Action Taken on Grade Point Indexes

State Aid Funds Cut Two-thirds; Amended Bill May Net WU \$360,000

Although the University's plea for \$1.5 million a year in state financial aid was cut to less than one-third the amount requested, educators here agree the action in Topeka last week was "a step in the right direction."

Votes Amend Bill

The State Senate education committee voted to amend the bill asking for state aid for 14 junior colleges to include the municipal universities at Wichita and Topeka, which sought assistance on a separate bill.

This legislative action would give aid to the 16 Kansas schools amounting to about one million dollars the first year. The University would receive about \$360,000, Washburn would get \$125,000 and about \$550,000 would go to the 14 public junior colleges.

Merger Follows Hearing

Merger of the two bills, followed hearings in Topeka last week when representatives of schools included in provisions of the bills presented individual cases to the education committee.

At least two senators on the committee agreed to send the final draft to the Senate floor for debate with the provision they would oppose it on the floor.

Would Aid Froshs and Sophs

Financial assistance on the amended bill would be granted at the freshman and sophomore levels at the rate of \$5 per credit hour. The University's bill asked for

support of the complete four year program.

The bill now faces approval by the Senate, House of Representatives and Governor George Docking before it becomes a reality.

Arnold Air Visits Base

The Arnold Air Society of the Air Force ROTC visited Nellis Air Force Base, Las Vegas, last week.

The group left Thursday at 1:30 P.M. and arrived in Las Vegas around 3:00 P.M., according to Air Force Captain C. B. Erickson.

The men traveled in a Boeing C-97, four engine strato-cruiser. The base is a fighter-gunnery school for jet pilots. The 90 Arnold Air students toured the base and studied fighter-gunnery techniques.

Accompanying the students were Capt. Erickson; Lt. Col. Elmon R. Cobb, professor of air science; and two faculty members, Dr. Worth A. Fletcher, registrar, and Prof. C. B. Read, mathematics department head.

Since Winter Came

SPRING ISN'T FAR BEHIND or at least it wasn't Friday with an onslaught of warm weather. Three coeds in the sun are Mary Frances Watson and Carolyn Hildyard, Liberal Arts sophomores, and Barbara McIlree, Education sophomore. (Sunflower Staff Photo.)

'Don Juan' Program Set

A program based on "Don Juan" will be presented at 8 p.m., Friday in the recital hall of the Fine Arts Center by the Spanish Club.

Various media and treatment of characters will be represented. Selections in Spanish, from the seventeenth and nineteenth century theater and from George Bernard Shaw's "Man and Superman" will be featured.

Dr. J. Gerald Markley, assistant professor of Spanish, will direct the Spanish drama excerpts.

Students from the speech department will do readings from "Don Juan in Hell" under the direction of Mrs. Mary Jane Woodward, assistant professor of speech.

Three arias from the opera "Don Giovanni" by Mozart will be presented by the School of Music.

The program will be open to all who wish to attend.

New Officers Named for AWS

Associated Women Students named Jackie Hicks president and Donna Jabara first vice-president in the Friday election of officers and representatives.

Second and third vice-presidents are Diane Copeland and Grace Kissell. Sandra Berg and Mary Lee Scott will serve as secretary and treasurer.

Senior representatives elected to the council are Coleen Dreher, and Deane Fortney.

Rhonda Rossow, and Mary Frances Watson, are junior representatives. Sophomore representative positions were won by Ann Thompson and Suzanne Evans. A total of 194 votes was cast.

President Maurita Hurtig announced that the new officers and representatives will be installed on April 12 at the Big Women on the Campus banquet.

Each University organization

SC Urges Groups To Itemize Needs

Campus organizations, in need of financial aid for the next academic year, are urged to mail a list of past year's expenses and revenue along with an itemized accounting of anticipated expenses for next year to Nick Wilson, Student Council treasurer.

The deadline for these applications has been extended to Friday.

Career Day Planned For March 28

"Preparations for professional life includes learning how to apply for a job," said Alton C. Harness, assistant professor of business at the University. With this in mind, the third annual Career Day is being planned.

