UNIVERSITY OF WICHITA, WICHITA, KANSAS

October 18, 1963

Band Day Tomorrow To Draw 35 Schools

Thirty-five Kansas high school bands will participate in the eighteenth annual Band Day at the University, tomorrow.

Each band will march individually for six minutes and receive ratings and constructive criticism. The afternoon's activities will also include a mass band performance under the direction of Forrest Buchtel, chairman of the graduate division of Vandercook College, Chicago.

Buchtel is a widely known public school music composer, arranger and conductor. Two compositions by Buchtel, "Salute to Band Day" and "Band Day USA," will be performed by the combined bands in the Veterans Field stadium. The

afternoon performance will also include three other numbers.

Buchtel has written more than 500 numbers and arrangements, 29 sets of band books, 12 methods for private and class teaching, and more than 500 solo works, according to James Kerr, director of bands.

The schools participating in Band Day are; Udall Rural High School; St. John Tiger Band; South Haven High School; Rose Hill High School; Norwich High School; Lincoln Rural High School; Kiowa "Chieftain" Band; Isabel High School; Howard High School; Harper High School; Hartner High School.

Ensign High School; Clafin "Wildcat" Band; Cedar Vale High School; Caldwell High School; Yates Center High School; Valley Center High School; Larned High School; Kingman High School; Circle High "Thunderbirds"; Towanda High School; Candy High School; Anthony "Pirate" Band.

Alva, Okla., High School; Wichita Heights High School; Labette High School; Altamont; Derby "Black Panther" Band; Campus High School, Wichita; Blackwell, Okla., High School; Argonia High School; Edna "Pirate" Band; Greenleaf High School; Leon High School.

2 Concerts To Be Given Next Week

Two combined concerts, featuring the University Singers and Orchestra, will be held next week in the Fine Arts Center concert hall.

The first concert will be given on Sunday, Oct. 20 at 3 p.m. and the second on Tuesday, Oct. 22 at 8:15 p.m. University and high school students with I.D. cards will be admitted for fifty cents; others will be charged \$1.00. Tickets will be on sale at the door.

The 50-voice University Singers will be directed by Robert Hines, associate Professor of Choral Music. They will perform numbers from all periods of music history in the original language, showing the contrast in periods. Norman Linscheid, senior, pianist, will accompany the group.

The Singers will present numbers by Schuetz, Monteverdi, Marcello, Schubert, Debussy and Bloch. Three soloists will be featured: Chris Karlowski; alto; Christina Johnson, alto; and Sam Ramey, baritone.

The 95-piece Orchestra under the direction of James P. Robertson, professor of orchestra and conducting, will perform works by Brahms, Mendelssohn and Prokofiev.

Endorsers of March Asked for Letters

All campus organizations who wish to make known their endorsement of the Fair Housing March should write a letter to the City Commission and send a duplicate to Paul Osborne, minister of the First Unitarian Church, according to Chester Anderson, campus liaison officer for the Fair Housing March.

SGA Votes to Endorse Oct. 27 Housing March

Endorsement of an enforceable fair housing ordinance failed to come to a vote before the SGA Tuesday evening, as it was bypassed in favor of a resolution which proclaimed SGA backing of the Fair Housing March, Oct. 27.

Dr. James Ruoff, Dr. Richard Kennedy, and Merle Gates, proponents for an enforceable housing ordinance appeared before the congress.

Dr. Ruoff explained to the congress that they were not being asked to endorse a specific fair housing ordinance, but to endorse the principle of an enforceable fair housing ordinance.

Some of the congress members expressed their reluctance to endorse a resolution which would be written in the future.

A motion was made to adopt a resolution which stated: "The SGA of the University of Wichita hereby endorses the concept of fair housing and the Wichita March for Fair Housing and Civil Rights on

Oct. 27, 1963 and will encourage participation by the rest of the University in the march."

The resolution was accepted by a majority vote.

After the meeting Dr. Ruoff said that he was very happy to see the SGA give unequivocal support to the march. However, Gates expressed disappointment. He said, "I was grossly disappointed at the lack of firm commitment by the SGA to approve an enforceable fair housing ordinance. If the SGA, as the resolution states is in favor of the principle of fair housing it seems that it would be a very prudent and practical application of this principle to approve the ordinance."

In other business before the SGA, Fred Funk, chairman of the Fact Finding and Investigation committee, made a report on the parking situation.

He announced that five of the original nine parking meters have been taken out while four have been left as an experiment. Funk emphasized that the meters have been put there for the expressed benefit of the students.

It was suggested that a drop-in box for the returning of library books be placed near the drive.

