Special Collections welcomes Technology of a Book class

"Technology of a Book" begins its inaugural semester with hands-on labs hosted in Special Collections this spring. Six sessions are set to take place, each with a different theme for the class.

The students will also receive two library instruction sessions; this marks the largest number of sessions hosted by Special Collections in a calendar year.

The semester's final session will feature an item from Special Collections and student project papers will be displayed in the lower level display cases.

Celebrate Progress!
