'Happy Time' Cast Named

Joint Production Set
For Late October Run

Casting for "The Happy Time," a comedy by Samuel Taylor, is complete, Mary Jane Woodard, assistant professor in speech and dramatics, revealed this week.

"The Happy Time," a story of a 12-year-old boy growing up in a carefree French family, is the first production to be offered this semester by the University Theatre and the Wichita Community Theatre. It will be presented in the University Auditorium Oct. 30, 31, and Nov. 1.

12-Year-Old In Play

Bibi Bonnard, 12-year-old son of Mama and Papa Bonnard, will be portrayed by Alan Phares, Jr., a student at Robinson Intermediate. Mama Bonnard, a conservative Scotch woman, is played by Josephine Bangs Moran, who has played in USO productions and summer stock companies. Bill Fillingham, announcer at KANS and Wichita Community Theatre member, plays the part of Papa Bonnard, a carefree vaudeville violinist and head of the Bonnard household.

Experienced Performers

Desmond, the 'Casanova of Canada,' is played by John Foster, former University student who played the lover in the 1951 University production of "The Heiress." Uncle Louis, who drinks wine from a water cooler, is played by Rufus Cone. Cone played Callahan in the 1952 University production, "Detective Story." Darl Kennell, night student at the University and Wichita Community Theatre member, plays Grandpa. Grandpa believes that to live is to love.

Supporting players, who are all University students, are: Felice, Judy Greenberg; Mignonette, Reta Bowen; Sally, Judy Woods; Alfred, Rev. Andrew Kleamenakis; Mr. Frye, James Nelson; and Gageron, Gerald Hickey.

Six-Concert Series To Open Sunday

The first of six concerts by the Wichita Symphony orchestra and guest artists is scheduled for 3 p.m. Sunday afternoon in the East High School auditorium.

Guest artist for the first concert will be Joseph Battista, a young American pianist who has played over 150 concerts in the United States, Canada, and Mexico in the past two years.

University students who wish to attend the concert will be admitted by presenting their student identification cards at the door.

The Fiery Spirit of Homecoming

A HIGH BLAZE and high spirits will be displayed by University students tomorrow night as they gather around the traditional bonfire which is lighted before major games every year. The above picture was taken of a former Homecoming fire.

To Study Plans Of Arts Center

Regents Approve Step;
Corbin Praises Action

Preliminary steps have been taken for the development of a new fine arts center here.

The University Board of Regents Monday night appropriated \$10,000 for an extensive study of plans for the proposed structure.

"This is a significant step in the development of the University's fine arts program, and will be a definite aid to the community as well as the University," Pres. Harry F. Corbin said Tuesday.

Architects Named

Forsblom and Parks, Wichita architects, were appointed to bring in recommendations on type of architecture, number of buildings, and other information pertinent to construction of the center. The proposed fine arts center will be located west of the University Library.

Editors of The Sunflower regret that the name of Walter H. Duerksen, head of the School of Music, inadvertently was substituted for that of Robert W. Cooke of the art department in last week's story about the Community Arts Council.

Professor Cooke has been a member of that group's board of directors since its organization a year ago.

Swedish Ambassador To U S Will Speak On Forum Program

An ambassador, from one of the most important countries in the sphere of European defense today, will be guest speaker on the University Student Forum program Oct. 21.

Erik C. Boheman, ambassador to the United States from Sweden will address a Student Forum audience at 8 p. m., in the University Auditorium, according to Dick Roembach, forum president.

"Coming from a country which has maintained neutrality for 140 years, Ambassador Boheman is vitally aware of the dangers that beset a nation desiring peace, and he is more informed than most people about the various political tensions and undercurrents in present-day world affairs," Roembach said.

In addition to Ambassador Boheman, Senator Wayne L. Morse from Oregon; Dorothy Thompson, noted journalist; and Charles Laughton, stage and screen star, have been booked for the 1952-1953 forum series.

Mr. Morse, a leading Republican senator, is a member of the National Conference on Family Relations, Delta Sigma Rho, Pi Kappa Alpha, Rotary club and Gamma Eta Gamma. He has held various governmental positions since 1936 and has been a contributor to leading law reviews and periodicals.

Miss Thompson, the author of several historical books, has spent many years abroad as a foreign correspondent. She has an unflagging interest in freedom for all peoples against totalitarian ideologies.

Mr. Laughton has just completed many months of personal appearances in the United States and abroad.

Love That Sun!

California Choice Of WU Graduates; 336 Living There

University graduates apparently are sun (or smog) lovers.

Leading to this conclusion is the report recently made by the Alumni Association that more University graduates now live in California than in any other state but Kansas.

Former Shockers in California number 336, tabulations made by Robert E. Gaskins, director of the Association's current out-of-town membership campaign, show.

At the other end of the scale come New-Hampshire, New Jersey, and Vermont with one each.

The Vermonter enjoys another distinction—he is the oldest out-of-state graduate. Harry L. Hershey of Wilmington earned his degree in 1905.

Gaskins' report indicates many graduates have migrated to cities. Kansas City, Mo., is home for 68, while Chicago has attracted 43 and Oklahoma City 56.

However, Wichita has 2,768 graduates among its residents—of a total of 3,805 in Kansas.

Queen Welsh Reigns During 2-Day Event

Rally, Convo, Bonfire
Are Friday's Highlights
Football Tilt Saturday

Under the reign of Diane Welsh, 1952 Queen, Homecoming activities will commence with a pep rally and convocation Friday morning.

New yells and a skit presented by the Wheaties will top off the convocation which will start at 9:40. Theme for the skit will be a comparison between Aggie and Wichita students. New yells also will be presented to the students by the cheerleaders.

Another pep-rally and the annual bonfire are set to begin at 8:30 Friday evening at the west side of Veterans' Field. At the rally the winner of the "bearded man" contest will be named by the athletic coaches, who will act as judges.

Every organization entering the contest must deliver one pick-up truck load of crates or light timber to the site of the bonfire, under rules set up by the Student Council.

Saturday morning Homecoming decorations, entered by the campus social organizations, will be judged starting at 9:30 a. m.

Having received permission from the Student Council, the Independent Students Association will set up its decorations in front of the Commons Building.

During the afternoon the alumni will be given a "chuck-wagon feed" and following the game the "alumni coffee" will be given in the Women's Gym.

Diane Welsh

In half-time ceremonies at the Homecoming game, Miss Welsh will be presented by the Alumni Association as the 1952 Homecoming Queen. One woman from each sorority and the two queen candidates will attend the Queen.

Following the game the annual varsity dance will be held in the Men's Gym. The dance will start at 10:30. The sororities and fraternities having the best decorations will be presented their awards in ceremonies at the dance. Alumni will be admitted to the dance with only an amusement tax charge. Students tickets will cost \$1.50 a couple.

Schedule for Friday classes:
First Hour—8:00-8:40.
Second Hour—8:50-9:30.
Convocation—9:40-10:10.
Third Hour—10:20-11:00.
Fourth Hour—11:10-11:50.

Average Couple Contest Closes

The Mr. and Miss Shocker contest, one of the few campus contests in which unaffiliate participation is not only allowed but encouraged, will come to an end tomorrow at noon, according to Parnassus editor Ann Earp.

"Thus far only three unaffiliate entries have been received," Miss Earp stated, "and we are anxious to have more entered in this contest."

