

# 'Papa Is All' Opens W. U. Play Season

Comedy to be Given  
By University Players  
Tonight in Auditorium

Tonight marks the opening of University of Wichita's dramatic season with Patterson Greene's three act comedy, "Papa Is All." The play will be presented in the auditorium at 8:30 and will be repeated Friday and Saturday nights, announced George D. Wilner, director and professor of dramatic art.

Heading the cast are John Kelso and Helen Christy as "Papa" and "Mama Aukamp" respectively. Their children, "Emma and Jake," are played by Elizabeth Kirkpatrick and Jimmie Kemper. Tony Holloway plays "State Trooper Brendle," and Barbara Hattan will be seen as "Mrs. Yoder."

Technical director for the play is Gene Spangler, auditorium manager.

The scene is laid in Pennsylvania in the heart of the Pennsylvania Dutch country. "Papa Aukamp" is a fanatical, greedy, and cruel farmer who has a religious scruple against any of the modern conveniences or joys of life. He subjects his family to his intolerable way of life and attempts to break them physically and spiritually, explained Prof. Wilner.

Finally "Emma" defies him by sneaking out with a surveyor and going to a picture show in Lancaster. "Papa" finds out and goes gunning for this man whom he thinks has disgraced his house.

Chariana Taylor is production manager and Marvin Taylor, stage manager. Martha Lou Heltzel and Virginia Gass are wardrobe mistresses. Make-up will be handled by Proctor Du Charm and Beth Jones. Joel Parsons, Jack Briggs, and Joy Redfield are in charge of properties. Construction is under the supervision of Ted Ashmore and painting is done by Rex Norton. Carey Daniels and Schwab Major Jr. are handling lighting effects.

Professor Wilner suggested that "students who desire to attend the bonfire and dance Friday and Saturday nights can come to the play first because it will be over before 10:30."

## High Schools Meet Here

Thirty Kansas Schools Participate in Assembly

Speech Institute for high school debaters begins tomorrow in the University Auditorium, according to Leslie M. Blake, institute director. The institute is sponsored by the Debate Club and Delta Sigma Rho.

Commencing at 8:00 o'clock tomorrow approximately 350 students from 30 high schools in Kansas will attend the annual debate forum designed to instruct high school debaters on the national debate question: Resolved: "That the Federal Government should require arbitration of labor disputes in all basic industries."

Reservations to attend have been received from the following high schools in the state: McPherson, Bucklin, Hutchinson, Allen Rural School, Wichita High School East, Wichita High School North, Wellington, Stafford, Winfield, Protection, Cathedral, Planeview, Emporia, Eldorado, Halstead, Arkansas City, Reading, and Meade, Kansas High School.

The program includes registration at 8:00 a.m., followed by announcements and then a demonstration debate on "The high school question", between Tom Finney, Jr. and Dean Emery from the University of Oklahoma on the affirmative side and Herbert James and Walter Mulliken of the University of Wichita on the negative side.

Individual sessions will be conducted by the Logopedics Institute. Radio Station W. U., dramatics dept., and professors of the speech department will conduct sessions in oral interpretation, Oratory and Extemporaneous speaking.

## HOMECOMING HONORS 1000

HER MAJESTY, JEAN CLINE, will be crowned queen of the Homecoming at the varsity in the gymnasium Saturday night. However, Miss Cline, a senior in the college of education, will reign over day-long activities Saturday including the parade and football game. She will be presented to the public during the halftime of the football game in Veterans Field by Garner Shriver, Alumni Association president.

## Homecoming Recalls to Mind 'Good Old Days' of Yesteryear

Homecoming Day, 1947, is just around the corner. It is the day that is so cherished in the hearts of University of Wichita alumni and student. The twenty-first Homecoming since the University became a municipal institution promises to take its place with the colorful observances of the past.

The nearly 1,000 former students and graduates will remember the days when they took part in the snake dances, burning of freshman caps and election of the Homecoming queen.

Fairmount grads will go way back to remember the annual Fairmount-Friends University game. In those days Homecoming activities included such things as cross-country races.

In 1926 the Shockers played their first Homecoming game as the University of Wichita. The parade staged by students that year was the largest in the school's history to that date. Led by the R.O.T.C. band, the parade consisting of students and alumni on foot and in autos, stretched for several blocks. The Shockers defeated their Southwestern rivals 17-0 at old Island Park.

The parade of parades was held in 1929 when a procession which included 25 floats was led by a police escort through downtown Wichita. However, the old grads sat in the stands that day in the midst of a pouring rain and watched their Alma Mater go down to defeat at the hands of the Emporia State grid team.

Traditional rivalry was renewed in 1934, and Southwestern students made several trips to paint the school's initials on the sidewalks. When the Shockers attempted to retaliate 100 Southwestern students met them and gave them "hair cuts". Finally a treaty was agreed

upon by the student councils of the two schools.

Last year on a soggy Veterans Field the Shockers walloped St. Louis University for the first time

### New Record Set By Sunflower Today

A new record has been set by The Sunflower with today's Homecoming edition containing 18 pages. The largest Sunflower ever published on past Homecomings was in 1946 when a 16 page paper was issued.

The largest all-time edition ever published was the special 24-page paper last April welcoming Dr. W. M. Jardine back to the campus.

Today's paper was written by members of the beginning and advanced reporting classes and planned and edited by members of the feature and editorial writing classes and the editing class.

Another record set by The Sunflower staff this year was the publication of the first edition before the school year began.

in five games, 13-0. The Sunflower boldly predicted the Thursday before the game that "blue skies" was forecast by the weatherman. Almost three inches of rain fell on Friday night and Saturday.

## Week-end Is Jam-Packed With Activities; Rally, Parade, Dance on Agenda

Jean Cline to Reign as Homecoming Queen; Students Will Go 'Western' Thursday and Friday; Shockers Tangle with Lumberjacks

One of the most elaborate Homecoming celebrations in recent years will begin Friday, with a week-end studded with activities including a pep rally, mixer, parade, football game, alumni coffee, and a Homecoming ball planned to welcome back to the campus an estimated 1,000 former students and University graduates according to Pat Rutherford and Ru Beuke, Student Council co-chairmen of the celebration.

The Homecoming kickoff will come Friday at 7:30 p.m. as students gather at the gymnasium for the snake dance to Veterans Field where a huge bonfire and pep rally will set off the twenty-first Homecoming celebration since the University's municipalization. Following the pep rally an all-student mixer will be held in the gym and coffee and doughnuts will be served.

Saturday's activities will get underway with the first post-war parade starting at 10:30 a.m. from Lawrence Stadium. Jean Cline, Homecoming queen, will ride in a surry led by a shetland pony. Her escort for the day will be Tom Curry, Alpha Gamma Gamma fraternity and Student Council president. Following the queen will be her attendants and their escorts. The attendants include Jo Miller, Sorosis, Wanda Vogt, Delta Omega, Helen Glasco, Epsilon Kappa Rho, Shirley Holloway, Alpha Tau Sigma, and Jean Kiser, Independent Students Association. An unaffiliated attendant will be chosen today according to the co-chairmen.

Indications point to at least 12 floats being entered in the parade which will be led by the University band. Organizations may register their floats until 3 p.m. today in the Alumni office in the Administration Building.

Prizes of 15, 10, and five dollars will be awarded the best floats which will be judged by a faculty committee. The same prizes will be awarded to campus social organizations for their house decorations. House decorations will be judged following the parade.

Garner Shriver, Alumni Association president, will present Miss Cline with a bouquet of mums during the halftime of the University of Wichita-Arizona State football game in Veterans Field Saturday afternoon.

The Alumni group will also honor graduates at a coffee hour in the Commons Lounge following the football game. Mrs. Janet Bachman, 1947 graduate, is chairman of the alumni committee.

The week-end activities will end Saturday night with the traditional Homecoming varsity at which students and alumni will get acquainted. The dance, to be held in the men's and women's gym from 9 p.m. until midnight, will be highlighted by the coronation of Miss Cline as queen. She will be crowned by Shriver during impressive ceremonies after which she will be presented to

### Dr. Hekhuis Explains Purpose of University Religious Counseling

Further integration of campus life with religious life is the purpose of the newly organized Religious Council, Dr. L. Hekhuis, chairman of the Council and Dean of the College of Liberal Arts, announced to members Tuesday night. About twenty students, representing each religious denomination on the campus, heard the explanation of the counseling and fellowship program as it was outlined by the dean.

Announcements of future meetings of the Council will be made later, Dr. Hekhuis said.

the student body and alumni members.

Dick Haughton and his orchestra will play for the varsity which is being planned by the varsity committee under the sponsorship of the Student Council. Tickets for

### Homecoming Celebration Filled With Activity

- 3 p.m.—Thursday—Final parade registration, 153 Adm.
- 8:30 p.m.—Thursday—"Papa Is All", Auditorium.
- 7:30 p.m.—Friday—Bonfire and pep rally, Gym.
- 8:45 p.m.—Friday—Student mixer, Gym.
- 9:30 a.m.—Saturday—Assembly Lawrence Stadium.
- 10:30 a.m.—Saturday—Parade through downtown.
- 1 p.m.—Saturday—Judging house decorations.
- 2 p.m.—Saturday—Football Game, Veterans Field.
- 4:30 p.m.—Saturday—Alumni Coffee, Commons.
- 9 p.m.—Saturday—Dance, queen coronation, Gym.

the varsity are available from Student Council members and will be sold at the door.

