

War Correspondent Next in Forum Series

Bill Costello

By NEDRA BAKER
Sunflower Reporter

Bill Costello, veteran war correspondent and author, is scheduled to speak at the Student Forum Board lecture at 8:15 p.m., Thursday.

Mr. Costello, who wrote the

first book in English published in Japan after World War II, rejoined the Columbia Broadcasting System Washington staff in May, 1950, after four years as chief of the CBS Radio Far Eastern News Bureau.

His experiences as a foreign correspondent include reporting in the Philippines,

world travel, coverage of the postwar occupation of Japan, and a political campaign tour with Japanese Premier Shigeru Yoshida in a second-class railway car.

As a working journalist and correspondent who has been "on the spot" for years, Mr. Costello knows the problems and the psy-

chological and diplomatic hurdles which face this country.

He is also versed on the mistakes made in the East and the direction in which he feels the U.S. must go.

Students will be admitted to the lecture in the Commons Auditorium by presenting their ID cards.

AWS to Hold Career Meet For Coeds

The Associated Women Students will hold a Career Conference Day, April 5, in the Commons Lounge. There will be a banquet held on the evening of April 4 to open the Conference.

Miss Martha Peterson, dean of women at Kansas University, will be the featured speaker at the banquet.

The Associated Women Students is a national service organization which furthers a spirit of cooperation and friendliness among women students.

This year, some of the fields covered by the Conference are "Religion in the Home," "Personality Factors in Marriage," and "Leadership in the Community."

Any women on the campus are welcome to attend the conference, according to Maribeth Shellenberger, co-chairman of the Conference.

YW Elections Set for Friday

Four University juniors will vie for the presidency of YWCA in elections to be held Friday.

Candidates for president are Kathy Blocker, Liberal Arts; Carolyn Fletcher, Business Administration; Janet Noel and Claudia White, Education. The runner-up in the election will be named vice-president, according to Cathy Waters, vice-president.

Others running for offices are Doris Miller, Business Administration junior, and Marilyn Nease, Fine Arts junior, corresponding secretary; Barbara Doty and Carolyn Meyer, Liberal Arts sophomores, treasurer; and Vicki Basam, Business Administration freshman, and Janis Achelpohl, Liberal Arts freshman, recording secretary.

"Voting will take place in the Rotunda of Jardine Hall from 8 a.m. to 1 p.m. All members are urged to vote," Miss Waters said.

St. Patrick's Day Is Theme of Dance

A St. Patrick's Day theme will be featured at the Engineering Council's annual dance to be held at the Mambo Club from 9 to 12 p.m. Friday, March 16.

All engineering students and alumni are invited to attend the dance. Admission charge will be \$3 a couple.

Bobby Argumedo, Engineering senior, is in charge of arrangements for the dance.

'Europe or Bust!'

Prof to Leave June 22

"Europe or Bust!" This is what you might hear from Dr. Eugene Savaiano, head of the Spanish department, who is presently making plans to spend 14 months in Europe.

By consent of the University Board of Regents last Monday night, Dr. Savaiano was granted a one-year leave of absence from his job on the campus. The leave is to enable him, his wife, and three children to visit Europe. They sail on June 22.

Purpose of the trip, Dr. Savaiano said, is to allow him and his wife to study in four universities in Spain and Italy. In Spain they will study at the Universities of Salamanca, Valencia, and Granada. In Italy they will study at Perugia University.

Mrs. Dorothy Gardner, a University Spanish teacher for seven years who has been working for her doctor's degree at the University of California, Los Angeles division for the past two years, will return next fall to replace Dr. Savaiano on the staff dur-

Examination 'Easy' Says HS Senior

For the past three weeks, next year's freshmen have "sweated out" taking the University's entrance examinations.

One incoming freshman, Marla Dee Tilford, East High School senior, thought the exams were easy.

"The part that was most fun to take was the psychological problems. We all tried to figure out what they were trying to prove," Miss Tilford said.

"I think the tests were handled well. It is really nice not having to worry about them next fall," she concluded.

Business Men To Interview BA Students

Career Day, April 5, means no classes for seniors majoring in business.

Local and national firm representatives will interview business seniors on Career Day. After a general meeting at 8 a.m., interviews will be held in Neff Hall from 9 a.m. to 2 p.m.

