High School Musicians Vie Tomorrow

Engineering School Plans Open House

Annual Fest Will Be Held At University

Annual Exhibit Begins Friday

Students Will Compete For Display Prizes

Prizes will be offered to students of the School of Engineering in an exhibit competition at their annual Open House tomorrow and Saturday.

The competition and exhibition, sponsored and conducted by the School of Engineering will be held in the Engineering Building. Kenneth Razak, professor and director of the engineering school has extended an invitation to the general public to attend the open house.

Throughout the open house displays and operations will be featured from the electrical laboratory, engine and material testing laboratory, aircraft and automobile engines, machine shop in operation, aircraft component display, and an Allison V-1710 component display.

Free rides in the link trainer, a display of the German jet engine, JU-004, wind tunnel operation, and foundry operation are a few of the many attractions. The wind tunnel will be in operation from 2:30 to 4:30 p.m., from 7:30 to 9:30 on Friday, and from 9:30 to 11:30 a.m. on Saturday. Foundry pouring schedule will be at 4:00 and 8:00 p.m. on Friday and 11:00 a.m. Saturday. Drawings for souvenirs will be held every 30 minutes.

The exposition and open house will be conducted from 1 p.m. to 5 p.m., from 7 p.m. to 10 p.m. on Friday, and from 8 a.m. to noon on Saturday. Prizes will be awarded by the director of the School of Engineering at 10 a.m. Saturday.

The first powered test of an aircraft in this area will be made during the open house.

William L. Beck

Five Seniors Receive Honor

Five senior men were initiated as members of the 1950 Men's Honor Group, Wednesday, following their election by last year's honor five.

This year's honor men are William L. Beck, College of Education; Howard C. Current, Vincent Gott, Harold Kemper, and Robert M. Langenwalter, all College of Liberal Arts students. Induction ceremonies were conducted by Lester Rosen and Art Hodges, 1949 honor men, in the office of Dean L. Hekhuis, head of the College of Liberal Arts.

Election to the group is the highest honor bestowed upon University senior men. Qualifications for membership in the 30-year-old society are character, leadership, cooperative spirit, scholastic achievement, participation in extra-curricular activities and campus citizenship.

Voting on this year's candidates were members of the 1949 honor group. Beck, Student Council president, is a member of Pi Alpha Pi fraternity. Current, Alpha Gamma Gamma fraternity, is a Student Council member and has been active in Student Forum, French and Spanish clubs and

5,000 To Attend Meet; No Classes Scheduled Tomorrow Or Saturday

Over 5,000 high school musicians, representing 65 schools, are expected to attend the Kansas State High School Activities Association's eleventh annual district music festival, Friday and Saturday at the University. No classes will be held on those days.

Students will perform before judges to receive ability ratings I, II, III, or IV. A No. I rating will allow the student to enter the state music festival to be held later at Emporia.

Entries will be divided into three classes—AA, A, and B. Class AA is for schools with more than 475 pupils; Class A, 151 to 475; and Class B, under 151. Junior high schools will be in a separate division.

Performing at the festival will be bands, orchestras, chorus, glee clubs, vocal ensembles, instrumental ensembles, vocal solos, baton twirlers, and instrumental solos. Events will start at 9 a.m. each day and are expected to last until 7 p.m.

Students To Begin Vacation On Apr. 5

Pres. Harry F. Corbin has announced that the Easter Vacation will begin at the close of the last class, including night classes, Wednesday, April 5.

Classes will resume Tuesday, April 11, at 8 a.m.

Annual Valley Debate Tourney Will Be Held Here April 6, 7, 8

The University of Wichita will be host to thirteen member schools in the Missouri Valley Forensics League Tournament to be held here April 6, 7, and 8.

Schools to attend the three-day affair will be: Louisiana State University, University of Texas, University of Oklahoma, University of Kansas, University of Arkansas, Kansas State College, University of Nebraska, University of South Dakota, University of Colorado, Iowa State College, Creighton University, and Washington University.

Harry F. Corbin, president of Renaissance, dealing with political corruption.

Bill Tinch and Kenny Smith have been chosen for the extemporaneous speaking contest. They will speak regarding the general topic, "American Political Scene."

University faculty members will judge all debates except those in which University teams are entered. Debates in which the Wichita team participates will be judged by visiting coaches.

The public may attend the oratory finals on Thursday and the extemporaneous speaking finals on Friday. Both will begin at 8 p.m. in the University Auditorium.

KMUW, University radio station, will broadcast the finals of both contests, Prof. Mohr said.

Open House To Feature PW-1 Test . . .

CHARLES PETRIE AND BILL WILSON, left to right, are shown above inspecting their scale model of the PW-1, which they designed. The PW-1 model has two electric motors that develop 30 horsepower at 17,000 r.p.m. and a wing span of 7 feet 6 inches. This model will be on display at the Open House Saturday.

And about the Campus

By Joan Kallaj

LEON MIKEL is probably one of the most privileged pledges on the University of Wichita campus. Last week, one of the braver Pi Alpha actives "instructed" Leon to do a certain thing, but instead of obeying orders he quickly snapped a pair of handcuffs on the active and dragged him to his police car. "Unfortunately" Leon is a member of the Wichita Police Department.

Darrell Kincaid and Bill Ketchersid were among the many who attended the NCAA tournament in Kansas City, Mo., last week-end. They left Friday evening, and not only took in the basketball games but the Mae West show, "Diamond Lil," as well.

GENE TORLINE and Chuck Larson are only two of the campus Young Democrats who are raising Cain with the Republicans over the PA system this week. With their theme songs, "Mule Train" and "I'm Just Wild About Harry," they're soliciting money and members. The local club is in charge of the big dance at the annual con-

vention to be held in April.

A "Latin American" theme will be used at the Webster house party Friday night at 8 p.m. John Jones is in charge of the affair and John Tambella is arranging the decorations. Frank Bosworth, an alum, is going to teach everyone the rhumba. . . Ah, an educational party.

A BUSY MAN in the play "Macbeth" will be Davey Haselwood. Because of the lack of students to play individual parts in the play, Davey will be madly dashing around, throughout the production, playing the parts of six different servants. Here's hoping he doesn't forget any lines and is the right servant at the right time.

PI KAP PLEDGES decided Monday night that sorority meeting was entirely too calm. Therefore, they all daintily crawled out the kitchen window, ran around to the front door, and serenaded the active chapter. . . Considerate of them, wasn't it?

EVIDENTLY the Sunflower does not produce the only editors on the campus, for Marilyn Bills and Shirley Galatas were two of the guest editors at a recent YWCA conference. They edited a group of articles entitled "Leadership Takes . . ." in the Intercollegian Magazine which is now in the library. . . Looks like competition for the Sunflower staff.

U of W Honor Women To Hold AAUW Holds Meeting Here

University Honor Women will sponsor a Scholarship Tea Sunday, April 16, at 3 p.m. in the Pi Kappa Psi sorority house in honor of women of the sophomore class who have maintained a grade average of 1.75. Invitations will be mailed to eligible students next week.

"Because we have always honored freshman, junior, and senior women before, we feel that sophomores should receive recognition as well and, therefore, are sponsoring this tea," Shirley Galatas, historian and reporter for Honor Women, said.

The purpose of the tea, to be given annually, is to encourage women to maintain a high scholastic

average and acquaint them with the Honor Women society.

Each year junior women are chosen by the active chapter and faculty advisors to be members of Honor Women during their senior year. They are chosen on the basis of leadership, character, and scholarship—1.75 minimum overall grade average—and are presented at the annual May Day festivities.

Annually the alumnae chapter gives a scholarship to the freshman woman who has achieved the highest scholastic standing during that year.

Present officers and members of Honor Women include: Marjorie Van Camp, president; Sue Bowers, vice-president; Mary Faith Pellett, secretary; Mildred Hiteshew, treasurer; Shirley Galatas, historian-reporter; and Kathleen House and Betty Knocke.

Adult advisors, who are all former members of Mortar Board, national honorary scholastic society for senior women, are: Miss Grace Wilkie, dean of women; Miss Margaret Walker, instructor of English; Miss Ferna Wrestler, assistant professor of mathematics; and faculty wife, Mrs. Robert Mood.

Cheerleaders Should Contact McMichael

Students interested in cheerleading, whether experienced or inexperienced, may contact Phyllis McMichael.

Auditions for the cheerleading posts will be held in the near future.

National Frat To Hold Meeting

The Delta Mu chapter of Alpha Phi Alpha, first national fraternity on the University campus, marked its initial meeting with an installation ceremony. It was presided over by the regional director, Mr. L. H. Williams, at the home of Dr. J. E. Farmer, 1301 Cleveland, March 25, at 8 p.m.

