University Symphony 'A Success' At St. Louis Meeting Tuesday

(Special To The Sunflower)

ST. LOUIS, MO., March 23—Ninety members of the University Symphony Orchestra are en route home today after scoring a brilliant success in a special concert in this city's Kiel Auditorium Tuesday night.

Under the masterful direction of James P. Robertson, the orchestra held its audience of some 6,000 music educators in a magnetic spell as it performed four contemporary compositions of Samuel Barber, Randall Thompson, Walter Piston and Harl McDonald.

The audience was enthusiastic in its acceptance of Piston's "The Incredible Flutist" which included everything from a tango, minuet, Spanish waltz, polka, to circus music with orchestra members "hooting, howling and whistling." Other numbers were the overture to "The School for Scandal," Symphony No. 2 by Thompson; and Cakewalk by McDonald.

Only College Orchestra
Sharing the contemporary program with such outstanding organizations as the Northwestern University choir and the University of Iowa woodwind ensemble, the University symphony was the only college orchestra in the nation invited to appear before the Music Educators' National Conference.

In Tuesday's audience was David R. Robertson, who just last fall gave up the directorship of the University orchestra to become head of the Oberlin, Ohio, conservatory of music. David is the

brother of the current symphony conductor.

Appeared In Springfield

Prior to the St. Louis concert, the orchestra appeared at the Springfield, Mo., Civic High School Auditorium for two programs.

Music teachers from elementary school, high schools, and colleges in all 48 states were registered for the national confab which opened last Saturday and will close today.

Lester Rosen, University news bureau director, preceded the orchestra into St. Louis last Monday and worked with the MENC press service on the University appearance on the program.

Faculty Represented

Other faculty representatives accompanying the symphony were Walter Duerksen, school of music director; Harold A. Decker, Gordon Terwilliger, Mrs. Dorothy Terwilliger, Orien Dalley, Robert W. Buggert, Howard Halgedahl, and James Gould.

Spring Sports Open Saturday

Seniors May Order Graduation Apparel

"Orders for senior caps and gowns will be taken at the University of Wichita Bookstore from March 27 to April 5, according to Al Littleton, vice-president of the senior class.

Music Festival Set For Mar. 31

Annual Meeting Here To Be Host To 5,000

The annual district music festival, sponsored by the Kansas State High School Activities Association, will be held on the University campus March 31 and April 1 from 9 a.m. to 7 p.m.

All University classes will be dismissed Friday so that the rooms may be used as home rooms for the high school students' equipment.

More than 5,000 high school students representing 66 towns will be present. Fourteen towns that did not enter last year will be represented.

Each student is graded by I, II, III, or IV, and contestants winning a I are entitled to attend the state festival at Emporia.

Events of the contest include bands, orchestras, glee clubs, mixed chorus, and twirlers.

Walter P. Duerksen, head of the School of Music, is the festival manager and he is being assisted by Mrs. Cinda Silcott, his secretary.

Students from the School of Music assist in the management of the festival. They will serve as judges' assistants, home room monitors, doormen, stage crews, and tabulators of festival returns. Meals will be served in the cafeteria for the visiting students.

Senior Employment Blanks Are Available

All graduating seniors interested in employment, should stop in the offices of their deans to fill out employment information blanks, according to L. Hekhuis, dean of the College of Liberal Arts and Sciences.

Oklahoma Aggie Relays Open Fair-Weather Sport Schedule

Trimble Will Test 'T' Formation Saturday; Intra-Squad Game Planned As Local Feature

Two phases of the University of Wichita sports program will get under way Saturday when the Shocker track squad travels to Stillwater for the annual Oklahoma A and M Relays. The second feature on the schedule will be the intra-squad grid scrimmage to be staged Saturday on the east drill field.

Opera Scenes To Be Given

Program Will Be Held In Campus Auditorium

"A Night at the Opera," an English presentation of a short opera and three scenes from other operas, will be given in the Auditorium March 28, at 8 p.m. by The University Workshop.

What happens when a lonely old maid takes a beggar into her home for "a bed and a meal" is the hilarious situation Gian Carlo Menotti uses in his opera, "The Old Maid and the Thief." Enacting the opera will be Bonnie Molz, Joy Breese, Charlene Dixon and John Davidson.

Scenes from other operas to be given are: the Sextette from the "Marriage of Figaro," by Mozart; the Quintette from Bizet's opera, "Carmen"; and a duet from "Mignon," by Massenet.

The Sextette from the "Marriage of Figaro" will be sung by Preston Sandlin, Darlene Reese, Bob Minser, Eldon Moen, Fred Wolfe, and Mary Myrth Weatherwax.

The Quintette from "Carmen" will be presented by Eldon Moen, Joan Cartmill, Margaret Lynn, Preston Sandlin, and Irma Holland.

The Workshop is under the direction of Harold A. Decker, head of the voice department and director of the University A Cappella Choir. The student director for this presentation is Robert Minser, a music senior. Stage sets were designed and made by James H. Stearns.

This presentation of "A Night at the Opera," is sponsored by Mu Phi Epsilon, national honorary music sorority. Tickets may be purchased from members or at the door for 50 cents.

"The intra-squad game will be a dress rehearsal with the players wearing numerals," said Head Coach Jim Trimble. The Shocker mentor said the intra-squad clash would test the effectiveness of the new "T" offensive under near actual game conditions.

The Shocker mile relay team will make the trip to Stillwater without the services of Jimmy Nutter and Wesley Hodge, two mainstays on the team, according to Head Track Coach Ab Bidwell. "The squad should, however, do better this year at Stillwater than the past teams have done."

The four men making up the Shocker team are Leo Konecny, Lewis Nichols, Erwin Work and Carl Holmes. Besides the Shockers, the field at Stillwater will include the Oklahoma Aggies, defending champions, Arkansas, Tulsa, Oklahoma, Phillips, Oklahoma Baptist, and Southeastern State of Durant, Okla.

Coach Bidwell will depend on Jimmy Nutter and Wesley Hodge in the sprints when the season gets under way.

Golf Competition

The University golfers will play 36 holes of qualifying rounds to determine the fourth man on the Shocker golf squad before they go to Ponca City for a match with the Oklahoma Aggies.

"The meet with the Aggies is a practice match, but it will test the strength of our club," said Head Golf Coach Earl Hamilton.

Another feature on the Shocker sports agenda is Coach Ken Gunning's baseball squad. Pitchers and catchers started training March 13.

The baseball team will be without Lettermen Eddie Kriwiol, Jimmy Nutter and Sonny Reynolds. Kriwiol and Nutter are currently with the Shocker spring football squad, and Reynolds is employed with a local insurance firm.

Shockers Hank Hemingway and Johnny Baker are battling for the catcher position. Baker, a transfer from Hutchinson Junior College, played with a Hutchinson semi-pro team last year and had a season batting average of .419.

Time Out For The Sunflower

ANDY DEVINE offered significant advice to University students, Tuesday, when he said, "Stay in college." Traveling with the Sons of the Pioneers, Devine took time out for an interview and picture while en route to Great Bend for a radio-show engagement. He is shown above glancing at the inaugural edition of the Sunflower.

Noted Actor Pauses In Wichita

Devine Says 'Stay In College'

By Mike Miller

"Stay in college! Don't even consider a career until you've got that diploma!" was the brief but significant advice offered to University of Wichita students Tuesday by Andy Devine, stage-screen-and-radio star.

