Teachers' Meet To Be Held This Saturday

Panel Discussion To Be Open To Many Groups; Welcome By President

The second annual new teachers conference will be held on the campus, Saturday, March 21. The University will host the return of first and second year teachers back to the campus for an afternoon of panel discussion on the problems of beginning teaching.

First and second year new teachers, seniors in the college of education, and those working for 60-hour certificates are welcome to attend these panel discussions.

Pres. Harry F. Corbin and Dr. Jackson O. Powell, Dean of the College of Education will greet the teachers after registration from 9 a.m. to 10 a.m. in the Commons Lounge.

The first general session panel will begin at 10:30 a.m. on the topic "Beginning Teacher Problems." James Barrett, coordinator of music in the Hutchinson school system, will serve as moderator.

The afternoon schedule will be divided into four panel discussion groups starting at 1:15 p.m. thru 3 p.m. The four groups are: high school and junior high school, which will be held in the Commons Lounge; music, which will be held in old Fiske Hall; elementary school, in the Faculty Dining Room; and art, in Morrison Hall, Room 101.

At 3 p.m. James Robertson, conductor of music, will read music in the music hall. All interested persons are asked to bring their instruments.

At 3 p.m. in Room 101, Morrison Hall, Robert W. Cooke, associate (Continued on Page 8)

May Queen Election Set For Wednesday

The annual election of the May Queen will be held Wednesday, Larry Jones, Student Council president, announced this week.

The election will be held in the Commons Lounge. Polls will open at 8 a.m. and close at 1 p.m.

Each voter's identification card will be punched when he votes to show that he has voted.

The Queen will be crowned at the May Day festivities May 1.

50 Dollars

2 WU Students Receive Awards In Music Contest

Two University students, Janice Seward, soprano sophomore, and Charles Broadhurst, tenor junior, both of the University School of Music, won two of four awards given in the college singing artists' contest in Oklahoma City last weekend.

Miss Seward and Broadhurst won a check for \$50 each in the contest sponsored by the National Association of Teachers of Singing at their southwest district meeting. The association makes four awards annually to the two best men and two best women singers entered.

The two students make the trip to Oklahoma City in conjunction with the performance of "Cosi fan Tutti" presented before the singing teachers Friday night. They also sang in the opera besides competing in the contest.

Harold Decker, head of the department of choral music, and Robert Minser, instructor of voice, accompanied the University Opera Workshop group on the Oklahoma City trip.

AWS To Hold Career Convo

Dr. Link To Give Talk On 'Marriage' At Alibi

The Associated Women Students are sponsoring a career conference which will get under way March 25, Wednesday night with a banquet in the Alibi room at 6:15.

Dr. Eugene P. Link, of the social science division at the State University Teachers College, New Paltz, N. Y., will be the speaker. His subject will be "Marriage."

All women and faculty members are invited to attend. Ticket price is \$1.25 and they may be reserved in Dean Wilkie's office, not later than next Monday.

The program for the conference, which will continue over Thursday, is as follows. It will take place in the Commons Lounge.

At 8 a.m. Mrs. Edra Miller Weathers, counselor at Friends University and a member of Wichita Council of Education, will speak on education. The title of her speech will be "School Days."

A panel discussion on secretarial training entitled "Dear Sir," will be held at 9 a.m. Miss Zora Anderson, vocational counselor at East High School, will be the moderator. Other panel members will include Miss Charlotte Weidman, president of the Wichita Oil Secretaries, Miss Louise Mattox of the Ratner, McClellan, Mattox, and Ratner law firm; and Maryann Reed.

Mrs. Betty Dickerson, vice-president of the Wichita Artists Guild, will deliver a speech on dress design at 10 a.m. "Decoratively Speaking" is the title.

At 11 a.m. will be a speech on guidance, entitled "The Guiding Light." Dr. Jean Gordon Fyfe, assistant Dean of Women at the University, and Miss Louise Cardell Leonard, counselor at Plainview High School, will be the speakers.

From noon to 1 p.m. will be a lunch hour.

Miss Crews To Speak
"Blue Horizons" concerning aviation will open the afternoon session of the conference. Miss Patricia Crews, Trans-World Airline (Continued on Page 5)

3 Percent Boost

WU Enrollment Up Over '52 Figure For Second Term

Total enrollment for the second semester at the University is 2,745, an increase of three percent over last year's enrollment at this time, according to Dr. Worth A. Fletcher, registrar.

The ratio of men to women is slightly more than two to one on the campus. The men lead with a total of 1,931, compared to 814 women.

The non-resident figures have dropped two percent from second semester enrollment of last year, from 263 then to 203 now, Dr. Fletcher stated.

The class having the largest number enrolled is the freshman, with 803. The sophomore class runs second with 538. The senior class is third, with 433, and the juniors round out the total enrollment with 326.

There are also 144 special students, 218 graduate students, and 238 adult education students enrolled at the University.

Inspection For Air ROTC April 15-16

Tentative dates for Federal Inspection of the University Air ROTC Cadets are set for April 15 and 16, Lt. Col. Herbert A. Hartman, head of the air science department, announced this week.

This will be the first year of participation in the program by the University. Primary purposes of the inspection, according to Colonel Hartman, are to examine the cadets in class training, on the drill field; and also to decide on improvements in the instruction of cadets.

The inspection is being conducted in 209 schools with AFROTC attachments in the United States, Hawaii, and Porto Rico.

Liaison officers from a different ROTC area will spend two days at each college inspecting cadets. The team which will inspect the University AFROTC is comprised of Col. Hugh H. Bledsoe, North Carolina; Lt. Col. Owen Seatz, Pennsylvania; and Maj. Clyde H. Rogan, Virginia.

2 Seniors Present Recitals Monday

Vivian Graber, soprano, and James Fleming, tenor, will present their senior recital Monday at 2 p.m. in the University Auditorium, according to Prof. Walter Duerksen, director of the School of Music.

