Packard To Speak For SFB

Vance Packard, an author who has stirred up considerable controversy in the fields of advertising and sociology, will discuss his latest best-seller, "The Status Seekers," at 8:15 p.m., Tuesday, in the Commons Auditorium.

"The Status Seekers" explodes the myth of America's classless society. To gather background material for this book, Mr. Packard traveled in 15 states and eight foreign countries compiling the findings of 150 sociologists concerning the evolution of a class system in the United States.

In "The Hidden Persuaders," another of Mr. Packard's books, he discusses techniques employed by advertising specialists to "get the public to buy the product." Published in 1957, it climbed to the top-spot on the nation's best-seller list almost overnight.

Before his preoccupation with the social sciences, Mr. Packard spent five years as a newspaperman in Boston and New York. He later switched to writing magazine articles and books.

Currently, he is mapping plans for three other books and filling several magazine commitments.

Students will be admitted free to the lecture on presentation of their ID cards.

Documentary Show Latest in Series

"Paris, ma Grande Ville," the latest of a series of documentary movies sponsored by the French department, will be shown in the Audio-Visual Room of the Library at 8, 9, and noon on Feb. 29.

In conjunction with this showing will be an exhibit of pictures, "Heures de Paris." These will be placed in CAC near the TV Lounge area.

The movie series, under the sponsorship of Dr. Briggita Kuhn, head of the French department, features narration in the French language. Anyone interested is invited to attend.

QUEEN HOPEFULS—Karen Williams, Gamma Phi Beta; Donna Kay Gooden, Delta Delta Delta; and Jeanne Seacat, Delta Gamma, all share hopes of being selected May Queen. The other three candidates will be pictured in Tuesday's Sunflower.

6 Coeds File Petitions For May Queen Honors

Six University coeds are vying for the 1960 May Queen title. According to Allan Johnston, election commissioner, six senior women have filed petitions.

Candidates and their sponsors are Lillian Huffman, Grace Wilkie Hall; Shirley Gilley, Alpha Phi; Donna Gooden, Delta Delta Delta; Jeanne Seacat, Delta Gamma; Karen Williams, Gamma Phi Beta; and Barbara Miller, Alpha Chi Omega.

One of the three music majors in the contest, Miss Gilley, is president of Alpha Phi. She is also a member of Mortar Board, University singers, Music Educators' National Conference, WRA, and is president of Mu Phi Epsilon, music sorority.

Miss Seacat, a piano major, is in Tau Beta Sigma, band sorority, and is a member of Delta Gamma Sorority. She has been an ROTC Sweetheart, Press Queen, and Homecoming princess.

The other music major is Miss Huffman. She is a member of Mortar Board, Home Ec Club, and Kappa Delta Pi, honorary education organization.

Miss Gooden is a member of Delta Delta Delta Sorority, WRA, AWS, Kappa Delta Pi, and YWCA. She was also Military Ball Queen.

Miss Williams is a physical education major. She is president of

Gamma Phi Beta, a member of SNEA, WRA, Student Forum Board, Orchesis, Kappa Delta Pi, and Majors club, a physical education organization.

Rounding out the list of candidates is logopedics major Barbara Miller, who is a member of two honorary societies—Sigma Alpha Eta, in speech and hearing, and Zeta Phi Eta, in speech arts. She is also a member of Wheaties, and Panhellenic Council.

Attention Seniors

Seniors wishing to order graduation announcements may do so next Thursday and Friday in the CAC Bookstore, according to Mr. Richard Adkisson, bookstore manager.

A representative of Star Engraving Co. will take orders between 8 a.m. and 2 p.m. on these two days. Seniors will be able to purchase announcements after next week, but to insure delivery in time for spring graduation exercises, they are urged to place their orders at this time.

Next Thursday and Friday is also the deadline for ordering class rings in time for graduation.

SGA Rejects Loyalty Oath

Student Government Association Monday passed a resolution denouncing the loyalty oath of the National Defense Education Act, approved changes in the May Day activities, discussed the 1960-61 budget, and appointed Carole Pierce to investigate the possibility of obtaining a school flag, in the regular meeting of the group.

The resolution, which seeks to abolish the loyalty oath of the National Defense Education Act, will be sent to all U. S. Senators and to all Kansas Congressmen, according to Ken Orr, president of SGA.

Also, several changes in the May Day activities were approved by the Congress. The changes include discontinuance of field day activities and also of the May Dance. According to Mary Salyer, Hippodrome chairman, only a few students participate in these activities and SGA has been losing money for several years on the May Dance.

Miss Salyer announced that there will be a May pole this year and there will be no charge to

students for Hippodrome. It was decided that the winners of Hippodrome present their skits before the general public on Saturday night with the proceeds going to the SGA scholarship fund or the library fund.

