**University Party May Be
Planning Surprise for
Tomorrow's Election**

Campus politics took a turn toward the European system of dictatorships when it was found that nominees of a campus coalition will literally walk away with tomorrow's major school election unless other political factions voice last minute selections before balloting time after Friday's convocation.

The powerful Shocker coalition is the only group to place candidates for the election of women Student Council members for all classes and a complete new set of freshmen officers.

In a meeting Tuesday, Phyllis Powell was chosen to represent the party in the selection of the senior women's Council member; Katherine Israel is the junior choice, Margaret Craig is the sophomore nominee, Alberta Zimmerman will be the freshman choice.

Sullivan Run Again
Albert Sullivan has been put up for reelection to the post of president of the freshman class. Walter Tait, Myrael McNeil and Kathleen Keating are the coalition choices for freshman vice president, secretary and treasurer, respectively. Bob Lintner is the lower classmen's nominee for men's Council member.

Albert Sullivan has been put up for reelection to the post of president of the freshman class. Walter Tait, Myrael McNeil and Kathleen Keating are the coalition choices for freshman vice president, secretary and treasurer, respectively. the Last Add

By Kathleen Hite
A revolution! That's what it is—this year. The pennants in the Commons Fountain Room is their latest effort and adds no end of color and atmosphere. They are to be commended on their constructive endeavor in enlivening campus interest in general on many phases of college life. And I imagine that no little credit goes to Elder Gunter, the active leader of the organization.

DR. RARICK doesn't know whether to have the second year of "Varsity Varieties" or not this year. It's not any too early to start talking about it and planning for it. Last year, the effort was an "epic." A little rough in spots, perhaps, but the potentialities of the idea are unlimited. Everyone enjoyed it. Some went to it on both nights. We can't demand that it be repeated again, but we'd like very much to suggest with fervor that it be repeated and offer any help and support to it possible.

Every now and then situations arise where people are, in the eyes of some subject to criticisms. And very often these criticisms are unfair and unjust and do far more harm than good. If the persons in question are not in a position to reply publicly and so the statements go as fact. This is particularly unfortunate. And so it should be suggested to those who will criticize that they acquaint themselves with the facts or circumstances behind the actions of others before they place an adverse opinion of either the person or the act.

RIGHTY FUNNY about this Student Council of ours. According to last week's Sunflower the council is coming out with a big expansion program which will work in the favor of the dramatics department and other much-neglected groups on the campus. The story bears statements from the council president and from Stan Diamond, who is reported to be head of the committee in charge of the "reform." Most of the members of the council are not aware of any of these measures, it seems, and any minutes of the meetings do not contain any notice of Mr. Diamond's appointment. The story, as such, is authentic because it was given to a reporter by Mr. Kinsey himself. The student body should require and get an explanation of this.

Collegiate World

(By Associated Collegiate Press)
The men at Kent State University had better put up a "stiff shirt" front at campus social events or they won't have any Kent coeds for dancing partners.

An indignant coed released her pent-up feelings on the subject in a letter to the campus newspaper. In it she protested against men students attired in "checked shirts and leather jerkins" at dances.

She said: "We give a dance everything is lovely, then what? Most of the men turn up looking as out of place as tin forks at a banquet."

THE EARS of the editorial staff of the Harvard Crimson are bright red.

Reading in the newspapers that girls at Jackson said they'd like to be known as "Tufts coeds," the editor of the Harvard Crimson sent a reporter and a cameraman to get a couple of similar statements from the Radcliffe girls. He thought it would be as easy as that.

But back came the photographer with two sizzling statements. "Arvo mad" one coed said, "We prefer our splendid isolation."

And the editor of the Radcliffe News said she might be quoted as laughing.

The astute Harvard editor cast aside his journalistic ethics to save the pride of the rest of the Harvard men, and cooked up a phony to the effect that the Radcliffe girls were cut-throat to become Harvard coeds.

JEFFRIES

Dr. E. R. Davis, head of the English department, Prof. L. W. Allman, head of the journalism department, and Bob Keller, editor of the Parasus, will hold a meeting within the next few days to determine the final winner.

