Notes

	Who	Date
6/13/16 Informed Mohammed he needed an extra management course due to using MGMT 462 to sub ENGR 501. He has opted for removal of the minor. ekb	Biles, Elizabeth Kay	06/13/2016
4/6/16: senior check completed (Fall 2016 graduation) - Currently taking BLAW431, ENGL210, ENGT401, ENGT441, and ENGT590 (to satisfy dynamics portion of ENGT302) - Registered in ENGT301 and FIN340 for Summer 2016 - Registered in ENGT402, HRM466, MGMT463, and THEA143 for Fall 2016. Will also take ENGR501 and ENGT664 in Fall. - Use ENGT664 (will be taken in Fall 2016) as a substitute for ENGT440. - If ENGR501 is not offered in the Fall 2016 semester and the students is graduating in that semester, he will be allowed to use MGMT462 as a substitute. However, this substitution will not be approved until first week of Fall semester when the final decision to offer ENGR501 is made. If MGMT462 is taken before the Fall 2016 semester, it will NOT be used as a sub for ENGR501 even if it is not offered in the Fall 2016 semester. - Student wants to drop Math minor so that he can use MATH555 as Tech Elective. - Planning to take ENGR501 and do the leadership component. Advised to consider writing the paper based on MGMT360 which is already done instead of waiting on ENGR501. Must have an activity/project where application of leadership skills can be demonstrated so that reflection paper is written based on that. o CS211 (4 hrs - taking at Cowley)	Gupta, Deepak P	04/07/2016