Professor Harness, who is Career Day coordinator, said that 1957 graduating seniors at the University will meet representatives from some 30 business and industrial concerns in the Wichita area, March 28, in Neff Hall.

To Discuss Careers

The day-long event is designed to give students a chance to meet business representatives, to discuss career opportunities, and to learn about individual company programs.

Career day is jointly sponsored by the University College of Business Administration and Industry, and the Wichita Branch of the National Association of Cost Accountants.

The annual event makes it possible for students to get a broader understanding of industry's needs and at the same time gives local businesses the opportunity to discuss the advantages offered to college trained men and women.

Private Interviews Planned

Each participating firm will be allotted a room in Neff Hall for private interviews with students.

Bob Gadberry, assistant vice-president in charge of public relations for the Fourth National Bank, will be the speaker at a general session at 8 a.m.

It will be necessary to sign up for interviews in Dean William A. Nielander's office, Rm. 102, Neff Hall.

'C' Average Rule Passed By Faculty

Grade points are to become increasingly important as the result of action taken Wednesday at a meeting of the faculty.

A "C" average (2.000) will be required for graduation at the University beginning with students who enroll in college for the first time on or after Sept. 9, 1957.

Faculty Approves Action

This was approved by the faculty when it met in the new Recital Hall in the Fine Arts Center. The recommendation was submitted to the faculty for approval by the Curriculum Committee, headed by Dr. J. R. Berg, of the geology department.

The grade point average will be computed using all credit hours in which the student has been enrolled that count toward a degree in the student's college, other than WD hours. A "C" average must be maintained in the student's major.

A change in the University calendar for the 1957-58 school year was also given approval at the meeting.

Elective hours, until they are fully satisfied, must also be included in the 2,000 criterion.

The proposed establishment of a faculty senate which would have legislative power failed to gain committee approval.

However, President Harry F. Corbin indicated that the matter could be brought up for consideration again at any time.

The committee's recommendation that the senate not be established was presented by Chairman Donald Cowgill and received no dissenting votes.

Probation Hits 806 First Term

Eight hundred and six students were placed on probation first semester and only 366 re-enrolled second semester, according to Dr. George Comstock, coordinator of counseling.

The School of Engineering took the greatest loss with 301 students placed on probation. Fourteen students changed to other schools.

Two hundred and sixty-two Liberal Arts students were on probation with 10 students changing to other schools.

The school having the third largest number of student on probation was the Business Administration with 149. Seven students changed from Business Administration.

Mrs. Jane Curry, of Student Services, computed the figures in an analysis of the probation list.

Art Department Head Feels At Home in New Position

By DAVID CALICO
Sunflower Staff Reporter

The job of administrator is not a new one for Dr. John Simoni, recently appointed head of the art department.

Dr. Simoni was head of the art department at Baker University at Baldwin, Kans., for 17 years before coming to the University.

Happy With Job

Dr. Simoni said that he was happy that he was picked for the job. "I feel quite at home in this kind of work."

In addition to his administrative work, Dr. Simoni teaches classes in Philosophy of Art, Art Curriculum and Supervision, and History of Art.

Dr. Simoni holds degrees from Colorado State College of Education and Ohio State University. During the war, he was in charge of civilian education in military government in Italy.

Hired in '55

Dr. Simoni was hired by the University in 1955. In October of that year, he was severely injured in an automobile accident. Dr. Eugene McFarland, then art department head, died in the same mishap.

"For almost two months following the accident, I didn't realize where I was. I talked to people, but I didn't remember a thing that took place during that time. It was just a few days before Christmas when I woke up and realized that I was in the hospital," Dr. Simoni said.

With the exception of an ankle that is slightly stiff, Dr. Simoni feels that he is fully recovered from his injuries.

Dr. John Simoni

Education Junior To Head Wheaties

Martha Reagan, Education junior, was elected president of Wheaties, women's pep club, Wednesday night.

The new vice-president for Wheaties is Shirley Treat. Sandra Broers was elected recording secretary.

