How to contact your advising office or schedule an advising appointment

Instructions to schedule your appointment online

Students are given access to various means of initiating contact with an academic advisor. Academic advisors are available to meet with the student within a reasonable time frame after the student's request, and appointment time(s) will be allotted to carry out the activities needed.

Shocker Hall, Building A, Room 1180
316.978.3375
honors@wichita.edu

- **Transfer Students**
- Transfer students are encouraged to bring copies of their academic transcript and meet with an academic advisor prior to enrolling. The advisor can provide information about degree requirements and the eligibility of the student's prior coursework toward their degree of choice.
- Students transferring from a two-year college must complete at least 60 credit hours of four-year college work including 45 credit hours of upper-division work in order to qualify for graduation. In no case will work done in a two-year college be credited as junior or senior level work at WSU.

shocker.pathway@wichita.edu
- **Graduate Students**
 - Specific requirements for either degree or nondegree admission for all graduate programs are listed in the Wichita State University Graduate Catalog.
 - For further information about graduate admission requirements, graduate programs, or to obtain graduate application materials, contact:
 - **Graduate School**
Jardine Hall, Room 107
316.978.3095
wsugradschool@wichita.edu
wichita.edu/gradschool
 - Graduate students are assigned a faculty advisor in their program after they are admitted. You can find your advisor's name in your myWSU account, in the academic profile box located in the myClasses tab. If no advisor name is shown, contact the graduate coordinator of your program for assistance. You can find that person's contact information online at wichita.edu/gradprograms.
- **Online Students**
 - Wichita State Online brings WSU's campus to students everywhere, making it possible to earn a degree from Wichita State University completely online.

- Students who are seeking a graduate degree, or who are returning to school to finish their bachelor's degree can rely on the flexibility and convenience of Wichita State Online degree programs.
- Fully online program students work with a dedicated online academic advisor who provides support and guidance from application to graduation. It is recommended that all online program students work closely with their advisor before enrolling in courses to ensure the most effective plan of study.
- Online program students have access to a robust student support system, including a dedicated student success specialist who provides focused support, academic resources, and access to services like tutoring, counseling or more. Learn more at the Online Student Support webpage (<http://wichita.edu/onlinestudents>).