Miss Graber will be accompanied by Olivia Monroney, pianist. She will be assisted by Alice Graber and Don Caldwell, violinists and Darlene Dugan, flutist. Fleming will be accompanied by James Staatz, pianist, and will be assisted by Robert Hurt, violinist.

Miss Graber is a member of the University Symphony Orchestra, A Cappella Choir, Alpha Tau Sigma sorority, YWCA, and the Student Forum Board. She is vice-president of Mu Phi Epsilon, national honorary music sorority. Fleming is president of Phi Mu Alpha Sinfonia, national honorary professional music fraternity, and is a member of the University A Cappella Choir. Both Miss Graber and Fleming are Fine Arts seniors.

Dr. Margenau of Yale

Commencement Speaker Named

Dr. Henry Margenau of Yale University will be the speaker for Commencement Day, May 31, Dr. T. Reese Marsh, chairman of the Commencement Committee, announced.

Dr. Margenau is Yale's first professor of Physics and Natural Philosophy and is a well known author and lecturer.

Born in 1901 in Bielfeld, Germany, Dr. Margenau studied at Teachers' College in Herford, Germany. He received his B.A. from Midland College in Nebraska and his M.S. from the University of Nebraska in 1926.

In 1928 he joined the Yale faculty as instructor in physics and

Blood Drive Opens On WU Campus Today

Red Cross Bloodmobile Moves Into Men's Gym Until Friday Afternoon

The Red Cross bloodmobile is on the campus today at the Men's Gym from 9 a.m. until 2:30 p.m. to receive blood donations from faculty members and students. It will also be on the campus tomorrow from 8 a.m. to 2:30 p.m.

Anyone who wishes to donate blood and has not made a previous appointment in the Office of Student Services, may go to the gym and make the appointment there, University officials announced.

Students between the ages of 18 and 21, who require release cards in order to donate blood, may pick them up either at the Office of Student Services, 105 Administration Building, or at the gym. They must be signed by the parents of the donors and presented at the time of donation.

University authorities stated that students will be excused from class to donate blood.

Blood donated by persons on the campus will be used in Wichita hospitals and for members of the armed services.

Modern Dance To Hold 'Daze'

"Oh Happy Daze" is the name chosen for the Modern Dance program to be presented in the auditorium on April 1, at 8:00 p.m.

The program, under the direction of Miss Yuriko Onoda, instructor in women's physical education, will be centered around a dancer's impressions of college life.

Fifty young ladies will be shown in scenes portraying scenes like The Anatomy class, registration day, the coke shop and the difference between upperclassmen and freshmen.

"Most of the scenes are group dances but there will be a few solos," Miss Onoda said.

Rehearsals are being held all day Saturday and Sunday. Girls from Modern Dance classes and the Modern Dance Club are selling admission tickets for 50 cents each. Tickets will also be sold at the door.

KU Queen Entries Due Monday Night

University candidate for the Kansas University Relay Queen will be chosen at the Student Council meeting next Monday at 6 p.m. in Room 143, Administration Building, Larry Jones, president of Student Council, announced this week.

Each sorority and the Independent Students Association will enter a candidate, along with any unaffiliated women who are interested. All are asked to attend the next Council meeting.

The candidate will be chosen on the basis of personality, participation in campus activities, and beauty.

Jones added that each candidate may be expected to tell about her qualifications at the meeting.

Press Queen

Final Selection On Friday

Suspense will end for the four girls picked as semi-finalists in the annual "Girl We Would Most Like To Go To Press With" contest next Thursday when the winner will be announced in The Sunflower.

The four girls, who were selected from 17 other entrants are Maxine Welch, a sophomore in the College of Business Administration, and sponsored by Rorabaugh-Millsap photography studios; Nancy Baldwin, a sophomore in the College of Fine Arts, and sponsored by Math Borniger studios.

Shirley Kearns is a sophomore in the College of Liberal Arts, and is sponsored by Jerry Rogers studios. Jeanine Joseph is being sponsored by photographer Dick Azim, and is a freshman in the College of Liberal Arts.

Judges in the contest are staff members of The Sunflower. This includes D. R. Stewart, editor-in-chief; Chin-Ok-Kim, managing editor; Dave Wilkinson, desk editor; Jeanette Jackson, society editor; Jake Weiland, sports editor Tom McGraw, business manager, and Bill Stinchcomb, circulation-promotion and wire editor.

The judges will meet next Friday and choose a winner and automatically a candidate to the queen contest at the Drake Relays in Des Moines, Iowa. Last year's winner was Ruth Mercer then a senior in the College of Education.

Selections for a queen at the Drake Relays will be made on the basis of photographs and relative information concerning the candidate's scholastic and social standing. If the University's candidate is appointed queen at the relays then she will travel to Des Moines and reign over the three-day affair.

Entrants in the press queen contest may pick up their pictures next Monday in Room 114 of the Communications Building.

Air, Infantry ROTC to Select 'Honorary Colonel' Today

Six honorary colonel candidates, representing their social organizations on the campus, will be presented at a combined meeting of the air and infantry ROTC units at 11 a.m. today.

At this time the cadets will vote for their choice of Honorary Colonel. The winner will be commissioned at special ceremonies at the Military Ball at the Broadview Hotel, Saturday night.

The dance will be highlighted by the music of Stan Kenton and his orchestra. Chris Connors, vocalist for the orchestra, will replace Kay Brown who is no longer connected with the band.

Capt. Lewis T. Johnson, faculty representative for the Military Ball committee, said no corsages will be allowed, in compliance with a rule pertaining to all such school functions. He added that there will be two large tables of hors d'oeuvres at the dance for the cadets and their dates.

Seating reservations for cadets may still be placed at Capt. Johnson's office. Reservations began last week and will continue until Friday.

The list of special guests and chaperons is as follows: Brig. Gen. and Mrs. Henry R. Spicer, Pres. and Mrs. Harry F. Corbin, Dean and Mrs. Jackson Powell, Dr. and Mrs. Worth A. Fletcher.

