash when he came to the window with the approved loan application.

Only one veteran had to step to the window, but received aid when he needed it most. However, the majority of the veterans, who were almost down to their last few cents, knew that they had found two friends.

V-E, Two Years After

Two years ago on May 12, 1945, hostilities ceased in Europe and on Monday the United Nations will observe that anniversary of V-E Day. Today on the campus of this University, the meaning of V-E has changed for the 1,642 veterans attending school. To them it is not only Victory in Europe, but also Victory in Education.

There was doubt in the minds of many veterans, just out of uniform, as to whether they could adjust themselves to studying. They had all grown older and they knew the student just out of high school had an advantage in college.

However, the record number of veterans attending the University of Wichita this semester have achieved a victory. Surveys show that they are in all cases equal to the non-veteran in scholastic ability and showing.

Many veterans are doing better scholastically than before the war. Most veterans have a goal before them and they are seriously attempting to reach it through education.

There may be a few who will drop along the way, but a great majority of the 1,642 veterans here will have occasion to celebrate that Victory in Education.

Tennessee has an above-average percentage of youths seeking a college education but approximately one out of three of them must go to some other state to get the collegiate training desired, according to a study made recently by Dean Fred C. Smith of the University of Tennessee.

Tuition Lag Behind Costs G-I Boom Forces Schools in 'Red'

HAMILTON, N. Y.—(I.P.)—The postwar rush for higher education, paced by more than a million ex-GIs, has given America's colleges and universities a "red" scare of gigantic proportions, according to W. Emerson Reck, director of public relations at Colgate University.

"This 'red scare', however, has no relation to the one we read about almost daily in newspapers and magazines," declares Reck. "Rather it is a deep fear of the red ink which, after lapping at the base of their financial structures during the war, now threatens to inundate our colleges and universities entirely."

Based on information he secured through a nation-wide survey, Reck shows that total expenses of colleges and universities have advanced 52 per cent since 1941. Meanwhile tuition, the primary source of income in most institutions, has risen only 19.7 per cent and endowment returns, another major income source, have dropped off eight per cent.

Budgets have grown much more for men's colleges and coeducational colleges than those for women's colleges, a fact attributed to the heavy GI enrollment in the former institutions. Presidents of the former institutions are generally agreed, Reck says, that 50 per cent of their additional expenses can be attributed to the so-called GI boom.

Twenty-seven per cent have borrowed from unrestricted endowment, 40 per cent have used gifts received for current expenses, 25 per cent have held campaigns and 44 per cent have used other methods such as borrowing from outside sources, floating bond issues, seeking more and larger gifts from alumni, using accumulated reserves and, in the case of state institutions, securing deficiency appropriations.

One of the major financial headaches, especially of private and denominational colleges, is revealed in an analysis of the changed endowment picture. In 1940-41 one college in seven was earning between five and seven per cent on its endowment and the average return for all institutions was 4.05. Last year, Reck says, only one college in 16 was receiving as much as five per cent, and the over-all return was down to 3.74.

The survey reveals that college presidents are becoming increasingly alarmed over the differential between income and expenses. Fifty per cent say that this differential constitutes, or will constitute within a few years, a serious threat to their future.

Faced with the question, "What can the colleges and universities do to secure the funds needed to assure their continuance as important and influential instruments in our democratic way of life?" college presidents suggest four answers:

1. Increase tuition further or secure larger appropriations.
2. Seek larger annual gifts.
3. Hold financial campaigns, possibly more or less on a continuing basis.
4. Convince Congress that the issue is so important to the future welfare of America that federal scholarships will be established without federal control.

Some presidents think that all four methods will have to be used in combination; few think that any one of the four will alone provide sufficient additional income.

Study In Race Relations

By Meryl Burner

It has been brought to our attention that there are more than just a few University students who are deeply interested and concerned in regards to a particular class offered in the Sociology Department. For those of you who have not heard of the class on race relations, and for those of you who have expressed your deep concerns to know more about it, this article has been written.

