Comevo: Student Online Orientation Platform

Additional information:

Summary: Comevo is a Southern California Software company that assists Higher Education Institutions with hosting a dynamic and interactive online Orientation program. Prior to the implementation of this software students who missed the in person Orientation programs over the summer would complete a static on demand presentation through our LMS Blackboard to fulfill their Orientation requirement. Orientation programs were moved fully online for students in 2020 due to the COVID-19 virus and global pandemic. First-Year Programs in the Office of Student Success, wanted to ensure that online Orientation provided a more engaging and content rich program that could also interact with our SIS Banner to provide a more streamlined experience for the students and better process management for the department. Last year 2433 students completed the Orientation modules. Orientation holds previously were manually released but are now being automatically released for new students upon completing the modules. The Graduate, Athletic and International departments also moved vital student transition information into this system to assist with the onboarding of their new student populations. The Comevo software came with a number of built-in features as well as advanced accessibility features. The IT department on campus assisted with the integration of this new software by setting up Single Sign-On access for students that now lives behind the myWSU Portal wall in the New Student Information Channel. Additionally, IT was able to assist to get the modules connected to Banner to automatically release student holds upon their completion of the online Orientation modules. IT continues to be a great partner and supportive of the initiatives of First-Year Programs, and looks to assist in ways to provide a user friendly experience for both our new students and the department employees.

WICHITA STATE UNIVERSITY NEW STUDENT ORIENTATION MODULE 1

Instructions

- 1 Introduction
- 2 Shocker Technology
- 3 FERPA Basics
- 4 Student Health & Counseling Servic...
- 5 Academics & Advising
- 6 Enrollment

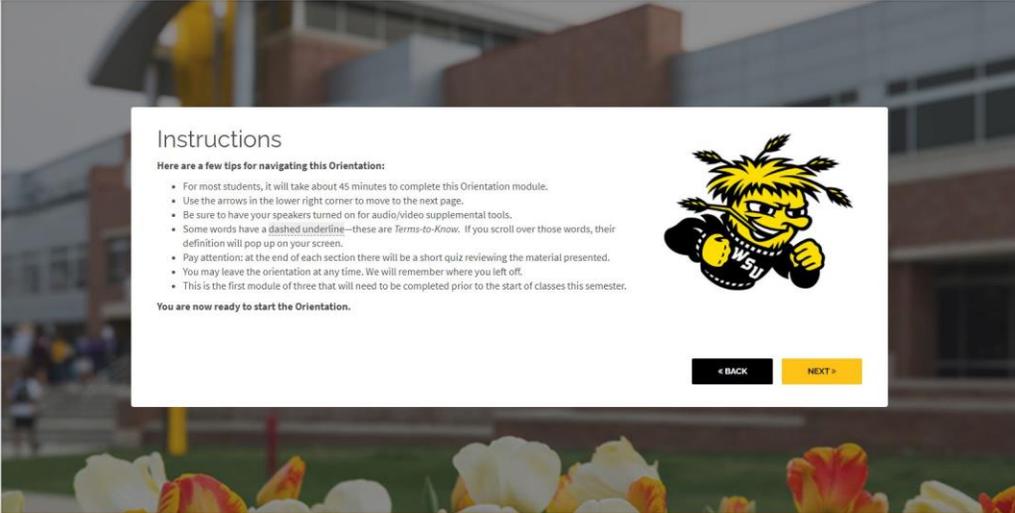

Instructions

Here are a few tips for navigating this Orientation:

- For most students, it will take about 45 minutes to complete this Orientation module.
- Use the arrows in the lower right corner to move to the next page.
- Be sure to have your speakers turned on for audio/video supplemental tools.
- Some words have a dashed underline—these are Terms-to-Know. If you scroll over those words, their definition will pop up on your screen.
- Pay attention: at the end of each section there will be a short quiz reviewing the material presented.
- You may leave the orientation at any time. We will remember where you left off.
- This is the first module of three that will need to be completed prior to the start of classes this semester.

You are now ready to start the Orientation.