The requirements of the contest which will pick an "average" Shocker couple to illustrate the pages of the yearbook are that the candidate be a graduating senior, that a letter be written by the person nominating him telling of his activities and interests and including a description of the candidate, and that the candidate, if chosen as a semi-finalist, be presented for a personal interview with the judges.

'Skylark' Tryouts To Begin Today

Tryouts for the first University play, "Skylark," will be held today and tomorrow in the Commons lounge at 3 p.m., George D. Wilner, professor of speech and dramatics, said Tuesday.

The play will be sponsored by the drama department and presented Dec. 11, 12, and 13 in the University auditorium.

"Skylark" is a sophisticated comedy by Samson Raphaelson and includes a cast of six men and three women. In the original production the late Gertrude Lawrence played the lead.

Is There Any Old Business?

STUDENT COUNCIL every Monday evening at 6 meets in the redecorated Board of Regents room in the Ad Building. Shown (left to right) during meeting Monday night are Pat Basom, Frances Spaulding, Russell Watson, Max McGuire, Ted Poulson, Doran O'Neale, Larry Jones, Joan Harris, Paul Curry, Anita Dinsmore, Sara Goeller, and Gynith Giffin. Council member Ron Summers was not present. Miss Spaulding, Miss Dinsmore, McGuire, Poulson, and Summers were elected to the council two weeks ago.

That Way

By Virginia Stafford
"Welcome back alums" will be the cry heard on the WU campus Saturday as old grads return to their Alma Mater to watch the Aggies from Oklahoma A. and M. tangle with the Shockers. But the game is not the only activity to entertain the honored guests.

A social hour will be held before the game at Henrion Gym the winners will be published in will be held that night.

Two blind dates instead of one are in the offering for Delta Omega members. Someone must have gotten his wires crossed for not only one but two fraternities are showing up from Oklahoma A. and M. to date the DO sorority sisters over the weekend. Threes usually make triangles but Friday and Saturday nights they will be couples.

Applications Due
Tomorrow is the day! At noon all applications for the Mr. and Miss Shocker contest must be in the Parnassus office. Then on Friday the 12 finalists will appear before the judges for the choosing of the typical senior couple on the campus. Next week the names of the winners will be published in The Sunflower.

Coeds can satisfy their desires to wear their regular Saturday garb on a school day. Friday, the women students may wear blue jeans—in fact to be in style for homecoming, blue jeans are required.

Welsh To Be Queen At Home Coming

Beginning at 8 Saturday evening, Diane Welsh, 1952 Homecoming Queen, will reign supreme for a few, but exciting hours.

Miss Welsh was voted as Homecoming Queen in an all-school election Oct. 3.

Miss Welsh's parents are Mr. and Mrs. Robert R. Welsh, 3805 East Kellogg. Miss Welsh graduated from Wichita High School East in 1949. She is now a senior in the College of Education. She is a member of the Alpha Tau Sigma sorority and is treasurer of that organization. Miss Welsh is also a member of the Young Republicans, and Young Women's Christian Association. She is a member of the Education honorary fraternity, Kappa Delta Pi and an honor roll student.

Dr. Hugo Wall, head of the department of political science addressed an afternoon session of the annual three-day convention of International City Managers at Kansas City, Mo.

Homecoming Festivities Will Take Over Campus

For the 1952 Homecoming, social organizations on the campus are planning social hours, coffees, and desserts for their alums.

Pie and coffee will be served to alumni of Alpha Gamma Gamma after the game at the fraternity house. Mrs. Joe Cline, president of the mothers' club, will be in charge.

Saturday will find University Alumni observing their 54th annual homecoming.

During halftime, Diane Welsh, 1952 homecoming queen will be presented by Alumni Association President Robert Baird.

After the game a homecoming coffee and social hour will be held in Henrion Gym and the annual Homecoming varsity dance will follow.

At the dance, Homecoming decoration awards will be announced and the queen and her attendants will again appear.

Big Delegation Seen
Mr. Baird, expects one of the largest delegations of out-of-town alumni ever to attend a homecoming session here this week end.

Saturday's program will include exhibits showing progress of the current alumni fund drive. The drive will end Oct. 15.

Co-chairmen of the general committee planning the annual homecoming are Mrs. Helen Majors Ferrell and Dr. Donald O. Howard.

Other alumni members of the committee include:

Mr. and Mrs. Minton Ross, Mr. and Mrs. Otto Culbert, Mr. and Mrs. Frank Malone, Mr. and Mrs. Gerald Shank, Mr. and Mrs. C. Winston Sage, Mr. and Mrs. Forrest Weirick, and Mr. and Mrs. Patrick Rowley.

Lupton To Head Home Ec Meet

Elaine Lupton, senior home economics major, will preside at the Province IX Workshop which will be held on the University of Kansas campus in Lawrence from Oct. 23 to 25. Province IX includes all college clubs affiliated with the American Home Economics Association in the states of Kansas, Nebraska, Oklahoma, and Missouri.

"Approximately 150 women will attend the workshop to exchange ideas and gather new ones," Miss Lupton said. The theme of the meeting is "Home Economics—A Profession with a Challenge," she added.

Each club is entitled to bring two delegates and one faculty member to the workshop. The WU home economics Club will be represented by Mary Ann Bingham, president of the local club, Charlotte Noe, Education junior, Iona Hamilton, Liberal Arts sophomore, Miss Lupton, and Miss Katharine Van Keuren, associate professor and acting head of the department of home economics.

Miss Lupton was elected president at the workshop Providence X held at the University of Missouri in Columbia last fall.

Remember Mrs. O'Leary?

Imagine yourself, if you will, at house No. 137, De Koven street, Chicago, on Oct. 8, 1871. It's early evening—and a chilly, blustery evening when a biting lake breeze is whipping the few passersby.

One hundred and thirty-seven De Koven is a modest frame house, begrimed with coal smoke, its yard littered with the ever-present trash of the city.

But the house is not the most important structure at 137. Focal point is the old battered, unpainted barn on the back of the lot. If the deepening shadows allow, one may see the occupant of 137, Mrs. Nora O'Leary, entering the barn, carrying her milk pail and lantern. She is walking slowly, which is not unusual for a woman whose life has been filled with hard work daily from dawn-to-dusk.

When she emerges, however, she is not walking slowly. She is running, and with good reason. Little tendrils of flame are licking at the barn's eaves.

The rest is history. When the great Chicago fire of 1871 finally was tamed the tally-sheet showed 18,000 buildings destroyed with damage estimated at nearly two hundred million dollars.

The point need not be belabored. This is Fire Prevention Week. Modern fire-fighting equipment is most efficient. And almost everyone has fire insurance. But remember—firemen can only PUT OUT fires . . . insurance can only replace PART of the losses. Nothing can pay for injury or death. Be careful—prevent fires.

Homecoming, 1952

The first few weeks of school have whizzed past and again it is time for one of the most-looked-forward-to events of the year—Homecoming.

Homecoming, as a student-alumni affair, first started in 1922, and although the methods of celebrating this event have changed with the years, the idea of Homecoming has not.

It is the time of the year for graduates to come back to the campus for a day, look over the campus, observe changes, and get together with old friends.