The officers installed were Richard L. Carey, president; Bill Ridgway, vice-president; Ernest Bruce, recording secretary; Theodore Madison, treasurer; and Otis Hammonds, corresponding secretary.

Three men were initiated into the chapter the same evening. They are Leroy Graves, James Flemons, and John W. Johnson. The initiation-installation ceremonies were followed by a banquet at the Parish House, St. Augustine's Episcopal Church.

The feature of the banquet was an address by Mr. Bert A. Mayberry of the Beta Lambda chapter, Kansas City, Mo.

Delegates from five states will attend the American Association of University Women Regional Conference to be held here Friday and Saturday. An "International" theme has been planned by Dr. Blanch H. Dow, vice-president for the Southwest Central Region, and for vice-presidents from Arkansas, Kansas, Missouri, Oklahoma, and Texas.

Dean Grace Wilkie will preside at the conference dinner Friday at 7 p.m. Dean Wilkie, who was regional vice-president for eight

AAUW Chairman . . .

Dean Grace Wilkie

years from 1929 to 1937, is a member of the national board of AAUW.

Other faculty members who are serving on conference committees are: Miss Marie Graham, associate professor of history; Miss Jacquetta Downing, head of the French department; Miss Eva Hangen, professor of English; Miss Katherine L. Van Keuren, associate professor of home economics; and Miss Phillida Whitby, instructor in French.

Dr. Maria Teresa, who is a member of the American Division of International University Women visitors exchange program with Mexico, will be one of the chief speakers at the conference. Dr. Teresa will speak at the dinner Friday night on the topic, "Mexico and Its Culture."

The AAUW organization was started in 1883 by sixteen college women who believed that women should have better educational advantages and opportunities.

The program of the conference is as follows:

- FRIDAY**
8 a.m.—Registration.
9 a.m.—Opening session: Dr. Blanche H. Dow presiding.
11:30 a.m.—Points of Our Program: Art, Education, and Mental Health.
1 p.m.—Luncheon.
3 p.m.—Tea: Wichita branch of AAUW presiding.
7 p.m.—Dinner: Dean Grace Wilkie presiding.
SATURDAY
8:30 p.m.—State Division Breakfast Conference.
9:30 a.m.—Our Program: Social Studies, Status of Women, and UNESCO.
11 a.m.—Revision of By-Laws.
1 p.m.—Luncheon: Wichita's AAUW chorus singing.

Alpha Gamma To Host Pledges At 'Bum's Rush' Dance, Friday

"Bum's Rush" will be the theme of the Alpha Gamma Gamma pledge dance at the Veterans of Foreign Wars Hall tomorrow from 9 p.m. 'til midnight.

Guests are to come in tacky dress. A prize will be given to the most originally-costumed couples. Orvie Howell is chairman of the dance and Dick Thiesen is in charge of the pledge skit.

A partial guest list includes:

Marian Robbins	Bill Greer
Barbara Gist	Clyde Bevis
Kathryn Bailey	Bion Allen
Billie Courter	Bob Malone
Cherry Mullikin	Ralph Latas
Emily Goodwin	John Hartley
Dorothy Manning	Dan Tevis
Muriel Marshall	Wilbur Elsen
Nancy Moore	Ralph Allen

Show Business!

Haughton To Direct Stage Presentation At East High School

"There's no business like show business," according to Dick Haughton, director of the Phi Upsilon Sigma fraternity stage presentation, "Show Business."

The production, to be presented April 19, at the Wichita High School East Auditorium, is the first in a series of performances which will be offered by the fraternity late this spring.

Bob Groom, tenor vocal student at the University, will be featured in a number of popular vocal arrangements with the orchestra under the direction of Dick Haughton.

Another feature of the two-hour presentation will be the "Transition into Surrealism" scene. This portion of the show presents lighting effects and instrumentation such as has never been used in a stage production in the Midwest before," said Haughton.

A twenty-man chorus will present an arrangement of "There's a Long, Long Trail A-Winding."

The "Phi Sig Four," originally a barber shop quartet, will present modern arrangements of three popular songs.

"Show Business" will also include a comedy act with Gerald Sheets and his comedy crew. Bob McGrath will be master of ceremonies for the production.

Independents To Hold Dance

"April Showers" is the theme of the Independent Students Association's semi-formal dance to be held Saturday at St. George Hall, Walnut at Texas Streets, from 9 p.m. until 1 a.m. The dance will be open to all students.

Paper flowers and umbrellas of pastel colors will carry out the theme of the spring dance. Misses Joy Breese, Winnie Swallow, Normmadine Ruckman and Jackie Johnson are in charge, with Mary Jabara arranging the floor show.

Music will be furnished by the Collegian's orchestra and tickets, which are \$1.83 per couple, may be purchased from any ISA member or at the ISA Brigg.

Special guests include: President and Mrs. Harry F. Corbin, Dean and Mrs. Leslie B. Sipple, Dean and Mrs. Frank A. Neff and Dean Grace Wilkie.

Other speakers for the conference will include the Rev. Eugene Frank, pastor of the First Methodist Church at Topeka, and the Rev. E. Russell Lynn, pastor of the First Presbyterian Church at Manhattan.

Shirley Galatas, Kansas co-chairman, and May Ann Unruh, district council member, both of the University of Wichita, are on the committee to plan the conference. The theme is "Worth Looking Into."

The scoring champion for the past two years, Don Rehfeldt of Wisconsin, has been named the Big Ten's most valuable player for the 1949-50 basketball season.

Sweater Girl To Be Announced Saturday During Phi Sig Dance

The annual Phi Upsilon Sigma Sweater Dance will be held Saturday from 9 to 12 p.m. in the English Room of the Hotel Broadway. Dick Haughton's band will play, according to Sam Evans, dance chairman.

The Phi Sig Sweater Girl will be announced during the evening.

A partial guest list includes:

Pres. and Mrs. Harry F. Corbin	Harry Crow
Dr. and Mrs. Ross Taylor	Roger Harter
Mr. and Mrs. N. W. Edwards	John Baker

University Senior Makes Jump From Sixth Grade To College

"From the sixth grade to college is quite a jump," said George Wright, sociology major, "but I made it and it looks like I'm going to graduate in June."

Wright is 47 years old and a veteran of both World Wars. He quit school in St. Louis in 1916 to join the Army. Wright was not quite sixteen and in the sixth grade when he enlisted. He served two years in the Army and was in France with the Ninety-second Division for 18 months.

After being discharged from the Army in the first World War, Wright worked as a bellhop, a miner, a chauffeur, and held other jobs until the second World War.

In 1942, Wright again entered the Army. This time he was in service for three years and served overseas for 26 months. He was a first sergeant in the infantry in Africa and Italy.

During his stay in service, Wright was given the Army's General Education Development Test. The results of the test were so good that he was given the equivalent of a high school diploma by the Kansas State Board of Education.

Wright entered the University of Wichita after being graduated from Hutchinson Junior College in 1948. He is married and is the father of two children, both girls, one twelve attending school in St. Louis, and one sixteen who is studying music at Planeview High School.

Wright has helped pay his way through college by working part time for the building and grounds department of the University. At present he is working as janitor of Morrison Hall.

Majoring in sociology, Wright intends to become a social worker when he graduates this spring. Wright is deeply interested in race relations. During his stay at Hutchinson Junior College, he spoke on his experiences and opinions on race relations to the sociology and citizenship classes of the Hutchinson High School.

Seven Attend Foreign Talk

Seven University students and teachers attended a meeting of the Kansas Modern Language Association, Saturday, March 25, at Pittsburg, Kans. John S. Hollister, director of development, Institute of International Education, spoke on the "Importance of Studying Foreign Languages and Cultures."

Those attending from the University were Prof. Jacquetta Downing, head of the French department, who spoke on the morning program; Mrs. Frances Brownlee, German instructor; Dr. and Mrs. Eugene Savaiano, Marion Box, and Barbara Gist.

In his speech, Mr. Hollister said that 26,000 foreign students are now studying in the United States and even more North Americans are teaching or studying abroad.

"In order to be assured of the maximum benefit from his stay in another country, the foreign student must be given the opportunity to enter the homes of the natives in order to acquaint himself with

Last Concert Given Tonight

The last of the series of concerts by the Wichita Symphony Orchestra, under the direction of Orin Dalley, and featuring Jennie Tourel, Metropolitan Opera mezzo-soprano, will be presented in the University Auditorium tonight at 8 p.m.

