Editors of the Sunflower last semester were Lester Rosen, editor-in-chief; Bill Fein, managing edi-tor; Jim Foster, desk editor; Billie Stover, society; Dale Henry, sports, and Elmo Reiff, business manager.

## Art Exhibit Being Shown

An exhibit of art by students at the University of Munich, in Germany, will be displayed from Sept. 13-24 in Morrison Hall.

The exhibit, consisting of water colors, etchings, pen and ink drawings, and pencil drawings, is being sposored by Kappa Pi, national honorary art fraternity, and the Association of Women Students.

The exhibit was brought to Wichita through arrangements made by the campus UNESCO Council with the World Student Service Fund in Munich.

"This collection contains some outstanding work and we hope that all students interested in art will see it," said Margaret Greeley, acting AWS president.

#### Night Shirt Parade **Opens Grid Season**

Friday night, September 17 at 6:80, the University of Wichita will hold the traditional Night Shirt parade, according to Dot Neises, president of Wheaties.

Miss Neises asks all freshman to attend the parade wearing night shirts or similar attire. The entire student body is invited out for the parade and pep rally to be held at Douglas and Broadway.

The rally is being held the eve of Wichita-Oklahoma A and M football game to stir up school spirit.

Positions for part time police officers in connection with the University's police science program have been filled according to Dr. Hugo Wall, political science department head. The University is offering psychology and the course in customs and cultures.

A major will not be offered in police science. Students are expected to elect a major in political science, chemistry, psychology, or accounting and will be graduated with an A.B. degree and a special police certificate.

Any veteran who has a Junior standing, 21 years of age, 5-feet 10-inches in height, and weighs over 165 pounds is eligible to apply for

spirit.

All students will meet at the Union Station and will begin marching down Douglas at 7 p.m.

A police escort, the pep band, cheerleaders and the pep clubs will be there.

# All-American Medical Profession

Medicine, America's fourth largest profession needs hordes of premedical students to counter heavy mortality and retirement losses and to push through its tremendous new expansion programs, according to an article by Edward Oxford recently appearing in Future maga-

According to Oxford, demand far exceeds medical supply, and medi-cine looks to youth for her he-enforcements. No field offers more to the career seeker.

In 21 states the number of physicians is actually decreasing; in 17 The University of Wichita was one of the seven colleges in the United States with an enrollment of er than medicine's. The low perbetween 2500 and 4999 whose paper capita income areas of America's rural South and West are depending on a skeleton medical force.

Oxford says that a drop in the number of medical school graduates will become apparant in the gradu-ating classes of June, 1949. De-accelerated courses and stricter school policies account for this, and should cut the decade's medical force by 5,000.

A quick look at the income side of the medical profession shows Pat that America's doctors are in the dent. top 3 percent income brackets. The physician's income is deservedly high, varying with training, experi-ence, field, and locale.

The gross average is well over \$8,000, very near \$9,000; the net average is about \$5,500 to \$6,000.

The article lists psychiatrists as medicine's scarcest specialists. Veteran rehabilitation and civilian needs have overwhelmed this small force and demand many, many more such experts. Others included among the specialists in demand are pediatricians, medical school instructors, neuro-surgeons, and in-dustrial and group physicians.

## Staff Checks Ticket Books

University Students have been cautioned to use activity books according to conditions stated on the cover and to continue using the east side student section.

Faculty committee members will be posted at gates to check and confiscate books not presented by owners. Forfeited activity books will not be replaced.

Difference in federal tax is the main reason for checking activity passes. Student taxes amount to 0.99 while non-student taxes are \$2.70.

The school is held responsible for full federal taxation if investigators find unauthorized persons using student books.

Men and women students cannot exchange or borrow each others books due to difference in coloration.

Married students may buy one additional book for \$8 which includes all school activities.
Faculty tickets are \$3.66 at the business office.

Any student or faculty member who wants a friend to sit in the student section may purchase their ticket for \$2.00.

