UNIVERSITY OF WICHITA, WICHITA, KANSAS

November 1, 1957

## Reorganization of Forum Asked

### Foreign Study Advisers To Meet Here Monday

Matters concerning educational exchange will be the subject of the meeting here Monday of the Fulbright and Foreign Student Advisers in Kansas, according to Dr. Brigitta Kuhn, foreign student adviser.

Special guests of the University will be Ben Cherring, regional director of the Rocky Mountain office of the Institute of International Education in Denver, and Donald Cook, staff director of the United States Advisory Commission on Educational Exchange.

#### Appointed by the President

This committee is appointed by the President of the United States to advise the State Department and other groups and agencies on matters of educational exchange.

Two representatives of the Immigration and Naturalization Office in Kansas City are also expected to attend.

Registration for this meeting will begin at 10 a.m. in the Fine Arts Building. Faculty members sponsoring the meeting are Dr. Emory

### CEB Director Opens Bureau

The Campus Events Bureau was officially launched at the second annual publicity workshop, held Tuesday, in the Faculty Dining Room.

"This was the first meeting with campus leaders since the student publicity office opened last month," according to Mrs. Mary Simmonds, bureau editor.

Publicity directors and officers of the various student organizations met with editors of the Sunflower, Parnassus, and Campus Events Bureau, to discuss means of publicizing student activities.

Lester Rosen, University public relations director, and Mrs. Elizabeth Clark, University news director, offered professional assistance to the organizations. The office of Student Services was represented by Mrs. Del Smith.

"The main advantage of such a workshop is to bring together the students on the campus who are actually responsible for promoting campus activities," said Mrs. Simmonds.

Refreshments and a short film prepared by the Public Relations Office, depicting college life followed the meeting.

### Young GOP Posts Go to 3 Students

Three University students were among those recently elected to serve in the Sedgwick County Young Republicans Club.

The students, Liberal Arts seniors majoring in political science, are Jack Smith, elected collegiate vice-chairman, and Jack Turner and Bill Anderson, who were named to the chairman's advisory board.

Ted O'Hara, Wichita attorney, was elected chairman of the Young GOP's.

Bill Woodard, retiring chairman of the group, expressed satisfaction at the large attendance at the meeting which was comprised of the Collegiate Republicans of the University. This indicates an increased interest in politics among younger persons, Woodard remarked.

### WU Debaters To Participate In Dual Meet

Three debate teams take their second off-campus junket in a dual meet, Nov. 5, at Emporia State Teachers College.

According to Melvin P. Moorhouse, assistant professor of speech, four freshmen who have never competed in college debate, Quincelee Brown, Mary Lou Shelly, Ben Armstrong, and Robert Wirt, will represent the University in the novice competition.

Practice debates will be held to determine the two varsity men who will represent the University at Emporia.

George Lewis, assistant professor of economics, spoke to the University debate team last night on the right to work law.

### New Method Proposed For SFB Membership

Reorganization of Student Forum Board and a cut in the organization's appropriation from the University have been recommended by President Harry F. Corbin.

In a letter read to the Student Council Monday night by Council President Ron Eeles, President Corbin proposed a new plan for selection of Forum Board members.

Under the new plan one-half of the 50-member board will be chosen as in the past. The remaining

25 are to be selected by honorary fraternities of the University.

#### Honoraries Not Yet Selected

Campus organizations that will receive the right to make appointments to the Board have not been selected yet, and a list will be submitted at a later date, President Corbin stated.

Selection of new members in the past has been by a vote of the Student Forum Board membership on applications received from students desiring membership. The Board held periodic elections to replace vacancies.

The new method of choosing members has been recommended to insure that the Board will have a wide representation from campus groups. In his letter President Corbin commended the Board for the wide selection of this year's members, but felt that a guarantee of a broader basis of selection is necessary for the future.

#### Reappropriation Announced

Reduction in the amount of money the Student Forum receives from tuition fees was announced officially in the President's letter. The cut in this appropriation will be 10 cents a student, reducing the amount from 60 to 50 cents a semester. Student Council is to receive the money trimmed from the Forum Board appropriation, making the Council's appropriation 75 cents a semester.

Announcing the change in the appropriation, President Corbin said, "The increased responsibilities of the Student Council make it clear that they must have some additional money."

#### Rhodes Proposes Conference

In other business before the Council, Vice-President Hal Rhodes proposed that a movement toward an international student conference be initiated.