Last season, Miss Tourel appeared in her third trans-continental tour of the United States and Canada.

In 1947 Time Magazine devoted an article to Miss Tourel. It

She'll Sing Tonight...

JENNIE TOUREL, nationally known soprano, will appear with the University of Wichita Symphony orchestra in the Auditorium tonight at 8:30.

stated, "One of the four top recitalists singing in the United States today, Jennie Tourel is the youngest and perhaps the most versatile."

"Lottie Lehman sings German lieder; Maggie Teyte, delicate French songs; and Marion Anderson balances Schubert and Brahms with Negro spirituals. But Jennie Tourel sings exhaustive programs in seven languages, English, French, German, Russian, Spanish, Italian, and Portuguese, and extending through three vocal ranges, soprano, mezzo-soprano, contralto."

Admission to this concert will be by identification card only.

new ways of life."

"A foreign student who does not enter a private home during his stay in a different country might just as well have remained in his own country," he added.

Sunflower

Book Review

By David Petticrew

An excellent book by Christopher Isherwood entitled, "Lions and Shadows," depicting the life of a young writer in his constant struggle for recognition, is among the recent additions at the Library.

The setting is in London with the author taking us through his school days, and successfully presenting a comprehensive picture of those days.

Mr. Isherwood then portrays his years at Cambridge, and with a real wit and judgment, he develops the more interesting highlights of that career. He was a rebel, however, against that great institution and at the end of his third year succeeded in getting reprimanded when he wrote sarcastic answers to the examination questions.

Christopher Isherwood then spent the next few years in London where he failed to get the literary recognition he desired. Finally deciding that the future was far from bright, he entered medical school.

This turned out to be a greater failure than Cambridge, not having had a scientific mind to cope with even the more elementary problems. The author then abandoned this pursuit much to the relief of the medical profession.

After several publication failures, one of his manuscripts was accepted, much to his surprise and relief.

Surprise!

Witches Battle Ends For Nocturnal Rite Through Awakening

By Bob Barber

The place was a dark and gloomy corner of a basement room. A person in the costume of a witch could be seen bending over the inert form of another witch.

The seated witch moaned deep in her throat and muttered, "I can't breathe. I feel like I've been buried alive." Is this the feud of the witches? Unholy creatures battling over some obscure rite of the dark and mysterious world of the occult?

The above mentioned set of circumstances did occur, but it can all be explained simply.

Laura Valdois, who is one of the witches in the play "Macbeth," which will be presented in the Commons Auditorium, April 27, 28, and 29, was being fitted for her witches mask when it happened.

She was seated in a chair in the fitting room while Marilyn Harris make-up artist and also a witch in the play, was fitting cheese-cloth over her head for the mask.

The room was warm and Miss Valdois was soon asleep. Some of the paper tape which was being used on the mask, slipped over her nostrils.

When she awoke, her first thought was, "My gosh, they have buried me alive."

After considerable ado Miss Valdois was restored to this world and everyone was happy. When asked about her experience, she said, "They have decided not to use masks, and I'm sure glad."

Education Professor Speaks To Psi Chi

Wilbur M. Ehrsam, associate professor in education and chief counselor of the Guidance Division, will be a guest speaker at a meeting of Psi Chi, psychology club, April 4.

Professor Ehrsam will speak on guidance testing methods. The meeting will be in Room 432 in the Administration Building.

Conflicting Opinions Expressed About Women's Skirt Fashion

By Colleen Schreffler

From time to time in the past three years there have been various surveys taken to find the opinion of men and women on the fashion of long skirts. Different trends, however, this last season have made the feminine hemline ascend 2 inches.

Students on the campus have expressed the following opinions on long skirts in general.

Flossie Bates—I feel a tall girl has an advantage wearing long skirts, since long skirts give the short girl the appearance of being shorter.

Vinita Hood—The fashion of shortening skirts this season will be of help not only to the short girl, but all girls in general.

Lodina Garner—The fashion of longer hemlines have proven to be more flattering to all girls of every height.

Iris Holtje—Long skirts are a blessing to the girls who have bow-legs and knock-knees.

Denzel Lane—The length of the skirt depends on the girl's personality.

Harold Schooler—It's better to reveal than to conceal.

Bob Ramsey—Depends on the quality of the legs and not the length.

Convocation Hears Noted Cleric, Apr. 4

Bishop Mark K. Carroll will be the guest speaker at a special Easter Convocation at the University Auditorium, April 4 at 9:30 a.m., according to L. Hekhuis, dean of the College of Liberal Arts and Science.

Dean Hekhuis indicated that Bishop Carroll's message will be a message of Easter in the Holy Year and will deal with the meaning of Holy Year at the mid-point of the Twentieth century.

Special music will be presented for the occasion by the School of Music.

Unitarian Youth Club To Hold Discussion

"Education — Its Personal Values" will be the topic of a discussion of the Unitarian College Group, which will meet next Sunday at 7:30 p.m., at the Unitarian Church located at the corner of Central and Topeka.

The group is now a part of the Channing club, a national organization of Unitarian youth.

Before the meeting there will be a short business session. Following the discussion, coffee will be served.

All college people interested in religious liberalism may attend this meeting.

Business Deal To Be Sealed

Construction contracts for the new Business Administration Building, to be located on the east campus at Yale and Eighteenth Street, are expected to be drawn up at the next meeting of the Board of Regents, The Sunflower learned Tuesday.

A total of \$285,000 has been set aside to pay for the campus addition, \$194,000 of which has been sold as general improvement bonds.

The bonds were purchased by Dunne Company, Inc., Wichita investment firm, which has high bidder on the issue. The Dunne organization offered 1 1/4 per cent interest on the 1951-1960 series issue, or a net interest cost to the board of \$14,377.

The balance of the money needed will be derived mostly from a reserve fund.

Sale of the bonds places the University at the maximum of its \$400,000 statutory bond limit, and this condition will prevail until September 1, when some \$40,000 in bonds previously outstanding will be retired, according to Pres. Harry F. Corbin.

Regent P. K. Smith cast the sole dissenting vote on the motion authorizing the issuance of the bonds.

Five other members, including J. Ward Gates, attending the first meeting since his recent appointment to the board, voted in favor of the motion.

Members attending were Howard N. Fullington, chairman, S. C. Brennan, Cecil Jordan, Mrs. Justus Fugate, Mr. Gates, and Mr. Smith.

Dean Wilkie Returns Following Operation

Miss Grace Wilkie, dean of women, reassumed her duties on March 13, after spending four weeks recovering from an appendectomy.

Just before Miss Wilkie was hospitalized on Feb. 12, she was elected a new member of the downtown board of the Young Women's Christian Association.

Science Group To Meet Here

A three-day meeting of the Kansas Academy of Science will convene Thursday, April 13, on the campus, it was announced by Dr. Clair A. Hannum, chairman of the committee on arrangements.

A meeting of the executive council is first on the program at 6 p.m., Thursday, in the faculty room of the Commons Building. Friday, the delegates will register in the lobby of the Auditorium, at 8 a.m., and from 8:30 a.m. until 9, a general business meeting will be held.

Sections of the club and the Junior Academy of Science will meet from 9 a.m. until noon. The sections are: botany, chemistry, geology, physics, physical science teachers, psychology, zoology and the Junior Academy.

After lunch, the sections will reconvene at 1:30 p.m., and committee meetings will be held from 4 p.m. until 5.

Dr. Paul G. Murphy, retiring president of the Academy, will be the speaker of the banquet to be held at the East High Cafeteria at 6 p.m.

J. Earl Schaefer, vice president of the Wichita Division of Boeing Airplane Co., will speak on "The Immediate Necessity for an Adequate Air Force in Being" at a public address in the University Auditorium at 8:30 p.m.

Several field trips for the various sections are on the program for Saturday morning, and officially ending the session will be a general field trip for all the Academy under the supervision of Dr. Harry C. Mahan, assistant professor of economics. This trip will take place at the O. A. Sutton Corporation.

Alpha Phi Omega To Conduct Tour

Alpha Beta chapter of Alpha Phi Omega, national service fraternity, will conduct a tour of the campus for students attending the music festival and for Boy Scout troops from the Wichita area, Friday and Saturday.

The tour will be conducted by members of the fraternity Friday, afternoon from 1 until 5 p.m. and Saturday from 9 a.m. until noon. The tours will be conducted at 30-minute intervals from the Independent Students Association Brig, 1752 Fairmount.

Scout troops from the Kanza and Quivira Councils have been invited to attend the tour of the University campus.