Barbara Garlow was elected corresponding secretary; Reta Nestor, treasurer, and Janice Hart, recorder.

Elected Pep Council representative was Suzanne Evans.

The installation of the officers and initiation of new members will take place at 5 p.m. Wednesday, at the Sorosis Sorority house.

A banquet will follow the installation.

2nd Semester Records Show 5,026 Enrolled at University

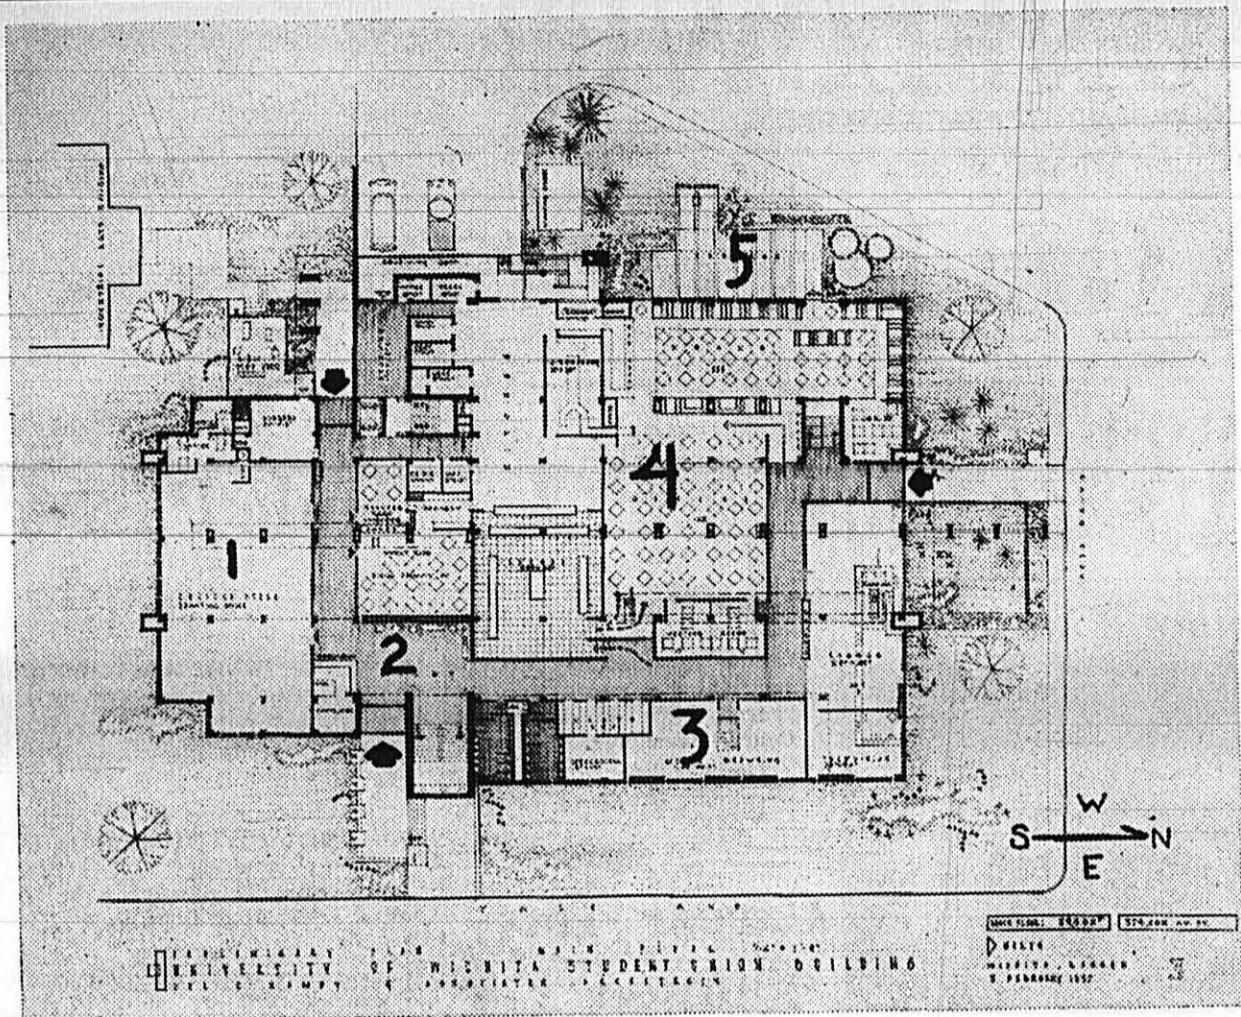

Official second semester enrollment figures released last week by Dr. Worth A. Fletcher, registrar, revealed a total of 5,026 students attending the University.

This total surpasses by 839 the previous record for second semester enrollment set in 1956 when 4,187 students registered.

An analysis of enrollment by classes shows 1,351 freshmen, 1,132 sophomores, 615 juniors and 775 seniors.

College of Liberal Arts and Sci-

ences leads enrollment with a total of 1,239, followed by the School of Engineering, 1,214, College of Business Administration and Industry, 767, College of Education, 618, College of Fine Arts, 355, College of Adult Education, 387, and Graduate School, 446.

THE GROUND FLOOR of the Campus Activities Center will feature the following facilities: 1.) a college store; 2.) lobby area; 3.) recreation facilities; 4.) dining area and kitchen; and 5.) terrace.

New Activities Center 'To Have Everything'

By RICHARD STITES
Sunflower Reporter

The proposed Campus Activities Center will have everything—including several kitchen sinks—when it opens to students and faculty in September, 1959.

Construction of the two-story structure with a basement will get under way next January. The project will be completed in 18 months at an estimated cost of \$1.8 million.

Money Well Spent

The money will be well spent. Facilities in the present Commons Building are inadequate, lacking many activity rooms normally provided in a student union.

Future visitors to the completed building will find a multitude of activities available to students, faculty, alumni, and friends of the University.

The main entrance of the building will be on the east side of the structure. An information desk will be located in the lobby to direct persons to various activity rooms.

