Spring Music Meet Attracts Rural Pupils

County Schools Will Meet on Campus Today

A musical program entitled "The Building of a Great University" will be held here today. The program will be opened with a song by Dr. W. M. Jardine, president of the University, and R. C. Mullen, Sedgwick County superintendent of schools. The program will be directed by Mrs. Suzanne Pittman with the assistance of Mrs. Mary Hinksen and Mrs. Mitchell. Mrs. Jewell Torrey will act as accompanist. The complete program includes: "The Building of a Great University," all Columbia; Santa Lucia Chorus, 350 Voices; "The Building of a Great University," Little Susy Chorus, 350 Voices; "The Building of a Great University," Harmonica Band, 400 Instruments; "The Building of a Great University," Harp and Whistling Chorus; "The Building of a Great University," Charming Castle; A Pledge—Selected Music—University of Wichita; "The Building of a Great University," Combined Bands—700 Voices; "The Building of a Great University," Instruments.

French Classes Sponsor Show

Maternelle Reveals Slums of Paris

"La Maternelle," the French picture which is being shown in Wichita, March 30, by the French department of the University, and by Edd Haas of the Film Company, has received favorable reviews in leading magazines over the country since it began its run in New York last year. Madeleine Renaud, outstanding actress, plays the role of a school house maid, in the picture. Paulette Goddard, who chooses Rose as her guardian when her mother, a prostitute, forsakes her. Paulette is not pretty for she has a rather large mouth and sad eyes. "La Maternelle" is made up of scenes from life in a slum school. There are psychological scenes as the one in which the children are taught to love a white rat and then are told that it is to be eaten for dinner. A good scene is taken from this picture in which a snub-nosed Negro child heartily smiles his approval.

County Schools Give Musical

University Students Assist With Rehearsals

Under the direction of Walter Durksen and Byron Jacques, University instructors, the combined county high school band and orchestra of 400 pieces will hold a preliminary rehearsal in the University Auditorium, Wednesday evening, April 1, in preparation for their appearance at the county musical festival scheduled for the Forum, following Saturday evening. This marks the second year that Sedgwick County high school band and the second year that Durksen and Mr. Jacques have directed the band and orchestra. Dean Alan Irwin of Friends University has charge of the huge program which will appear on the program.

A number of University musicians are assisting the directors in rehearsing the instrumentalists: Virginia Marjorie Catlin, Ruth Anderson, Beatrice Pease and John Poppe, string bass, Arnold Whitehead, saxophones, Harvey Lewis, Forest McKown has charge of the piano and Eugene Bernard the drums. Five players will be chosen by the directors and Charles Enoch will manage the trumpet. Don Enoch has charge of the trombones; Glen Roderstrom of the bassoon players and R. D. Smith and Sherman Culbertson will assist the clarinet players. University High School students under Dr. Seppeler on Germany and Kurt A. Seppeler, head of the department of German, will speak to students of the Whitewater High School today.

Prof's Wives Parallel Mates In Scholastics

Students at First, the Women Later Become Life-Long Partners

University students have been surprised before now to find the professor's wife enrolled with them in their course. It may be some further surprise to them to learn that in the scholastic records of said wives occupy no little space in the University records.

Figures Show 1191 Students Enrolled Here

Number Is Surpassed By Only One Other Year, 1932-33

Final enrollment figures for this semester, recently compiled by Worth A. Fletcher, registrar, and his assistant, Miss Laura McMullen, number 1,191. Although this total is considerably smaller than last semester's, which numbered 1,276, a slump is always expected the second semester, they explained. To furnish a basis for inter-year comparison, the dates October 15 and March 1 are chosen on which to compile the semester's statistics. Although additions will be made to this figure before the end of the semester, it is used officially until the end of the year. The College of Liberal Arts heads the list with 615 enrolled; the College of Business Administration comes next with a much smaller enrollment of 292; students enrolled in the College of Education number 189; the College of Fine Arts has 81 enrolled; and the total for the Graduate School is 14. Of the 1,191 students enrolled, 966 are resident students, while 225 come from out of town. Men students are in the majority, numbering 719 to 472 women students. Freshmen continue to hold the largest percentage, with 425 students; sophomores have 340 students; juniors, 303; seniors, 172; unclassified, 33; special, 4; and graduates, 14. The present enrollment figure is large, being surpassed by only one other year, that of 1932-1933.

N. C. Officials Are Visitors

Many Educators Survey School System

Representing the North Central Association, nationally prominent educators will be the guests of the University of Wichita, March 28, at the University of Wichita, according to announcements made by Dr. Jardine early this week. Dr. A. J. Brumbaugh, director of student guidance in the University of Chicago, and Dr. J. L. Stanton, president of Albion College, liberal arts college in Albion, Mich., will conduct a survey of the University. This will include an examination of the educational system, the financial structure, and the academic organization of the entire school. Wichita has the distinction of having established the first municipal university west of the Mississippi, and during the 30 years of its existence it has held the attention of educational experts all over the country. Omaha has joined Wichita in providing higher learning through a municipally sponsored university. Comparatively a new idea, this plan has attracted wide interest in the field of education.