The text for the course has had an extraordinary background. A man by the name of Myrdal was obtained from the University of Stockholm in Sweden by the Carnegie Foundation to make an extensive study on the Negro problem as it exists in the United States. He is a man of great learning and has compiled one of the most unbiased books of our times called "The American Dilemma."

The class itself consists of both Negro and White, as do the majority of all classes on the campus. The problems which are bound to arise are very ably conducted and handled by Mrs. Flora-Myrtle Means. Without proper guidance the class could easily do more harm than good.

I think it very important to mention that the class does not feel that the colored problem is the only great American dilemma and has proven it by making thorough individual studies on the Jewish, Oriental, Mexican, and American Indian problems.

Results of this individual study can be realized when reading but laws.

few of the many fine papers compiled about the different races.

It is the hopes of the class to convey a few of the informative results to the students on this campus in later editions of the Sunflower. We of the class feel that the greater majority of you are no different than our small group. Perhaps you, too, will be interested in furthering the betterment of race relations. Look for our article in the next Sunflower.

Fourteenth Amendment

Freshmen 'Took the Rap' In Days of Strong Class Rivalry

Looking back into the distant past, however, not so distant, one can learn of many traditions which made up what we call today, "the good old days in college." There are many persons on the campus who would like to see the institution of new traditions or the reactivation of some of the customs of the past.

The Sunflower has delved somewhat into the past and has discovered that the campus of the University of Wichita was at one time a place of great class rivalry.

The following are excerpts from a constitution for the freshman class decreed by the sophomores of 1926:

ROUGH ON FRESHMEN

"It being the ancient tradition that freshman wear the conventional green, it is meant that this be continued and on the arrival of said green caps for men and green hair ribbons for women, that same body of scholastic inferiors, shall buy them and wear them in conformance to the following rules:

Article I

Sec. 1—Said green array shall be worn while on the campus, at all athletic events and all college functions.

Hair ribbons worn as such at all times.

1. Tied in bow knot and ready for inspection by sophomores. Throughout the time of servitude, the ribbon must remain the required length. Ribbon must also be worn on the left side of the cranial cavity.

Sec. 2—Caps are to be removed at all times upon entering the building.

Sec. 3—Freshmen required to doff their caps, removing them completely from the head, upon meeting a lady, a faculty member, or an upperclassman, and to carry their caps over their heart upon passing the Football Shrine.

Article II

Sec. 1—No freshman boy shall be allowed to sit on the spoonholder.

Sec. 2—No freshman boy shall be allowed to sit on the Spoonholder.

Article III

Sec. 1—No high school letter to be worn while a student of the University of Wichita.

Sec. 2—No high school jewelry

to be worn during period of freshman discipline.

Sec. 3—No freshman may bring dates to football games.

Article IV

Sec. 1—No freshman shall leave chapel until all upperclassmen have departed, and shall stand at attention facing the aisle during the procession of other classes."

PLENTY OF PUNISHMENT

Heavy punishment was meted out by upperclassmen for infringement of the class rules. The constitution stated, "Infraction of rules by any freshman, first offense punishable by performance of servitude or humiliation. Grave or secondary infraction punished by corporal punishment in the form of paddling which sentence levied by the Vigilance Committee and the Student Council. Under grave circumstances the amount of said paddling may reach the effective maximum of 10 vigorous applications."

Punishments were administered by the athletic lettermen of the school and members of the Vigilance Committee.

It has also been discovered that paddles were made of soft wood, uniform length of 18 inches, four inches wide and one-half inch thick.

SPOONHOLDER AND SHRINE

The Spoonholder, referred to in Article II, was located in the lot of the present day Commons Building. Here, there was a large tree around which a stone bench was built. This was the Spoonholder, and the favorite spot of "upperclassmen" and their favorite "upperclasswomen."

