

# THE SUNFLOWER

OFFICIAL STUDENT NEWSPAPER

Volume LXIV—Number 5

UNIVERSITY OF WICHITA, WICHITA, KANSAS

October 2, 1959

NOW, SMILE—Carolyn Towner, Liberal Arts freshman, prepares to have her portrait taken for the 1960 Parnassus. Jim Edwards, the photographer (far right), readies himself for the camera-clicking maneuver. (Sunflower Staff Photo by Roger LePlante.)

## Parnassus Photos Now Being Taken

Pictures for the 1960 Parnassus are now being taken. Pictures of students whose last names fall in the A through D group are being taken today, as are those of sorority and fraternity members.

Yearbook Editor Shirley Sears said that students with last names from E through Z may have their pictures taken next week.

Rorabaugh - Millsap Studio is chief photographer for the Parnassus this year. Pictures are taken for \$1.50. This entitles a student to be pictured in the class section of the Parnassus.

Miss Sears also noted that the photographer has a special student price for the pictures. She said that students who order copies of the picture will have \$1.50 taken off the full price.

Pictures are being taken in the main hall of the CAC, immediately across from the Corral Room. Photographer's hours are

from 8:30 a.m. to 1:30 p.m.

Miss Sears stressed that when having their pictures taken, coeds should wear either a dark blouse or sweater.

She also added that students who should have had their pictures taken this week, but failed to do so, may have them done beginning Monday and on through the remainder of the week.

"This would include sorority and fraternity members who failed to show up at their time also," the Liberal Arts junior concluded.

## Top AFROTC Position Filled By Jeffryes

Phillip R. Jeffryes, Business senior, has been named the Air Force Cadet Commander according to Lt. Col. Peter De Groot, professor of air science at the University.

Jeffryes, who will hold the rank of cadet colonel, was selected on a basis of military bearing, academic proficiency, and experience in leadership in the organization. Prior to his selection, he was commander of the AFROTC band.

Other key Cadet Officers named are: Donald T. Henderson, deputy commander; John L. Davidson, inspector; Davis E. Cook, administrative officer; Myron Janzen, personnel officer; William L. Wells, material officer; Rex Higgins, operations officer; and Jim Collier, information services officer.

Squadron commanders for the new term are: James T. Davis, special activities; Larry Parsons, Squadron 1; Phillip Hayden, Squadron 2; and John Wells, Squadron 3.

These cadet officers will conduct the leadership portion of the AFROTC program at the University. They will organize and perform all instruction in such subjects as drill and ceremonies, wearing of the uniform, and military courtesy. This training provides them with an introductory course in leadership prior to their being commissioned.

## Student-Faculty Court, SGA to Meet Monday

Student welfare will be at stake twice Monday. The Student-Faculty Court will hold its first session at 3 p.m. and the SGA will meet at 6 p.m. The court is beginning its second year of operation.

## Final Take on IDs Set for Wednesday

The Office of Student Services has come through with another "student service."

According to Mrs. Norma Gribble, secretary in the office of student services, all University students who have not had their ID card pictures taken yet will get one more chance on Oct. 7.

Those students wishing to have their ID cards and have not yet received them may go to the student services office, Rm. 113 in Jardine Hall to have a picture taken. Office hours are 8 a.m. to 12 a.m. and 1 p.m. to 5 p.m. or from 7 p.m. to 9 p.m.

However, a \$3 late fee will be charged in addition to the 50 cent charge for taking the picture. Students must have an ID for admittance to University activities, and without the proper identification the usual price charge will be made.

Spouse pictures have dropped from \$3 to \$2.50 because one football game has already been played.

Approximately 75 students have expressed a desire to have their ID shots taken. Any undergraduate student carrying 9 hours or over or any graduate student carrying 6 hours or over is eligible for an ID card.

"We must emphasize," stated Mrs. Gribble, "that this will definitely be the last chance until next semester."

## Jazz Band To Present 2nd Concert

Chris Barber is returning.

The famous English jazz musician who played on campus last year is scheduled for a return performance on Oct. 10.

The jazz band, most widely known for "Petite Fleur," is being sponsored again this year by the CAC. Don Wiles, Liberal Arts junior, is in charge of concert arrangements.

Tickets are now on sale for \$1.25 at the information desk in the CAC. The concert is scheduled to be held at 8 p.m., in the Commons Auditorium.