Because the first contest was won by Vivian Melcher, Sorosis representative, the second by Hed Goodin, Pi Kappa Psi candidate, and the third by Miss Carney, all the pictures turned in by these three sororities during the three contest periods will be combined and the total number of good pictures will be judged and used as the basis for the final selection of the winner.

Total is High
More pictures were turned in for the final contest than for any previous period. The percentage of usable pictures was also higher this time.

Approximately 650 pictures will have to be inspected again before the final announcement of the winner of the title of Camera Woman can be made.

This set is pretty good in comparison to past contests. It is hard to come to a definite decision because some of the contestants are close. Each one presented some crackerjack exhibits, was the comment of Prof. Davis on the third contest.

Mr. Jeffries won both the first and third contests in the men's division. Charles Wilson, candidate of the Men of Webster fraternity, was the winner of the second contest.

BUREAU'S REPORT HANDED TO DEAN

Hickerson Compiles Book; 565 in Positions
That the demand for Wichita teachers has increased more rapidly than the University can train them was pointed out in the seventh annual report of the Bureau of Recommendations which was presented by Leslie B. Sipple, head of the College of Education, to the deans at their regular meeting last week.

The report was compiled by Frank R. Hickerson, former director of the Bureau who is now in Cincinnati working on his doctorate. "We have attempted," said Mr. Hickerson, "to build up a larger clientele among public officials. This year (1937-37) has been the best placement year in the history of the bureau."

Bureau Helps Alumni
During the seven years that the Bureau has been under Hickerson's direction, 565 students and alumni have been located in teaching positions. The total first year salaries of these teachers was \$506,757.01.

An important function of the director of the Bureau is to guide applicants in securing positions and promotions. It also creates good will among the alumni by carrying on an extensive correspondence with them.

Several alumni have been placed in Kansas schools.

Four Departments Best
Of the 1,285 graduates in 1936-37, the report stated, "688 qualified for teaching certificates or 52.8 per cent of the total number; 34.8 per cent of those qualified entered the teaching profession. These figures do not include students who qualified for the 60-hour certificate."

The report further shows that the natural placement territory of the University is in the southwestern and northeastern quarter of the state.

ELECTION

(Continued from Page 1)
according to Dan Tontz, prominent in campus politics.

Webster Also Inactive
Men of Webster has made no selections as yet it was learned late yesterday, and in all probability will not make any. Greenville Darling, president declared, Epsilon Kappa Rho will not offer nominees, or so members of that organization have revealed.

Although Sorosis will not enter candidates the members have been instructed in the direction their vote will be cast, according to Kathleen Hite, president. It was only this fall that this sorority withdrew from all coalition alliances, and this is the second election they have participated in politically.

The Auditorium is the site of the freshmen election; sophomores will find ballot boxes in the girl's gymnasium. Juniors will select their girl Council member in 207 Science and the seniors in 307 Science. The election is to be held immediately after the convocation scheduled for tomorrow at 10 a. m.

Boy Marvel Amazes Many from Collogo
There has been much discussion on the campus and in class rooms during the past few days regarding the extent to which mental telepathy has been developed. This discussion has been stimulated mostly by the stage act featuring Jackie Mergle, nine-year-old mental marvel being presented at the Civic Theatre all this week.

Some of the University of Wichita professors have questioned Jackie and have expressed amazement over his act. His act makes use of a system of thought transference from one person to another or of a very complicated code system. Their many questions did not disprove the fact that mental telepathy has been highly developed.

Many parties of students have attended the theatre and questioned the boy within the last few days.

HE SEES WHO BUYS WHAT TOBACCO

Like so many other independent experts, Bill Whitley, Tobacco Auctioneer of Henderson, N. C., smokes Luckies

WILLIAM D. (BILL) WHITLEY sold over 10 million pounds of tobacco last year. It's easy to see that he's an expert who knows tobacco.

So it's important to you when he says... "At 14 different markets in Georgia, North Carolina, South Carolina, Tennessee and Kentucky, I've seen Luckies buy the best tobacco. I figure it's good tobacco that makes a good smoke. So my own cigarette is Lucky Strike!"