"Students will have an opportunity to sign up for interviews with the firms about a week before Career Day," said Max Richards, associate professor of Business Administration.

Sponsors of Career Day are the College of Business Administration and the National Association of Cost Accountants. Professor Richards is Career Day coordinator.

Class Withdrawal Date This Week

This is the last week that students may apply for drop cards without receiving an automatic WF, according to the Registrar's office.

Students withdrawing from classes before the end of the eighth week will be given a letter grade in accordance with the quality of work up to the time of withdrawal.

The grade on a drop card appears in the student's transcript.

Staff to Select Press Queen

Press Queen will be selected by the Sunflower staff at a coffee at 2 p.m. today in the Faculty Dining Room.

Four finalists competing in the contest are Myrna Richardson, Fine Arts freshman; Marita Mann, Business Administration freshman; Shirlee Knight, Liberal Arts sophomore; and Donna Jo Rogler, Education sophomore.

Betty Binter

Betty Binter Wins May Election by Wide Margin

In the earliest May Queen election in University history, Betty Binter, Fine Arts senior, was chosen queen by a 213 vote margin.

May Queen ballots totaled 729, exceeding last year's count by 42.

In the election breakdown, Miss Binter, Shocker Coalition, received 420 votes; Marilyn Wright, Better Politics on Campus Association, 207; and Susan Austin, Phi Sig Fraternity's candidate, 102.

The winning candidate, from Grace Wilkie Hall, is president of Pi Kappa Psi. Miss Binter is also a member of Student Forum Board and Wheatie's secretary.

Crowning of the queen will take place at 7:30 p.m., May 4, in the Commons Auditorium. She will reign at the May Dance following the coronation ceremony, according to Nedra Baker, chairman of the coronation committee.

WU Senior Gets Honors

A University senior has won an audition prize and an appearance with the Amarillo Symphony Orchestra as guest artist and in doing so, achieved his fourth major musical accomplishment.

Garfield

Jerry Garfield, senior pianist, was awarded a \$150 prize March 3 in competitive auditions with the Amarillo group, and is to appear as guest soloist with the Symphony, on March 20. The auditions were open to all pianists regardless of age or training.

Garfield, who recently won the Naftzger Young Artists Award, will repeat as guest soloist March 22 with the Wichita Symphony in Arkansas City.

Last spring, Garfield won the award given at the American Guild of Organists auditions and a Summer Study Scholarship at the Chautauqua Music Camp in Chautauqua, New York.

Garfield is a member of Phi Mu Alpha Sinfonia, majoring in piano and minoring in organ.

High Schools Will View Art Collection

Paintings from the Bloomfield collection including "La Cathedral" by the late Art Department Head, Dr. Eugene McFarland, went on display at East High School, Friday.

The works of art are from Sam Bloomfield's personal collection and from purchases by the Bloomfield Foundation which were presented last year to the University art department.

The exhibit is the first in a series planned for the Wichita high schools and intermediate schools.

Other paintings in the collection include works by T. Hudson, Thomas Cole, Sir William Beechy, F. X. Winterhalter, H. Pickersgill, and Sir Joshua Reynolds.

Set Summer Session Dates

The schedule of courses for the 1956 summer session is now available in the Registrar's Office.

Summer School is divided into three sessions this year. A 10-week session begins June 4 and lasts till Aug. 10. A six-week session is from June 4 through July 13, and a four-week session starts July 16 and ends on Aug. 10.

Students who are presently enrolled at the University and who plan to attend the summer session must make out their schedules for the summer from April 30 through May 16. This will give students a choice of classes which may not be available later, Dr. Worth A. Fletcher, registrar, said.

Registration will be completed in the Gymnasium on June 4.

Probation Results To Be Announced

The Office of Student Services will make public, Thursday afternoon, the results of a study made on the number of students on probation.

This study was made to help the staff members in the counseling department see what the percentage of freshmen on probation is in relationship to the other classes.

Another feature of the study will be a correlation between the students on probation and their averages on the University entrance examinations, according to Dr. George Comstock, coordinator of counseling services.

School Offers Recreational Facilities For Students

In the future, students will know what kind of recreational facilities are available on the campus, according to Dr. Bob Holmer, head of the men's physical education department.