From the ISA Brig, the tour will proceed to the journalism department in Morrison Hall, the research laboratories in the Science Building, Morrison Library, the Reserve Officers Training Corps Armory, and will terminate at the Engineering Building.

Fraternity Elects Three To Office

At the second official meeting last week, of the University's newly organized Delta Mu Chapter of Alpha Phi Alpha, a national fraternity, three members were given offices.

James Flemons is now the associate editor of the Sphinx, the fraternity's national magazine, Leroy Graves is sergeant-at-arms, and John W. Johnson is chaplain.

Johnson, Otis Hammonds, and Richard L. Cary were appointed to select a skit for the "Jabberwock," an annual program sponsored by the Delta Sigma Theta sorority.

The program this year will be presented at Roosevelt Intermediate, April 22.

A dead person may vote, legally, if he mails an absentee ballot and then dies before election day.

Bull, Phillips Attend Biannual Meeting Of Kappa Delta Pi

Don Bull and Tom Phillips, Kappa Delta Pi members, represented the local honorary education society at a biannual convocation at Spring Mill Inn, in Mitchell, Ind. Kappa Delta Pi chapters from colleges and universities all over the country were present, according to Dean Leslie B. Sipple, counselor for the society.

The session covered a three day period, March 27, 28, and 29.

Matters discussed and voted upon included interpretation of the constitution, ritual of initiation, and the budget for the succeeding two years.

Magazine Predicts Rosy Future For Old People Of Tomorrow

By Joe Rochford

The worker of the future can look forward to a combination of company pension, federal old-age insurance, his own personal savings, and living in security in his declining years, according to United States News and World Report, a news magazine.

Benefits to workers now total 601 million dollars a month, states the magazine. By 1960, with more of present benefits. Only 14 million dollars of this amount was for old-age insurance. The House of Representatives has already approved an advanced program for old-age insurance and the Senate is expected to give final approval.

122 E. DOUGLAS

the Story of ED SMITH'S BUSINESS

1. Communities served by Ed's company grew during 1949. He had to install a new generating unit, build other facilities and make extensive improvements to adequately serve all of his customers.

Ed borrowed \$3,000 and put into the company \$2,500 of his own money. With this new capital plus funds from current earnings he paid for improvements which cost \$6,225.

2. Since his prices were low and his service was friendly and dependable, Ed had over 103 customers at the end of the year. Business conditions continued at a high level during the year and these customers paid him \$13,157.

3. Ed had one loyal and efficient employee whom he paid a good wage, put money aside for his retirement and gave him other benefits that amounted to \$3,124.

Fuel for making electricity and purchasing power for resale cost Ed \$1,856.

Other supplies and expenses cost him \$1,049.

4. Since Ed's business was a private enterprise it was subject to about 20 different direct taxes, as well as a multitude of indirect taxes on everything he bought. He paid to the Federal, State and local governments in direct taxes about 21c out of each dollar he took in or a total of \$2,758.

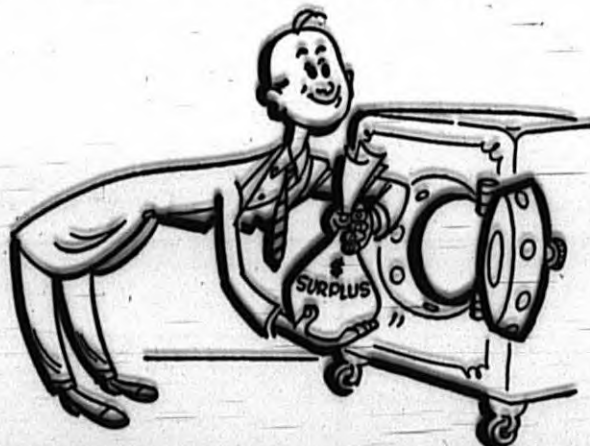

5. Being a good business man, Ed set aside a reserve so that he could replace his property and equipment when it became worn out or obsolete. This amounted to \$990.

6. Ed paid interest (including miscellaneous deductions) to the people who loaned him money in prior years as well as those from whom he borrowed in 1949 amounting to \$626.

7. As a return on his own money invested in the company, Ed paid himself as the stockholder \$1,791.

8. This left Ed with a surplus of \$965 which he put away for future use in his business.

This story of Ed Smith is a true story. ADD THREE 000'S TO THE FIGURES IN THIS STORY AND YOU HAVE THE HIGHLIGHTS OF THE 1949 ANNUAL REPORT OF KANSAS GAS AND ELECTRIC COMPANY.

KG&E is not a part of, nor affiliated with, any holding company system. All of its officers and directors are citizens of Kansas. About 12,000 people like "Ed Smith" own the company because they have invested their savings in its stock.

We will be glad to send you a copy of our 1949 Annual Report if you are interested in further details of the company's operation.

Photo Display To Be Posted

A display of creative photography will be exhibited in the Morrison Hall Art Gallery, March 30 to April 20, according to David E. Bernard, assistant professor of art.

The display was prepared by the Museum of Modern Art in New York, with technical assistance of Andreas Feininger.

The display demonstrates that "photography is not only a scientific recording device, it is a means of expression. The camera is a versatile tool, but the photographer is more important than his tools. He can control the whole mood and meaning of the image he records," according to a statement from the literature about the display.

Senior Class Urged To Order Promptly

Orders for senior announcements will be taken in the rotunda of the Administration Building from April 3, until April 12, according to Al Littleton, senior class vice-president.

Those wishing engraved name cards should order them immediately because the orders must be sent in early, Littleton said.

Littleton also stated that orders for caps and gowns will not be taken after Wednesday, April 5.

Wind Tunnel Aids Industrial Studies

The facilities for engineering education consist of a group of buildings just east of the main campus. These include laboratory building, machine shop building, a 7 by 10 foot wind-tunnel, and a 4-foot wind-tunnel. The laboratory building contains the electrical fluid mechanics, internal combustion, and materials testing laboratory.

The 80 by 100-foot machine shop building contains one of the few radiant floor heating installations in Wichita. The machines in the shops are of the most modern types.

Actual experience in the factories of the Wichita area is an integral part of all curricula of the School of Engineering at the University of Wichita.

The presence of Beech Aircraft Corp., Cessna Airplane Co., and Boeing Airplane Co., gives the aeronautical engineering program local significance, according to a brochure soon to be released by the School of Engineering.

The school requires students to seek employment in some related industry during a vacation period. When the semester begins, students' experiences are reviewed and problems are discussed.

The School of Engineering, under the direction of Kenneth Razak, is pursuing a progressive program to conform with the ever-increasing industrial expansion of Wichita.

Three degrees are offered by the School of Engineering: bachelor of science in aeronautical engineering, bachelor of science in industrial engineering, and bachelor of science in industrial arts. An advanced course leads to the degree of master of science in aeronautical engineering. A two year program leads to the certificate of tool engineer.

In addition, two year preparatory programs are offered in mechanical, electrical, civil, and chemical engineering, which are accepted in other recognized engineering schools.

Education Students Should See Mullen

All those students registered with the bureau of recommendations who are planning to teach next year should contact Beulah Mullen, Alumni secretary, in the Bureau office, 143 Administration Building, as soon as possible.

Orchestra Praised By Music Critic

The University of Wichita Symphony Orchestra, under the direction of Prof. James P. Robertson, was the highlight of the recent concert for the Music Educators' National Conference in St. Louis, according to Francis A. Klein, music critic for the St. Louis Globe-Democrat.

Other groups featured on the concert with the University Symphony Orchestra were the Northwestern University A Cappella Choir and the University of Iowa Woodwind Ensemble. "The future of music of our time seems assured when interpreted by groups such as these," Klein wrote.

The orchestra played a program of American music including, Walter Piston's "The Incredible Flutist," Samuel Barber's overture to the "School for Scandal," two movements from Randall Thompson's Symphony No. Two, and the "Cakewalk" scherzo from Harl McDonald's Fourth Symphony.

The players proved they could switch from symphonic to jazz at a moment's notice and the playing was fresh and youthful, yet precise and brilliant, according to the music critic's review.

"In James P. Robertson," Klein writes, "the orchestra has an evocative conductor and for its own part it plays with the verve, aplomb, dash, suave, and smooth polish of a finely-gear, tense, and responsible professional orchestra. It's a full-scale symphony of 90 players, coming from 12 states, showing what can be done with native musicians and native music."

Graduating Seniors Offered Sales Jobs

Graduating seniors interested in sales jobs offered by Montgomery Ward and Company and McLellan Stores Co., should sign their names on the bulletin board outside the Liberal Arts office, according to L. Hekhuis, dean of the College of Liberal Arts and Sciences.