Col. and Mrs. Otis Schweiter, Lt. Col. and Mrs. Kenneth V. Dill, Lt. Comm. and Mrs. C. B. Briscoe, Lt. and Mrs. Robert M. Moore, Dean and Mrs. V. E. Smith, and Capt. and Mrs. Joseph Cunningham.

Stan Kenton
Snyder, Lt. Col. and Mrs. Robin G. Montgomery, Lt. Col. and Mrs. Herbert Hartman.
Maj. and Mrs. Robert L. Heberling, Capt. and Mrs. L. T. Johnson, Capt. and Mrs. Vance Swift, Capt. and Mrs. R. L. Goss, Capt. and Mrs. V. E. Smith, and Capt. and Mrs. Joseph Cunningham.

Women Again Do As Accused: Steal Shirts--Rugby This Time

The women have finally done it.

They have done exactly what men have been saying they have been doing for the past few years. They have figuratively taken the shirt right off their men's backs.

This is the latest fashion to hit young women in the East. They have adopted the shirt worn by the Rugby player in England.

Ever since the shirt was first highlighted by "Today's Woman" magazine, younguns have been buying them, in increasing numbers.

This shirt, which makes a wonderful T-shirt, is practical for knock-about and sportswear. It is completely washable. It is fine knit cotton with long sleeves, a stiff white collar and rubber buttons.

It comes in six different colors—navy, green, gold, red, white and royal blue—and nine sizes—26 to 42. It is manufactured by T. V. Hardy & Co., Nottingham, England.

American representative for the shirt is Soccer Associates, 10 Overlook Terrace, New York, N. Y. Retail price is \$5.00.

PETROF AT CESSNA

Alexander Petrof, founder of the aeronautical engineering department here, is employed as a research engineer for Cessna Aircraft in Wichita, which is headed by one of the Petrof's first aeronautical engineering graduates, Duane Wallace.

TAUGHT IN SOONER SCHOOLS

Dr. Tully F. Watson, now in the Wichita U. physics department, formerly taught in three Oklahoma colleges—Northeastern State at Tahlequah, Oklahoma A and M at Stillwater, and Phillips University at Enid.

TAKES BIT ROLES

A former teacher in a one-room Pennsylvania country school and accustomed to small casts, University of Wichita dramatics director George D. Wilner frequently appears in small "bit parts" in his own University Theater productions.

FINE ARTS CENTER PLANNED

Plans are underway for a new, modern Fine Arts Center on the campus of the University of Wichita.

Spanish Fraternity To Meet Today; Will Show Slides

Gamma Nu chapter of Sigma Delta Pi, national Spanish fraternity will meet at 2 p.m. today at the home of Prof. Eugene Savaiano, 1514 Floberta.

Mrs. Helen Crockett, the executive secretary of Adult Education, will speak in Spanish on "Les Misticos del Siglo XVI."

In the regular meeting they will discuss plans for the initiation of new members.

The Spanish Club will meet tomorrow at 7:30 p.m. in the home of Prof. Eugene Savaiano.

Mrs. A. E. Griffith, administrative assistant to Pres. Harry F. Corbin, will show colored slides that were taken on the trip, sponsored by the Spanish department, to Mexico last year. Mrs. Griffith was a sponsor for that trip. Guests at the meeting will be the beginning Spanish students.

Gamma Delta, International Association of Lutheran Students, will meet Sunday night at the Holy Cross Parish Hall at Ninth and Oliver. The meeting will begin at 6:30 p.m. The topic will be "Prayer" which will be given by Rev. Walter A. Kirk, pastoral advisor.

The French Club will meet at the home of Prof. Jacquetta Downing, 610 North Crestway, Monday night at 7:30. For the program that evening each student will bring an article which they will read and discuss in French.

Kappa Phi, National Methodist Girls sorority, will meet at 7 p.m. Tuesday at the Bethany Methodist Church, 1601 South Main. They will be the guests of the Wichita Alumni chapter of Kappa Phi for

Guadalajara Summer School

An accredited bilingual summer school sponsored by University of Guadalajara in co-operation with Stanford University faculty members will be held in Guadalajara, Mexico, June 28 to Aug. 8, 1953.

Offerings include art, folklore, history, language, and literature courses. \$225 covers six-weeks tuition, board and room.

Write Prof. Juan B. Rael, Box K, Stanford University, Calif. (Adv.)

Second Semester Sosis Pledges Honored At Alibi Dance Saturday

Sosis second semester pledges were honored at a dance last Saturday night in the Alibi Room. Those in charge of decorations Kathy Calnon, Loudella Fromme, Donna Zoglmann, and Jo Anne Friend.

Special guests were Dr. and Mrs. Worth A. Fletcher, Dr. and Mrs. Eugene Savaiano, Robert Baird, and Dr. Jean Fyfe.

A partial list of the guests includes:

Elaine Malone, Bob Giles; Sandra Suhm, Ed Lester; Helen Davis, Don Sawyer; Kathy Hieger, Sneek Thomas; Mary Linnebur, Joe Steinkerchner; Jacque LaPorte, Bill Oakes; Sue Solomon, Bruce Johnston; Audrey Blume, Corban LePell; Barbara Fanning, Dick Adkisson; Margaret Neuman; Dave Martney; Shirley Booth, Bob Baird; Edith Tedlock, Jack Molden; Donna Zoglmann, Bob Mihalsky; JoAnne Friend, Don Corbett; Janie Scribner, Gary Taylor; Carolee Verning, Dean Sutcliffe; Lo-Ray Owen, and Lester Laudick.

the additional "Meal in the Upper Room," a pre-Easter service.

International Relations Club will sponsor a Foreign student's night Tuesday at 8 p.m. in the Faculty Dining Room at the Commons Building. It is open to all the students at the University. Coffee will be served.

The Home Economics Club is getting ready for the State Home Economics Convention to be held in the Broadview Hotel next week.

Four Members of the International Relations Club attended the recent International Relations Club Regional Conference held at Cotty College in Nevada, Mo. Those attending were Dwight Carpenter, Robert Rydjord, Rufus Deering, and James Hotchkiss. Dwight Carpenter was elected as one of the two delegates from Kansas to attend the National Conference.