A college store on the first floor will feature books, school supplies, and a browsing area where current best sellers will be shelved. The store will be located in the south portion of the building.

Space For 750 Diners

Dining facilities and various meeting rooms will be housed on the first floor, including a corral-type service that will accommodate

750 diners per hour. The main dining room will have space for 182 diners with two adjoining rooms for small parties. A partition separating the two rooms can be folded to seat 40 people in the combined area.

A snack bar with one meeting room will seat a total of 230 people. The dining facilities are to be located so that an overflow of diners in any of the rooms can be handled in an adjacent unit.

A terrace at the west side of the building will be used for outdoor eating when weather permits. The Wheat Room will handle about 60 diners and will feature table service for students and faculty members.

Old Eating Facilities Discontinued

The Shocker Room of the Commons Building will be duplicated in the new Center. It will seat approximately 20 persons and will be used for special occasions. Eating facilities at the Commons Building will be discontinued when the student union building is completed.

Rounding out facilities on the first floor will be areas adjacent to dining rooms where food will be prepared.

Firms Plan Interviews

Representatives from three business firms will be on campus Tuesday, Thursday, and Friday, to interview seniors.

W. T. Grant Company representatives will be here Tuesday, March 19 to interview seniors in Business, and Liberal Arts.

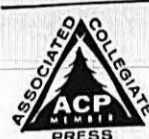

Seeking seniors in Business, Liberal Arts and Engineering will be representatives from Jones and Laughlin Supply Division, March 22.

Representatives from Dow Chemical Company will interview seniors in Engineering, Chemistry, Physics, Accounting and Business, March 21.

HERE'S YOUR CHANCE

to get the full story of engineering opportunities in America's most dynamic industry... aviation!

Temco Aircraft Corporation — one of the fastest-growing organizations in the industry — is sending an engineering representative to your campus to discuss with you personally the exciting Temco story of outstanding opportunities for young engineers.

WHAT'S YOUR SPECIAL INTEREST ?