Army Is Shot In the Arm

Men Are Inoculated For Camp Today

During drill period today, third year U. S. T. C. men will be given their shot for typhoid fever and be vaccinated for smallpox by Lt. Col. Paul Christmann and Lt. Col. F. E. Kunc of the Medical Reserve Corps. This is the first time since the establishment of the R. O. T. C. at the University that immunization has been carried out on the campus. Formerly army men were compelled to go to the City Building where the work was done by the city doctor. Lt. Col. George W. Price said it saved a great deal of time and expense by having the army doctors come to the school. All men who are eligible for the R. O. T. C. summer training camp must have this medical attention. It is given at this time so as not to interfere with a regular inspection and the summer activities.

Many Mixers Planned As Demand Rises

Council Plans Time To Accommodate All Students

Continuing a policy which has been steadily growing in popularity, the Student Council of the University will sponsor another of the all-school mixers, April 1, at 1 o'clock, in Henrich Gymnasium. There are to be six more of the student dances during the remainder of the year. Henceforth they will be held alternate weeks, on different days, and at different times in order not to conflict with the same classes, and so all students may attend at some time. As an added attraction at the next one, and for the benefit of those who were unable to see it at the Hippodrome, "How Far Is the Barn," campus moving picture, will be shown. It will be given at the end of the dance, and a nominal fee will be charged. Short skits, to be presented by University men and women, are being planned, and the members of the orchestra which plays are students on the campus.

Math Groups Choose Wichita

Accept Invitation To Meet Here Next Year

Members of two state mathematical groups, the Kansas Association of Mathematics Teachers, and the Kansas Section of Mathematics Association of America, will convene in Wichita for their 1937 convention. The decision to meet here is in answer to an invitation given by Prof. Edwin A. Bieto, Arthur J. mathematics department of the University. It will be the first time in 20 years that the two conventions have been held away from Topeka. Professor Hoare's invitation was followed by a letter from the Wichita Chamber of Commerce, stating the convention would be greatly welcomed to this city. The members of the association are all college and senior high school teachers. Those representing Wichita at Topeka last Friday were Prof. Edwin A. Bieto, Arthur J. Hoare, Cecil B. Read, and Lester Dawson, all from the University. Four teachers also attended. Professor Bieto gave an address in the afternoon to the senior high school teachers on "The Use of Instruments in Teaching Senior High School Mathematics." He also visited the University of Kansas, public school system in which the new type of education is being tried. It is the progressive education principle in which no subjects are taught. The students are given lectures by the instructors, and after four years, given their diplomas.

Pupils To Give Program Soon

'Pygmalion' To Be Read By Wrigley

Students of Mrs. Alice Campbell Wrigley will present a number of programs in and near Wichita in the next several weeks. In addition to these programs, Mrs. Wrigley will appear before members of the A. A. U. W. and Teachers' Association of Kingman, April 1, to discuss "The Little Theater." That evening she will read "Pygmalion" by George Bernard Shaw. This program is being sponsored by Jack Kelly, a former student of the University and now a teacher in the Kingman schools. Performances by students will be given April 3, at Harry Street Methodist Church, and in White-water, April 13. Two religious dramas will be given for the first time in White-water. They will be "Ruth" and "Ishmael." Appearing in "Ruth" will be Zoe Niccum, Goldie Ayres, and David Lambert. Characters in "Ishmael" will be played by Misses Allaine Dun, Betty Neely, Mary Elsie Riser, and Kathryn Lansdowne, and David Lambert.

School To Offer New Features

Supple Announces Special Courses for Summer

Leslie B. Supple, director of summer school, has announced five special features for the summer session. These will include a course under the direction of Dr. Frank W. Cyr of Columbia University, lectures by six outstanding superintendents of Kansas schools on practical aspects of education, a three-day superintendents' conference, featuring of the new unit programs, and organized tours to Wichita industrial plants. The new unit program which is being placed in public schools of Kansas is to be discussed one week of July. Miss May Hare, state elementary school supervisor, will be present. Daily demonstrations will be given by classroom teachers. A well-liked feature of last year's summer session was the organized tours to Wichita industrial plants.

University Catalogue Is Revised for 1936

Sweeping revision of the 1936 University catalogue has been made through the concerted efforts of school officials. The first books are to be off the press by the close of this school year. The last catalogue, issued two years ago, has undergone careful re-editing and revision, with an eye toward the advancing educational machinery set up in the administration of Dr. William Jardine as president. About 3,000 of the books will be printed.

Last Chance To Get Seniors

Invitations—Almost

Tomorrow noon will be the latest hour that graduating seniors can order 1936 invitations without paying an extra assessment, rules Courtney Osborn, chairman of the committee in charge. However, it will be possible for seniors to order as late as next Tuesday, but a fine of five cents per invitation will be added to the cost of every order. Orders have been taken this week in the foyer of the Administration Building.