Windstorm Casualty ???

SUNDAY'S DUST STORM had gales up to 65 miles per hour blowing across the University campus. Bill Veidt (above) carried a lantern to pierce the zero visibility, but lost his lower attire in the effort.

New Switchboards Are Being Installed

Two new telephone switchboards are being installed in the Registrar's Office. "These new switchboards are being installed because there are not enough cord pairs to take care of the calls at busy hours with the present single switchboard," said Worth A. Fletcher, registrar.

The new Western Electric, two-position, non-multiple switchboards are the first of their type to be installed in Wichita. According to installation crewmen, the new units will be in operation on April 3.

Kansas State College wrestlers won the Missouri Valley AAU championships for the third consecutive year, last week.

CARE Aid Asked For Students Attending Vienna Med School

CARE packages are needed by students at the University of Vienna Medical School, who are earning a living while going to school, according to Dr. Ernst Lauda, dean of the medical faculty at the University of Vienna Medical School. CARE is the abbreviation for the Cooperative for American Remittances for Europe, a relief organization which forwards packages to the needy and war torn countries of the world.

Dr. Lauda explained, "Their need is apparent from the fact that they are released from paying fees for lectures, which are very modest."

Lecture fees at the medical school are only \$4.60 a semester, CARE'S Austrian mission pointed out in forwarding the report to the non-profit agency's New York headquarters. Yet one out of every nine of some 3,000 students enrolled in the medical school cannot pay the fee, according to the report.

CARE representatives became interested in the plight of the medical students while arranging deliveries of new American medical books to the University of Vienna through cash contributions sent to the CARE Book Program, a venture which has been endorsed by the American Medical Association.

Names and addresses of the needy medical students listed by Dr. Lauda can be obtained by writing to the Educational Department, CARE, 20 Broad Street, New York 5, N. Y.

Dr. Pronko Invited To Become Member Of Hypnosis Society

Dr. N. H. Pronko, head of the University psychology department, recently received an invitation to be a member of the Society For Clinical and Experimental Hypnosis.

The Society was first started in 1949 for the purpose of bringing together the professional workers utilizing hypnosis in experimental and clinical areas.

It is a service to psychologists and psychiatrists by acting as a source for information, with a library of research literature, also taking an active part in stimulating, and organizing and carrying out research in hypnosis.

Together with these services the society also offers developing standards for qualified therapists, sponsoring conferences on problems that might be presented and helps the psychologists in their work in hypnosis.

To obtain membership in the society a person must be a qualified psychologist or psychiatrist, and must be interested and active workers in hypnosis. There are special requirements for applications for membership and depending upon its fulfillment other general requirements may at times be waived.

This is possible when there has

Downing Appointed To Advisory Staff

Jacquetta Downing, professor and head of the department of French, will serve as technical advisor for the United Nations Educational, Social and Cultural Organization Board and the Orleans Wichita Committee.

These organizations are making plans for the celebration of Jeanne d'Arc Day, May 7 and 8, in Wichita.

Shockers Take Fifth In Relays As Walt Byfield Wins Javelin

The Shocker tracksters scored 11 points to grab fifth place in the third annual Oklahoma A and M Relays at Stillwater, Saturday. The Aggies broke six meet records in scoring 86½ points as they easily captured first place honors before 2,000 fans in Lewis Field.

Shocker Walt Byfield hurled the javelin 181 feet, two inches, to give Wichita its only first place. Byfield won first in the same event last year.

Ira Barkman picked up second place in the shot put trailing A and M's Jim Kurz who won with a throw of 47 feet, 9½ inches.

Walt Byfield

Jack Childers annexed the other Shocker points by winning a tie for third place in the pole vault. Oklahoma University's great Bill Carroll won that event with a 18 foot, nine inch vault, a new meet record.

Oklahoma scored 38½, Arkansas made 24, and Oklahoma Baptist racked 20 points to finish ahead of Wichita. Emporia State, with 8½, Central Oklahoma with 1, and Tulsa, Southeastern Oklahoma, Southwestern Oklahoma and Phillips University, which failed to tally a single point, trailed the Shockers in the final standings.

A and M Wins Frosh Division Oklahoma A and M also won in the Freshmen-Junior College division with 77 points. Tulsa was sec-

ond with 17, Phillips had 8½, Wichita made 4½ and Arkansas took four points.

Those meet records broken by the Aggies were in the 3,000 meter, sprint medley, shot put, 440-yard relay, distance medley, and mile relay.

Beverly Berry of Arkansas and Dick Jones of Oklahoma also set a new meet record for high jump as they tied for first with leaps of 6 feet, 5½ inches.

Arkansas's two-mile relay team took first, setting another new record of 7 minutes, 58.8 seconds.

The Shocker thinclads opened their home track season yesterday in a dual meet against Emporia State Teachers.

Riflemen Receive Medal Awards

Medals were awarded Thursday to Jess Taylor, Dick Johnston, Charles Robinson, John Hensley, and Bill McCarty, for their participation in a recent rifle match at Boonville, Mo., by Col. Donald T. Beeler, professor of military

Three Shockers, Rex McMurray, Don Toevs, and John Friedersdorf, received honorable mention on the All-Missouri Valley basketball selections, released last week. The three were honored in a poll of conference coaches, taken by Missouri Valley Commissioner Artie Eilers.

The poll also selected Bradley's Forrest "Forddy" Anderson as Valley basketball coach of the year.

Those named to the first All-Valley team include John Rennie of Drake, Neil Ridley of Tulsa, Paul Unruh and Gene Melchiorre of Bradley, and Lou Lehman of St. Louis.

Norman Swanson of Detroit, Jack Shelton of Oklahoma A and M, Joe Ossola and Bob Schmidt of St. Louis, and Bill Mann of Bradley were chosen on the second conference five.

science and tactics.

Taylor also won medals for second place in the grand aggregate, second place in individual standing, and eighth place in individual kneeling.

Robinson won the only first place awarded to the University team. He received it for the individual kneeling position. The seventh place medal for that position went to Johnston. Hensley won sixth place in the individual standing position.

Shockers Receive Honor Mention

Eddington, Ubben, Nutter Star As 'Golds' Beat 'Whites' 20-0

The first spring football practice scrimmage Saturday in old Shocker Stadium, provided nearly 3,000 spectators with a preview of what many think will be the best football squad in Shocker history.

The intra-squad clash saw the "Golds," coached by Frosh mentors Bob Carlson and Earl Hamilton, whitewash the "Whites," coached by Norvall Neve and Jim Valek, 20 to 0. The game was cut short after approximately three quarters

25 Yards Per Carry . . .

Herb Eddington

when head coach Jim Trimble declared that the 86-degree temperature was just too hot for a regu-

lation game.

Feature of the intra-squad experiment was a 93-yard touchdown run by Herb Eddington, 181-pound Frosh star of last fall. The Shocker comet broke off tackle and dashed all the way for a touchdown.

Earlier, the Warren, Ohio, flash hurdled several would-be tacklers and scampered 25 yards in one of the game's most spectacular plays. During the afternoon, Eddington carried the ball five times for 125 yards to give him the amazing average of 25 yards per carry.

Ubben Stars

Fullback, Wayne Ubben, up from the freshman squad, smashed through the center of the line repeatedly for consistent gains. He also converted two of the "Gold" team's extra points.

Jimmy Nutter, the target for most of Eddie Kriwiel's passes on last year's Shocker team, scored the first touchdown in the game for the "Gold," when he ran around right end for 20 yards.

Kriwiel's passing was hampered by strong winds, but he did connect with Al Craver, frosh end, for long gains. Kriwiel also accounted for the "Golds" third touchdown on a quarterback sneak from the 12-yard line.