"I've noticed, too, that independent buyers, not connected with any cigarette manufacturer, smoke Luckies more than any other brand."

Mr. Whitley is correct. For sworn records show that, among independent tobacco experts, Luckies have twice as many exclusive smokers as have all other cigarettes put together. Remember: The men who know tobacco best smoke Luckies 2 to 1.

HAVE YOU HEARD "THE CHANT OF THE TOBACCO AUCTIONEER" ON THE RADIO?

When you do, remember that Luckies use the finest tobacco. And also that the "chanting" process removes certain harsh irritants found in all tobacco. So Luckies are kind to your throat.

Sworn Records Show That... WITH MEN WHO KNOW TOBACCO BEST—IT'S LUCKIES 2 TO 1!

WICHITA CAGERS TO PLAY W.U. ON TUESDAY

Gorillas and Shockers Start Cage Battle at 8:15 p. m.

With Pittsburg Teachers developing into a real threat after holding Southwestern to a two point victory the Pitt-Shocker game here Tuesday night should be a thriller.

Both the Shockers and the Gorillas have met the Builders on two occasions and neither has won over the invincible loop leaders. However from the scorer's standpoint Wichita is way behind. Being beaten on the last occasion 40-23 while the Gorillas led the Builders throughout the first half and lost only as Southwestern slipped in a few points late in the contest. The score was 35-33. On the face of it this would indicate that next Tuesday will be Pittsburg night in Herion gymnasium but the Shockers are steadily improving and certainly the game will be one of the best that can be witnessed in the conference.

Pitt's chief sparkplugs are two newly eligible forwards who were the biggest threats against Southwestern as well as Ft. Hays who again demonstrated their power by taking Pitt on their own court Saturday night. Atkinson and Rutherford, the loudest roarsers in the Gorilla camp will be seen in action here Tuesday and are sure to cause the Shocker guards plenty of trouble. The record books still show, however, that the Shockers have won two games out of five played in the conference while Pitt has connected with only one win in five starts, and that over the luckless Emporia.

GAMMAS DEFEAT PHI SIG QUINTET MONDAY EVENING

Faculty Five Wins Tilt from Little Barbs by Forfeiture

Games of last Thursday, Feb. 3, were in league "A". The Phi Alphas showed improved form by scoring as many points in their game against the Phi Sigs as they had in their two previous games by losing 18-12 to their Holyoke Ave. rivals. The Gridsters won over the Indians 33-13 and the Alpha Gams defeated the Websters 23-13.

In league "B" last Thursday, the Big Barbs beat the Pennsylvanians 29-12. The Faculty beat the Filial Flames 25-17 and four Little Barbs wallpapered Scabbard and Blade 37-18.

Monday night the Gridsters beat Websters 48-16. The Alpha Gams won over the Phi Sigs 37-17 and in a rough game with both teams fighting to keep out of the cellar, the Indians finally managed to win from the Phi Alphas 20-11.

Two forfeitures marred Monday nights play in league "B" with the Little Barbs forfeiting to the Faculty and the Scabbard and Blade forfeiting to the Pennsylvanians. In the only game played the Filial Flames won over the Big Barbs 24-23.

FOOTBALL GAMES FOR '38 SEASON ARE ANNOUNCED

Dr. Paul, St. Louis, and Creighton Elevens to Play Here

Football for the University has been definitely planned for the current year with nine scheduled contests and the probability of a tenth being added. Contrary to some supposition the arranged games are far from "pushovers" and are declared by the coaching staff to be exceedingly "tough."

The opening game on Sept. 23 or 24 is the only date that has not been definitely set. No school is being seriously considered, however, at this time. At present the schedule includes four Missouri Valley clubs, namely Washburn and Okla. home A. & M. besides the two already mentioned. Washburn was admitted two years ago.

One significant fact appealing to fans is the number of home games that are with major schools. DePaul, St. Louis and Creighton will all be met on the home field. Only the game with Southwestern on Oct. 1 and the St. Louis encounter on the following Saturday will be played under the local lights; the remainder of the home games will be played in the afternoon.

