

W. U. Dean Compiles Church Bibliography

A bibliography of books and papers concerning the history of the Protestant Church in Kansas has been compiled by a University dean.

The bibliography, published recently in the form of a University of Wichita Bulletin, was written by Dr. Emory Lindquist, dean of Fairmount College of Liberal Arts and Sciences and dean of faculties.

Title of the bulletin is "The Protestant Church in Kansas; An Annotated Bibliography." Dr. Lindquist has listed the titles of 151 books and published works dealing with the Kansas Protestant Church history.

Also, included in the bulletin is a brief and critical comment on each of the works.

The bibliography was written in an effort to make available information about sources for research by other students in the field.

Kansas Protestant Church history is traced from the first Indian Mission in Kansas to the

present day. The first mission was founded among the Osage Indians in 1824 in Neosho County near Shaw, Kans.

The portrayal of the impact of the Civil War upon Protestantism in Kansas is in the bulletin.

Also, the wedges of separation over the slavery issue which brought about violent reactions in religious circles is among the items of interest to be found in the bulletin.

Many interesting pioneer missionaries are mentioned. Among those named are Isaac McCoy, a Baptist; Thomas and William Johnson, Methodists; and Pardee Butler, of the Disciples of Christ.

Dr. Lindquist is the author of several historical articles and papers. He has written a book, "Smokey Valley People," concerning the history of the settlement of Lindsborg.

Coach Tillman Submits Letter of Resignation

Pete Tillman

In a surprise action Saturday morning, Head Football Coach Pete Tillman submitted his resignation to President Harry F. Corbin and Athletic Director Bob Kirkpatrick.

Tillman said the resignation was not given as the "result of any pressure" emanating from the Wheatshockers' 1956 season record.

He has been head football coach since January, 1955, at which time Jack Mitchell resigned from the position.

Tillman's letter of resignation read:

"It is with deep regret that I hereby submit my resignation as head football coach at the University of Wichita. This is my own decision and is not the result of any pressure resulting from our record of last season.

"I wish to express my thanks to the Board of Regents, Mr. Corbin, Mr. Kirkpatrick, and the faculty for their cooperation and support at the University. Also to the many, many friends who stood by us and helped us in our football program." It was signed, Pete Tillman.

Kirkpatrick emphasized that administrative pressure had not been placed on Tillman at any time due to the win-loss record during the past season.

He indicated there were some policy "factors" concerning the football program which could not be overlooked. He pointed out that those "factors" had come to the University's attention in the past three days.

Accepting Tillman's resignation President Corbin said, "Upon the advice of the Athletic Director and the Chairman of the Athletic Policy Committee Dr. James K. Sours, dean of students, I have accepted Mr. Tillman's resignation. This is in the best interest of all concerned."

A graduate of the University of Oklahoma, Tillman came to the University as line coach under Jack Mitchell in 1953. When Mitchell moved to the University of Arkansas two years later, Tillman replaced him.

During his two seasons as head coach, Tillman posted team records of 11-8-1. During the 1956 season the Shockers won four games and lost six. The Shockers were co-champions of the Missouri Valley conference in his first year as head coach.

Fine Arts Dedication Scheduled

Dedication of the Fine Arts Center in April will be highlighted for specially invited groups by evening concerts and Fine Arts Building tours.

Admission to dedication ceremonies, by invitation only, will be extended to various musical and education groups in Wichita and the surrounding area. Alumni, music teachers, and parents of music students will be invited.

Each night during the dedication week April 8-12, will be devoted to certain invited groups, said Harold Decker, chairman of the planning committee.

Evening concerts will be presented by the School of Music.

A Cappella Choir, the University Symphony, and the University Band will participate in concert programs.

President Corbin, Mrs. Kathleen Edmiston, chairman of the Board of Regents, and Walter Duerksen, Dean of the School of Music, have been invited to make dedication statements.

Hungarian Relief Goal Set at \$500 Classroom Collection Closes Friday

A goal to raise \$500 was set last week by the Hungarian Relief Committee although convocation plans were still undecided.

A classroom drive to raise money will begin on Thursday and close Friday according to Diane Copeland, member of the Student Council Committee.

Ben Kubes, committee chairman, said the council still had hopes of holding a convocation before Christmas recess. Some convocation decision was to

be made by Monday, Kubes said.

At the December 10 Student Council meeting, members voted to seek a 15-minute extension on the Christmas convocation.

Kubes said the classroom campaign would supplement the money raised at the convocation.

He said the University funds would probably be sent through UNESCO. The Wichita chapter of the organization is sponsoring a drive in an effort to send aid

which will arrive before Christmas.

"Universities throughout the world have made contributions to aid the students of Hungary in their drive for freedom," Kubes said. "We think that the University should definitely aid in this drive to give the needed support to the Hungarian students."

Numerous countries have sent funds already amounting to an estimated \$100,000 and an undetermined amount of scholarships, Kubes added.

Kansas Universities aiding in the drive include the University of Kansas, Lawrence, and Kansas State Teachers College, Pittsburg.

Regents Draw Budget Policy

At a meeting last week, the Board of Regents took several steps involving University policy which have resulted in a budget change, addition to planning procedure, and plans for the interior decoration of the Student Union.

The time limit for the University budget has been extended to an 18-month period, commonly used by governmental units, instead of the previous 12-month basis.

The new budget setup resulted from studies by Glen Gardner, University Comptroller, and J. Ward Gates, Board of Regents member.

The Student Union came a step closer to reality when the Board took measures to hire an interior decorator at a maximum salary of \$9,500.

The interior decorator will begin work on the project immediately.

Three rules for clarifying the University's purchasing policy were approved. Provisions of the rules state that purchases be made through a system enabling proper budget control of obligations; that obligations be paid promptly; and that competition be presented whenever possible so purchases can be made at lowest cost.

Estimated 60,000 View University TV Program

Latest estimate of the number of television viewers for the University shows is approximately 60,000 each week, said Robert Minser, director of educational television.

This information was taken from a national rating service which rates all television programs for the Wichita stations.

Mr. Minser said approximately 265,000 television sets are in operation in this area, with 86,000 sets in Wichita alone.

"Ideas in Action" carried a 3.6 rating with viewers, which happens to be the same rating as "Omnibus" has in this area," Mr. Minser pointed out.

The survey is conducted by the rating service by placing diaries

in the homes of listeners who register when their television sets are turned on and what they watch.

Beginning Jan. 29, a new telecourse will be offered on TV. Survey of English Literature (222V) will be taught by Dr. Morton Rosenbaum, associate professor of English.

Yule Convo Causes Shortened Classes

Class periods will be shortened Thursday, due to the Christmas convocation scheduled for 9:30 to 10:20 a.m.

First hour classes will be held from 8 to 8:35 a.m.; second hours, 8:45 to 9:20; Convocation, 9:30 to 10:20; third hours, 10:30 to 11:05; and fourth hours, 11:15 to 11:50. Classes beginning at noon will continue on the regular schedule.

The Christmas Convocation is an annual affair and will feature the A Cappella Choir, the Brass Choir, the Madrigal Choir, and Orchestras.

Guidance Center Establishes \$500 Graduate Scholarship

Graduates of the University and two other Kansas universities who wish to take graduate training in clinical psychology are eligible to apply for a newly established Wichita Guidance Center Scholarship.

The scholarship, paying \$500 a year for two years, was established to help meet needs of more well-trained professional people in mental health fields, officials of the Guidance Center said.

Students graduating from Kansas State College, the University of Kansas, or the University of Wichita are eligible to apply, if their undergraduate preparation qualifies them to enter graduate training in clinical psychology.

The recipient of the scholarship may select any university with a program approved by the American Psychological Association and one which will allow him to serve a year's internship at the Guidance Center after completing two years of training.

Applications are available from Dr. N. H. Pronko, chairman of the Psychology department, or the Wichita Guidance Center. Applications must be received by Feb. 1, 1957.

Art Collection To Be Shown

A collection of art works, including compositions by Picasso, Roualt, and Music, all owned by University students and faculty members, will be on display throughout Dec. in the gallery of the Art Building.

The collection, predominantly graphic arts, contains woodcuts, copper etchings, and intaglio engravings in color and in black and white.

Included in the exhibit are several illuminations, among them a manuscript page from a Vulgate Bible printed in 1150 A.D.

These illustrate the design, formal ordering, and visual necessities fundamental to the manuscript writer of the Medieval Ages.

The illuminated manuscript is practically the sole evidence of pictorial forms in Western culture from the sixth to the eleventh centuries, observed Robert Kiskadden, assistant professor of art.

Also on display are several fine examples of early American Indian pottery.

"Rhapsody in Pastel" was the theme of the Alpha Tau Sigma Christmas Dance held Saturday evening at the Wichita Country Club.

