

Noted Poet Will Appear As Speaker

MacLeish Will Speak At East High Tonight For Student Forum

Archibald MacLeish, distinguished statesman and poet, will appear as the Student Forum's speaker tonight at the East High auditorium at 8:15, according to Lester Rosen, chairman.

The move to the East High auditorium was necessitated by conflicting dramatic activities in the university auditorium. Activity tickets will admit students.

During 1946, in Paris, MacLeish served as vice-chairman of the United States' delegation to the first general conference of UNESCO and subsequently became the United States' representative on the executive board of UNESCO, a post he resigned in May, 1947.

A food carnival for Student Forum and UNESCO members will be held at 6 p. m. this evening in the university cafeteria, and after

Archibald MacLeish

the lecture a reception in MacLeish's honor is planned in the East High cafeteria.

MacLeish was born, as he puts it, "in a wooden house with two round towers overlooking, from a clay bluff and a grove of oak trees, the waters of Lake Michigan." The town was Glencoe, Illinois, in the year 1892.

He attended the public schools in Glencoe and was prepared for college at the Hotchkiss School in Connecticut. At Yale, where he graduated in 1915, he distinguished himself for his scholarship and his extra-curricular activities. He received a Philosophical oration and served as chairman of the editorial board of the Yale Literary Magazine.

In 1920 he began the practice of law in Boston where he "did pretty well," but couldn't write "because of professional pre-occupation."

In the winter of 1923, MacLeish went to Paris to live, read the French poets, made a pilgrimage to Persia, wrote "The Hamlet of A. MacLeish," and, after five years, returned to the United States.

MacLeish then concentrated on his writing to exclusion of all else. Among the poet's published works is the Pulitzer Prize winning "Conquistador."

In 1939, with his appointment as Librarian of Congress, MacLeish started his career in government service. He held that post until 1944 when he was appointed Assistant Secretary of State. In the summer of 1945 he resigned from this post to enter the field of international relations.

Night School Opens As Interest Soars

Enrollment for evening classes is the largest in the history of the University of Wichita, Leslie M. Blake said today.

Enrollment will continue every day this week from 8 a. m. until 5 p. m. except on Saturday when it will be from 9 a. m. to noon.

Late registration fees for evening classes are not applicable after noon Saturday, Feb. 5.

JOHN KELSO, Gea Stark, and Carolyn Counts are pictured as they will appear tonight, Friday, and Saturday, in Andre Obey's fantasy "Noah". Left to right, Noah, Sella, and Ada.

Biblical Play Opens Tonight With Kelso In Leading Role

"Noah," Andre Obey's delightful fantasy of the well-known biblical story will open on the University stage this evening for a three night run. Curtain time is 8:30 p. m.

The play is under the direction of Mrs. Mary Jane Woodard, known to Wichita theatre-goers through her work on the University stage as well as her affiliation with the Unitarian Experimental Theatre, and the Twentieth Century Club.

Heading the cast of "Noah" is John Kelso, a senior who has appeared in many university productions during the past three years.

Other cast members are Janet White as Mama, Carolyn Counts as Ada, Gea Stark as Sella, Victor Salamy as Ham, Jerry Funk as Japhat, Deloris Brown as Norma, Kenneth Burchinal as Shem, Doug Conrod as a savage man, Jarrett Quigley as the bear, Betty Jean Kelso as the lion, Marilyn Woodard as the monkey, Harold Perkins as the cow, Shirley Salamy as

the tiger, and Abbie Troup as the lamb.

"Noah" is a delightfully fresh and original play. Obey has dramatized the familiar story of Noah and the Ark in a fairy tale manner.

Noah is a kindly old man who has piloted his craft to safety only to be deserted by those whom he has saved. At length Noah is forced to conclude that God has not always been sportsmanlike in his treatment of his appointed agent.

There is a touching moment when in the bleakness of his old age, on the damp earth of a cold new world, Noah shouts at the heavens, "Are you satisfied?" The answer is a rainbow curving down from the sky.

Tickets for Noah will be sold at the auditorium box-office on all play nights. Activity tickets will admit students.

Fountain Bar Will be Open February 24

Opening Ceremonies Are to be Broadcast By Local Radio Station

The opening date for the new fountain room in the Commons will be Feb. 24, 7:30 to 10 p. m., according to Vincent Gott, Student Council president.

"The opening will be a gala affair, one of the most important of the year," said Gott.

Floodlights will mark the event, and a local radio station will broadcast the opening.

Dick Haughton's band will play, and refreshments will be served.

A contest to name the new fountain room will be sponsored by the Student Council, starting Feb. 7. A \$10.00 prize will be awarded to the winner on opening night.

Students are requested to turn in appropriate names to the box in the rotunda before Feb. 18.

The ultra modern soda and snack bar covers the entire basement surface of the Commons lounge.

Indirect lighting and air conditioning are features of the new room, and booths are covered with natural leather.

Seating capacity, in comparison with the present fountain room, will be almost tripled.

The construction is being financed from the Student Union fund, but does not replace the Student Union Building. The project is to increase facilities only until the new building can be constructed.

Campus Leaders Offered Aid By Women's Honor Group

A 'Leadership Work Shop' to train and aid officers of campus organizations is being sponsored by the Senior Women Honor Group, from 7:30 to 9:00 p. m., in 201, Library, Feb. 8 and 9, according to Twilla Stoss, president.

"The work shop is designed not only for present officers of social and honorary clubs, but also for future officers and anyone interested. Similar workshops such as that at K.U. have proved very successful for training in leadership. If this work shop proves popular, it may become a yearly affair," Miss Stoss said.

