

THE SUNFLOWER

OFFICIAL STUDENT NEWSPAPER

UNIVERSITY OF WICHITA, WICHITA, KANSAS

Volume LXI—Number 52

May 7, 1957

MAY QUEEN ARMIDA ROMERO reigned at the closing of campus May festivities, Friday night, in the Commons Auditorium. Miss Romero, who was selected in the last general campus election, is an Education senior and a member of Alpha Tau Sigma Sorority.

Sorosis, Phi Sigs Take Hippodrome Honors

Sorosis Sorority and Phi Upsilon Sigma Fraternity took top honors in the annual Hippodrome activities Friday.

Alpha Gamma Gamma Fraternity was awarded second place.

Warwick Awarded Best Act

Ken Warwick, Liberal Arts senior, was awarded best individual act for a series of monologues between skits.

The theme of this year's Hippodrome was the "Roaring Twenties."

Sorosis presented the music of George Gershwin while Phi Upsilon Sigma satirized Hollywood in the silent movie days.

The Gamma skit was entitled "And Then Came Jazz." It traced the development of jazz on Basin Street in New Orleans.

Websters Withdraw Skit

In an unexpected move, the fourth participating organization, Men of Webster Fraternity, withdrew from Hippodrome at 9:45 a.m. Friday, Hippodrome Chairman Don Rude announced.

The Websters were scheduled to present a skit entitled "The Great Locust Plague of the 1920's." Gil Tatman was chairman of the project.

Rude said that to his knowledge this withdrawal was unprecedented in the history of Hippodrome. However, through the cooperation of the master of ceremonies, Ter-

(Continued on Page 2)

WU Takes First Step Toward Nationalization

The University's first steps toward sorority and fraternity nationalization were crystallized yesterday with the opening of Greek Week. These three days have been designated by the administration as a time for national representatives of 24 organizations to come to the University to meet the members of local organizations.

New Mortar Board Members 'Tapped' At Hippodrome

New members of next year's Mortar Board were chosen last Friday night in the "tapping ceremony" concluding the annual Hippodrome activities.

The 10 women were chosen on a basis of leadership and scholarship at the University.

The women tapped were Sandra Berg, Ellen Burmeister, Jeannine Chilecoat, Jody Evans, Jackie Hicks, Donna Jabara, Grace Kissell, Barbara Parker, Cindy Rader, Martha Reagan.

Members Tapped at Hippodrome

Outgoing Mortar Board members tapped the new members as they sat in the audience in the Commons Auditorium.

Miss Berg is an education major. She is a member of band, orchestra, and the trumpet trio. She has been secretary of AWS, president of Grace Wilkie Hall, corresponding secretary of Mu Phi Epsilon sorority, secretary MENC council.

Miss Burmeister, also a music major, has been president of Mu Phi Epsilon sorority, secretary of Tau Beta Sigma, a member of A Capella choir, and MENC council.

Miss Chilecoat Also Chosen

The current president of the Pan-hellenic council, Miss Chilecoat is an art education major.

She is secretary of the junior class, secretary of Kappa Pi, and a member of Delta Omega Sorority.

Miss Evans, an education major, is secretary of the Student Forum Board, co-chairman of Greek Week, a member of Pan-Hellenic council, Air Force Angel Flight, Kappa Delta Pi, and Alpha Tau Sigma Sorority.

Newly elected president of AWS, Miss Hicks is a junior class officer, Student Forum Board member, a member of orchestra, Kappa Delta Pi, Mu Phi Epsilon, the Wichita Symphony orchestra, secretary of Sorosis. She is a music education major.

Miss Jabara, a business major, is a member of Pep Council, Pi Kappa Psi sorority, Young Democrats, and is vice-president of AWS.

Miss Kissell Honored

A music education major, Miss Kissell is secretary of a national music sorority, Mu Phi Epsilon. She is third vice-president of AWS, a member of Kappa Phi Methodist sorority, the A Cappella Choir, and the Madrigal Singers.

Miss Parker, a psychology major, is treasurer of Student Forum, and is a member of Alpha Tau Sigma, and the sociology club.