Bowersock Leads Whites

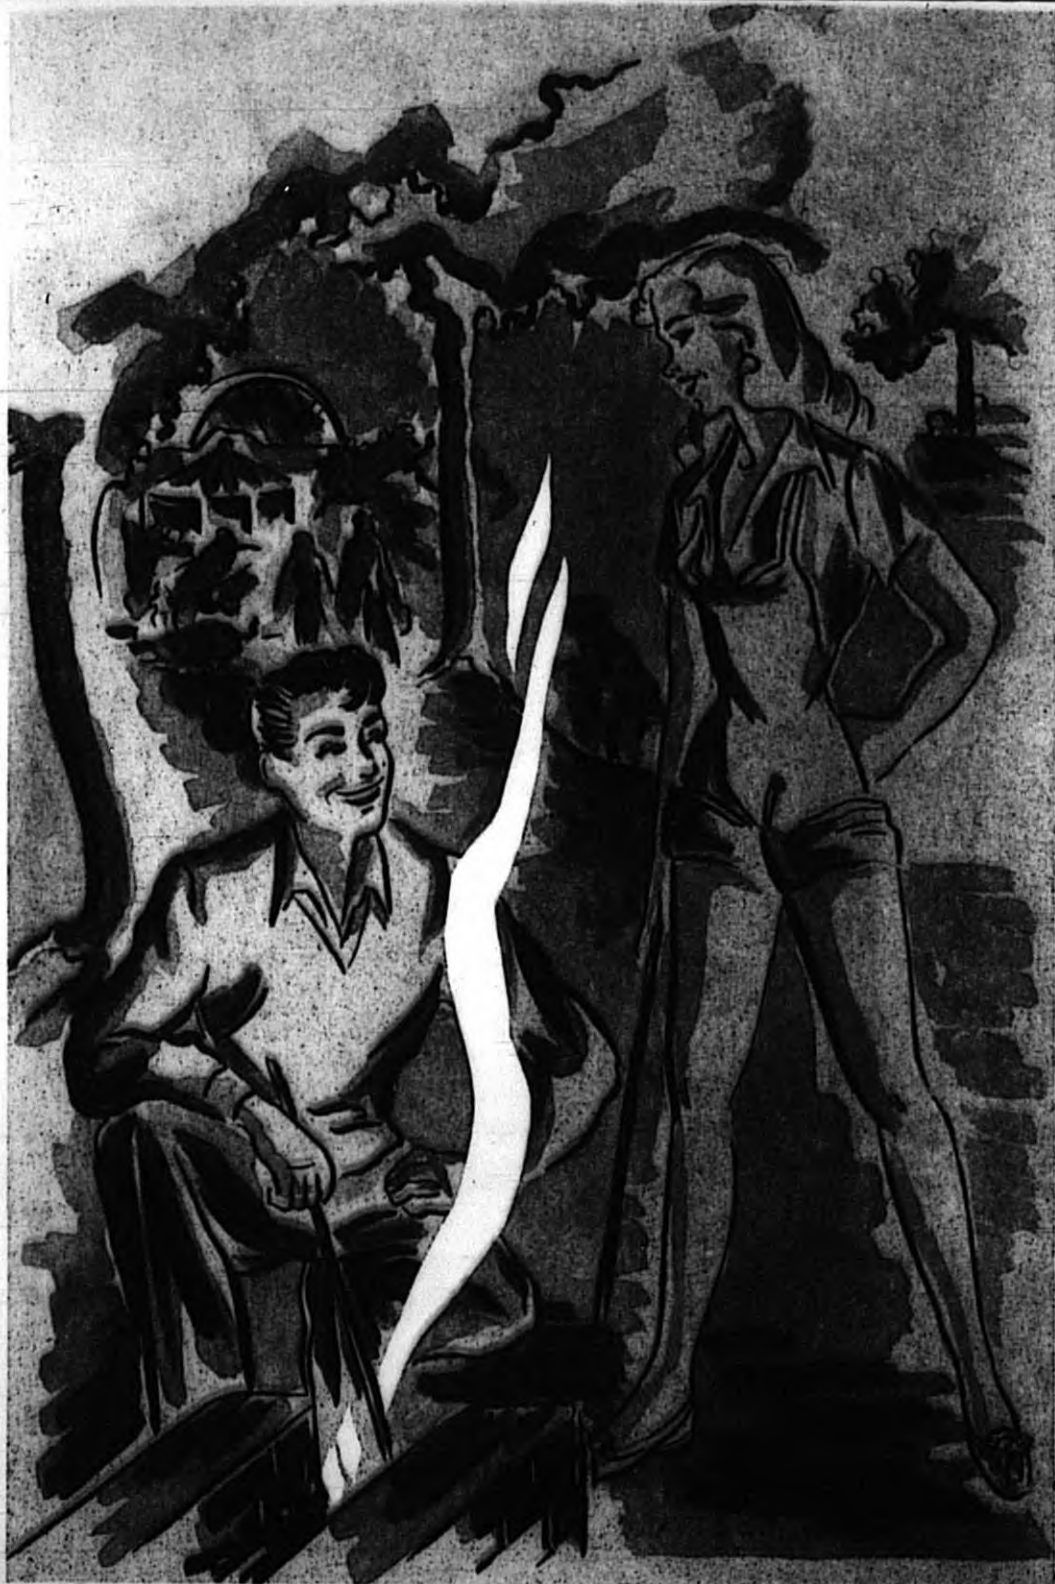

The "White" attack was sparked by halfback Dave Bowersock and fullbacks Myron Basom and Bob Hoffman. Bowersock picked up 45 yards in 11 tries with Basom, a junior, and Hoffman traveled 84 and 31 yards respectively.

Harold Nevius, former Hutchinson star who came to the University last fall by way of Kansas State, suffered a head injury in the early minutes of the clash. He was sidelined for the remainder of the afternoon. The extent of his injury is still not known.

Next 'T' Party Saturday

The second full-dress rehearsal will be staged at old Shocker Stadium next Saturday, according to Coach Trimble. Two hand-picked squads from the large contingent of Shocker '50 candidates will again meet to further analyze the new "T" offensive.

Former Grad Leaves U. S.

Alfred Munroe, graduate of the University of Wichita and now administrative aid in the United States Treasury Department, is leaving Wichita today for Tokyo, Japan, to work with the United States Army.

He has been loaned to the U. S. Army for one or more years to help solve administrative problems in Japan.

Mr. Munroe has been in Wichita since last Saturday visiting and preparing to leave for Japan.

He received his degree from the University in January of 1947, and his masters degree from the University of Syracuse. He has been employed at the treasury department since he received his masters.

'Lost And Found' Gets Many Items

"We get everything in the lost and found boxes from hats and coats to car keys and fountain pens," said Kenneth Adams, member of Alpha Phi Omega fraternity which sponsors the lost and found department.

Mrs. Ruth Price, Commons hostess, is in charge of the lost and found department. Alpha Phi Omega has the job of operating the lost and found and making collections from the various collection boxes scattered over the campus.

Lost and found boxes are located in the rotunda of the Administration Building, the south end of the Science Hall, the south entrance of the Library, and the north entrance of the Women's Gymnasium. The boxes are painted brown and have an Alpha Phi Omega decal on the front.

The collection boxes are emptied

Music Association Elects Bandmaster

James Kerr, associate professor of band and woodwinds, has been notified of his election to the American Bandmaster's Association, by G. C. Bainun, national secretary of the association.

A bandmaster must exceed average achievement and more than local prestige to be voted into the national organization.

Mr. Kerr, who has been at the University of Wichita since 1946, has gained national recognition for his work with the University band.

He is a graduate of Pittsburgh State College, and attend the University of Michigan and Northwestern University.

Honor Men

(Continued from page 1)

Pershing Rifles. Gott, currently studying medicine at Yale University, is former Student Council president, varsity football star, and a member of Men of Webster fraternity.

Langenwaller, Phi Upsilon Sigma, is Student Forum president and has been business manager in the dramatics department. Kemper, an unaffiliated student, is a member of Alpha Phi Omega and is noted for his cartooning work for The Sunflower and other campus organizations.

The new honor men were presented gold keys signifying their election to the group.

at least three times a week and the articles are taken to the Commons Building where they are safeguarded. The lost and found room in the Commons is open from 11 a.m. until 1 p.m. each day.

Madmen!!

Kemper Joins Group

A group of students, under the direction of Harold Kemper, senior, will present a skit in the Hippodrome on May Day. The group is called "The Merry Madmen of Mirth."

According to Kemper, the personnel will consist of unaffiliated students.

"The skit will be a talent grouping, instead of the standardized Hippodrome skit," said Kemper. The student director added that all of his talent has not yet been gathered.

Engineers

(Continued from page 1)

ing the exhibition when a scale model of the P W-1, designed originally as a Goodyear trophy racing model, is tested. This model was designed by Bill Wilson and Charles Petrie, both graduate students of the School of Engineering working toward their masters of aeronautical science degrees.

The P W-1 model has two electric motors that develop 30 horse power at 17,000 r.p.m. It has a wing span of 7 feet 6 inches.

The model is now being prepared for tests with internal model power and will be operated under these conditions during the engineering show.

Prizes of \$5.00 credit slips, negotiable at the University book store, will be awarded to the best exhibit in the following fields: aeronautical engineering, industrial engineering, engineering drawing, shop practice, and engineering sciences.