Funk also suggested that a possible solution for the long range parking problem would be the building of a parking garage. Under this plan students would rent spaces in the garage for the semester.

A "Parents' Day" report was given by Bob Long, chairman of the special events committee. He said that it was very successful.

In another committee report Dan Tontz, election commissioner, reported that 832 students voted in the Varsity Sue and Sam contest.

Dave Leach, SGA president, announced that he received a long distance call recently from a lady in New York City. She wants to parade her 70 pound four foot tall turkey at one of the University's football games. He said that the CAC Board is looking into it.

University Theater to Open Season Thursday with 2 Plays

The University Theater will open its season with the double-bill presentation of Edward Albee's "Sandbox" and "The American Dream" next Thursday evening at 8:30 in the remodeled Commons Auditorium.

The plays, influenced by the French Absurdist, are essentially a comment on American life and values, according to Professor Richard Welsbacher, Director of Theater. "The Sandbox" was selected to share the bill with the very

SGA Creates Committee On Housing

The Student Government Association has created a new committee called the student commission on campus housing at the University of Wichita.

The purpose of the commission is to objectively study the housing problem at the University and propose solutions, according to its chairman Dave Crockett, liberal arts sophomore. The committee will serve as a liaison between the Administration, students, and owners of off campus housing.

Members of the committee are Nancy Anderson, Karen Baker, Crockett, Jane Gates, David Pipkin, and Dan Tontz.

Any constructive suggestions from faculty or students on ways for this newly formed committee to best achieve its objective would be greatly appreciated, according to Crockett.

The committee was formed at the SGA meeting Tuesday evening.

Fine Arts Senior Displays Art Works

The artistic displays of Gary Brown, Fine Arts senior, has begun the annual art exhibitions of the art committee in the CAC.

Mr. Brown has exhibited his work in such places as Kansas City; Oklahoma City; Springfield, Mo.; and Topeka.

Some of his works displayed are "Candidate," "Dirge for the Old Kingdom," "Egypt #1," "Landscape with Immature Proglottid," "Lick #1," "The Annunciation," and "Quiseir: Fluttering Tomb #4."

The art committee would like to make known the possibilities for other amateur or professional artists to display their works.

Those interested should come to Rm. 212 of the CAC.

short "American Dream" because Albee experimented with characters in "The Sandbox" which he later expanded in "The American Dream."

"The Sandbox" is set on a beach while the other play is situated in an apartment. Separate characters are used in both casts with the exception of Dalene Barry, a theater major. Miss Barry, in a unique innovation, will play the mother in the first play and the grandmother in the second.

There are two reasons for the innovation, according to Welsbacher. First, it is a device to suggest a progression from one generation to the next. Secondly, the parts played by Miss Barry will provide the audience with a connecting link between plays.

Ralph Frakes, a Liberal Arts junior, will direct "The Sandbox."

All seats for performances will be reserved. Tickets may be purchased at the box office in Commons Auditorium daily from 1 to 4:30 p.m. and at 7:30 p.m. on the evening of performances. Curtain time is 8:30.

General admission is \$1.00. Wichita University students will be given tickets upon presentation of I.D.; faculty and all other school students will be admitted for 60 cents.

Eats Candy Psychological Methods Tried On Parrot Named 'Pancho'

By BILL RAPPS, News Editor

"Birds can't talk," remarked the unimpressed student as he walked away from a "talking" parrot.

As the student turned away and stated his judgement of the bird's vocal ability, a high-pitched voice reached his ears, "Birds can't talk."

Psychology graduate student David Olson recently gave this incident as an example of how birds can not only be trained to talk, but also trained to talk at a given signal.

Olson explained the principle as based on the reinforcement of the desired behavior of the birds. Where the bird in the illustration voiced his sentence when the person paying attention to him turned away, Olson's trained parrot talks when he receives a cracker.

Olson's parrot, named Pancho, is fed every morning after having no food since the previous day. Before receiving the food, however, the bird must say something. The

reward of the food reinforces the response like the reward of a pat on the head rewards the response of a dog who retrieves a thrown stick.

Actually birds don't talk. As Olson explained it they only imitate what they hear in terms of sound patterns. Rather than actually initiating speech the birds only mimic.

Pancho, although trained on psychological principals, is mostly a pet. His vocabulary includes such amenities as "hello" and "good-bye" plus things like "Polly wants a cracker" and "drop dead."

Recently, Pancho has learned to hold a lollipop by the stick and eat the candy. According to Olson, Pancho may be able to eat with a spoon much the same way after further training.