Misses Rutherford and Beuke stressed that on Thursday and Friday students may wear jeans, plaid shirts, and ten-gallon hats. However, all activities on Saturday including the football game and dance will call for dress apparel. No sneakers or saddle shoes should be worn to the Saturday night dance.

## Enrollment Record Set

An all-time high enrollment was recorded at the University this semester as 3,032 students entered during September marking an increase of six per cent over the 1946 high of 2,848 students, Dr. Worth A. Fletcher, registrar, reported this morning.

The top enrollment figure made this semester is an increase of 171 per cent over the 1945 figure and 433 per cent more than when the school became a municipal university in 1926, Dr. Fletcher said.

Significantly, a 43 per cent increase over last year's figure in non-resident students was recorded this semester with 1,241 non-resident students entering the University. However, a 7.8 per cent decrease was noted in resident students.

Slightly more than half of the total enrollment at the University is made up of war veterans, Dr. Fletcher stated. Of the 1,527 returned service personnel, 29 are women.

Enrollment of men students is highest in the school's history while women number slightly less than last year. There are 2,231 men and 801 women enrolled. This means almost three men for each woman.

Dr. Fletcher revealed that freshman enrollment dropped from last (Continued on Page 17)

## A.W.S. Presents Gift To Cline; Committees Report Plans

An engraved compact will be presented Jeanne Cline, Homecoming Queen, by the Associated Women Students at the varsity to be held in her honor Saturday night, Jo Ann McKinley, publicity chairman, announced.

The program committee of A.W.S., headed by Virginia Castres, third vice president, declared that a "get acquainted with your faculty" program will be held in November and a Christmas program is being planned for December.

Patsy Rutherford reports that the budget committee is planning an all-school carnival which will be a spring event. The personnel committee has established a file of hobbies, interests, and talents of each woman on campus at its desk in the Commons.

The handbook committee is compiling material for "a bigger and better" Fem Focus, a booklet explaining functions of A.W.S. Geraldine Nelson said she hoped to get her office limiting program under way before the spring elections.

Associated Women Students, under the authority delegated by Student Council, University President, Dean of Women, Board of Regents, and faculty, help to establish and maintain social standards and to foster campus cooperation.

It is not the purpose of A.W.S. to infringe upon the rights of existing governing bodies of the University, but to combine efforts with them in promoting harmonious campus life.

With this purpose in mind, the constitution was written by Anita Faye Lallement, Bethenis Jones, Lilly Higgins, and Twila Stoss. It was adopted by a vote of campus women on May 12, 1947, and was

published in the "Fem Focus" booklet which was presented to all women students upon registration.

The A.W.S. council consists of the Executive Board, one representative from each of the affiliated groups, and a corresponding number of representatives from the unaffiliated women. Ex-officio members include representatives from the all-women's clubs and non-social organizations approved by the University of Wichita administration. The council meets every Tuesday at 7 p.m. in an open session.

As reported by Miss McKinley, "it looks as though the entire council is doing its best to make the local A.W.S. worthy of its national standing".

### Dr. Whan Appears At K.U. Speech Clinic

Dr. F. L. Whan, head of the speech department, was the principal speaker at the University of Kansas high school speech clinic last Saturday at Lawrence.

Dr. Whan also appeared on two panel discussions of the state high school debate question. Other speakers included Dr. L. R. Laase of the University of Nebraska and Prof. E. G. Buehler of the University of Kansas.

COUNCIL OF THE ASSOCIATION OF WOMEN STUDENTS, the newly organized group open to all women on the campus, is pictured above. The council members include, seated from left, Mary Lu Taggart, treasurer; Jackie Swallow, secretary; Virginia Castres, third vice president; Ru Beuke, second vice president; Persis Bonjour, first vice president; and Bethenis Jones, president. Second row, left, Jo Ann Maclean, council representative; Beverly Coldsnow, junior court representative; Jerry Nelson, council representative; Charlana Taylor, council representative; Marjorie Deering; and Jean Gay, council representative. Third row, from left, Jo Ann McKinley; Betty Williams; Betty Long; Gwen McAfee, court representative; Twilla Stoss; Sue Bowers; Pat Rutherford; and Helen Majors.

For his work on a logotype, a design to be used on letter heads, envelopes, and advertisements, a 10 dollar prize has been awarded to Lloyd D. Walcher, special student in art, Robert W. Cooke, associate professor of art, has announced. The prize was offered by the dramatics department.

## Directory Work Begins

Work on the 1947-48 Student Directory has gotten underway and will be published as soon as possible, Dave Enoch and Pat Taylor, co-chairmen planning the book, announced Tuesday.

The printing contract is expected to be settled shortly. Laura Cross, assistant registrar, is at present compiling a list of all students for the directory, the co-chairmen said.

The new directory will contain the name, address, class, and telephone number of every student enrolled this semester. In addition it will contain a list of faculty and administrative personnel, fraternity and sorority membership rosters, and telephone numbers of various University departments. There will be no advertising in the publication.

## First Y.W. Meeting Is Halloween Party

Old fashioned bobbing for apples and drinking cider will be the entertainment for members of the Young Women's Christian Association at the first general meeting and party which will be held at the Alpha Tau House, Wednesday. Women who do not belong to the Y.W.C.A. are especially invited to attend the Halloween party.

Officers for this semester are: Marjean Spencer, president; Jean Rittenour, vice-president; Beverly Coldsnow, secretary; Betty Endsign, treasurer; Shirley Gladdis, district representative; Jean Wogan and Martha Hummel, co-chairman of the social committee; Jean Rittenour and Jackie Swallow, co-chairman of the membership committee; June Cale, W.S.S.F. chairman; Marjorie VanCamp, conference chairman; Martha Wyatt, decorations and publicity; Pat Rutherford, H.Y.M. dance; Twilla Stoss, projects; and Charlane Taylor, programs.

READY FOR A GALA HOMECOMING are these campus cuties resting in Veterans Field. They include, from left, Jo Miller, Sorosis, Shirley Holloway, Alpha Tau Sigma, Wanda Vogt, Delta Omega, Helen Glaseo, Epsilon Kappa Rho, and Jane Mueller, unaffiliated. Jean Cline, Homecoming queen, is in the foreground.

## 'Greeks' Add New Pledges

Final additions to fall semester pledge lists for Greek organizations on the campus were announced by fraternities and sororities, Tuesday. Twenty women and thirteen men have been added. They are:

Alpha Gamma Gamma: Jim Nutter, Dick Hunt, and Don Miller.

Alpha Tau Sigma: Connie Hallman, and Peggy Baldwin.

Delta Omega: Margie Boyle, Ruth Cole, Gloria Kleinigler, Billy Asp, Joy Redfield, Ardis Plush, June Wilkerson, Jeanne Woolworth, Dee Neal, and Shirley Clark.

Epsilon Kappa Rho: Jane Scott, Norma Plynell, and Cleora McFadden.

Webster: Leonard Farris and Ed Houlik.

Phi Upsilon Sigma: Buzz Rogers, Jack Munley, Jim Martins, John Jackman, Minor Scott, and Henry Fager.

Pi Alpha Pi: Al Johnson and John Kenny.

Pi Kappa Psi: Katy Thies, Marjorie Raders, and Kathleen House. Sorosis: Pat Gaskill and Elizabeth Kirkpatrick.

## Dance Will be Given By Republican Club

Young Republican's Club will hold a dance in the English Room of the Broadview Hotel, Nov. 22, announced Bob Worthington, chairman. Membership in the Young Republican's club is the required admission to the dance.

Bill Walker and his Varsity Crew will provide the music. Vinita Hood is in charge of the skit.

## Alumni Plan Tulsa Dinner Before 'Game of Year' on Nov. 1

A luncheon meeting for University alumni will be held in Tulsa, Okla., prior to the Wichita-Tulsa

football game on Nov. 1, Mickey McCoy, alumni association secretary, reported Tuesday.

Wichita alumni members should make reservations with the University alumni office before next Monday, Miss McCoy said. Garner Shriver, alumni president, will preside at the meeting.

# Organizations Plan Welcome To Honor Former Shockers

Every effort will be made to entertain alumni on the campus this Homecoming, with the Alumni association and the Greek organizations holding special open houses for alums. All indications are that this will be one of the biggest alumni 'get-togethers' in the twenty-one year history of Homecoming, according to Mickey McCoy, alumni association secretary.

### Plans of the Greek organizations:

Alpha Gamma Gamma will honor its alumni at an open house following the Saturday football game. Coffee, tea, and pie will be served to alums and fraternity members. The house will be decorated under a committee headed by Walt Strange and Whitey Garlow.