The Congress also discussed the SGA budget for next year and also put the Pep Council budget in a separate fund. This was done to eliminate the necessity of having expenditures of Pep Council go through the SGA treasurer. The proposed budget was delayed until further detail work was completed.

The possibility of obtaining a school flag was discussed briefly and Carole Pierce was appointed to investigate the possibilities.

Debaters Enter Competition In Kansas Tourney Tomorrow

The University debaters will enter four teams in the Kansas Forensics Debate Tournament tomorrow.

Debaters who will make the trip to McPherson are: Judy Wallace, debate; Marcy Welsh, extemporaneous; Patti Woolsey, debate; Quincalee Brown, oratory; Al Mattson, extemporaneous; Bob Lawless, debate; John Elder, debate; Paul Human, debate; and Walter Duerkson, Jr., debate.

The debaters returned Sunday from Evanston, Ill., where they competed in a tournament held at Northwestern University.

104 Teams Enter
The tournament, considered one of the largest of the year, included 104 teams from colleges across the country. Four debaters, comprising two teams, represented the University. Attending the debate were Elder and Miss Wallace and Lawless and Miss Welsh.

The Lawless-Welsh team had six wins and two losses, missing elimination rounds by six ranking

points. They were ranked 19 out of the 104 participating teams.

The WU squad had a record of nine wins and seven losses.

Coach Comments
Commenting on the tournament, Paul McKee, assistant debate coach, said, "I consider this debate one of the roughest tournaments of the year and probably the roughest on our schedule. Not only is the competition of the best quality, but the tournament is also a grueling one."

"The team that wins the tournament must debate eight preliminary rounds consisting of eight hours debate and sudden death eliminations.

"Rounds are made up of octa-finals, quarter-finals, semi-finals, and finals. This makes an over all total of 12 hours of highly competitive debate."

Speech Department to Use Closed-circuit Television

The University radio and television division of the department of speech soon will start programming for Wesley Hospital patients.

Norvin Allen, professor of radio and television, met this week with Thomas O. Faulkner, public relations director of Wesley Hospital, to discuss future programming possibilities.

Mr. Faulkner said that the hospital had recently acquired closed-circuit TV facilities. Officials were experimenting with the television camera when Mr. Faulkner suggested they offer the University the opportunity to utilize the equipment for training and programming.

285 Sets Installed

The hospital has 285 television sets installed in patient rooms, and sought University guidance in arranging programs for patients. Professor Allen has started the program with a series of panels known as "Showcase" to be aired over the closed-circuit TV.

Each week, a professor from a different department will be interviewed with three of his stu-

dents. The panel will give students and professors a chance to participate on live video, according to Professor Allen. The programs will be staged in the hospital library at 10 a.m. Wednesday.

Plans are also being made to conduct on-the-spot news summaries in the hospital lobby. This would give University students majoring in radio and TV a chance at live performances.

'Forward Step'

"The project has tremendous potential and the University is grateful to be working with Wesley on it," Professor Allen said. He added that he felt this to be a real step forward for people interested in training for writing, programming, and newscasting in TV.

Mr. Faulkner expressed hope that in the future more University talent could be used to entertain Wesley patients.

"We want to make this equipment available to the University, and hope it will help you train your people," he added.

CLOSED CIRCUIT TV—Thomas O. Faulkner, Wesley Hospital public relations director, checks out the new closed circuit television set-up before offering the use of it to University radio and television classes. University faculty met with Mr. Faulkner Wednesday and a programming schedule was tentatively arranged. The classes will then have a chance to participate in "live" broadcasts to hospital patients. Newscasts and panel discussions will be presented by students. The hospital has 285 television sets installed in patient rooms.

The Editor's Board

Loyalty??

SGA recently passed a resolution denouncing the loyalty oath of the National Defense Education Act.

This particular section of the act (section 1001f) has caused more than a little controversy throughout the nation. The same held true in Monday night's meeting of SGA.

The loyalty oath was discussed emotionally, both pro and con, with very strong arguments for both sides. It was generally conceded that the words themselves, as contained in the oath, would not offend anyone. However, the oath contained implications that were contrary to the principles of our Constitution.

The loyalty oath implies "if you don't sign this affidavit we will not grant you a loan because you might belong to a subversive organization." This is an outgrowth of the McCarthy era where one was assumed to be guilty until he was proved otherwise.

If a person were seriously interested in subverting the government, no menial thing, such as signing a slip of paper, would hinder him in the least.

The NDEA, as it stands, singles out the students on which to pin its loyalty oath. Although farmers and foreign countries receive aid from the federal government, they are not required to sign a loyalty oath.

This is in a sense labelling the students as being prone toward subversion.