This weekend, all will have a chance to meet for teas, look at the decorated houses, and stand around a huge bonfire. The big event of Saturday is the University-Oklahoma A. and M. football game, which promises to be a real fight. Later, at the dance, the Homecoming Queen will be crowned.

Every year since the beginning of Homecoming, all concerned have shown an enthusiasm which goes on and on. This year, festivities to make Homecoming long remembered, have been planned.

To those who have come back, a few miles or a thousand, we say—welcome, and enjoy yourselves.

Employ The Handicapped

The spotlight this week is turned upon persons with handicaps. "National Employ the Physically Handicapped Week," authorized by Congress and proclaimed by President Truman, Gov. Edward F. Arn, and Mayor Russell Jump, begins Oct. 5 and will continue through Oct. 11.

Elmer C. Eflin, manager of the Wichita office of the Kansas State Employment Service, urges local employers to survey their employment needs to determine the physical requirements of each job and to hire physically handicapped persons in all jobs where their abilities match the job requirements.

It is indeed a sad commentary on the employment situation in the United States today that a week has to be set aside to urge employers to hire handicapped persons. Many of the handicapped persons in the United States today are disabled veterans who gave a part of themselves that makes them fit into this classification of individuals, to help keep the American people the best fed and clothed in the world.

We need employment that our qualifications fit. So do handicapped persons. And sometimes these men and women excel at jobs that normal persons merely "get by" in simply because persons with dubious physical requirements are judged more rigidly than those who have all their physical facilities.

We hope that in the future the situation will be different. We hope that the physically handicapped persons will be hired for jobs to be filled, in normal ways so that they can live normal lives, and that a special week will not have to be set aside to urge employers to hire them.

Homecoming Mellows With Age But Retains Much Early Color

Homecoming on the campus has mellowed since its origin in 1922, but it still holds much of the color and excitement that it possessed in its early days.

The first Homecoming program was copied from ideas of larger universities, by a group of Fairmount College students. It was begun principally to encourage closer feeling between alumni and the school.

It was in 1926 that the Shockers football team first appeared at the Homecoming Game at the University of Wichita. Here also started a long-lasting feud between Wichita and Southwestern College at Winfield. The Shockers won the first meeting with a 17 to 0 score.

For the Homecoming pep program that year, there was an all-school parade through the downtown district. The parade, the largest to that date, stretched for several blocks with bands, alumni, and students participating.

A police escort led the 1929 Homecoming parade of 25 floats through town. A good start for a sad ending, for the alumni gloomily watched the Shockers go down before the Emporia State grid team in a pouring rain.

Along with the bearded man contest, there were contests for students with big and small feet. In former years the Homecoming Queen was dubbed Circus Sally to fit into the circus theme of the Homecoming program.

Through the years the program evolved into the pageantry that will appear this year. One fast and needed article that has stayed with Homecoming through its evolution is student participation.

Survey Reveals TV May Change Local Living Ways When It Arrives

Kansans can expect some sweeping changes in their living habits when television makes its belated appearance in the state soon, according to Dr. F. L. Whan, head when television makes its belated of the University speech department, and nationally known public opinion sampler.

Dr. Whan has completed an extensive survey on radio and television audience habits in television-saturated Boston, Mass., for broadcasting firms there. Results of his research, just off the presses in booklet form, indicate that Boston families with television sets spend an average of from 11 to almost 17 hours per day in television viewing.

His poll also indicates that sets are used in every room of the house from kitchen to bathroom at one time or another.

Wichita is one of few cities of its size in the nation without local television outlets, while Boston viewers have choice of five stations—WBZ, WNAC, WJAR, WNHC, and WRGB.

Dr. Whan's Boston area survey includes both radio and television reports. His radio study is similar to those done in Nebraska, Oklahoma, Missouri, Illinois, Wisconsin, Minnesota, Indiana, Ohio, Michigan, Pennsylvania, Iowa, Kansas, and New York. Dr. Whan has conducted polls on everything from size of hot water tanks used in homes to demand existing for press wheels on farm seed drills.

He was assisted in the Boston area radio and television study by Prof. Leo Martin of Boston University.

The Boston area research indicates that television-equipped families in that region devote averages of 11.06 hours to television viewing on weekdays, 13.85 hours on Saturdays and 16.40 hours on Sundays.

Letters Question Accuracy, Propose Club

Dear Editor:

Did you ever have that feeling of being "left out of things?" Probably everyone, at some time in his life, has faced a situation where he felt like the shabby boy with his nose pressed against the window of the big house where a party was in progress.

Now, don't get me wrong. I'm not a psychological case, nor am I going to preach a sermon.

But to be perfectly frank, I must say that I feel just like that little boy and I know there must be others.

Why do I feel this way? Well, I am one of the increasing numbers of "oldsters" on the campus this year.

Of course, it's natural and right that I can't fit into many of the activities on the campus. College life has been geared to the interests of the young and I have no quarrel with that.

There may be others who feel as I do. While we have started our formal education late in life, we would like to get a little more out of our college life than mere attendance at class and that well-earned diploma.

Why not an organization for us "oldsters"? An organization which

City Goes All Out To Observe Fire Prevention Week 1952

Fire prevention week in Wichita this week assumed a carnival aspect—with serious undertones. In conjunction with entertainment Wednesday afternoon in Lawrence stadium for all local school children came discussions on prevention of fire.

During the week, "Miss Fireball" (red-headed, naturally) appeared before service club gatherings to call attention to the anti-fire program. The Junior Chamber of Commerce has rigged up a fire alarm box at the corner of Market and Douglas which incorporates a loud-speaker. Members of the Junior Chamber give fire prevention hints during the day and evening.

Causes Outlined
Fire Chief Elgin Wood outlined six hazards which he said cause an "overwhelming majority" of residential fires.

- The six causes, he said, are:
1. Careless disposal of cigarettes and handling of matches (or leaving matches within reach of children).
 2. Accumulation of combustible rubbish.
 3. Poorly maintained chimneys and heating equipment.
 4. Inflammable roofing material.
 5. Defective or overloaded electrical circuits.
 6. Improper use of gasoline, kerosene, or explosive cleaning fluids.

The Barber Shop

By Bob Barber

During the French Revolution many persons lost their heads. Today many are losing their heads or their minds, depending on how they are affected by it. "It" refers to the shouting, stomping, evangelistic "It's in the Book."

Here is one way Johnny Standley might do "Old Mother Hubbard": "Old Mother Hubbard." Age is only relative. If you feel old, you are old. Obviously this Hubbard creature felt old. If she had felt young they would have called her Young Mother Hubbard.

"Went to the cupboard." She went to the cupboard. You notice that no mention has been made of her method of locomotion. No. It doesn't say she walked. It doesn't say she crawled. It certainly doesn't say that she chartered an airplane. Oh, no! Just "went." It's in the book.

Cur's Poor

"To get her poor dog a bone." Note the word "poor." It's the fault of the Administration. Those fellows in Washington are persecuting poor dumb creatures. Here is man's best friend and his situation is bad. It doesn't say he needs money. It doesn't say he needs a job. No, friends, the situation is even worse. This creature is poor. Very poor.

"When she got there." Oh, yes, when she got there. When she got to that cupboard . . . this old woman who could have been young got to that cupboard . . . trying to do a service for a starving brute—

"The cupboard was bare." Can you imagine friends, the horrible impact upon that woman? Bare. Not a crust. Not a fleck of dust, not even a fly. Absolutely and completely, bare. Sad . . . and it's in the book.