Alpha Tau will hold a luncheon for their alums supervised by Marge Morris. Nancy Depew is in charge of decorating the house.

Delta Omega will serve coffee and doughnuts to the alumni of their sorority before the game.

Kappa Rho will serve dinner at their sorority house for alumni and members following the Saturday game. Ollie Jane Tuft is in charge of the dinner.

Pi Kaps will hold open house for their alumni before the game with Virginia Kesterson in charge. Shirley Clark is chairman of the house decorating committee. Pledges will sell 'mums' at the game.

Sorosis will have a luncheon for alums before the game at the sorority house. Chairman for the luncheon will be Carol Groom.

Phi Upsilon Sigma will serve refreshments at the house following the game with Bill Geist in charge.

The Webster fraternity will honor alums at an open house following the game, and also hold a dinner in honor of the Homecoming Queen Saturday evening in the Commons at 7 p.m. The dinner will be a date affair.

Organizations participating in the Saturday morning parade are the following: Alpha Gamma Gamma, Alpha Tau Sigma, Delta Omega, Kappa Rho, Pi Kappa Psi, Sorosis, Phi Upsilon Sigma, Pi Alpha Pi, and Men of Webster.

An article on radio research done at the University during 1947 is being written by Dr. Forrest L. Whan, head of the speech department who has conducted radio surveys, for Broadcasting magazine, national radio publication.

### Alumni Association Plans:

University alumni will gather in the Commons Lounge and Pine Room for the Annual Homecoming Reunion Coffee immediately following the game on Saturday, October 25. This is an opportunity for the alumni to see many old friends.

Janet Israel Bachman, '47, is in charge of the coffee. Her committee includes: Harriet Porter Solter, Margaret Craig Meek, and Hortense Thompson Null. The faculty committee in charge of the refreshments is headed by Dr. Geraldine Hammond.

Members of the University executive committee, presidents of the sorority and fraternity alumni, and members of the faculty alumni committee will serve as hosts and hostesses.

Autumn will be the theme of the table, and the brass samovars will be at each end. Presiding at the Coffee table will be: Ester Myers Wenzel, Jeraldine Baumgardner, Beulah Barrett Ausherman, and Hortense Thompson Null.

Alumni will gather again in the evening at the Homecoming Varsity at which Garner Shriver, alumni president, will crown the Queen.

Importance of proper lighting, especially in classrooms, was demonstrated by films and lighting exhibits sent out by the Kansas Gas and Electric Company and shown to the English methods class, high school methods class, and the educational psychology class recently.

More than 6000 students have been enrolled in the University of Wichita endowed department of religion since its founding in 1926.

# Round about the Campus

**HOWDY Partner!**—dig the home coming greeting! Fems are wearing jeans for Jeanie, our queen, while sharpies like Gamma Bob Tanner are decked out in their cowboy duds—duddddd.

**SPARKLING** with happiness (oh those bee-utiful rings) are Harriett Lovenguth engaged to Phi Sig Garral Becker, and D.O. Opal Luttrell engaged to D. J. Fralic.

**NOW** hear this—watch fraternity row for further developments—who's taking over that prominent space between Webster and Phi sig houses? Sorosis gals are mighty proud of their new combination radio-phonograph given them by alums!

**LOOKING** out of place driving a club-coupe of Conservative hue was Phi Sig fella, Clyde Simon . . . as for conservative people . . . decoding the expense account of the Sunflower staff going to Minneapolis con-fab should prove enlightening.

**WOODOO**—You do—plan to have a good time at the I.S.A. mixer Oct. 31 . . . the Homecoming dance t'will be quite the shindig—hear A.W.S. is presenting the queen a gorgeous engraved compact.

**GIRL'S** you can cross two more athletes off your list of eligible men—Tom Allen will be married to Jeannine Tannehill, Dec. 18—while Webster Jim Nebergall is now pinned to Betty Westerhaus.

**CAKE** and Ice-cream were on the menu at the Gamma house last Monday night . . . when their Betty Coed, Charlene Parrott, treated the fellas . . . sounds scrumptious . . . as for food—donuts and coffee will be served at the mixer following the bon-fire pep-rally tomorrow. Yum-yum!

**LET'S** get things settled fellas—guess there was quite a mix-up Monday night when I.S.A. members and Pi Alphas kept dropping in at the wrong meetings . . . well, here's hoping you all have a super-duper, high flutin, rootin', tooting, jim dandy good time during the celebration.

## Upperclass Women Assist New Students

"Polly and her Five Little Peppers," a system by which upper-class women giving guidance to new women on the campus, is sponsored by the Association of Women Students, an organization which is new to the campus this year.

"Pollies" are chosen for their friendliness, cooperativeness, and their ability to give guidance and companionship to freshman and new students. The "Polly" will meet with her "Five Little Peppers" to help them with schoolwork or any other problems.

# Alumni Give Breakfast

A reunion breakfast for all former University of Wichita students who are teaching will be given during the Kansas State Teachers Association Convention at 8 p.m., Friday Nov. 7, in Droll's English Grill. The Alumni Association is sponsor of the event.

Mickey McCoy, alumni secretary, is in charge of arrangements. Reservations, which can be made by calling or writing Miss McCoy at the University, should be made by Wednesday, Nov. 5. Tickets are 75 cents.

A Committee of five consists of one man who does the work and four others who pat him on the back.

### Illinois Tries Novel Educational Plan

URBANA, Ill.—(I.P.)—Termed as one of the most far-reaching actions in the history of state education, a master plan for public education in Illinois from kindergarten through college is being prepared by the University of Illinois and will be presented to the state legislature this month.

The state's educational structure is faced with problems resulting from increasing numbers of children entering the schools and unprecedented numbers continuing their education to higher levels. The University pointed out in

announcing preparation of the plan, that:

The demand of students for higher education—general, terminal, technical, and professional—now exceeds and will continue to exceed the available facilities.

The alternatives are to make the facilities meet the demands of students, or to screen the student demand so that it will be reduced to the size and character of the facilities.

If the student demand is reduced, then the supply of trained personnel will not equal another demand—that of commerce, industry, agriculture, the professions, and the public welfare, for a large number of educated people.

### Recreation Students Honor Faculty Group With Square Dance

The community recreation class sponsored a square dance for faculty members, Wednesday night, in the Women's gym. Winifred Engdahl, instructor of Physical Education, was caller for the dances.

At intermission, the folk and square dancing students gave an exhibition for the teachers. The class was dressed in Western attire.

Those participating in the exhibition were as follows:

Billa Asp	Roy Donaldson
Phyllis Barton	Vic Franzione
Earlene McBride	Joe Kinkaid
Marjorie Morris	Maurice Mead
Jane Mueller	Don Riggs
Eleanor Pendleton	Fred Robinson
Charlana Taylor	Quincy Utter
Kathleen Thies	

Kansas State's 47-7 defeat by Missouri was the twenty-first consecutive football loss suffered by the Wildcats.

### CLUB CORNER By Betty

**Marcene Solomon**  
**Canterbury Club**  
 Movies on the "Atom Bomb at Bikini" will be shown at the home of Brad Hall, 344 North Roosevelt, Sunday at 7:30 p. m. All Canterbury Club members and Episcopal Students are invited to attend.

**Newman Club**  
 Members will meet Wednesday, at 7:45 p. m. in the basement of Blessed Sacrament church. There will be a discussion on the racial problem. Bill Keough is in charge of the program.

**Archery Club**  
 Women archers will shoot at skeleton or witch targets at their Halloween shoot, October 29. They will meet in the Women's Gym at 2 p. m.

An invitation is extended to all experienced archers, according to Miss Earlene McBride, vice-president.

**Pegasus**  
 Pegasus club members will ride Friday at 4 p. m. All members are to meet at the Bridle and Saddle club.

**Orchesis**  
 Junior orchesis will meet today at 4 p. m. in the Women's gym.

### Visiting Cast Gives Play

"The Importance of Being Earnest," written by Oscar Wilde, will be presented by the National Repertory Theater from New York City the night of November 7, in the University auditorium.

The plot included an invention of a mythical character by a young man to disguise his own shortcomings. The creation of this character enables him to leave his country home and woo a sophisticated debutante in London, while his mythical brother is at home carrying out daily tasks.

The play stylizes the romance of this era and the amusing arrangement of the social order of the day.

General admission for the play will be \$1.22. Students will be admitted for 50 cents and the presentation of their activity tickets.

University of Wichita Wheatshockers intercepted 10 passes during the first half of the 1947 football season. Opponents were able to intercept only four Shocker passes.

"I go all out for Dentyne Chewing Gum!"

"Excuse it, please—but I'll come flying anytime anybody offers me Dentyne Chewing Gum! That clean-tasting, long-lasting flavor is out of this world, and Dentyne sure helps keep teeth white."

## 'Helping Hand' Is Extended Students By Guidance Center

By Dean Campbell

Are you 'master of your fate or captain of your soul'? That's possible but many students are finding that they need special counseling to enable them to select a vocation that commensurates with their ability.