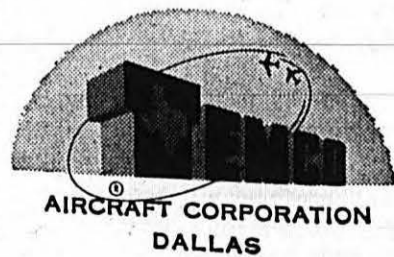

Right now, Temco offers immediate opportunities to creative young engineers in a wide range of design and development activities including trainer, utility and reconnaissance-type aircraft; high speed drones; guided missiles; and airborne electronic systems. Research and development programs are continuously being conducted both under contract to the armed services and as private ventures financed entirely by Temco.

In a recent seven-month period, the Navy awarded Temco three prime contracts for aircraft and missiles: the TT-1 primary jet trainer; the XKDT-1 rocket-powered target drone; and a guided missile weapons system still under security classification. Other advanced aircraft, missiles and weapons systems are currently being designed and developed at Temco.

These are typical of the kind of Temco projects that can move you to the top fast. Temco's unique position as one of the fastest-growing companies in the industry opens up exciting starting opportunities for graduate engineers. Make your appointment today!

Place 318 on Honor Roll

Three hundred and eighteen University students, through their academic achievement, have been named to the Dean's Honor Roll for the first semester.

College of Liberal Arts placed 121 students. Forty-six students were from the College of Business Administration and Industry, 59 from the School of Engineering, and 55 from the College of Education. The College of Fine Arts boasted 37 honor-roll students.

These students represent the upper 10 per cent of their respective colleges. Only students enrolled in at least 12 semester hours and with a 3.00 index were considered.

Liberal Arts Freshmen
 Liberal Arts freshmen: Stephany Grishan, Lawrence Newberry, Barbara Garlow, Marilyn LeClerc, Nathalie Smith, Gerald George, John Mattis, Marilyn Byrd, Carl Boschult, Elaine Davis, Arthur Ferrill, Donald Flory, Leo Malone, Esther Aberle, Jerome Laham, Judith Robbins, Jerome Taylor, Don Price, Jack McCune, Mary McMullen, Gary Carrico, Sandra Schenck, Ann Thompson, Max Melton.

Robert Denton, Patricia Reagan, Bruce Bogart, Edwin Gleason, James R. Carlson, Mary Snavely, Karen Pyles, Barbara Wisman, Howard Solomon, Bruce Duvall, Mary Hurrell, Helen Lawler, Robert Pope, Leslie Wilson, Richard Davis, George Van Arsdale, Thomas Floyd, Mary Longenecker, Robert Pendergraft, Linda Ehart, Clara Harper, Bruce Hukle, Glen Johnston, Elizabeth Kirkendall, Janet Weaver.

Liberal Arts Sophomores
 Liberal Arts sophomores: Barbara Parker, Judith Mayer, Joan Strohmeier, George Sweet, Gwendolyn Dickhut, Mary Watson, Esther Rush, Elsa Haupt, Christine Loriaus, Olen Earnest, Lynne Davis, Sharon McNeil, Mary Simmonds, Donna Jabara, Carolyn Hildyard.

Richard Duncan, Shirley Spohn, David Zoller, Don Beauchamp, Robert Corfman, Jerry Rathel, Leola Cooper, Gary Schraeder, Kathryn Macivor, Craig Gardner, Annette Wiehl, John Woodward, Richard Will, Ronald Woodbridge, Richard Gregg, Barbara Harris, Dale Lucas, Marlys Rupp, Diane Copeland, Regina Howard, Robert Gertels, David Ferman, William Mork.

Juniors and Seniors
 Liberal Arts juniors: Byron Hays, Richard Ruth, Barbara Krotz, Robert Johnson, Troy Majors, Donald Oglesbay, Eva Shaw, Charles Fry, Richard Balay, Elizabeth Harms, Edward Salm, Paul Nickulla, Jerome Pitts, Robert Rowton, Charles Williams, Jimmy Bowman, Don Rude.