Tragedy, He Says

"And so." And so. What tragedy lies in those words, those simple words. And so—

"The poor dog had none." I ask you now, is there anything more pathetic than that? No. No. And again, no. Imagine that bankrupt creature looking into the face of that old-before-her-time woman and the woman looking into his face. It's horrible. But it's in the book.

HOLDING! FIVE YARDS

YWCA Commissions Plan Many Fall, Winter Service Activities

It is amazing sometimes the things that can be cached away in closets and cupboards. Take for instance the articles that were found by two members of the Young Women's Christian Association on the shelves of the back room in the office of the Student Services Bureau.

Among the articles found were 16 books in a set of "The New Encyclopedia," dated 1904; 38 hymnals; a three-gallon bucket filled with China cups; 47 plates an orange juice squeezer; two boxes of YWCA pamphlets; one jar of kem-tone; a box of envelopes, a platter; two bowls; and seven pieces of silverware.

This paraphernalia is the property of the campus YWCA. The organization was asked to move it to another location because the Student Service Bureau needed the shelves.

Previous to 1944 the space now occupied by the Bureau was used by the YWCA for a lounge for women students. But when the veterans of the last war enrolled at the University, this part of the Administration Building became a counseling office.

Most of the articles will be moved this week to the Faculty Women's Room next door to the Services Bureau. A lounge and a chair, belonging to the YWCA, are also in the Faculty Room. The piano in the Pine Room in the Commons Building is the property of this group.

"We have to have YW-quarters again in the near future for women students at the University," Anita Wuertz, corresponding secretary of the organization, said.

5 Logo Grads Take Positions

Five instructors from the Institute of Logopedics have taken positions with speech corrective field centers throughout the country.

Mr. and Mrs. John Grover are now instructing in speech centers at Bedford and White Plains, New York, while Robert Achilles is teaching at the field center at Cockeysville, Md.

Bob Ralston is now giving instructions at the center in Topeka and Barbara Van Winkle is with the Emporia speech center.

The Missouri Valley conference once included schools now members of the Big Seven. Kansas, Kansas State, Oklahoma, Missouri, Iowa State, and Nebraska withdrew in 1928, with Colorado being added later.

Station Needs Help

Positions for assistants on the University's radio station, KMUW, are still open in all fields—announcers, copy readers and engineers, Don Hofmann, station manager, said.

Applicants need not be speech majors or in speech classes, and those interested in station work are asked to see Don Hofmann or Gary Jenkins any afternoon at KMUW, located on the second floor of the Communications Building.

Five From Staff To Library Meet

Five members of the University Library staff will attend the meeting of the Kansas Library Association next weekend held at Emporia State Teachers College from Oct. 9 to 11.

Attending the conference will be Prof. Downing P. O'Harra, librarian; Miss Florence Hildebrandt, assistant librarian; Miss Josephine Cowles, cataloguer; Mrs. Clara Wuertz, reference librarian; and Mrs. James Reeder, reserve desk assistant.

Professor O'Harra will act as chairman of the roundtable of the college and university librarians, which will feature a talk by Luther H. Evans, librarian of the Library of Congress.

Coed Has Time For Parties; Her Job Is Giving Them

Most women like to go to parties. But those who are working their way through college rarely find time for this form of entertainment.

Charlotte Nelson, a sophomore majoring in English, does not have to worry about this problem. She attends parties, sometimes as many as five a week, for her job is giving parties.

The attractive red-headed sophomore is working for a home demonstration company. She holds parties in private homes and shows the company's products, which are for sale, to the guests. Then, if any guests want to buy products, she takes their orders.

More Than Demonstrations

But the parties consist of more activities than the demonstration of products. Games are played and

refreshments are served by the hostesses.

"It is not the first time that I have had a job planning parties," Miss Nelson admitted. "Before I came to Wichita I worked in the recreation department of the Veterans Hospital in North Little Rock, Ark., and helped give parties for the patients."

Miss Nelson was one of the few workers in the department with only a high school education so she decided to go to college for a year. She chose the University for three reasons; it is located in a large town where she could find employment, it has a high scholastic rating, and the climate here is beneficial for her sinus condition.

During her freshman year Miss Nelson was a receptionist in the office of Dr. N. C. Nash, X-ray specialist. Last summer she was an expeditor for blue prints at The Beech Aircraft Company. She became a party giver this fall because the work does not require her to use her eyes too much. Last year her eyes were strained due to the use of them in her studies and on her job.

Likes University

"I like this University so much that I have decided to continue taking courses here till I get my degree," Miss Nelson said. "I started out to major in sociology but changed to English when I realized I had a knack for writing."

She was on the Honor Roll for the two previous semesters and is carrying 18 hours of school work now. She is affiliated with the Independent Students Association.

Football Coach Bob Carlson was formerly head football and basketball coach at Augsburg College in Minneapolis, Minn.

Additional Sales Help Needed In Bookstore

Additional help is needed in the University bookstore, F. M. Robertson, manager, said this week.

Mr. Robertson would like to have some students to work in the morning hours.

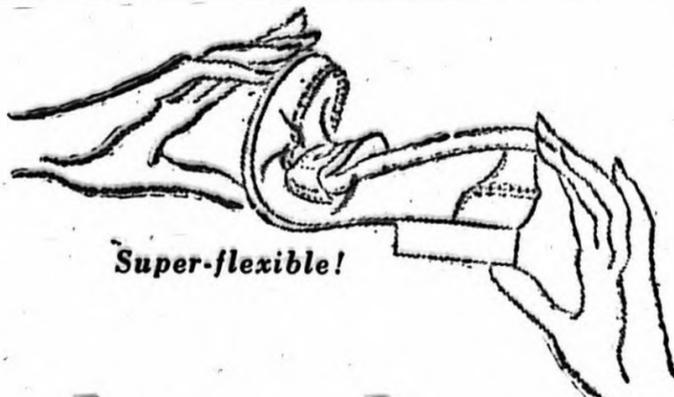

He stated that experience in selling would help but was not necessary for the job. All of those interested in the job may contact Mr. Robertson in the bookstore.

Air Society Picks New Name

The name "Walter H. Beech Squadron" will be conferred on the University's chapter of the Arnold Air Society, national air science fraternity. Members of the group here voted recently on the action according to commander Ted Poulson.

Official naming ceremony is scheduled for the group's annual Christmas dinner dance, Dec. 12, Poulson said.

The University wind tunnel in the School of Engineering and a memorial scholarship fund designed to aid aeronautical engineering students at the University already bear the name of the Kansas pioneer aviator.

The University chapter of the society, which was founded in 1948 with 13 charter members, is one of more than 150 connected with air science detachments in colleges and universities. The local group includes a membership of more than 80.

Officers, in addition to cadet commander Poulson, are: Homer Nester, executive officer; Roger

Wilkinson, operations and training officer; Dick Tedlock, assistant operations officer; Kevin Eck, public information officer; and Charles Guthrie, sergeant at arms.

Capt. Lewis T. Johnson, assistant professor of air science, in faculty sponsor for the group.