Any student, veteran or non-veteran, who expresses the desire for further guidance to the dean of his college is channeled to the University Guidance Center. This center, working in close cooperation with the University guidance committee, administers the pre-registration tests given new students.

Under the direction of Wilbur M. Ehrsam the University guidance center has proven its worth. He supervises the administering of specific tests designed to discern special interests and abilities. After tests are scored he conducts an interview with the student.

"Students who come to us are usually in one of three categories," Ehrsam said. "Some are undecided as to what they want to do, others want to see if they are in the right field, and some are having difficulty with their college work."

"One student came in who was enrolled in a pre-med course. He thought he lacked college ability because he was making poor grades," said Ehrsam. "We tested him and found that he rated superior in scholastic aptitude but had little or no interest in the scientific, personal and social areas. This did not correlate with a medical course. He showed highest interest in computation and upon interviewing him it was found that due to filial obligations he was pursuing a medical course."

"Another chap came in and said he wasn't interested in college. His tests showed that he wasn't college caliber. Upon interviewing him he said that his wife was a professional woman and insisted that he have a college education. He had passed up an excellent position to come to college at his wife's request," said Ehrsam.

"A discharged serviceman who was pursuing a course in aeronautical engineering came in and said he was having quite a time making his grades. His tests show-

ed that he had chosen the wrong field. He scored highest in teaching ability with a high scholastic rating. We confidently expect this led to make the dean's honor list," Ehrsam added.

"These are only a few instances where special guidance and counseling have been beneficial to students planning their vocations. We only make recommendations correlated with a series of tests and a thorough personal interview have had a high degree of correlation with success in the various fields," he added.

The guidance committee of the University not only offers vocational guidance but social and economic as well. Few students realize that college life presents social and economic difficulties. There have been cases of students who would not have benefited from a college education had it not been for the intelligence and understanding of the committee.

Several members of the committee expressed their opinions as to the future of guidance here at the University.

Dr. T. Reese Marsh, chairman of the committee and English professor said, "My own feeling is that there is a definite need for more and specialized service in the field of guidance. This program should originate in kindergarten and continue throughout college."

Dr. Worth A. Fletcher, registrar and professor of chemistry said, "We need this specialized counseling and guidance extended to all students as they enter the University. It should be thorough and complete. The counselors should have a limited number of students. As it is now there are about 200 students to every counselor."

Completing 19 passes, the Shockers have gained 311 yards via the aerial route this season.

VOCATIONAL GUIDANCE is given to veterans and non-veterans by the University Guidance Center. W. M. Ersham, director, looks on as Elinor Margrave gives a test to Dick Martens, University student.

## Overcrowded Class Problem Is Solved By Space Addition

GAINESVILLE, Fla. — (I.P.) — Large and overcrowded classes at the University of Florida are a thing of the past, officials announced here as details for individualizing study for all students were completed.

Explaining that construction of temporary classroom and laboratory facilities and the addition of qualified instructors on the teaching faculty would make it possible to limit course sections to 35 to 40 students each, officials said that the 200 to 300 class sections of last year in some courses were now a thing of the past.

Details for limiting class sections in all courses have been completed and were put into effect with the opening of the new academic year. Limiting of enrollment in class sections applies in all courses both in the Upper and Lower Divisions, officials said, and will ease

## Wall Assists Police Class

Dr. Hugo Wall, head of political science department, is acting chairman of eight conferences for the city police supervisors, that began Wednesday.

Problems of supervision will be discussed and analyzed by the class, with Dr. Wall outlining problems on leadership, morale, cooperation, training, administration, and policies.

Meetings will be from 4 to 6 p.m. on Wednesday for the next seven weeks at the City Building.

## Engineers Will Join American Association

Attending a meeting of the American Society for Engineering Education at Manhattan, last Saturday to obtain membership were Kenneth Razak, C. R. Gottlieb, Melvin Snyder, and Charles Miller, according to Professor Razak, engineering department head.

materially the overcrowded sections in freshman courses where as many as 300 students formerly met for a class.

Lest We Forget

Homecoming 1947 promises to be one of the most elaborate celebrations welcoming back University graduates in recent years.

The old Fairmount College graduate will, with a reminiscent smile, gaze at the Commons building and remember the little hamburger stand across the campus in 1906.

Then he will see Morrison hall and memories of a drive to raise \$40,000 to build that structure which took days, weeks, and months will come back to him.

A glimpse of Fiske Hall will remind the grad of the days when he and other boys going to Fairmount had their first taste of dorm life.

Then all graduates will indeed be amazed to see a modern Veterans Field with its 8,000 permanent seats, and above all they will be astounded at a student body numbering over 3,000, largest in history.

But on Homecoming 1947 as we all celebrate let us take time to again remember those who cannot be here. They are 114 who gave their lives in World War II that we might enjoy Homecoming.

Paper or Fire?

News of the huge bonfire to be held on the campus during pre-Homecoming festivities tomorrow night does not find The Sunflower too enthusiastic.

A lot of good wood makes a good bonfire. But—a lot of wood also makes paper. If every University in America has one good bonfire this year, think of the potential paper supply that will go up in smoke!

It's true that a bonfire adds to the color of a pep rally, and just before Homecoming is the proper time for the ceremony. The absence of fraternity competition this year will allow many a farmer to keep his barn. That is another fine point.

So tomorrow night as the pep band gives out with a martial tune and the wood burns brightly, display all the spirit you have.

Remember though that as the wood burns to ash you will continue to be bothered with half sheets in the daily papers; there will be less cleansing tissues; paper napkins and towels will be limited; and you may have to wait two months instead of one for that textbook you need next semester. Have fun!

Television across the ocean is promised. Then we'll be able to see just where our money is going.

Lots of People have to tell what they're going to do, or they would have little to tell.

HOMECOMING ON THE CAMPUS

Vox Discipuli From the Reader

To the editor, Dear sir:

An article in the Sunflower last week surprised and disappointed me because of the fact that most of the students in our school favor compulsory military training.

Our money is being wasted by purchasing expensive military equipment and paying soldiers fantastic wages. Those soldiers should be civilians, contributing to their country by working, building, and creating.

Countries without CMT (Britain, U.S. and their allies) won the last war; countries that had CMT (Germany, Italy, Austria, and Poland) lost the war....

These remarks were made in favor of CMT: "It builds fine character in young men and trains them to be mentally and physically alert.... strengthens their moral character.... preparedness for the next war could be a great factor in shortening it."

In answering these remarks all I have to do is to point out what military life is like. A soldier's day consists of drilling, calisthenics, waiting in mess lines and cussing; none of which is pleasant or lifting.

How can you develop a fine character in a man when his sleep is disturbed by a returning drunk and his ears are filled with a language so foul it would shock any civilian? How could you be mentally alert in these environs? I believe that to join the service is a sure way to tear down character, become mentally numb, physically mediocre, and morally weak.

One of the main reasons we won the war was because we had superior weapons, the Norden bomb sight, proximity fuse, radar, Garand rifle, bazooka.... these are not fruits from a drill field, still the majority of us students would prefer to see our men drill than encourage them to develop their minds.

Robert R. Kenney Oct. 13, 1947.

Veterans News

By C. O. Taylor HAVE YOUR six weeks grades shown that you are on the wrong track? Are you worrying about being dropped from school? Appointments will be made next week for advisement and guidance.

THIS WEEK the column is dealing with what the Veterans Administration terms "unsatisfactory progress and conduct". This applies only to trainees under Public Law 346.

Standards set up by the University of Wichita are no different from those of the Veterans Administration. The VA accepts the University's standards and abides by them to the letter.

UNSATISFACTORY CONDUCT and progress, usually poor scholarship, will be found to exist when the veteran is dropped from the University. The University reports to the VA all Public Law 346 trainees who are not keeping up their grade averages.

The Veterans Administration accepts the decision of the University as to whether a veteran is progressing satisfactorily—or unsatisfactorily.

NOW FOR the picture on what happens when a vet is dropped from school.

If a veteran is dropped from the University for poor scholarship, the University may allow him to re-enroll, after the lapse of a semester, but the Veterans Administration does not have to reinstate him on the G. I. Bill.

All these rules apply so long as the vet remains in the same course and in the same school.

Dr. W. M. Jardine represented the University of Wichita and the Association of American College at inaugural exercises last Friday for President Sheppard Arthur Watson at Friends University.

Typed On A Wednesday

By William Fein

If it were possible to project ourselves into the future, say 1,000 years, we would find ourselves in a world so topsy-turvy, it would remind us of Thorne Smith's "Turnabout".

The year is 2947, the place is the University of Wichita, and the event being celebrated is the annual-Homecoming. In Veterans Field, now enlarged to hold 200,000 spectators, warm-up our traditional opponents, an all-star team composed of the nations greatest grid stars.

Yes, as incredible as it seems, civilization has undergone a complete turnabout, and women are now acknowledged to be the bread-winners while the male is looked upon as the fair sex.

Let's listen in on a conversation between two of the opposing lineladies as the teams prepare to scrimmage, Marie "Bulldog" Turner of Wichita, weighing 106 pounds, and Rosie "Pug" Manders of the All-Stars, weighing 98 pounds.