Following a talk by Dr. Geraldine Hammond on "Responsibility of Leadership," the meeting will divide into four discussion groups, the presidential, secretary, treasury, and social committees, on Tuesday. Dean Wilkie will lead the social committee, Dr. Reese Marsh, the secretary; Dr. S. Wright, the treasury group; and Miss Eva Hagen and Dr. Hazel Branch, the president and vice-president committee.

A question box period will follow a lecture on parliamentary procedure on Wednesday.

"From my experience as chairman of Student Affairs Committee, I urge that the students take advantage of this fine opportunity for such training," Dean Wilkie said, adding that "The Women Honor Group should be commended for initiating this service for campus leaders and prospective leaders."

Plan Trips For Debate

Debaters are arranging for a trip to Denver University, Feb. 17, 18 and 19. They will go to the University of Nebraska to debate the national question, Federal Aid to Education, Feb. 24, 25, and 26.

Other trips for the debaters will be the Annual Mo. Valley Tournament at Ames, Iowa, the last of March; the Delta Sigma Rho Conference, March 31 and April 1 and 2; the Butler University tournament, April 4, 5, and 6, and the University of Texas tournament, April 7, 8, and 9 at Austin, Texas.

Feb. 13, at 7 p. m. on Station KAKE, Harry Hobson, Bill Tinchler, Bill Reynolds, and Walter Mullikin will participate in a round-table discussion on Federal Aid to Education, with Dr. Henry Osgard, moderating.

Feb. 15, members of the University of Wichita Debate Club will hold their first meeting this semester in the Commons Lounge, according to Leslie M. Blake, debate coach.

Herb James, President during the spring term of 1948, has been added to the teaching staff here and will serve as assistant debate coach.

Jan. 27, Herb James, Harry Hobson, Bill Tinchler, and Walter Mullikin debated Federal Aid to Education for the Kansas State School Masters Club at the Allis Hotel.

The club is made up of outstanding teachers in Kansas, members of the State Board of Education, and The United State Office of Education, Washington, D. C.

New Billing Counter To Benefit Students

The comptroller's office recently installed a counter inside the Cashier's office of the Administration Building for the convenience of faculty and students in dealing with the billing clerk and general bookkeeper.

Cash transactions, however, will still be handled at the cash windows, according to Neal K. Duncan, comptroller.

13 Colleges Meet Here This Week

UNESCO Group Holds Second Annual Meeting On University Campus

Thirteen colleges and Universities are taking part in the second annual UNESCO Conference being held on the campus this week.

Saturday morning, following breakfast at the Webster House, L. Hekhuis, Dean of Liberal Arts, will discuss "India."

Gretta Riddell, traveling secretary of the World Student Service Fund, will speak in the Commons Cafeteria at a dinner Friday at 6 p. m. She has been active in student work in all parts of the world.

Discussion groups will be held in the morning. Leaders are WSSF, Isabel Crimm; World Federal Government, Herby James; College press and radio committee, Bob Olson; College UNESCO Organizations, Martin Rice; Student Exchange Program, Bill Williams and Beverly Wellborn; scholarships to Lake Success, Mary Ann Unruh.

Films will be shown continuously in the Student Lounge at the Commons from 11 to 1 a. m. Thursday. Following the movie, a three-day Kansas Inter-collegiate UNESCO Conference will begin.

"Anatomy of Peace," written by Emory Reeves, was the basis for a discussion of World Federal Government, Tuesday with Bill Brandenburg, Political Science instructor, in charge.

Jacquetta Downing, French instructor, discussed student teacher exchange Tuesday noon. "Religion and UNESCO", a discussion by the Rev. Rupert Holloway of the Unitarian Church was held at a Monday coffee.

The schedule of events for the UNESCO Conference is: Thursday, Registration in Commons Lounge, 3 to 6 p. m.; Food Festival, Commons Cafeteria, 6 to 8 p. m. Speakers are Dr. Hugo Wall, W. U. UNESCO sponsor; Lester Rosen, president of Student Forum, and George Gow, UNESCO Chairman of Sedgwick County. Student Forum Lecture by Archibald MacLeish at East High Auditorium at 8:15 p. m. Reception for MacLeish will be held at 10:30 at East High.

Friday, Breakfast at Commons Cafeteria at 8 a. m.; Movies in the Commons Lounge at 9 a. m. Discussion groups, 10:30 a. m. to 12:30 p. m.

Luncheon in the Commons Cafeteria at 1 p. m.; "Town to Town" Project by Bert Hedges, State Chairman of UNESCO at 2 p. m.; Business Meeting in Commons Lounge, 3 to 6 p. m.; Dinner in Commons Cafeteria at 6 p. m.; speaker will be Gretta Riddell.

Chance For Commission Explained to Applicants

College graduates who served as commissioned officers in any of the Armed Forces during World War II, or seniors who will graduate this spring, may apply for Regular Army commissions as second lieutenants, according to Col. Donald T. Beeler, Professor of Military Science and Tactics.

To be eligible under the plan, explained Col. Beeler, an applicant must have at least one year of honorable, active, commissioned service between Dec. 7, 1941 and Sept. 2, 1945.

He must be physically fit, of high moral character, and free of conviction by military or civil courts.

The applicant must be between 21 and 27 years of age at time of appointment and a graduate of an accredited college.

He must not be a conscientious objector or a member or past-member of any foreign or domestic

organization advocating subversive policies.

Applicants holding commissions in the Officer's Reserve Corps or National Guard are to submit their applications to their superior.