Plan New Air Squadron

DISCUSSING THE NEW WALTER H. BEECH SQUADRON at the University are Capt. Lewis T. Johnson, faculty sponsor of the group; Olive Ann Beech, president of Beech Aircraft Corp., and Jack Beaver, representing the new society. The squadron is the Wichita chapter of the national air science fraternity, Arnold Air Society.

'Ugly Man' Day Set For Oct. 17

The drive for the Red Feather Service will be in the form of an Ugly Man contest to be held October 17. President Harry F. Corbin will proclaim that date as "ugly man on the campus day."

The contest will be sponsored by the student council, and Alpha Phi Omega, national service fraternity. Booths will be set up on the campus and one cent will equal one vote. All proceeds will go to the Community Chest. The University's goal is \$350.

Any organization may nominate a candidate, and the winner will receive a silver key as his prize. The organization sponsoring the winner will receive an "ugly man" beer mug to keep for the coming year. The winner's picture will also be published in the 1953 Parnassus.

Nominations are to be made in the office of student services in the Administration Building.

6 State Candidates To Speak At Forum

Sedgwick County and Wichita branches of the League of Women Voters will sponsor a "candidates fair" Oct. 23 in the Arcadia Theater and the Rose Room of the Forum.

Six candidates for governor, and for election to the state and national legislatures are expected to be present. Each will give a five-minute speech in the Arcadia Theater.

After the speaking is completed, candidates will move to the Rose Room where they may be questioned by voters.

Services At Institute Held Every Sunday

The Institute of Logopedics Village not only has its own commissary and an internationally known school but also is very proud of its Sunday school.

Mr. and Mrs. John Bewley are in charge of the Sunday gatherings in the basement lecture room in the Institute's Administration Building. Mr. Bewley was formerly a missionary in Nicaragua, South America, and Mrs. Bewley is one of the Village's nurses.

The Sunday school services are held at 10 a.m. with vesper services at 7 p.m. People from various churches in the city help each Sunday with these non-denominational services. Many young people give special programs while the older people give talks. The average attendance for Sunday school is 50 while vesper services usually draw 30.

Wichita played Army at West Point in 1938, losing 32-0, but in the same season gained their only win over Oklahoma A. and M., 14-6.

In 1949 the Munies downed Aberdeen, S. D., Teachers College 91-0 to set the modern scoring record for a Wichita team.

Mlle. Contest Award Offered For History Paper

History majors will have an opportunity to win a \$50 prize for a paper on some phase of colonial or pioneer history, Dr. John Rydjord, head of the history department, said this week.

The award, to be given by the Wichita Town Committee of the Colonial Dames of America, will go to the author of the best paper. Should none of the submissions merit the prize, it may be held until next year and increased by the local Colonial Dame chapter.

Both graduate and undergraduate students may compete, Dr. Rydjord said. He should be contacted for instructions on the competition.

The 20 best critiques from College Board members win the month in New York.

In addition to the criticism, entrants should list on a separate sheet of paper their name, class year, college and home addresses, major and minor, extracurricular activities and summer job experience, if any.

The whole thing should be typed and mailed to College Board Editor, Mademoiselle, 575 Madison Avenue, New York 22, no later than Nov. 30.

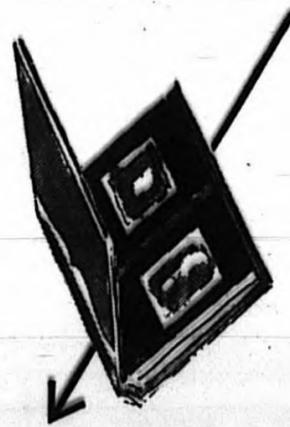

To Study Plans

(Continued from Page 1)
Tentative plans call for approximately 70,000 square feet of floor space. In the center will be housed the School of Music and the art department, which are at present in Fiske and Morrison Halls, respectively.

Herman Is Named New Psych Head

David T. Herman, is now acting head of the department of psychology. He succeeds Dr. N. H. Pronko, who is on a temporary leave of absence from the school while teaching at the University of Istanbul.

New in the department is Dr. Robert Hamilton, appointed to a psychology teaching post by the Board of Regents last week.

University seniors are eligible for a \$2,500 prize in an essay contest on "The Meaning of Academic Freedom," sponsored by the National Council of Jewish Women.

Any class of 1953 member in any college or university in the U.S. or possessions is eligible. All entries must be postmarked before midnight, Dec. 31. The essays are to be 2,500 words or less.

Judges are William O. Douglas, justice of the Supreme Court; Ralph Bunche, director of the trusteeship division of the U.N. and winner of the Nobel peace prize in 1950; Mrs. Douglas Horton, former Wellesley College president; Abram L. Sachar, president of Brandeis University, and Thurman W. Arnold, former associate justice, U.S. Court of Appeals.

Each entry, the council said, must be accompanied by a certificate of authorship, signed by the contestant, enclosed in a sealed envelope and clipped to the manuscript. Certificates are available in the office of Miss Grace Wilkie, dean of women.

Names of winners, the council said, will be announced about April 15, 1953. Second prize will be \$1,000 and third, fourth and fifth, \$500 each.

Entries must be sent by first class mail to:

Essay Contest
National Council of Jewish Women
1 West 47th Street
New York 36, N. Y.

Manuscripts must be typed, double-spaced, on one side of page. The outside envelope should bear return address but name and address must not appear on the manuscript.

The council's announcement of the contest outlined major aspects of the subject:

Average Couple

(Continued from Page 1)

Judges will be three new faculty members including Dr. Jean Fyfe, assistant dean of women; Dr. John L. Firth, languages instructor; and Robert Baird, economics instructor.

It is not necessary to nominate both a man and woman in the contest—only one person need be nominated. Winners will be announced in next week's Sunflower.

Entries should be submitted to Parnassus, room 117, Communications Building.

1. What is the significance of academic freedom?
2. What responsibilities does it ant

involve on the part of the college? The teacher? The student? The community?

3: What are your views of freedom on the campus? What is the nature and extent of such freedom? Do you believe there have been any noteworthy changes in recent years? How, if at all, is freedom affected by the needs of national security?

4. What is the relation of academic freedom to the total problem of preservation of our liberties?

The judges, the council added, do not wish to limit the area of discussion. Contestants, it said, are to feel free to discuss any aspects they believe to be pertinent.

Board Names Ad Assistant

Dave Wilkinson, Liberal Arts sophomore, Friday was named assistant business manager of The Sunflower by the Board of Student Publications.

Meanwhile, appointment of an assistant editor and an assistant business manager for Parnassus was postponed until a sufficient number of applications were received.

Such applications, Miss Joan O'Bryant, Board chairman, indicated, should be submitted to the journalism department office not later than noon, Monday, Oct. 13.

The Board is scheduled to consider applications for these two positions on Tuesday, Oct. 14.