"Bulldog honey, I don't wish to be catty, but if you continue to smear my lipstick, I shall be forced to SNATCH YOU BALD!"

"I'm so sorry Pugsy Wugsy, but everytime I see you lying on the grass with your mouth open, I think I'm on a golf course and I just can't resist reaching in and picking up my golfball."

These women are sure rugged. They must be on a diet of raw meat. But, on with the show. The half is over and the president of the Student Council, Clarisse Dusseldorf, is about to present to the student body Jacques La Strappe, Homecoming King. Listen to those women whistle, and with good reason. Jacques looks simply ravishing in those heliotrope peddle-pushers and that off the shoulder blouse with the bare midriff.

"Fellow students, it gives me great pleasure to present to you Jacques La Strappe, voted by you 'the most beautiful man on the campus'. Look at him and judge for yourselves if he isn't all man and a yard wide."

"Mr. La Strappe is a member of Pegassus, Senior Orchesis, Delta Omega, Omega Upsilon and soprano soloist of the A Cappella Choir."

Upon completion of her speech Miss Dusseldorf placed a horseshoe of sunflowers around Jacques neck and kissed him passionately on both cheeks. Throughout the stands the women began to shout, "Look at Clarisse, the lucky stiff. She gets all the breaks. WHAT A MAN!"

I presume you have now seen enough of the future and are willing to return to the present. You look all tired out. Here have one of my "hopped up" cigarets, they do wonders for me, and I'm sure they'll do wonders for you too.

Oh, look who's coming in the room, Lester Rosen. O.K. Les, I'll go back to my padded cell quietly. Please don't beat me with that rubber hose, General Napoleon won't like you.

On Another Campus

Students of Drake University have heard Tommy Dorsey, band leader and disc jockey, and Harvey Firestone, Jr., on their campus during the past two weeks. Next noted personality to appear will be Tom Duncan creator of "Gus, the Great".

The Drake Times-Delphic reports that a new record in retaliation measures was set by the University of Wichita Shockers when two plays after the kickoff Wichita scored on a 57 yard pass from Sexton to Houlik. It marked the third straight game in which the Bulldogs had scored the first touchdown only to have their opponents retaliate with one of their own.

Also at Drake, police on duty at Drake home football games have orders to remove from the stands any person behaving obnoxiously or having liquor in his possession.

A \$350,000 Student Union Building started last summer will be ready for occupancy on the Oklahoma College for Women at Chicsasha according to The O.C.W. Trend. The main floor of the building will contain a large dining room and cafeteria which can be combined into a banquet room seating 1,000 people. A ballroom and a tile-floored roof garden will constitute the greater portion of the second floor. The Trend states.

Dr. Sheppard Arthur Watson was inaugurated as president of Friends University last Friday. The inaugural service was the first major event of the fiftieth year anniversary celebration of Friends. Dr. Watson is a 1918 graduate of Friends.

At Arizona State College of Tempe an application for the establishment of Reserve Officers Training Corps field artillery and air force units on the campus has been approved by the Board of Regents bringing a 15-year old dream near realization reports the State Press. On the same campus there is an Associated Men Students organization as well as AWS.

A veterans commissary has been pledged support by 288 veterans according to The Collegio, student newspaper at Pittsburg State Teachers college. Shares of stock will be sold to finance the grocery. Only veterans who are students, professors, or employees of the college will be allowed to purchase the stock.

# 'Down On The Farm' Pageant Is Band Feature On Saturday

As a halftime feature of the twenty-first oncoming football game the University band will present a pageant entitled "Down on the Farm" during halftime ceremonies according to James Kerr, director. The Wheaties and Whock pep groups will cooperate in the demonstration.

The pageant will begin with the band forming an old red barn and then it will play "Old MacDonald." A corn husking formation and race will follow to the strains of "Reuben, Reuben" and "Happy Farmer."

The band will go from the corn husking into an episode concerning the Old Gray Mare. A horse's head will be formed and "The Old Gray

James Kerr

Mare" will be played. The final scene will be a rural dance formation with "Irish Washer Woman," "Turkey in the Straw" and "Oh, Susanna" providing the background music.

The farm pageant will be in keeping with the Roundup theme of the Homecoming celebration Kerr said. The University band this year is the largest in history and has drawn considerable praise from the thousands of fans watching it perform this season.

## Night Division Adds Twelve Week Course

A special non-credit class in busi-

ness correspondence will be inaugurated by the Committee of Adult Education today at 7 p.m. in Room 209 Administration Building, Leslie M. Blake, chairman of the com-

mittee, said last week. The course will last 12 weeks and will meet from 7 p.m. until 9 p.m. on Tuesday and Thursday. Mrs. Luther Lyon will instruct.

## Old Papers Reveal Wichita Was Called 'Athens of the West'

Old newspaper clippings which have been kept by the Wichita public library reveal that, in 1894, this city was known as the "Athens of the West."

Although the facts are confused and the dates somewhat mixed, the record reveals that at one time the city had six colleges or universities, one more being built, and two academies, one of which sought college rating.

The first of the Wichita schools was projected in 1886 by members of the Dutch Reformed church. It was called Wichita University, and was located in the 3500 block on East Lincoln, or what is now St. Mary's convent. The school went bankrupt in 1893 and was bought by Catholic Sisters and used as a school and retreat. Temporarily, that was all of Wichita university.

In 1894, Judge William C. Little, an early Wichita official, financed a college that was later to be known as Fairmount. At the time Fairmount came into existence, the other colleges were beginning to flourish. They were John Bright university, Judson university, Fairmount college, Garfield college, Albertus Magnus college, and another one being constructed; Lewis academy, and Mount Carmel academy. The college that was under construction was abandoned because of financial difficulties.

All of these schools eventually failed except three: Garfield, which is known to Wichitans as Friends university, Fairmount, which is now called the Municipal University of Wichita, Wichita University, and Mount Carmel academy.

# Editors Off To Confab

Four staff members of The Sunflower and Parnassus departed early this morning for Minneapolis, Minn., where they will attend a three-day National Collegiate Editors and Business Managers convention in the Nicollet Hotel.

Making the trip were Lester Rosen, editor of The Sunflower, Betty Jacobs, Parnassus editor, Elmo Reiff, Sunflower business manager, and Dean Campbell, Parnassus business manager.

The University students will meet with college newspaper editors and business managers from all over the nation. Nationally known authors, editors, and drama critics will address the convention. Activities will be concluded on Saturday with a dinner-dance in the hotel.

The four journalism students will return to Wichita early Monday morning.

## Face Problems! Alumni Interest Needed in Present Times - - - Jardine

"Alert and dynamic interest of all alumni in the affairs of their school is needed today as never before," President W. M. Jardine declared this week.

"These are critical times for all colleges and universities," he said. "We need sympathetic understanding and assistance from those who know our school best.

"We face today many new problems as a result of expanded post-war enrollment. Housing, an adequate and well-trained faculty, and physical facilities are but a part of the over-all picture," he said.

The president, now in his fourteenth year as head of the University of Wichita, praised work of the University Alumni Association.

"It has grown rapidly in recent years, and its activity and influence have been effective for the good of the institution," he declared. "With continued support of this organization—and by all alumni, including former students—the University can realize goals which it might not attain by itself."

Dr. Earle Davis, head of the department of English language and literature, addressed the Kansas State Nurses association at their banquet last Thursday, in the Allis Hotel.

Dr. Davis, the principal speaker of the evening, spoke on "American Folklore".

## First U.S. Publicity School is Started At Boston College

BOSTON, MASS.—(I.P.)— Boston University will inaugurate this fall the first School of Public Relations in any American university. Dean Howard M. LeSourd, formerly dean of the University's graduate school, and more recently dean of radio and visual education, will be dean of the school of public relations.

The new school will be composed of four district divisions with a competent and experienced person as director of each unit; namely, journalism, motion pictures, radio and speech. The fifth division, although it will remain as a part of the college of business administration curriculum, is advertising, and will be available to students in public relations.

Jim Armour, vice-president of the University Alumni Association, is secretary of the Wichita Junior Chamber of Commerce. He was graduated in 1938.

## Music Series Opens Here

First of five concerts to be presented for University students by the Wichita Symphony orchestra will be held next Thursday evening in the University Auditorium according to Walter Duerksen, music department chairman.

Frances Yeend and Mario Lanza, nationally known singers, will be guest artists during the orchestra's season opener. The two artists will present a wide variety of selections including such selections as "Softly, as in the Morning Sunrise" by Romberg, "Summertime" from "Porgy and Bess", and "Un Bel Di" and the "Duet, Act one" from "Madam Butterfly".

The symphony in its second year in this city is under the direction of Orin Dalley, professor of musicology here at the University. The performance on the campus next week will be for students with activity tickets only, Duerksen said. Faculty members must have a \$12 season ticket to be admitted.

Drake University has lost seven straight games and of the last 13 games played they have lost 12 and tied one.

