## TRANSFER & ARTICULATION □ □ □

The Kansas Board of Regents has approved dozens of courses for guaranteed transfer. A student who completes one of these courses at any Kansas public university, community college, or technical college can be certain that he or she can transfer that course (as the course, not as elective credit) to any other public institution in Kansas.

	<p><a href="#">University &amp; College Transfer Information</a> Includes direct links to additional transfer information for all 32 public Universities, Community and Technical Colleges in Kansas.</p>
	<p><a href="#">KSRN Systemwide Transfer Course Matrix</a> A complete chart listing the Course ID number for each course guaranteed to transfer by institution.</p>

## REVERSE TRANSFER

Beginning in the Fall of 2014, students who transfer to a Kansas public university from a Kansas public community college or technical college are

eligible for Reverse Transfer, which allows for the attainment of any associate degree for which one is eligible along the way to additional certificates and degrees.

Within a student's first semester, those who transfer coursework from a community college or technical college to a public university will be notified if they are eligible to be considered for reverse transfer degree status, and which courses are needed to finish the related degree.

Students who then complete the coursework for a given associate degree will be eligible to receive that degree, administered automatically by correspondence between the new institution and the community college or technical college the student last attended.

Contact the Registrar's Office of the institution which you are attending for more information.