5 WU Students Present Program

Five University students and one faculty member presented a two-part program at the Twentieth Century Club meeting Tuesday afternoon.

Rosalyn Newport, Liberal Arts sophomore, and Ronald Weidman, Education junior, read a series of scenes between Queen Victoria and her consort, Albert, in a dramatic comparison between their relationship and that of the present Queen Elizabeth and her consort, Phillip.

The second part of the program featured Larry Jones, Business Administration senior, and Jeannine Crowds Education senior, as a mis-matched married couple in Tennessee Williams' one-act play "Mooney's Kid Don't Cry." The play was directed by Anita Dinsmore.

PARTIES

Having a get-together at Lois Payne's home Saturday evening before the Military Ball will be her date, Steve Allen, Mary Ellen Love, Jim Rowsey, Elaine Neer, Forrest Jorgensen, Shirley Coombs, Richard Mosher, Alice Buckley, Jack Davis, Joan Dodson, Gary Wolfe, Martha Samuels, Chandler Bethel, Sandra Sells, Chuck Hall, Marilyn Quick, Eddie Green, Pat Engler, and Spencer Wolf.

Harold Shirk held a card party at his home last Friday evening. Those attending were: Sue Sizemore, Austin Bayer, Elaine Earl, Jerry Carlson, Pat Warner, Doug Gray, Kay Nail, Mickey Thrasher, Eleanor Elliott, Joan Worline, and Jack Huenergardt.

Four couples went to Swingland last Saturday night. They were Luanna Bunker, Jim Van Camp, Connie Barlow, Joe Dinda, Janice Storey, Thad Hanna, Nancy Davis, and Gary McQuisten.

Golfing and then picnicing at Echo Hills last Sunday afternoon were Jerry Lansdowne, Jeannie Clancy, Ron Hatfield, Nancy Baldwin, Ray Walker, Joan McKee, Bob Baird, and Shirley Booth.

Dancing and cards in the evening followed an all day picnic at the Elk Horn Lodge which was sponsored by the Gammas and their dates last Saturday. The gala occasion was the end of the first six weeks of the second semester of college.

Getting together for cards and a gabfest while making decorations for the AWS Career Conference Banquet last Saturday night at Lee Anne McIntosh's home were Carolyn Mitchell, Susan Austin, Bobbie Burns, Bonnie Horst, and Lee Anne.

Cliff Johnson, former University student and Pi Alpha, will be home on leave from the service sometime this month. Cliff is stationed at Fairbanks, Alaska.

The women of Pi Kappa Psi and the men of Phi Upsilon Sigma had a supper-dance at the Phi Sig house from 6 to 8 p.m. yesterday.

El Paso, Tex., is the destination of Wanda Slagle this weekend. She will visit her fiancée, Lew Lyman.

ENGAGEMENTS

Gaddis-Kincheoloe
Mr. and Mrs. J. M. Gaddis announce the engagement of their daughter, Miss Phyllis Gaddis to John W. Kincheoloe. They will be married on May 23 at the Holy Savior Church.

Miss Gaddis is a senior in the School of Education and Kincheoloe is in the Graduate School at the Institute of Logopedics.

Williamson-Hervey

Rita Williamson, Alpha Tau, and Jim Hervey announced their engagement last week. Miss Williamson is a freshman in the School of Education and Hervey is a freshman in the School of Liberal Arts.

Lovelace-Faulkner

The pinning of Susie Lovelace, former Wichita University student, and Tom Faulkner, Sig Alpha at K-State was announced. Miss Lovelace was a member of Sorosis sorority.

Martha Watson passed gumdrops at the Delta Omega house last Monday to announce she and Harvey Benson, K-Stater, as steadies.

GREEK DOINGS

Pi Alpha Pi fraternity will have a parents' night at the fraternity house tomorrow night at 7:30 p.m. Ed Schmitt is in charge of arrangements.

Charlotte Noe is the newly elected vice-president of Pi Kappa Psi sorority.

Phi Upsilon Sigma will hold a stag party for Gary Thompson tomorrow at 8 p.m. in the Engels Room of the Allis Hotel.

Pledges of Pi Kap and Men of Webster walked out last night for

dancing and food at the Elk Horn Lodge.

Alpha Gamma Gamma fraternity will hold a date luncheon today at noon at the fraternity house. Paul Curry is in charge of arrangements.

Special guests will be Col. Herbert Hartman and Col. Robin Montgomery, Dr. Worth Fletcher, and Dr. Jean Fyfe.

WEDDING

Miller-Beatty
The wedding of Beverly Miller, daughter of Mr. and Mrs. H. C. Miller, Chanute, and Airman Third Class Robert V. Beatty, son of Mr. and Mrs. Vernon L. Beatty, of Wichita, was performed Feb. 14 in Holy Savior church with Rev. Justin Betzen officiating.

The bride graduated from Chanute High School and attended Chanute Junior College and the University. She was a member of Pi Kappa Psi sorority. The bride-

The Perennial Problem

Finding a parking place on the University campus continues to be one of the principal problems for students, especially after 9 a.m. By that time, all but a few spaces on and off the campus are occupied.

The situation has been bad all year; it has improved very little since last fall.

If anything, the amount of double parking, illegal parking, and other violations has increased.

The situation is not getting any better. In fact, it is a wonder that there have been no serious accidents. The alertness of drivers and pedestrians alike is all that has prevented any serious mishaps.

With parking space almost to the point where it is termed at a premium, we feel that some sort of action is necessary to relieve the present condition. The establishment of new parking facilities on the campus would relieve the situation considerably.

Violations of traffic rules on campus are another matter. Whether or not they can be controlled by the campus authorities will depend on the amount and seriousness of the violations. Up to now, University authorities have been able to handle them.

Should the Wichita police act to control violations, the penalties would be much stiffer than those now imposed. They probably would have a more lasting effect, as well.

Learning vs Grading

Several instructors at this University have been condemned by some of their students for their practice of grading off for class absences.