The oath also places restrictions on the present and future beliefs of the students. This is contrary to one of the basic principles of the Constitution.

If the "loyalty provision" was injected into the NDEA as a means of building nationalism, it seems to have accomplished just the opposite. It has created a feeling that the government is suspicious of its future leaders.

Loyalty cannot be achieved through the exchange of a few dollars, but it must be built by offering a system of government that everyone will feel deserving of his loyalty.

WE GET LETTERS . . .

To the Editor

At last Monday's meeting of SGA, a resolution was passed to send a statement to members of the United States Senate and the Kansas legislature denouncing the loyalty oath section of the National Defense Education Act of 1958.

This act states that the federal government will make contributions to student loan funds in colleges and universities so that low-interest, long-term loans will be available to qualified needy students.

It further states that in order to qualify for such a loan, a student must sign a loyalty oath or "disclaimer affidavit."

A person signing it states that he does not believe in, is not a member of, and does not support any organization that believes in or teaches the overthrow of the U. S. government by force, violence, or any other unconstitutional means.

I can see no reason why anyone, college student or otherwise, should object to signing such an oath.

As citizens, we owe our allegiance to our government and the principles for which it stands, as set forth in our United States Constitution.

The freedom of a person signing such an oath is not limited. He merely states that he supports our system of government and is not sympathetic to any faction attempting to overthrow it.

Secondly, I do not believe that this action reflects the beliefs of

the student body which the SGA alleges to represent, but rather the personal whims of Mac Armstrong and his friends.

Student opinion was not heard, I feel, because of the bad publicity it would have brought to the University and the SGA in particular.

'Ticketing' Smaller Duty Of WU Police Officer

BY DENNIS PROUTY
Sunflower Staff Reporter

"Traffic and parking can be just as big a problem as the students want to make it." So says Officer G. W. Parsons, well-known campus personality.

Although many students know him only in his capacity of handing out parking tickets, he actually spends a small percentage of his time at this job.

A more important part of his duties involve helping students with traffic and automobile problems. During the winter Officer Parsons assists people with automobiles stalled in snow and ice. Also, students often lock keys in their cars. When this unfortunate thing happens, he is the one to help them get back in.

For the last three years, the University has been employing a student to take over these duties in the evening. This year's "night policeman" is Gerald Bjork, who passes out tickets during evening class sessions.

The object of these jobs is to

keep University traffic flowing freely and smoothly. Parking restrictions on campus streets aid them in this job, by sending students directly to the parking lots, eliminating a line of cars circling the campus, searching for a parking place near a classroom building.

Officer Parsons also suggested that students may aid in clearing up the 8 a.m. traffic jam at 17th Street by entering the parking lots from Hillside or 21st Street.

Published each Tuesday and Friday morning during the school year by students in the department of journalism of the University of Wichita except on holidays, during vacations and examination periods. Second class postage paid at Wichita, Kansas.

COMMITTEES: AN AGONIZING REAPPRAISAL

To those of you who stay out of your student government because you believe the committee system is just an excuse for inaction, let me cite an example to prove that a committee, properly led and directed, can be a great force for good.

Last week the Student Council met at the Duluth College of Veterinary Medicine and Belles-Lettres to discuss purchasing a new doormat for the students union. It was, I assure you, a desperate problem because Sherwin K. Sigafos, janitor of the students union, threatened flatly to quit unless a new doormat was installed immediately. "I'm sick and tired of mopping that dirty old floor," said Mr. Sigafos, sobbing convulsively. (Mr. Sigafos, once a jolly outgoing sort, has been crying almost steadily since the recent death of his pet wart hog who had been his constant companion for 22 years. Actually, Mr. Sigafos is much better off without the wart hog, who tusked him viciously at least once a day, but a companionship of 22 years is, I suppose, not lightly relinquished. The college tried to give Mr. Sigafos a new wart hog—a frisky little fellow with floppy ears and a waggly tail—but Mr. Sigafos only turned his back and cried the harder.)

Invictus Millstone was a man of action

But I digress. The Student Council met, discussed the doormat for eight or ten hours, and then referred it to a committee. There were some who scoffed then and said nothing would ever be heard of the doormat again, but they reckoned without Invictus Millstone.

Invictus Millstone, chairman of the doormat committee, was a man of action—lithe and lean and keen and, naturally, a smoker of Marlboro Cigarettes. Why do I say "naturally"? Because, dear friends, active men and active women don't have time to fuss and fumble and experiment with cigarettes. They need to be sure their cigarettes will never fail them—that the flavor will always be mild and mellow—that the filter will always filter—that the pack will always be soft or flip-top. In short, they need to be sure it's Marlboro—dependable, constant, tried and true Marlboro. Smoke one. You'll see.