"I am not being facetious nor a crusader," Rhodes said, "but I have been thinking of something we, here at the University, might do to promote a movement that transcends local, state, or even national interests."

"The International Youth Con-

(Continued on Page 4)

### Gov. Docking Here Monday

Gov. George Docking will take a coffee break with University students and faculty, Monday morning.

The Governor has accepted an invitation by the campus Young Democrats to meet with them for an informal cup of coffee in the Pine Room of the Commons from 9:30 to 10:30 a.m.

All persons on the campus interested in meeting the state's chief executive are invited to attend the gathering, Fred Sudermann, a spokesman for the Young Democrats, announced.

Scheduled to be in Wichita over the week-end, Governor Docking will also be on campus Saturday night to attend the Dayton game.

### Pre-Game Party Is Scheduled Friday in Alibi

Pep Council will sponsor a pre-game dance at 7:30 p.m. Friday, in the Alibi Room.

The Council is seeking to provide the students living at the dorms with a place on campus to socialize and get acquainted, according to Carolyn Peel, pep coordinator.

"We hope to make this a regular event every weekend during which there is a home football or basketball game," she said.

No admission will be charged for the dances but the Alibi food facilities will be open.

THE 1957-58 STUDENT DIRECTORY captures the attention of Mrs. Corliss Thomas, left, clerk in the registrar's office, and Betsy Ross, education junior.

### Directory Sales Lag

Student directories will be sold in Jardine Hall for the last time today.

Members of Orchestis have been conducting the sales for the past two weeks. Mrs. Frances Porter, instructor in women's physical education and sponsor of Orchestis, women's dance group, said that after today the directories could be obtained in the Women's Gym or in the Office of Public Relations.

The directory includes names, addresses, and phone numbers of

all students, faculty, and University personnel. There is also a section for phone numbers of active members and pledges of all sororities and fraternities on the campus. The book sells for 50 cents.

Mrs. Porter added that the directories will be sold at the WU- Dayton game tomorrow night. They will be sold on both the east and west side of Veteran's Field, at the concession stands.

Of the 3,000 directories printed, only 1,300 have been sold, Mrs. Porter said.

### Deans Await Down Lists

Fall semester is nearing the midway point at the University.

Down lists are due in the deans' offices today. Slips indicating unsatisfactory course work will be mailed to students as soon as they can be processed by the Registrar's Office.

Nov. 15 is the final date for WD's, according to Dr. Worth Fletcher, registrar. WF's will be issued for course withdrawals after that date.

For students interested in planning ahead, pre-registration for second semester will begin Dec. 2. There will be no fee for pre-registration.

### Wilcox Scholarship Renewal Offered

Renewal of the Molly Warren Wilcox Scholarship for sophomore women in journalism was announced this week.

Paul F. Gerhard, assistant professor of the journalism department, said that the scholarship will amount to \$50 a semester and may be used by any sophomore woman majoring or minoring in journalism.

Scholarship applications may be obtained in the offices of Dr. Hugo Wall, Rm. 223, Jardine Hall, or in the journalism department office, Rm. 117, Communications Building.

A University graduate, Mrs. Wilcox, a former professional newspaper woman, is now a free lance writer.

"THAT'S MY SIZE" might well be the comment of these three Reapers members as they unpack their official insignia—a black derby hat. President Bob Cressler, right, says the hats will be worn at the game tomorrow night. Also pictured are Lee White and John Potts.

## New Look for Forum

A proposal issued this week by President Harry F. Corbin will achieve a program a number of students have advocated for several years.

This proposal will guarantee a reorganization of Student Forum Board.

The President's measure stipulates that the membership of the organization will be made up of two areas of students, divided thus: one half of the membership to be elected by the Board membership as it has done in the past, and the other half to be chosen from a selected group of honorary clubs and organizations on the campus, which will be named at a later date.

Created more than 20 years ago, Student Forum Board was formed with the idea of becoming an intellectual discussion group. As the years wore on, the Board achieved city-wide recognition for its work in supplying outstanding speakers for Wichita.

The virtue of the group's activity, however, was overshadowed in some quarters by the fact that the internal workings of the Board left something to be desired.

Membership in Student Forum Board was almost synonymous with membership in a select group of social organizations. Today, about one-third of the total membership is composed of members from one fraternity.

Some rationalize, saying that only members of this, and other well-represented social groups, apply for membership. But this is not so, for many deserving students on the campus have submitted applications for membership and have not been "voted in."