Remarking that he was "running on a very tight schedule," the comedian paused long enough to answer a few questions, have his picture taken, and accept a copy of the Sunflower inaugural edition.

After a Great Bend engagement Tuesday, Devine has scheduled roadshow performances in Enid, Okla., on Wednesday; Ardmore, Thursday; Tulsa, Friday; and Oklahoma City, Saturday.

The exclusive interview, probably one of Devine's fastest, was held shortly after he left a near-

Sunflower To Select Candidate For Drake Relays Queen

Campus Women May Enter Contest With Photos

Women! The Sunflower is looking for a University woman to be known as "The Girl We Would Most Like to Go to Press With," to represent the University in the annual Drake Relay contest.

The Sunflower is sponsoring a campus-wide contest to choose a woman to compete against candidates from other universities and colleges in the country for the Drake Relay queen title. The contest and its sponsorship were sanctioned by the Student Council at its Monday night meeting.

According to Bob Ames, editor-in-chief of the Sunflower, "The selection will be made on a basis of intelligence, beauty, personality, and poise. The selection at Drake will also be made on the same basis."

Photos To Enter

Any woman enrolled in the University may enter the contest by sending or bringing at least two photos to The Sunflower office in the Communications Building.

One picture must be an 8 inch by 10 inch full-length photo and the other a close-up in sports togs. Any number of photos will be ac-

cepted. Candidates may be entered anytime from today until noon, March 27. The winner of the Sunflower-sponsored contest will be chosen on March 28, and will be announced in the next issue of The Sunflower.

Any University woman may enter, or any person may enter any University woman as long as the necessary pictures are furnished.

If the Sunflower entry should win the Drake contest, she will be sent to Des Moines as the guest of the 1950 Quax, Drake Yearbook.

While in Des Moines she will be the center of a host of activities including dances, dinners, luncheons, radio appearances, and other activities. Outstanding Drake men will escort her during her stay there.

The Sunflower staff will be judges for the preliminary con-

test at the University. Judges are: Ames; Mike Miller, managing editor; Jack Chegwidien, desk editor; Jack Campbell, sports editor; Joan Kallail, society editor; and Rankin Gresienger, photo editor.

The judges are looking for a girl with beauty, intelligence, poise, and personality. Who knows? It may be you.

Round about the Campus

By Joan Kallail

DRAKE RELAYS QUEEN CANDIDATE will be chosen by the Sunflower staff this year and the winner of the local contest will have two titles instead of the usual one. Her second title will be "The Girl We'd Most Like to Go to Press With."

Every girl on the campus is eligible to hold the title, and the only requirement is to submit pictures to the journalism office by March 27. (See page 1 for details.) Remember—the more pictures, the harder it will be for the judges to choose; the harder it is to choose, the more fun it is, and the happier the winner will be. . . So let's have hundreds of pictures submitted.

ALPHA TAU, DELTA OMEGA, and Alpha Gam pledges walked out Monday night and celebrated at Ken's Club. In a vain effort to find them, DO active Jean Ehrhardt called every possible place listed in the phone book.

At each place she would innocently ask "Are you having a private party?" Just a few of the

clever answers she received include "What do you think I am?" and "I don't know what you're looking for, but this is an apartment house!" . . . Bit of a misunderstanding, wouldn't you say?

PI ALPH'S acquired a new piano for their house Tuesday and are going to show it off at a Dutch lunch for Alums Tuesday.

"Where, Oh Where Have Our Pledges Gone?" was sung by weary Webster actives Monday after they looked all over for the pledges when they staged a stag walkout. . . At last report no one had located them.

HAROLD KEMPER AND WIL-LIE PARK announced plans to bicycle through Europe this summer. Seems they are going by plane to Europe and then will tour the countries by "pedal," all made possible by the Student Travel Service Flight. . . A person could get tired that way.

Johnny Hurst left for Florida Saturday to go into training with the Detroit Tigers. This is the second year Hurst has played on one of their farm club teams.

"Pinned Around the Campus" has been suggested as a possible new name for this column. Guess spring fever has really hit campus men hard this year for five more pinnings have been announced.

DAYLENE SAMPSON and Chet Maurer were pinned Friday night and Dorothy Norris and Cecil Cornett just couldn't wait to be pinned for the Pi Kap pledge dance so they celebrated the event the same evening.

Pat Perrin and Hal Eckstein announced their pinning. Abbie Troup and Dan Smith, true to form "commerated" the event by passing chocolates, cigars, and kisses.

Pershing Riflemen Will Honor Miss Tegeler At Annual Dance

Shirley Tegeler, freshman, will be commissioned Honorary Captain of Pershing Rifles, at a dance held in her honor March 25, at 8 p.m., in the Alibi Room. David Marteney, company commander of Company F-7, will present to her a commission, along with a gift from the unit, and a bouquet of white roses.

Honorary Captain

Her picture will be sent to Lincoln, Neb., to compete with candidates from approximately 65 schools throughout the nation, for the title of National Commander of Pershing Rifles.

The pledges will present a skit entitled "A James Fitzgerald Travlogue — The University of Wichita."

A partial guest list will include:

31 Accepted By Education Frat

Gamma Rho chapter of Kappa Delta Pi, national honorary education society, accepted 31 second semester pledges at a ceremony last Thursday in the Sorosis house.

Mildred Hiteshaw, president of the chapter introduced the obligations to the pledges and they in turn took the oath of the society.

Pledges include: Janet Durham, Albert Castel, William Chance, Patricia Cuplin, David Estill, Charles Findley, Saragreg Friesen, Thelma Graber, Alex Henderson, Ann Herriford, Harold Kemper, Wilma Kerr, Vivian Lackey, Norman Lanning, Loren Long, and JoAnn McKinley.

C. W. McLeland, James Minter, Bonnie Molz, Dixie Neagle, Geraldine Nelson, Bob Pennington, Hazel Peters, Jeanne Rittenour, John Rydjord, Marilyn Rydjord, Mary Ann Unruh, James Wainner, Robert Watson, and Marie Wine.

Club Corner

Wheaties, Colophon, Demos, Aesculapius Will Hold Meetings

Wheaties

The Wheaties pep club will hold their weekly meeting today at 4:00 p. m. in Room 201, Science Building.

Colophon

The regular meeting of Colophon, honorary journalism fraternity, will be tonight, at 7:30, in the Communications Building.

Young Democrats

Young Democrats will hold their regular meeting tonight, at 7:30, in Room 222, Administration Building.

Aesculapius

The weekly meeting of Aesculapius, honorary science club, will be held at 7:30 p.m., Friday, March 24, at Gill Mortuary.

Delta Epsilon

Delta Epsilon, honorary scientific fraternity, will meet today at 4 p.m. in Room 119, Science Building, for the purpose of electing new members.

Newspaper Training Offered In Course

A five hour course in newspaper publishing, Journalism 360, will be offered by the University this summer, according to Dean Campbell, instructor in journalism.

This course will provide individual training for journalism majors and minors, who will work in cooperation with newspapers in this region under the supervision of the journalism department.

Applications for enrollment in this course must be submitted to the department not later than 1 p.m., March 29.

The first Shocker baseball game will be against Oklahoma Baptist University, at Shawnee, Okla., April 3.

Senior Will Teach At Kansas College

Henry Unruh, Jr., who graduates this June with major work in physics and minor work in mathematics, has received an appointment as a graduate teaching assistant at Kansas State College, Manhattan, Kans.