R.O.T.C. Band Gives Concerts On Spring Tour

Army Chorus and Vocal Trio Included On Program

Giving concerts in Hutchinson and Kingman, April 21, the University R. O. T. C. Band under the direction of Walter J. Duerksen, will complete the first of its scheduled spring concerts. Two buses and several private cars will carry the 75 band members, a council representative, and Honorary Colonel Loneta Brown to Hutchinson, where a concert will be given at 10 a. m. under the auspices of the Hutchinson High School band and its leader, A. Watrous. The Kingman concert will be presented at 1:40 in the afternoon. This appearance also is being sponsored by the high school band of that city, which is directed by Ben Reiger. "These programs will feature in addition to classic compositions, several novelty numbers," Director Duerksen said yesterday. "Oboe and saxophone solos, a brass sextet and a trombone quartet will play." Another feature will be the new University R. O. T. C. Male Chorus of 28 men which will be among its membership a vocal trio which will sing on these programs.

Theater Gives Student Matinee

Rates for Shakespearean Comedy Are Offered

Tickets for a special student matinee performance of Max Reinhardt's screen version of William Shakespeare's comedy, "A Midsummer Night's Dream," which will be exhibited in Wichita Wednesday, April 1, can be obtained from Dr. Earle R. Davis, who is in charge of the ticket sale at the University. A student rate which will be offered for the matinee starting at 3:45. Admission charge for the two other showings, a matinee at 1 o'clock and an evening performance at 8:30 will be higher. Seats for all but the student matinee will be reserved. Stars in the cast include Dick Powell, James Cagney, Joe E. Brown, Ross Alexander, Jean Mar, Olivia De Havilland, Hugh Herbert, and Mickey Rooney. This will be the only presentation of this road-show attraction in Wichita until after November of this year.

W.A.A. Sponsors Annual Play Day

Sixty High Schools To Be Guests in April

Sponsored by the Women's Athletic Association of the University, the seventh annual High School Play Day will be held on the campus all days Saturday, April 18, in the Henrich Gymnasium. High schools from seven different counties in Kansas have been invited to send their representatives to this annual event. Representatives from North and East High at a play day, even years they entertain out of town girls. According to Miss Evelyn A. Hinton, advisor of W. A. A., approximately 60 high schools have been invited to participate and each school is allowed 15 representatives. The play day takes the form of a big round-up and the rodeo theme is followed. Representatives from the high schools are divided into groups called ranches. Various colored bandanas bearing the brands distinguish the teams. Ranches compete with one another in the events of the day. Miss Belva Webb, president of W. A. A. on the campus, is general chairman for the play day. Working with her on the various committees are Miss Betty Gemisch heading the registration and presentation of the awards; the program for the day is being planned by a committee headed by Miss Maxine Williams. First aid will be attended to by a committee in charge of Miss Frances Wright. Financing for the meet will be arranged by Miss Heleen Pourton. Scoring will be headed by Miss Mary Blood, equipment by Miss Aileen Cawkins, and refreshments for the play day will be planned by Miss Buelah Barrett.

Rathbone Resigns As Council Head

Ruth Sharp of Opposing Coalition Is Slated To Take Over Duties Of President Tonight

Forced to withdraw from regular classwork in order to accept a position with a local business firm, Jack Rathbone, popular student of the senior class, has tendered his resignation as president of the Student Council. Ruth Sharp, also well-known in the senior class, and now vice-president, is scheduled to succeed him at tonight's regular meeting. Mr. Rathbone was elected to the council position last spring and has served since his installation late in May, 1935. His election, chairman of the committee in charge of the most bitter coalition vote-battles in recent years. Accepting a position as salesman for the Red Star Milling Company of Wichita, Mr. Rathbone has found it necessary to drop his regular daytime classwork and to finish his study for graduation by attending evening and summer school classes. Although he must take up his new work next Monday, he has been requested to complete his study toward a bachelor of science degree in business education. Before being elected president of the Student Council, Mr. Rathbone served as head of his respective sophomore and junior classes. During his first year at the University he was a freshman representative on the Council. N. S. F. A. Delegate As president of the governing body, he was one of the school's representatives at the eleventh annual convention of the National Student Federation of America. Last semester he was president of Phi Epsilon Sigma fraternity. He was an outstanding member of the varsity basketball team during his first three years on the campus, but was unable to carry on his athletic work this year because of other duties. Mr. Rathbone also is one of the new charter members of the University chapter of Blue Key National Honor Fraternity. During his administration, the Student Council has taken many constructive steps in its growing program. This year marked the first time that afternoon dances have been held on the campus. More already are scheduled for the remaining part of the year. The Council sponsored a booster train in the fall to Oklahoma City when the Shockers played the Goldbugs. Miss Sharp was president of Epsilon Kappa Rho sorority in her junior year and has held other offices in the sorority. She was a member of the Women's Rifle Team during her sophomore and junior years. She has been unusually active in all phases of campus life, serving as president of the Shockers' Studies for two consecutive terms. She has been outstanding in campus work of the Y. W. C. A. Miss Sharp was elected as vice president of the Council last spring on the University ticket, being the only candidate of her coalition to win an office. She will, as the new president, be in charge of May Day arrangements, and the presentation of awards at the end of the school year.

Formal Resignation

It is with the deepest regret that I am forced to tender my resignation as President of the Student Council of the University of Wichita. My resignation is to be effective immediately. Thank you for your cooperation—I hope that I have in some manner justified your confidence. —JACK RATHBONE.