#### Liquor Advertisment In University Paper Gets Dry Kickback

Dear Editor:

Regarding your liquor ad on Page 11 of Sept. 9, 1948, issue.

The statement is made that a vote for repeal is a vote against the open saloon. This may be true but a vote against repeal is a vote against all saloons, open or closed! is meaningless. The lack of federal

The repeal resolution is absolutely meaningless! It says the legislature may provide for prohibition, may regulate, license, and tax the manufacture and sale of intoxication license. ing liquors. But it does not have to do anything. A wet legislature, which would follow a repeal victory, could permit the sale of liquor by the glass because unless the "open saloon" is defined by statute the prohibition of the "open saloon" is meaningless. The lack of Federal legislation to enforce the paragraph of the twenty-first amendment which prohibits the "transportation or importation" of liquor into dry states shows how the wets keep their promises.

Our choice is not between "Pro-hibition's Bootlegger" and "Legal Control's Citizen" as you would have us believe. It is, instead, between the suppression of an infamous drug and keeping its sale

University officials are predicting a record crowd to pack the newly enlarged Veterans Field for the Aggie-Shocker fray.

Coach Jim Lookabaugh will bring to Wichita his best club of recent years for Saturday's tussle. Of the 56 men on the current Cowboys' squad, 36 are lettermen from 1947 or previous seasons.

The Cowboys lean on the 'T' formation for their offensive power. For diversion, the winged-'T' is used along with a man in motion.

#### Track Gear Issued To Team This Week

Equipment will be issued to the cross country track team September 16 and 17, according to Ab Bidwell, head of the men's physical education department.

Men interested in joining the team should contact Bidwell in the gymnasium immediately to be listed on the candidate's roster.

Meet dates have not been set, however, letters are out to a number of schools and a schedule will be announced soon.

#### **Ames Predicts Score** Of 20-13 Either Way

If looks like a hot opening for Trimble and Company, Saturday, as the Shockers launch into the toughest schedule they have ever played. A glance at the 1948 lineup shows nine games carded for this year and not one of them can be classed as a breather, with the possible exception of Southwestern, and it follows a long road trip to Miami,

With Coacn Trimble as head coach, and serving in the first year at that position, it appears that the Shockers were looking ahead in signing up such teams as Utah State, Tulsa, Miami and the Uni-versity of Nevada, last year's Salad Bowl champions Bowl champions.

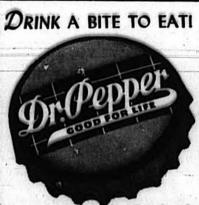

Take the opener with the Aggies of Oklahoma A. and M. Word from the Stillwater campus indicates that the Aggies are bigger and faster the Aggies are bigger and faster than ever, and they are loaded for "flour". This game alone should spike the rumors that were heard frequently last year, that the Shockers lined up only the easier teams to have a winning season.

The Aggies, with Bob Cook, Ben Aldridge, Jim Spavital and Toy Ledbetter in the backfield, will average 192 pounds. This weight behind a line like DeRoin, 260 pound center, and Cheek, Barger and

center, and Cheek, Barger and Ussery, all 220 plus tackles, spells trouble for any team that the Oklahomans may meet.

As for Saturday, downtowners say we'll be lucky to hold the Aggies to 18 points, but if the Shockers can get by the Aggies, this will be a good year. We'll say 20-13 and you pick the team.

CAN YOUR WIRING SYSTEM measure up TO YOUR INGREASING DEMANDS FOR ELECTRICITY?

> Progress in Electrical Living in your home may be limited by your wiring system. If ADEQUATE it permits full use of tomorrow's as well as today's many new electrical aids to home comfort and convenience. Does your wiring system measure up? To do so it must include:

## SERVICE ENTRANCE

Large enough to bring the electricity needed into your home.

## CIRCUITS

Enough circuits of the right sized wire to supply a full measure of electrical energy for all lighting and appliances.

Ample outlets to provide the convenient, efficient use of all electrical equipment, future as well as present.