"I want all the students to know what the school offers them in recreational facilities," Dr. Holmer said. He said that many times he had seen students place their clothes along the wall in the Men's Gym because they didn't know that the locker rooms were available to them.

"We not only offer free locker room service," Dr. Holmer said, "but we also have showers for the students' use and we furnish the towels." Other facilities that Dr. Holmer mentioned included tennis courts, weights for the weightlifters, and a trampoline for the acrobats.

"Badminton courts can be made in the Gym and volley ball can also be played," he said, "and there are also three horseshoe courts for use." He said that checkout kits can be obtained for any student organization that would like to use equipment such as softball, volley ball, or badminton for outside activities.

Dr. Holmer, along with Jerry Bupp, is mapping out a long series of intramural sports. Those in effect now are basketball and bowling.

Intramural tournaments in table tennis and golf and intramural track meets are planned for the future.

"I just want everyone to know what is available for their use," he said, "and incidentally, the same facilities will be available during the summer months. I will be here all summer. All the students have to do is contact me."

Sports As 9 See Them

By MILT BRANTLEY
Sports Editor

Baseball is here and with it comes the question of how the Shockers will place in the win-loss column. If optimism can be taken to mean anything, the Shocks should do pretty well this season.

Jerry Bupp, the Shocker field manager, has said that the team looks very good so far this year. He has anticipated a considerable increase in the win column.

Just as last year, the team starts off against Kansas State College. But according to Bupp, "We aren't going to end up like last year." Kansas State beat Wichita two games in a double header.

"Baseball doesn't go over very well here because of the below standard teams that we have had," Bupp said. "I think we can have a winning team this year and show that baseball can be big."

The big word in sports is intramural. The physical education department is trying harder every day to get intramural sports established more soundly on the campus. Dr. Bob Holmer, head of men's physical education, is interested in who would like to participate in intramural sports and what sports they are interested in.

Dr. Holmer, along with Jerry Bupp, intramural director, is trying to expand the choice of student participation sports so that more students can take advantage of the school's facilities.

'Rubber Tilt' Game Scrimmage Ends Spring Drills

Saturday, March 17 at 7:30 p.m. is the time set for the annual spring intersquad football game to be played at Veterans Field.

The action will see Head Football Coach Pete Tillman's "White" team take on the "Black" squad in the "rubber" game of spring workouts. Both teams have won one game.

NCAA Playoffs To Start Tonight

Two teams meeting in the National Collegiate Athletic Association playoffs tonight are not strangers to Wichita's new floor.

The Southern Methodist Mustangs and the Oklahoma City Chiefs have both played Wichita here this season.

The Mustangs will meet the Red Raiders of Texas Tech at 7:30 p.m. and the Chiefs will take on the Memphis State Tigers of Memphis, Tenn. Memphis State has been mentioned as a possible entry into the Missouri Valley Conference.

Tickets are \$2 for adults and \$1 for students.

'Looking Better'

Tillman Lauds Spring Drills

Head Football Coach Pete Tillman has removed the pessimistic mask that he wore during the first week of spring practice.

After the squad's slow start, Tillman admits that the team at this stage of spring practice looks "much better than a year ago at this time."

"We were a bit disappointed the first week because we could re-

member only how strong the boys looked when the season ended. "Our contact is much sharper this spring as is our pass defense, which was a real problem last year. This squad's spirit and contact is the best I have ever seen at Wichita," the coach said.

On Campus with
Max Shulman

(Author of "Barefoot Boy With Cheek," etc.)

HOW TO BE A THUMPING BIG SUCCESS ON CAMPUS

While up in the attic last week hiding from a bill collector I came across a letter, yellow now with age, that dear old Dad had sent me when I was a freshman. I read the letter again and recalled, with many a sigh and not a few tears, what an inspiration it had been to me back in my freshman days. I reproduce it below in the hope that it may light your way as it did mine.

"Dear Son, (Dad always called me Son. This was short for Sonnenberg, which was originally my first name. I later traded it with a man named Max. He threw in two outfielders and a left-handed pitcher... But I digress.)

"Dear Son, (Dad wrote) "I suppose you are finding college very big and bewildering, and maybe a little frightening too. Well, it need not be that way if you will follow a few simple rules.

