11	12436203	League 42 Support	Valencia Monk-Morgan	Academic Affairs - Richard Muma	Education	Partnerships	K-12 Outreach	League 42 is working to build an educational facility on 17th which will focus on math and reading skills for our players. It will have a computer lab and tutoring available. The Education Committee is chaired by Lavonta Williams. I know she hopes to track progress of our participants along with grades and has success markers. Travis Feeney, a WSU employee, has been	Enter 1st Tactic Here	Enter 2nd Tactic Here				Yes	Review	New	
12	12236904	Online Customer Service Certificate	Misty Bruckner	Diversity & Community Engagement - Marche Fleming-Randle	Economic	Partnerships	Community Engagement	This initiative is the implementation of on-demand Customer Service Trainings.	Develop an online training	Marketing and secure clients				Yes	Review	New	12/31/2020
13	12237121	Community Service Integrated Data System	Misty Bruckner	Diversity & Community Engagement - Marche Fleming-Randle	Economic	Partnerships	Community Engagement	This initiative will include the development of a Community Integrated Data depository.	Host community information sessions	Assess interest to move forward	Develop an implementation plan			Yes	Review	New	12/31/2020

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
14	12067196	GoCreate	Ty Masterson	Research and Technology Transfer - John Tomblin	Economic	Partnerships	Community Engagement	Goal is to provide a supportive and safe environment, tools, knowledge and expert training and mentoring to creators in a community workspace.	Provide a creative and safe community workspace for creators of all ages and levels of experience.	Provide training and access to expert advice, tools and equipment to add to their capabilities.				Yes	Review	New	1/16/2030
15	12191894	Industry Challenge Series	Alan Goodnight	Research and Technology Transfer - John Tomblin	Economic	Partnerships	Community Engagement	In 2018 I experimented with a marketing tactic to engage local industry on what I call "industry challenges." The purpose is to leverage research being done at WSU into solutions for local companies. In 2018 we did two programs: robotics and cyber security. Roughly 50 people from 30 companies attended each program. We will start the series again this year	Identify a current industry challenge	Invite local businesses to attend				Yes	Review	New	3/13/2020

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
16	12449039	Shocker Pathway	Susan Norton	Academic Affairs - Richard Muma	Education	Partnerships	Academic Innovations	The Shocker Pathway is an affiliation with WSU Tech that allows students at WSU Tech to take up to 50 hours of general education credit at WSU Tech and come to WSU for an additional 15 hours to earn an AA from WSU.	develop academic crosswalks and operational processes with WSU Tech for students to begin at WSU Tech and continue at WSU	increase number of academic crosswalks with WSU Tech for student to begin at WS				Yes	Review	New	
17	12494206	Strategic Initiatives	Debra Franklin	Research and Technology Transfer - John Tomblin	Economic	Partnerships	Research	To significantly de-risk the implementation of technologies and also contribute to the development of a talent and knowledge in the use of technologies that increase quality, productivity, and profit.	Provide and link innovators to University and community resources.	Assist to identify and align resources.				Yes	Review	New	6/11/2030

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
18	12058620	Enhancing emerging career pathways	Gary Brooking	Academic Affairs - Richard Muma	Economic	Partnerships	Academic Innovations	Develop broader local industry opportunities through new student emerging career pathways	Develop robust framework to meet accreditation and allow for flexible student learning pathways	Create appropriate certificates for applied computing	Create certificates for all areas of engineering technology tracks			Yes	Review	In Process	5/31/2020
19	12058812	Enhance opportunities for transfer students	Gary Brooking	Academic Affairs - Richard Muma	Education	Partnerships	Recruitment	Create stronger links with local colleges to enhance multiple career pathway opportunities for students	Revise current Engineering Technology 2+2 agreements with community colleges to reflect program changes and to encourage completion of AAS or AS.	Develop additional 2+2 agreements in Applied Computing with regional community colleges				Yes	Review	New	12/31/2020
20	11568806	Dillard's Partnership	A Lynn Matthews	Academic Affairs - Richard Muma	Education	Student Centeredness	Applied Learning	Dillard's executive came to class and provided three lectures and gave the class access to key data to help them write strategy papers associated with the retail environment. Student gained the opportunity to interview for paid internships with Dillard's.	Students have written strategy papers on the retail environment	Enter 2nd Tactic Here				Yes	Review	New	