Others on an inactive status and living in this locality should submit their applications to the Commanding General, Fifth Army, Chicago, Illinois.

Applications are available from the office of Col. Beeler, recruiting stations, and instructors in National Guard and Organized Reserve. They must be submitted not later than April 30, 1949.

Former Student's Son Honored As Snow King At Minnesota University

Terry Campbell, four-year-old son of Dean Campbell, University of Wichita graduate, was chosen to reign as king of the Snow Week celebration at the University of Minnesota last week.

Terry was selected from a group of veterans' children attending a nursery school at the University Village Union.

For his queen the officials selected tiny platinum-haired Joan Andresen, daughter of Mr. and Mrs.

... Snow Royalty ...

Arthur Andresen, also village residents.

They presided over the activities of the week including a coronation ball.

Campbell graduated from the University in 1948. A major in journalism, he was business manager for the 1948 Parnassus and received the Gouldner Award for being the outstanding senior journalism student of 1948. He is now attending the University of Minnesota for graduate work in journalism.

"Beat but Happy" Pledges End Week of Work and Fun

Stiff muscles, sore joints, and sighs of relief mark the end of "Hell Week" on the campus for sororities and fraternities.

Pledges manned mops, brooms, paint brushes and other paraphernalia to give their respective houses a complete face lifting before taking part in various activities for the entertainment of the actives.

Paddles played an important part in fraternities this week, with Gamma and Webster pledges hunting high and low for autographs, to be signed by blood-thirsty actives.

Hikes, scavenger and bottle hunts were featured by the four frats. The Phi Sigs seemed to have had some difficulty finding their bottles in order, while the Pi Alphas made themselves useful by pushing snowbound autos during their scavenger hunt.

If anyone wonders why several Gamma pledges appear friendless this week, it can be blamed on the Limburger cheese they devoured during Hell Week. Phi Sig pledges have to stop and wonder whether they're coming or going, after walking backwards all week and several campus coeds are still puzzled about their visits by the

Pi Alpha pledge class.

Delta Omega pledges amused bystanders during registration week by carrying fishing poles and buckets while enrolling. Alpha Taus are bursting buttons with pride over the sparkling attic, after hours of labor spent cleaning it last week. The pledges are inclined to agree that "crime does not pay". They refused to produce the onions that so mysteriously disappeared.

Sorosis actives can be sure their pledge class is prepared for emergencies. They suffered several "Air Raids" Friday night. Pi Kap pledges delighted their actives with a prize winning skit, but weren't so delighted, themselves, when they received the prize, raw eggs.

Kappa Rho's discovered some hidden talent during initiation night, the pledge class staged a variety show for them.

Although the gripes and moans are loud now, they'll soon be drowned by exclamations of pride, over shiny new sorority and fraternity pins.

CLUB CORNER

By Dorothy Green

Y.W.C.A.
Y.W.C.A. membership drive for new students and freshmen started Tuesday and will continue through Friday. The membership booth is in the Ad building and will be opened from 8 until 1 each day.

MIKE ROGUES

WUCR will be ready for broadcasting next Monday according to Bette Heft, president of Mike Rogues. The station plans to go on FM this month. Due to this the staff needs to be enlarged. Those interested in engineering, writing or broadcasting should attend the next meeting of Mike Rogues which will be announced later, said Miss Heft.

AWS

"Faculty Follies" will be held Feb. 18. It was cancelled for Jan. 14 because of final week, according to Patti Olsen, president of AWS. AWS will sponsor a lunch in the Home Ec. department for all women students. It will be held Feb. 10 from 11:30 until 1:30, according to Miss Olsen.

I.S.A.

John Ballenger was installed I.S.A. president at a candle-light ceremony last Monday. Other new officers are Margaret Greeley, vice president; Carol Turney, secretary; Lewis McKibben, treasurer, and Winifred Swallow, public relations.

PAN-HELLENIC

The last day for sorority rush registration is Friday, Feb. 4. Girls may sign up in Dean Wilkie's office. The fee is 50¢.

LOST AND FOUND CLUB

Articles in the "lost and found" department will be put on display in the Commons Thursday and Friday.

KAPPA DELTA PI

A business meeting of Kappa Delta Pi will be held on Thursday, Feb. 10. The group will meet for supper in the Commons at 5 and the meeting will be held in the I.S.A. Brig at 6.

KAPPA PI

Alpha Omega Chapter of Kappa Pi, National Art Fraternity, will hold initiation and installation services tonight at 7 p.m. in Morrison Hall.

There once was a woman

*There once was a woman who lived in a shoe,
She had so many children, and so much to do,
Till she learned to keep house by the system of touch,
And found electricity helped very much!*

Yes, in this shoe, a cottage for two, or a mansion on the avenue — keeping house by touch is an adventure in living. Touch a button, twist a dial, flip a switch, and electricity is at your service, ready to bring ease and comfort and entertainment to your home. And for only a few pennies a day! What other item in your family budget gives you so much living value — for such little cost?

* HINKEL HAYES store in the Electric Theater! Open every Sunday, 9:30 A.M. to 5:30 P.M.

Round about the Campus

By Rankin Griesinger
SENSATIONAL is the word which describes the 1949 Parnassus cover shown proudly this week by editor Les Rosen. "Pure gold," Les terms it, "on the face of the cover represents the 50th Anniversary for University graduates. The annual will be dedicated to President W. M. Jardine, who retires following this semester. Gamma Louie Harper and Eloyce Lear, Chi O at KU were pinned this week. Seems that Louie had success when Eloyce came home for vacation between semesters. . . . Also pinned this week were Mary Corrigan, Sorosis, and Gamma Ronald McEnulty.