Barber, called "England's answer to Louis Armstrong," has been touring the United States, while the Woody Herman band is in England.

The case before the court will be to judge the action of SGA President Ken Orr in dismissing two Congress members.

Orr attempted to dismiss the members two weeks ago because their grade point averages dropped below 2.25, which is the grade average required to become a candidate for SGA. Orr felt that this was not only a requirement for candidacy but for membership, although this is not specifically stated in the SGA Constitution.

Several Congress members felt that Orr's action was not a valid and legal one and that the members should be allowed to retain their seats in Congress.

### Court Decides

The SGA will abide by whatever decision the Court makes.

The Court is comprised of five justices, two are faculty members, and three are students. Dr. John Millett, assistant professor of political science, is Chief Justice. Gordon Terflinger, assistant professor of business law, is the second faculty justice.

### SGA Votes on NSA

Important on the SGA agenda will be the voting on the United States National Students Association. Also on the agenda will be the written presentation of the policies of Students for Political Action by Congressman Bob Lawless. The group is seeking the vocal backing of the SGA.

Both the Court session and the SGA meeting are open to any student interested in attending.

Because of printer's deadlines, the Sunflower will not be able to publish the results of the two meetings until Friday, Oct. 9.

## ROTC Names New Officers

The Army ROTC has selected its cadet officers for the fall semester.

The new officers are Cadet Lt. Col. Raymond W. Anslinger, battalion commander; Cadet Major Roger W. Evans, battalion executive officer; Cadet Captain James C. Patterson, adjutant; Cadet Captain Edward J. Doogan, S-2 and

S-3 (intelligence and training operations, respectively); and Cadet Captain John W. Reed, S-4 (logistics).

The new cadet company commanders are Clayton Sturgen, James Hadley, and Daniel Gates. Cadet Captain Ted Lorts will be in charge of the band.

TRYING OUT one of the new vending machines located in the newly opened Snack Bar in the basement of the CAC are students Sonja LePlante, Business sophomore, (at the machine) and C. T. Dugas, Business senior, (waiting in line). The machines, already nicknamed the "miracle marvels" by the hundreds of students using them each day, line the entire west wall of the Snack Bar. (Sunflower Staff Photo by Roger LePlante.)

## January Grads!

Students in the University who expect to graduate at the end of the first semester of the 1959-60 term must have filed application for degree cards and evaluation forms in the office of their deans by Oct. 15.

## Society Gives Annual Award For Contest

The Wichita section of the Instrument Society of America announced recently that it will present an annual award to a student for achievement.

The award, a \$50 government bond accompanied by a suitable certificate for the student and a duplicate certificate to be displayed in the University engineering library, will be presented for achievement through preparation and presentation of a technical paper on the subject of instrumentation in an allied field.

Scope of the contest includes anything dealing with measurement or control to determine physical parameters or to accomplish electrical or mechanical functions, including design and application of digital and analog computers.

Contest entries must be received in the office of the dean of the School of Engineering by Feb. 1, according to members of the society.

## Cadets Select 10 WU Coeds For Angels

Ten Wichita University coeds were selected to fill the vacancies of the Air Force ROTC Angel Flight. The decision was made by the Advanced AFROTC Cadet Corps at an hour dance recently, in the Campus Activities Center, according to 1st Lieut. Harland Priddle, assistant professor of air science.

The 10 women were selected from a list of 90 candidates who had petitioned in August for the vacancies. The selections were based upon beauty, poise, and scholastic rating.

Those selected for the Angel Flight were: Judy Gunter from Wichita East; Leslie Ambler and Judy Hoisington from Wichita West; Jeanne Simmons, Sherry Wickliff, Francon Unruh, and Sandy Pound from Wichita North; Jan Shade from Maize, Kansas; Barbara McDowell and Janna Wassweiler from Wichita Southeast.

Women not selected at this time will be placed on a waiting list and admitted if vacancies are created in Angel Flight during the year.

# The Editor's Board

## About Face

Monday night, the Student Government Association will hold their second meeting of the school year.

Homecoming trophies, football games, and pep problems will be left behind as the 24 Congressmen walk into the CAC meeting room. Only one thought will be present in their minds, "Will NSA pass?"

We've done a lot of reading this week. We've talked to a number of people, and we have made our decision.