PRESIDENTS of the University's sororities and fraternities and the ISA president confer on the progress of the United Fund drive that their organizations are helping with.

Editorial Views...

Parents' Day Success

From all indications Parents' Day this year was an unqualified success.

The buffet Saturday evening was attended by more than 350 persons. Later at the game against Hardin-Simmons parents helped swell the crowd to 15,700. This was the largest crowd ever to watch an opening football game at the University.

The persons who worked on this project should be commended for the fine job they turned in. But above all two particular students should be recognized, Bob Long and Dave Leach, co-chairmen of the event this year. Both men spent many hours in its planning and organization.

This was Parents' Day's second year of existence, and because of the extensive work and good planning that went into the event this year it seems assured of becoming an established tradition at the University.

WU Debaters To Compete At K-State

The novice debaters of the University Debating Team will leave tomorrow morning for their first competitive debate of the season at Kansas State University, Manhattan, Kans.

The team will debate the topic, "Resolved: That the federal government should guarantee an opportunity for higher education to qualified high school graduates." WU won first place in the tournament last year against 26 other schools.

The first year college debaters comprising the first team will be sophomores Alice Hoagland and Pam McMaster; second team, freshmen Bob Smith and Bill Balthrop; third team, freshmen Ed Snyder and Jan Neagle; and fourth team, Lee Blazer, sophomore, and Pat Murphy, junior. This will be the first debate for the members of the novice team.

Next week-end the experienced debaters will start their season at Emporia.

Beta I, 'Tri Broka' Top Intramural Play

Beta I continues to hold its undisputed first position standing in fraternity league football play with a 3-0 record. They are followed by Beta III, 2-0; Phi Delt II, 1-0-1; Beta II, 1-1; DU II, 1-1; DU I, 0-1-1; Sig Ep, 0-2; and Phi Delt I, 0-3.

In the independent league Tri Broka Ki is currently tied with the Spartans for first place honors. Both have 2-0 records. They are followed by Corvets, 1-1; Independents, 1-2; Fairmount All-States, 1-1; Newman Club, 0-2; Plainsmen, 0-1; and AFROTC, 0-1.

The Corvets were preseason favorites in the independent league.

Fraternity tennis started Wednesday and league standings will be announced soon.

New, Used Records Offered by KMUW

A muffled cry for help can be heard on campus. It originates from the KMUW-FM radio staff who are buried in records.

The records, primarily 45 rpm type, come to the station through contract and as promotional gifts. In order to make room for more fm records, the staff of the station is willing to sell the old 45 rpm records for five cents each. The collection consists of used and unused recordings.

Bits And Pieces

There is a peculiar breed of people on this campus who are the pseudo intellectuals. In case you wish to impress people with your intellectual prowess without exhibiting any, it is necessary to dress and act the part.

Girl intellectuals are easy to spot. They wear long stockings in the summer and bermudas in the winter. They are fond of men's shirts, and short skirts in various combinations. Their hair is long; sometimes it is wound about their heads and at other times it hangs down to their waists.

Boy intellectuals are also easy to find. They wear engineers boots in the summer, and rope sandals in the winter. They have bobby pins in their beards, and awful sweat-shirts. They wear chopped off wheat jeans and really gaudy coats.

There are some functions at which some of the pseudo intellectuals simply must appear. One of these is the Wichita Film Society showings. Come to these films looking as much like Rip Van Winkle after his 20 year sleep as possible.

After the film, when someone asks you your opinion of the film, state some far out jazzy thing about it and then refuse to discuss your reasons. If they press, you, scream at them, telling them that obviously they can't understand anyway.

I heard that there is a system over at the Physical Plant whereby all the clocks on the campus could be put onto all the same time. I sorta wish that they would do it.

WU to Face Cardinals In Conference Debut

By TED RINEBARGER, Sports Editor

The accurate passing arm of University of Wichita quarterback Henry Schichtle will get a severe test tomorrow night when the Shockers battle the University of Louisville at Louisville, Kentucky.

The cardinals, newcomers to Missouri Valley Conference play, currently lead the conference in pass defense, limiting opponents to 104 yards per game.

Schichtle, who passed for 161 yards against Hardin-Simmons last week, leads the MVC with 503 yards passing for three games. The senior from Coffeyville, Kan., has completed 31 of 54 for four touchdowns.

The Louisville backfield is led by quarterback Tom LaFramboise, a junior who played in the shadows of Johnny Giles last year. This year is a different story however, as the 6-foot-2, 170 pound signal-caller has stepped in to become the Cardinal team leader.