'To Go or Not To Go' --Rathbone's Problem

Student Prexy Faced With Dilemma Of Deciding the All-Important Question—Job or School

With the offer of a position which in these days one could neither afford nor be asked to ignore, Jack Rathbone, president of the Student Council, this week has found himself in the embarrassing position of having to make a choice which may affect his whole life. If he were to choose the job, he would have to quit school immediately and resign from the Student Council presidency, which, considering his obligations to the University and to the students, and his unfinished education, he does not like to do. What To Do? But, if he were to refuse the job, he would, upon graduation, at best, step into a discouraging, dull routine of office work with the prospect of having to spend some years at it. However, he would successfully complete his academic education, the ultimate importance of which has been somewhat overrated by academicians. With these two alternatives, and the necessity of deciding immediately, Mr. Rathbone was slightly up the stump, but with the cooperation of his instructors and dean, he has arranged to complete his courses at night through the University College and in the summer school, and will be graduated with his class of '36. In offering his resignation, Mr. Rathbone submitted for approval the Student Council program for 1935-36—a program which critics have called the most constructive and most business-like ever undertaken. The Outline 1. The publication of Freshman Handbooks. 2. Promotion of a special train to Oklahoma City University foot-

The men and movements we support, we must support, not because we hold them to be comprehensively quite right, but because we are convinced they tend in the right direction.—(H. G. Wells)

Only 'Applied Intelligence' Can Solve and Cure World's Illness

"After us the Deluge!"

Thus quipped the cynical French aristocrats as they drank and played while their social system became rotten from the inside. They were not blind to the evils of the day; they were merely too soft and cowardly to attempt to do anything to rectify them. So the Deluge came and their heads tumbled into baskets at the foot of the guillotine.

Today many people suffer from world weariness and disillusionment. "Oh yeah" and "So what" as they are usually drawn out have somewhat the same ring as "After us the Deluge." The problems of the world have become too complex for many people to face.

It does seem at times that the world is galloping to catastrophe. The United States has accumulated a burden of debt which will take generations to pay—if it is ever paid at all. As a result of industrialization, the emancipation of women, and the increase of poverty there are new social problems to be solved. The world is an armed camp. Civilization is indeed dangerously sick.

The cure is applied intelligence. A dose of good honest liberalism could have saved France from Revolution. Great Britain has weathered many storms by "muddling through" instead of yielding to emotion. In the same way the world of today can be saved for further progress if we keep up the fight and do not surrender to despair, fear, and folly.

NYA is Rarity Among New Deal Experiments; It is Invaluable

Among the most praiseworthy of New Deal measures is the National Youth Administration.

At this University nearly ten percent of the student body is on the payroll of the NYA. In scholarship this group is well in the upper third grade bracket, a distinction of which few campus organizations can boast. Many of these students are leaders in some field or other, and are real assets to the University. The work that they do is necessary and valuable to the school.

Few of them could attend the University if they did not have this help. For a nation to prosper it must have a large group of highly educated people. Tyranny and culture can not exist together. These things being so it is an act of great patriotism to make it possible for the deserving to attend school. President Roosevelt deserves praise for instituting the NYA. For the NYA is a constructive institution which gives youth a chance to develop its potentialities.

The NYA is a step in the right direction. Of all the New Deal policies it alone is not open to criticism by its opponents.

It is an institution which must be continued for the general welfare of the nation.

If we were that Afghan diplomat, Mahbob Ali, we'd be mighty sure the little woman didn't call us by our first name in public. We'd sort of dislike to have her look anxiously about the room and ask: "Where's Mahbob?"—Boston Herald.

Mr. Morgenthau promises a paper dollar of entirely new design. Our suggestion, that one be engraved on adhesive tape, has been ignored.—El Paso World Times.

Short Pants

By LOY WOOD

"Dirty Society Politics"—might well be the title of the sordid little drama recently enacted on our beautiful campus. It was a beautiful example of dog eat dog, and while one sorority was less blameworthy than its opposition, the puerile behavior of its members when the machinations became apparent more than compensated for its early innocence of conspiracy.

One and only one sorority, Epsilon Kappa Rho, kept its skirts clear of the whole sad affair, so highest compliments to the EKR's for their comparatively blameless conduct. It's a shame to taint so noble a project as a college yearbook with such doings—but money rules.

A while back some of Joe Stone's relatives visited him, bringing their young baby with them. From all accounts it was a cute baby (as babies go) so when Joe and the girl, Catherine Bordner, went for a walk they took the infant along with them. Joe carried the baby until he tired of the task, so Catherine took it, insisting that she liked babies and would like to carry it. So far so good, but while totting the baby around they encountered more of their friends and acquaintances than could be found at a free-lunch counter, and was Joe's face red, and did the stut?

Giff Booth, aware that Pittsburgh is not the only place that is bothered by "high water"—

"Who was that lady I saw you with last night?"

"That was no lady, that was that chaperon from Wichita."

Third year army men are drilling with machine guns in preparation for the annual inspection soon to come. The other day the boys had their gun in position. John Heese, the trigger, crouched down behind his weapon, sighted, pulled the trigger, and WHAM! The automatic rivever over at the new Union Building cut loose with its chatter, and J. Beebe went about two feet straight up in the air. And practically the same thing happened to Jimmie Lee. Some fun.