## Young Demos Elect Temporary Officers At First Meeting-Wall

Temporary incumbents of Young Democrats, elected at the first meeting Oct. 16, are John Stice, president; Keith Willoughby, men's vice-president; Patricia Keough, women's vice-president; Albert Davies, secretary; Virgil Moore, treasurer; Bob Moore, sergeant-at-arms and Elizabeth Schulze, publicity chairman.

Dr. Hugo Wall, sponsor of Young Democrats, and 31 student members were present to re-activate the organization. The club plans to cooperate fully with local Democratic chapters while still maintaining independence as a university organization, Stice said.

A committee composed of Jim Fitzpatrick, Pat Hanagan, W. E. Bird, Bill Gawthrop, Shirley Clark and Elizabeth Schulze has been assigned the duty of redrafting the present constitution.

Mike Mogle, president of the city and county chapter of Young Democrats, presented plans for the state convention to be held at the Lassen Hotel Oct. 25 and 26. This convention will elect new officers and nominate 11 delegates to attend the national convention Nov.

THE POPULAR PROFESSIONAL QUINTET which has accepted a number of engagements for recitals and clinics during the next year is pictured before a recent concert. It includes from left, Dorothy Feenster Terwilliger, flute; James Kerr, oboe; Robert Bays, horn; Howard Halgedahl, bassoon, and Walter Wehner, clarinet.

13, 14 and 15 at Cleveland.

Mogle previewed a movement which will perhaps make membership in the University chapter an automatic membership in the county, state and national organization. Membership cards can be obtained from officers and members of the Young Democrats.

## Celebrations Are Delayed

Many parties and meetings are unduly delayed or fail to materialize entirely, revealed Dean Grace Wilkie, dean of women, because students responsible for scheduling functions do not follow proper procedure.

By following four simple steps, the presidents of organizations or committee chairman may properly schedule any meeting and arrange for securing the desired building, the Dean pointed out.

This year, more than ever, it is necessary to fill out proper forms and cards, for with the increased enrollment in the university, smooth running calendar must be maintained.

The first step in the process outlined by Dean Wilkie was the filling out of a confirmation date blank, which when approved reserves the function on the University calendar.

If the function is to be held on the campus the next step is to secure permission from the cashier to use the desired building.

Following this, a social affair approval blank must be filled out and approved by the calendar committee. This blank includes the type of function, date, chaperons, attendance, and faculty sponsor.

A report of expense for parties must be turned in to the auditor for checking and approval. This report contains such data as receipts from assessments, tickets sold, and check room charges. It also contains the expenditures of advertising, programs, refreshments, orchestra, and hall rental. When these forms have been filled out and approved, the function has been properly scheduled and may be carried out without contradiction.

This is the same procedure followed in many colleges and if properly maintained will produce a smooth running schedule and school calendar.

For further information bulletins on gymnasium rules and ticket sales may be obtained at Dean Wilkie's office.

Wichita knocked Abilene Christian College, co-champions of the Texas conference, from the ranks of the unbeaten and untied teams of the nation by downing them 7-0. The Wildcats had won eight consecutive football games.

## Professional Quintet Starts Second Season With New Members

Two new members have joined the professional woodwind quintet, which has begun its second year at the University. The new members are: Walter Wehner, clarinet, and Howard Halgedahl, bassoon. Other members of the quintet are: Robert Bays, horn; Dorothy Feenster Terwilliger, flute; and James Kerr, oboe.

The organization is one of the few of its kind in the midwest, according to Kerr, leader of the group.

Members are associated with the College of Fine Arts, belong to the American Federation of Musicians, and play in the Wichita Symphony Orchestra.

The quintet has accepted a number of engagements for recitals and clinics for this school year.

Last year they played recitals for the Twentieth Century Club, the Saturday Afternoon Club and played for the Music Educators regional conference at Tulsa.

In performing before groups of young musicians, the quintet adopts an unusual technique by combining a concert with a clinic.

During the clinic portion of the program, students are given demonstrations on the use of the various instruments.

# SHOCKERS IN THREE-WAY TIE FOR FIRST

## Texans Lose Close Game To Shockers

### Abilene Wildcats Drop From Unbeaten, Untied Grid Squads of Nation

University of Wichita Wheatshockers have moved into a three-way tie with University of Tulsa and St. Louis University for first place in the Missouri Valley football race, each with one win over Drake University.

The Shockers have the best season record with four wins and one loss.

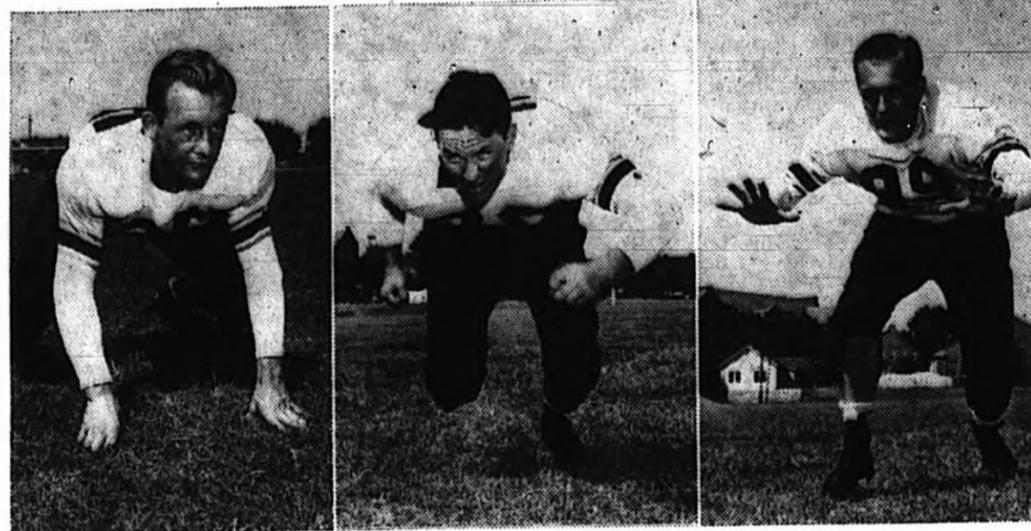

Knocking Abilene Christian College from the ranks of the unbeaten and untied football teams of the nation the 1947 University of Wichita Wheatshockers rolled to its fourth consecutive victory before the home fans in Veterans Field, Saturday, by a 7-0 margin.

The Wildcats, led by Green and Carter, played a great defensive game but just couldn't get a consistent offense clicking. This is their first loss in the last nine starts.

V. T. Smith, leading ground gainer of the nation's little colleges last year was a marked man and was consistently stopped for little or no gain.

Hap Houlik and "Scooter" Morrison spearheaded the Wichita attack, with Linwood Sexton, Art Hodges, and Ed Kriwiel also ripping off sizeable gains.

Houlik scored twice for the Shockers, but one touchdown was recalled to the 28-yard line where he stepped out of bounds. Morrison was the leading ground gainer of the game, picking up 85 yards from scrimmage.

THREE LINESMEN AIMING FOR VICTORY against Arizona State of Flagstaff, Saturday are Carl Creilly, tackle, at left, John Stucky, guard, and Mike Knopick, end. The three gridsters will see action in the twenty-first Homecoming game in Veterans Field.

## Egy to Resume Work After Month Absence

Frank Egy, University carpenter, has returned to Wichita after being under medical care at Mayo Clinic for a month according to John M. Gaddis, building and grounds supervisor.

Gaddis said that Egy, who has been with the University for 20 years, should be back to work in a few days.

# GRIDSTERS FACE TOUGH HALF OF YEAR

## Policy Group Adds Corbin

Harry F. Corbin, assistant professor of philosophy and political science, has been appointed a member of the Athletic Policy Committee, according to committee chairman Dr. Earle Davis.

Other members of the committee are Walter Duerkson, Coach Ralph Graham, Dr. C. C. Harbison, Dr. C. C. McDonald, Max Milbourn, and Dr. Forest L. Whan.

Professor Corbin is prominent in Wichita tennis circles for his achievements in national competition when a student at the University.

DISCUSSING DETAILS OF SATURDAY'S Game with Arizona State of Flagstaff are Anton Houlik, left, Art Hodges, and Linwood Sexton, the three sparks of the Shocker offensive machine. Hodges and Sexton lead the Missouri Valley in ground gaining last season. Houlik is tied with Jimmy Nutter for scoring honors this year.

## Grid Squad Has Rough Tilts Ahead

Past Records Indicate Tulsa, St. Louis, Miami Are Rugged Opponents

Shocker game prospects for the last half of the 1947 football season indicate that Wichita may win three and possibly four of the remaining five games if the "breaks" don't entirely desert the University gridsters.

This estimate is based on the team records for the first half of the season, which give a fairly clear picture of the football future.

A Shocker triumph over Arizona State, of Flagstaff, Saturday in Veterans Field is virtually assured since the Lumberjacks have scored only 18 points in winning one out of five contests.