LaFramboise has passed for 249 yards with 117 of these coming via nine passes to sophomore right half-back Charlie Mudd. Mudd is, the

fourth-ranking pass receiver in the conference.

The Cardinals have one of the biggest and best linemen in the country in 6-foot-4, 288 pound tackle Ken Kortas. A top pro-prospect, Kortas led the Louisville squad in tackles last season and is very fast for his size. Although injured during the first two weeks of the season, he played some defense against Southern Illinois and both ways against Dayton last week.

With sophomore Charlie Johnson at 278 pounds as Kortas's running mate at tackle, the Cardinal line will average 232 pounds. Louisville, incidentally, has 23 sophs on its varsity roster of 38 players.

Shocker coach Chelo Huerta has promised that senior end Bob Long will see more action this weekend. Long, who has caught nine Schichtle passes for 174 yards, is second in the MVC in scoring with 18 points. Schichtle leads the pack with 21 points.

WU will be forced to face the Cardinal forward wall without the services of Fred Buss, a junior tackle who earned second team All-MVC honors last season. Buss suffered a severe knee injury against Hardin-Simmons and will be out for the remainder of the season.

The game will mark Wichita's initial conference test after posting a 2-1 record against non-league foes. Louisville is 1-1 in league play and 1-2 overall.

15 WU Cagers Begin Drills

With the football team on the road for the next four weeks, local athletic attention will be turned to the University of Wichita Field House where Coach Ralph Miller's 1963-64 basketball edition has opened practice.

The Shockers will open the season at home against Wyoming University on Nov. 30. Meanwhile, Miller will be working with a 15-man squad including seven lettermen, four sophomores, and two transfers.

Heading the letterman contingent is All-America forward Dave Stallworth, a 6-foot-7 junior from Dallas, Texas. Dave led the Shockers in almost every department last season and was named to the All-MVC team and several All-American squads for his efforts.

Also back is 6-foot-10 Nate Bowman who showed signs last season of becoming the best center in WU history. Guards Len Kelley and Ernie Moore will split duty this season with Kelley playing the first semester and Ernie the second, thus breaking up the best backcourt combination in the league.

Three juniors round out the lettered group and include reserve center Larry Nosich, guard Vernon Smith, and forward Dave Leach. Leach is expected to fill a starting birth this season.

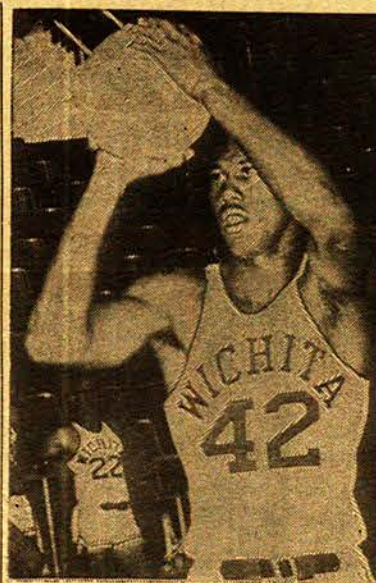

Former East High star Kelly Pete heads the sophomore prospects. Pete, who broke the WU freshman rebound record last year, will be trying to fill Moore's shoes during the first semester of play.

Other sophs on the squad are John Criss, a 5-foot-10

guard from Southeast, guard Ken Deckert from Larned, Kan., and 6-foot-9 Gerry Davis. Davis is a top center-forward prospect from Brooklyn, N.Y., who has been hampered by a leg injury.

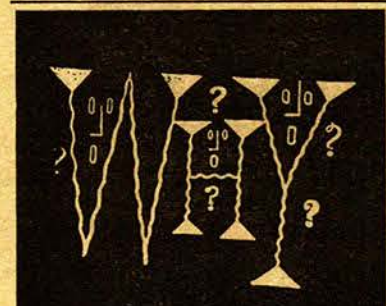

Defending Missouri Valley Conference champion Cincinnati, with returning All-American Ron Bonham and George Wilson, will be favored to win their seventh

straight league crown. However, MVC coaches chose WU as the team most likely to dislodge the Bearcats during their annual pre-season meeting in Kansas City last month.

VA Counseling, Financial Aid UN Club to Sponsor Dinner Available for War Orphans

"... to care for him who shall have borne the battle... and his orphan..." said Abraham Lincoln.

War orphans can now receive programs to date, applicable not only to the University of Wichita but to other universities and vocational schools. Persons requesting more information are invited to call or visit the counseling office in Morrison Hall.