His major work in the graduate school which will begin next fall will be in physics.

Unruh is the son of Mr. and Mrs. Henry Unruh, Sr., of Cassoday, Kans. He came to the University of Wichita from Fort Hays State College last September.

He and Miss Ula Jean Hall, who is the present secretary in Dr. Rydjord's office, plan to be married this summer. Miss Hall plans to finish her work for a bachelor's degree at Manhattan, Kans.

Engineering Banquet Held At Allis Hotel

The University of Wichita School of Engineering held its annual banquet March 14, in the Allis Hotel ballroom. Guest speaker was Dean E. R. Stapley, from the Institute of Technology, Oklahoma A and M.

For all University engineering students and faculty, the banquet was attended by 120 persons, reported Kenneth Razak, professor and director of the School of Engineering.

Among those present were Mr. and Mrs. Howard Fullington. Mr.

Sweater Girl To Be Chosen

The Phi Upsilon Sigma fraternity will honor its "Sweater Girl" Dance to be held April 1.

The affair was inaugurated in the spring of 1947 as an annual fraternity dance. It was decided at that time to select one girl on the basis of personality, appearance, and charm, and honor her at a special dance as the "Sweater Girl" for that particular year.

Highlighting the ceremonies at the dance is the unveiling of an almost life-size portrait of Miss Sweater Girl. She is then presented with the traditional Phi Sig sweetheart pin and a bouquet of roses.

The first Sweater Girl was Miss Helen Carter, now Mrs. Dick Fitzwilliam. She was crowned at the Rock Castle club in 1947. In 1948, the fraternity selected Miss Eileen Cerney of Sorosis for the honor, and last year, Miss Shirley Fisher, now Mrs. William Geist, was named Miss Sweater Girl by the frat men.

Phi Mu Pledges Two Instructors

Two music instructors, Robert Massingham and James Caesar, were among the nine pledges initiated into Pi Mu Alpha Sinfonia, national honorary music fraternity, last Thursday. The ceremony was conducted at regular meeting of the organization.

Other second semester pledges initiated include: Robert Foley, Arthur Barnes, Jerry Bivin, Bill Leek, Tom Ward, Eldon Moen, and Norman Dawson.

Downing Will Speak At State Convention

Jacquetta Downing, head of the French department, will speak on "The Merci Train" and "The National Foreign Language Program" at the Kansas Modern Language Association state convention, March 25, at Pittsburg, Kans.

Other faculty members attending the convention are: Dr. and Mrs. Eugene Savaiano, Mrs. Dorothy Gardner and Mrs. Frances Brownlee.

Fullington is chairman of the Board of Regents.

Pat Larimer, senior engineering student, was master of ceremonies.

IRC Convention Held On Campus

One hundred and thirty-five representatives from 30 universities of Kansas, Nebraska, and Missouri convened on the University of Wichita campus Friday and Saturday for the regional International Relations Clubs conference.

The conference was held under the auspices of the International Relations Clubs of the Mississippi Valley, southern region. Mary

Pellett, senior and sectional president, presided at the conference. John Snell, Assistant Professor of History, was conference sponsor in the absence of Dr. John Rydjord, head of the history department, who was ill.

Three panels were held during the two-day meeting.

Among the topics discussed were, "Communism in China," "Aid to Economically Backward Countries," "Tito, Communism or Nationalism," and "Which Way Germany?"

Pres. Harry F. Corbin delivered the welcoming address at the opening session Friday morning.

Air Science Cadets Make Boeing Tour

Arnold Air Society cadets toured the Boeing Airplane Company, Tuesday, March 21, at 7:30 p.m.

Cadets making the tour were at the armory, at 7 p.m., according to Cadet Col. George Welch, regimental commander of the Reserve Officer Training Corps.

Maj. J. Eddie Robertson, professor of air science and tactics, led the tour.

Salty!!!

Accounting Students Plan Hutchinson Trip To View Salt Mines

The University of Wichita Accounting Club will sponsor a trip through the Carey Salt Mine at Hutchinson, Friday, March 31.

All students and faculty members are welcome to make the trip. It will include a visit through the above-ground mill facilities as well as the mine itself.

Those who have their own transportation should drive directly to the mine office. The mine is two blocks east of Halstead Street at the extreme southeast edge of Hutchinson.

On an identical trip last year, about 80 students and faculty members went through the 645 ft. deep mine.

Students and faculty who wish rides are urged to be at the west door of the Library not later than 8 a.m.

Cars should be at the mine not later than 9:30 a.m. and the tour will be finished by 1 p.m.

Harder Says National Budget Can't Be Balanced By Cutting Already Too Small Appropriations

By Marvin Barnes

"It is impossible to get a balanced national budget by cutting a little off of all appropriations, because most appropriations are too small and the total would not make up the deficit," said Harvin A. Harder, assistant professor of political science.

Professor Harder thinks that the government will be able to balance the budget when it decides what part of our major money spending programs can be cut. The budget could be balanced if we cut five to 10 billion dollars off our foreign aid program or our national defense program.

"Congress is very slow about cutting large amounts from some appropriations, because they fear that they will have serious repercussions in their home districts. The Veterans Administration reorganization bill is opposed by the American Legion and other veteran's groups. The veterans comprise a large percentage of the votes back home. The congressmen do not want to antagonize them," said Professor Harder.

"We could cut a large slice off the European Aid Program, but this could cause a depression in Europe. The economic life of Europe and the United States are interwoven and we could not escape serious repercussions here in this country," he continued.

"At the same time, if we wish to increase the efficiency of the government we must strive to achieve a balanced economy and to prevent the increase of the national debt beyond a point where it is unmanageable," he said.

Professor Harder feels that there are certain times when we cannot balance the budget, no matter what we do. Harder pointed out that during the 1930's, we had to increase the public works which made the cost of government higher. The national budget could be balanced only when the national income is increased.

"The Hoover commission was set up to investigate the possi-

Faculty Work On Exhibition

The Sunday showing of the faculty Art Exhibition was attended by a large number of persons despite bad weather conditions, according to David E. Bernard, assistant professor of art.

Wichitans and University students in attendance expressed interest in the originality of the work, said Professor Bernard.

Oil and watercolor paintings were displayed by Clayton H. Staples, Robert M. Kiskadden and Walter L. Lengel; graphic art by David E. Bernard; ceramics by John M. Strange; jewelry and metal craft by Barbara Kiskadden and Robert W. Cooke.

The public is invited to attend the exhibition in the Morrison Hall Art Gallery from 8 a.m. to 5 p.m. on week days, and Sunday, March 26 from 2 to 5 p.m.

bility of making our government more efficient in the terms of service, and to cut the cost of government wherever possible," said Professor Harder. "The first objective of the commission is to increase the efficiency of government and, secondly, to save money."

"Most congressmen and the President are in agreement that the Hoover report is good, and I feel that it will be adopted and that the reorganization will be made in time," he concluded.

More Vets Now Buying Homes Under GI Bill Than Last Year

More than twice as many veterans are now financing the purchase of homes under the GI Bill as compared with a year ago, according to a Veterans Administration spokesman.

An unprecedented midwinter rise of 4,500 home loan applications in January, 1950, over the December, 1949, total raised January receipts to 42,024—the largest number for any month since November of 1947, VA said. This compares with a total of 19,659 received in January, 1949.