A cheerleader, Miss Rader is (Continued on Page 2)

The schedule for the national representatives will include a briefing breakfast, "Greeks Meet Greeks" sessions, luncheons with President Harry F. Corbin, visits with the dean of students, and dean of women, tours of the campus, and visits to the sorority and fraternity houses.

Following the close of Greek Week at noon tomorrow, there is to be no contact between the local groups and national groups, according to Dr. James K. Sours, dean of students.

Organizations Prepare Brochures

In preparation for Greek Week, local sororities and fraternities have prepared brochures about their organizations. Included in each brochure is a history, financial report, scholastic standards, constitution, report on nationalization, and group activities.

The final portion of Greek Week will be held tomorrow morning at an evaluation session for the national groups. Dr. Sours said that following this session, steps toward the University's future for national groups will be taken. "However," he stated, "the groups' future lies with the national groups, who must also decide whether or not they definitely want to come to the campus." To date, the national groups have only said they would be "interested" in procuring chapters at the University.

Under the provisions which have been set up by the University, none of the local groups will be allowed to go national before January 1, 1958. At this time, local groups who do not want to become affiliated with national organizations, may stay "local."

To Be No Colonization Now

Dr. Sours said that for the present time colonization would be "out of the picture."

In order that a more agreeable plan for preferencing may be (Continued on Page 5)

Seventy-eight Students To Be Honored at Convocation

Seventy-eight University students will be honored at the third annual Honors Convocation to be held in the Commons Auditorium Thursday at 9:30 a.m.

President Harry F. Corbin will preside at the convocation which will feature the honors address given by Dr. Lambertus Hekhuis, dean emeritus and head of the department of philosophy and religious education.

46 Seniors Maintain 3.000

The group is lead by 46 graduation seniors, who have maintained throughout their collegiate career an academic record of at least 3.000. Nine members of the graduating senior group have a scholastic record of at least 3.750.

Class honors will be awarded to students not graduating but who have a scholastic record of at least 3.750. This group includes 2 seniors, 5 juniors, 11 sophomores, and 14 freshmen.

The convocation will consist of an invocation by T. Reese Marsh, dean of the College of Adult Education, followed by the University A Cappella Choir singing two selections directed by Harold A. Decker, professor of voice and choral music. The choir will sing "Yonder, Yonder," a Russian folk song, and "Joshua Fit the Battle of Jericho," by Jester Hairston.

The nine graduating seniors with academic records of 3.750 are Lyndal Bales, Merlin Briner, Arlene Burnham, Leon Burrington, Lester Fortney, Janet Noel, Janet Regier, Harold Spahr, and Esther Wright.

The remaining graduating seniors who have maintained at least (Continued on Page 5)

Summer Theater Tryouts For Comedies Open May 8

Cast and crew tryouts for the summer theater season will begin May 8 and 9 at 7 p.m. on the Commons Auditorium stage, according to Dr. Eugene Hoak, head of the speech department.

All students, staff, faculty, school children, and towns people are invited to try for an acting role or apply for a crew assignment for the two comedies scheduled for the summer. The comedies are the "Fourposter," which requires one man and two women, and "Mrs. McThing," which requires eight men, nine women, one boy, and one girl.

The two plays were successes on Broadway. The "Fourposter" featured Jessica Tandy and Hume Cronin. "Mrs. McThing" featured Helen Hayes.

According to Dr. Hoak, these plays are the first major productions to be done in Wichita during the summer season and will be presented in the new air conditioned Fine Arts Center theatre.

"Here is an opportunity for fun and an escape from the heat and a wonderful way to celebrate the Fourth of July or a vacation weekend," Dr. Hoak said.

Directors of the plays will be Dr. Hoak and George Goodrich, assistant professor of speech. Production dates for the plays

Ohio U Selects Janet Noel

Janet Noel, Education senior, has been awarded a two-year assistantship in the department of human relations at Ohio University, Athens, Ohio.

The assistantship will carry an annual stipend of \$1,600 plus tuition, Miss Noel said. As partial fulfillment for a master's degree, she will work in the student personnel office at the University.

Miss Noel is the present Student Council president, Pi Sigma Alpha president, Delta Sigma Rho president, a member of Mortar Board, past president of Debate Club, vice-president of YWCA, and a member of Sorosis Sorority, the Parnassus Staff, and Kappa Delta Pi.