The high caliber of speakers brought here by the Student Forum Board should indicate a need for intelligent and thinking students as members of the group. In the past, this criterion largely has been overlooked for group affiliation.

With the new directive from the President, it is hoped that the Student Forum Board will take on a needed "new look" to become the distinguished and revered organization it should be.

Only if members of the Board are of the highest intellectual caliber will the Board be able to maintain the ideals and accomplish the purpose with which and for which it was founded.

## Reading----An Art

At the very basis of our learning is the ability to read.

This may seem like a dissertation on the obvious, but, according to those who teach the art of rapid and comprehensive reading, the average person's performance falls far short of normal reading capacity.

Reading, and consequent understanding, is not a skill we achieve readily. It is a skill acquired through various means, such as habitual reading on numerous and various subjects. Vocabulary development is still another method.

But for the casual reader, reading skill may be improved by practice and study. This is where two University courses, Oral Interpretation and Reading Improvement Technique, come in.

In the latter course, the beginning student takes tests to locate his weaknesses in reading. He then seeks to improve his reading with the help of the instructor, special reading machines, and comprehensive tests.

Some students have improved their reading more than 100 per cent because of their willingness to correct their individual weakness.

It is conceivable that reading ability may determine classroom performance.

Even if Johnny can't read rapidly when he gets to college, it is not too late to correct the situation.

The Arctic Archipelago, also known as the Canadian Arctic Islands, is a group of islands in the Arctic Ocean, constituting a larger part of the Franklin District of the Northwest Territories, Canada.

## Glimpse Rural Life

### Kansas Community Welcomes Six Visiting Foreign Students

"Imagine, flat land as far as the eye can see—no mountains—no water. Where I come from, water is always near," commented a University foreign student.

This scene and many others impressed six foreign students who accepted an invitation from the farming community of Ashland, Kans. to spend the weekend, Oct. 26-27, in that town, said Dr. Brigitta Kuhn, foreign student

adviser.

Every year at this time citizens of Ashland invite foreign students from the surrounding area to become acquainted with their community. University students attending this year were Dhirij Contractor of India, Bana Kartasasmita of Indonesia, Tsueno Taguchi of Japan, Mario Davila of Mexico, Larry Barreto of Peru, and In Guen Lee of Korea.

The foreign students were taken in cars to Ashland, 200 miles southwest of Wichita, by the families they were to visit. They lived in the homes of the people and enjoyed such varied experiences as a box supper, square dancing, a cattle sale, and airplane rides.

The visitors watched fields being worked, milking machines in action, and other rural activities.

## Job Interviews Slated Next Week

Pan American Petroleum, Westinghouse, and Cessna have scheduled interviews for graduating seniors next week in Rm. 102, Fiske Hall.

Monday, Pan American will interview graduate students, graduating seniors, and some juniors for summer employment.

Westinghouse Electric Corp. will interview engineering students, Wednesday especially those in the electrical, and mechanical phases, and physics and mathematics majors.

Cessna will interview aeronautical engineering seniors Thursday.

Appointments may be made at the Employment Office, Rm. 113, Jardine Hall, according to Mrs. Virginia Hooper, acting executive secretary of the Employment Bureau.

### SCIENCE MADE SIMPLE: No. 1

Though this column is intended to be a source of innocent merriment for all sexes and not to concern itself with weighty matters, I have asked my sponsors, the makers of Marlboro, whether I might not, from time to time, use this space for a short lesson in science. "Makers," I said to them, "might I not, from time to time, use this space for a short lesson in science?"

They agreed with many a kindly smile, the makers of Marlboro, for they are the most agreeable of men. Their benevolence is due in no small measure to the cigarettes they smoke, for Marlboro is a cigarette to soothe the most savage of breasts. I refer not only to the flavor which, as everyone knows, is a delight to the palate, but also to the Marlboro container. Here is no fiendishly contrived device to fray the fingernails and rasp the nerves; here, instead, is a flip-top box that opens like a charm, and inside you find a handy red tape to lift out the cigarettes with ease and dispatch. Add to all this the best filter ever made, and you can see that you get a lot to like.

Let us begin our series of science lessons with chemistry. It is fitting that chemistry should be the first, for it is the oldest of sciences, having been discovered by Benjamin Franklin in 468 B.C. when an apple fell on his head while he was shooting the breeze with Pythagoras one day outside the Acropolis. (The reason they were outside the Acropolis and not inside was that Pythagoras had been thrown out for drawing right triangles all over the walls.)