Well sir, Invictus Millstone chaired his doormat committee with such vigor and dispatch that, when the Student Council met only one week later, he was able to rise and deliver the following recommendations:

1. That the college build new schools of botany, hydraulic engineering, tropical medicine, Indo-Germanic languages, and millinery.
2. That the college drop football, put a roof on the stadium, and turn it into a low-cost housing project for married students.
3. That the college raise faculty salaries by \$5000 per year across the board.
4. That the college secede from the United States.
5. That the question of a doormat for the students union be referred to a subcommittee.

So let us hear no more defeatist talk about the committee system. It can be made to work!

© 1960 Max Shulman

You don't need a committee to tell you how good Marlboros are. You just need yourself, a Marlboro, and a match . . . Or if you like mildness but you don't like filters, try Marlboro's sister cigarette—Phillip Morris.

Speech Frat Adds 7

Seven new members have been pledged by Zeta Phi Eta, women's speech arts fraternity.

They are Joyce Hjerpe, junior; Marilee Long, sophomore; Sharon Richardson, freshman; Marcy Welch, freshman; Susan Taylor, junior; Jo Scott, sophomore, and Georganna Hinkle, sophomore.

Spring Course Offered In Metropolitan Finance

A comprehensive course in metropolitan finance will be featured in the College of Adult Education's spring non-credit program scheduled to begin Feb. 24.

Dr. James K. Sours, chairman of the department of political science, is presently coordinating the course. Assisting him are Dr. Hugo Wall, dean of the Graduate School, Mr. Ralph Wulz, treasurer of the University, and Prof. Jack Robertson of the department of economics. Efforts are also being made to secure, as guest speakers and consultants, authorities from other metropolitan areas.

The 10-week course, offered by the department of political science, is designed to provide a systematic study of local tax problems and problems arising out of annexation.

"The prospect of expanding municipal services to annexed areas, and of providing additional schools, poses a serious problem for people who already feel themselves overburdened by a high property tax rate," said Dr. T. Reese Marsh, dean of the College of Adult Education.

Also offered in the spring program will be classes in physical skills and a French workshop for children. Courses in Civil War his-

Student Insurance To Close March 1

The Student Insurance Plan offered by the Idemnity Insurance Company of North America will be available for students until March 1. The insurance plan covers accident and hospitalization and extends through the summer months.

Students taking nine hours or less are ineligible for coverage. Information can be obtained from the Student Health Service, according to Mrs. Wanda Maltly, director.

Lehigh Ban Provokes Comment

By the University Press Service
The controversy at Lehigh University over the banning of Socialist Norman Thomas as a speaker on the campus exploded this week as a series of developments provoked comments from the U. S. National Student Association, Thomas himself, and the school's President, faculty and student council.

NSA's National Executive Committee voted unanimously on a resolution condemning the thwarting of Thomas at Lehigh as a breach of academic freedom.

University President Martin D. Whitaker broke a two-month administration silence when he told a faculty meeting that the Thomas denial was made on procedural grounds.

Statement Released

Prior to the meeting, eight professors, all members of the executive committee of the school's American Association of University Professors chapter, released a statement questioning the university's current regulation on the approval of guest speakers. Although not specifically mentioning the Thomas affair, they asked that the power of approval be transferred from the president to the students and faculty.

Issuance of the faculty statement forced the resignation of the president of the AAUP chapter who accused the eight professors of "acting injudiciously and failing to meet the complexities of the problem."

Supports Statement

The Lehigh Student Council voted late in the week to support the faculty statement. At the same time, reliable sources disclosed that the president of the student organization which had originally invited Thomas to the campus plans to appeal the Administration's decision to Lehigh's Board of Trustees at its meeting next month.

Coffee Hour To Be Held For Travelers

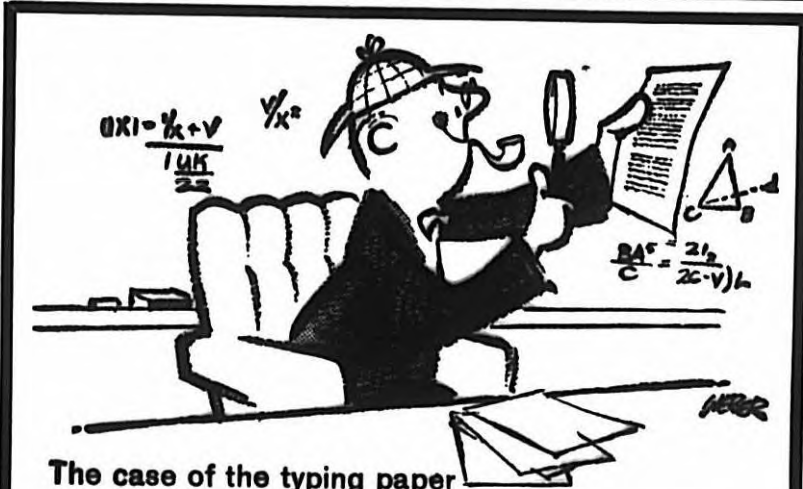

A coffee hour will be held Tuesday, Feb. 23, at 8 p.m. for students and their parents interested in the 1960 European Seminar. The coffee hour will be held in Rm. 231 of the CAC. Dr. Morton Rosenbaum, director of the 1959 seminar, will be speaker for the event.