Editorial

Dream Nears Reality

A dream may be in the process of coming true on the campus this week.

Long anticipated by our sororities and fraternities, nationalization appears to be just around the corner. The first University sanctioned Greek Week is in progress. Representatives from many top national social organizations are visiting the campus and meeting our locals.

We have many fine social groups. They are in fact, just about tops among locals.

More important, we have a rapidly growing campus, an expanding enrollment, and an outstanding educational program. The time is right for nationalization. This area also allows for the continued development and improvement of the campus.

We're glad that the nationals are here. We hope that they've come to stay.

Circling Drivers Help Create Parking Problem

By DICK STITES
Sunflower Reporter

The harried driver searching for a parking spot near the Administration Building would balk if a calm voice whispered in his ear, "It's a psychological problem, man, not a traffic problem."

Is the traffic problem as new and complex as it seems to the student going around and around the drives circling the core of the campus structures?

Going Around in Circles?

The fellow driving around in circles will answer with an emphatic "yes" if he has spent more than a few minutes in his search. But what has research to say about the parking problem?

The University Parking Committee can provide the answer to many of the questions demanded by the irate driver.

He won't like the answers, however. But they deserve consideration.

Members of the committee have studied the problem thoroughly and have come up with some statistics that demand the attention of all students and faculty who park on the campus.

The fellow driving around and around on the campus looking for a parking place is the real problem. He is creating it—and aggravating it.

Follows Behavior Pattern

He is the driver who bumped the pedestrian yesterday at a

Sorosis, Phi Sig

(Continued from Page 1)

President Janet Noel. The scholarship is supported by proceeds from Hippodrome. A 50-cent admission was charged for the morning program.

May Dance Included in Festival

The annual May festival began Thursday night with a May dance at the Trig Ballroom. Music was provided by Jim Hilts and the University Dance Band.

Rude said that 370 persons attended the festivities. Bad weather was offered by Rude as the reason for poor attendance. He commented, however, that although attendance was small the dance suffered only a \$35 deficit.

New Mortar

(Continued from Page 1)

a member of Sorosis Sorority, Wheatus, Young Republicans, Pep council, past president of the sophomore class, and past Homecoming chairman. Miss Rader is also the newly elected president of WRA.

Miss Reagan is the president of Wheatus, a member of the Newman Club, Pep Council, Sigma Alpha Eta. She is a Student Council Representative and is majoring in education.

Fern Sibbitt, Kathy Blocker Rhodes, Janet Noel, Claudia White, Virginia Christenson Stone, Carolyn Fletcher, Phyllis Brown, Mau- rita Hurtig, Aly Richardson, and Marilyn Nease are the outgoing Mortar Board members.

LETTERS TO THE EDITOR

To the Student Body:

The Roaring 20's came to life Friday on the stage of the Commons Auditorium, when the University's sororities and fraternities staged the 1957 Hippodrome.

Made short by the absence of a few sororities who were busy with their nationalization plans, this year's show scored a resounding success on the basis of quality rather than quantity.

Sorosis, Alpha Gamma Gamma, and Phi Upsilon Sigma, presenting skits dealing with the music of Gershwin, New Orleans jazz, and silent movies, all presented quality shows.

Student Council this year was baffled with problems concerning Hippodrome. The Council found Greek support at an all-time minimum. But in the words of Council President Janet Noel, the participating groups proved "that it is hard to kill an old tradition on the University campus."

Hippodrome went on, shorter, but greater than ever before, proving that the concentrated efforts of a few people can often do a better job than the obligated support of many.

Don Rude
Chairman
Hippodrome Committee

High Rating Is Given by ACP

A first class honor rating of excellent recently, was awarded the Sunflower by the Associated Collegiate Press, nation-wide critical service for college newspapers.

The University newspaper was among 475 school papers evaluated by ACP judges. Twenty-eight newspapers published two and three times weekly and representing schools of all enrollments competed directly with the Sunflower.

The fall semester Sunflower, edited by Merle Block, Liberal Arts senior, was one of nine newspapers awarded the excellent rating. Bettie Lou Magruder, Liberal Arts senior, served as managing editor.