Liberal Arts seniors: Leon Burright, Charles McCarty, Roberta Sallee, Beverly Spring, Wiley Folger, Jeanne von Wormer, Janet Horn, Arlie Becker, Billy Powell, Frederick Lewis, Gayle Presley, David Burns, Larry Downey, Charlotte Cole, Robert Van Huss, Kenneth Berg, Alexana Petroff, William Jones.

College of Business
 Business freshmen: Marla Tilford, William Wells, Frances Stomp, Marilyn Bettega, Marjorie Hunt-singer, Sharon Ingersoll, Sandra Peer, Janice Douglas, Carol Everhart, Edward Hughes, Patricia Raymond, Joan Veach.

Business sophomores: Patricia Davis, Richard Kunkle, Jerry Chance, Marilyn Faulkner, Jim Unruh, Donald Krone, Robert Hinderliter, Martha Brown, Jack Short, James Miner, Kenneth Meredith.

Jerry Chilcoat, Marlon Alley, Connie Bartles, Paul Mahan, Carole Morris, Keith Cogswell, Vernard Blue, Eva Shaw.

Business juniors: Victor Barker, William Kirkpatrick, William Heaston, Jack Smith, Larry Wilderom, John Zakas.

Business seniors: Donald Vannoy, Charles Henel, Richard Hesse, Cleo Ellis, Robert Howell, William Swenson, Sheridan Morgridge, Donald Tener, Darrell Burnett, Frank Ross.

School of Engineering
 Engineering freshmen: Wiley McKinzie, Jack Morris, Lynn Hershey, James Crepps, Donald Small, Janice Skelton, Frank Wright, James Wright, James Hendricks, Joe Westwood, John Leslie, Lloyd Blurton, Herbert Neil, Jerry Pilkington, Charles Burke.

Engineering sophomores: Edmund Reznicek, William McClain, Loren Newton, Wayne Harader, Gell Bachman, Clayton Sturgeon, Daniel Rogge, Louis Johnson, Jackson Huang, John Davis.

Engineering juniors: Walter Rohling, Charles Carpenter, William Childress, Roy Norris, Robert Strat-

ton, Curtis Glatt, Larry Hartz, George Thompson, Maurice VanDusen, Jerry Howard, Irvin Decker, Robert Eberly, Myron Walter.

Engineering seniors: Harold Spahr, Robert Moffett, James Shafer, William Motzkus, Gene Maxon, Robert Elliott, Robert Lamb, Charles McConnell, Kenneth Harper, Duane Chichester, Charles Harper, Charles Mullen.

College of Education
 Education freshmen: Suzanne Evans, Sandra Stewart, Rosa Hirt, Catherine House, Dorothy McClure, Beverly Carpenter, Laura Wilcox, Judy Howard.

Education sophomores: Anita Greene, Barbara Doty, Sally Kasperek, Barbara McIlree, Nancy Emmond, Marcene Solomon, Betty Martin, Lois Strand, Derold Becker, Patsy Galloway, Judith Martin, Har-

riett Campbell, Sandra Bachman, Thelma Trovillo.

Loren Eastburn, Frances Parker, Carole Sperry, Sharon Chester, Carolyn Fitzpatrick, Jerry Cooper, Doris Nisbet.

Education juniors: Jacquelyn Keeler, Janet Martin, John Ransom, Wallace Paddock, Sharon Good, Dieter Daub, Lorene Fabrizius, Calvin Schwartzkopf.

Education seniors: Ruth McClurg, Janet Noel, Claudia White, Esther Wright, Nancy Hanks, Larry Cornelsen, Alys Richardson, Phyllis Brown, Ruth Greenwood, Libby Goodman, Maurita Hurlik, Leta White, Geraldine Scott, Dale Churchman, Fern Greathouse, Mahala Hayes, Delores Johnson.

Shocks Choose Best Opponents

The University basketball team chose its all-opponent basketball team for the 1956-1957 season last week.

Jim Krebs of the Southern Methodist Mustangs led the balloting, and the Mustangs also received the honor of being named the best team faced by the Shocks this season.