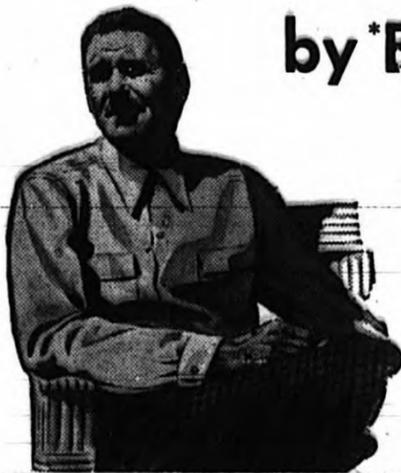

The classic Wichita-Tulsa battle the following week may be a different story however. Indications show, on paper at least, that the teams are nearly equal in scoring power, but the Shockers have the best chance to beat the Golden Hurricanes than any of the previous six Wichita teams to face Tulsa.

Tulsa, 1946 Missouri Valley champions and 1947 pre-season favorites to repeat, have lost two consecutive football games and may lose another Saturday at the University of Nevada.

Nov. 8, the Shockers journey to St. Louis for a night game with the Billikins who have one of the most powerful grid teams in that school's history. St. Louis has won three and lost two so far, but looked impressive in downing Drake 41-12, last week. Wichita will be a decided underdog in this (Continued on Page 15)

# First Pass, Night Game in U.S. Played by 1905 Fairmount Team

When anyone looks back over the 50-year history of football at the University he must certainly realize that the 1905 squad which wore the black and gold of Fairmount College was one of the outstanding history-making teams of the past half century.

On Oct. 6, Wichita was the scene of Kansas' first night grid game. The Shockers beat Cooper college of Sterling, Kan., 24-0, on a field illuminated by gas lights. The contest attracted wide press attention, but was not considered a success financially or from a light standpoint.

On Christmas Day of 1905, the first forward pass in the nation was tossed by Bill Davis, Fairmount center, it was caught by Art Solter, an end, good for 10 yards. In that game the Shockers played Washburn college of Topeka. The game was played in the wake of one of the worst player fatality-ridden seasons in football history to help determine whether football could be saved for collegiate competition against severe public criticism.

President Theodore demanded the post season game and Roy Kirk, team manager, arranged the contest with the American Rules committee. When the game was played the two teams had to make 10 yards in three downs but following the third tilt the present rule of 10 yards in four downs was initiated.

ST. PAUL, Minn. (AP)—New buildings valued at six million dollars are under way on the campuses of fourteen private church-related colleges in Minnesota.

## Roll 'Em! Movies of Binford's Cagers Are Planned; Practices Held Daily

Basketball movies showing diagrams of plays and how they work are to be taken of the Shocker varsity basketball team when equipment becomes available announces Mel Binford, head basketball coach.

These movies, like the football movies taken of all Shocker games, are invaluable in bringing out a team's faults and weaknesses so that they may be corrected.

At present, 26 men are holding daily practices in Henrion gym in preparation for the opening of basketball season Dec. 3, against Culver Stockton here.

Miami University, of Oxford, Ohio, has won three and tied one of the first four games on the 1947 football schedule. The Shockers will meet Miami Nov. 15, in Veterans Field.

## SHOCKER SIDELIGHTS

By Al Littleton

Wichita's Homecoming Day opponent, Arizona State of Flagstaff, has had a decidedly bad season so far, winning one out of five contests and being outscored 189-18 by their opponents.

It looks like the Shockers will have little trouble in disposing of the Lumberjacks so this would be a good time for Ralph Graham, head football coach, to let the reserves get the experience and seasoning that they lack.

The Wichita-Tulsa battle coming up the following Saturday in Skelly Stadium, Tulsa, is the game that Ralph Graham and the Shockers really want to win.

The chances of a Shocker victory over the highly-touted Golden Hurricanes are becoming better with each passing week.

To date Tulsa has won two and lost two games and hasn't appeared impressive in any of the contests. Tulsa downed Drake by a 28-14 score, but two touchdowns were handed them by Drake miscues. Wichita beat Drake 21-13, handing them a touchdown.

Tulsa beat West Texas State 26-13 in the season opener, but Abilene Christian beat West Texas 13-7, and Wichita defeated Abilene 7-0. This gives both Wichita and Tulsa a 13 point edge over West Texas.

Watch the outcome of the battle between Tulsa and Nevada, this week! Nevada defeated Arizona

State of Flagstaff 50-0 and may hand the Golden Hurricanes their third consecutive defeat. If so, Wichita will make it four in a row.

## Quintet Will Appear At Albion City, Nebr.

The University woodwind quintet will appear in a concert at Albion City, Nebr., in early December.

The quintet consists of James Kerr, oboe; Walter Wehner, clarinet; Howard Halgedahl, bassoon; Robert Bays, horn; and Dorothy Feemster Terwilliger, flute.

They have played for the University Club, Kiwanis Club, and Optimists Club.

The five instrumentalists will

perform in the Commons Auditorium, Jan. 13, and for the Saturday Afternoon Club, April 1.

one. Tough Miami University, of Oxford, Ohio, which hails from the heart of the football country will meet the Shockers in Veterans Field Nov. 15. Miami now sports a season record of three wins and on etle game.

An indication of the comparative strength of Wichita and Miami will be shown Nov. 1, when they battle Bradley University. Wichita defeated Bradley by a 28-7 score.

The Shockers should finish the season Nov. 17 in Veterans Field with a victory over Colorado College, of Colorado Springs, who have a season record of two wins and two losses. One of these losses was a 69-6 defeat administered by Oklahoma City University two weeks ago.

College of Education faculty attended a regional curriculum conference at Wichita High School East, Friday and Saturday, said L. B. Sipple, Dean of the College of Education. The meeting was sponsored by the State Department of Education. Mrs. Rosalind Ehrsam and Dr. Horace Baker of the University faculty were speakers.

In Fifth Home Game Tilt**

**Cisterna, Rated Ninth National Pass Receiver  
And Muse, Countries Sixteenth Best Passer,  
Boast Lumberjacks Only Dangerous Threat**

At the kickoff of the Arizona State-Wichita football game at 2 p.m. Saturday in Veterans Field, the Shockers will be seeking their fifteenth Homecoming Day victory of the 21 contests played since the University was municipalized.

Coach Nick Ragus, serving his first year as Lumberjack coach, is bringing a squad that has been triumphant in only one contest of the five played this season. That win was a 12-8 Homecoming Day victory over Western Colorado State, two weeks ago.

The other four contests were dropped in a decisive manner: Nevada downed Arizona State 50-0; Pepperdine won 60-0; Texas Mines romped to a 40-0 win; and Arizona State, of Tempe, won 31-6, last week.

In H. H. Muse, 180-pound quarterback, and Vincent Cisterna, 190-pound right end, the Lumberjacks have one of the best passing combinations in the nation.

Cisterna ranked ninth in the nation, last week, on pass receiving with all catches for 172 yards gain, though no touch downs were scored.

With a record of 21 completions good for 165 yards in the first four

games played, Muse ranked as the sixteenth best passer in the nation, and will be a dangerous threat this week.

The Shockers have a couple of able passers too. Eddie Kriwiel has completed nine tosses, good for 114 yards and one touchdown. Linwood Sexton has completed seven passes totaling 182 yards and three touchdowns.

Jimmy Nutter, nations leading ground gainer for two weeks, will be out of action for the second straight week, except for possible limited action.

**Dr. Branch's Father  
Is 'About the Same'**

The condition of Vernon H. Branch, father of Dr. Hazel E. Branch, of the zoology department, is "about the same" as reported last week, Dr. Branch said.

# USNR Holds Open House

Open house will be held at 8 p. m. Monday by the Wichita branch of Naval Reserve at its new location, 310 West Third, according to Garland Hattan, public information officer for the organization.

Highlighting the program will be commissioning ceremonies of the new armory. Rear Admiral Ralph A. Offtie, naval member of the Military Liaison Committee of the Atomic Research Commission, will preside at these ceremonies.

Captain J. M. McIssac, director of the Ninth Naval Reserve Area, will give the acceptance speech. Mayor Charles S. Ritchie will give the welcome address. Guest of honor will be Gov. Frank Carlson.

Following the commission of the armory, the motion picture, "Operation Crossroads", will be shown. This is a technicolor picture dealing with the atomic bombing of Bikini Island.

The remainder of the program will be devoted to dancing with the Verne Nydegger band furnishing the music.

ANNUAL SPEECH INSTITUTE for more than 30 Kansas High schools will be held on the campus, Friday and Saturday. Leslie Blake, director, is pictured dictating invitations to June Cale, debate manager.

# Recorders Obtained For Speech Students And Radio Station WU

Station WU has received two new Webster wire recorders and the third is to arrive this week, according to Don Williams, station manager.

"The new recorders are available to students for speech work and will enable the student to hear his own voice and help him in improving himself in this type work," Williams said.

These recorders will be used by the radio station to do outside work where there is no remote control. The recordings can be re-played over station WU to increase variety.

Dr. Hekhuis and Harry Corbin comprise the University of Wichita religious faculty.