Benjamin Franklin was shooting the breeze with Pythagoras...

They had several meetings outside the Acropolis, but finally Franklin said, "Look, Pythagoras, this is nothing against you, see, but I'm no youngster anymore and if I keep laying around on this wet grass with you, I'm liable to get the backbone fever. I'm going inside." Pythagoras, friendless now, moped around Athens for awhile, then drifted off to Monaco where he married a girl named Harriet Sigafos and went into the chuck-a-luck business. (He would certainly be forgotten today had not Shakespeare written "You Know Me, Al.")

But I digress. We were beginning a discussion of chemistry, and the best way to begin is with fundamentals. Chemicals are divided into elements. There are four: air, earth, fire, and water. Any number of delightful combinations can be made from these elements, such as firewater, dacton, and chef's salad.

Chemicals can be further divided into the classes of explosive and non-explosive. A wise chemist always touches a match to his chemicals before he begins an experiment.

A variety of vessels of different sizes and shapes are used in a chemistry lab. There are tubes, vials, beakers, flasks, pipettes, and retorts. A retort is also a snappy comeback, such as "Oh, yeah?" and "So's your Uncle Oscar."

I have now told you the most important aspects of chemistry, but there are many more—far too many to cover in the space remaining here. However, I am sure there is a fine chemistry lab on your very own campus. Why don't you go up some afternoon and poke around? Make a fun day out of it. Bring ukeleles. Wear humorous hats. Toast frankfurters on the Bunsen burners. Be gay. Be merry. Be loose . . . For chemistry is your friend!

The makers of Marlboro, who bring you this column regularly, are tobacconists, not scientists. But here's an equation we do know: Marlboro plus you equals pleasure.

# Shockers Face Dayton Flyers Tomorrow

## Strong Defense Needed To Halt Visitors' Passes

The Shocker football team will attempt to shed a five-game losing streak tomorrow night when they return to Veterans Field to host the Dayton Flyers in a non-conference game at 8 p.m.

The Flyers, who snapped a three-game losing streak last week by upsetting favored Xavier University, 24-13, figure to give the injury-riddled Shockers a tough night.

**Backs Shuffled Again**  
Last week's open date enabled Coach "Woody" Woodard to reshuffle his lineup and as a result senior Quarterback Jim Bourn will be calling the signals tomorrow night. Bourn will be the fourth quarterback to get a starting assignment in the Shockers five games this season. Halfbacks Ted Dean and Ray Vogl, and Fullback Bob Sherman will round out the starting backfield.

Three key Shocker linemen, Bob Blackwell, Bruce Bierig, and Gaylen Kabance, are still on the injured list. Blackwell will definitely be out for the rest of the season, and the playing status of Bierig and Kabance is still uncertain.

Dayton will carry a 2-3-1 record into tomorrow night's game. The Flyers opened the season with a tie and a victory and then dropped three straight before upsetting Xavier last weekend. They figure to be tougher than their record indicates, however, since they will bring the nation's sixth leading passing offense and fourth best individual receiver to bear on the Shockers.

**Pass Defense Needed**  
The Shockers, weak thus far in aerial defense, will have to harness Quarterbacks Don Zimmerman and Jerry Faust, Dayton's passing aces to pick up their first victory. Zimmerman and Faust have combined to complete 52 of 128 passes for a total of 749 yards and three touchdowns.  
Eight enemy aerials have accounted for touchdowns against the Shockers this year.  
Coach Woodard admits, "We have one of our toughest defensive jobs to do this weekend, and at this time I don't know how many of our players will be physically able to make the game."

## Volleyball Slated For 'Murals Play

Plans are being made to start an intramural volleyball league, according to Milton Goering, director of intramurals.  
All male students, faculty members, and athletes out for varsity or freshmen sports are eligible to compete in the league.  
Mr. Goering said the league plans to start competition Nov. 12. Teams that wish to enter the league should submit their entries by Nov. 5.

The term badlands refer to any of several regions in the Western United States, especially in the Dakotas, Nebraska, Montana, and Wyoming, having characteristic badlands topography, barren and eroded.

1337 No. HILLSIDE

**SHOCKER TRI-CAPTAIN** Harry Horton, tops among Shocker pass receivers with 5 catches for 98 yards, will see action tomorrow night at Veterans Field against the Dayton Flyers. Game time is 8 p.m.