"First of all, if you have any problems, take them to your teachers. They want to help you. That's what they are there for. Perhaps they do seem rather aloof and forbidding, but that is only because they are so busy. You will find your teachers warm as toast and friendly as pups if you will call on them at an hour when they are not overly busy. Four a.m., for instance.

"Second, learn to budget your time. What with classes, activities, studying, and social life all competing for your time, it is easy to fall into sloppy habits. You must set up a rigid schedule and stick to it. Remember, there are only 24 hours in a day. Three of these hours are spent in class. For every hour in class, you must, of course, spend two hours studying. So there go six more hours. Then, as everyone knows, for every hour of studying, you must spend two hours sleeping. That accounts for another twelve hours. Then there are meals—two hours each for breakfast and lunch, three hours for dinner. Never forget, Sonnenberg, you must chew each mouthful 288 times. You show me a backward student, and I'll show you a man who bolts his food.

"But college is more than just sleeping, eating, and studying. There are also many interesting and broadening activities, and you would be cheating yourself if you neglected them. You'll want to give at least an hour a day to the campus newspaper and yearbook, and, of course, another hour each to the dramatic and music clubs. And let's say a total of three hours daily to the stamp club, the foreign affairs club, and the debating society. Then, of course, a couple of hours for fencing and bird-walking, a couple more for square dancing and basket weaving, and one or two for cribbage and ice-sculpturing.

"Finally, we come to the most important part of each day—what I call 'The Quiet Time.' This is a period in which you renew yourself—just relax and think green thoughts and smoke Phillip Morris Cigarettes.

"Why Phillip Morris? because they are the natural complement to an active life; they are gentle, they are benign, they are tranquil, they are a treat to the tired, a boon to the spent, a haven to the storm-tossed. That's why.

"Well, Sonnenberg, I guess that's about all. Your mother sends her love. She has just finished putting up rather a large batch of pickles—in fact, 350,000 jars. I told her that with you away at school, we would not need so many, but lovable old Mother is such a creature of habit that though I hit her quite hard several times, she insisted on going ahead.

Your ever lovin'

Dad."

©Max Shulman, 1954

Advice to freshmen is not the business of the makers of Phillip Morris, sponsors of this column. But cigarettes for freshmen is. Also everybody else who enjoys a gentle, modern smoke. We mean Phillip Morris, of course!

Election Inefficiency

From this corner we occasionally hand out bouquets, wave a flag, or take a punch at someone. We don't consider this punch "below the belt" for it is not an accusation of anything illegal. Rather it is pointing out a mistake.

When students appeared to vote in the May Queen elections in the Commons Lounge Friday, they first had to pick up their Student Council cards from students working behind desks.

These cards were alphabetized according to first letter, but no further. This caused no end of confusion when the cards had to be shuffled through for every name.

The tragedy of the affair was not that some students had to wait a long time to vote, but that several students became so discouraged they left without voting.

Spring elections are coming soon. Actually, they are considerably more important than queen elections. To make up for Friday's shortcomings, it would be good for the election commissioner to more fully realize his duties, for others to encourage those who gave up voting to try again, and for political parties to conduct a worthwhile, informative campaign.

Two Students Win Speech Awards

Two University students took second and third place in the Kansas State Peace Association meet held last Saturday at Lindsborg.

Janet Noel, College of Education

junior, won third place in the original oratory division with an oration entitled, "Peace." Second place honors went to Dick Gregg, Liberal Arts freshman, in the extemporaneous speaking event.

Press Club to Meet Today

Press Club will meet at noon Tuesday, Rm. 135, Communication Building, for an initiation of new members, according to D. R. Stewart, president.

Geologists Plan Colorado Trip

Easter vacation to most students means home with their families. But the Geology Club plans to travel 1,500 to 2,000 miles on a field trip during the mid-semester vacation.

The explorers plan to leave March 29 and return April 3. Walsenburg, Colo. will be the headquarters for the group.

Food, camp stoves, water jugs, and frying pans dominated the discussion at the business meeting, when plans were made for the trip. Most of the cooking will be made over camp fires. The journey will be made by automobile.