The Harvard Report, the National Student Association Constitution, and, most important, the NSA Codification, have kept us busy. We have investigated, and then, carefully, we decided.

NSA is, in reality, probably the strongest voice students now have, and may ever have, in national and international affairs.

It is a strong group—and an active one. It is for the students of America—and is composed of these same students.

Many of the arguments which have been stated on the campus against the group, we believe, to be weak arguments.

The Greeks fear being ruled by NSA. They can lay their arguments aside.

NSA Codification states: "NSA upholds the rights of a campus, students or social organization to select members of any race, color, religion, creed, or national origin, or political belief without restrictions and further disapproves of any action to force a social group to accept any person it does not wish."

The fraternity system on campus has not found itself being forced to accept any one member. In like respect, every Greek has the individual right to select whom he or she wishes to have within the fraternity's membership.

Top administration at the University told us that they believe it the inherent right of every local chapter to self-determine their membership. "The national should not interfere," they said.

No one can be forced to do anything. Every college man and woman should be an individual—ready to stand up for what he or she holds to be true. Only a weak person has their mind made up for them.

The argument that NSA will begin to run the administration of the University is ridiculous.

Our arguments against NSA are to be found in their Codification. They concern loyalty oaths, Communist teaching within the classroom, and several other controversial points. But we base these arguments on our personal opinions, all of which differ across the campus.

NSA has a tremendous international student program. They have, furthermore, taken stands on faculty pay increases, honor systems, counseling, and intercollegiate athletics—among hundreds of other issues.

They are an industrious group. They are mature thinking college students. And they are willing to assume a large responsibility.

For this reason, we advocate "no" on NSA affiliation.

Our argument is simple. It may cause some hard feelings. But we do not believe the SGA of the University, on the whole, to be a mature thinking and responsible group to accept what they should on becoming a member of a national organization.

The past two weeks have proven where the interests of many SGA members lie. Material has been made available for them to read and, as SGA President Ken Orr remarked, "Only a few have taken the time."

Minds were made up at the first meeting of the year. We're anxious to see how many have changed their feelings. We would feel better if we honestly believed them to be the feelings of the student body—but, unfortunately, they represent only a small segment of the campus.

As one administrator said, if the SGA votes to join the NSA, it should be because they feel a responsibility to support a national student organization. We feel this is not the case.

Instead we side with the administrative heads who feel that NSA is now, or is rapidly becoming, a local political issue.

If the NSA vote should pass, or fail to pass, by a wide margin Monday night, then we will be pleased. But, if a close vote is to be reached, we hope NSA affiliation fails.

Only a responsible, enthusiastic SGA can accept membership in NSA. Until then, we must make ourselves stronger and a louder voice to be heard on the University campus.

## We Get Letters

To the Editor:

I am writing this letter in defense, not of myself, but of Student Government.

A few years ago, the student government led the fight to institute minimum grade point averages as a requirement for membership in an organization. As a result of this, certain members have been dropped from various organizations when their grade average failed to reach the minimum level.

The SGA Constitution was returned several times from the administration because it didn't contain a grade point average stipulation. Now the Congress must stand up for the principles it has championed.

Also, the Congress is in the position of either losing two very good people or insisting that the SGA Constitution be interpreted literally, which would, in effect, mean that a student would have to be carrying a full load with a 2.25 grade average at the time of his election but, once elected, he could flunk as many subjects as possible, drop out of school, or carry as little as one hour and still be considered eligible to "represent" the students of the University on the SGA Congress.

If this seems ridiculous to students who care enough to maintain a decent grade average, con-

sider the respect such a representative would receive from the faculty and administration.

These are the decisions which have made me a "one-man dictator."

It seems I was foolish enough to think that the students of this University should have representatives whom they could respect. True, I interpreted the constitution, which every executive of any representative body must do every day if he is to operate at all.

I can say honestly that I feel we would miss the presence of the members in point in Congress. Politically, it would have been much wiser for me to have overlooked the issue altogether, but after discussion with persons who were members of the drafting committee of our present Constitution and faculty members, who returned the Constitution because of this lack of grade point requirement, I believed, as I still do believe, that the statement that certain requirements were needed to be elected implied that these requirements are needed to maintain one's position.

The quality of your student representatives is now before the Student Court. As Miss Wilson so aptly put it, "This is your SGA."