## Tennis Team Drops Match To Local Club

Despite victories in the first three matches, the University tennis team was defeated by a strong Wichita Tennis Club squad, 7-4, in an indoor meet at the Men's Gym, Sunday.  
Shockers Jimmy Carter, Bill Potter, and Pete Piper scored wins in the first three contests and then the talent-laden visitors came on to take the match. The local Tennis Club swept all but one of the four doubles matches to clinch the victory.

Tennis Coach, Pat Quinn, said the Shockers played good tennis despite the loss, and added that he is optimistic of his team's future. This was the first of several scheduled matches between the two teams this winter.

In the singles matches, Jim Carter (WU) defeated Roger Coad (WTC) 6-1, 6-2; Bill Potter (WU) downed Gene Sharp (WTC) 6-4, 6-2; Pete Piper (WU) conquered Steve Brodie (WTC) 6-1, 3-6, 9-7; and Ray Berschauer (WTC) topped Jack Hewitt (WU) 6-0, 6-0.  
Jim Johnston (WTC) triumphed over Dick Fitzgerald (WU) 6-0, 6-1; Whitey Faker (WTC) defeated Myron Janzen (WU) 6-1, 6-3; Chuck Black (WTC) downed Dick Roberts (WU) 6-0, 6-2.

In the doubles matches, Carter-Potter (WU) downed Sharp-Berschauer (WTC) 1-6, 6-3, 6-3; Brodie-Coad (WTC) were victorious over Hewitt-Piper (WU) 6-2, 3-6, 6-1; Black-Roy Greer (WTC) defeated Fitzgerald-Janzen (WU) 3-6, 6-1, 6-3; and Levand-Johnston (WTC) won over Fitzgerald-Roberts (WU) 4-6, 6-4, 6-1.

## Valley Ruling Opening Spring Sports To Frosh Brings Coaches' Reaction

Shocker coaches taking their teams into competition this spring will be able to use freshmen athletes for the first time due to a new Missouri Valley Conference ruling. According to Robert Kirkpatrick, director of athletics, freshmen who have satisfactorily completed 12 semester hours and are carrying 12 hours at the time will be eligible for spring varsity competition.

## Harriers Take 3rd Track Win

The University Cross Country Team braved 25 degree weather and a 25 m. p. h. north wind Saturday to rack up its third cross country victory of the season.

The Shockers finished ahead of Emporia State College and Drake University in a triangular meet at the Echo Hills golf course.

**Tie For First**  
Ron Eeles and Ray Hampton of Wichita tied for first place honors, covering the three mile distance in 16:23.

Larry Floyd, also on the University team, placed third in the meet with a time of 16:29.

Jay McMurray and Leon Matasarin placed eighth and thirteenth, respectively, in the race out of a field of 17 runners.

**Record: 3-2**  
The Shocker runners have now posted three wins this season against two losses.

Ft. Hays State College was scheduled to compete against the Shocker harriers earlier this week but was forced to cancel the meet because of the flu.

The Cross Country Team will travel to Arkansas this Saturday to run against the University of Arkansas.

**Voth Places First**  
Delbert Voth sparked the Shocker freshman cross country team to victory by placing first in a dual match with McPherson College at Old Shocker Stadium last week.

Jerry Kraus finished second in the two-mile distance run. Don Hill and Larry Anderson also placed for the harrier frosh.

**Flu Causes Postponement**  
Outbreak of the flu among the Emporia B squad caused the Emporia State B team to postpone its game with the University freshmen football team.

According to Frosh Mentor Ray Morrison, the game will be rescheduled at a later date. Morrison said the game will probably be scheduled for next week.

**Joins Sports Staff**  
Marty Malone, Liberal Arts junior, has joined the sports staff of the Sunflower. According to Jack Mattis, sports editor, Malone will serve in general assignment capacity at first and later will specialize in intramural sports.

Kirkpatrick said the rule was to eliminate the expense of having both varsity and freshman teams in spring sports. It will also eliminate the need for freshmen to wait three semesters before taking part in varsity competition, as was required in the past.

Kirkpatrick added that freshmen competing under the new rule will be ineligible to compete in NCAA competition until their junior year.

**Rules Out NCAA Play**  
The Missouri Valley Conference is the third league in the nation to adopt such a rule. Shocker spring sports coaches expressed the hope that other leading conferences will adopt the rule. Comments varied, however, when asked how the conferences would use the rule.

Baseball Coach Ray Morrison said he would use freshmen on his squad unless he spotted an outstanding player that might be eligible for NCAA competition at some future time. Most of the Shocker baseball games are in the Missouri Valley Conference.