Attempts were made to bring a game with Texas Tech. and although the Red Raiders desired the meeting, difficulties in regard to dates interfered.

The schedule for the coming season is as follows:

Date	Opponent	Place
Sept. 23 or 24	Open	
Oct. 1	Southwestern	Home
Oct. 8	St. Louis U.	Home
Oct. 15	Pittsburg	Away
Oct. 22	Washburn	Home
Oct. 29	Creighton	Home
Nov. 5	DePaul	Home
Nov. 12	St. Louis	Home
Nov. 19	DePaul U.	Home

MARR ANNOUNCES TRACK SCHEDULE FOR '38 SEASON

K. U. Relays, Drake, and Des Moines Are to Face Shockers

Track and field schedules for the spring season have been approved and released by Coach Harry Marr with the hope that a record turnout of aspiring athletes will be the result. The coaching staff is looking forward to lifting the status of the University in this type of sport to the high plane other athletic enjoy.

This will be Coach Marr's initial trial at the task of training the Shocker runners and field men. He expects to have exceptionally good relay teams in the mile and 440 run and believes that the material for an all-around good track team is available. The chief difficulty is in getting the men out.

Go to Des Moines

The longest trip the Wheat-shockers will make will be to Des Moines, Iowa, where they will encounter Drake university. As an added incentive arrangements have been made to send any promising varsity members to the Missouri Valley A. A. U. meet in Kansas City on June 2.

First events of the season will be run Mar. 28 when an intramural meet will be held on the University field. Following this, on April 2 the varsity will clash with the champions of the intramural elimination. It is hoped some new material will be discovered for the school team. Men with ability in pole vaulting, discus throwing and other field events are especially needed.

COLLEGE EDUCATION NEEDED SAYS ACTOR

That a college education is essential for the young actor of today is the assertion of William Bishop, who plays Lov Bensen, in "Tobacco Road," in which John Barton and his associate artists will be seen at the Arcadia theater on Thursday night, Feb. 17.

"An actor should know something of history, modern languages, especially French, economics, philosophy, psychology and of course he should have good athletic training," says Bishop.

NEW CAGE RULES ARE UNDER FIRE

Fast Play is Stimulating Heart to Much

CHICAGO, Ill.—(AP)—Medical evidence is beginning to pile up against the new streamlined basketball rules which have given the game its greatest box-office boosts in history.

While coaches from coast to coast discussed the controversial rule eliminating the center jump after field goals, Dr. Marcus Hobart of Northwestern disclosed he had completed experiments purporting to show the new game stimulates heart action of the players to a dangerous degree.

Dr. Hobart, Northwestern's team physician, said he had tested players after two Big Ten games and found "their normal heart beat of 60 to 90 had increased alarmingly, in one case to 144."

Chief defender is Ward Lambert, Purdue's "wild fox" who has been coaching the fast break in high schools and colleges for 25 years.

"It's all a matter of conditioning," Lambert counters. "We bring our boys up in the 'fast break' down in this country and keep them trained."

More than 300 University of Minnesota students have been turned away from the second annual marriage clinic sponsored by the University Y. M. C. A. The eight-week clinic will present a different speaker at each meeting.

The Sporting Thing

By Charles E. Fox

ONE of the first rules I learned in my style book at W. H. S. N. was—"A column is no place to air a personal grudge." I still remember it and so being a peaceable law abiding citizen, I would like to make it known that—I hold absolutely no grudges, and also that I will try to print the opinions on this campus in a fair and just manner.

Orchids to the Varsity for playing such an excellent game of basketball Saturday against the Builders. It was a fast, hard fought battle and the team fought all the way of the 40 minutes.

Builders Draw Crowds

Will wonders never cease? Where did the 2,000 spectators come from that viewed the Shocker-Builder game? If the past crowds at our home games may be taken as a measurement, approximately 1,200 of them were from Winfield—60 miles away. The Builders had reserved sections for their students, one for the alumni, one for their band, and cheer leaders brought three.

"Any stranger walking into the gym Saturday would have thought Southwestern was the home team," is the way Coach Bill Hennigh stated it, and, if I may add, is very much the truth.