A period will be set aside to allow parents and students to ask questions regarding the seminar, according to Mrs. Raymond Ahrens, consultant for Associated Consultants for Education Abroad.

Two scholarships of \$250 are being offered by ACEA which is responsible for programming the seminar. Applications for the seminar and scholarships can be obtained from the Office of Student Services.

Students and parents attending the coffee will have an opportunity to meet Prof. Melvin Moorhouse, director of this year's seminar.

Students participating in the seminar will fly from New York on June 22 to Europe. The 47-day trip will include visits to Great Britain, Holland, West Germany (Berlin), Czechoslovakia, Austria, Italy, Switzerland, and France. After the eight-country tour, students will return to New York on Aug. 4.

Harriers Meet Omaha Today

Coach Fritz Snodgrass's track squad left this morning with 15 trackmen, including 7 lettermen, for a dual match with Omaha University of the Central Intercollegiate Conference. The meet will be held this afternoon.

The lettermen are Larry Floyd, 30 boys started. McCarrier didn't who runs the quarter and the half-mile, Jerry Kraus, mile run, Delbert Voth, 2 mile specialist, John McCarrier, shot and discus, Bill Mallory, sprints and low hurdles, Walt Cochran, javelin, and Don Hickey, high jumper.

Saw Action

Kraus, Floyd, McCarrier, and sophomore Ray Wilson saw action last week-end in the Michigan State University Indoor Invitational held at East Lansing. Kraus took 5th place in the mile, while Floyd took 4th in his heat of the 1,000 yard dash, but didn't qualify for the finals. Wilson won 11th place in the 2-mile run, in which

Baseballers Will Begin First Drills

Eight lettermen will take the field March 2 when baseball coach Ray Morrison will lead this year's first practice at McKinley Park.

The lettermen are pitchers Gayle Bryant, Jim Hadley, and Dick Cassidy; infielders Jim Myrtle, Bob Beeler, and Lanny Van Eman; and outfielders Jim Patterson and John Haran. Haran is a transplanted infielder and Hadley is the only senior reporting this spring.

Strong on Defense

According to Coach Morrison, the Shocker diamond men will be strong on defense, while the offensive punch should get better as the season progresses. Morrison added that the baseballers "should have an interesting team."

New names to bear watching this spring include Ron Stephens, Larry Hahn, Dick Young, and Don Hesser, all pitchers and catchers Frank Chappel and Tom Ferris. Hesser and Young will also be expected to help patrol the outfield, as will Bryant.

Cassidy will see a lot of action at first base, besides taking his turn on the mound.

Morrison feels that he has three of the finest pitchers in the history of the school on the freshman squad. They are Mike Blue, who led West High to the state high school championship last spring, Alex Zyskowski, also a football player, from Kapaun, and J. D. DeVore of Benton. All of these boys participated in the Kansas Semi-Pro tournament last summer.

Newcomer Joins Squad

Morrison is also very high on a yearling receiver from Oklahoma City, Denny Kennedy.

For the second straight year, all of the Shocker home games will be played in Lawrence Field.

The Shocks open their season at Alva, Okla., on March 19, to be followed on March 25 and 26 against Arkansas University at Fayetteville. Their first home game will be March 29 when they host Phillips University of Enid, Okla.

Study in Guadalajara, Mexico

The Guadalajara Summer School, a fully accredited University of Arizona program, conducted in cooperation with professors from Stanford University, University of California, and Guadalajara, will offer July 4 to August 12, art, folklore, geography, history, language and literature courses. Tuition, board and room is \$240. Write Prof. Juan B. Rael, P.O. Box 7227, Stanford, Calif.

Merriman Wins Half-mile Test

BY TOM VANDERHOOFVEN
Sunflower Sports Editor

Lewis Merriman, well-known in the Midwest, but practically unknown in the East, won the Matt Halpin Memorial half-mile run in Madison Square Garden last Saturday night, while Archie San Romani, Jr., took fifth in the Baxter Mile.

They were participating in the New York Athletic Club's Annual Indoor Games and were accompanied by Shocker track coach Fritz Snodgrass.