Ken Orr  
SGA President

## Pepster Clinic For Freshmen

Clinics for freshman cheerleader candidates will be held from 5:30 p.m. to 6:30 p.m. on Tuesday, Oct. 6, in the Ballet Room of the Fine Arts Center.

A total of eight cheerleaders, four men and four women, will be selected. The freshmen cheerleaders will lead cheers on the West side of Veterans Field during varsity football games. They will also cheer at the freshmen basketball games which precede varsity games at the Fieldhouse.

Male students interested in varsity cheerleading may benefit from these clinics, since two alternate varsity positions are still open.

## 120 Attend Meeting Of Newman Club

One hundred and twenty persons attended the first general meeting of the Newman Club, in the Campus Activities Center ballroom Sunday, according to Owen Balch, president.

Father Joseph M. Bergcamp, of the Holy Saviour Church, spoke on the "Legion of Mary." Slide pictures from the National Convention of Newman Clubs, Albuquerque, N.M., were shown to the group.

## Job Annual Ready

The new edition of the College Placement Annual for seniors only is now available in Rm. 114, Fiske Hall.

The annual is an official, non-profit publication listing the job opportunities normally made available by more than 1,700 participating companies. There is a limited supply of these annuals.

# Freshmen to Play First Game Monday

BY PLES WILLIAMS  
Sunflower Sports Writer

The Shocker freshman football team will open its season in a rescheduled game against Pittsburg State "B" team, Monday, Oct. 5, at 7:30 p.m. on Veterans Field.

Coach Ray Morrison said that "this is potentially the best freshman team the University has recruited in the past three years." At the beginning of fall practice, the squad was 48 strong but 10 have dropped.

There are four members of the team on the injured list. They are End Patrick Hanrahan, Tackle Gary McNeerney, Fullback Nate Murphy, and Quarterback Bill Stangarone.

The probable starting line-up for the Pittsburg game will be Ends Bob Plurkowski and Durwood Vinson, Tackles Charles Spears and Fred Cabala, Guards Bill

O'Connor and Pat Fulkerson with the center position anchored by Ed Perry. The starting quarterback position is running a tight race. It will be either Duke Christian or Alex Zyskowski, with Bill Gammill and Ed Manning at the halfback slots and Adolph Wilson at fullback.

**FRESHMAN SCHEDULE 1959**

Oct. 5	Pittsburg "B" Here	7:30
Oct. 12	Tulsa Frosh There	7:30
Oct. 26	North-Texas State Frosh Here	7:30
Nov. 5	Miami Jr College There	7:30
Nov. 12	Tonkawa Jr College Here	7:30

# Shocker Cross-Country Runners Win

The Shocker cross-country team opened 1959 season last Saturday afternoon by defeating the Pittsburg College Gorillas, 26-31, in a dual meet held at Echo Hills Golf Course.

Larry Floyd was first with jumps for the cinder team, and Jim Kimble, whose specialty is the quarter and half-mile runs. Other Shockers placing were Delbert Voth, third, Ray Wilson, fourth, and Jay McMurray, sixth. Tomorrow, the team travels to Stillwater, Okla. to compete in the Oklahoma State Invitational.

**Big Team**  
Coach Fritz Snodgrass says the team this year will be about twice the size in number of any squad the school has ever had.

Lettermen on hand are Floyd, McMurray, Voth, Wilson, and Jerry Kraus.

Two of Snodgrass' track stars, who do most of their running in the spring, will compete this year. They are Tom Willet, who runs the hurdles, sprints, and broad-

leaves for Fayetteville, Ark. Sat., Oct. 24 Hays State at Hays, Kan. Sat., Oct. 31 K-State and Drake at Manhattan Sat., Nov. 7 MVC at St. Louis, Mo.

A fine crop of freshman runners have been recruited by Coach Snodgrass and some of the standouts include Joe Bartels, cross-country and half-mile star at Shawnee Mission North High School in Kansas City last year, Ronnie Groves, high point man in the Wichita city track meet last spring who attended East High, Jack Limper, who also graduated from Wichita East, and two other Wichita boys, Tom Mallisee of Southeast and Tom Klem from North.

The remaining cross-country varsity schedule:

Sat., Oct. 3 Oklahoma State Invit. at Stillwater, Okla.  
Tues., Oct. 6 Oklahoma Baptist U. at Wichita  
Sat., Oct. 10 Wichita U. Invit. at Wichita  
Sat., Oct. 17 Arkansas U.

