April 3, 1906.

Mr. W. H. Isely,  
Cambridge, Mass.

Dear Mr. Isely:--

We received your letter some time since and were very glad to hear from you. We have heard nothing further from Dr. Morrison as to his raising his share of the Carnegie fund, that is we have had no definite results. We think you had better stir him up. He is letting this matter drag. He has even asked that more money be raised in Wichita. Wichita we think has done her duty, as she has raised more than was assigned to her. We are fearful that someone has <sup>"C"</sup>unveighed<sup>"</sup> the information to Dr. Morrison. He should not know of the excess raised here because it will have a tendency to cause him to increase his demand on the Wichita contingents.

We think the school is getting along alright from what we can learn from the boys. We hope you are enjoying your study and rest, for you know change of labor is said to be rest. That sounds very pretty on paper or to hear somebody speak it, but it is different when put into action.

We should be pleased to hear from you at your convenience and leisure.

Very truly yours,

*H. W. Darling*