The University paper received special commendation in the field of campus coverage, news writing, editing, editorial content, front page makeup, and the use of and display of pictures.

IT'S FOR REAL! by Chester Field

OUR LAWLESS LANGUAGE*

The laws that govern plural words
I think are strictly for the birds.
If *goose* in plural comes out *geese*?
Why are not two of *moose* then *meese*?
If two of *mouse* comes out as *mice*?
Should not the plural *house* be *hice*?
If we say *he*, and *his*, and *him*?
Then why not *she*, and *shis*, and *shim*?
No wonder kids flunk out of schools
... English doesn't follow rules!

MORAL: The singularly plural pleasures of Chesterfield King make a man feel tall as a *hice*. So don't be a *geese*!
Take your pleasure BIG. Take
Chesterfield King. Big length . . .
big flavor . . . the smoothest natural
tobacco filter. Try 'em.

**Chesterfield King gives you more
of what you're smoking for!**

Six Scribes Honored At Journalism Banquet

Career possibilities in the field Jones, Dick Stites, Leroy Pitt, John Mattis, and Bob Pope. All outlined in a talk given by Wharton Hoch, editor of the Marion Record-Review, to approximately 100 people at the 1956-1957 Journalism Banquet held April 29.

Honorary Members Named Honorary club memberships were also given to Allen Johnson, Liberal Arts senior, for his work on the Parnassus, and Nancy O'Hara, Education sophomore, for her work in the Sunflower circulation department.

Press Club recognition ribbons were given to Sherry Tourtillott, speech major, for being chosen Miss Kansas News Photographer, and Joan Strohmeyer, sociology major, for being chosen Press Queen.

Staff members for the 1957-58 Sunflower and Parnassus were also announced.

Don Rude, editor-in-chief of the Sunflower, served as toastmaster.

MATH FRAT HONORS

Pi Mu Epsilon, honorary mathematics fraternity, will hold a spring dinner and initiation at 6 p.m., May 15, in the Pine Room.

Initiates will include: Miss Irene Sausen, Walter D. Bernhart, Theodore Bleicher, Nickander Damaskos, Leonard Ray Murphy, Larry East, David Henderson, Richard Ray Hill, Jerry Nicholson, Calvin Schwartzkopf.

Dr. Kurt Mahler, professor of mathematical analysis at Manchester University, Manchester, England, will be guest speaker.

Bookstore Facilities To Expand in Union

By DICK CARSON
Sunflower Staff Reporter

More than twice the present space utilized by the University Bookstore has been allocated to the new bookstore in the Student Union Building which is due to open September, 1959, according to Glen Gardner, University comp-

The University Bookstore, now crowded for space with only 2,000 square feet, will boast a sales area of 3,800 square feet.

Basement Solves Storage Problem

The problem of storage will be solved with a new basement receiving room and storage space of 1,800 square feet.

No architectural plans or contracts have been drawn up for the construction of the bookstore facilities, but Mr. Gardner said that several firms which specialize in designing store fixtures are being contacted.

"A net income of \$27,000 is projected for the new University bookstore in the Student Union Building," Mr. Gardner said.

Diversified Stock Planned

The reason for the anticipated increased income over the 1956 University Bookstore profit of \$168 lies in the fact that the new bookstore will be able to handle a diversified inventory. Mr. Gardner said greeting cards, novelties, supplies, browsing type books for students' personal libraries, magazines, and gifts will be displayed.

The \$27,000 net income will be put into the Student Union Building and used to help finance maintenance and salaries of personnel employed in the building.

Presently the amount of books purchased cannot be adequately judged due to the used book sales of the Independent Student Association. Often the University Bookstore is left holding more books than the students need. There is no profit from these books if they are obsolete by the next registration period.

ISA Booksales to Cease

"The ISA," Mr. Gardner said, "is aware of the fact that in 1959, when the University Bookstore begins handling used books, the ISA will cease selling used books."

He said used books probably will be purchased from the students for immediate cash.

"With the University handling all the books," Mr. Gardner pointed out, "the problem of having a large number of extra textbooks will be solved."

DR. READ ATTENDS MEET

Dr. C. B. Read, of the mathematics department, attended the board of directors meeting of the Central Association of Science and Mathematics Teachers, Saturday, in Chicago.