Merriman's time was a fine 1:53.4, while Archie's time was a respectable 4:26. Merriman led Mike Peake of the Santa Clara Youth Village by three feet at the finish line. Merriman ran the track 5 1/4 laps, while Archie Jr. ran 11 laps.

Snodgrass Comments

"Our trip was quite an inspiring experience" commented Snodgrass, "especially for Lew Merriman. He was practically unknown in the East, although he had taken 4th place in the NCAA meet last year."

Coach Snodgrass said that Lew ran almost a perfect race, maneuvering at the right times, and he led the race the last two laps.

The meet record for the half-mile was established by Arnie

Sowell in 1957 with a time of 1:50.7. Merriman was given a gold medal for his victory.

Concerning Archie Jr., Snodgrass said, "Archie has been given great publicity for almost weeks and the director of the said that the papers had gone out."

The track coach added that Archie was given the number one lane and was forced to the front from the start. He was of opinion that the prize yearling Shockerland was shocked when other four runners passed him.

Coach Optimistic

However, Snodgrass pointed out that Archie was not suffering from any physical lapse and he was sure that he could do better. He was reassured San Romani when the Shocker ran a 1:55.2 half-mile on the house rubber track Monday afternoon.

In the mile event, the record was broken by Jim Be...

Impala Sport Sedan

STEP OUT IN IT

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

Supple Full Coil suspension—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.

Butyl rubber body mounts—Thicker, newly designed body mounts

further insulate you from the road.

Body by Fisher—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.

Foam cushioned seats—Chevy offers foam cushioned seats in both front and rear in all series but one.

Safety-Girder frame—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.

Hydraulic valve lifters—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

Cushioned steering shaft—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

Precision balanced wheels and tires—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.

Easy steering ratio—Chevy's high ratio Ball Race steering takes the work out of steering for you.

Superior weight distribution—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

Wide choice of power teams—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.

Now—fast delivery, favorable deals! See your local authorized Chevrolet dealer!

Drake Invades Shockerland Tomorrow

Bulldogs Cast Revengeful Eyes After Earlier Defeat at Home

The Sunflower — February 19, 1960

The Drake Bulldogs invade the house tomorrow night in a game of avenging a Shocker victory at Des Moines two weeks ago. At that time the Bulldogs came out on the short end of a 68-58 score.

Last night the Iowa team was the Tulsa for a Conference game, and St. Louis visited Shockerland. By defeating the Billikens, the Bulldogs could move into a 3rd place tie in league standings.

Until last night's game, the Bulldogs were 8 and 6 in the league

with a season record of 10 wins and 8 losses. The Shockers were 4 and 5 in league play and 12 and 9 for the season.

Feature of Attack

Feature of the Bulldogs attack thus far this season has been the scoring of Gus Guydon and the rebounding of Dave Terre. Guydon is 3rd in the conference scoring race with a 19.6 average while Terre is pulling down an average of 10.3 caroms a game, good for 5th place in the Valley.

Maurice John, coach of the Bulldogs, is fast becoming one of the most colorful coaches in the country, with his heckling from the bench and his steady claims of bad calls by officials. He is under the opinion that the home team in the Missouri Valley Con-

ference is getting the raw deal these days instead of the visiting team.

Game Lineup

Coach Ralph Miller will probably start the same five that has started the last three ball games for the Shockers. This lineup would consist of Al Tate and Ron Heller at the forward spots, Lanny Van Eman and Virgil Brady at the guard posts, and rapidly improving Gene Wiley at the center slot.

Wiley, Tate, and Heller pulled down a total of 41 rebounds in the last meeting of the two clubs while Tate, Brady, and Van Eman combined for 49 points against the Bulldogs last time out. Wiley scored 11 points and Heller hit for his lowest output of the season against Drake two weeks ago.

Played Steady Games

Van Eman and Brady have played steady ball games of late and until last night's game had scored a total of 92 points in three games, 47 for Lanny and 45 for Virgil.

Tate is currently 5th in all games and 17th in Conference games in scoring with averages of 16.3 and 12.8. Van Eman leads the Shockers in league scoring with a 13.9 average, 12th in the Valley. Heller is close behind with a 13.2 mean. Van Eman is currently the third deadliest free throw shooter in league play with 37 made out of 46 tried for an 80.4 per cent.

The Shockers next and last home game of the year will be against the Tulsa Hurricanes on March 5.

Shock Talk

By TOMMY VANDERHOOFVEN
Sunflower Sports Editor

Everything's all quiet in the "mid-western" front — no hangings this week!

★ ★ ★

Louisville, Marquette, and Memphis State are the most mentioned as possibilities of becoming new league members. Of the three, Marquette surprisingly enough is the only one that plays anything like a major football schedule, and what a schedule! Just a few of the teams that Marquette played last season are Pittsburgh, Wisconsin, Boston College, Oklahoma State, Cincinnati, and Indiana.