RUMORS are flying about the latest Pi Alph sensation which seems to be their version of the famous wrestler, Gorgeous George. He is scheduled to appear for the first time when the intermural wrestling tournament begins. Reliable sources have it that this muscled wonder will be accompanied by valets perfectly powdered and perfumed.

While discussing athletics mention must be given to Webster's long arm ace of the paddle, Bob "Stretch" Cather who went into training camp recently. Stretch was intramural ping-pong champ last year and according to his

manager Vincent Gott, "the champ is in the pink of condition and ready to defend his title."
PI ALPH Don Yokley has found some truth in the adage, "the third time is a charm." After pledging for three semesters he finally made the grade.

Sparkling mid-semester party in honor of Proctor DeCharm, former W. U. student who suffered a leg fracture when he slipped on the ice, was given by Jo Ann McKinley at her home last Thursday.

CARL GOELLER is really going into the publicity business. Recently elected publicity manager for the Pi Alpha Pi fraternity he went into the newspaper business on his own press at home, and is now considering buying out one of the local downtown papers.

Sorosis pledges were carrying listerine as a necessity of life this week. . . . actives forced them to eat garlic, and garlic, and garlic, and garlic. . . .

FRIENDS are accusing Mike Miller of trying to shave with the butcher knife. . . . what really happened was while attempting to board a local bus he slipped, fell, and shaved on the bus. . . .

Shower for Marie (Miller) Wine, who recently married Walt Wine, was given last night at the home of Millie Hitesheew. . . . swell time, swell couple. . . .

A condor can exist without food for more than 40 days.

A newly hatched ostrich chick weighs about three pounds.

Fraternity Mothers Honored at Coffee

Webster pledge mothers were guests of honor at a coffee served by the Webster Mothers Club at the Fraternity house Feb. 3 at 10 a.m. Mrs. Henry Sumpter, vice president, presided in the absence of Mrs. D. G. Calhoun, president.

The coffee served as a get acquainted time for the mothers. Mrs. Loy Barron, Mrs. Paul Ashmore, and Mrs. Rollow Thurlow assisted Mrs. H. O. Davis in serving the guests.

National Music Frat Sponsors Scholarship

Sinfonia, national music fraternity, will sponsor an applied music scholarship contest at 3 p.m. Friday in Room 102 Morrison Hall, according to Forrest Davidson, chairman of the scholarship committee.

The contest, open to all male music students in the University, will be judged by Fred Mayer, director of choral music at Friends University, and Orien Dalley, conductor of the Wichita Symphony.

The winner will receive a \$36 applied music scholarship for musical instruction at the University.

This is the first year the contest has been staged. 25 students are expected to compete.

Sickles-Hill Engagement Announced at Luncheon For Friends of Couple

... Mary Christian Hill ...

Mary Christine Hill's engagement to Clifford Sickles was announced at a luncheon last Saturday for 12 friends of the bride-elect.

The wedding will be at 8 p.m. April 14 in the First Methodist Church. Dr. Thomas A. Williams will officiate at the double ring ceremony.

Betty Brown has been chosen maid of honor and Elvin Vaughan will be best man. Bridesmaids are Kathleen Holmes, Barbara Houlik, Marty Hummel, and Allene Sailor.

Katy Burton and Dee Meyer will be taper lighters. Ushers are "Hap" Houlik, Carl Dehmer, Bob Schiener, and Junior Ebergall.

Miss Hill is a senior and a member of Alpha Tau. Sickles, who served three and one-half years in the navy, is a senior and belongs to Men of Webster.

Henry William Herbert, who wrote under the name of Frank Forester, was the first American sports writer.

In Kentucky it is unlawful to hang a man with a moustache; they must use a rope.

Class Photos To be Taken

The Commons Lounge will become a photo studio again next week as Math Borniger, official yearbook photographer, begins the final lap of shooting class pictures for the 1949 Parnassus.

Appointments will be taken beginning at 9 a.m. Monday and continuing through next week, Borniger said. Sittings for pictures will be resumed Wednesday and continue through Feb. 18. Caps and gowns will be available three days next week for seniors who have not yet had pictures taken.

Students will be charged one dollar for the picture at the time of the shooting.

Announcement was made Tuesday that students who have been in school only one semester this year may purchase the Parnassus upon payment of another \$1.50. Payment may now be made in Room 153, Administration Building.

Pi Kap Holds Dinner For New Members

The formal initiation dinner for the new actives of Pi Kappa Psi was held Wednesday at 6 p.m., Feb. 2, at Drolls. Betty McIntosh was in charge of the initiation ceremonies which followed at the sorority house.

The new actives are: Carolyn Coburn, Pat Hall, Mary Harlow, Gracie Hopper, Marjorie Linehan, Maxine Marshall, Margaret McCarrier, Phyllis McMichael, Bonnie Moore, Beverly Pocock, Maurine Ramsey, Sue Pronko, Marilyn Schmidt, and Eleanor Searight.

ROTC Cadets Invited To Washington Ball

Wichita chapter of the reserve officers association has invited R.O.T.C. cadets from the University to attend its George Washington military ball, to be held at 9 p.m., Saturday, Feb. 12, at the Broadview roof garden.

Two Sides To Any Question?

Yes sir! I'm a 100 percent, red-blooded American. I can live anywhere in this country, and if that isn't enough proof, I can move at any time and buy a home right next to the president.