Although the University has been under contract by the VA to provide this service since March, there may yet be many unaware that it is available. Those eligible are the sons and daughters of veterans who have died in service or from service-connected conditions during or following World War II or the Korean conflict.

Two forms of assistance are available. Under the War Orphans Education (Public Law 634) a war orphan between 18 and 23 years of age may receive \$110 for every month of full time enrollment, up to 36 months. A five year age allowance is made for time in service.

After age 18 until age 21, these persons may draw DIC (Dependency and Indemnity) while attending school. This pays \$77 monthly throughout the year for three years.

The counseling office, staffed by Dr. Comstock and Dr. Don Swickard, services an area extending over most of Kansas. They have completed one-hundred counseling

The annual dinner for foreign students, sponsored by the United Nations Club, will be held at 6:30 p.m., Monday, at the First Methodist Church.

The featured speaker will be Mrs. Wa'do Stephens from Oklahoma City. Mrs. Stephens is a past member of the commission of UNESCO (United Nations Educational Scientific and Cultural Organization), and is presently a member of the national board of the League of Women Voters.

She has visited in 13 countries including five months spent studying and traveling in Africa. The

topic of her speech will be "There is no alternative to peace."

The dinner will be free to all foreign students who wish to attend. Other interested persons are encouraged to attend, but must pay a two dollar fee. Reservations should be made by today.

Senior Recital Scheduled For Monday

The first Senior Recital of the semester in the School of Music will be given Monday by Moses Cofield, Jr., Fine Arts senior.

Cofield will present three violin pieces on Monday at 2 p.m. in the Fine Arts Center Concert Hall. Elaine Clayton, Fine Arts junior, will accompany Cofield.

Cofield will perform the first and second movements of Handel's "Sonata No. 4 in D major;" the second movement of "Concerto No. 2 in D major" by Wieniawski; and the second movement of the "Baal Shem Suite" by Bloch.

A string quartet, composed of Diane Graham, violin, Mary Kollat, violin, Diane Dresback, viola, and Susan Hollowell, cello, will present "Stornelli Et Ballate" by Malipiero, on the same program.

All seniors in the music school must present a recital to fulfill degree requirements for a bachelor of music degree.

WU Spanish Club To Meet Tuesday

The University Spanish Club will hold a meeting at 7:30 p.m. Tuesday, at 1514 Floberta, the home of Dr. Savaiano, head of the Spanish department.

Featured at the meeting will be Ann Kaenig, Liberal Arts senior, who will speak in Spanish about her summer school work at the University of Guanajuato, in Mexico. Dr. Savaiano will also show slides at the meeting.

Anyone interested in Spanish is invited to attend.

THERE
WILL BE
AN EAGLE
ON THE
MOON

Our world-recognized trademark—"the P&WA eagle"—has been identified with progress in flight propulsion for almost four decades, spanning the evolution of power from yesterday's reciprocating engines to today's rockets. Tomorrow will find that same Pratt & Whitney Aircraft eagle carrying men and equipment to the moon and to even more distant reaches of outer space.

Engineering achievement of this magnitude is directly traceable to our conviction that basic and applied research is essential to healthy progress. Today's engineers at Pratt & Whitney Aircraft accept no limiting criteria. They are moving ahead in many directions to advance our programs in energy conversion for every environment.

Our progress on current programs is exciting, for it anticipates the challenges of tomorrow. We are working, for example, in such areas as advanced gas turbines... rocket engines... fuel cells... nuclear power—all opening up new avenues of exploration in every field of aerospace, marine and industrial power application.

The breadth of Pratt & Whitney Aircraft programs requires virtually every technical talent... requires ambitious young engineers and scientists who can contribute to our advances of the state of the art. Your degree? It can be a B.S., M.S. or Ph.D. in:

MECHANICAL • AERONAUTICAL • ELECTRICAL • CHEMICAL and NUCLEAR ENGINEERING • PHYSICS • CHEMISTRY • METALLURGY • CERAMICS • MATHEMATICS • ENGINEERING SCIENCE or APPLIED MECHANICS.

Career boundaries with us can be further extended through a corporation-financed Graduate Education Program. For further information regarding opportunities at Pratt & Whitney Aircraft, consult your college placement officer—or—write to Mr. William L. Stoner, Engineering Department, Pratt & Whitney Aircraft, East Hartford 8, Connecticut.

SPECIALISTS IN POWER... POWER FOR PROPULSION—POWER FOR AUXILIARY SYSTEMS. CURRENT UTILIZATIONS INCLUDE AIRCRAFT, MISSILES, SPACE VEHICLES, MARINE AND INDUSTRIAL APPLICATIONS.