Resignation Opens Job

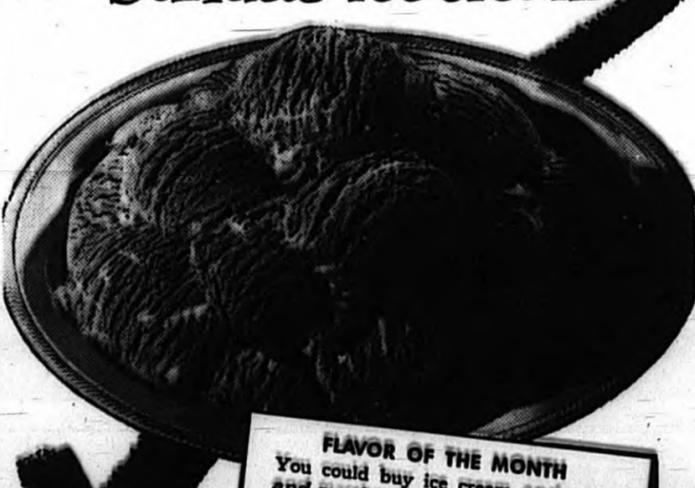

The position of assistant editor of Parnassus became vacant last week with the resignation of Sara Goeller, Liberal Arts sophomore, who does not plan to attend the University next fall.

Wilkinson is a journalism major and has served as a general reporter on The Sunflower staff for the past year. A resident of Wichita, he is a graduate of North High. He will work in cooperation with Tom McGraw, Liberal Arts senior, Sunflower business manager.

All May Apply

Applications for staff positions on both publications, Miss O'Bryant said, are open to any student.

Scene of Homecoming Game Saturday

VETERANS' FIELD, located on the north side of the University of Wichita campus, will be the site of the annual Homecoming football game with Oklahoma A. and M. The stadium will seat around 10,000 spectators.

Will you leave these to your children?

Men have died to leave you these 4 symbols of freedom:

A Holy Bible—symbol of your right to worship as you wish.
(First Amendment, U. S. Constitution)

A door key—your right to lock your door against illegal government force and prying.
(Fourth Amendment, U. S. Constitution)

A pencil—freedom to speak or write what you think whether you agree with the government or not.
(First Amendment, U. S. Constitution)

And a free ballot—your right to choose the people who represent you in government—your protection against government tyranny.
(Article I, U. S. Constitution)

HALF the world is trying to destroy these symbols—and what they stand for.

Even in this country, there are people who attack our freedoms, by trying to give the government more and more control over American life.

"The government should take over the doctors," they say, "and run the railroads, and the electric companies." But that's socialism. And socialism is one thing most Americans don't want!

It is wise for us always to question and weigh the forces that influence our government. It's up to us all whether we'll leave our children freedom—or socialism.

KMUW Linked With 70 Stations Through Educational Network

KMUW, student-operated radio station, is an active member of NAEB, National Association of Educational Broadcasters. This organization links together 70 stations with magnetic tape recordings.

These spools of tape are received regularly, and should you happen to drop into the station on the second floor of the Communications Building, you would probably find someone unpacking newly-arrived recordings or packing them up to send back.

It's Non-Commercial

NAEB is an entirely non-commercial organization, since the organization is made up of schools and boards of education. Many of these stations add their own programs and an exchange is made to pass along programs.

The Ford Foundation for Adult Education donated \$300,000 to be spent over a five-year period, during which time the NAEB network through gradual increase in assessments should be self-sustaining.

Won and lost records, pre-game predictions, and other "dope" on a football game probably have some effect on the outcome of the game, but the predictions don't mean everything.

And as an example, we point out the Oklahoma Aggies, who come in Saturday for the Wichita Homecoming game. The Cowpokes rated as runner-ups to Tulsa before the season started, have yet to win one this season. However, all three of their defeats—by Arkansas, Houston, and Texas A. and M.—have been by seven points or less.

On the other side of the fence, Wichita's Shockers, not regarded by the experts as being too rugged before the season started, have proved tough for all three of their opponents, which have been good teams, in their own right. Which means that Wichita is just as likely to upset the Aggies this week as not.

In fact, we might go out on a limb and make some prediction. But in order not to risk having the limb cut off behind us, we will call this one a toss-up, with either the Shockers or 'Pokes likely to win.

COACH J. B. (EARS) WHITWORTH will have plenty of offensive power available in his Aggie lineup. Don Babers, the A. and M. and Missouri Valley passing ace, heaved the ball for 1,352 yards last year, completing 121 out of 274 attempts. The running attack features such ground-gainers as Bill Brede, Dorsey Gibson, and ex-Cadet Elmer Stout, reported to be a powerhouse at the fullback spot.

ANOTHER GOOD back is coming up for the 'Pokes. Earl Lunsford, a 185-pound freshman halfback, gained 94 yards rushing against the Munie Frosh last week. Should he continue at that pace, he may be another standout for the Stillwater crew.

THE SCHEDULE for the Shockers lists three rugged ones coming up in a row: Oklahoma A. and M. Saturday, Miami of Ohio Oct. 18, and Tulsa on Oct. 25. Scouting reports on Miami indicate the Redskins have another good ball club.

CARSWELL AFB, opponent for Nov. 7, is loaded, period. Their roster reads like a Southwest Conference all-star team, with a few ex-Tulsa and Southwest Conference gridders thrown in. Included are Bud McFadin of Texas, and Dub Graves, Rogers Lahew, and Ray Tallant from Tulsa. In their opening game, the Bombers bombarded Amarillo AFB 77-6.

ELI ROMERO, Shocker fullback and captain, leads in the scoring department with two touchdowns; Bob Burton has one, and guard Wayne Ubben has connected on two or three conversion attempts.

WRA Tennis Meet Moves Into Finals

The Women's Recreational Association intramural tennis tournament entered the semi-final round Saturday with the finals being played off sometime this week.

Saturday Pat Magness, Alpha Tau Sigma, defeated Rose Lamb, I.S.A., 6-2, 6-3, to go into the finals against Barbara Fanning, Sorosis, to beat Ann Graham, Alpha Tau, 6-3, 10-12, 6-2.

In the doubles, Bobbie Burns and Barbara Fanning, Sorosis, downed Natalie Dunlap and Janet Liechart, Epsilon Kappa Rho, 6-2, 6-4, who will meet Rose Lamb and Lois Payton, I.S.A., who beat Norma Berger and Francis Frazier, unaffiliated, 6-1, 6-2, in the finals.

Shockers Hit First Victory

Munies Chalk Up Six Straight Over Braves

Wichita's Shockers maintained their mastery over Bradley last Saturday, downing them 13-0 at Peoria.

The victory was the Shockers' first of the 1952 season, but marked their sixth straight over the Braves. It was also the first time since 1940 that Bradley had been held scoreless in a football game.

The Munies grabbed a 6-0 lead in the second period when halfback Bob Burton scored from the two to climax a drive from the Wichita 32. Wayne Ubben converted to make the score 7-0.

The touchdown came after a series of running and passing plays, capped off by Burton's short drive. Quarterback Connie Hoffmans hit ends John Holm and Elias Thomas with passes, while backs Ken Lawson, Burton, and Eli Romero moved the ball on the ground.

Romero scored the Munies' other touchdown in the third on an 18-yard sprint on the second play after Charley Baldon had returned a Brave punt to the Bradley 18. Ubben's kick was wide.

Braves Lose Two touchdowns called back on penalties, including a long run by halfback Burnett Lewis late in the game. Other than that, the Braves spent most of their time halting the Shockers although they managed to mount several drives of their own.

The game was rough all the way, with both sides drawing numerous penalties ranging from offside offenses to unsportsmanlike conduct. In addition, both the Braves and Shockers had one player ejected. Yardage lost totaled 280, with the Shockers assessed 190 yards on penalties, and Bradley 90.