I'm glad to see Roundabout staging a comeback in reader-interest. Last week it carried a little jab that the Alpha Gams must have taken quite a heart. Anyhow, shortly after publication of the article on the bulletin board a clever caricature of the author of last week's effort wearing the self-satisfied smirk that is supposed to have come over his face when he wrote what he wrote concerning the Hippodrome.

Mixerwinners—
First, Margaret Alexander won double prize of \$4. Second, Virginia Stewart, \$1. Third, Waldon Martin, 50 cents, and Helen Louise Williams, three lollipops. But the second, third, and fourth place winners were not there, so they get only half of the specified amounts—the other half being cumulative.

Debaters Are Heard Locally

Speech Students Debate National Subjects

Members of the Jefferson Club of Wichita heard Keith Moore, Otto Wood, George Griffin, and Forest Mikow debate last Thursday night in a meeting held in the Spanish room of the Hotel Lassen. These four debaters, all of whom went to Kansas City in February to a tournament, discussed the question dealing with the rights of Congress to override decisions of the supreme court declaring acts of Congress unconstitutional. Mr. Wood and Mr. Griffin took the affirmative and Mr. Mikow and Mr. Moore the negative.

These students presented the speech department, in response to a request Carl England, professor of speech at the University, received from Judge Grosvenor Pierpont asking for assistance in presenting the program.

These students presented the speech department, in response to a request Carl England, professor of speech at the University, received from Judge Grosvenor Pierpont asking for assistance in presenting the program.

Plays Chosen For Contest

Omega Upsilon Presents 'Prize Play' Contest

Announcement has been made of the plays chosen by the fraternities and sororities who are cooperating in the one-act play contest to be held at the University, April 2 and 3. This contest is being sponsored by Omega Upsilon, national honorary dramatics sorority. Miss Vera Setzer is president of the local chapter.

"second best" has been chosen by Kappa Beta Sorority and Phi Sigma fraternity; Alpha Tau, Beta Kappa, and Phi Alpha have selected "Fairwell, Cruel World"; "Dawn" will be given by Delta Omega and Alpha Gamma and "The Vallant" is the choice of Sorosis and Webster.

Three disinterested judges will select one winner for the contest from performances both nights. Each group will draw for place as to which night it will give its play. All Omega Upsilon members are barred from assisting with any of the productions.

This contest has become an annual affair and is sanctioned by George D. Wimer, head of the dramatics department, with the idea that new talent will be found for the dramatics department. No charge will be made for admission.

Liberal Prexy 'Leaves' Post

Wisconsin Head Is Fired In Reactionary Move

MADISON, Wis., March 25 (AP)—Traditionally progressive Wisconsin, home of liberal movements since its founding 190 years ago, seemed to be turning against liberalism last week when long-current rumors of the impending "request resignation" of the University of Wisconsin's President Glenn Frank were announced as fact and left undented.

Hard on the heels of an athletic department blow-up which culminated in the dismissal of Dr. Clarence W. Spears, head football coach, Dr. Walter B. Menzies, probably No. 1 U. S. basketball coach, and Trainer William Fallon, came the report that the board of regents, by an 8 to 2 majority, will ask Frank to leave Wisconsin with the 1936 graduating class.

Alpha Gams To Have Informal

Kinsey Heads Committee On Decorations

Alpha-Gamma Gamma fraternity will entertain at their annual spring informal Saturday, March 28, in the Crestview Country Club. The committee in charge of decorations, which will be carried out in the spring motif, is headed by Charles Kinsey, who is being assisted by Elbert Walker and Henry Amsden.

Maurice "Dutch" Martin and his orchestra will play for the dancing.

Circus Spirit Reigns At Sorosis Informal

In true circus fashion including balloons, peanuts, pink lemonade, and confetti, Sorosis entertained its members and guests at their annual spring informal dance Saturday night, March 21, at the Shirkmere ballroom.

Sideshowes adorned the four walls of the ballroom which held such spectacles as "The Bearded Lady," monkey cakes, trapeze artists, and finally "The Beardless Lady." The highlight of the evening's entertainment was the girl's favor dance. The boy's name was printed on a ticket which was tied to a sack of confetti; each girl took a sack and thus, a partner for the dance.

He Calls Me Bad Names.....

But I guess he does it to detract attention from himself. He's boosted the expenditures of the Federal government from about four billions to eight billions in three years. During the same period I've cut my costs 6%. But he calls me bad names, anyway. If he'd cut his expenses just a little it would save more money than if I'd give my services away free.

Seems to me that people will see that. Most of you folks who buy my service seem to be pretty well satisfied. And I like to work so well that I keep cutting my costs all the time. The politicians may call me names but my customers still keep on clicking those switches.

At Your Service "Click"

KANSAS GAS AND ELECTRIC COMPANY Electricity is Cheap

Although a slight decrease in the cost of government would mean more than the total elimination of charges for electric service, an expensive campaign is being conducted against the industry which provides you with that service, a service which has steadily DECREASED in cost.

Faculty Has Economy Party

Cards and Dancing To Be Featured This Evening

Entertaining at their second social affair this semester, the members of the faculty of the University will give an Economy Party-Cards-Dish Supper this evening, March 27, at 6:30, in the foyer of the Administration Building.

Featuring the economy theme, there is to be no specific entertainment during the dinner, and no decorations. Afterward there will be dancing, cards and other games.

Miss Marie Graham is chairman of the social committee in charge of the arrangements. She is being assisted by Miss Lillian Smith, Mrs. Beulah Bowers, Miss Gladys Taggart, Miss Evelyn Hinton, Dean Thurlow Lefrance, Leo W. Allman, Cecil B. Read, Clayton H. Staples, George D. Wilner, Charles M. Miller, and Cyril W. Grace.

Nellie E. Matson Dies After a Long Illness

After a three months' illness, Mrs. Nellie E. Wilson Matson, 43, a resident of Belmont, Kas., and formerly of Wichita, died in a local hospital last Sunday.

Mrs. Matson was a graduate from Fairmount College in 1914, and a member of Alpha Tau Sigma sorority. She was active in the Y.W.C.A. work.

Besides her husband, Jack Matson, Mrs. Matson is survived by her mother and sister, and two sons Jack Wilson and Andrew Alexander Matson.

Holyoke Hall Ekes Out Win In Track Meet

Barbs Take Second Place; Pi Alpha in The Basement

First place in the annual intramural track meet held last Friday afternoon was won by Holyoke Hall, men's dormitory of the University. Holyoke nosed out the Barbs 42 1/2 points to 39 1/2 points; although the Barbs placed first in more events than did the Holyoke team, the latter team was larger and more balanced, hence they accounted for many third and fourth places.

Webster and Alpha Gam tied for third with 18 1/2 points each. Close following them were the Phi Sigs with 18, who placed fifth. The Four F's took sixth with 13 1/2 points and the Pi Alphas placed last with 4 1/2 points.

Renwick Kirwin, freshman Barb who was state champion in the mile while at North High in 1934, was the high point man of the meet and the most outstanding man on the field. Kirwin won both the mile and the two mile runs with ease and then came back in the last mile while at North High in 1934, was the high point man of the meet and the most outstanding man on the field. Kirwin won both the mile and the two mile runs with ease and then came back in the last mile while at North High in 1934, was the high point man of the meet and the most outstanding man on the field.

Second high point man was Martin Johnson, Phi Sig, who won the javelin and the broad jump and placed fourth in the 100-yard dash. His jump of 21 feet 5 1/2 inches was a good mark for so early in the season. Glenn Nye, Webster, won both the 100 and the 220-yard dashes.

Nordy Hoffman, track mentor, was highly pleased with the number of men and the wealth of material that turned up in the meet. As the meet also served as a preliminary tryout for the varsity squad, he was able to get a line on the new material. Most of the marks were better than those turned in last year and Hoffman was elated over the possibilities for a good team.

Summary
100-yard dash—Nye, Webster; Houston, 4 F's; Time, 18.5.
220-yard dash—Nye, Webster; Houston, 4 F's; Time, 38.5.
400-yard dash—Amador, Alpha Gam; Granger, Phi Sig; Time, 1:12.
800-yard run—Burford, Barb; Diamond, Alpha Gam; Time, 2:12.3.
1600-yard run—Burford, Barb; Park, Phi Sig; Time, 4:28.1.
500-yard hurdle—Diamond, Alpha Gam; Kaiser, Holyoke; McFadden, Barb; Time, 1:47.
1000-yard hurdle—Kaiser, Holyoke; McFadden, Barb; Time, 3:15.
1500-yard hurdle—Kaiser, Holyoke; McFadden, Barb; Time, 4:45.
1 mile—Kirwin, Barb; Park, Phi Sig; Time, 4:12.1.
2 mile—Kirwin, Barb; Park, Phi Sig; Time, 8:24.2.
3 mile—Kirwin, Barb; Park, Phi Sig; Time, 12:36.3.
4 mile—Kirwin, Barb; Park, Phi Sig; Time, 16:48.4.
5 mile—Kirwin, Barb; Park, Phi Sig; Time, 21:00.5.
6 mile—Kirwin, Barb; Park, Phi Sig; Time, 25:12.6.
7 mile—Kirwin, Barb; Park, Phi Sig; Time, 29:24.7.
8 mile—Kirwin, Barb; Park, Phi Sig; Time, 33:36.8.
9 mile—Kirwin, Barb; Park, Phi Sig; Time, 37:48.9.
10 mile—Kirwin, Barb; Park, Phi Sig; Time, 42:00.0.

Squad Will Go To K. U. Relays

Stars Will Participate In Annual Event

Since the Kansas Relays, April 17, 1936, are authorized as a preliminary tryout for the American Olympic team, Dr. Forrest C. Allen, director of athletics at the University of Kansas, announced that the program of events for the fourteenth annual relays would be enlarged to include events peculiar to the Olympic contests.

"Wichita's outstanding men will be sent to represent the University in the special events and we will send the best relay team we can put forth," said Coach Nordy Hoffman, track mentor of the Shockers.

McClain to Enter Decathlon
Lorenzo McClain will represent the school in the decathlon event, the first five events of which will be run off Friday, and the second five the following morning.

Preliminaries for the 100-yard dash and the 120-yard high hurdles will be held at 9:30 Saturday morning, and the finals at the opening of the relays proper at 1:30 p. m.

The added events are the 400-meter hurdles, the 3000-meter steeplechase, and the hop, step and jump. Another Olympic event, the 1500-meter run, has been on the Kansas Relays program for the past three years. The decathlon will also be retained.

To Defend Crown
Harold Manning of the University of Wichita will run in the 3000-meter steeplechase to defend his national championship in this event.

Dr. Allen also announced that the 480-yard shuttle relay race, for which there have been few entries in the past two or three years, would be discontinued, and that the junior college mile relay had been changed to a sprint relay with the runners covering varying distances—440 yards, 110 yards, 220 yards, and 880 yards. In the past the junior colleges have had considerable trouble in finding four quarter-milers, but they have had one or two who could run various distances; hence the event has been changed to a medley relay.

Emporia Teachers' College won the team title in the college division of the Butler Relays held March 21 at Indianapolis, Ind., with 53 points to 22 1/2 for the Pittsburgh Teachers' College, who finished second.

Tourney Stated For Wrestlers Next Wednesday

Plans for an intramural wrestling tournament were disclosed last Wednesday afternoon by Nordy Hoffman of the athletic department.

Entries for the tournament, to be held next Wednesday, April 1, must be made by teams and are due not later than tomorrow.

Matches will be scheduled in the following classes: 115-pound, 125-pound, 135-pound, 145-pound, 155-pound, and heavyweight.

Fifty Men Will Check in Suits

Spring Football Practice Ends Tomorrow

Four weeks of strenuous gridiron practice will be drawn to a close this week when 50 players turn in their equipment, tomorrow. Twenty lettermen, along with 30 other players, began practice on March 2 and have picked up pointers and tactics that will greatly help Coach Al Gebert form a powerful team this fall.

Finding good material for the line positions will not be as hard a task for line coach Nordy Hoffman as it was last season. Many lettermen will return and also new men have relieved this main problem of Hoffman's considerably.

"I am well-pleased with the turn-out at this spring season," exclaimed Coach Gebert. "The men responded much better than last year. Prospects look promising for a successful season this fall."

Members of the squad who were out for the spring session are as follows: Adams, Alexander, Aller, Ax, Barner, Blackwelder, Brill, Buehler, Burford, Cliff, Cotter, Crandell, De Hon, Dowd, Eickerman, Feida, Fulton, Gawthrop, Gill, Griffith, Harroll, Harris, Heiser, Houston, Inman, Johnson, King, McKelvey, Moore, Nash, Nichel, Niehage, Null, Nye, Ogden, Popp, Rankin, Retzlaff, Riggen, Rosenbaum, Schlotzhauser, Schroeder, Simpson, Smith, Stewart, Tewell, Ward, Willis, Wells, and Wuertle.

College Team Advances To Quarter Finals In A. A. U.

In the national A. A. U. championship games at Denver, Colo., college basketball teams advanced as far as the quarter-finals. Greeley State College of Colorado defeated the Gridley Chiefs, conquerors of the Southwestern Central Conference champs before being eliminated from the tournament.

Triple Win Anticipated By Gorillas

Track, Tennis, and Golf Teams Here On April 3

The Gorilla track squad of 1936 will consist of fifteen lettermen and six new men. Coach Garfield G. Weede has a well balanced team in all events, excepting the pole vault and the javelin. The Gorillas will be out to win the Central Conference title again this year.

In the dual meet with the University of Wichita on Friday, April 3, at Wichita, the Pittsburg trackmen will be out to win their first outdoor meet. Last year the Wheat-shockers were defeated by a large margin. This year the Gorillas have hopes of repeating, unless the Wichita team has developed more than what has been predicted.

Freshman Outshines Veterans
In the high jump will be Tom Stevens and Kermit King, both lettermen. Schrader, a new weight man from Enterprise, Kansas, will be the top man with Wells, Roberts, veterans, and Scoggins and Lewis, first year men, assisting. Kermit King, Kirk and Carson will form the competition in the broad jump. In the pole vault are Lafferty and Fahrbruch.

Dunn, Kirk and Heymann are entered in the sprints. Gus Heymann, a new man from New York City, has been doing some wonderful running in the indoor meets. At the St. Louis relays he took second in the 400-yard run. Besides running the quarter he is an important cog on the mile relay team. In the hurdles Wilhelm and Caldwell, veterans, are entered. In the quarter mile are Heymann, Reynolds, Howard and Brown; in the half mile, Blackmore, Brown and Dillon, a new man who will probably be a valuable man in the dual meet running in the relay. Smith, Young, Jackson and Giroux are the long distance men. Smith has returned to the squad this year after an illness that kept him out all last season. Giroux is a new man from Gary, Indiana.

Coach Weede does not predict the outcomes of dual meets or the conference winner, but he is confident that his boys will do more than just run a race. He wants his men to run and win.

WOMEN'S Sport Glances

By RUTH BRYANT

Basketball—Vandals and Vikings really had a good game; two good teams and each put up a plenty nice game. That little Tudhope girl is plenty fast on her feet.

Archery—The new bows have come and they are really honey's, all the dollies will probably have a squabble over who gets to use them. For a dast diet just come out for archery; you get plenty of it.

Rifle—We complete the telegraphic matches this week, these girls are plenty loyal and it just goes to show you that hard work is its own reward, cause they really get places.

Dr. Ver Wiebe Gives Address

Unfolds New Geological Theory at Tulsa

Using the Appalachian Mountains as an example in developing a new theory, Dr. W. A. Ver Wiebe, head of the department of geology, in speaking before a meeting of more than 2,000 members and guests of the American Association of Petroleum Geologists, at Tulsa, Okla., March 19, 20 and 21, held that contrary to older theories the thrust was transmitted thru the ancient foundation rocks under the geosyncline.

Rather than the older theory that the thrust from the east was transmitted thru a deep lying portion of the sedimentary rocks. Among the 80 representatives from Wichita at the convention, were University of Wichita students, including Boyd Murphy, Reiman Webb, and Frank Masmore. These students remained for a field trip to the Arbuckle mountains on Saturday and Sunday under the direction of C. W. Tomlinson, geologist from Ardmore, Oklahoma, and John Pitts, discoverer of the most phenomenal oil pools in Oklahoma.

Journalists Start First Net Tourney
Introducing something novel in tournaments on the University campus, a tennis tournament has been arranged in which only members of the journalism department will participate.

Approximately 20 journalists have entered the contests, the first round of which will be played the latter part of the week. A nominal entrance fee has been charged every competitor, and the final winner of the tournament, who will emerge from five rounds of play, will be given a prize purchased with the collection.

Staples To Attend Western Art Meet
Clayton H. Staples, director of the art department, accompanied by Mrs. Staples and three graduating seniors of the College of Fine Arts, will leave Monday for Nashville, Tenn., to attend the annual meeting of the Western Arts Association.

Ft. Hays Has Strong Squad

Tigers Track Team Here In Meet May 8

Fifteen lettermen, and 11 promising prospects have reported for the track squad at Fort Hays College to Bill Bearley, assistant football coach, who will whip the team into shape in the absence of Jim Yeager, Fort Hays' former track mentor. The Tigers will have strong representatives in most departments, with a large supply of dash men, hurdlers, distance men, and field men.

The Hays school has seven meets on its schedule, the first scheduled for April 11. Fort Hays will join Wichita and Southwestern in a triangular meet at Wichita on May 8. The Tigers come to Wichita again May 14, 15 for the Central conference meet. Alvin Staab and Herman Schwartzkopf, of basketball fame, are on the squad, which is captained by Floyd Stephens, a broad jumper.

Yeager has accepted the post of assistant football and track coach at Iowa State College at Ames. He will return to Hays after the spring football season at Ames, has closed to coach the track team. Next year he will take up his duties at Ames, permanently.

Insulin Tests Given By Science Students
To determine the effect of feeding insulin to rats, students of the zoology and psychology departments are collaborating on an experiment.

Sam Whitson and Forrest Hull, both pre-medics, administer the insulin, and two psychology students, Charles L. Vender and Thornton Karlovski, will study the subjects in a daze to observe any development in the learning process.

As a final step, Mr. Whitson, Mr. Hull, and Roland Coulson will make tissue slides to study any changes in the internal organs, particularly the pancreas and liver.

Dr. Branch Edits Laboratory Manual
As the culmination of a gathering, checking, and arranging of material which extended over a twelve year period, a laboratory manual on the cryptobranchus salamander has been issued by Dr. Hazel E. Branch, head of the zoology department, to comparative anatomy students.

The manual was prepared by Dr. Branch through her work with successive groups, and it is one of the first to be developed for general use.

Shocker Team Troupes Alva

Netmen Lose Only One Match to Sooners

Defeating the Alva Teachers five matches out of six, the Shocker tennis team opened the season successfully last Friday afternoon. Harry Corbin, captain of the Shockers, defeated Pitman, the Teachers' number one man, 6-3, 6-3.

Alva's only victory came with the 7-9, 6-3 and 6-2 victory of Finley and Mixon over Johnson and Humphrey in the last doubles match of the afternoon.

Results of the matches are as follows:
Corbin, W. U., defeated Pitman, Alva, 6-3, 6-3.
Johnson, W. U., defeated Hunsch, Alva, 6-2, 6-3, 6-2.
Hanson, W. U., defeated Sawyer, Alva, 6-2, 6-4, 6-4.
Johnson, W. U., defeated Mixon, Alva, 6-1, 6-2.
Corbin and Hanson, W. U., defeated Pitman and Sawyer, Alva, 6-1, 6-4.
Finley and Mixon, Alva, defeated Johnson and Humphrey, W. U., 7-9, 6-3, and 6-2.

Did you ever notice the difference in the aroma of Chesterfield tobacco?

Every person who knows about tobacco will understand this... for to get a pleasing aroma is just like getting a pleasing taste from fruit.

Mild ripe tobaccos, home-grown, and welded with the right kind of tobacco from far-off Greece and Turkey (Samsoun, Smyrna, Xanthi and Cavalla)...

...that's why Chesterfield has a more pleasing aroma.

...with that pleasing aroma