The Shocks placed four Missouri Valley conference players on the first-all opponent team. No opponent received unanimous support; however, Krebs missed unanimous support by two votes. Rounding out the first five were Red Murrell of Drake, Oklahoma A & M's Mel Wright, Detroit's Bill Ebben, and Barney Cable of Bradley.

The St. Louis Billikens were voted the annual team sportsmanship award by the cagers of Ralph Miller, edging Western Kentucky

Intramural Bowlers Meet at Sky-Bowl

Intramural bowling will begin Thursday at the Sky-Bowl, 4502 E. 13th Street.

The league will be composed of four-man teams. Games will be played every Tuesday and Thursday from 3 to 5:30 p.m. Cost will be \$1 for three lines. Total pin scores will be kept.

Entries may be submitted to Rm. 106, Fieldhouse. A team captain should be designated on all entries.

WU Hosts A A Tourney

The University played host to the Kansas State Class AA High School Basketball tournament last weekend. This was the first time the University has sponsored the double A tournament. The tournament started Thursday, March 14.

There were eight teams entered in the tournament. The entrants were Wyandotte of Kansas City, Rosedale of Kansas City, Topeka, Parsons, Wichita East, Dodge City, Wellington, and Salina.

The average turn out for each game was between three and four thousand. Members of the Shocker Cage team played host to the different ball clubs.

The tourney gave the college coaching staff in this area a chance to get a first hand view of the prospective college candidates.

'Mural Finals

Dormites and Triple A's will meet at 8 p.m., today, in the finals of the intramural basketball tournament at Henrion Gym.

Triple A's, who finished second in the Gold League during regular season, play, earned a berth in the finals by nipping highly-touted Fantasylanders, 42-40. Harlan Kaselman led the winners with 15 points. Bob Liles topped Fantasylanders with 14.

Dormites crushed D.J.'s, 76-20, in the other semi-final contest. Ben Kubes poured in 23 points to lead the winners.

How to make the most of your engineering career, ONE OF A SERIES

go where research gives you plenty of service

Many things can help—or hinder—your progress in engineering. One such is the kind of research available in the company you join.

This, by no coincidence at all, is another area in which Boeing can be of real help to you. Boeing backs its engineers with one of the most extensive arrays of research laboratories in the industry. In addition, electronic computing and data processing equipment gets you the answers you want—fast. So do such facilities as the huge Boeing Flight Test Center. And the Boeing wind tunnel, most complete and versatile privately owned tunnel in America. This outstanding facility, capable of velocities up to Mach 4, is at the full-time disposal of Boeing engineers. It has enabled Boeing to gain more wind tunnel time in the field of jet aircraft than any other company.

These facilities help Boeing engineers maintain leadership in advanced fields of flight. They help Boeing research engineers and scientists extend the boundaries of knowledge in many fields. They could help you get ahead.

At Boeing you'd enjoy many other advantages; a high starting salary, career stability, a liberal retirement plan and company-paid graduate study programs. There are family advantages too; a choice of three sections of the country, each with excellent housing and schools, shopping centers and abundant recreation facilities for the whole family!