# 500 Students Tulsa-Bound

More than 500 tickets for the University of Tulsa-Wichita football game at Tulsa on Nov. 1 have been purchased by University students who plan to follow the team in the annual booster trip according to Tom Curry, Student Council president.

Students planning to make the trip by bus are urged by Curry to register in the alumni office in the Administration Building before 4 p. m. Friday. Nearly 40 persons have signed for the bus, indicating that a large majority will make the trip by private automobiles.

The University of Wichita is the only municipal university in the nation with an endowed chair of religion. This was made possible through the contribution of the Congregational Church when Fairmount became municipal.

# KAKE Spotlight Guest Is Alumni President

Garner Shriver, president of the Alumni Association, will be guest

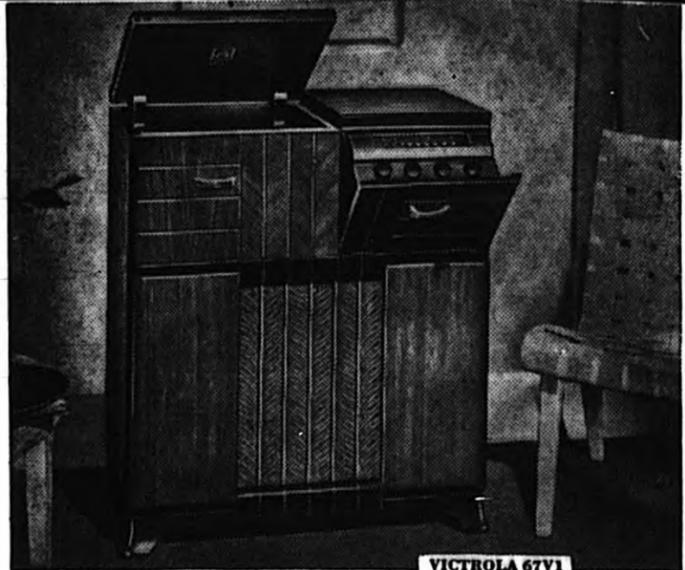

of the KAKE Spotlight program at 6:55 Thursday evening, in connection with the Homecoming celebration.

Friday evening KAKE will have some other celebration personality on the spotlight.

(Continued From Page 1)  
years record high of 1,467 to 1,156 in 1947. Upper class enrollments have increased since last year. There are 279 seniors, 310 juniors, and 1,056 sophomores.

Ninety-three special students, one unclassified and 137 graduate students are included in the enrollment, Dr. Fletcher said.

**'Operations Crossroads' To Be Shown Thursday**

Official Navy motion picture "Operations Crossroads" of the Bikini Island atomic bomb tests will be shown Thursday at 12:00 noon, and again at 12:30 p. m., in the Common's Auditorium according to Tom Curry, Student Council president.

**Bravo!**

**Gould Compliments W.U. Symphony For Outstanding Work**

"The University Symphony did a much better piece of work than many of the professional symphonies and I know of no orchestra in New York or the vicinity of New York that is so outstanding," Morton Gould, eminent composer, pianist, and conductor, said after directing the University Symphony at its Tuesday rehearsal.

Selections played were "American Salute" by Gould based on "When Johnny Comes Marching Home" and Copland's "Outdoor Overture". "What is happening to music in this country is very wonderful and stimulating and I believe there is a growing field economically and otherwise for musicians."

Gould enthusiastically praised David Robertson, conductor of the University Symphony Orchestra, for the fine training of orchestra members. "You all seem to enjoy your music," Gould said.

Members of the orchestra seemed tense when Gould took the director's position, but his subtle wit relaxed them immediately. Putting his hand to his head he mumbled, "Where did I come from?" and proceeded to explain the two hour delay in his appearance at the University auditorium.

The buses he chartered in Joplin, Mo., for his 44 piece Columbia recording orchestra were enroute to Wichita when a car ran into the back of the second bus. No one in the bus was injured, but the driver of the car was seriously hurt.

Gould and his orchestra usually travel by train, but upon receiving a request from Walter Duerksen, chairman of the department of music, to rehearse with the University orchestra, he chartered the buses to enable him to arrive in time for the student rehearsal.

The 44-piece orchestra and soloists, Wilbur Evans, star of concerts, radio, "Mexican Hayride," "Up in Central Park," and "Showboat" and Mimi Benzell, lovely young lyric coloratura soprano of the Metropolitan Opera appeared at the forum Tuesday night.

**Honorary Majorette of W.U. Is 1947 State Juvenile Champ**

By Marge Crum

Ten-year-old Marcene Solomon, daughter of Mr. and Mrs. Jack Solomon of 518 S. Holyoke, is State Juvenile Twirling Champion of 1947 and is honorary majorette of the University marching band. She has been instructed in twirling for the past year by Bob Wolff, drum major.

Little Miss Solomon has been twirling the baton for six years, having received her first lesson from Donna Kaelson White, former East High School majorette, in the East High band room. There she was seen by Horace Woodard,

organizations, Wichita Veteran's Hospital, Winfield Veteran's Hospital, and Kansas State fairs. She appeared as guest majorette for several University games last year and was praised so highly that Mr. Kerr, director of bands, contacted her for permanent appearance with the band this year. Marcene does many difficult twirling tricks such as high throws, reverses, back bends, and her own creation—the "Baton Aerial."

Although born on Friday the 13th, she seems to be good luck to the athletes. If she is not twirling her baton, she may be found roller or ice skating, bicycling, swimming, or sewing for her favorite doll, Diana. She takes acrobat, ballet, and tap from the Edler Caveness Dancing School.

She is a fifth grade student at Sunnyside and affiliated with the American Legion Drum and Bugle Corps. Marcene says her greatest ambition is to enter the Grand National Twirling Contest.

Marcene Solomon

former East High band master, who selected her as mascot for the marching band, a position she held for three years.

Marcene's first public appearance was a North-East basketball game at the Forum. She has taken part in many pep assemblies and half-time football and basketball performances. One of her most spectacular appearances was during half-time of an East basketball game when she was carried to the center of the floor in a blue and white box, broke the seal, and went into an act that received tremendous applause.

She has twirled for many civic

**'Meatless' Tuesday, 'Eggless' Thursday No Hindrance Here**

With "meatless" Tuesday and "eggless" Thursday going into the fourth week in the nation, University students declared that they were not inconvenienced by the food-saving program of President Harry Truman.

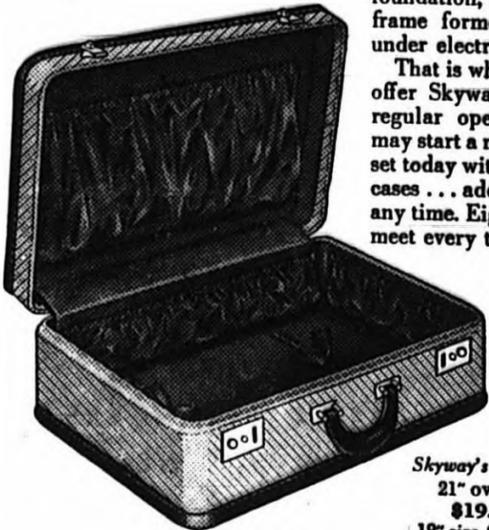

A poll conducted during the past week by Sunflower reporters on the question, "Do 'meatless' Tuesdays and 'eggless' Thursdays prove an inconvenience to you?", revealed that of 59 students quizzed, 50 did not mind the two days while nine were bothered.

Several answers given follow:  
Galen Christian: I'm not in favor as long as the cows and chickens don't object.

Jim Beven: I would be willing to give it up if I were sure it would get to someone over there in need.

# Sears Heads Committee

Henry K. Sears, instructor in mathematics, has been appointed chairman of The Arbitration Committee by President W. M. Jardine, according to Tom Curry, Student Council president.

The two faculty members selected by the Campus Party to represent them are Harry F. Corbin, Jr., assistant professor of political science, and Dr. T. Reese Marsh, professor of English.

Hugo Wall, head of political science department, and Leslie M. Blake, assistant professor of speech, were chosen by the Shock-er Party for their representatives.

Last Tuesday night, the committee met to review the facts of the six disputed offices, Curry said.

The six disputed offices are vice president of the Student Council; senior Student Council representative; senior class vice president; secretary, junior class; treasurer of the junior class; and junior class sergeant-at-arms.

The Arbitration Committee will meet again the latter part of this week to take definite action on the problem.

This committee was requested by the Student Council and is provided for in the new Constitution.

# Joint Recital Is Planned

The music department will present a joint student-faculty recital at 8:15 p.m., Nov. 4, in the University Auditorium.

Featured on the program are David Robertson, University Symphony director and head of the string department, violinist, and Ohm Pauli, assistant professor of voice, baritone.

Robertson has the reputation of being an outstanding concert violinist and is serving as concert master in the Wichita Symphony.

This is Robertson's second year with the University. During this time he has developed one of the strongest orchestra and string departments in the Southwest.

Pauli is a new member of the music staff and is a graduate of the Northwestern University School of Music. He has appeared as a vocal soloist with many civic and choral groups.

The recital will be free and is open to the public.