Fumbles also hurt both teams with Bradley losing the ball three times and the Munies two. The Braves stopped a Shocker drive on the Bradley 35 with the only pass interception of the game.

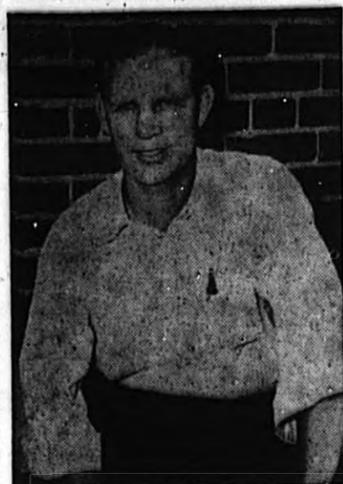

Statistics for the game:

	Wichita	Bradley
First Downs	10	10
Net yards rushing	196	1
Yards gained passing	23	32
Attempted passes	11	10
Completed passes	4	2
Interceptions	0	1
Yards lost penalties	190	90
Fumbles, ball lost	2	3
Punting average	39	38

Every LSU Gridder Will Receive Letter

Members of this year's Louisiana State University football team are guinea pigs for an identification system devised by Coach Gaynell Tinsley which may either edify fans or drive them mad. Instead of the traditional double figure numbers LSU jerseys bear a letter and a figure.

Here's how the system works: ends wear the letter "E," followed by any number from 0 to 9. Right ends wear the even numbers E0, E2, etc., and the left ends wear the odd numbers E1, E3, etc. Tackles (T) and guards (G) will be numbered the same way. Centers, quarterbacks, left halfbacks, right halfbacks and fullbacks will wear C, Q, L, R, and F, respectively, followed by any number. As an LSU Daily Reveille sports writer comments, "Whether the system is a success or failure, it assures this much—every player on the team gets a letter."

BOB CARLSON, University of Wichita football coach, will direct the Shockers in their Homecoming football tilt with the Oklahoma Aggies.

Romero Second In MVC Rushing

Eli Romero, Shocker fullback, moved into the runnerup spot in the latest Missouri Valley rushing statistics. Leader again is Howard Waugh of Tulsa.

Waugh has an average of 9.45 yards per carry, while Romero has a 4.43 average for three games. Three other Shocker backs, Kenny Lawson, Bob Burton, and Connie Hoffmans, rank in the top 15 in rushing. Lawson is fifth, Hoffmans is eighth and Burton is tenth.

Hoffmans is also the number four passer in the Valley, having nine completions in 25 tries, for 123 yards gain. Bobby Clatterbuck, Houston, is the league's leader, having hit 22 of 58 attempts. A. and Ms Don Babers is fifth, with 110 yards gained in the air.

Holm Is Fourth Sophomore end John Holm of the Munies is the fourth-ranking receiver, catching four passes for 92 yards. Tops in the conference is Tulsa's Tom Miner, with 148 yards on seven receptions.

Romero's average of 35.7 yards landed him in fifth place in punting. He has kicked 18 times for 642 yards, more than any of the other top four. Ken Pridgeon of Houston is the Valley leader with a 40.2 average.

Waugh and Willie Roberts, both of Tulsa, are tied for the individual scoring lead with 18 points, with another Tulsa, Miner, in second place with 16 points. Romero has 12 points to rank with five others in a tie for fourth.

Wheatshockers Early WU Teams Earned Nickname In Harvest Fields

Ever wonder how the nickname for Wichita athletic teams originated?

The name "Wheatshockers" originated back in the early years of the Twentieth Century. Up until 1905, there was no name for the University team. The sports editor of The Sunflower was pondering the problem, and also working on a headline, for which he needed a long word.

After much thought, he hit upon the title "Wheatshockers," which he used, and was accepted as the nickname for all Wichita University teams.

The name itself was a natural, since at that time, athletes went south after school ended in the spring, then worked north with the wheat harvest, shocking the wheat as they went, since it was in the days before the combine was developed.

Although a long word was needed to fill a headline, the name "Wheatshocker" has come to be known through the years as simply "Shockers."

The Shocker coaching staff includes two former University of Illinois players who were voted "most valuable player." They are Jim Valek, end coach, named in 1948, and Line Coach George Bernhardt, 1940.

WU To Host Oklahoma Aggies In Homecoming Tilt Saturday

Wheatshockers, Defeated 10 Times By Cowpokes, Seek Victory In Battle At Veteran's Field

Oklahoma A. and M., whose Cowboys own a record of ten wins out of 12 starts against the Shockers, will invade Veterans' Field Saturday night to provide opposition for the Shockers' Homecoming game.

The Aggies have lost all three games so far this year, but all have been close. Coach J. B. Whitworth to Arkansas, 22-20; lost to Texas A. and M. 14-7, and fell to Houston 10-7 last week.

Whitworth has an experienced squad back, including 12 lettermen and led by veteran quarterback Don Babers, currently one of the top passers in the Missouri Valley. Veteran linemen and backs bolster squad strength, along with several good sophomore linemen

ing the fullback chores. Senior Gene Kuhns, halfbacks Ray Day, Ben Lee, and Ray Coleman, and reserve fullback Allen Taylor will handle relief duties offensively.

Scout Keeps On Go: Hamilton

By Bill Stinchomb

"You don't see much of your family during the football season."

This was uttered ruefully by the University's Earl Hamilton, assistant football coach, and scout for the Shockers, as he described the duties of a football scout.

To substantiate the statement he gave an account of his activities in scouting a typical game.

Makes Arrangements

After making the necessary arrangements for a position in the press box at the game he intends to scout, he makes transportation arrangements to the game by either plane or train.

Duties of a scout are varied and detailed. Hamilton boiled them down to "find out how we can stop 'em, and how we can score."

To do this, he carries with him mimeographed forms on which he can mark quickly and accurately plays of the team he is scouting. On this form there is room for comment on the plays and ways to discover some of the weak spots in the line, which plays are used the most, who does most of the running with the ball, and who does the most receiving on passes.

Information Boiled Down

This information and much more is consolidated on a "case sheet" and information then used in planning defensive and offensive plays of the Shockers.

Missouri Valley Conference rules state that one man can scout two games of one opponent, or that two men can scout one game of a future opponent. This rule is adhered to by scouts of various universities. The reason for the ruling is that some of the larger schools could put a scout on every team that played and have them follow these teams clear through their schedule.

In all, a football scout has a full time job on his hands, for a full season.

Phi Sig Bees Lead Murals

Last week the Phi Sig B intramural touch football team led the touch football league.

The Sig B entry led with three wins and no losses. Three teams are tied for second place: Gamma A's, Webster B's, PPP's. All three teams have two wins and no defeats.

In last week's games the Gamma A's, Sig A's, Webster B's, PPP's, and the Pi Alpha's won over their opponents. Highest scoring tilt was when the Websters won easily over the Independents with a 52 to 0 score.

In this afternoon's games, the Gamma and Webster B entries meet. Also in an early tilt will be the FOF's and the Webster A's. In later games, the Pi Alpha's meet the PPP's, and the Sig B's tangle with the ISA.