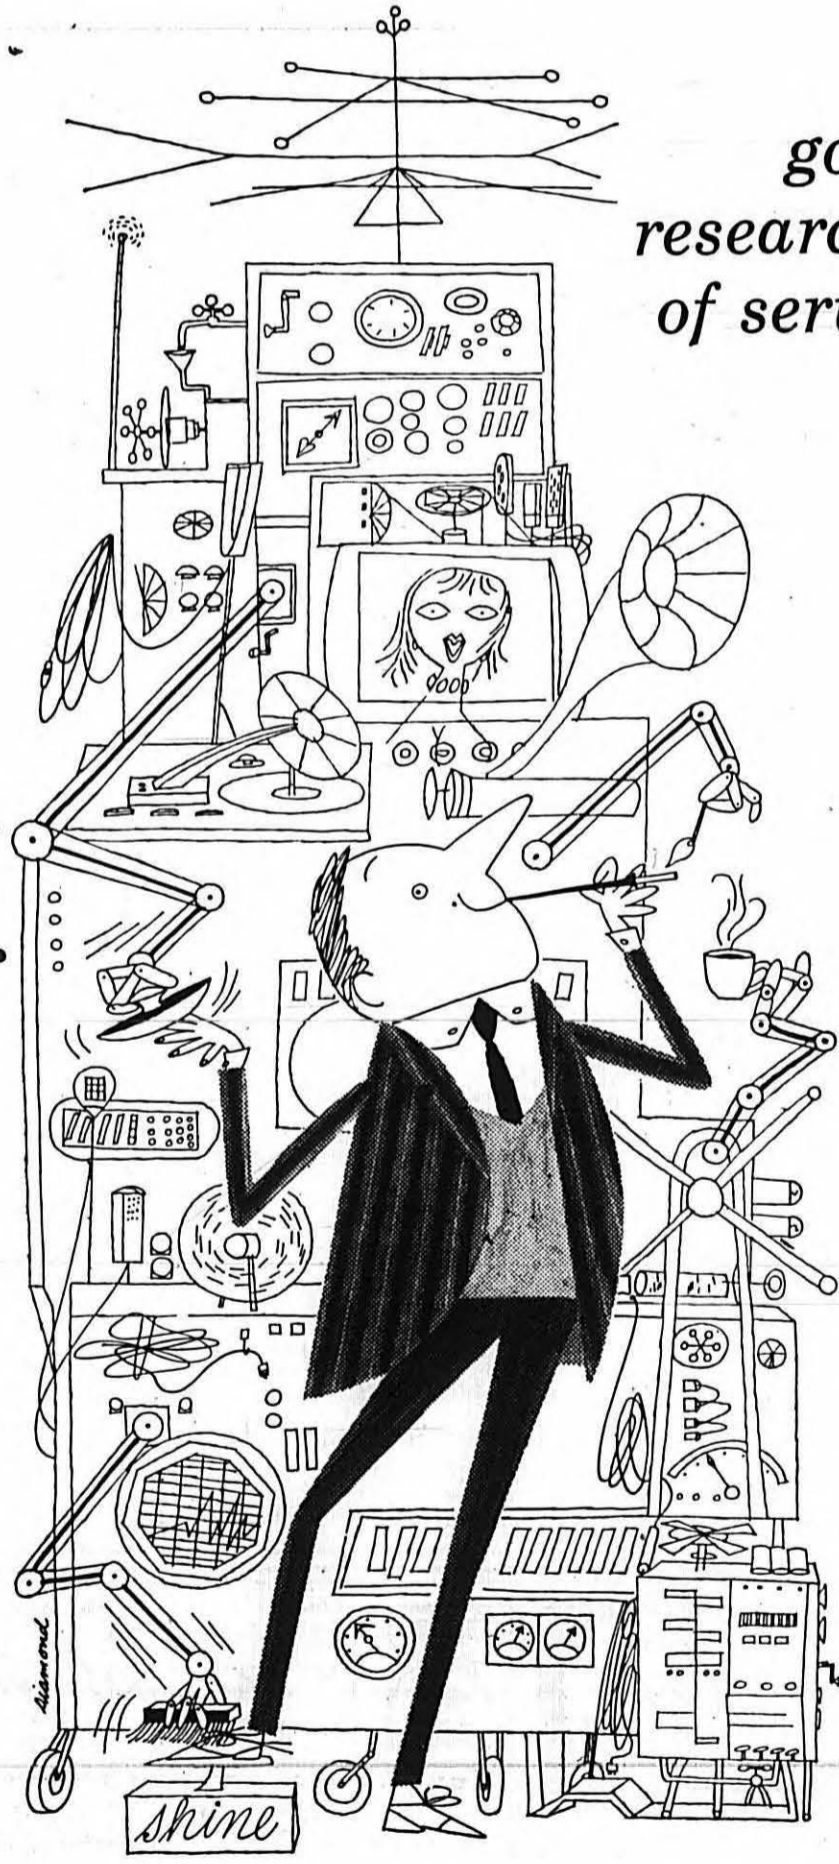

NOW is the time to start planning ahead. Consult your Placement Office, or write:
