Engaging Leaders

What is Engaging Leaders?

The Engaging Leaders Program Takes students from the Class room to the Board room.

This program offers students the unique opportunity to explore, discuss, and analyze various professional fields directed by executive officials from different industries throughout the Wichita area.

The program will introduce participants to those philosophies and styles of leadership and transferable skills that rising leaders should possess and consider when choosing a career path.

Check out the schedule to see this semesters presenters and their biographies!

Testimonials

"I feel more assured in the skill sets and better equipped for my future."

"My favorite part was the interaction with the other peers in the program and gaining the insight from other leaders."

"It showed the type of environment that I want to work in."