Intramural standings are:

	Won	Lost	Pct.
Sig B	3	0	1.000
Gamma A	2	0	1.000
Webster B	2	0	1.000
PPP	2	0	1.000
Sig A	1	1	.500
ISA	1	1	.500
Pi Alpha	1	2	.333
Webster A	0	2	.000
Gamma B	0	3	.000

Shockers Prepare For Aggies

WICHITA'S WHEATSHOCKERS listen to Coach Bob Carlson as he gives them pointers on the Oklahoma A. and M. Cowpokes. The Aggies will meet the Shockers Saturday night in Veterans' Field.

and backs, adding to overall strength.

Besides Babers, halfback Clynne Jones and quarterback Bill Brede are expected to throw their share of passes for the Aggies. In the running department, Brede, halfback Dorsey Gibson, and ex-Cadet Elmer Stout handle the major part of the chores. Stout is reported equally good at line-busting or open field running.

'Pokes' Line Stout.

Defensively, the middle of the Cowpoke line will be strong, with Skip Warren, center F. A. Dry, and guard Leland Kendall, all veterans, back again. Bob LaRue, sophomore halfback who saw considerable defensive action as a freshman, is also returning, and will be in for more than a little action. Lew Ziegler, another ex-Army player, adds more strength to the rugged 'Poke line offensively or defensively.

The Shockers will go into their homecoming game with one win against two losses, having downed Bradley 13-0, but losing to Detroit 22-7 and Boston 6-0.

Coach Bob Carlson's squad will be in good condition with the exception of center Larry Slajchert, who suffered a torn ligament in his right ankle in the Bradley game. It is doubtful whether he will play Saturday.

Slajchert, number one offensive center for the Munies, will probably be replaced by tackle Ron Summers, who filled in for him in the final minutes of the Bradley game, and possibly by Vern Speicher, sidelined by a knee injury, who may get into action for the first time this year.

Few Other Changes

Otherwise, Carlson indicated the Shocker lineup will be similar to offensive and defensive setups used in past games. Pitted against the potent Aggie offense will be defensive aces Wayne Ubben, Al Taylor, Darrell Hill, Bob Messenger, Joe Dinda, and John Walor, all of whom played a large part in holding Bradley to only one yard net last week.

Sophomore Connie Hoffmanns will again call signals for the Shockers, with Ken Lawson and Bob Burton running from the halfback slots, and Eli Romero hand-

A and M Freshmen Trim WU Frosh

Two fourth quarter breaks, taken advantage of by Oklahoma A. and M. freshmen, gave them two touchdowns and a 20-6 victory over University of Wichita frosh last Friday.

With the score tied 6-6 in the final quarter, a pass interception and a fumble, both inside the Shocker ten-yard line, led to two quick Aggie scores. Aggie fullback Pat Custar intercepted a pass thrown by Al Harp, Munie halfback, on the eight and ran it over. Two plays after the kickoff, the quarterback tried to lateral, but the ball went to Harvey Romans, Cowpoke quarterback, who dashed nine yards to score. Bill Medlin kicked both extra points.

The young Shockers had taken a first quarter lead when Marston

heaved a pass to fullback LeRoy Kiel, who ran 55 yards to score. Marston, who had tried a jump pass but found no no open, had started running with the ball, then threw the pass just before he was tackled.

A Shocker fumble in the second provided the opening for the Aggies to tie the game up. Halfback Ben Nall swept 27 yards around end to score on the first play.

WU Bureau Finds 600 Grads Jobs

More than 600 students have been placed in jobs by the Alumni-Student Employment Bureau since its founding on Oct. 1, 1951.

The bureau is headed by James Sours. This service to students, alumni, and wives and husbands of students, by finding jobs, both full time and part time, is free.

Since its start, approximately 965 employers have contacted the bureau looking for employees, said Mr. Sours. Between 700 and 750 students and alumni have sought help to find jobs during the same period.

This year the office will expand the program by adding a series of evening career conference sessions. This will be a meeting place for both employers and those considering jobs. This conference will offer the student information concerning the field of his interest.

Only undefeated, untied team at Wichita was in 1897, when the Shockers won one, lost none and tied none. Victim was Wichita High School, 12-4.

Tulsa's Golden Hurricane has dominated the Missouri Valley in football, winning 11 conference titles.

Set New Draft Deferment Tests For Dec. 4, '52; April 23, '53

Draft chief Maj. Gen. Lewis B. Hershey last week announced dates for the third series of selective service college deferment examinations.

Tests will be given Dec. 4, 1952, and April 23, 1953, at 1,000 testing centers throughout the country, General Hershey said. He said the Educational Testing Service, Princeton, N. J., again will prepare and administer the test and send each man's score to local selective service boards.

Hershey emphasized that increasing manpower demands "make it important that each draft-eligible student who has not taken the test do so as soon as possible."

Dean L. Nekhuis, College of Liberal Arts, said the Dec. 4 test will be given at 8:30 a.m. in Room 201 University library. Applicants must have tickets of admission, secured through county draft boards.

Testing procedure is:

1. Students whose academic year ends in January, 1953, should take the Dec. 4 test so a score will be available at the end of the academic year when their local boards will reconsider their cases to determine whether they should be deferred.
2. To be eligible, a student must be pursuing a full-time course and must not have previously taken the test.
3. Applicants should mail blanks to Educational Testing Service in self-addressed envelopes given them by local boards. These forms will be available at local boards after Oct. 6.
4. Applications for the Dec. 4 test must be postmarked not later than Nov. 1.

Present requirements for defer-

ment, selective service headquarters explained, are either a satisfactory score (70) on the test or specified class ranking (upper half of male freshman class, upper two-thirds of male sophomore class, upper three-fourths of male junior class).

Students accepted for admission in or attending a graduate school prior to July 1, 1951, satisfy the requirement if their work is satisfactory. Graduate students accepted or attending school after July 1, 1951, must have been in the upper half of their class in their senior year or make a score of 75 or better on the test.

Selective service said, however, that tests and/or class standing are only recommendations to local boards, which may or may not grant deferment for scholastic reasons.

"Mr. Blow" and "Hex the Hurricane" were the winning Homecoming decoration entries at the University last year. Pi Kappa Psi had the "Mr. Blow" theme, and Phi Upsilon Sigma won with the latter idea.

Second and third in the men's division was taken by Alpha Gamma and the Independent Students Association.

Winners of second and third positions in the women's group were Alpha Tau Sigma and Delta Omega, respectively.

Powell, Hartman To Air Conference

Fourteen Kansas and Oklahoma educators will assemble at Wichita Air Force Base Oct. 21 for departure by air for a national Air Force Reserve Officers Training Corps orientation conference at the Air University in Montgomery, Ala., the Air Force announced today.

Presidents, military coordinators and air science professors from seven area schools will make up the Wichita flight to the national session.

The one-day meeting, at Air University headquarters at Maxwell Air Force Base in Montgomery, will feature a review of new operational and administrative procedures, new curriculum and plans for improvements in Air Force ROTC training.

The University's delegates will be Dr. Jackson O. Powell, dean of the College of Education and campus military coordinator, and Lt. Col. Herbert A. Hartman, professor of air science and Air Force ROTC commander.

Other delegates will include presidents or deans and air science professors from the University of Kansas, University of Oklahoma, Oklahoma A. and M., Kansas State, University of Tulsa and Washburn University of Topeka.

WEATHER RECON LOGS MILES

The air force's weather service recently reported the completion of the 500th, 3,450-mile reconnaissance flight over the Bering sea and North Atlantic in two years.