## 'Army Blues' To Sponsor Tea and Talk

The Army Blues, the Army ROTC coed drill team, will sponsor a tea on Sunday afternoon, Oct. 11, in the CAC ballroom. The affair will be open to all women interested in trying out for the drill team.

All coeds who wish to tryout should sign up in the Student Services Office in Jardine Hall, from Monday, Oct. 5, through Thursday, Oct. 8.

At the tea, an explanatory program and demonstration drilling will be given, according to Henrietta Nye, the newly elected commanding officer.

Drill team officers are: Jackie Gutschenritter, executive officer; Mary Salyer, S-4; Linda Christian, S-3; Marilee Long, S-2; and Treva Mateer, S-1.

Cincinnati-Houston game to be played tomorrow night in Houston! Houston and Cincinnati are rated equal by that famous football expert, Litkenhous, but I will take the Cougars on the assumption that they have been beaten by two of the nation's top teams, Alabama and Mississippi, and they are ready for that first win!

Also, Iowa State won't be the push-over Missouri is expecting to find tomorrow.

That's it for now—more—later!

## Tommy's Talk

By TOMMY VANDERHOOFVEN  
Sunflower Sports Editor

It's that time of year again when students have to drive down to the Fieldhouse to obtain their tickets for football games. In years past the situation has been hotter than a school election.

I have had numerous requests to write an editorial about the issue but I don't believe it would help any—it hasn't in the past. However, at KU and K-State, to mention just two schools, students get in the games by just flashing their ID's. They have never had any trouble by handling it this way, and I can't see why Shocker student fans couldn't try the same thing. Sure, a fan will get by the gates once in a while with someone else's ID, but not enough to hurt the financial situation.

A student invites his or her friend from another college to attend the game, and lo 'n behold they are \$3 poorer. A dollar maybe, but 3 greenbacks is just too much to ask of someone who could have stayed on their own campus to watch a game free!