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
21	11568813	Masters of Human Resource Management (MHRM) program	Gery Markova	Academic Affairs - Richard Muma	Education	Student Centeredness	Academic Innovations	Creating and delivering an online graduate degree program in HRM. This will include getting the program approved, hiring a new faculty member, and creating 5 new graduate courses in HRM	Approval of the MHRM program by WSU and KBOR by Fall 2018	Enter 2nd Tactic HereHiring new faculty member in HRM by Fall 2018	Design and deliver 5 new courses in HRM by Fall 2020			Yes	Review	New	
22	11624979	Space sciences graduate certificate	Andrew Hippisley	Academic Affairs - Richard Muma	Education	Student Centeredness	Academic Innovations	The certificate will test the waters for a degree program. This will be a recruiter, responding to industry needs and therefore create career-ready students. Secondary goals include industrial partnerships. A secondary impact is economic. Secondary strategies included apply learning, interdisciplinary and recruitment.	Create robust proposal and submit to Graduate Council	Advertise the program	Recruit an instructor of plasma physics	Apply to NSF for 5-year funding of a space scientist, with plasma physics capability		Yes	Review	New	

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
	11592146	Enhancing the student experience throughout the conduct process	Sandra Graybill	Student Affairs - Teri Hall	Culture	Student Centeredness	Retention	Student Conduct and Community Standards (SCCS) at Wichita State University works to support and enhance the personal, ethical, and intellectual growth of all students to become responsible, aware, and engaged citizens. SCCS is focusing on how they can enhance the student experience when students are interacting with the	Collaborate with campus partners to develop innovative sanctions to better connect students to existing programs and services.	Grow and diversify the Student Conduct/Appeals Board				Yes	Review	New	3/2/2020

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
24	11619945	Housing and Residence Life will provide safe, well kept, academically conducive facilities for students to live in.	Katie Austin	Student Affairs - Teri Hall	Culture	Student Centeredness	Recruitment	Housing and Residence believes that a university's housing offerings often plays a major role in a student's college choice. HRL is committed to providing students with an attractive, safe, and state-of-the art residential living facility that has all the amenities and resources needed to aid them in their academic success.	HRL will ensure that all facilities have adequate wifi capabilities to meet students' needs	HRL will make repairs to common areas and student rooms in a timely manner	HRL will ensure that all public spaces and tour rooms are consistently clean and ready to be seen by prospective students and tour groups			Yes	Review	New	12/31/2020
25	11625078	Undergraduate certificate in environment and sustainability studies	Andrew Swindle	Academic Affairs - Richard Muma	Education	Student Centeredness	Academic Innovations	Interdisciplinary, embracing sciences, social science, humanities and collaborating with Engineering. This will help recruit students to our majors, especially geology, appealing to generation Z.	Create the proposal and get it approved	Advertise the program	Staff courses			Yes	Review	New	8/22/2019

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
26	11659283	Law 3+3	Andrew Hippisley	Academic Affairs - Richard Muma	Education	Student Centeredness	Academic Innovations	Create a 3+3 program with KU law or Washburn law	Explore KU and Washburn as possible partners, decide one, both, none	select WSU director	Create pre-law programming, based on pre-law track	decide which degree programs to use and create 4-year plans	Marketing the program	Yes	Review	New	
27	11659326	Mathematical foundations of data science master's degree	Ziqi Sun	Academic Affairs - Richard Muma	Education	Student Centeredness	Interdisciplinary	A three-degree super-program where Business offers a degree in data analytics, Engineering in data sciences and LAS the mathematical foundations of data sciences. All students take perspectives courses from all degree programs. Course sharing across the programs is encouraged	Create the the program in partnership with Business and Engineering	Get program approved	Staff program	Marketing program		Yes	Review	New	8/21/2020
28	11640889	Honors College recruitment communication plan	Trish Gandu	Academic Affairs - Richard Muma	Education	Student Centeredness	Recruitment	Plan outlining the recruitment communication to be sent throughout the academic year to various audiences including prospective students and parents, and transfer students.	Create communication plan for recruitment of students through Recruit (Office of Admission CRM)	Write communication pieces to be sent to the Office of Admissions to include in Recruit	Work with Office of Admissions to send text messages to students who meet scholarship competition requirements encouraging them to apply			Yes	Review	New	7/1/2020

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
29	11640954	Increase diversity in Honors College applications	Trish Gandu	Academic Affairs - Richard Muma	Education	Student Centeredness	Recruitment	Expand on recruitment initiatives already being done to increase the number of students applying to the Honors College from diverse backgrounds.	Invite first generation and underrepresented students on Recruit system to Honors in Action within determined class rank, ACT, GPA or SAT ranges	Request a current Honors student write an email about their experience in Honors to be included in Office of Admissions FGEN and underrepresented student communication plan.	Visit all USD 259 high schools to present information about the Honors College to interested students. Also engage current Honors students in the process.	Create a diversity student intern position to assist with recruitment		Yes	Review	New	8/31/2020
30	11625228	Creating of a certificate in ArcGIS	Peer Moore-Jansen	Academic Affairs - Richard Muma	Education	Student Centeredness	Academic Innovations	This certificate will train students in ArcGIS and its application to several disciplines including anthropology, criminal justice, geology and sociology.	Get the certificate approved	Create lab space to train on ArcGIS	Hire IT specialist in ArcGIS. Should also be able to offer lab sessions	Advertise the program		Yes	Review	New	