The reason for this system of counting off on grades for cuts is quite simple. If a student cuts a class regularly, he is sure to come out on the short end of the grades and possibly fail. By grading off for absences, students attend class as much as possible if they care to pass a course.

The Sunflower views this practice as a poor drawing card for classes. Instructors are paid indirectly, by the students to teach, not to act as watch dogs or policemen. A college student is certainly old enough to assume the responsibilities of keeping his grades up. Counting off for cuts seems a very poor solution.

Learning through intelligent instruction should always be more important than grading.

From Sub-Tropic To Polar

Plants Grown In Greenhouse

By Jill Wood

In a little glass house-shaped building attached to the south end of the Science Building, grow both plants and animals.

This little glass room is known as the University green house, and is used to aid botany students in their study of plants. It was built at the same time the Science Building was and is attached to the heating system of that building.

The plants now living in the glass house range from Spanish moss, a native of Florida, to evergreens, natives of colder altitudes. There is also a Christmas begonia with pale pink blossoms, which has now almost finished blooming, carnations and a "crown-of-thorns,"

which is just that.

This plant has a very thorny trunk, topped by a crown of red blossoms.

Here in this warm, humid room, ferns occupy a common bed with the geraniums, while the more aristocratic night-blooming cereus has a place of its own at the end of a row of beds.

This plant has been living in its present place since before Miss Aileen Skaer, instructor in botany, came here to teach.

The plant is most unusual in that it blooms approximately two times

'Clacking' Teletypes Contribute Bulk of Copy for Newspapers

4 The Sunflower
March 19, 1953

By Bill Stinchcomb

Ever think about news?

Sure, that's the stuff that they make newspapers of they broadcast it over the radio all the time:

But, where does the newspapers get the news?

Well now, that's a good question. Some of the news comes from the efforts of the reportorial staff of any newspaper, but the majority of news is from the noisy little machines that sit in some obscure corner of the news room, all during the day and night they clack out the happenings of history.

The Sunflower, since last December, has been graced with one of the above mentioned machines. It is an Associated Press news service wire that was given to the paper as a public service gesture by radio station KANS.

However, since The Sunflower is a weekly publication, most of the news that emanates from the wire is outdated before the paper goes to press.

chell's "Gone With The Wind," also containing more than 1,200 pages.

Over five miles of paper has run through the machine's rollers since its installation and had the events of the hour faithfully recorded on its surface. Then the little that is needed by the paper and the radio station is taken and used.

The great bulk of unused news is carefully and meticulously put away in file 13—the waste basket.

Asks Luminous Rail Cars

(From The Associated Press)

A Republican Congressman wants to enact a law requiring unlighted railroad cars to be marked with luminous material which would reflect light from automobile headlights.

The Congressman contends that about 800 persons will die in rail crossing accidents this year because they did not see moving trains.

BURNED IN 1929

Fairmount Hall, original building on the campus, was destroyed by fire in 1929. It was located on the present site of the Auditorium and Commons Building.

Stew's Staff

By D. R. Stewart

Spring affects many people in many different ways. Some become taken with spring fever; others begin looking around and noticing the latest in women's styles. Still others get a faraway look in their eye and manifest a desire to be far away.

The latter group are the ones we are concerned with. They are members of a somewhat exclusive clan, a clan that is smitten with a strange disease at the first signs of spring. No, they aren't in love, but they do have a fever. This isn't a fever that can be medically diagnosed, but it is deadly.

It is the fishing fever. This fever can do strange things to normally well-balanced people. It can make them desire to put a good deal of distance between themselves and others. They wish to go off by themselves and climb stream banks, wade muddy creeks, and sit for an afternoon on fallen tree trunks, watching a line.

Yes, the fishing fever is a strange malady. It first manifests itself in the late part of the winter. The individual becomes restless, and shows a tendency to daydream for hours at a stretch. These daydreams are concerned with the fish he caught last year (especially the big one that got away), and the fish he hopes to catch this year.

About the time that spring arrives, the fisherman is moved to

action. He begins to bring out from their storage places his tackle, and rod, to overhaul them for the coming season.

While doing this, the fisherman may be heard to mutter strange things about backlash, spinning, drag, and other terms of nomenclature that mean nothing to the uninitiated.

By the early part of spring, the fisherman is usually anxious to get away from everyone else and search out the place where they "bit good" in past years. This is the worst phase of the fever, for once it takes hold of the individual, he is seen only at rare intervals until the weather once again becomes too adverse for fishing.

Experts have agreed that the best cure for any individual who acquires the fishing fever had best be allowed to recuperate from it in the prescribed manner. That is, he should be allowed to go fishing as often as possible and as long as possible until the fever has worn off, although it may take a long time to do so.

Good News . . .

JENIVE MCGREW, assistant wire editor for The Sunflower, looks over a single dispatch of the hundreds that have come in over the teletype in The Sunflower newsroom.—Sunflower staff photo

The Sunflower does use occasional bits of feature type and human interest news that has no "must" element involved.

The bulk of the time news that comes over the A.P. wire is used by the University radio station KMUW news broadcasts.

But even with these two outlets, the teletype hammers out much more material than could ever be used. Since the installation of the news service wire more words have been fed to The Sunflower newsroom than that incorporated in the compiled writing of Tolstoy's "War and Peace," a volume of more than 1,200 pages, and Mit-

Photography On The Campus . . .

"When I said negative, I meant NO."

International Situation The Key

Not Farm Prices, Says Prof

These days, the average citizen watches the changes and happenings in the American economic system with a watchful eye. Falling farm prices and the removal of price controls have caused many to wonder what the effect would be, including the possibility of a depression.

Prof. Arthur A. Wichmann, head of the Business and Economics department, commented on these two happenings.

"What's in store for us lies more in the form of what happens in international relations than what happens to farm prices."

Professor Wichmann believes that the importance of agriculture in generating the national income is becoming less important over the year. Consequently the changes in farm prices has less effect on the overall situation in the country than it has in days gone by.