VA, under the GI home loan program, guarantees 50 per cent of the amount of the loan, up to a maximum guarantee of \$4,000, for any eligible veterans. VA also pays the lender, for credit to the veteran's account, a sum equal to four per cent of the amount guaranteed. The interest rate on such loans may not exceed four per cent.

According to VA, the rise in loan volume during January is particularly significant in view of the fact that both home construction and home buying normally decline in the winter months. The rise

Extra Farm Training Approved For Vets

Veterans Administration officials have ruled that a fourth year course of the GI bill institutional on-the-farm training is entirely within the law.

However, the ruling added that these provisions must be met:

1. The trainee must have enough entitlement left to take the course.
2. He must qualify under state standards for the advanced course.

Sunflower

Book Review

By Bob Barber

Looking for an interesting book? George Orwell's recent publication entitled "1984," which is available at the University Library, compounds a mixture of fear, cynicism, sarcasm, and lack of hope into a dark and brooding novel.

The span of time covered is less than a year, yet the narrative is so compelling that it seems the reader has spent a lifetime with the characters.

The year is 1984. The race of man has been enslaved by the political party Ingsoac, an abbreviation for English Socialism.

The hero, if he may be so mislabeled, is Winston Smith, a minor clerk in an equally minor branch of the Ministry of Truth, or Ministry of Truth.

His everyday life under the dictator of England, Big Brother, and the domination of the common man are dealt with in some detail.

Man, in the year 1984, has sunk to frightful depths. His every action is noted and controlled.

Smith rebels against the regime by falling in love with a fellow worker. They are captured and taken to the Ministry of Love, the gestapo headquarters, and tortured for having fallen in love.

Smith is beaten until he believes, deep inside himself, that anything told him is true. He is brought to believe wholeheartedly in the party slogans: "War is Peace," "Freedom is Slavery," and "Ignorance is Strength."

Upon release, he is an ideal citizen. He no longer thinks anything unless he is told to think it.

This book is a satire on the socialistic type of government, in which the author clearly points the dangers of centralized government that our people would do well to take to heart.

Council Votes On ISA Skit

The Hippodrome program will be presented this year as it has been in the past. Monday night, the Student Council voted that the ISA could again present a skit as one group, though in what division they would be judged would not be decided until next Monday's meeting. By that time all applications for Hippodrome skits will be in.

For two weeks the Student Council has been debating on whether to make a ruling which would split the ISA into two groups, that of men and women.

It was decided by the Student Council that each organization presenting a skit in the Hippodrome should be granted one hour of practice at some time before the May Day program.

Two members of the representative body, Wilbur Elsea and Howard Current, are to arrange time periods for the practices. The

schedule will be presented to the Student Council for its approval at the next meeting.

A letter to Walter J. Duerksen, professor and director of the School of Music, will be sent by the Student Council asking him to postpone the start of a music tour which is now scheduled for the same day as the Hippodrome.

Sorority members on the Council felt that the absence of some girls from their skit would seriously weaken the skits they were preparing for the May Day program.

The Student Council felt that since May 5 has always been the traditional date for May Day, the only solution to the problem would be a possible postponement of the music tour.

New Course Offered Students Teaches Formulation Of Policy

"Political Science 434 is one, if not the only, course in foreign policy forming of its type in the United States," Raymond Kline, instructor of political science, said recently. The course is offered for the first time this semester.

"The purpose of the course is to teach students to know how to make foreign policy, when to make, and then to make it," he stated. The major objective of the course is to contribute to a more realistic training of Americans as specialists in the field of national relations.

To carry out the program the class is organized into a staff, similar to the policy forming staff of the department of State, Kline declared. Each student is assigned a policy forming problem in which each person must read and become an expert.

In addition, the student uses State Department bulletins, maps, and books on his subject. He is responsible to the class to furnish any information needed during any discussion period.

The class conducts discussions on these problems and chooses the policy it thinks the nation should take. The problem is then reworded, rewritten, and signed by the class.

It is then no longer a personal policy, but the class policy, Kline pointed out. This report along with thirty minor policies and three major policies will be sent to the United States State Department.

The 30 minor policy papers are

on problems such as, the Western German Government, Spain, Japan, and Korea.

The three major foreign policy papers are based on our major foreign problems, the political scientist said. One of our policy formation problems is on the recognition of China.

"We can recognize what is now Communist China without giving our approval or disapproval of their form of government," he stated. "The recognition of a government has now become a simple act of establishing diplomatic and economic relations between countries," Mr. Kline stated.

The class will decide on the question of aid to the independent Republic of Indonesia to help them establish their form of government.

The second major policy problem to be decided is the giving of aid to under developed areas of the world.

The third major policy problem is the giving of aid to Europe in the form of technical and financial aid under the Marshall Plan.

"The problem of aid to Europe is to send aid to Europe without being called an imperialist," Mr. Kline stated. The class must decide if the aid which we have sent in the form of Marshall Plan should be increased or stopped.

Political Science Instructor Declares Hawaii And Alaska Should Be Admitted To Statehood

By Clifford Kraus

"Hawaii and Alaska should be admitted to the United States as full-fledged states," declared Mary L. Ostertag, instructor of political science, while discussing the two territories' bid for statehood in an interview Monday morning.

She believes that full statehood would give Hawaii and Alaska better representation in Congress. As it now stands both territories have one representative each but neither are allowed to vote. They may, however, introduce bills, serve on committees, and join in debate. Statehood would give each territory's representative a right to vote plus two senators.

Hawaii and Alaska were recently approved for statehood by the House of Representatives. The vote on Hawaii was 281-110 while Alaska was approved by a vote of

our own affairs."

Besides giving their representatives and senators a right to vote, statehood would make Hawaii and Alaska eligible for federal loan grants for making improvements on roads and schools, Mrs. Ostertag said.

Proponents for statehood stressed the military position of the two territories, but opponents saw no difference between a territory or a state in this situation. The United States has maintained troops and equipment in both territories for a number of years.

Before becoming full-fledged states, the bills must be approved by the Senate. Mrs. Ostertag said a definite date has not been set by the Senate for taking their votes on the measures.

Cast Is Selected For Production

George D. Wilner, professor of speech and drama, has announced the cast for the Shakespearean play, *Macbeth*, to be presented April 27, 28, and 29.

The cast includes: Duncan, King of Scotland, Roderick Smith; Malcolm and Donalbain, the king's sons, Bob Beatty and Zenos Booker; Macbeth and Banquo, generals in the king's army, James Stearnes and Russell Mienke; Macduff, Lennox, and Rose, noblemen of Scotland, Forrest Davidson, George Stewart, and Eldon Moen; soldier, Robert Minser; doctor, Morris Reichley.

Others in the cast include: gentlewoman, Mary Ann Carpenter; Lady Macbeth, Helen Christy; Lady Macduff, Mary Herring; witches, Marilyn Harris, Laura Valdois, and Jim Bain; murderers, John Pearson and Robert Barber; and attendants and servants, Martha Reaugh, Roumel Morford, and Davey Haselwood.

Symphony Orchestra To Present Concert

The final concert of the present series by the Wichita Symphony Orchestra, under the direction of Orien Dalley, will be presented in the University Auditorium, March 30, at 8 p.m.

Guest artist for the concert will be Jennie Tourel, Metropolitan Opera mezzo-soprano.

Admission will be by activity ticket only.