The meeting was a general meeting to decide on next year's policy.

WU Artists Show Works

The art department was well represented at the Fourth Annual Air Capital Art Exhibit.

Students, graduate students, and faculty members have submitted a total of 39 entries which will be on display at the Wichita Art Museum, in late April.

The exhibit is sponsored by Boeing Airplane Company, Cessna Aircraft Company, and the Sam and Rei Bloomfield Foundation Fund.

Edward E. Dewight, director of the Milwaukee Art Institute and former curator of the American Art Collection of the Cincinnati Art Museum, judged the selections.

University entries included sculpture, prints, and drawings, as well as oils and water colors.

Entrants include Barry Bradley, Nancy Graham, Lecturer Rex Hall, Asst. Prof. Robert Kiskadden, Corban LaPell, Virginia Martin, Bruce McGrew, Alan Munro, Millicent Rader, Lecturer Patric Rowley, Richard Simon, John Spicer, Paul Denny, Douglas Gray, William Loy.

Mrs. Anne Shackelford, Asst. Prof. David Bernard, Larry Horwedel, Robert Branaman, David Crouch, Floyd Larry, Phil Gearhart, Bruce Conner, Noma Costantini, and Ed Pointer.

Mother, Daughter Near Goal Graduation Planned for June

(EDITOR'S NOTE: This is the first of two articles dealing with a mother and daughter who will graduate in June.)

BY ROBERT POPE
Sunflower Staff Reporter

Exceptional enthusiasm and interest for education may permit a mother-daughter combination to be among students receiving college degrees at the University commencement exercises to be held in June.

The two students are Mrs. Nancy Brunhoeber and daughter, Luanna. Both students, enrolled in the College of Education, are carrying extra-heavy second semester schedules to make possible the 1957 graduation. Mrs. Brunhoeber is taking 19 credit hours while Luanna is taking 20.

Graduation Set For June

If the June graduation goal is achieved, Mrs. Brunhoeber, by attending summer classes, will have graduated in three years while Luanna will have graduated in four.

Mrs. Brunhoeber admits she was prompted by Luanna to attend college. "It's been a long and rocky road, but I have enjoyed every minute of it. In fact, it's been so much fun that I plan to keep right on going after graduation," Mrs. Brunhoeber said.

In addition to the heavy aca-

How to make the most
of your engineering career

ONE OF A SERIES

go where engineering is interesting

It's basic that you'll get more fun out of working on interesting

projects than on stodgy ones. So it makes sense to choose a company and an industry in which you'll draw engineering assignments that give you excitement—and professional satisfaction. That way, you'll get more fun out of life, and advance faster, too.

It just so happens that Boeing offers you assignments on some of the most interesting projects in the country. For instance—an advanced supersonic guided missile weapon system; the 707, America's first jet transport; the revolutionary B-52 eight-jet nuclear weapons carrier; the KC-135 jet transport-tanker, and top-secret research projects.

There's a whole world of opportunity for you at Boeing, in research, design, manufacturing or service. Boeing's growth (400% more engineers today than 10 years ago) creates an expanding need—and long-range opportunities—for engineers of all kinds: electrical, mechanical, civil, aeronautical, industrial, or related fields, and for mathematicians and physicists.

At Boeing you'll enjoy high starting salaries, career stability, retirement and pension plans, company-paid opportunities for graduate study, and a host of additional benefits!

NOW is the time to start planning ahead.

Increase in WU's Revenue Needed If Current Growth Is to Continue

BY DICK STITES

Sunflower Staff Reporter

University officials have indicated that the third of life's inevitables--more revenue must be added to death and taxes if the municipal university is to adequately prepare for the future.

Without new sources of revenue, the University may be forced to curb enrollments in the future.

President Harry F. Corbin recently told the Board of Regents that two possibilities are being considered in regard to a study of "all aspects of enrollment at the University."

Heading the list is a tightening of academic requirements. The other possibility would be an increase in the tuition rate for non-Wichita students.

President Corbin said these changes would not affect students currently enrolled. The earliest the changes would go into effect would be in the fall of 1958, he said.

Death For Expansion

One inevitable of life, death, may be forthcoming to University expansion programs if new sources of revenue are not found.