Cattle Industry Hit

About the only real drop in farm prices is in the cattle industry, Professor Wichmann said. That seems to be due to the increase in the number of cattle being raised. "Perhaps the chief effect will be to force the administration to uphold their campaign promises to

support farm prices at 90 percent of parity," he added.

Professor Wichmann also believes that the removal of price controls will have little effect on the average citizen, with the possible exception of those on coffee.

Amounted To Little

He thinks that the removal of controls amounted to little due to the fact that the system had not been effective.

"If what you remove is nothing, the effect will be nothing," he added.

However, he believes that if America should become involved in World War III, the situation would be quite sad without price controls to cope with it.

In such a case, "They would be restored quite promptly as Pres. Dwight D. Eisenhower, and Senator Homer Capehart of Indiana, and others have recognized," he concluded.

New Darkroom, Equipment Help Students Develop Film Technique

By Al Williams

Don't slap his face, lady! He isn't being fresh. He really is improving his darkroom technique.

After all, he's a member of the Press Photography class which is learning the fundamentals of film processing in the journalism department's newly-completed darkroom located in Room 127, Communications Building.

The course, catalogued as Journalism 232, taught by Mark Clutter, lecturer in journalism, is being offered for the first time at the University this semester. The program includes, in addition to developing film, the principles of picture editing—writing cutlines and overlines, printing, enlarging, and

cropping pictures—as well as the care and operation of several types of cameras.

Equipment in the darkroom includes a four-by-five-inch enlarger, a contact printer, an electric print dryer, a timer, and numerous developing tanks and trays. The journalism department provides a Crown Graphic press camera for the use of class members. Additional equipment has been loaned by Mr. Clutter and Howard Eastwood, Liberal Arts sophomore, who serves as Sunflower staff photographer.

KMUW to Air British Series

Dramatic Selections Will Feature Program

A special feature will be added to the KMUW radio schedule with the opening of a new series of programs by the British Broadcasting Co. The series will open Thursday, March 19.

First presentation in the series will consist of dramatic adaptation of classical drama and novels. Some of the selections scheduled are: Twelfth Night, Pytheas, Animal Farm, and Women of Troy. Opening the second series will be a program of organ music from British Cathedrals and Abbeys. The recitals will be played by organist of such famous places as St. Paul's in London; Westminster Abbey; and Edinburg in Scotland. Broadcasts will be made from the Cathedrals.

Heading the third and final series of broadcasts will be a program dealing with sociological aspects of five different racial groups in South Africa. This group will be entitled "Eight Weeks in South Africa."

COACHES ARE KU GRADS

Both Shocker basketball coaches, brothers Ralph and Dick Miller, played for Dr. Forrest A. (Phog) Allen at the University of Kansas.

Oil Painting Show Tabbed 'Success'

"The demonstration of oil painting by Prof. Robert M. Kiskadden at the Municipal Art Museum last Wednesday evening was a huge success," Dr. Eugene McFarland, director of the Museum, reported Monday.

"In fact, many people were not able to get in," he added. Professor Kiskadden is an assistant professor of art at the University.

The next demonstration in the series "Watch the Artist Work," by David Bernard, assistant professor of art, will be presented Wednesday, April 8, starting at 7:30 p.m. Subject of the demonstration will be "Graphic Arts." "A larger room will be provided for the next demonstration," Dr. McFarland said.

Commencement

(Continued from Page 1)

Dr. Margenau has written "The Mathematics of Physics and Chemistry," "The Nature of Physical Reality," and is co-author of "Foundations of Physics." In addition, he is a member of the Governing Board of the Association of Philosophy of Science and Sigma Xi and is a Trustee of Connecticut College for Women, in New London.

Tree Planters Lebanon Valley, Duke Co-Ordinate LA-Forestry Work

A coordinated "arts-forestry" program between Lebanon Valley College, Annville, Pa., and Duke University, Durham, N. C., was announced recently by Dr. Howard Kreitzer, dean of the college.

He pointed out that the "arts-forestry" program will give students the benefit of a liberal arts education while preparing for specialized forestry training at the graduate level.

Students participating in the program will follow a three-year coordinated curriculum in the basic arts and sciences here, and then will transfer to the Duke School of Forestry for two years of specialized training. Upon completion of the five-year program the student will receive a bachelor of science degree from Lebanon Valley and the master of forestry degree from Duke.

The two institutions have worked out an undergraduate study program which meets entrance requirements for the Forestry School while remaining within the framework of degree requirements and existing course offerings at Lebanon Valley.

At OU Meet 3 Win Radio Awards

Arthur Junod, a junior in the College of Liberal Arts, took first honors in the radio announcing event at a recent nation wide radio-TV conference at Norman, Okla.

Shirley Kearns, a sophomore in the College of Liberal Arts, and Bill Stinchcomb, a junior in the College of Liberal Arts, were given honorable mentions for their work in the "Commercial Copy Writing" event.

Junod won over more than a hundred other entrants in the announcing event. Miss Kearns and Stinchcomb were entered with over 40 others in the copy writing event.

Nothing-no, nothing-beats better taste
and **LUCKIES**
TASTE BETTER!
Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?
You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy—GO LUCKY!

All round our ivy-covered halls
You'll hear the students say,
"For real deep-down enjoyment,
Get Lucky Strike today!"

Al Cavalari
Michigan State College

COLLEGE STUDENTS PREFER LUCKIES IN NATION-WIDE SURVEY!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

From coast to coast in campus votes,
We've found what students like—
For cleaner, fresher, smoother taste,
They go for Lucky Strike!

Problem Of Rising Need, Short Noel To Attend Supply Of Engineers Discussed Topeka Meeting

What's to be done about the critical gap between American industry's increasing demand for engineers and the declining supply of graduates from engineering schools?

This was the problem considered recently by more than 300 educators and industry representatives meeting at Northwestern University's Technological Institute, Evanston, Ill., for the school's fifth annual College-Industry Conference.