In reference to my remark at Virgil Cory last week, I quote from the Wichita Morning Eagle Jan. 29, 1938, in the column, "Just in Sport," by Pete Lightner.

"Campus rumors were that Hardin-Simmons, the tough Texas team which beat Emporia 60-2, was one of the four which wired for a game with the Shockers—and of course was turned down quite abruptly."

I retract the statement in the Sunflower, issued Thursday, Feb. 3. I crossed myself up reading it in the morning paper instead of the evening. Incidentally I didn't have to look very long to find it.

According to Dr. Lawrence Rarick, a shakeup will follow in the intramural basketball standings because of boys being played that did not have their names on the list turned in at the first of the intramural points of most of the frats.

New Schedules

Notice the 1938 football schedule, Gebert did a fine job of bringing De Paul, Creighton, and St. Louis U. to the local field. These teams are all strong Missouri Valley eleven and they are plenty tough competition for the Shocker squad but Gebert will also have a better team than he had last season, and if you remember, last season's was no slouch.

Track Coach Marr has lined up another good schedule for track. His big worry at present is getting the good material out for the sport. There is plenty of it here if some of the boys will only get up enough energy to go out for the team.

HANDBALL AND PING PONG LACK INTEREST

Unless the boys signed up with the handball and ping pong intramural program, report and play their scheduled games the entire program concerning these sports will be brought to a close, according to Dr. Lawrence Rarick, director of the physical education department.

"It looks like they don't want intramural sports," said Dr. Rarick. He added however, that the basketball games are being played with a great deal of success. The deadline for students to play first round ping pong games and singles handball contests is set for Tuesday, Feb. 15. Handball doubles may be played as late as Wednesday, Feb. 16.

At the outset a large number of students signed the entry card but the majority have failed to fulfill the obligation incurred. If a sufficient number carry out their games the competition will continue as previously planned.

VIKINGS FORFEIT INITIAL GAME TO ALPHA TAU TEAM

Medical Exam Required in Basketball; Must Have 8 for Game

Although the Barb women on the campus greatly outnumber those affiliated with sororities, the Viking basketball team composed of sophomore and senior women Barbs of the University forfeited the first tournament game of the basketball season Tuesday, Feb. 8, to Alpha Tau Sigma because they did not have a full team.

The other non-Greek team made up of freshman and junior women is better represented in basketball than it was during the volleyball season, for at times the Vikings valiantly completed with only four on the team.

Basketball, which in past years has proved to be the most popular sport offered to University women, should have a better following by the Barbs than it has at present, according to Audine Beiford and Velma Mae Popkins, basketball managers respectively for the Vandals and Vikings.

Every girl participating in tournament games is required to have had a medical examination this year. Those who have not must have a heart and lung re-check before participating in practices or games, advises Miss Evelyn Hinton, women's basketball mentor.

Game schedule for the women's 1938 basketball tourney is as follows:

Feb. 8, Tuesday, 4 p. m.—Alpha Tau vs. Viking
Feb. 9, Wednesday, 4 p. m.—Alpha Tau vs. Delta Omega, 6:15 p. m.—Phi Kap vs. Kappa Rho, 7:15 p. m.
Feb. 15, Tuesday, 4 p. m.—Vandals vs. Phi Kap
Feb. 16, Wednesday, 4 p. m.—Alpha Tau vs. Kappa Rho, 6:15 p. m.—Delta Omega vs. Vikings, 7:15 p. m.
Feb. 22, Wednesday, 4 p. m.—Vandals vs. Phi Kap, 6:15 p. m.—Vikings vs. Kappa Rho, 7:15 p. m.

TRACK STARS ARE CALLED BY MA

All applicants for the University track team are requested to Coach Harry Marr to report the men's section of Herion Gymnasium at 12 noon today.

"Equipment will be issued details for the coming season will be discussed," Coach Marr said. It is hoped that all are interested will show up in response to this first call.

Practice will start right after the spring season. Preparation is being made to make the team successful in coming track and field where the University will be some of the best teams in section of the country.