Only regularly enrolled students in an engineering curriculum will be judged by a non-technical group of representatives from the University faculty. Judging will be performed on a basis of originality, effort, and applicability to the particular phase of engineering.

New Class Schedule For Easter Convo

The class schedule for the Easter convocation, Tuesday, April 4, at 9:30 a.m., will be as follows:

1st Period	8:00-8:35
2nd Period	8:45-9:20
Convocation	9:30-10:20
3rd Period	10:30-11:05
4th Period	11:15-11:50

The regular schedule will be resumed following 11:50.

ISA Conference Called For Today

The Independent Students Association will hold a conference today in the ISA Brig. The purpose of the conference, according to Carl Hiteshow, ISA president, is to create a better independent organization on the campus, an organization which will more capably serve the needs of the independent students.

The conference will open with a general assembly at 9:30 a.m. At 10 a.m. a discussion group will consider the topics finance, alumni, mother's clubs, and membership.

A second discussion group, to convene at 12:30 p.m., will deliberate on the general subjects social affairs, public relations, and student housing.

A second general assembly will close the conference. Those wishing to attend are requested to sign their names at the ISA Brig or the Used Book Exchange in the Building and Grounds Building.

Commission Needs Fiber Technicians

Examinations to fill scientific aid positions in the fields of fiber technology and textile technology have been announced by the United States Civil Service Commission. The positions will pay from \$2,450 to \$3,100 a year.

Applicants for these positions must pass a written test and, in addition, must have from one to four years of appropriate experience. The amount of experience required will depend on the grade level for which the applicant wishes to be considered.

Full information and application forms may be obtained from post offices, civil service regional offices, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications must be in the Washington office not later than April 18.

Texas Is Host To Tracksters

Three of the University of Wichita's track stars, Walt Byfield, Ira Barkman, and Walt Sanders, will probably take part in the University of Texas Relays this coming Saturday. The Texas Relays are one of the major track events of the season, rating on a par with the famed Drake and Bradley Relay meets, which will be held later in the season.

The University of Texas will be host to several outstanding track schools from all over the country. Track teams from schools in California and other West and Midwest states will participate in the meet. From Texas itself will be such powerhouses as Rice Institute, the University of Houston, Southern Methodist University, and Baylor University.

Varsity Rifle Team Goes To Stillwater

The University Varsity Rifle Team will leave for Stillwater, Okla., tomorrow night for a regional rifle match with Oklahoma A and M, Saturday, according to Sgt. Charles S. Ryburn, Jr., assistant instructor in military science and tactics.

Members of the team are Jess Taylor, Charles Robinson, Dick Johnston, John Hensley, Bill McCarty, Ivan Pfalser, and John R. Walker, Jr.

Other regional matches will be held at the same time throughout the United States. The team receiving the highest score in these regional meets will be declared the national champions.

Houlik To Lewis, A Safe Combination For An Out...

SLIDING JOHNNY BAKER is out by a whisker as shortstop Ed Houlik tosses to second baseman Bob Lewis. These Shocker baseball prospects are getting ready for the University's initial diamond encounter with Emporia State at Schwartz Field, Saturday afternoon.

Bradley Loses In NCAA Finals To City College Of New York

The Bradley Braves found the City College of New York's offensive attack too strong Tuesday night in Madison Square Garden as CCNY went on to make basketball history by defeating the Missouri Valley champs, 71 to 68.

City College is the first team in the history of the cage sport to win both the NCAA and the National Invitational Tournament in the same year.

City held a 69 to 64 lead with less than one minute to play. Then, Gene Melchiorre, Bradley All-American, gave CCNY rooters a

scare. He broke the Beavers' defense twice within 20 seconds to sink two field goals. That made the count 69 to 68. City's Norm Mager then drove under the basket and dropped in the final points seconds before the final buzzer.

The diminutive Melchiorre took high scoring honors for the game with 16 pointers.

The Braves won the Western Regionals of the NCAA and the right to play City College in the finals when they edged Baylor University.

In the preliminary game Tuesday night, North Carolina State defeated Baylor, 53 to 41, for third place honors.

Baseball Season To Open Sat. As Diamond Brigade Practices

By Al Alvarez

"Take me out to the ball game . . ."

The University baseball team will open its third season Saturday at 2:30 p.m., when it meets the Emporia State College nine in a non-league game to be played at Schwartz Field. The game is the first of a 17-game Shocker schedule.

"Take me out with the crowd . . ." bring in the win. Utter, with two wins and four defeats, and Saunders, with one win and no defeats, were last season's leading Shocker hurlers.

"Buy me some peanuts and crackerjack . . ."

Pleased by the greatest turnout of players in the University's baseball history, Coach Gunning was very enthused over the coming season. Although veterans Jimmy Nutter and Eddie Kriewel will be absent from the lineup, Coach Gunning has high hopes that the Shockers' diamond brigade will give a good account of itself. "I don't care if I never get back . . ."

Wilco Viator Sweeps Ping Pong Tourney; Wins Over All Rivals

Wilco Viator, unaffiliated student from Holland, swept through five organization rivals last week, to become the intramural ping pong singles champion of 1950.

Viator topped in order: Gene Klein, Webster; Howard Current, Alpha Gam; Don Binferd, Webster; Jim Johnston, ISA; and Harlan Seeber, Alpha Gam, in his battle to the top.

Doubles competition saw the team of Gene Klein and Gene Turner, Men of Webster, cop high honors, while upsetting in order: Harlan Seeber and Howard Current, Alpha Gam; Deb Saunders and Merrill Thompson, Phi Sig; Dan Smith and Al Littleton, Webster; and the Jim Osment-Bob Lewis duo of Webster.

Alpha Gam led the field in participation points awarded in singles play with 35, followed by Phi Sig (31), Webster (29), ISA (21), Alpha Pi Alpha (26), Faculty (25), and Debate Club (25).

High for points given in doubles competition went to the Men of Webster who garnered 35. Phi Sig, and Alpha Gam, with 31 and 29 points respectively, captured third place and fourth places.

At this stage of the intramural program, the Men of Webster are leading in total points awarded for all-sports competition with 673. In second and third places are: Phi Sig with 616, and Alpha Gam with 549.

In review of the tournament, singles-champion Viator, who is working on graduate courses at the University, said that Howard Current, Alpha Gam, had given him the toughest game. Current carried the champion to match point, before losing. The tilt was the second of five consecutive victories hung up by Viator in his match to the championship.

Bob Kirkpatrick, intramural director, commented that before game time, Viator told him that he had not engaged in any competition for two years.

"I'd hate to play him if he had," remarked Kirkpatrick.

Either rookie Hank Hemingway or Hutchinson transferee John Baker will handle the catching assignment for the opener. Both are considered great prospects by Coach Gunning.

The Shockers will next battle Oklahoma Baptist University, April 8 and 9, and follow with games against Tulsa University, Phillips University, and Oklahoma A and M.

King And DeLong Shatter Basketball Records With Season And Career Totals

Morris Harvey sharpshooter, George King, has established a new single season's scoring record in becoming the 1950 scoring champion of intercollegiate basketball.

An Associated Press compilation shows that King scored 967 points in 31 games for the scoring title. Runner-up is Nate DeLong of River Falls, Wis. Teachers, who scored 861 points in 31 games. The previous record for a single season was 777 points in 1942 by Brooms Abramovic of Salem, W. Va.

DeLong completed his college career with 2,592 points to shatter the record of 2,199 set a year ago by Jim Lacey of Loyola of Baltimore.

DeLong's total does not include 310 points that he scored during a half-year of play during the war.

Spring Intramural Program Starts

Competition for the Henry Levitt intramural trophy will move outdoors after the Easter vacation, with softball, tennis, track and golf highlighting the program.

Bob Kirkpatrick, intramural director, announced that starting dates for all of these sports will be posted in the intramural office, April 3. The trophy is awarded to the organization holding the most total points at the conclusion of the program.

Sport-Shocks

By Jack Campbell

Sunflower Sport-Shocks apparently caused a good deal of reaction in its criticism of the University's spring sports program as it now exists, in last week's inauguration of the column.

The views, however, would never have been printed, had they not expressed the feelings of countless students and athletes on the campus.

Coach Jim Trimble, who feels his action in emphasizing spring football this year is justified, made clear his reasons in an interview, Monday.

Trimble said that the "unwritten rule" about football players being barred from other sports this spring was a necessity. "Since we're in the process of converting our offense from the single wing to the 'T,' it is essential that all players be present at every practice in order to be well schooled in the new techniques," he said.