As for work, brother, that is where this American thing pays off: I can follow any profession or trade of interest to me. I can go into business for myself or work for whomever I want. The government will help me keep a job, or get a new one.

I can go to any church of my faith, belong to any denomination or even begin my own.

The best education ever known to man, is at my command. I can attend any school, college or University in the land, and send my children to any school from Duluth to New Orleans.

For entertainment, I can see the best movies, sit downstairs or in the balcony if I wish to smoke. I can join any lodge or fraternity that interests me.

I can attend the best night clubs and eat at the choice restaurants. During a vacation, I can enjoy the scenery of 48 states, thanks to the numerous accommodations of modern train travel.

Then to top it all off, and the best part of being an American, I can vote for the men and government that I desire. All I have to do, is be 21, register, and then vote.

Yes sir! It's wonderful being free, white and American.

The other side of the question? What if you are a Negro.

University ROTC Instructor Related to Queen Victoria

"It all started on a hunting trip in the time of Charlemagne (Charles The Great)," said T/Sgt. Roger S. Whelpley, assistant instructor of Air R.O.T.C., concerning his genealogical background.

T/Sgt. Whelpley, recently transferred from Offutt Field, Fort Crook, Nebraska, to the R.O.T.C. staff at University of Wichita, went on to say that Countt Altfrof saved the life of Charlemagne's daughter while stalking wild boar with Charlemagne.

Because of this heroic act Charlemagne offered his daughter's hand in marriage to Count Altfrof and the two were married. Count Altfrof's family name was Isenbart and down through the years the name changed, by royal marriages, and the German and English blood strains were intermixed.

Time moved on and the name eventually changed to Hohenzollern, the German imperial family, next to Gwelf, then to Welfin, and during the Revolutionary War period was known as Welp. The Whelp family fled to Newfoundland during the Revolutionary War, because they were Tories, and when they returned they changed their name to Whelpley.

All this genealogy adds up to one thing—we have a blood relative of Queen Victoria on our campus who is T/Sgt. Whelpley, a descendant of the Hohenzollern family.

Peak Wins Skidmore Award In Kappa Pi Exhibit Contest

Bob Peak, a junior in the art department of the University of Wichita, won the Lewis, Palmer, Skidmore Award as first prize in the oil painting division of the national Kappa Pi exhibit contest.

The contest, sponsored by the Sketchbook of Kappa Pi Art Fraternity and conducted by Miss V. Jane McAllister, art department faculty member of the Michigan State Normal College, Ypsilanti, Mich., attracted entries from some of the leading universities and art schools of the United States.

Each chapter of Kappa Pi throughout the country was allowed to submit six paintings. Groups included oils, watercolors, and Graphic Arts.

Judges in the contest were Helen F. Sweet, Geneva Cooke, and Jane McAllister, all art faculty members of Michigan State Normal College.

Peak's winning painting was entitled "The Violence of Ambition." He describes it as "an attempt to portray the fury and violence which men sometimes undergo to attain the unknown quantity which we call success."

New Officers Elected At Annual Meeting Of Logopedics Board

J. Arch Butts, Jr., local automobile dealer was elected chairman of the board of directors at the annual board meeting of the Institute of Logopedics, Monday.

Frank Priest was elected vice-chairman, Carroll Willis, treasurer, and Mrs. Whitney Drake, secretary.

New directors elected to three-year terms are Ken C. Fitch, Dr. Harry Horn, Arch Butts, Jr., E. B. Shawyer, and Dr. W. M. Jardine. Directors re-elected to three-year terms are Sam Ransom, R. C. McDormick, J. C. Dozier, Paul Foley, and Henry Levitt.

The board also heard a general report on the year's activities.

The feeling of violence of two fighters in the climax of battle is the subject matter.

He added, "Harsh yellows and whites were used to express the sound of a gloved hand hitting human skin, with spots of brilliant color in the background to give a feeling of violent motion."

Unemployed! Florida Professor Believes Freshmen Should Not Work

GAINESVILLE, Fla.—(I.P.)—Freshmen should not work while attending college, unless it is absolutely necessary, Assistant Dean of Students J. Ed Price of the University of Florida, stated here recently, after revealing figures of a survey made by him of employed students on this campus.

The survey showed employed students averaged 2.84 during the one-year period out of a possible 4.00 average. Only 70 working students failed to make at least a 2.00 average, he reported. The average grade for the entire body was 2.17.

Reiterating a policy of long standing, the student job head said, "If a student has an 'A' (4.00) average and needs a job we'll make a place for him; if he has a 'B' (3.00) average and needs a job we'll find one and if he has a 'C' average we'll do all we can for him."

Price stressed that each University department head has the final say on the hiring of students, but he pointed out that past experience has shown that "hour for hour, and dollar for dollar paid, the student worker has proven far superior to the non-student worker."

Foreign Languages Stop Most Students

AUSTIN, Tex.—(I. P.)—Foreign language is frequently a stumbling block for individuals who have almost but never quite been graduated from the University of Texas with the Bachelor of Arts degree.

In the office of Dean H. T. Parlin of the College of Arts and Sciences are many records of former students who have met every requirement for graduation except all or part of one, and that one most frequently is 12 semester hours of foreign language. Next most common "unhurdled hurdles" are mathematics and natural science.

"Ours is the only civilized nation in the world whose people seem to refuse the drudgery and hard work of digging in to learn another language," Dean Parlin commented. "Europeans and Latin Americans are not that way."