Jeweled candles and tumbleweeds formed the basic decorations. Candles were dipped in sparkle and inserted in sequin covered snowballs.

Tumbleweeds were transformed from garden nuisances to things of enchantment by the use of silver spray and sparkle.

Homer Osborn's combo provided the music.

Carol Peterson, Merry Sue Blair, and Sonya Moore were in charge of arrangements for the dance.

Guests included Mr. and Mrs. Robert Frazer, Mr. and Mrs. Roger Vaughn, Mr. and Mrs. Alfred Griffith, and Mother Velma Hall, house-mother for the Websters. Mrs. Griffith is the Alpha Tau sponsor.

Long Range Program

At long last, something is being done about one of the University's major headaches—the parking situation.

Formation of a committee to study campus parking problems was announced last

week by the University's Administrative Council.

Reserved parking, parking violations and long range parking plans are among the items earmarked for study.

In evaluating our parking problems, it might be to the faculty committee's advantage to look into the general traffic situation on and around the campus.

Parking is limited to one side of many streets, which adds to general on-campus parking problems.

If the University's anticipated growth becomes a reality, the added flow of traffic may mean further parking restrictions on these streets.

With the University's growth in mind and present congested parking problems in view, the solution to the situation seems to be the establishment of several centrally located parking lots.

Not only would these lots save many steps for students who are now forced to walk several blocks from their parked autos to classes, but would help lessen foreseeable future traffic problems.

Meanings of Christmas

"...Peace, good will to men"—a Christmas message with a good thought for University students.

The Christmas season on our campus is a time to strive for a oneness of thought. Basically, the Christmas feeling is similar for all students but with many religions and countries represented on the campus, "variations on the theme" are apparent.

Christmas may mean, literally, Christ's birthday to the majority of people in the United States, but in various religious groups the idea has been modified according to their traditional theories.

But there are two common bonds—peace and good will—that can, and should, link students of all faiths and of all national origins during the coming holiday.

Here on our campus there exists a real chance for students and faculty members to help others find increased meaning during this season. Good will among men usually finds a common ground in everyone's thinking. Most certainly, peace means the same in any language or religion.

Some University students and faculty members have the opportunity to know exchange students; everyone knows someone of a different faith.

This is not a season to argue differences. Rather, it is the best time of the year to seek unity in the cause of peace

and good will among men everywhere.

Fraternity Holds Yule Fest For Local Children's Home

The Men of Webster entertained approximately 41 children from the Phyllis Wheatly Childrens Home recently at the fraternity house.

A series of cartoon movies were held in the basement of the house and later in the evening gifts were distributed by Marvin Tweedy who portrayed Santa

Claus. The children were supervised by members of the fraternity in games.

After refreshments were served, the members of Pi Kappa Psi serenaded the children with a number of Christmas carols. Some of the children presented their own stunts to add to the entertainment of the evening.

The children were returned to the Home at 9 p.m. and according to Bill Keltner, spokesman for the group, all present seemed to have a good time. He added that the actives especially enjoyed themselves playing with the children's gifts. Bruce Woods was in charge of arrangements for the party.

ESTIMATED 60,000

(Continued from Page 1)

"A student may view the class anywhere. Only for the mid-term and final examinations must he appear on the University campus," Mr. Minser said. "This allows an out of town enrollment."

L-M Pre-register Through Tomorrow

Pre-enrollment opened yesterday for students whose last names begin with letters L and M. It will continue through tomorrow.

N through R students will begin pre-enrollment on Thursday.

Dr. Worth A. Fletcher, registrar, reported Friday that 1,200 students had pre-enrolled to date. He estimates 2,400 would pre-enroll for the coming semester by the close of pre-registration.

Students who have not pre-enrolled by the Christmas recess may do so during the holiday period. Dr. Fletcher said that the Registrar's office would be open December 26 to 29, 31, and January 2 to 4. The office will observe the usual hours during the holiday.

S through Z students may enroll during the vacation period or they may wait until their designated times, Dr. Fletcher said.

Plan Parking Study for WU

A study of campus parking problems was recently recommended by the University Administrative Council.

The study, which will be made by a three-member faculty committee, will consider reserved parking, parking violations and long-range parking needs.

L. Curtise Wood, assistant professor of management; John Gaddis, superintendent of buildings and grounds; and Leonard Rastrelli, associate professor and head of the civil engineering department, will be on the committee.

Dr. James K. Sours, dean of students, and G. W. Parsons, campus traffic patrolman, will act as consultants, the Newsletter indicated.