Hippodrome Entries Due Monday Noon

Bill Beck, president of the Student Council, told the fraternity and sorority members on the representative body to remind their groups that all applications for the Hippodrome must be in by Monday noon, March 27.

VA To Hear Tuition Appeals By Colleges

Schools wishing to appeal tuition rates may do so by writing to the newly-created Veterans Tuitions Appeals Board, according to a recently-issued announcement by the Veterans Administration. More than one hundred schools already have declared their intention to appeal to the Board.

Within 60 days of receipt of the Board's reply, a school must file a formal application for a revision of its tuition rates, including a request for review of rates or a determination of customary tuition. In addition, evidence showing that all administrative means of settling the problem have been exhausted must be presented.

Board hearings will be held following the school's receipt of the VA's answer to the request for review or to a later statement by the school regarding any disallowances made by the VA in connection with items of cost, according to VA officials.

University Debaters Rank High In Past Forensic Tournaments

During the years of debating on the University of Wichita campus, the debate teams have won many honors in Midwest competition.

In fourteen years of oratorical competition between the years of 1914 and 1934, orators coached by Prof. C. C. Harbison established the following record: State contests, 19 firsts, 4 seconds, and 2 thirds; inter-state contests, 7 firsts and one third; national contests, 3 firsts, 5 seconds, and 5 thirds.

At the top of the present forensic program is intercollegiate debate. Until 1937 a grant of \$500 was allowed the speech department by the University for debate. However, a referendum vote by the student body authorized those persons in charge of the activity fund to raise the debate allowance to \$700.

Debaters at the University are striving continually to gain more honors in forensic activities.

Prospective Golfers Will Discuss Plans

Prospective golfers and students who have already signed up, are to meet in the athletic office Friday, at 1 p.m., according to Coach Earl Hamilton.

The meeting will be held to discuss new rules, practice schedules, equipment, and the coming Conference season.

Bullseye!

Student Riflewomen Show Marksmanship Superiority In 1930

By Jean Walker

Since the beginning of time, women have been better shots with culinary implements than men. Men have tried their "durndest" to best women in some form or another, but not until they attained excellent rifle marksmanship, did they believe that at last they had won complete superiority over the women.

However, in 1930, University men couldn't even claim marksmanship superiority. On January 8, of that year, six women and six men, accompanied by their respective coaches, assembled on the top floor of Science Hall, "to shoot it out."

The women had the privilege of firing first. Both groups used the .22 calibre rifle, and Sgt. M. L. Euthon and Evelyn Hinton, the coaches, made an inspection of score cards, when they finished.

The score was 535 for the women and 186 for the men, an advantage

Novelist Volume Will List Taylor

Prof. Ross M. Taylor, of the University English department, will be listed in a new volume of "American Contemporary Writers" scheduled for publication this spring.

The book is a "who's who" of contemporary American novelists and is a critical discussion on the work and purpose of the writers. The book was compiled by Dr. Harry R. Warfe, head of the English department of the University of Florida.

Professor Taylor has written two historical novels which have received favorable notices. His first, "Brazos," was published in 1937 and reprinted in England in 1938.

His second book, "The Saddle and the Plow," was first published in 1942, and then published in two editions for the United States armed forces.

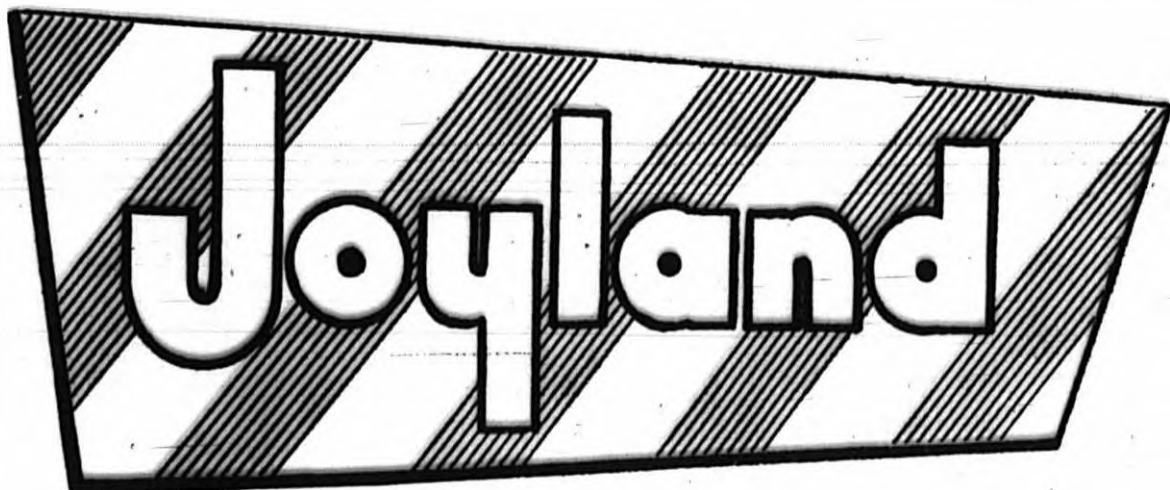

A total of 190,000 copies were printed for the armed forces during World War II.

of 49 points. An interesting point to note is that four of the women turned in a higher score than the highest score fired by any one of the men.

Women's individual scores were: Margaret Klopfenstein, 89; Ruth Mary Francis, 84; Lois Garberson, 95; Louise Christman, 83; Lorena Forman, 91; and Marcia Bradford, 93.

Men's scores were: Leonard Zongker, 80; Leslie Bosworth, 77; Vernon Zwink, 70; John Vosberg, 86; Tom Salter, 85, and Byron Thayer, 88.

Squad Scrimmage To Be Broadcast

Saturday, KMWU, the University of Wichita radio station, will carry a play-by-play account of the first full length intra-squad football game played this spring.

The scrimmage, scheduled for 2 p.m., will be broadcast direct from Shock stadium, with Bill Viedt and Joe Torline announcing.

Two hours of music will precede the game.

Other scheduled scrimmages to be carried by KMWU will be March 28, at 8 p.m., and April 1 at 2 p.m.

Future scheduled games will also be aired over station KMWU, said Robert D. Williams, assistant professor in radio and speech.

Busy . . .

Dr. Herman Is Writer, Scientist, Researcher

Dr. David T. Herman, associate professor of psychology, who came here from Louisiana State University, will complete his first full year as a University faculty member this coming June.

Dr. Herman is 33 years old, married, and has a three-year-old daughter.

He began his college education at Indiana University and later attended Columbia University. He earned his doctor's degree and master of science degree at Columbia University. Before coming to Wichita, he worked in the Children's Psychology Clinic at Louisiana State University.

A holder of the Phi Beta Kappa Key, he also belongs to Sigma Xi, a scientific fraternity. He is an active member of the American Psychological Association and has written 25 articles pertaining to psychology. Dr. Herman is also co-author of a book on psychology which is now in production.

At the University, Dr. Herman is an associate professor in psychology. He is also doing work in experimental and research fields.

Dr. Herman has prepared an opportunity program for students to gain practical experience by working in the public schools and with children at the Institute of Logopedics.

Publications Board To Meet March 30

The Student Board of Publications will meet March 30, at 2:15 p.m., in the journalism office, according to Paul Gerhard, instructor in journalism.

Among the items on the agenda are, status of the Sunflower, Parnassus, and the new staff positions for the Sunflower.