Taxes, the other inevitable, may provide the University with additional funds if the school decides to accept an additional one mill

in the Wichita tax levy recently approved by the state legislature.

Enrollment at the University has mushroomed since 1954. The budget for the next school year is based on an enrollment of 6,000 students. By 1966, officials expect the student body to reach an overwhelming 10,000 members.

Miracle Needed

The University cannot mark time and wait for a miracle to accommodate the projected enrollment figures. Plans must be made and new sources of revenue must be found.

The distress signal has been transmitted to young students in junior and senior high schools and to the state of Kansas.

The students must be prepared to find the door of the University tightly closed if their grades are lower than academic standards established by the school's administration.

Kansas legislators must realize that the University needs state aid if it is to educate students from all over the state.

Grad School Sets PE Master's Plan

Students majoring in physical education may now work for a master of education degree awarded after satisfactory completion of 32 graduate hours in that department.

According to Dr. John Rydjqord, dean of the Graduate School, the course was approved last November by the Graduate Council.

Students desiring more information are advised to contact Robert Holmer or Ralph Wickstrom, associate professors in the men's physical education department.

KMUW Staff Jobs Open Next Term

Announcers, engineers, and talent are needed for next semester to complete the KMUW-FM University radio station staff.

Any student wishing to apply for one of these staff positions should contact Mike Russell, KMUW program director, between 3 and 6 p.m., week days. KMUW offices are on second floor in the Communications Building.

Prof Exhibits Rock Hobby

BY MARY SIMMONDS

Sunflower Staff Reporter

One might think the role of University dean understandably too time-consuming for extracurricular work but not so in the case of the Graduate School head who pursues an unusual collection hobby.

Dr. John Rydjqord displayed a portion of his petrified wood collection at the Wichita Gem and Mineral Society exhibit, last week. His collection of more than 1,000 pieces represents items found in areas from Texas to Wyoming.

Dr. Rydjqord spends his vacations pursuing his hobby. He once discovered a piece of petrified wood in Wyoming which had crystallized until it had the appearance of clear glass.

16 Juniors Nominated As Distinguished Cadets

Sixteen University juniors have been nominated at tentative Distinguished Military Students for their demonstration of outstanding leadership ability and academic scholarship.

Business Administration junior, Derald Dankert, Larry East, Wiley Folger, Charles Rawlings Lenward Holness, Cleo Simmonds, and George Sweet, Liberal Arts juniors; Don Jordan, James Lewis, and Ray Vogl, Education juniors; and Robert Haskins, Loren Newton, Engineering juniors.

The tentative list was made on the basis of scholastic records and proficiency in leadership. The permanent selection will be made at the beginning of the fall term since the final selection will be based upon the summer camp which the students will attend.

Shocks Attend KU Spanish Meet

Dr. Gerald Markley, assistant professor of Spanish, and four University Spanish students, David Burns, Michael Culbert, Dale Bergen, and James McGuigan took part in the Cervantes Day Celebration, April 27, at Kansas University.

The students presented a scene from the play, "El Burlador de Sevilla," by Tirso de Molina in Spanish.

The Cervantes Day Celebration was established 30 years ago by the Kansas University Spanish department.

Indian relics has been another of the dean's interests for over 15 years. He serves as curator of the Indian division of the Wichita Public Library.

SOROSIS SORORITY took top honors in the women's division of Hippodrome, part of campus May festivities, and was awarded the first place trophy during coronation Friday evening.

class, based on three semesters of given to Daniel Aeschilman, James work, are Dale Anderson, Eunice Crepps, Suzanne Evans, Barbara Barrier, Patricia Davis, Mary Garlow, Gerald George, Elsie Loe-Devlin, Anita Greene, Donna wen, Wiley McKinzie, John Mat-Long, Jack Morris, Phillip Pad-tis, Carol Neighbor, Lawrence berg, Coleen Round, Jim Unruh, Newberry, Flossie O'Reilly, Nathalie Smith, Betty Terry, and Shar-Freshmen class honors will be on Witt.

to
a young
man

with the world on a string

This June, the graduates of our engineering and scientific schools, pockets stuffed with job offers, have "the world on a string."