Louisville's football schedule last fall included such teams as East Ky. State, Bradley, Murray State, Marshall, Ohio Univ., and Kent State. They had their roughest competition from the Valley, being beaten badly by North Texas, however, they defeated Dayton, a team that upset the Shockers.

The Cardinals do come up with some pretty fine basketball teams and produced All-American Charlie Tyra and an NCAA tournament team a couple of seasons back.

Memphis State has a large football stadium, but not too much to put in it. I couldn't find a sched-

ule of the teams they played and I looked in three annuals, so their schedule must not contain too many top names. However, year in and year out, they produce good basketball teams, mainly because of a very capable coach by the name of Bob Vanatta.

Also the Tigers haven't crossed the color line yet and this could help their schedule, football especially.

Marquette seems like the best of the three at this time, although their football machine has had its troubles the last couple of seasons, but with a schedule like theirs, who wouldn't!

★ ★ ★

Speaking of schedules, let's take a look at three of next year's new opponents' games scheduled last fall. Montana State played teams such as So. Dakota St., Cal. Poly, No. Dakota State, Idaho State, and San Diego. West Texas State played Arizona, Arizona St., Texas Western, North Texas State, Drake, and Trinity (Tex).

Xavier could prove to be the roughest of the three. Outside of their opening game against St. Ambrose, they played such teams as Villanova, Cincinnati, Miami of Ohio, Kentucky, and Dayton.

★ ★ ★

Keep your eye on this year's tennis squad, they could go a long way. Norris Barker, Bill Potter, and Peter Piper are all tournament tested and they were on the Shocker's winning team a year ago.

Sophomore Neil Roush is expected to be a terrific asset and he won the city title last summer. Richard Roberts, Gary Scott, and letterman Bob Blackwell will battle for the fifth position.

★ ★ ★

Don't sit by your radio and gripe about the game, go out and see it.

Dance to Be Held After Drake Game

There will be an after game dance Saturday following the Drake-Wichita Missouri Valley Conference basketball game from 10 to 12 p.m. in the CAC Ballroom.

Gary Bugg's combo will furnish the music. The admission price will be 75 cents for couples and 50 cents for stags.

Ghandi, Darwin Fare On Reel Time Today

"Ghandi," a recently-released film, will be presented at noon today on Reel Time. A color filmstrip, "Darwin Discovers Nature's Plan," will also be shown.

The pictures may be seen in the Audio-Visual Center, Rm. 011, Morrison Library, according to Mrs. Carol S. Holman, coordinator.

The first show is an authoritatively documented film about the life of Mahatma Mohandas Ghandi, the heroic Hindu Nationalist leader and social reformer.

The filmstrip is taken from a series in Life magazine, according to Mrs. Holman, and offers the viewer a history of the reasoning which later led Darwin to his theories on evolution.

Graduate Student Wins Third In Schweitzer Essay Contest

Georgia Ann Todd, graduate student, entered and won third place in the Albert Schweitzer 85th Anniversary Essay Contest.

She competed with graduate students from all over the United States writing on "The Challenge of Dr. Albert Schweitzer." She used his analysis of the crisis of civilization and his solution for it as a thesis. Before writing she mastered the material in four texts and a series of pamphlets on Dr. Schweitzer. Georgia Ann is afflicted with cerebral palsy.

She is fluent in Spanish, Latin, and German. The coed is currently taking Russian in hopes of translating a Russian physics book for publication and graduate credit. Her master's degree will be in physics with a math minor.

Mother Also Graduates

In the graduation exercises of June 1961, both Georgia Ann and her mother, Mrs. Lawrence R. Todd, 1745 N. Green, will graduate. Mrs. Todd will receive a bachelor of arts degree in education, while her daughter will receive a master of science degree in physics.

Georgia Ann is preparing for doctorate work in physics and a career in scientific writing. Her mother is planning a book which will help parents whose children are afflicted with cerebral palsy.

"The main point I am trying to get across is home education," stated Mrs. Todd. "Something has to be done in the home before the child reaches school age and I can offer specific hints and materials which will prepare them for the education process."

Georgia Ann Todd has been paralyzed from the neck down since birth. She has been taking physical therapy since she was four-weeks old and has studied speech for the last 12 years. Some of her work was done at the Institute of Logopedics. She can't write, so she learned to type. She is slowly learning to walk with crutches and practices each day with parallel bars at home.

Developed Keen Memory

School for Georgia Ann was both an obstacle and a motivation. Because she couldn't take class notes, she developed a very retentive memory.