**Frosh in Tennis**  
Pat Quinn, tennis coach, also said he would use freshmen unless an exceptionally talented prospect came along. Quinn added that if the rule had been in effect last year, his tennis team would have fared better.

Track Coach Fritz Snodgrass said he definitely would not enter freshmen in varsity play because his track team competes in many NCAA meets.

Kirkpatrick, golf coach, decided

### Vets to Meet In Commons

The Veteran's Association of the University will meet at 3 p.m., Sunday, in the Commons Lounge, according to Chuck Acridge, publicity director.

The group urges that all veterans attending the University attend the meeting, as membership will be extended to those wishing to belong.

Some of the projects of the organization which will be discussed include a dance and the formation of a pistol club.

New officers for the association are: chairman, Jerry Cole; vice-chairman, Don Anderson; secretary, Sally Caire; treasurer, Dave Ferman; and sergeant-at-arms, Chuck Acridge. The directors are Warren Bradfield, Ray Taylor, Gary Stanley, and Bill Mankin.

### NEW METHOD

(Continued from Page 1)

ference in Moscow has a tremendous propaganda value for the Russians. Why shouldn't we have the same advantage here through some type international student conference?"

#### Program Questioned

Questioning the vice president on the Student Council's program for foreign students at the University, BPOC representative Joe Stevens suggested that more effort could be spent in this area "right here at our own campus."

"We have our yard to clean first. I think foreign students at the University could be organized before we worry about an international conference," Stevens said.

More work with University exchange students is necessary Rhodes admitted, but he said that a program international in scope could also be started by the Student Council.

#### Would Reflect Credit

"I think that it would reflect great credit to our Student Council and University if we could be instrumental in some type of program for contacting foreign schools," Rhodes concluded.

A suggestion was made by Dr. James K Sours, Council adviser, that the Student Council send delegates to a state-wide meeting of foreign student advisers to be held here Monday to get ideas on what might be done to form a club for foreign students on the campus.

### Shrouds Replace AF Blues Tonight

Horror stories and bobbing for apples, to say nothing of the appearance of eerie and weird costumes, will replace the clomp of marching feet in the ROTC Armory, today.

A Halloween costume party and dance will be held by the Sabre Air Command and Arnold Air Society for their members and dates tonight from 8 p.m. to midnight.

### ISA Varsity Dance To Be Tomorrow

Members of the University football squad will be honored by ISA at a Varsity Dance in Henrion Gym after the game, tomorrow night.

A special invitation has been extended to the visiting Dayton team, according to ISA Publicity Director Dick Huffman.

Don Fortney's Combo will provide the music. Football team members and their dates will be admitted free. Student admission is 50 cents.

"We plan to make this an annual affair and honor the football team after a home game in the fall," Huffman said.

Friday's dance will close ISA's fall membership drive. The month's promotion included poster parties on weekends for ISA members.

### Student Has Show On Local Station

Marc McLean, Liberal Arts junior majoring in radio and television, began a 90-minute program over KAKE-TV, Saturday

Entitled "KAKE's Saturday Dance Party," the program features music and dancing for Wichita's young people. McLean uses his radio name, Marc Alan, on the program.

McLean will act as master of ceremonies during the program and will conduct interviews with studio guests and television artists.

Johnny Maddox, better known as "Crazy Otto," was his first guest.

McLean has been active in radio work at KMWU, the University radio station. He currently holds the position of program director

at the station.

Prior to obtaining the position nouncer for KARD-TV, at KAKE, he worked as an an-

# Sticklers!

NO SORRIER WARRIOR exists than the one without Luckies. What's he missing? A smoke that's as light as they come! End to end, a Lucky is made of superbly light tobacco—golden rich, wonderfully good-tasting tobacco that's toasted to taste even better. That's a lot to miss out on—no wonder our chief has grief! Up North, you'd call him a Blue Sioux; back East, a Bleak Creek. But out in the land of the pueblo, he's just a mighty Mopey Hopi. (Smoke signal to you: Light up a Lucky. You'll agree a light smoke's the right smoke for you!)

STUDENTS! MAKE \$25

Do you like to shirk work? Here's some easy money—start Stickling! We'll pay \$25 for every Stickler we print—and for hundreds more that never get used. Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send your Sticklers with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

WHAT IS A MAN WHO CLASSIFIES ARTILLERY?  
Mortar Sorter