The dean has no choice but to be "hard-boiled" about the language requirement; no exception ever has been made to it. "Enforcement of degree requirements and standards is a mandate from the Arts and Science faculty, the body formulating them," he continued. "Although new programs and degrees have been worked out and added since the B.A. degree was first set up, the handful of required courses is essentially the same, the faculty not having been willing to alter it."

Jobs

Institutions To Help Provide Assistance For Graduate Jobs

BURLINGTON, Vt.—(I.P.)—Vermont institutions of higher education are cooperating in a plan to provide a maximum of job finding assistance for graduates of their schools.

Meeting on the campus of the University of Vermont recently were representatives from Middlebury College, St. Michael's College, Norwich University and the University of Vermont, in addition to officials of the Veterans Employment Service and the Vermont State Employment Service.

It was felt advisable to coordinate the work of college placement boards with the services of these agencies to insure that every effort is made to develop, among business and industry, the types of jobs which will utilize the knowledge acquired by college graduates.

Concert of Modern Music Planned By Haughton Band

DICK HAUGHTON, left, young Wichita band leader, and Bob Langenwaller, business manager of the Haughton organization, go over plans to take the Haughton concert of modern music on a tour of the State. Wichita will be the first to hear the new program when it is presented at the East High School auditorium at 8 p.m. Wednesday, Feb. 9.

Modern music by many new composers will be featured in the Dick Haughton concert of modern music to be presented at the East High School auditorium at 8 p.m., Wednesday, February 9.

Music by Stan Kenton, Woody Herman, Gene Krupa, Glenn Miller, Duke Ellington, Les Brown, Charlie Spivak, Tommy Dorsey, Elliot Lawrence, Charlie Barnett, and many other young bands will be featured in the Haughton concert.

Kansas State College in Manhattan, Kansas will hear the Haughton program Feb. 14. Other schools and cities in Kansas will be visited later in the Spring.

Appearing with Haughton's band are: Bill Walker, tenor sax; Geo. Stables, alto sax; Eliel Dye, alto sax; Mickey McLeland, baritone sax; Bob Resnick, tenor sax; F. Merle Nicholson, Bill Skillman, and James Starkey, trombones; Delbert Johnson, Danny Overholt, Paul Dunn, and Glen Skelton, trumpets; Kenneth Swanson, bass; Bill Mosbacher, piano; and Corky Smith, drums.

Down Beat, national music magazine, covered the first Haughton concert which was presented in Wichita here earlier this year. In a recent issue the magazine lauded Haughton and his band for the outstanding work they were doing in this new field of music.

Although similar in nature to the first program played by Haughton here, the new concert will feature many new numbers by different musicians. A salute to progressive bandleaders will be one of the main attractions of the new program.

"Jazz at the Philharmonic" will be featured in the program when Prof. of Bebop, Danny Overholt, and his "Gone Group" play several unrehearsed numbers.

Tickets for the Haughton concert are now on sale at Jenkins Music store, 323 E. Douglas.

Munich Art Students Send Permanent Gift

A permanent gift of work by art students from the University of Munich is now on display in the Commons Lounge.

The display, which consists mostly of etchings and water colors was presented to Kappa Pi, national art fraternity, which will send a similar collection to the University of Munich.

'Met' Artist To Be Here

Dorothy Kirsten, soprano with the Metropolitan Opera Company will appear as guest soloist with the Wichita Symphony Monday night in the University Auditorium, according to Walter Duerksen, music department chairman. The concert will be the fourth in the University series and will be open to all students upon presentation of activity tickets. Faculty members, members of their families, and wives of veterans holding activity tickets may buy tickets at the door for one dollar. The symphony, under the direction of Orin Dalley, will accompany Miss Kirsten in arias from the opera "Louise," the role she recently created in the Metropolitan.

Lewis Waterman invented the first practical fountain pen in 1884.

Attention! Fellowships Listed On Bulletin Boards Should be Noticed

Students interested in graduate fellowship should immediately look over the list which is posted on the bulletin board outside the graduate office, 140 Administration Buildings. Most colleges receive their applications for fellowships at this time, according to Dr. John Rydjord, head of the graduate office. These fellowships, available for colleges all over the United States, range from \$100 to \$3000 and include both assistantships and scholarships. "Last year there were half million dollars worth of fellowships listed on my bulletin board," said Dr. Rydjord.

Shrews are the smallest mammals in North America.

New Jet Propulsion Course Offered in Evening Classes

An attempt to explain jet propulsion in non-technical terms understandable by the average layman is the way Prof. Kenneth Razak, head of the department of Aeronautical Engineering, described a course being offered by his department for the first time this semester.

John Elliott to Talk To Accounting Club Wednesday in Library

Mr. John Elliott, Chief Accountant for Beech Aircraft, will speak of "Some of the Accounting Problems of Aircraft Production," at the meeting of the Accounting Club, Wednesday, in the University Library, Room 201, at 7:30 p. m. Mr. Elliott, a member of the Wichita Chapter of the National Association of Cost Accountants, will hold an open forum discussion after his talk in order that the students may ask questions.

Plans will be announced by the president of the club, Billy E. Henline, for the meetings for the remainder of the school year.

Those interested in accounting work are invited to attend the meeting.

The class consists almost entirely of persons not enrolled in the Aeronautical Engineering course. It will meet on Monday and Wednesday at 7:30 p. m. and will last for six weeks.

This study of jet propulsion, Prof. Razak said, will begin with a comprehensive history of the subject, and will conclude with an explanation of the theory behind it.

Despite the difficulty of covering such an involved subject in the short time allowed, none of the important phases will be slighted he said, and no time will be wasted stressing the technical aspect.