Clarence E. Deakins, dean of students, Illinois Institute of Technology, pointed out that industry and the schools are presented with these facts: each year the nation needs, for replacement alone, an estimated 30,000 new engineers. But in June, 1953, colleges are expected to graduate but 24,000 with this number declining to 19,000 in 1954 and to 17,000 in 1955.

Industry Competes

Discussing the problem involved in recruiting talented young persons for the engineering profession, Deakins said that "industry itself is in direct competition with colleges for the high school graduate. The high school graduates with mechanical skills and interests are the very men who are attracted to the high-paying jobs in industry. Parents who find it difficult to finance their sons' education encourage them to take advantage of attractive jobs."

Because of the already serious shortage of engineers, Deakins said, industry and the colleges "must impress upon our selective service officials the great tragedy that will befall our future national security and welfare if they strip the engineering schools of a large proportion of their study body."

As two parts of a suggested six-point program to increase the number of engineering students, Deakins urged that there be earlier identification of engineering aptitudes and interests among secondary school students, and that industry increase scholarship funds for talented students lost because they cannot afford an engineering education.

Idea Seconded

This latter suggestion was seconded by Prof. Kurt F. Wendt, University of Wisconsin, who said industry could encourage able but financially embarrassed youths to enter the engineering field thru a freshman scholarship program.

"Scholarships are being made available principally to junior and senior students," he said, "but the opportunities for entering freshmen are quite limited." Wendt also added that industry could help students earn their way by increasing the number of openings for part-time and summer employment.

"Perhaps the best present answer to the most difficult and pressing of the problems," Wendt concluded, "lies in a substantial expansion of the technical institute field. If we can encourage

more young men to prepare themselves, in a period of two years, for positions in industry which do not require nearly the amount of training expected of engineering students, we can increase our technical forces and use our supply of engineers more effectively."

ROTC Selects 'Best Cadet'

Donald L. Stephens, engineering freshman, became "Cadet for a Day" after the ground ROTC's Operation Spruce-up, last Thursday.

He was chosen outstanding cadet on the basis of neatness of uniform, knowledge of ROTC, cleanliness of his M.1 rifle and his general attitude.

Runners up for the award chosen by their squad leaders were, Bill Phillips, freshman in Education, and Roger Whitney, freshman in Liberal Arts.

HAS UP-TO-DATE FACILITIES

The University of Wichita maintains a modern broadcasting station for KMUW-FM and full editorial and advertising offices for the newspaper, The Sunflower, in the Communications Building on the campus.

C. O. Noel, assistant professor of education, will attend the regular meeting of the Commission for the Improvement of Elementary Education to be held in Topeka, tomorrow and March 21.

The commission, which meets several times a year on call, will discuss problems of elementary education. It is appointed by the state superintendent, and is made up of representatives of every division of education in the state.

It is meeting for the second year, and acts as an advisory group to the schools in the state, according to Professor Noel.

Phys Ed

To Attend Meeting

Miss Gladys Taggart, head of the women's physical education department, and Miss Elizabeth Meyer, instructor in women's physical education are taking a trip to the Central District Association for Health, Physical Education and Recreation convention at Sioux Falls, South Dakota the last of this month.

At pre-convention meetings of the Central Association, Miss Taggart will preside at one session. She leaves for Sioux Falls on March 20, and will return on March 29. The convention dates are March 25-28. Both Miss Taggart and Miss Meyer attending as members from the Central Association.

Basketball Playoffs Enter 2nd Week

The intramural basketball playoffs now are entering the second week of the tournament with still more games to be played.

First Round

In a way, every day is tax day, because of hidden taxes on everyday purchases.

For instance, if you are a family of three with an income of \$3500 a year you pay almost three times as much in other taxes (most of them hidden) as in income tax!

Now we all know taxes are necessary. (This company — like all of America's electric light and power companies — pays out in taxes about 20% of the money it collects.)

But in return, all of us should see to it that our government spends our tax dollars carefully. And it should never spend taxes for what people and businesses can do for themselves. For that way lies socialism.

SETTING UP THE high hurdles for track season are from left to right are Shocker squad members, Clark Massey and Jake Bowles.

Stillwater, March 21

Track Team to Enter Relays

Members of the track team and Coach C. A. Bidwell will journey to Stillwater, Okla., Saturday to take part in the sixth annual Oklahoma A&M Relays. Approximately 15 schools will be entered.

Bidwell will take 12 varsity entrants and 12 freshmen to the relays. The freshmen will enter a freshman meet.

The varsity will enter in the 100 yard dash, 120 yard high hurdles, pole vault, shot put, high jump, broad jump, discus, 440 yard relays, mile relay, and 3,000-meter run.

The underclassmen will participate in the 100 yard dash, 120 yard high hurdles, pole vault, shot put, high jump, 440 yard relays, sprint or medley, mile relay, and the mile run.

Plan To Market New Car

Guard Your Health

Everything's Jake

By Ronnie Bryan
(Assistant Sports Editor)

Basketball referees have a considerable amount of trouble during the season. Apparently one official, up in Iowa, had more than the usual.

Assigned to work a regional tournament game, he arrived at the gym only to find a large crowd at the entrance. One woman in the crowd demanded to know who he was trying to squeeze through the crowd. He then ventured around to a dressing room window.

Another official heard taps on the window and helped him inside. The other odd fact about this incident was that the official who let him in would have to work a game in which the school where he was employed was playing.

Spring sports will officially open Saturday when Coach C. A. (Ab) Bidwell's tracksters go to Stillwater, Okla., to take part in the annual A and M relays.

Taking over the spot left vacant by Jim Valek, Pete Tillman will guide the tennis team this season. Tillman spent two years coaching the Norman, Okla., High School football team.

Basketball season is over at Wichita, but in Seward, Alaska, it is still on the menu. Seward, Neb., and Seward, Alaska, will meet on June 2 in the Alaskan city for a contest.

Kansas University, the team that was not supposed to win the regional NCAA tournament, beat Oklahoma A&M 61-55 for the championship game, thus moving on to the finals.