"When fall practice rolls around, there will be no time for learning fundamentals. They must be mastered now." The head coach added that despite the rigorous training schedule, Jimmy Nutter and Wes Hodges would probably be made available for track early next month.

Coach Trimble said, "This University is unique in the fact that since many students work and others seek outside entertainment downtown, the student following of any Shocker sport is way below par. However, as soon as there is more student enthusiasm for track and other minor sports, more emphasis will be given to them."

The athletic director went on to explain, "What few students know is that our sports program is in its early growing stages. As long as I am athletic director, I shall strive to broaden the entire Shocker sports program into a well-balanced, respected organization. But such a program must have a start, and football is the logical choice since it is more widely followed by Mr. Downtown Sportsfan. The downtown sportsfans offer the major support to Shocker teams and they must be pleased."

"I feel that next year's football team is probably the greatest I've ever coached, and we should have a good year despite our toughest schedule in history. Such a year would provide for a financial accentuation of other sports which are not now self supporting."

In regard to another question raised last week, Coach Trimble had this to say "Oklahoma A and M can hardly be compared to Wichita on a sports basis. A and M issues nearly four times as many athletic scholarships as we do, and well it should, since its enrollment is four times that of Wichita's. But even at that, the present Shocker athletic scholarship plan is a tremendous improvement over three years ago when we issued virtually no scholarships."

Coach Trimble continued, "Other schools don't allow scholarship athletes to compete in any other sport except the one for which the scholarship was given. All Shocker football players will be free to participate in other sports after April 15. Even that long a spring practice is less extensive than that of any other school in the Valley."

In summary, Coach Trimble said that last week's article showed him that, at least, students are interested enough in Shocker sports to offer a little constructive criticism. "If that interest can be converted into a strong support of our various teams, we will soon be able to offer a much better sports program all the way around."

University Coaches Participate In Game With Red Head Team

By Al Alvarez

"Women are sometimes the funniest people, even in sports!" Ab Bidwell and Norvall Neve, of the University coaching staff, can vouch for this statement, after refereeing and "playing" in a game between the All-American Red Heads and the Augusta Merchants. The final score, 49-47, of this battle of the sexes, staged at the Forum Sunday afternoon, was close; but the two coaches managed to slip in a bit of "sharp offensive work." Both were used as "substitutes" for the female Red Heads.

With the score tied 42-42 in the tense fray, Referees "Clyde" Bidwell and "Squeaky" Neve were inserted into play. Red Mason, red head comedienne, took over the refereeing, and carefully called for a jump ball between the two bewildered mentors. The crowd was breathless as the ball was thrown up and Bidwell and Neve leaped. Bidwell recovered, shot, and missed as the crowd cheered the clutch jump.

Use Zany Antics

The play, however, was only a part of the zany entertainment put on by the Red Heads, nationally-known female basketballers, whose entire schedule consists of male opponents. The Red Heads used the referee act as an anti-climax to their court monkeyshines.

These carrot-tops of basketball brought a bag of tricks into the Forum to display before the on-lookers. Among the comedy quickies and trick plays were: shooting fouls from a kneeling position, bouncing the ball into the basket, head-butting balls into the nets, behind-the-back passing, and shooting for the rim on piggy-back.

Aggies Finish Fifth In Wrestling Tourney

Defending champions, Oklahoma A and M, scored only nine points and finished in fifth place in the NCAA wrestling team championship tournament at Cedar Falls, Iowa, Saturday.

Iowa State Teachers scored 30 points to take 1950 grapplers' crown, with Purdue, Cornell, College of Iowa, and Syracuse all finishing ahead of the traditional champion Aggies.

Driving For A Berth On The Golf Squad . . .

JOE MINJARES (right) tees off at the Wichita Country Club for the first lap of the qualifying rounds Tuesday to determine this year's Varsity golf squad. Those waiting to follow Minjares are (left to right) Dick Adkisson, Erv Coffey, and Bob Larmer, other Shocker hopefuls. The remainder of the prospective linksmen shot their qualifying rounds yesterday.

Golfers Travel To Oklahoma

Shocker golfers will leave early tomorrow for Ponca City, Okla. where they will meet Oklahoma A and M linksmen in a pre-season practice match.

Next week the linksmen will vie for positions on the regular Shocker golf squad. The team will consist of eight men with a four-man traveling squad. Beginning Monday, entrants will fire 18 holes each day for four days. The entrant firing the lowest medal scores in the 72-hole match will take first position on the team. The other team positions will be filled in sequence of the entrant's scores.

Shocker golfers will tee off April 12, against Kansas State for the first regular match. "The match will probably be held at the Wichita Country Club because the course is in exceptionally fine shape for this time of the year," Coach Earl Hamilton stated.

Garden City, Kans., Junior College won third place in the National Junior College Tournament at Hutchinson, defeating Weber College of Ogden, Utah, 55 to 37, last week.

University Coeds Receive Honors

Whitaker Wins Press Honor

Freshman Is U of W Candidate For Queen

Virginia Lee Whitaker, freshman, was judged "The Girl We Would Most Like to Go to Press With" by the Sunflower staff Tuesday. Miss Whitaker will represent the University as queen candidate at the annual Drake Relay contest at Des Moines, Iowa, April 29.

Miss Whitaker is a member of Alpha Tau Sigma and the daughter of Mr. and Mrs. M. E. Whitaker, 134 North Rutan Street. She is 19 years old, enrolled in the College of Education, and a member of Young Republicans. Miss Whitaker was named "Miss KAKE" in the Safety Parade last fall.

When Miss Whitaker was told that she was the winner and asked how it felt to be selected as "The Girl We Would Most Like to Go to Press With" she said, "I'm very surprised, flabbergasted, and very thankful."

Photos were submitted by 12 candidates to be judged on the basis of intelligence, beauty, personality, and poise. Judges for the contest were Bob Ames, editor-in-chief; M. Michael Miller, managing editor; Jack Chegwidan, desk editor; Jack Campbell, sports editor; Joan Kallail, society editor; and Rankin Greisinger, photo editor.

Candidates entering the contest included: Gea Stark, Alpha Tau Sigma; Norma Jean Haley, Pi Kappa Psi; Theresa E. Babb, Delta Omega; Eleanor Pendleton, Delta Omega; Mary Merritt, Pi Kappa Psi; Anabel Baker, Sorosis; Georgeann House, Alpha Tau Sigma; Maryann Reed, Alpha Tau Sigma; Pat Smith, Pi Kappa Psi; Carol Chapman, Alpha Tau Sigma; Maurine Ramsey, Pi Kappa Psi; and Miss Whitaker. The contest, as announced last week, was open to any campus woman.

If Miss Whitaker wins the contest at Drake, she will be sent to Des Moines as the guest of the 1950 Quax, Drake Yearbook. While in Des Moines she will be guest of honor at a host of dinners, luncheons, radio appearances, and other activities.

She'll Represent Wichita At Drake Relays . . .

VIRGINIA WHITAKER, "THE GIRL WE'D MOST LIKE TO GO TO PRESS WITH," was selected by Sunflower editors Tuesday to represent the University as a queen candidate for the Drake Relays, in Des Moines, April 29. Officials at the Relays, one of the biggest track meets of the season for the Shockers, will select the Queen from submitted photographs of all contestants. Should Miss Whitaker be chosen Queen, she will receive an expense-paid trip to Des Moines to reign over the day's festivities.

Taggart Will Attend Convention In Dallas

Prof. Gladys M. Taggart, head of the women's physical education department, is planning to attend "Roundup on the Range," the annual convention of the American Association of Health, Physical Education, and Recreation.

The convention will be staged this year at the Hotels Baker and Adolphus in Dallas, Texas, April 18-23.

Lawrence Selected Candidate For Kansas University Relays

Former Parnassus Queen Will Participate In School's Twenty-Fifth Anniversary Meet

Joyce Lawrence, 1950 Parnassus Queen, was selected by the Student Council to represent the University as queen candidate at the twenty-fifth annual Kansas University Relays to be held at Lawrence.

Because it is the silver anniversary of the Relays, only women from Kansas schools may be submitted as candidates.

The candidates will be judged from photographs by a group of prominent personalities on the basis of beauty, personality, scholarship, and activity.

The winner and her two attendants will be sent to Lawrence, with all expenses paid, as guests of the Kansas Relays Union Activity Committee. Announcement of the names of the queen and her attendants will be made April 6 and they will preside at the Relays April 21 and 22.

Last year, Homecoming Queen Dot Nieves was the University candidate. She won third place in the contest and was sent to the University of Kansas as an attendant.