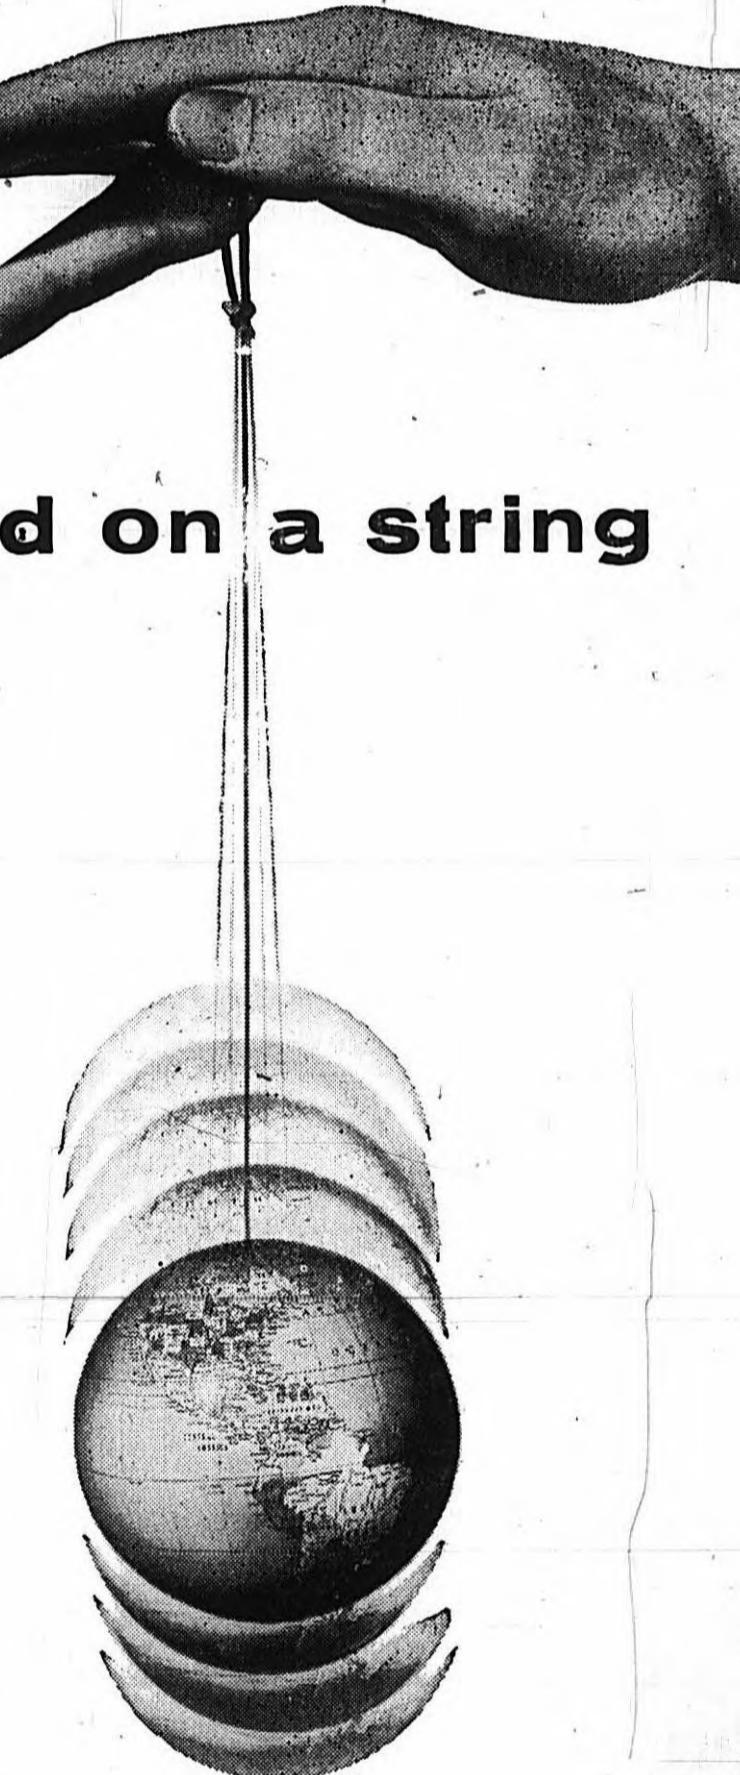

But there's another "string" attached to this fabulous situation: *A man can only accept one job offer.*

How can the graduate make up his mind wisely about his vital decision?