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
31	11645176	Personalized Advising Enviroment	Jessi Raburn	Academic Affairs - Richard Muma	Education	Student Centeredness	Retention	Honors is in the unique position of having access to the personal statement provided by the student during the admissions process. This provides a window into the student's interests and future goals which can be leveraged in assisting the student in pursuing the Honors and non-Honors curriculum and experiences (study abroad, internships & co-op, research) which	Utilization of Honors admission personal statement as foundation for advising conversations	Increased awareness and adoption by Honors students of Honors curricular options via printed documents				Yes	Review	New	12/16/2020

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
32	11659346	Creation of a new bachelor's of applied linguistics	Andrew Hippisley	Academic Affairs - Richard Muma	Education	Student Centeredness	Academic Innovations	This will be inherently interdisciplinary, bringing the structure of language and models of describing it, and applying that in different domains including cognitive development, artificial intelligence, human computer interaction, computer processing	create the degree program	Get program approved	Staffing the degree program	Marketing the program		Yes	Review	New	8/15/2020

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
33	11659381	Bachelor's American Sign Language	Andrew Hippisley	Academic Affairs - Richard Muma	Education	Student Centeredness	Interdisciplinary	This will degree will be jointly hosted by Health Professions and LAS. It will have various tracks, some of which will be led by LAS and some by Health Professions. It will address a need for more qualified ASL interpreters, but base the training in the context of deaf culture and ASL's true status as a natural language.	Create the tracks in the program, ready for submission	Get it approved	Scaffolding	Marketing program		Yes	Review	New	8/15/2021

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
	11659408	Create a set of new programs to attract students to LAS	Andrew Hippisley	Academic Affairs - Richard Muma	Education	Student Centeredness	Recruitment	Need to think about traditional and non-traditional, and understand the different generations. Programs include: Law 3+3, bachelor's in ASL, graduate degree in data science, bachelor's in space sciences, undergraduate in certificate in environmental and sustainability studies, undergrad certificate in ArcGIS, bachelor's in applied linguistics	Have all programs ready for submission for approval	Marketing campaign for new programs	staffing			Yes	Review	New	8/20/2020

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
11659467		cultivate global citizenship	Andrew Hippisley	Academic Affairs - Richard Muma	Education	Student Centeredness	Other	This I think is more a goal than a strategy, and though it is certainly a goal in LAS, I believe it should be a university-wide goal as it is for many other universities. It cannot be subsumed by student-centredness because it could be seen as a goal for students, faculty and staff. The institution itself should be more globally oriented. This aligns with the vision of an institution	Degree programming, with global focus	create more study abroad opportunities, such as travel seminars	create more international internships	assess our co-curricular international events and create more		Yes	Review	New	

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
36	11659508	Create enough internships for all students to have one of they want one	Andrew Hippisley	Academic Affairs - Richard Muma	Education	Student Centeredness	Applied Learning	LAS needs to provide internships for students in all degree programs, not just the obvious ones such as communication and criminal justice. The learning outcome needs to be a demonstration of how the student has applied the powers of a liberal arts education in the workforce arena.	Create a syllabus that can subsume any instance of an internship, and any pre-req	Determine whether or not these are paid or unpaid	identifying companies, agencies, industry who can provide internships that align with this vision	Enter 4th Tactic Here	Determine how to integrate the internship into college degree requirements	Yes	Review	New	8/2/2020

	A	B	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R
37	11748490	A "Design-Thinking Competition	Scott Miller	Academic Affairs - Richard Muma	Education	Student Centeredness	Applied Learning	A "Design-Thinking Competition" will provide supplementary extra-curricular hands-on learning opportunities for high school, undergraduate, and graduate students. (A better contest name will be developed in cooperation with a company sponsor.) The plan is to create a student competition to engage and motivate students to learn, apply,	Create a student competition to engage and motivate students to learn, apply, and improve design-thinking and communication skills.	More than 30 students, of varied backgrounds, will compete	At least 25% of the participating students will be employed by the sponsoring company or, in the case of high school students, attend WSU			Yes	Review	New	12/18/2020
38	11691374	Developmental Education Pathways	Valencia Monk-Morgan	Academic Affairs - Richard Muma	Education	Student Centeredness	Academic Innovations	Explore innovations in the delivery of remedial education and make recommendations to Faculty Senate for improvements to current practice.	Create committee to review practice at peer/aspirational/Hanover institutions.	Solicit Hanover Report	Create draft recommendations	Report to faculty senate		Yes	Review	New	8/31/2020