Students May See Movie Of Henry V

University students will be admitted to the Tower theater for the showing of Henry V at a special reduced rate, starting Friday.

The special price of 50 cents is for both matinee and evening showings.

A special matinee will be shown each afternoon during the limited engagement of this show.

Showings are at 2, 4:30, and 9:30 p.m. each day.

Schieffer Asks For Duty Tour In Spring

Vernon G. Schieffer, senior, has made application for a competitive tour of duty, from which he may receive his regular army commission if he completes the tour, according to Col. Donald T. Beeler, professor of military science and tactics.

The tour consists of two years of actual duty with other men who are also competing for their com-

Former Students Complete Training

David E. Atkins and Charles I. Hickman, former students of the University of Wichita, have completed the advanced air training phase as student carrier pilots at the Naval Auxiliary Air Station, Cabaniss Field, Corpus Christi, Tex.

Both men have received orders to report to the carrier qualification unit at Pensacola, Fla. There they will complete the final stage of flight training and will be presented with navy wings, designated as naval aviators, and will begin a tour of duty with a fleet squadron.

Hickman is the son of William L. Hickman, 233 East Pice Boulevard, Los Angeles, Calif.

Atkins is the son of Mr. and Mrs. Lloyd V. Atkins, of 315 Clymer Avenue, Morrisville, Penn.

Schieffer obtained his reserve commission last spring and will graduate this spring.

Senior Honored

Gist Receives French Teaching Fellowship

Barbara Gist, University senior and a French major, has been awarded a teaching fellowship in the French department of the University of Nebraska, to begin Sept. 14, 1950.

Miss Gist will teach five hours of beginning French and carry a full schedule of graduate work.

She replaces Karl Pond, a graduate of the University of Wichita French department, who received a teaching fellowship two years ago.

Federal Inspection Planned For ROTC

The local Reserve Officers Training Corp will have its annual federal inspection Monday and Tuesday, April 24 and 25, according to Col. D. T. Beeler, professor of military science and tactics.

The inspecting officers will check the classrooms on Monday, as well as the records and equip-

UNESCO Club Sponsors Debate

"Should the Communist Party Be Outlawed in the United States?" is the question to be debated Wednesday, 7 p.m., at the next UNESCO meeting, March 29, in room 328 of the Administration Building, Harry Hobson, vice-president, said.

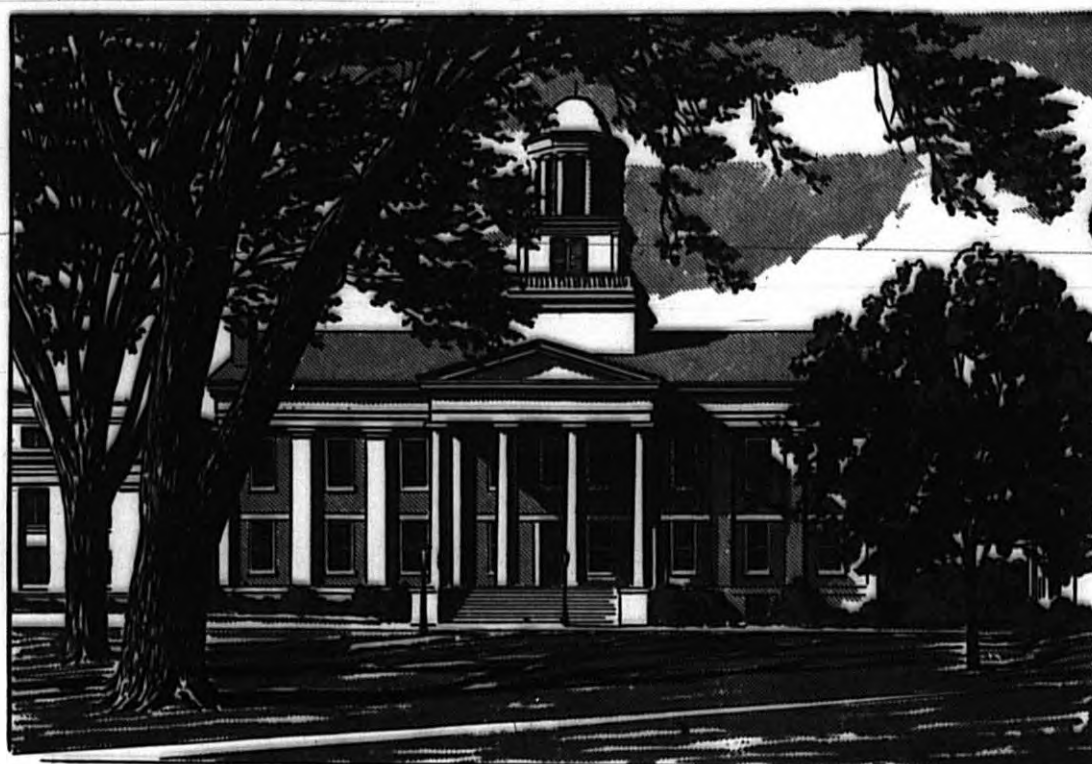

The pro debaters will be Bill Tincher and Merton Rymph; the con debaters, Bill Reynolds and Harry Hobson.

A short business meeting will be held before the debate.

The four speakers will soon enter the Valley debate tournament as the University of Wichita debaters. They will use the same topic in the tournament.

Tuesday, they will inspect the individual cadets, and review the troops.

The names of the officers on the inspecting team have not been announced as yet, but they will consist of ranking officers from the Fifth Army and Tenth Air Force headquarters.

Major Roy Carlson, U. of Iowa, Training Executive, U.S. Air Force!

Born in Red Oak, Iowa, Roy graduated from Thomas Jefferson High School at Council Bluffs. He was ready to enter the University when war changed his mind.

He went to work at Consolidated Vultee in San Diego, building PB's and B-24's. But it wasn't long until he had put in his application for Aviation Cadet training.

Cadet Carlson won his wings in April, 1943, was assigned to P-47 "Thunderbolts" with the 368th Fighter Group in England, to break ground for the Normandy invasion.

Roy completed 125 combat missions, leading many of them, supporting the invasion and the advances on into Germany. Won Air Medal, D.F.C., many other decorations. Promoted to Captain, then to Major.

Back home, he married the lovely Army nurse from Lowell, Massachusetts, whom he had met at Cannes, France. After the honeymoon, he returned to finish his studies at the University of Iowa.

Major Carlson is now Chief of Operations, 2471st Air Force Reserve Training Center, at O'Hare International Airport, near Chicago. Has two husky sons, a fine job, a great career still ahead of him!

If you are single, between the ages of 20 and 26½, with at least two years of college, consider the many career opportunities as a pilot or navigator in the U. S. Air Force. Procurement Teams are visiting many colleges and universities to explain these career opportunities. Watch for them. You may also get full details at your nearest Air Force Base or U. S. Army and U. S. Air Force Recruiting Station, or by writing to the Chief of Staff, U. S. Air Force, Attn: Aviation Cadet Branch, Washington 25, D. C.

U. S. AIR FORCE
ONLY THE BEST CAN BE AVIATION CADETS!

Three Receive Science Honors

Fellowships and assistantships amounting to \$3,900 are to be given to three University chemistry students. The students are David McCall, Wayne Cassat, and Roy L. Petty.

McCall, a senior majoring in chemistry, recently received an appointment to a \$1,200 assistantship in chemistry at the University of Illinois.

