## Master Classrooms

The Master Classroom is the gold standard classroom on campus, enabling faculty to teach in any number of styles, and with the most common media formats used today. While it does take more [training](#) and practice, the Master Classroom supports the widest variety in teaching methods. Master Classrooms can be single screen, dual-screen mirrored, dual-screen independent, or any combination with more than two displays.

**Standard Features:** ADA height-adjustable lectern, resident PC (Windows), Blu-Ray/DVD player, document/demonstration camera, full-size HDMI and VGA+Audio cables for user's laptop/tablet/phone, etc., wireless presentation (present from laptop/tablet wirelessly), confidence monitor with integrated USB for flash drives, lapel microphone for voice amplification, camera for lecture recording or streaming, and assistive listening system (ALS) for ADA compliance. Also includes projector(s) or display(s) of appropriate size, plus appropriate speaker coverage for voice and video playback, with touch-screen controls. Part of Campus Media Services' managed AV system.

**Optional Features:** audience camera for distance learning applications, additional microphones for online conferencing or panel presentations, digital interactive display (i.e., SMART Board or SMART Podium) for "inking" activities. Current Examples: Wallace Hall 123, Ahlberg Hall 300/302.