Prof. Razak added that if enough interest is shown by students in this trial offering the course will be repeated in the future.

The class will be taught by E. W. Robischon, special instructor in Aeronautical Engineering.

There are 28 glaciers on the sides of ice-studded Mt. Rainier.

Wilkie Requests New Officers Register

"All organizations are requested to register the names of their new officers for the second semester in 113 Administration," Grace Wilkie, Dean of Women, said today.

Blanks for that purpose may be obtained in her office.

Dean Wilkie also announced the schedule of campus activities for the week of February 3 to 11.

February 3—Archibald MacLeish, Student Forum. UNESCO—Registration, 3:00-6:00. Food Fest, 6:00. Play, "Noah."

February 4—Basketball, University of Oklahoma. UNESCO conference. Play, "Noah."

February 5—Play, "Noah."

February 7—Omega Upsilon student recital.

February 8—W.R.A. meeting, 6:15. Leadership course.

February 9—Leadership course. Accounting Club meeting.

February 10—Art frat meeting, 7:00. Wichita Symphony, Kirsten.

February 11—H. Y. M. Dance.

Decker Will Speak At Music Meeting

Harold A. Decker, voice department head, will speak on "The Value of Music to Youth," at the Kansas Unit Workshop of the National Catholic Music Educators Association.

The meeting will be Feb. 10, 11, and 12 at the Twentieth Century club and Cathedral high school.

OILERS TROUNCE SHOCKERS IN BENEFIT GAME

W.U. Falls To 57-37 Score

The Phillips Oilers, national and Olympic Basketball champions, trounced the Wichita Shockers 57-37 and both teams donated their share of the purse netting 2,517 dollars to the polio benefit fund following the game played at the Forum Sunday afternoon.

Big Gerald Tucker led Coach Renic's scoring parade, dropping in 16 points. Bob Kurland, the Oiler center, was limited to seven points while A. L. Bennett and Reich scored eight.

The Shocker scoring was divided among eleven players but Jim Nebergall was highest with nine. The Oilers were ahead at the half with a score of 29-8 and were constantly increasing the speed of their game until the final gun.

The Junior Chamber of Commerce, sponsors of the game, reported the game to be the best paying sports card ever held here with a gross receipt of 3,100 dollars. A crowd of 3,000 endured the cold and ice to see the teams in action.

Girls Tote Rifles For National Tourney To Be Held at Kemper

A girls' rifle team is being organized to participate in a national tournament March 4 and 5 at the Kemper Military School in Boonville, Mo., according to Miss Beverly A. Secord, instructor in physical education.

"Wichita has taken the tournament twice and we would like to do it again this year," stated Miss Secord.

Rifle practice will be held Monday from 3 p.m. to 5 p.m. on the rifle range under the Commons Building. This is an excellent opportunity for girls to learn or improve their marksmanship.

G. I. 22-calibre rifles will be used.

Walter Camp picked the first all-American team in 1889.

Jim Nebergall
... High Point Man Against Phillips ...

Shocker Tumblers Most Active, Least Recognized in Sports

Probably one of the most active but least recognized group of athletes on the campus is the Shocker tumbling team. At every local basketball game, the team does involved gymnastics on the parallel bars, mats, horse, and high bar.

"Although this group cannot earn an athletic letter in the sport, the men put in three training sessions a week," said C. A. Bidwell, coach.

Last spring, the group entertained the junior and senior high schools of Wellington and Augusta.

Bill Siria, 32, senior, is the oldest man on the team and has tumbled for about 11 years. After graduating from high school in Chicago, Siria and a partner decided to become professional tumblers, so they taught themselves how.

After turning "pro," they appeared in shows with Donald O'Conner, Buddy Rogers, George Raft, Woody Herman, The Charloters, and many others.

Siria has appeared in shows all over the United States, including the Strand Theatre in New York, the Tower Theatre in Kansas City, The Jefferson Hotel in St. Louis, and Edgewater Beach Hotel in Chicago.

Siria is married and has a

daughter. He says he doesn't expect to do any more professional tumbling.

He says that the Shocker Tumbling Team compares favorably with professional teams he has seen, and that more men should be encouraged to come out for the sport.

Bill Wikle, 19, sophomore, was accidentally shot in April, 1945, and spent most of his first two years at East High School on crutches, paralyzed from the waist down.

Discarding his crutches in his senior year, Wikle decided it would strengthen his legs if he went out for tumbling. Despite his handicap, he worked hard, practised many hours and at the end of his senior year received an athletic letter.

Continuing his tumbling work at the University, he enjoys the sport and feels that it is very worth while.

Jerry Breth, 21, junior, has been tumbling since the seventh grade. A three-year-letterman in tumbling at North High, he also lettered two years in baseball, and

one in football. Breth feels that his knowledge of falling and balance, gained through 10 years of tumbling, has saved him many an injury in other sports.

One unusual feature of tumbling is that a tumbler may work many hours perfecting a stunt that is really difficult, Breth said. Yet when a feat is presented to an audience, it does not go over as well as a simpler trick that took practically no practise.

Ernie Green, 19, freshman, has been tumbling since his first grade teacher at Franklin Grade school taught the class how to do forward rolls.

He received two tumbling letters at North High in addition to two swimming letters.

Working after school at the Y.M.C.A., Green has trained with such outstanding tumblers as Larry Gridwall, one of the world's most outstanding trampoline artists, and the Denmark champion who placed fourth in the Olympics in 1936.

Green and Jaunita Thompson, the future Mrs. Green, are planning a combination adagio and balancing act which they are going to present professionally.