She is well read in nearly everything but chemistry, and she has read some in that but not as

much as other subjects," she added.

She likes to write, corresponds with people from New Zealand and Europe, and is interested in postmarks and postcards. She has collected 12,000 different postmarks and 17,000 post cards.

Recorded 'Egghead' Lectures Available Beginning Monday

Beginning Monday, students will be able to hear the lectures which were offered during "Egghead Week," according to Pat McKnight, publicity chairman of the CAC.

The lectures, which were taped during the "Select-a-Lecture" part of "Egghead Week," will be played from 12 noon to 1 p.m. in the Music Browsing Room.

The first of the lecturers will be Dr. Emory Lindquist, dean of faculties, who will speak on "The Traditions of Civility." On Tuesday, "The Robert Frosts I Have Known" will be the topic of Dr. Walter Merrill, chairman of the English department.

"Eggheads, Economics, Egalitarianism, and All That Jazz," by Prof. Jack Robertson, assistant professor of economics, will be presented on Wednesday. Thursday, students will be able to hear Prof. James P. Robertson, professor of orchestra, speak on "Con-

trasts in the Musical Life of Europe and The U.S.," and on Friday, the relationship of the civilization of the Golden Age of Greece with modern civilization will be discussed by Dr. Kelly Sowards, assistant professor of history.

The following Monday, Dr. Paul Tasch, associate professor of geology, will speak on "Nullius in Verba." This topic is translated by Dr. Tasch as "we don't take anybody's word for anything." The series will end with "Darwin, A Hundred Years Later," by Dr. Val Woodard, chairman of the biology department.

Two of the lectures presented during "Egghead Week" will not be played during the series.

WU Entrance Examinations To Be Held in March

Students currently enrolled at the University who have not taken entrance examinations will be offered the opportunity to take them in March, according to Tom Hooper, director of the Counseling Center.

The exact date of the examinations will be announced later, Hooper said.

An examination scheduled for Feb. 27 is only for high school seniors planning to enter the university next fall and for students currently enrolled who have paid the \$3 fee and received an admission receipt.

LUCKY STRIKE presents

Dear Dr. Frood:

MARRYING FOR MONEY—IS FROOD IN FAVOR?

(see below)

Dear Dr. Frood: The other day I stopped at my boy friend's house unexpectedly and I found Lucky Strike butts with lipstick on them in the ash tray. What should I do?
Observant

Dear Observant: Go ahead and smoke them. A little lipstick won't hurt you.

Dear Dr. Frood: I am a 267-pound tackle on the football team, cleanup hitter on the baseball team, champion shot-putter and captain of the basketball team. Where can I find a job when I graduate?
Athletically Inclined

Dear Athletically Inclined: Look in the Want Ads under "Boy—strong."

Dear Dr. Frood: Recently, while collecting ants, I happened upon this strange creature in the woods. I enclose a sketch. What is it?
Nature Lover

Dear Nature Lover: It is *socia ignota* (blind date). Do not go near. Poisonous.

Dear Dr. Frood: I am a math professor. Over half my students are flunking their tests. What can I do about this?
Discouraged

Dear Discouraged: Use Frood's Formula: Divide distance between students' chairs by 2. Since chairs will now be closer together, result should be a 50% improvement in exam grades.

Dear Dr. Frood: Last Saturday my girl told me she couldn't go out with me because she had a cold. Next day I found out she was out with my roommate. Think I should stay away from her?
Disillusioned

Dear Disillusioned: Better stay away from your roommate. He's probably caught the cold now.

Dear Dr. Frood: I understand that your hobby is cooking. Mine is, too. But my girl friend says any guy who cooks is a sissy. How can I make her stop laughing at me?
Cooky

Dear Cooky: Place a large cauldron of oil over a high flame. When it comes to a boil, add your girl friend.

Dear Dr. Frood: Should a man marry a girl who makes more money than he does?
Old-Fashioned

Dear Old-Fashioned: If it's at all possible.

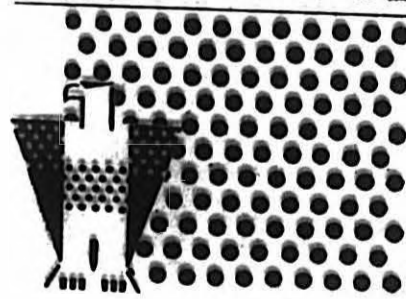

COLLEGE STUDENTS SMOKE MORE LUCKIES THAN ANY OTHER REGULAR!

When it comes to choosing their regular smoke, college students head right for fine tobacco. Result: Lucky Strike tops every other regular sold. Lucky's taste beats all the rest because L.S./M.F.T.—Lucky Strike means fine tobacco.

TOBACCO AND TASTE TOO FINE TO FILTER!