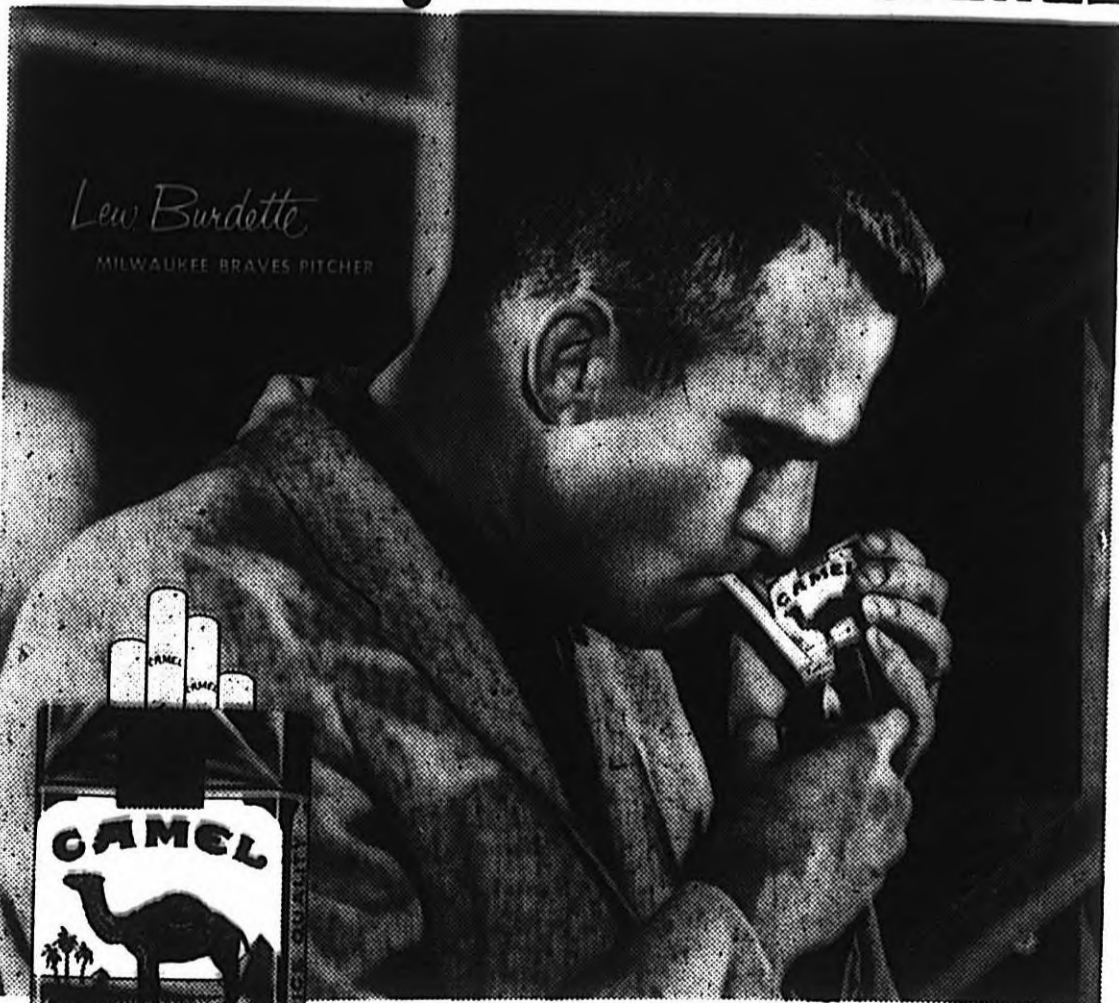

Seniors Ray Wichert, an end,

and Fullback Ted Dean were named the Wichita Eagle lineman and back of the week for their fine play against HSU last Saturday. Senior Dick Young, quarterback, was named Co-Back of the Missouri Valley Conference last week for his efforts against K-State the previous week. The other back honored was Quarterback Jack Lee of Cincinnati. Congratulations Shocks!

From time to time there will appear a quip or two regarding questions asked by our female football fans. The best one I received last week was an answer to this question: "Would you like your boyfriend to be a football hero and why?" I received this reply: "No, because I would rather be pinched than tackled!" No names available.

No football game tomorrow night, but keep your eye on that

BEING WEIGHED-IN at the Student Health Service is Phan Chi Binh, foreign student majoring in engineering. Reading the results is Head University Nurse Mrs. Wanda Maltby. The Student Health Service office is located in the Commons and is open to all students. (Sunflower Staff Photo by Roger LePlante.)

## W U Health Services Sought by Students

First aid, inoculations, examinations, and counseling include some of the various services offered by the Student Health Service, now in a new location on the first floor of the Commons Building. Mrs. Wanda Maltby, nurse and counselor, assisted a total of 2,206 students last year.

The new quarters contain twice the space of the former location which was in Morrison Library, and two examining rooms and a waiting room are provided.

The most common ailments last year were the common cold, various cases of flu, and minor accidents, according to Mrs. Maltby. She indicated that two physicians are available from 11 to noon each

Tuesday and from 8:15 to 9:30 a.m. on Thursdays. The nurse is in the office from 8 to noon and from 1 to 5 p.m., weekdays.

Some of the services offered by the office include free health pamphlets and literature, first aid when the need arises, and health counseling. Shots are offered for protection against polio, flu, tetanus, smallpox, and tuberculin skin tests. Routine medical examinations are available to senior students, according to Mrs. Maltby.

## UCF Conference Set for Oct. 9-11

The annual fall conference of the United Christian Fellowship will be held October 9-11 at Camp Hyde, at a total cost of \$375.

The theme for 1959-60 conference will be "The Mission of the Church in the Whole World," with the Rev. Hubert Muenstermann, former campus minister of Ohio State University and personnel secretary of the board of international missions of the Evangelical and Reformed Church, as the guest speaker.

Students interested may obtain a registration blank in the UCF Office on the second floor of the CAC.

## Wichita Story Shown in CAC

The current display, "This Is Wichita," is rapidly increasing in size with each passing week. This was the thought expressed Saturday by Jim White, Junior Chamber of Commerce member in charge of the exhibit now on display in the CAC.

The traveling display is designed to give a visual account of economic, social, and religious life in Wichita.

"The display is not for advertising but for the promotion of Wichita," said White. "Its purpose is to familiarize Wichitans and visitors with the city."

More than three hundred units make up the exhibit and it is expected to increase to approximately one thousand units by next year, according to White.

## No Adds Now; Drops Possible

A student may not add a course to his schedule now, but may drop a course at any time, according to Worth A. Fletcher, registrar.