The Football Shrine mentioned in Article I was at one time located at the Fairmount entrance. It was a pyramid-shaped stone with a football, also made of stone. Incidentally, that shrine still is on the campus, but minus the football. It is located at the head of the steps which descend toward the women's gym.

PLATTER CHATTER

By Eddie Sisk

Johnny Desmond (Victor)

"Guilty" and "I'll Close My Eyes". This is an example of what I mentioned earlier concerning the move to small combos. Johnny gets excellent assistance from the Page Cavanaugh Trio and consequently does one of his most tasteful turns at the mike. As you well know Johnny Desmond sings in a soft, mellow, often insinuating style, and "Guilty" gives him an opportunity to turn on the heat. If this record hits as it should, there will be reason to believe he will stick to small backgrounds. He couldn't do better than this one.

Sy Oliver (MGM) "Hey

Daddy-O" and "Slow Burn".

The former arranger and vocalist for Tommy Dorsey scores a smash hit for his debut with a new band and a new recording company. Sy and Dickie Wells treat the novelty, "Hey Daddy," with a jazz vocal offering, and then Wells rides a trombone chorus which defies keeping your feet still. As a matter of fact the entire record jumps from intro to ending, but "Slow Burn" is in a slower mood with Bill Coleman and Billy Kyle adding tasteful solos. If I didn't know better I'd swear the band was Jimmy Lunceford's of the late '30's. It has that remarkable fine jazz edge so seldom heard in a white band.

Julia Lee (Capitol) "I'll Get Along Somehow".

Earlier in the column I not only mentioned, but raved, about this K. C. gal, and now I'm prepared to prove it. If you haven't had the good fortune to hear Julia in person, here's a chance to listen via wax. It makes me somewhat ill to think such a truly wonderful performance should be messed up by a mediocre background, but if you'll disregard the band and give all your attention to Julia's fine, feelingful singing, you will be well rewarded. Makes me rather proud when I realize that this great, talented artist developed so close to home. However this gal isn't the only modern musician to hail from the plains; 12th Street in Kansas City is the home of many, and Count Basie will vouch for that.

Track Team Meets Tulsa And K-State

Close Meet Expected At Manhattan Says Bidwell, Track Mentor

Shocker trackmen will have participated in two track meets before the weekend is over.

Yesterday the Shockers journeyed to Tulsa, Okla., to meet Tulsa University in a track meet that was postponed earlier in the season.

Track mentor Ab Bidwell expressed the opinion before he left for Tulsa that this meet would be much closer than the one last Friday. He said the Tulsa team would have eight or nine more men competing than they had here on their last meet.

Saturday tracksters travel to Manhattan, Kan., to meet K-State in a track meet.

"This will undoubtedly be the toughest meet of the week," stated Bidwell. "K-State has a fine team and has more than their share of nationally prominent collegiate trackmen."

Shockers will concentrate on the sprints up to the half-mile, the 220-yard dash, the high and broad jumps, according to Bidwell.

Roster for the meet will be the same as previous meets with the exception of the addition of Bob Lewis who will be entered as a 440-yard man. Lewis ran for the first time in the mile relay in the last meet.

KEITH OLIVER AND HAROLD BEAL, pictured above, have accepted coaching positions starting next year. Oliver will go to Medicine Lodge, Kans., and Beal will go to Claffin, Kan. Both boys are former teammates and will be basketball coaches of their respective schools. They were mainstays on the basketball team for the past two seasons.

Laxity in Athletics By Nation's Colleges Hit by Two Actions

CORVALLIS, Ore.—(I.P.)—Announcement of two important decisions involving inter-collegiate athletics was released here by Percy P. Locey, director of educational activities and intercollegiate athletics at Oregon State College, following his return to the campus from the National Collegiate Athletic association's annual meeting in New York City.

The rules listed were, first, the establishment of a code to enforce national inter-collegiate amateur regulations and, second, the appointment of a committee to investigate gambling in inter-collegiate athletics.