William "Fudge" Heffelfinger, guard for Yale in 1888-1891, invented guard interference in football.

T. Truxton Hare, Pennsylvania, made Walter Camp's all-American team four years in succession, from 1897 to 1900.

SHOCKERS SET FOR MULES AND OCU TILTS

Cage Squad Loses Tilt

The University of Wichita Shockers became victim No. 13 of the St. Louis Billikens, Saturday, by a score of 72 to 41 at the Missouri city. It was the fourth Missouri Valley defeat for the Shockers who are still looking for their first win, and it was the fourth Missouri Valley win for the Bills.

Wichita started strong and led after nine minutes of play, 13 to 11, but the superior speed and power of the Bills proved too much for the underdog Shockers. They trailed 38 to 16 at half time.

All-American Easy Ed Macauley played less than half the game for St. Louis and, like his name, took it easy scoring but nine points. Bob Schmidt, guard, captured scoring honors with 13 counters. Lou Lehman was second with 11.

Rex McMurray and Jim Nebergall paced Wichita with five points each. Both coaches substituted freely late in the contest and of the 28 players used in the contest, 22 scored at least one field goal.

Speech Course Added To Evening Class List

A new speech course, Continuity Writing, has been added to the list of evening classes, it was announced by the speech department early this week.

University Shocker Cagers Meet OCU Here Tomorrow

After an unsuccessful road trip against Valley foes the Shockers return to action with non-conference opposition this week end, meeting the Oklahoma City University Chiefs tomorrow night and the Mules of Warrensburg Teachers College Saturday night. Both games will begin at 8:30 in the Forum and will be preceded by preliminary games beginning at 6:30.

Sparked by fine defensive play, the Chiefs have scored victories this year over the Shocker victims, Trinity and Centenary Colleges, and dropped a close 41 to 43 decision to De Paul University, conquerors of Oklahoma A. and M.

Currently leading Coach Doyle Parrack's team in scoring is Merel Bodkins, 6-foot-3-inch forward, who has collected 94 points. Close behind him is Don Slocum, 6-foot-8-inch center and tallest man on the squad, with 92. Guard Farrel

Craig ranks third with 85. Rounding out the Chief's first five are A. E. Lemons at guard and Paul Hansen at forward, both of whom have scored over 70 points this year.

Warrensburg, coached by Earl Keth, has won nine of 16 games to date, including a 58 to 44 defeat of Wichita, in the Shockers first game of the year.

Starting for the Mules will be Elwell and Branson, forwards, Salmon, center, and Laney and Cassing, guards. Branson and Salmon lead the Mules in scoring with 153 and 145 points respectively.

Shocker coach Ken Gunning will probably string along with his usual five for the two contests, starting Cot Friesen and Don Toevs at forwards, Dick Mullen at center, and Rex McMurray and Jim Nebergall at guards.

Bob Cather Gains Lead

Bob "Stretch" Cather, elongated Webster B center, leads the intramural scoring after three weeks of play with 64 points in four games for an average of 16 tallies a game.

Larry Payne, speedy Gamma B guard, has dropped in 50 counters in five games to hold down second, while lanky Randall Barron, Webster B forward, is third with 49 points in four contests. Diminutive Eddie Kriwiel, Webster A forward, has netted 48 markers in five games to rank fourth, followed by the Cowpoke's George Miller with a total of 47.

ISA Mixer Saturday For New Students

In honor of freshmen and new students, the Independent Student's association will sponsor a mixer from 8 until 11 on Saturday, Feb. 5, in the Commons Lounge, according to Winnie Swallow, chairman of the dance. It will be the first no-charge and no-date mixer of the semester.

Membership cards will be on sale by membership co-chairmen Carl Seydel and Corine Nuckols.

There will be a floor show, recorded music for dancing, and refreshments.

"This is a chance to meet new friends and to become better acquainted with students on the campus," said I.S.A. president, John Ballenger.

BILLS AND AGGIES LEAD IN VALLEY RACE

Bills, Aggies Lead Valley

The St. Louis Billikens tightened their hold on second place in the Missouri Valley standings when they defeated a helpless Wichita University team, 72-41, last week. Oklahoma A. & M., although rated behind St. Louis in the latest Associated Press poll, still claims first place in the conference race. The poll ranks St. Louis as No. 1 team in the country and the Aggies as No. 3. Pritchard of Drake still leads the Billikens' "Easy" Ed Macauley in individual scoring with Ridley of Tulsa close behind in third place. Tulsa will be the only team staying within conference play this

week when they meet Drake Saturday. Wichita will take on Oklahoma City U. Friday and Central Teachers (Mo.) Saturday. The Bradley Braves entertain Kentucky Saturday and Long Island U. takes on "rough duty" meeting A & M Friday at Stillwater and then moving to St. Louis Saturday for a game with the Billikens.

Shocker Five Meets Hays

The University of Wichita Shockers rugged basketball schedule will be eased only slightly when they meet the Ft. Hays Tigers Monday night at Ft. Hays. It will be the Shockers' third game in four nights.

Although the Tigers were the last team the Shockers have been able to beat, they were no pushovers. The teams' last meeting was at the Forum, Jan. 8, which the Shockers won 59 to 51.

In that contest, the Tigers came back after a weak first half to hit 50 per cent of their shots in the

closing minutes. Glen Mitchum gave the Shockers the most trouble, netting 17 points. Forward Don Nickol made 31 points against Kansas Wesleyan, Jan. 24, and he set a new scoring record for Ft. Hays when he scored

33 counters against St. Benedict last year.