He noted that although students may drop at any time, their grade depends upon their standing in the class at the time they drop. Incompletes incurred during the previous term must be made up during the first six weeks of the current term, the registrar indicated.

## Two Films Set On 'Reel Time'

Two films on the Reel Time series are scheduled to be shown beginning at noon today in the Audio-Visual Center, Rm. 011, Morrison Library, according to Carol Holman, coordinator of Audio-Visual services.

The first is "The Family of Man," 20 minutes in length, and which currently is being shown at the American Exhibition in Moscow.

The other film is a 26-minute film, "The Teens," which shows the active interest and sympathy required of parents to help teenagers become adult in their behavior and personalities.

## Recent Move to New Quarters Pleases Speech Department

The speech department has taken a big step in the right direction by moving to the Commons Building. The rooms are much brighter and have better lighting, according to Dr. Eugene Hoak, head of the speech and drama department.

"The new rooms are very gratifying and the faculty is very pleased with the size of the rooms," he said. The classrooms are twice as big as the old rooms in the Communications Building.

All classes except for station KMUW and classes in stage craft are being held in the new quarters. The latter activities are still in the Communication Building and the Fine Arts Center respectively. "The students are more enthusiastic about the more cheerful and spacious and better ventilated rooms in these new quarters," said Dr. Hoak.

## Soph Wins Award

Michael R. Mendenhall, chemistry sophomore, received a chemistry department award recently as he began his second-year studies with the opening of the fall semester.

**On Campus** with Max Shulman  
(By the author of "Rally 'Round the Flag, Boys", "I Was a Teen-age Dwarf", etc.)

### FASTER, FASTER!

College enrollment continues to spiral upward. The need for more classrooms and more teachers grows more desperate daily. But classrooms, alas, do not spring up like mushrooms—nor teachers like May flies. So what must we do while we build more classrooms and train more teachers? We must get better use out of the classrooms and teachers we now have. That's what we must do.

This column, normally a vehicle of good-humored foolery, will today forsake laughter to examine the crisis in higher education. My sponsors, the makers of Philip Morris Cigarettes, as bonny a bunch of tycoons as you will see in a month of Sundays, have given cheerful consent to this departure. Oh, splendid chaps they are—the makers of Philip Morris, fond of home, mother, porridge, the Constitution and country fiddling! Twinkly and engaging they are, as full of joy, as brimming with goodness, as loaded with felicity as the cigarettes they bring you in two handy packages—the traditional soft pack and the crushproof flip-top box.

How can we make better use of existing campus facilities? The answer can be given in one word—*speedup!* Speed up the educational process—streamline courses. Eliminate frills. Sharpen. Shorten. Quicken.

*The answer can be given in one word.....*

Following is a list of courses with suggested methods to speed up each one.

PHYSICS—Eliminate slow neutrons.

PSYCHOLOGY—LAB—Tilt the mazes downhill. The white mice will run faster.

ENGINEERING—Make slide rules half as long.

MUSIC—Change all tempos to allegro. (An added benefit to be gained from this suggestion is that once you speed up waltz time, campus proms will all be over by ten p.m. With students going home so early, romance will languish and marriage counsellors can be transferred to the Buildings and Grounds Department. Also, houses now used for married students can be returned to the School of Animal Husbandry.)

ALGEBRA—If X always equals twenty-four, much time-consuming computation can be eliminated.

DENTISTRY—Skip baby teeth—they fall out anyhow.

POETRY—Amalgamate the classics. Like this:

*Hail to thee blithe spirit  
Shoot if you must this old gray head  
You ain't nothin' but a hound dog  
Smiling, the boy fell dead*

You see how simple it is? Perhaps you have some speedup ideas of your own. If so I'll thank you to keep them to yourselves.

**When first impressions matter...**

The man in command of the situation is, of course, perfectly groomed. And, a good-looking shirt—with masterful tailoring—is one of the essentials. We respectfully submit the flattering Arrow "Tabber" with the authentic British Tab collar—as a fitting background for the well-dressed man. Luxurious "Sanforized" fabrics—oxford and broadcloth. \$5.00.

**ARROW**

Each Saturday see the NCAA football "Game of the Week"—NBC TV—sponsored by ARROW.

The Philip Morris Company, makers of Philip Morris, Marlboros and Alpine, have no interest in speedup. We age our fine tobaccos slow and easy. And that's the way they smoke—slow and easy and full of natural tobacco goodness.