McCall, who was selected from a large group of applicants in nation-wide competition, will receive his bachelor of science degree in June, 1950, at the University of Wichita. The assistantship is for the 1950-1951 semester.

Cassat will go to the University of Michigan at Ann Arbor on a \$1,200 teaching fellowship after receiving a master of science degree at the University of Wichita in June, 1950.

Petty, who will receive his master of science degree at the University of Wichita in June, 1950, has been awarded the \$1,500 Colgate-Palmolive-Peet Company research fellowship.

Petty received the A. B. degree in 1948 and has completed all the work for a masters degree, which he will receive in June, 1950. This fellowship is with the University of Southern California at Los Angeles.

Generals Lee and Grant fought on the same side in the Mexican War.

Revision!

Assistants In Math Department Conduct Distribution Survey

Student assistants working in the mathematic computing laboratory of the University are engaged in a recalculation of the distribution of library funds among the various departments.

Approximately fifteen years ago the faculty adopted a formula which apportions funds available for library book purposes on the basis of credit hours in enrollment and relative demands for use of the library.

It has been the custom to recompute the percentage allocation at three year intervals. The last computation was made in 1947 and has been in effect since that time.

The present calculation requires the analysis of the enrollment in every course taught during the last three years as well as properly weighing the various factors involved.

ISA Book Exchange Has Student Money

The Independent Student Association Used Book Exchange has \$2,000 to give away, according to Charles King, manager.

The money belongs to students who brought books in to be sold and never called for their money.

Students who brought books in during previous semesters may call for their money if they have not already done so.

Help Is Offered English Students

Viola McKinney Beebe, assistant instructor in the classical language department, will conduct a

coaching session for all students who need help in English 111 or 112, beginning March 22 at 1 p.m., according to Robert G. Mood, head of the English department.

The class will meet in room 323 Administration Building at 1 p.m. each week day except Thursday.

Mrs. Beebe will conduct regular drill sessions on essentials of com-

position. Some of the essentials are how to avoid the comma splice, the agreement of subject and verb, and sentence construction.

The course is offered to the students to give them an opportunity to have free coaching if they voluntarily ask for it. This course is a substitute for the English 101 non-credit course on composition.

Foul Weather Hampers Golf

Bad weather has kept the golf team from having any important practice, reported Earl Hamilton, golfing coach, Tuesday.

"If the weather stays the way it has been, we won't have much chance for shooting a round before the qualifying matches April 3, 4, 5 and 6," he said.

Three returning lettermen, Al Littleton, Joe Minjares, and Jack Douglass, will get varsity berths by virtue of last season's results. The other three positions, one varsity and two alternatives, will be decided in the qualifying matches, Hamilton stated.

Six Tryouts

Other golfers trying out are Irving Coffey, Levester Thompson, Dan Smith, Don Hill, Jess Richards, and Bobby Larmer, a late arrival.

There will be 72 holes played in a four-day meet for the three vacant positions, April 3, 4, 5, and 6, Hamilton said. They will be held at Crestview Country Club, Wichita Country Club, Rolling Hills Country Club, and will be concluded at Sim Park. Each day, 18 holes will be played.

Varsity boys will tee off March 28 and 29, for two 18 hole qualifying rounds to determine the fourth

Mile Relay Team Gets Pointers For A and M Relays . . .

TRACK COACH AB BIDWELL gives his mile relayers some fine point instruction on the art of passing the baton, as the squad prepares for competition in the Oklahoma A and M relays at Stillwater, Saturday. The meet will in-

augurate the Shocker spring sports program. Those tracksters taking in the above lecture include (left to right) Erwin Work, Carl Holmes, Lewis Nichols, Coach Bidwell, and Leo Konecny.

Bradley Plays In KC Regional

Bradley University will meet UCLA in the opening round of the NCAA Western Regional tournament at Kansas City, Mo., tomorrow night. Baylor University will meet Brigham Young in the evening's first game at 8:00, with the Bradley-UCLA contest scheduled for 9:45.

The winners will meet in the championship game Saturday night.

Bradley annexed the District Five title by edging Kansas University 59 to 57, Monday night at Kansas City.

A crowd of 10,000, the largest ever to watch a basketball game in the Municipal Auditorium, saw Braves Paul Unruh and Elmer Behnke lead the Missouri Valley champions to their thirtieth victory in 34 starts this season. Unruh bagged 18 points while Behnke netted 17. Kansas' sensational sophomore center, Clyde Lovelette, poured in 21 points to take game scoring honors.

Braves' Record Best

The Braves' season record far surpasses that of any other Western Regional participant. UCLA, representing District Eight, has a 24 and 5 season record; Baylor, representing District Six, has a record of 13 and 11; and District Seven representative, Brigham Young, has a 22 and 10 season record.

Saturday night, Bradley took second place in the National Invitational Tournament at New York's Madison Square Garden. The Braves lost to City College of New York 69 to 61 in the finals.

Since CCNY will represent District Two in the NCAA Eastern Regionals, there is a chance that the Beavers and Bradley will meet again in the championship finals in Madison Square Garden, March 28.

Sport-Shocks

By Jack Campbell

Spring sports on the University campus are at their lowest ebb. The pitiful part about it is that this year's spring sports program is potentially bright.

In a nutshell, far too much emphasis is being given to spring football practice, a sport that won't begin for the Shockers until Sept. 30.

As a result, the track team, which goes into competition Saturday, the baseball team which opens its season April 3, and the golf and tennis squads which see action March 31, must all suffer from lack of material and coaching until football practice is over.

A new Shocker football rule says that no player who is out for "King Football" may compete in any other sport until practice is ended.

Of course football is the University's greatest source of income. But does it seem fair to sacrifice a whole spring sports program which might earn the school some badly needed athletic prestige?

Jimmy Nutter, who was consistently high-point man on last year's track squad and leading hitter on the baseball nine, must devote all of his time this year to "King Football." Eddie Kriwiel and Joe Knapic are other baseball hopefuls who must remain with the grid game for most of the diamond season. Wes Hodge, Bill Loffer, Herb Eddington, Eli Romero, Don Stump, Wayne Ubben, Charles Baldon, Walt Corbin and others are track prospects who are tied down.

Nutter proved quite successfully last year that other sports, in addition to spring football, could be handled by an athlete.

Coach Bob Carlson, who is having trouble getting a tennis team organized, must be at football practice every day. Coach Earl Hamilton, with a potentially great golf squad to be molded, must give the major portion of his time to football.

If the University is so limited in its talents that all must give way to football in the spring, perhaps it would be wise to discontinue track, baseball, tennis, and golf. Does Oklahoma A and M excel

at every sport because it emphasizes football in the off season? Does it devote a lot of time to molding NCAA champion wrestling teams because of the money the team will earn for the school?

The Aggies from the south have a big school and it will remain that way because of its intelligent handling of each sport in season. A and M's athletic prestige is recognized all over the world, not because it has a good football team every year, but because it is also tops in basketball, baseball, track, golf and anything else it tries.

The Aggies accentuate sports while Wichita accentuates football. It is a shame that a small school like ours should remain so small in its athletic scope.

Veteran Athlete Art Solter Dies

Art Solter, veteran Fairmounter and the oldest of Kansas' greatest athletic family, died March 15.

The Solter clan is one of old Fairmount's proudest sports traditions, and Art was the number one man. He started playing football on what is now the University of Wichita campus in 1903 and stayed with the grid game six years.