Here is a good one—Leo Durocher, the fiery manager of the

New York Giants, was recently presented with a book. It was titled "What I Know About Golf." The author, on the cover, was listed as Durocher. He opened the book and discovered that every page in the book was blank.

New Trend

Halt Use of French

Possibly setting the fashion for other Russian satellite nations behind the Iron Curtain, Czechoslovakia has suddenly abandoned the use of French as a diplomatic language.

Instead of French, they've substituted—Russian.

Curry's Works Will Be Shown

Selected works of John Steuart Curry, one of Kansas' most famous artists, will be exhibited at the Municipal Art Museum March 22 through April 12, Dr. Eugene McFarland, director of the Art Museum, announced Monday.

The 36 pieces comprising the exhibition include oil paintings, water colors, lithographs, and drawings.

Mr. Curry, who died in 1946, is noted for his "American Scene" paintings of rural Kansas, and his historical murals on the walls of the Capitol in Topeka.

One of Mr. Curry's best known paintings, "Corn," is in the Murdock collection at the Wichita Art Museum. The other pieces in the exhibit are being loaned by Mrs. Curry and the Joslyn Art Museum, Omaha, Neb.

Plants Grown

(Continued from Page 4)
each year. However, this plant chooses its own time to bloom and won't be rushed.

Bloom Wilts Quickly

The cereus has a white blossom about four inches in diameter that opens at midnight. By dawn the blossom is wilted.

There are several classes using the green house now; however, it is intended mostly for the plant physiology class. The algae for the plant kingdom survey course is grown there also. A date palm tree has grown since one enterprising student planted a few date seeds.

David Blaloch, freshman in Liberal Arts, is attempting to grow some seedless tomatoes with the aid of hormones sprayed on the leaves. There are five tomatoes on the vine now, and soon he will cut them open to see whether the hormones worked in the desired manner.

Uses On Evergreens

Also using hormones as an aid, Ann Klein, graduate student, is attempting to get evergreen cuttings to take root.

A bryophyllum, a tropical plant, has just about taken over the west side of the greenhouse. It has a trunk about half an inch in diameter, with leaves three to four inches long. There are teeth on the edge of each leaf.

Dr. Clinton C. McDonald, head of the botany department, and Miss Skaer take turns, along with a few students, at watering and caring for the greenhouse plants. During the fall semester, the

Lucas Attends State Grade School Meet

Dr. Walter A. Lucas, assistant professor of education, attended the annual convention of the State Organization of Elementary School Principals at Emporia last Saturday.

Dr. Lucas served as a consultant to a group discussion of the responsibility of principals to their teachers, at this fifth annual conference.

The topic for this year's conference was "Elementary School Principals in the Mid-Twentieth Century," Dr. Lucas said. The group discussed various problems principals encounter in their schools.

All elementary school principals in the state were invited to attend.

Student Dies In Car Wreck

Rosemary Ann Rickard, student at the University, was killed last Friday night in a car-train collision in the 700 block on East Thirty-Seventh Street.

Miss Rickard was a junior in the college of Business Administration, and was a member of the Epsilon Kappa Rho sorority and Kappa Phi, girls' Methodist club.

Marketing Contest Terminates June 1

Less than 75 days remain before the deadline for submitting manuscripts, in the Uhlmann Awards Student Contest for 1953, according to the Chicago Board of Trade, sponsor of the contest.

Contest entries must be received by noon Monday, June 1.

The annual contest is intended to stimulate interest among students in the marketing of grain and to develop a better understanding of the functions and operations of the Chicago Board of Trade.

Manuscripts submitted must treat some aspect of marketing of commodities which are traded on the Chicago Board of Trade.

Awards are to be made with a first prize of \$300, second prize of \$150, third prize of \$75, and four

Companies Offer Jobs To Graduates

Two companies will hold interviews this week and next week open to all interested and qualified graduating students. The companies are North American Aviation, Inc., and the Washington National Insurance Company.

R. J. Theibert, representative of the Columbus Division of North American Aviation, Inc., will interview seniors graduating with degrees in Aeronautical, Mechanical, and Electrical Engineering. The interviews will be held on March 26, from 8:30 a.m. to 5 p.m. in the Student Services Office.

All women students with the above mentioned degrees will be considered along with the men.

honorably mentioned of \$25 each going to the under-graduate group and similar prizes to the graduate group.

For further information students may write the Public Relations Department, Chicago Board of Trade, Room 666, 141 West Jackson Blvd., Chicago 4, Ill.

8 The Sunflower

March 19, 1953

Although no offers can be made to advanced ROTC students, Mr. Theibert will be glad to interview them.

Civil and Architectural Engineers interested in becoming aircraft designers are also requested to sign up for the 30-minute interviews.

The Washington National Insurance Company of Evanston, Ill., will interview Liberal Arts and Business Administration graduating students who are interested in going into the insurance business. These interviews will be held on March 20 in the Student Services Office.

The company is interested primarily in men who are seeking salaried sales positions. No previous insurance experience or insurance courses are necessary to receive a position with the firm.

All students interested in these aviation or insurance interviews are requested to come to the Office of Student Services, 105 Administration Building, for scheduling of interviews and to fill out applications.

Annual Teachers

(Continued from Page 1)
professor of art, will show movies dealing with art subjects.

The conference is now an annual event and will serve to help new teachers and new problems and will evaluate the teacher training at the University as it is viewed in the works and personalities of the graduates of the University in their professional fields of teaching.

plants move over to make room for a few animals such as rabbits and hamsters, used for observation in biology courses.

Lose Plants Only Once

"We've never lost a plant yet, except one cold night when the temperature outside was below freezing and we had some very tender plants," explained Miss Skaer.

She also mentioned that there is no thermostat in the greenhouse so it is kept at the same temperature as the rest of the Science Building, about 72 degrees.

"It is fun to work with the greenhouse," ventured Miss Skaer, "but it is very time-consuming." The two instructors, Miss Skaer and Dr. McDonald, agree that it is indeed a great boost to botany and biology classes.