After the meeting, Casey Jones, vice-president of the club, showed slides taken on previous field trips to New Mexico and Oklahoma. He also showed slides of trips he had taken to Pikes Peak, the Black Hills, and Paris, France.

Geology Department Names Bill Ham Top '56 Student

Bill Ham, with a 3.17 grade point average, has been announced as top senior in the geology department, according to Prof. J. R. Berg, head of the department.

At present he is an assistant in the geology laboratory and works on Monday, Tuesday, and Wednesday.

Ham

Following his graduation from East High School in 1952, Ham attended UCLA, but left before his first semester was finished and returned to Wichita to attend the University. He attended Kansas State during one summer term.

Ham was a pre-med major until his junior year, at which time he changed to geology. When asked why he changed his major, he replied, "I really don't know. I'm very interested in structural geology—just fascinated in general by the science of geology."

Ham also said he thought a liberal education was very important. "Take a little of everything and a lot of science," he recommended.

Besides working on his major in geology, he is working on a double minor consisting of economics and business. "My favorite subjects are mineralogy (the science of minerals), and geomorphology (deals with

Honor Grad NYU Speaker

Harry L. Hobson, 1951 University graduate, was scheduled to speak yesterday before the 66th annual dinner of the New York University Law Alumni Association.

The annual dinner took place at the Waldorf-Astoria Hotel, in New York City.

Mr. Hobson was a member of two national honor fraternities here; Phi Alpha Theta, and Phi Sigma Alpha. After graduation, he attended NYU on a Root-Tilden Scholarship, given annually to 20 young men on the basis of academic excellence and "unusual potential for unselfish public leadership."

He will receive his bachelor of laws degree from NYU in June. He is a past staff member of the "Law Review," undergraduate publication, and has won honors in the school's moot court competition.

The BULLETIN BOARD

A representative from the Kansas City office of Ernst and Ernst, a public accounting firm, will be at the University Friday, March 16, to interview seniors majoring in accounting.

Appointments should be made in the Office of Student Services, Rm. 105 Jardine Hall.

The Proctor and Gamble Company representative will be on the campus Thursday, March 15, to interview seniors interested in a sales career.

Appointments can be made in Rm. 105, Jardine Hall.

The Rayflex Exploration Company, Dallas, Texas, will have its representative at the University tomorrow to interview graduating seniors in geology, mathematics, and physics.

Interested students should make appointments in the Office of Student Services, Rm. 105, Jardine Hall.

Newman Club will meet at 7:30 p.m., today, in the Blessed Sacrament Church gym. Dr. James F. Quinley will speak on "Science and the Church."

A representative of the Mutual Benefit Life Insurance Company will be on campus March 20 to interview senior men. Appointments should be made in advance at the Office of Student Services, Rm. 105, Jardine Hall.

Dr. Kenneth Andrews, from the mathematics and physics department of Friends University, will speak at 7:30 tomorrow night to the University of Wichita Physics Club, Rm. 204 of the Science Building. Dr. Andrews will speak on "The Unit of International Measurement of Length."

Home Economics Club will hold a meeting March 13, at 7:30 p.m. in Rm. 318, Jardine Hall. A discussion will take place on interior decoration.

A party and dance is planned for 7 p.m., March 17 at the VFW Outpost on East Harry street by the Geology Club.

Admission will be \$2 a couple. Tickets may be purchased from the following Liberal

Art students: Inalee Reno, sophomore; Casey Jones, junior; and Gordon Keen, senior. Everyone is invited according to Inalee Reno, secretary-treasurer of the Geology Club. For details call Miss Reno at Extension 377.

A representative from North American of Los Angeles will be on campus March 26 to interview engineering seniors. Appointments should be made in advance at the Office of Student Services, Rm. 105, Jardine Hall.

Alpha Kappa Psi, professional business fraternity, will be host at 8 p.m. March 14 to Paul Jernigan, of the Penn Mutual Life Insurance Company. Mr. Jernigan will speak to the group on "Big Little

THE SUNFLOWER

March 13, 1956

Things in Selling." The meeting will be held in the Commons Lounge.

A representative from the Civil Aeronautical Administration, Department of Commerce, will be on campus March 28 to interview engineering seniors. Appointments should be made in advance at the Office of Student Services, Rm. 105, Jardine Hall.