Shocker enthusiasts, Bliss Isely and Howard Darling, Fairmount graduates of 1906 and 1907 respectively, recall that Art Solter caught the first forward pass ever tossed in a college grid game. Bill Davis threw the pigskin and soon the passing technique was being used by all of the teams in the country.

Mr. Solter never played basket-

Shocker Cager First Munie Baseball Opponent Rated All-Star Is Oklahoma Baptist University

John Friedersdorf, sophomore basketball star, was given honorable mention on Colliers magazine all-star District Five selections released last week. It was the second such honor given the Hoosier Shocker since the end of the recent cage season. He won honorable mention on the Associated Press All-Missouri Valley listings March 14.

The Valley placed two men and

John Friedersdorf

the Big Seven placed three on Colliers' first squad. The district team is headed by Bradley's ace center, Paul Unruh, who was named on the magazine's All-America team.

Others on the district quintet include Joe Ossola of St. Louis University, Milt "Bus" Whitehead of Nebraska, Clyde Lovelette of Kansas University, and Rick Harman of Kansas State.

Gene Melchiorre of Bradley, Lou Lehman of St. Louis, John Renicke of Drake, Jack Shelton of Oklahoma A and M, Clarence Brannum of Kansas State, Wayne Glasgow of Oklahoma University, Dave Dunlop of Grinnell, Norm Jaspersen of Iowa Teachers, and Ed Weber of North Dakota joined Friedersdorf on the honorable mention list.

All-America mates of Unruh are Bill Sharman of Southern California, Sherman White of Long Island University, Bob Cousy of Holy Cross, and Dick Schnittker of Ohio State.

The University of Wichita baseball team will officially open its season in a game with Oklahoma Baptist University, at Shawnee, Okla., April 3.

The team boasts 10 returning lettermen, and will attempt to better their last season's record of four wins and nine losses.

Webster 'A' Cops Basketball Crown

The Men of Webster A team swept through the intramural basketball tournament finals last week to emerge as 1950 champions.

Al Craver and Ed Szczepanik scored 14 points each for the winners in the final game over the University All-Stars, 46-39.

Previously, the Webster team had bowled over Alpha Pi Alpha, 52-37, Webster B, 23-18, and the All-Stars, 60-35.

Members of the victorious squad and the points they scored during tournament competition were: Al Craver (46), Ira Barkman (25),

Last year's squad collected only 89 hits and 61 runs in 427 trips to the plate for a team batting average of .208.

Bob Douglas, first baseman, batted .306, collecting 15 hits in 49 times at bat, for individual honors. Jimmy Nutter, batting .282, and Anton "Hap" Houlik and Hal Reynolds, .273 hitters, were next in line.

Home Run Hitters
Anton Houlik, Bill Scofield, and Ed Houlik each collected one home run.

Although Munie pitchers gave up 131 hits and allowed 175 runs, only 58 of these runs were earned. The staff of six hurlers had an earned run average of 4.46 for 13 games.

Quincy Utter gave up 18 earned runs in 48 innings on the mound for an earned run average of 3.38 while winning two and losing four games. Randy Barron, with a 1-4 record, ranked second with a 3.55 average in 33 innings.

Sixty-one bases on balls and 75 errors afield accounting for 117 unearned runs figured heavily in the Shockers' position as cellar dwellers in the western division league standings.

The first full-squad practice session was Tuesday afternoon, at the practice field south of the Armory.

were The University All-Stars in second place, followed by the Cowpokes and Webster B teams. Bringing up the second division were Phi Sig B, Alpha Gam A, Alpha Pi Alpha, and the Panthers.

The spring intramural program began on Tuesday night with ping pong holding the spotlight.

Wrestling entries were closed Monday afternoon and competition will begin next Tuesday.

Another deadline reached Monday was for entries in softball competition. The schedule for softball is being arranged.

Spring Intramural Program Announced

A call will soon go out for entries to compete in intramural track, tennis and golf. Bob Kirkpatrick, intramural director, announced that plans for these sports are now in the making and official word will be given soon.

A tentative list of eight softball teams has been submitted to the intramural office, and play is scheduled to begin early in April.

Eddie Kriwiel (29), Ed Szczepanik (28), John LaFever (21), Eddie Ziegler (16), Ray Coleman (10), John Tambella (6), and Bob Wagner (0).

Finishing below the champions

King Motors Defeat Oregon

King Motors of Hesston, Kans. advanced to the third round of the National AAU basketball tournament at Denver, Monday, by drubbing Bradford Clothiers of Portland, Ore., 78 to 60.

King Motors won the Kansas AAU championship last week in the Forum and earned an advantageous position in the National bracketings by beating the Oklahoma Baptist, Sooner AAU champs.

Shockers Don Toevs, Jim Barnthouse, Bill Moran, and first-semer-student, Dick Mullen, are members of the Kansas champions which joined the Sioux City, Ia., Jamcos, Billings, Mont., Stockmen, and the Houston, Tex. Oilers for third round play.

The Oakland Bittners are defending champs, and former champion Phillips 66 Oilers of Bartlesville, Okla., is the number two seeded team. Tournament finals will be played Saturday night.

Trimble Suffers Slight Injury While Illustrating Pass Defense

By Al Alvarez

"Roll me over, but don't kick me again."

That's what football coach, Jim Trimble, might have been thinking, after being cracked on the back of the head by two onrushing tackles. The injury occurred during Monday's spring football practice.

The two "assaulting parties" held for "investigation" were both 220 pounders—Art Whilite of Wichita, and Vere Wellman of Newton.

"Now here's the way to set up a pass defense," said Trimble, a former All-Big Ten tackle for Indiana, as he took a place in the line. A few moments later, as the ball was passed back from center, there was a sudden thud in the line, as skull met cleat, and opposing lines collided.

As the dust cleared and players stood innocently by, coach Trimble carefully investigated the rear portion of his cranium. It was intact, all right, but there was slight split down the back of his hairline.

Last reports say that Trimble is back coaching again, and doing well, although he probably will be "sidelined" for a while.

Seton Team Drops Game As It Muffs Ball Four Times In Closing Minutes

Coach Ken Gunning isn't the only one who had basketball worries this season. Coach "Honey" Russell of Seton Hall recalls with a bitter smile his team's recent game with Albright.

Seton Hall had a comfortable lead in the game's closing minutes until one of the Seton Hall cagers dribbled right into the hands of Albright players three straight times. As a result, Seton Hall's lead was cut to one point in the final seconds.

Again the dribbler got possession of the ball for Seton Hall at mid-court. He was about to start another dribble when Coach Russell shouted from the bench, "Don't dribble, don't dribble."

The player looked toward the bench with a puzzled expression, then tucked the ball under his arm and walked to the sideline and

called out, "What did you say, coach?"

Of course, Albright got the ball on the traveling violation and tallied the winning basket as the game-ending buzzer sounded.

The first Shocker track meet will be the Oklahoma A and M Relays at Stillwater, Saturday.

The intra-squad football scrimmage for Saturday in old Shocker Stadium, will be open to the public.

Solter

(Continued from Page 9) ball, but he was a good enough baseball player to go into Western League ball," the Shocker enthusiasts recall.

Mr. Solter was followed at Fairmount by three other fine Solter athletes: Harry Solter, one of the finest broken field runners in Shocker history, Ab and George Solter.

Two years ago, Art Solter was voted by Wichita fans into the Kansas Hall of Fame.
