Scholarship aimed at underrepresented students welcomes inaugural class

By Sara Ornelas, Marketing Content Developer

As the fall 2021 semester begins, the 21 students in the inaugural class of Adelante Scholars have begun their careers as Wichita State University students.

The [Adelante Scholarship](#) was established in 2020 through a gift from Gene and Yolanda Camarena. It's geared toward incoming freshmen and new transfer students. Preference is given to students who are of Black, Hispanic and Latino heritage with a minimum 3.0 grade point average and demonstrated financial need.

“We are excited to have this inaugural class of Adelante Scholars join Wichita State,” said Sheelu Surender, executive director of financial aid and scholarships at Wichita State. “The financial support and mentoring this scholarship provides should help these promising leaders focus on academics and campus involvement rather than being burdened with working full-time to pay for college.”

The Adelante Scholarship supports Wichita State’s priority to [provide an accessible and affordable education to Kansans](#).

“The diversity that this scholarship attracts provides added vibrancy to our campus community,” said Dr. Rick Muma, Wichita State president. “The first 21 scholars bring with them the talent and potential to be the next generation of Kansas leaders.”

The following students are the fall 2021 recipients of the Adelante Scholarship:

- **Melisa Alfonso** from Hutchinson, Kansas, is studying mechanical engineering.
