

Unit #: SQ3E

Level and Elevation: 100-70 cmbd

Scale

| Mapped Item | Elev. (cm bd) |
|-------------|---------------|
| 1           |               |
| 2           |               |
| 3           |               |
| 4           |               |
| 5           |               |
| 6           |               |
| 7           |               |
| 8           |               |
| 9           |               |
| 10          |               |
| 11          |               |
| 12          |               |
| 13          |               |
| 14          |               |
| 15          |               |
| 16          |               |
| 17          |               |
| 18          |               |
| 19          |               |
| 20          |               |

ADDITIONAL NOTES: nothing mappable found

Artifacts Recovered (circle all that apply):

Debitage Proj. Point Lithic Tool Bone Bone Tool Groundstone FCR Ceramics

Rim Sherd Shell Exotic Item: \_\_\_\_\_ Other: \_\_\_\_\_

Soil Samples 0 1 2 \_\_\_\_\_ Charcoal Samples 0 1 2 \_\_\_\_\_ Photographs? Yes No

Other Samples? \_\_\_\_\_

Total # of Artifact Bags: 1 2 3 4 \_\_\_\_\_ Are Mapped Items Numbered? Yes

Are Proveniences on Paperwork and Recovery Bags Correct? Yes Supervisor's Approval: DJK

EXCAVATION LEVEL FORM

Lot #(s) 2023.136, 2023.148

Page 1 of 2

Site Name and Trinomial: 41UR30 Boxed Springs Area: \_\_\_\_\_

Unit #: S3E Level and Elevation: 100-70 cm b0

Excavated By: GZ, JM Date Began: 6/23/23

Recorded By: GZ, JM Date Ended: 6/27/23

Dirt Screened?  Yes  No Screening Method: Water  Dry  Mesh Size:  $\frac{1}{8}$ "   $\frac{1}{4}$ "

Excavation Method:  Shovel  Trowel  Polymer  Other: \_\_\_\_\_

Soil Description and Musell Color: 7.5YR 4/6 clay loam Dry  Moist

Changes from Previous Level (circle all that apply):

Soil Color  Lighter  Darker  Unchanged \_\_\_\_\_

Matrix Texture  Sandier  Less Clay  More Rock  No Change  Other: more clay

Artifact Density  Increased  Decreased  Remained the Same \_\_\_\_\_

In this Level (circle all that apply):

Rodent Runs were  Absent  Sparse  Common  Abundant \_\_\_\_\_

Artifacts were  Evenly Distributed throughout Level  Concentrated in One or More Areas or Strata

Explain Latter: \_\_\_\_\_  
\_\_\_\_\_

Were Unit Floors and Walls Troweled for Features?  Yes  No Feature Present? Yes Maybe  No

Level Discussion: heavy in clay, few lithic artifacts found. FCR, hematite & charcoal found