We're not going to try to tell you. And we're going to resist the temptation to point out the many advantages of working for IBM—much as our company, like every other, needs top-notch engineering and scientific talent.

We're merely going to leave you with one thought that may help you make your decision:

IBM's President has stated this policy: "... I want this company to be known as the one which has the greatest respect for the individual."

Shocker Nine Splits Twin Bill with Tulsa

The Shocker baseball team split a double-header with the Golden Hurricanes of Tulsa last Friday, dropping the first game 6-2 and winning the nightcap 5-4 at the West Side Park diamond.

In the first game the Hurricanes jumped off to a two-run lead in the first inning and held the Shocks scoreless until the seventh inning when they tied the score on four singles and a walk.

The teams were deadlocked until the ninth when Ray Boaz, Tulsa centerfielder, lead off with a home run to break the tie. Tulsa pushed across three more runs in the ninth to hand the Shocks their ninth loss of the season against seven wins. Vern Ondorff pitched the complete game for the Shocks, losing his third game against three wins for the season.

The Shocks bounced back in the second game to pick up a 5-4 victory behind the hitting of Jerry Milner and the relief pitching of Bruce Woods. Woods relieved starter Bud Johnson in the second inning and set the Hurricanes down with only one hit for the final six innings. Woods picked up the victory to boost his record to a 2-1 count.

The Shocks will carry a 8-9 record to Lawrence today where they meet the Kansas University Jayhawks in a single game scheduled for 3 p.m.

Mural Meet Rescheduled

The annual intramural track and field meet, twice postponed because of inclement weather, will be held tomorrow night at 7 in old Shocker Stadium, weather permitting.

Four fraternities and the men's dorm all have teams entered in the meet. Several non-team individuals are also scheduled to compete. The meet is being held under the lights this year for the first time.

Leon Matassarin, student intramural director, said that contestants who have not yet submitted entries may still compete in the meet.

"All they have to do is show up at the meet ready to run," Matassarin stated.

Students who have won college letters for track events are not eligible to enter the meet, he said.

Banquet Honors Top Students

University students with high academic records will be honored at an Honors Convocation Dinner tomorrow at 7 p.m. in the Innes Tea Room.

Dr. T. Reese Marsh, dean of the College of Adult Education, will preside at the dinner which will honor 48 seniors, 5 juniors, 11 sophomores, and 14 freshmen.

Greetings to the honored students on behalf of the University will be made by Emory K. Lind-

Film Society To Feature 'Gates of Hell'

The Annual Film Society Festival, to be held on May 11 in the Commons Auditorium, will feature two showings of the outstanding Japanese movie, "The Gates of Hell."

A matinee performance will start at 3 p.m. and the evening showing is scheduled for 8 p.m.

"We are very fortunate in getting 'The Gates of Hell,'" said Mrs. Del Smith, Film Society secretary. "The film won two academy awards, receiving honors for the best foreign film and best color costumes. It also received a number of awards at the Cannes Film Festival, outstanding international movie festival.

Admission will be free to Film Society members, who will also receive guest tickets.

The accompanying short selection will be "Moor's Pavanne."

A Family Story: Ice Cream Stand Plus Small Boy

The off-campus life of President Harry F. Corbin is much the same as that of any person with small youngsters in the family.

Patrons of an ice cream stand near the campus were astonished recently when the President's late model auto pulled in the drive with two drivers at the wheel.

The first driver, President Corbin, opened the door and gave the family's order to the second helmsman.

The second driver, a young son of the President, loosened his grip on the steering wheel and slid from his dad's lap to the ground.

The President's only order was, "Butterscotch for me."

Weather Cancels Outdoor Concert

STUDENT TEACHERS

Applications for practice teaching in secondary schools during next fall semester are due this week.

The applications are to be filed with the College of Education office, according to Mrs. Lila Trout, secretary.

This is necessary in order that each cadet teacher may receive assignment to a school this spring.