This code was explained by Locey to be the result of laxity on the part of colleges and universities in the United States, to enforce rules and regulations regarding amateur standings of collegiate athletes.

Golf, Tennis Squads Leave For Oklahoma

Today, the Shocker golf and tennis teams leave for a three-day trip into Oklahoma to engage Oklahoma A & M and University of Tulsa.

The first match is scheduled with Oklahoma A & M at Ponca City, Okla., today, at the American Legion Country Club. Tomorrow the teams journey on to Tulsa for a match with University of Tulsa, to be played at Southern Hills Country Club, then move on to Stillwater, Okla., to meet the Oklahoma Aggies at their home, Saturday.

Golf matches with Oklahoma A & M will be hotly contested. Each team has lost only one match this season, at the hands of the other, and each by identical scores.

Most strikeouts in 9 innings (1901 to date) belongs to Bobby Feller, Cleveland (A), which are 18. The major league record was set in 1938 when Cleveland was playing Detroit.

Rifle Team Fires Second In National Rifle Association

With only one returning member from the 1946 team, the ROTC rifle team began practicing for competition on November 4. After an elimination match among members of the ROTC unit, S/Sgt. Charles S. Ryburn, Jr., coach, selected ten men to represent the unit in competition. Only three of the ten members are ex-GI's. The other seven are freshmen, and the average age is 18.

The team began competition against local teams which included the National Guard, State Guard, and Civil Air Patrol and won all matches. The next match was against the University of Nebraska, and the ROTC riflemen won. In the following matches against Kansas State and the University of Nebraska the rifle team won again.

Firing against three teams for Oklahoma A & M, in the sectional tournaments of the National Rifle Association shoulder to shoulder matches, the ROTC rifle team placed second. William Thompson, freshman, was high scorer in the individual matches.

Tulsa Gives Wichita Rough Day On Court

Shocker tennis team garnered only one victory as the University of Tulsa tennis team defeated W.U. 5-1, at the Seneca courts last Friday.

Leland Abel furnished the only Shocker victory as he defeated Bowe 6-2, 3-6, 8-7. Charles Crum, Shocker No. 1 man, lost to Jack Keeling 6-0, 6-2.

Other results: McCrobin, Tulsa, defeated Don Ware, 6-3, 6-4; Monnette, Tulsa, defeated Ray Bershauer, 6-4, 6-0; and the doubles team of Keeling-McCrobin downed Crum-Bershauer, 6-4, 6-2, while Tulsa's Monnette-Bowe combination downed Ware-Abel.

Coach Ralph Graham

(Note:—This is the first in a series of articles of biographical sketches on the coaching staff. They were primarily written to better acquaint the student body with the members of the coaching staff.)

Ralph Graham, head of the Athletic department, is a native of El Dorado, Kansas, where he graduated from high school in 1930.

He went to Kansas State College from 1930 till 1934, where he won nine varsity letter awards, three each in football, basketball and tennis.

During his junior and senior years at Kansas State, Graham was an All-Big-Six choice as fullback, and as a senior won a place on numerous mythical All-American elevens. He was invited to play with the College All Stars against the Green Bay Packers in 1934, but declined to go to Bloomington, Ind., as "Bo" McMillin's varsity backfield coach where he stayed eight years.

In 1937 Graham received his master's degree at Indiana University. He was named University of Wichita athletic director on January 19, 1942, and served in that capacity until going to the Navy. He served in the Navy as lieutenant senior grade, being stationed one year in the Pacific.

Vets Checks Are Received

University veterans received speedy action from school officials last week after they had failed to receive their monthly subsistence checks because of the depletion of funds for GI's attending school.

After a 20-minute conference with Dr. W. M. Jardine, president, last Thursday a veterans' committee learned of the president's direction to grant \$50 short term interest-free loans to students showing the need.

However, the same day Congress passed the deficiency appropriation and subsistence checks went into the mails on Saturday. Only one loan was reported by the business office last Saturday. Most veterans have now received their checks.
